PRICE TEN CENTS

STAR EDITOR DIED SUDDENLY

THEODORE PRICE WILSON
Owner, Editor and Publisher
of the Star since 1919

Theodore Price Wilson, better known as T. Price Wilson, since 1919 owner, editor and publisher of the Winchester Star, Inc., established by his father in 1880, died suddenly at his home, 11 Rangely road early Wednesday afternoon, June 30. He had been at the Star office during the morning and had seemed in his usual health, leaving for home to avoid what looked like an approaching storm shortly before 12:30. As was his custom he walked to the relatively short distance to his home, collapsing shortly after his arrival and dying before medical assistance could reach him.

Mr. Wilson had been bothered by an eye ailment for more than a year, his sight failing to the extent that he was unable to read or do close work of any kind. His general health had been believed to be reasonably good for one of his age and his sudden passing came as a severe shock to his family, associates at the Star and the entire community. Town flags were displayed at half-staff.

To persons of all walks in life, both in and out of Winchester, Mr. Wilson, with his habitual white cap and briar-root pipe, was a familiar figure and his news of his death spread quickly with many calling the Star to learn details and express regret.

Mr. Wilson was the son of Theodore Price, and Ella Katherine (Tupper) Wilson. He was born December 4, 1879, in Cambridgeport, but spent practically his entire life in Winchester, coming to this town with his parents at the age of nine months. His parents built the home in which the family lived for many years on Wilson street.

He attended the original Highland School, then a one-room building with Miss Elizabeth Marston as teacher, later attending the old original Wadleigh School and the former high school, later known as the Prince School and located on Church street at the corner of School street.

He was graduated from high school in the class of 1898, and went right from school into the Star Office to work with his father, and mother, the latter, one of the first newspaper women in Boston, having been for many years until her health failed, the proof-reader and a regular contributor to the Star.

Mr. Wilson's path to the editor's chair was by no means easy. He learned the printing and publishing business from the ground up. He opened the office daily at 6 a. m., swept floors, tended the fires, fed presses, set type, reported, wrote ads and did other jobs until the 6 o'clock closing hour. There was no operation in the office with which he had not actual experience and this experience stood him and the Star in good stead in times of emergency through the years.

The Star was first published on the top floor of the Miller Block, now owned by Joseph M. Donahue and housing Mr. Donahue's Central Hardware Company. It was next located in an old eight-sided school building on a small hill on the site of Christie McDonald's Bakery.

When the late George Fernald remodelled Lyceum Building the Star moved across the street, its office being in what is now the Edison office, its press-room being on the second floor and its Star press in the basement.

Mr. Wilson and his father built the present Star Building which

has been the paper's home since 1916.

When Mr. Wilson's father opened the stationery store in connection with his publishing and printing Mr. Wilson took an active interest in that end of the business, managing the store for many years, through the days of the Saturday night hours and nightly opening at Christmas and Fourth of July. For many years, when the Star was headquarters for stationers and Christmas goods the store was generally open Christmas morning for late shoppers.

Upon the death of Mr. Wilson's father February 1, 1919, Mr. Wilson took over the entire business and conducted it as an individual until a little over a year ago when it was incorporated. For several years after his father's death he carried on the paper virtually without assistance, doing all of the editorial work and much of the reporting, as well as the existing general supervision over the entire business. In recent years, while not as active, he had still carried on the chief duties of editor and publisher until failing sight prevented. His last editorial campaign had been in opposition to the abolition of the grade crossing by raising the tracks through town, a plan he had consistently opposed from the very beginning.

Few people now in Winchester knew the town as he did through his reportorial background and a great love for the town. Always interested in town affairs he resisted many attempts to have him run for town office, feeling that the Star could better maintain its independence without its owner and editor in active politics. He did serve as Registrar of Voters for a time many years ago and in 1934 he was elected a member of the Board of Cemetery Commissioners, an office he held at the time of his death.

Mr. Wilson had many fraternal and club affiliations through the years, at one time belonging to twenty organizations in and around Winchester.

He was one of the group who founded the Winchester Boat Club, was a charter member of the club and one of its earlier presidents. He was equally well known in the Medford Boat Club, of which he was an ex-commander and for many years a member. In his more active years he was known as one of the good paddlers when paddling was the principal water sport on Mystic Lake. He was for many years an active member of the American Canoe Association.

Mr. Wilson was probably one of the oldest living members of the old Calumet Club, the social club formerly located on Dix street, at the site of the Professional Building. He was active in the club in its hey day, having more than a modest reputation as a bowler and billiard player.

Throughout his adult lifetime Mr. Wilson had a great liking for automobiles and trains. Years ago his Stutz "Bearcat" and later his Stearns cars were known far and wide around Winchester, and as long as his eyesight permitted he never tired of watching the trains and discussing the various types of locomotives with train men. One of the high lights of his life was a trip to Concord, N. H., in the cab of a locomotive.

Mr. Wilson was a Mason, a member of William Parkman and of Mystic Valley Lodges as well as of Winchester Royal Arch Chapter. He was a charter member of Winchester Lodge of Elks and of the Winchester Rotary Club, a member as long as his eyesight permitted of the Home for Aged People in Winchester, Winchester District Nursing Association, Waquoit Bay Yacht Club on Cape Cod, Winchester Art Association, Winchester Historical Society, National Editorial Association, the Massachusetts Press Association and the Winchester Unitarian Church.

For many years Mr. Wilson made his home on Wolcott terrace in the house now occupied by Percival Mott. He built the house in which he lived in Rangely prior to his marriage to Frances Clapp (Cram) on September 2, 1931. Mrs. Wilson survives with two daughters, Mrs. Joseph P. Day, 3rd, of South Acton and Mrs. Richard A. Hakanson of Winchester; also five grandchildren. The funeral and interment were strictly private. The Rev. Robert A. Storer of the Unitarian Church conducted the family service.

FOSTER — BROOKS

At a nuptial mass in the Immaculate Conception Church on Saturday morning, June 26, Miss Cynthia Ann Brooks, son of Mrs. Sydney Paul Brooks of 284 Cross street, and the late Mr. Brooks, became the bride of Alan Herbert Foster, son of Mr. and Mrs. Herbert Foster of Somerville. The pastor of the church, Rev. F. Herbert K. A. Driscoll, performed the marriage ceremony and was also celebrant of the mass, which took place in an attractive setting of pink gladiolas and blue delphiniums.

Miss Brooks was given in marriage by her uncle, Mr. John H. Brooks, Jr. She wore a chapel-length gown, the fitted bodice of Chantilly lace over ivory satin having long sleeves of illusion tapered at the wrists with bands of lace, and the front of the bouffant skirt being decorated with two panels of matching lace. Her fingertip-length veil of illusion was caught to a fitted cap of Chantilly lace and seed pearls and she carried a cascade bouquet of calla lilies and stephanotis.

Miss Barbara Ellen Brooks of Winchester was her sister's honor attendant and Miss Nancy Ann Foster of Somerville, sister of the bridegroom, was bridesmaid. Both wore full-length dress of white or ivory with long sleeves and a full skirt with matching blue and white taffeta with matching blue and white caps and short white gloves. They carried old fashioned nosegays of spring flowers tied with variegated streamers.

Francis J. Kenny of Arlington, Va., was best man for Mr. Foster, and ushering were Richard O. Brooks, of Winchester, brother of the bride; William J. Thompson of South Bend, Ind.; and John S. Chamberlain of Schenectady, N. Y. A reception was held after the ceremony at the Music Hall on Bacon street. Mrs. Brooks, mother of the bride, wore blue silk shantung with a hat of wheat-colored straw and a corsage of stephanotis and savannah roses. The bride's mother, Mrs. Foster, was gown in gray organza and wore pink accessories and a corsage of pink-throated rubrum lilies.

After a wedding trip to Martha's Vineyard Mr. and Mrs. Foster will make their home in Peabody. The bride is a graduate of Emmanuel College, Class of 1951, and of Radcliffe Management Training Program, class of 1953. Mr. Foster graduated from Boston College and from the Harvard Graduate School of Business Administration in the Class of 1953.

ROBERT G. FULGONI

Robert G. Fulgoni of 18 Chestnut street, district manager for Cigarette Service, Inc., of Cambridge, died Friday afternoon, June 25, at Peter Bent Brigham Hospital following a three weeks illness.

Mr. Fulgoni was the son of Louis and Flora C. (Zani) Fulgoni. He was born May 27, 1912, in Medford and grew up in that city, being educated in the Medford schools and at Medford High School. He had been associated with Cigarette Service, Inc., a cigarette vending company for 25 years and came to Winchester 15 years ago from Medford.

On May 28, 1939, Mr. Fulgoni married Hannah Joyce of Everett who survives, with five daughters, Diane, Lois, Sandra, Anne and Joyce Fulgoni, all of Winchester; four brothers, Andrew and Alfred, of Medford; Arthur, of Lyndeboro, N. H.; and John Fulgoni of Worcester; also three sisters, Mrs. John Leone, and Miss Irene and Miss Lois Fulgoni, all of Medford. An older daughter, Patricia Fulgoni, died two years ago.

The funeral was held Tuesday morning from the Gaffey Memorial Funeral Home in Medford. Requiem high mass was celebrated at St. Mary's Church at 10 o'clock. Interment in the family lot in Wildwood Cemetery.

OFFICIATED AT NEPHEW'S MARRIAGE

The Rev. Samuel Mathews, S.S.J., officiated at the recent marriage of his nephew, Robert Mathews Merrill of Reading to Miss Dorothy Jean Costello at St. Jerome's Church in Arlington. The marriage was solemnized with a nuptial mass at 10 o'clock and was followed by a reception at the Sheraton Plaza in Boston. The bridegroom's mother is the former Marie Mathews, daughter of the late Mr. and Mrs. Bernard F. Mathews, for many years well known residents of Winchester.

LEFT FOR PAKISTAN

Dr. Samuel B. Kirkwood of 7 Swan road left Wednesday for Pakistan, where he will serve for three weeks as a consultant in public health to the Pakistan Government. Massachusetts State Commissioner of Public Health, Dr. Kirkwood will meet with American officials already in Pakistan to discuss medical and health problems in the new nation and recommend programs to solve these problems.

HOSPITAL POST TO CONLIN

Dr. John F. Conlin of 2 York road has been chosen director of the Boston City Hospital Department. Announcement was made by the trustees of the Hospital Monday evening, June 21, when Dr. Conlin, Dr. Richard J. Condon, said Dr. Conlin will receive a salary of \$20,000 a year, equal to that paid the Mayor of Boston.

Dr. Condon said Dr. Conlin will administer Boston City Hospital, Long Island Hospital and Mattapan Sanatorium, the budgets of which total more than \$15,000,000 yearly.

Dr. Conlin, who has been director of information for the Massachusetts Medical Society, plans to resign that post August 1 when his city appointment becomes effective. He replaces Dr. James W. Manary, superintendent of the Boston City Hospital, who retired Wednesday after reaching the mandatory retirement age of 70. He had been superintendent for the past 30 years. Between his retirement and the effective date of Dr. Conlin's appointment one of the assistant superintendents will act as superintendent.

Dr. Conlin was chosen by the Hospital trustees after interviewing some 15 candidates. He plans to leave Winchester and take up residence in the superintendent's house at City Hospital, which goes with the job.

Dr. Conlin is 46 years old and a native of Schenectady, N. Y. He attended the public schools until he was 15 years old and then commenced nine years of study in Passionist seminaries, before deciding to make medicine his career.

He took pre-medical work at Boston College and was graduated from Tufts Medical School, studying public health at Harvard and public relations at B. U.

He was commissioned a first lieutenant in the Army Medical Corps in May, 1942, and was discharged a colonel in November, 1946, after serving with Patton's Third Army.

Dr. Conlin's City Hospital appointment is to a new post, created in the reorganization of the Boston city government this year, in which he will have direct control of City Hospital and administrative control of the Mattapan Sanatorium and Long Island Hospital.

CAPT. JOHN O. HUSE

Word has been received of the death of John O. Huse, 56, a native of Winchester, who was a salesman and service manager of the Chrysler Motor Parts Corporation, at his home in Detroit, Monday, June 28. Mr. Huse was the son of Fred R. and Florence (Oldham) Huse. He was born in Winchester June 8, 1898, the family home at that time being on Norwood street. His grandfather J. W. Huse, was very active in the Fire Department in the seventies and eighties and the department's ladder truck was named in his honor.

Capt. Huse, a retired Annapolis graduate, served for many years in the U. S. submarine fleet and was an authority on diesel engineering. He served with the commandos during World War II on Lord Mountbatten's staff. Later in the war he was in command of spare parts for the Pacific theater. He joined Chrysler Corp. in 1947.

He survived his wife, Marie B. Huse, and a daughter, Mrs. Samuel M. Ryburn of Dover. Funeral services were at Christ Church, Grosse Pointe, Mich., at 11 Thursday morning. Burial with full military honors was in Arlington National Cemetery, Va., at 2 p. m. Friday.

MISS OWEN ENGAGED

Mr. and Mrs. Earle Dana Owen of 34 Salisbury street, have announced the engagement of their daughter Katherine Elizabeth to Mr. Casper John Jacoby, III, of North Branford, Conn., son of Mr. and Mrs. C. S. Jacoby of Alton Illinois.

Miss Owen was graduated from the Winchester High School, Colby Junior College and Syracuse University, and Mr. Jacoby was graduated from Massachusetts Institute of Technology and from the Harvard Graduate School of Business Administration. During World II he served as lieutenant in the U. S. A.

A September wedding is planned.

VOLPE COMPANY LOW BIDDER

The John A. Volpe Construction Company, headed by John A. Volpe of Everett avenue, submitted the low bid of \$2,226,146.00 to the Army Corps of Engineers for the construction of a 100-bed brick hospital at Westover Air Force Base. The office of the New England Division of the Army Engineers in Boston said that while the official acceptance of the Volpe bid had not been made the transaction is "just about settled" and that official acceptance would come in about two weeks, with construction to start within 15 days of letting the bid. Only one other bidder, a Cambridge firm, came close to the Volpe figures.

GRADE CROSSING BIDS DATE SET

Governor Christian A. Herter and State Public Works Commissioner John A. Volpe notified Senator Robert Campbell and Representative Harrison Chadwick today that bids will be received at 100 Nashua street, Boston, on Tuesday, July 27, 1954, for the work on the elimination of the grade crossing in Winchester.

Construction on the temporary trestle approximately 900 feet long to support the Boston and Maine Railroad tracks in temporary location during the work to be advertised on Wednesday, June 30, 1954, is progressing.

The new work, to correct a long-standing hazardous traffic problem, which will cost more than \$4,500,000 and will be financed by 1952 Bond Issue Funds, is part of the nearly \$13,000,000 worth of work being advertised by Massachusetts Department of Public Works this week. It will commence about 2000 feet south of Wedgemere Station, with the tracks rising very gradually to the present level. At Wedgemere, tracks will be approximately eight feet higher than at present. A new station will be built at track level, and the entire area adjacent to Bacon street will be re-landscaped, the bridge removed and Bacon street will pass under the railroad tracks.

A new underpass will be constructed to connect Common street and Waterford road, providing a new vehicular and pedestrian passage. A new station with platforms and covered ramps to provide access to the street level will be erected in a separate contract.

The overpass at Winchester Center will be in four spans, three spans to rest upon the island traffic circle around which traffic will pass. North of Winchester Center, the Woburn loop tracks will be raised to conform to the new level of the main line, tracks returning to grade before reaching the bridge at Swanton and Main streets.

The main-line tracks will descend north of Winchester Center, and at Swanton street will be seven feet higher than at present. Swanton street will be depressed and will pass under the railroad tracks, returning to grade at the intersection of the main line, across Judkins Pond, across the Skillings estate, then out Washington street, and back on to Main street near the north high school.

The running events will include 50 and 75 yard dashes for both boys and girls between the ages of 6 through 16. Prizes for these events will be sports equipment such as: Little League bats, balls and gloves; tennis rackets and balls; basketballs and hoops and many other wonderful prizes.

Free ice cream will be distributed to all children on the grounds during the afternoon.

Winchester children only are eligible to participate in the various events.

The Chairman has a large committee of both men and women, from the Auxiliary of the American Legion, to assist him and looks forward to this celebration as being a big success.

In case of rain everything moves to the Town Hall.

ROBERT F. "SAM" MURPHY
MURPHY ELECTED

Robert F. "Sam" Murphy, widely known in State Legion circles as a past commander of Winchester Post 97, and of Middlesex County Council, was elected vice commander of the Massachusetts State Department of the Legion at the annual convention last week end in Pittsfield.

The new vice commander was the highest of nine candidates for the office. His election marks the first time state office in the Legion has been held by a member of Winchester Post.

FOURTH OF JULY CELEBRATION IN WINCHESTER

The Fourth of July Celebration will be held at Loring Avenue Field on Monday, July 5, from one p. m. to five p. m. Harry Lindmark has been appointed Chairman by commander G. Landry of the American Post 3719, Y. F. W.

Professional Talent from the George A. Hamid Co., of Boston will present a novelty Bicycle Act direct from Denmark and also other acts especially designed to please the younger folks. There will also be Free "Kiddie Fire Engine" rides and Pony Rides. The ever popular Bean Guessing Contest - Watermelon and Blueberry Pie eating contest will also be held.

The running events will include 50 and 75 yard dashes for both boys and girls between the ages of 6 through 16.

Prizes for these events will be sports equipment such as: Little League bats, balls and gloves; tennis rackets and balls; basketballs and hoops and many other wonderful prizes.

Free ice cream will be distributed to all children on the grounds during the afternoon.

Winchester children only are eligible to participate in the various events.

The Chairman has a large committee of both men and women, from the Auxiliary of the American Legion, to assist him and looks forward to this celebration as being a big success.

In case of rain everything moves to the Town Hall.

MRS. BLANCHE S. REYNOLDS

Mrs. Blanche Sargent Reynolds, widow of Frederic B. Reynolds and a long time resident of Winchester, died Wednesday afternoon, June 30, at the Winchester Hospital following a brief illness.

Until the death of her husband in 1937 the family home was on Bacon street. Mrs. Reynolds was the daughter of John A. and Caroline (Eastman) Sargent. She was born June 22, 1869, in Manchester, N. H., and lived for nearly 50 years in Winchester, being widely known among older residents of the town.

She had been for almost fifty years a member of the Fortnightly Women's Club, she was a member of the Unitarian Church and its Women's Alliance, and one of the Women's Republican Club of Winchester.

Mrs. Reynolds leaves a daughter, Mrs. Herbert E. Carlson of Scituate Center, and four grandchildren, Nancy Reynolds of Boston, daughter of the late Robert A. Reynolds; Mrs. George Fletcher of Westford, and Richard R. and Robert B. Carlson of Scituate Center.

Funeral services will be held Friday afternoon at 1:30 at the Kimball Chapel with the Rev. Robert A. Storer, minister of the Unitarian Church, officiating. Burial will be in the family lot in Wildwood Cemetery.

THE "CAPE ANN"

The "Cape Ann" will be put in service between Boston and Rockport starting from Boston on Monday afternoon, June 28, it was announced by the Boston and Maine Railroad today.

The train will be in service pending final determination of the railroad's appeal of the order issued by the Massachusetts Department of Public Utilities, the request for a temporary stay having been denied by the Massachusetts Supreme Court. Hearing on the appeal has been set for July 7, 1954.

In its summer service, the train will operate in both directions starting Tuesday morning, June 29,

leaving Rockport, Mass., at 7:50 a. m. daylight saving time, arriving in Boston at 8:52 a. m. On the return, it will leave Boston at 4:52 p. m. and arrive at Rockport at 5:56 p. m. Stops to be made by the train on the eastbound trip include: Montserrat, Prides, Beverly Farms, West Manchester, Manchester, West Gloucester, Gloucester, and Rockport. On the westbound, the stops will include this list with the exception that no stops will be made at Prides and West Gloucester.

TRUCK HIT PARKED CAR

Neil McCarron of 26 White street reported to the police that while parked in front of 8 Adams street last Saturday evening his automobile was struck and badly damaged by a truck making a delivery of furniture in the neighborhood. The operator did not stop but the police traced the truck to Revere, and one of the owners admitted having backed into the McCarron car, which was empty at the time. He agreed to take care of the damage done.

DROWNING VICTIM FOUND

Almost exactly a week from the time the boat in which he was fishing tipped over, the body of Kerr Dean, 58, of 59 Whittemore street, Cambridge, came to the surface of Mystic Lake some distance off Sandy Beach last Thursday afternoon at 5:30. The drowning took place just a week previous but half an hour later.

Fred Wallace, the diver who had been trying to locate the drowned man, spotted his body some distance from the area in which he had been working soon after he came to the surface from one of his dives. The body, still wearing glasses, was brought ashore by the Metropolitan Police and held for the Medical Examiner, after which it was removed to a funeral establishment.

Dean and George F. Drees, 48, of 11 Healey street, Cambridge, were fishing from a row-boat early Thursday evening, June 17, when their craft tipped over some distance off Sandy Beach. Dean could not swim, and sank despite the efforts of his companion to save him.

Drees barely got ashore himself to give the alarm, and was taken to the Winchester Hospital where he was treated for immersion and shock and held over night.

Meanwhile the Metropolitan and Winchester Police and Firemen commenced dragging for Dean's body, and they continued their work night and day for a week, a piece of apparatus from the local Fire Department equipped with flood lights aiding in the night search. When efforts to locate the body with grappling hooks failed, the diver was brought to the lake, but he too failed to locate the drowned man.

Dean a watchman at the Dewey and Almy Chemical Co., plant in Cambridge and an ardent fisherman, was a frequent visitor to Mystic Lake. He was a native of Glasgow, Scotland, and a widower, and was planning to visit his native land during his coming vacation. His son, Kerr, Jr., and his family make their home in Glasgow.

Dean is the third fisherman to lose his life at Mystic this year. Lawrence Dunn, 7, of Malden, and Caleb Langille, 55, of Stoneham, being drowned in the lake while fishing on May 7.

ARRESTED AFTER CRASH

A Plymouth sedan, driven north on Highland avenue last Saturday afternoon by Thomas Louis Quessy of Hillsdale and Eaton roads, North Reading, was in collision with an Olds sedan, parked in front of 131 Highland avenue.

In the Olds were Mrs. Theresa Derro of 431 Washington street, Susan Derro, aged 18 months, of Leslie road, and Margaret Muehlberg of 131 Washington street. Both cars were damaged and the occupants of the Olds were shaken up.

Quessy was arrested after the accident by Officer Andrew Crawford on charges of drunkenness and driving while under the influence of liquor. In court Monday morning he was fined \$35 on the operating charge.

SAVED MOTHER AND SON AT RYE

A Winchester man, Mr. Charles Q. Adams of 8 Chisholm road, saved a Rye, N. H., mother and her nine year-old son, from drowning in the surf at Rye Beach, N. H., last Thursday, June 24.

The mother, Mrs. Susan S. Clark of Red Mill road, and her son, Frederick, were caught in a strong undertow while bathing at Rye Beach about 150 feet from shore. Mr. Adams, swimming instructor and life guard at the Rye Beach Club, saw Mrs. Clark battling courageously to keep her son afloat in the undertow and went to her assistance with teenager Robert Tamlin of Sea road, Rye.

Once safely ashore Mrs. Clark and her son were taken to the Beach Club for a brief rest and first aid treatment.

Mr. Adams is a teacher and personnel director at Somerville High School. He is commencing his 22nd year as swimming instructor at the Beach Club and has lived in Winchester since his marriage to Phyllis Humphrey in 1941.

ATTENDED WASHINGTON MEETING

Mr. and Mrs. Robert B. Williams of Winthrop street have just returned from a visit to Washington, D. C., where they attended a convention of United World Federalists, Inc., and heard addresses by Dr. Frank P. Graham, former United States Senator, now a United Nations mediator; Supreme Court Justice William O. Douglas; Assistant Secretary of State David M. Keeney; and Norman Cousins, editor of the Saturday Review.

They were delegates from the local chapter of the UWF organization, which works for a strengthened United Nations, to prevent aggression and reduce armaments under a "practical system of inspection" such as recommended by President Eisenhower.

Dean is the third fisherman to lose his life at Mystic this year.

TOWN SOFTBALL LEAGUE

STANDING AS OF JUNE 29

Sons of Italy	8	2
Monsons	6	3
V. F. W.	6	3
Fitzgeralds	5	4
Army	0	4
Jokers	0	9

Action in the Town Softball League continues at a furious pace as the first four teams remain closely bunched while the Army team and the Jokers are still seeking their initial victory. The Fitzgeralds provided the upset of the week as they toppled the mighty Sons of Italy in a well played 6-5 contest. "Skitchy" Fiore pitched good ball for the Fitzgeralds, in addition to banging out a long homerun, while Manager Charlie Tofuri scored the winning run on a passed ball in the final inning.

The V. F. W. nine is off to its best start in recent years while the Monsons continue to play good ball to stay in second place. The Vets are hitting the ball hard and are getting good pitching from Bobby Saunders and Marty Joyce. Jim Cogan, Al Samoiloff, Joe Noonan and Joe Nash are providing the timely hits for the Monsons to back up the steady twirling of Freddie Kimball. The Monsons have split even in their two games with the Sons while the Vets have dropped both of their games to the Sons but both contests were close and could have gone either way.

Next Week's Schedule
Tuesday, July 6
Sons of Italy vs. Jokers (West Side)
Army vs. V. F. W. (Leonard)
Wednesday, July 7
V. F. W. vs. Sons of Italy (West Side)
Fitzgeralds vs. Monsons (Leonard)
Thursday, July 8
Jokers vs. Fitzgeralds (West Side)
Monsons vs. Army (Leonard)
Friday, July 9
Army vs. Jokers (West Side)

WINCHESTER IN LITTLE LEAGUE DISTRICT 5

The breakdown by districts of the Greater Boston Little League for tournament play has been announced by Baron Mayer of Danvers, sectional field director. The Greater Boston association, which embraces 119 leagues eligible for tournament play, has been divided into eight districts. Winchester has been placed in District 5 which includes Assabet Valley, Billerica, Burlington, Concord, Lexington, Reading American, Reading National, Stoneham, Wakefield Americans, Wakefield National, Wilmington, Woburn American and Woburn National.

This represents a departure from the previous two years in the placing of Winchester in this District. League President Ted Bartlett expressed himself as very pleased with this new setup, feeling that the teams represented in this District are more natural rivals of Winchester. Two years ago the locals lost to Arlington in the second round and last year went to the finals in their District before losing to Revere. It would take four victories by the locals to cop the District 5 title and the right to enter the District playoffs.

A meeting of the four managers will be held this coming week with President Ted Bartlett and Players' Agent, Ken Hall, to select the Winchester All-Tournament team. Arthur Johns, whose Dodgers won the first half championship, will again pilot the Winchester All-Tournament team and local fans know that he will get the maximum out of the material available. It is hoped that Winchester will be as fortunate as last year when four of the tournament games were played at Ginn Field because of the superb condition of the local diamond. With this in mind, the Park Department will soon dress up the diamond to get it in the best possible shape for these tournament games.

ARMY COMMISSION FOR "MARGE" CARROLL

Two 1954 graduates of Boston University, Sargent School of Physical Education, will be commissioned Second Lieutenants in the Army Women's Medical Specialist Corps this summer to receive Physical Therapy training in the Army. Miss Marjorie Ann Carroll, of Winchester, and Miss Ann M. Fusoni, of Milton, were among the twenty college graduates selected on a nationwide competitive basis. They will report to Medical Field Service School, Fort Sam Houston, Texas, August 11, 1954 for a one month orientation period before beginning the Physical Therapy Course.

The Women's Medical Specialist Corps is an all officer Corps of the Army Medical Service which includes the dietitians, physical therapists and occupational therapists in Army hospitals. The Army conducts approved professional courses annually in each specialty for qualified college graduates. During the first six month phase of the course at Medical Field Service School, these new officers will receive instruction in the fundamental sciences and skills basic to Physical Therapy. For the second six month phase they will be assigned to selected Army teaching hospitals for a closely supervised program of clinical practice.

On completion of the course, Miss Carroll and Miss Fusoni will be eligible for national registration as Physical Therapists and will be assigned as staff members in Army hospitals. Miss Ann Fusoni, daughter of Mr. and Mrs. Joseph A. Fusoni, 60 Pierce street, Milton, was senior class president at Sargent while Miss Marjorie Ann Carroll, a Winchester High School graduate, daughter of Mr. Walter J. Carroll, 11 Prince street, is now permanent president of the Class of 1954. They were both members of Scarlet Key Honor Society. Miss Carroll was also president of Student Government.

MAINE GRADS

Arthur Withington, II, and John N. Davis were Winchester boys graduated from the University of Maine at the 101st commencement of the university on Sunday, June 20. Withington received the degree of Bachelor of Science in engineering physics with distinctions. Davis received the Bachelor of Arts degree in speech.

BRAVES BLANKED SOX

Frank Leverone pitched the Braves to an 8-0 victory over the Red Sox in a Little League game on Ginn Field last Thursday evening, holding the losers to a single hit.

George Neville spoiled Leverone's bid for a no-hitter with a screaming single center.

Mike Gray, losing pitcher, deserved a better fate as the seven errors made behind him would indicate. Sandy Campbell and John Carroll were the timely hitters for the winners while Arthur Collins and Danny Serika shone on defense. The summary:

Braves	ab	hh	po	a	e
D. Martell, c	4	0	12	0	0
D. Campbell, cf	4	2	0	0	0
F. Leverone, p	4	1	0	0	0

WINCHESTER COUPLE HONORED

Mr. and Mrs. John Manderville who were married in Winchester by Dr. Frank Littorin of Tremont Temple, Boston, were honored last Sunday evening, June 27, in a mass service of rededication to their wedding vows participated in by sixteen couples who had been married by Dr. Littorin during his 33 years of ministry.

Mr. and Mrs. Manderville were presented with a Bible in recognition of their being the "most recently married couple" at the service.

An award to the couple married the longest was made to Mr. and Mrs. Malcolm Beveridge of Quincy, Massachusetts.

LITTLE LEAGUE

STANDING AS OF JUNE 29

Dodgers	2	0
Braves	2	1
Yanks	1	1
Red Sox	0	3

Next Tuesday evening the Dodgers and the Yanks will renew their spirited rivalry in a game that should attract one of the best crowds of the season. Certainly the fans who saw their 6-6 tie game of last Friday will want to see these two teams go at it again. In that game the Yanks had a 6-3 lead going into the final inning but the Dodgers staged a thrilling rally to tie the score. In fact, only a great catch by shortstop Dana Kelly with the bases full, resulting in a double play, prevented the Dodgers from pulling out a come-from-behind victory. In their series for this season the Yanks have won two games, the Dodgers one, and the fourth was this tie contest which indicates how closely matched these two teams are.

Meanwhile, the Braves are looking very strong in this second half race and are the favorite of many fans to win the second half title. Their only defeat in this half was a tight 1-0 loss to the Dodgers and they have the strength to reverse that decision in their next two meetings with these Dodgers. The Braves are getting good pitching from John Carroll, Frank Leverone and Phil Davenport and have shown considerable power at the plate in walloping the Yanks and the Red Sox in their two victories. This second half race between these three teams promises to be a sizzler right down to the wire and this reporter predicts that the Red Sox will knock off one or more of these teams to further complicate the standings.

PLAYGROUND NOTES

The poor weather of the early part of this week did not detract from the interest in the inter-playground competition which got away to a fast start. The Ginn Juniors look very strong in their division, winning both of their games in impressive fashion behind the pitching of Dana Kelly and Gordon Lewis. Mike Bellino twirled a strong one-hitter for the Leonard Juniors with the only safety off him being a long home run by Artie Collins. The Loring Intermediates came from a 7-4 deficit to pull out a nice 8-7 victory over the Ginn Intermediates. "Whip" Smith singled home the winning run in the bottom of the seventh to give Archie MacDonald the win in relief over Joel Peckham, whose wildness caused his downfall. One of the most thrilling victories of the week was the 10-9 win of the Leonard kick-ball team over Ginn Field. Leonard trailed most of the way but scored the winning run in the bottom of the seventh on a safe kick by Donald McCully.

Attendance at the four playgrounds continues to increase at a very pleasing rate with 171 additional youngsters being registered this week. This brings the total to 631 to date, which indicates that last year's all-time high will shortly be exceeded. Additional games for the smaller children have been added to the equipment of each field to care for the larger number of younger boys and girls who are finding the playground program more and more attractive.

"Recipes from the Experts" is a new recipe book which has just been printed. It contains 43 milk-rich dishes, the favorites of New England chefs, dietitians, and food authorities. Send for your free book (24 pages) today. Mail your name and address to Milk, Box 369, Boston, 23, Massachusetts.

YOUR HOME TOMORROW

People everywhere are realizing the added protection, beauty and styling that plate glass and mirror top offer the home owners. Have your table, bureau and mantles covered now with lovely, strong, smooth glass. Factory-to-you prices. Phone or stop in for estimates.

CHILDRENS OWN SCHOOL

The twelve year milestone will have been passed by the Children's Own School, 86 Main street, when it opens for the Summer Session on July 6. Interest in the work for small children accomplished by this school in its two departments has spread far beyond Winchester and the Boston area, inquiries coming from the Fiddle West and other points distant from New England.

Two new members were elected to the Board of Directors during the past year, Mrs. Herbert D. Lamson and Dr. Joseph P. Lynch, Jr. Mr. David P. Barron, a recent graduate of Emerson College joined the staff of the Children's Own School during the winter as speech therapist, in which capacity he will continue to serve during the summer session and the coming school year. Mr. Barron also is speech consultant at the Boston Dispensary and will become a teaching fellow at Emerson College next fall. Miss Dorothy S. Grove, Director of the School will be attending lectures at the Cerebral Palsy Institute from July 19 to August 27. This Institute is the first really extensive one to be held in New England on Cerebral Palsy and its associated speech and voice defects.

Best Deal

Get more car for your money
... more money for your car

Any way you figure value, Pontiac is the head-and-shoulder standout.

Only at the top of the price scale can you match Pontiac's size, beauty, luxury and masterful big-car performance. It is an authentic fine car.

But you would never guess it from the price! Pontiac, with all its fine-car features, is priced within a whisper of the lowest!

That's the big advantage you start with when you buy a Silver Streak—more car for less money. And here's another reason why, deal for deal, you can't beat Pontiac. It's one of America's most wanted used cars. You pay less to own it because you are always trading a desirable buy.

But let Pontiac and our generous deal do the talking. Come in for our top-dollar appraisal.

We of the Star pause today to pay a deserved tribute to the man who guided the destiny of the paper from 1919 until his sudden passing on Wednesday, Feb. 25, 1954, through a major depression and a world war. T. Price Wilson, as editor and publisher, saw the paper enlarge and prosper through his wisdom, foresight, and, until his failing sight prevented, his continual attention to detail. He got his knowledge and business experience the hard way. As a young man through the years he worked long hours and did everything connected with the paper and printing business his father founded in 1880, seventy-four long years ago. He always stood for a real small town family newspaper, resisting many efforts to have him change the format and material published. His policy was to print only news concerning the town, or of direct concern to his readers. Some have decried his failure to "modernize" his paper, but year in and year out reader reaction has proven his policy for the Star was right. Price Wilson was a friend worth having, a man capable of great kindness and generosity, loyal to his friends and true always to his convictions. Those who took the trouble to get behind a slight brusqueness of manner and really came to know him liked him. Those of us who worked with and for him, and who knew him well, loved him, and face the future the sadder because he will no longer be with us. Price Wilson, with his white cap and pipe, was a symbol, a part of a Winchester that is passing. He knew it was passing, and regretted it, for he loved his town, the town in which he grew up, worked as boy and man, and in which he knew both joy and sorrow. He had a very real affection for those whom he called friend, and to those who succeeded him on the Star he has left a great heritage. While we grieve that we will no longer see him and his white cap come through the Common to the office that never again will we see him seated before his typewriter at his big desk, we rejoice that his passing was as he wished it, and that we had the privilege of being associated with him for so many years. Hall, and farewell, Price! We will try to carry on!

One morning this week as we were driving to work and were turning from the Parkway into Bacon street to head west across the railroad bridge we saw three boys headed for Ginn Field playground, obviously with baseball in mind. Two were on bikes, pedalling hard and the other was sprinting along the cinder path, approaching Bacon street from Lloyd street. All had baseball gloves, one had a bat, and all were in a real hurry to get to the field where a group of boys was gathering on the diamond preparing for a ball game. As we passed one of the boys riding along Bacon street his eyes were sparkling with anticipation of the coming contest. All the playgrounds have their various teams, not just Ginn Field. Is your boy trying for one of the nine and learning some baseball while engaging in good healthy recreation, that teaches resourcefulness and cooperation as well as giving a youngster coordination and poise. If not, he ought to be. The playgrounds are waiting for boys to use them and the instructors welcome all comers. Baseball is a great game. Little League and Junior League Baseball are rejuvenating the sport everywhere. Get your kid in on the fun!

Some day someone is going to get badly hurt as the result of being struck by a bicycle as he or she leaves the Star or National Bank building. The sidewalk is broad at this point and slopes downward from Elmwood avenue, mak-

ing a tempting place for kiddies to ride. Quite a few ride there and have been some mighty near misses as pedestrians stepped from the Star building vestibule or National Bank portico into the path of a swiftly-moving bike. We personally had to move much more rapidly than was commensurate with our age and editorial dignity to avoid being struck broadside on one day this week. What the harvest would have been had the collision occurred, who can say; we mean what with our brittle bones and one thing or another. The point is that this bicycle riding at this particular spot ought to be stopped before some pedestrian, and/or kiddie, is injured. It is bad enough to contend with bikes on the open sidewalk where you can see them coming, but when you step out of a more or less blind exit into the path of a speeding bike, that my friends, can be something else again!

"GOVERNMENT IN ACTION"

Editor of the Star:
 A week of "Government in Action" was provided last week for a group of three Winchester girls by the Massachusetts Women's Republican Presidents' Club and Winchester American Legion Auxiliary. Two hundred twenty-five girls from all parts of Massachusetts came together on June 17th at State Teacher's College in Bridgewater for Girls' State, the mythical forty-ninth state.

On the opening day of Girls' State we were given the opportunity to actually organize and run state government. Each citizen was a member of a city or town, a county and one of the two state parties. After instruction in parliamentary law, we held town meetings and elected officers.

Almost immediately, the citizens began to draw their own warrants and arrange a judiciary. All voting was done by secret ballot in voting booths. Dorothy Pratt of Winchester was elected mayor of her city and I became the treasurer of my town.

Each day brought a new speaker and then application of the speaker's message. Party caucuses were held to nominate candidates for the six state offices. After a primary election, the chosen candidates began a vigorous campaign.

The campus was covered for almost two days with campaign posters and slogans. The party leaders with the help of cheerleaders led rallies for their party. Throughout the competition for election, good spirit and sportsmanship prevailed.

Each candidate prepared and delivered an election speech. Dorothy was a Federal Party candidate for State Auditor. Finally the big day arrived and the winning candidates were announced.

Monday evening brought the long awaited Inaugural. Lieutenant Governor, Sumner Whittier gave the oath of office to the newly elected officers and the entire population of Girls' State attended a reception held in the college gymnasium.

We enjoyed many distinguished speakers, among them, Mrs. J. Stanley Barnes of Winchester who spoke on Party Organization. After hours, all the facilities of the college were available for recreation.

Each citizen of Massachusetts Girls' State left Bridgewater on June 23rd better equipped for life in her community, state and country as an active voting citizen. The sponsors, director and counselors of Girls' State have inspired girls from every corner of the state to take an active interest and part in citizenship and government. Massachusetts Girls' State and the opportunity to "learn by doing" was a valuable and unforgettable experience for both of us.

CONSIDERS HERSELF FORTUNATE

June 29, 1954
 Editor of the Star:
 Last week I was one of the three fortunate Winchester girls who spent a week at Massachusetts Girls' State in Bridgewater. I am writing this letter to tell the residents of Winchester something about this mythical forty-ninth state and also to thank the American Legion Auxiliary for giving me the opportunity of going.

Massachusetts Girls' State is divided into four counties, each county consisting of a city and a town. It also is divided into two political parties, federal and national.

Our second day we elected city and town officials. Coming from a town the size of Winchester, I was particularly honored by being elected mayor of my city, Goodwill, with a city council, city clerk, and school committee working with me.

Party elections came next and we selected a chairman, vice chairman, secretary, treasurer and three state committee members.

Before getting started on running our state we received instructions on city and town organization from Mr. John W. Agnew, party organization from Mrs. Muriel Barnes of Winchester; and on senate and house organization from Hon. Daniel O'Brien of the Mass. Senate. Hon. Michael J. McCarthy of the House of Representatives and Hon. Charles J. Gabriel, Governor, were also present.

After gaining experience in voting we elected a governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general and governor's council. All these state officers were inaugurated on Monday evening and given their oath of office by Hon. Sumner G. Whittier, Lieutenant Governor of Massachusetts in a very impressive ceremony.

In my short week at Girls' State I believe that I have heard more distinguished speakers and have learned more about the government of my state than many adults.

I wish to thank again the American Legion Auxiliary, founders of this wonderful activity, and particularly the Winchester members who elected me as Winchester representative to Massachusetts Girls' State.

Sincerely,
 Ruth M. Flaherty
 348 Washington Street

SOME GAME!

Editor of the Star:
 It was certainly not the most professional game of the season, but for watching purposes it did very well. Both Little League and Farm games were called, because of you-know-what on Tuesday, but somehow the Bears were not notified.

The manager and coach, stout-hearted men, decided to stage a game anyway, with Mr. Winn, Mr. Johnson, Mr. Partridge, Mr. Hills and the boys.

The line-up was vague, the hitting and umpiring even vaguer, but the spirit and cheering were terrific. Enough Mother Bears were there, having raced through dinner and polished up younger sisters and brothers to provide a rousing yowl when indicated.

Ken Hall joined the gallery toward the end of the game and couldn't hear being in the audience. "I'm getting my licks," he stated, and proceeded to do just that!

No outfielding to earn them, oh no, just walked up and announced it was his turn. He hit a good one, but was put out finally at third. From then he became umpire.

The game was called, as a lost parakeet began diverting the attention of the watchers, and the entire team and their families tried to capture the bird. Finally caught, the evening ended on a good note. The score? I don't think anyone kept score.

AN INTERESTING EXPERIENCE!

Editor of the Star:
 I wish to take this opportunity to thank the Principal and teachers of Winchester High School who chose me to go to Boy's State at Massachusetts State University last week. I also thank Winchester Legion Post No. 97 for paying all my expenses and then some.

We spent our mornings learning citizenship and the political affairs and running of state and city and town governments. We elected officers to state city and town offices; held regular sessions devoted to the planning of these offices; and the raising and expenditures of money raised by taxation.

The afternoons were devoted to sports, baseball, softball, swimming and football.

We had lectures by many prominent men in state office and also men heading the Massachusetts State Legislature.

It was an enjoyable and interesting experience and very much appreciated.

Niles H. Nelson
 44 Water street

THANKS FROM MISS PRATT

Editor of the Star:
 I certainly want to thank everyone concerned with my being chosen as a delegate to Girls' State for this was one experience in my life which will not be easily matched.

During the week at Girls' State I gained a knowledge of the government which as the days go by becomes more meaningful. The practice in carrying actual procedures has made that phase of government hard to forget.

Girls' State provides a background which will prove itself in time to come.

Therefore I give my thanks again for this opportunity to learn about our government which took too many of us take for granted.

Dorothy M. Pratt
 1 Salisbury street

AT AF TRAINING CAMP

Two Winchester boys, Lewis Curtis of 158 Highland avenue, and Joseph T. Callahan of 5 Russell road are undergoing a 23-day training period at the Air Force ROTC Training Camp at Ethan Allen Air Force Base in Vermont.

Curtis is a Junior in the Liberal Arts College of Boston University, and Callahan is a junior at Tufts Engineering School. Both are cadet majors at their respective colleges and among the leaders in their class. Both are Winchester High School graduates and former members of the high school band.

Callahan is the drum major of the championship Immaculate Conception Drum and Bugle Corps and has been drill master of the Tufts Drill Team that recently placed third in national collegiate and ROTC competition.

RECEIVED HARVARD DEGREE

Carl T. Tourtellot, Jr., formerly of 9 Penn road, received the degree master of business administration from the Harvard Graduate School of Business Administration on June 17.

Mr. Tourtellot attended Winchester High School and Kimball Union Academy, entering Dartmouth College with the Class of 1945. Service with the Air Force interrupted his college course and it was not until 1947 that he received his bachelor of arts degree at Hanover.

For five years before entering Harvard Business School Mr. Tourtellot worked for the Gulf Oil Company in Pittsburgh. He and his wife, the former Gertrude Beiswenger of Elizabeth, N. J., have been living in Cambridge. Mr. Tourtellot has now entered the employ of the Scott Paper Company in Philadelphia.

BIKE THEFTS CLEANED UP

For some time now there has been an epidemic of bicycle thefts in Winchester. Many being taken from Palmer Beach and from playgrounds and school around town.

Officers Andrew Crawford and Richard Beaton of the police department have been working with Sgt. Edward F. Bowler on the thefts, and acting on a tip, succeeded in discovering one of the missing bikes in the Aberjona River in the Highlands.

Starting from there, the two officers donned old clothes and hip-boots and recovered from the river and bushes along its course 12 bikes, some pretty much stripped and all more or less damaged. With the bikes were found many parts that had been taken from bikes and thrown in the water. One bike had been sold to a Winchester boy for 60 cents and the buyer had painted and thrown it into the river to make it look like he had found the bike there.

Unfortunately for him his father was suspicious and reported the matter to the police, investigation of the bikes and Crawford and Bowler exposing the entire transaction. Police say the officer found bikes in the water all the way from Cullen's yard on Swanton street to the gelatin plant in East Woburn.

A group of boys, most of them living in the Highlands, seven in number, are said by the police to be implicated in the bike thefts, some being directly responsible and admitting the thefts, others recovered are good for much. Thus far the reason for the thefts has not been made clear. Apparently the boys stole the bikes for a ride, but why they stripped and destroyed the machines and finally consigned them to the river has not yet been divulged by the youngsters.

FRANCIS TANSEY IN TOWN

The Star had a visit Tuesday morning from Francis Tansey, former widely-known resident of Winchester and perhaps the greatest left-handed pitcher ever developed at Winchester High School.

Francis is now located at Dunkirk, N. Y., he formerly lived at Erie, Pa., and is employed at the Allegheny Ludlum Steel Corp. Presently on vacation, he drove from Dunkirk to Groton, N. H., where his brother, Selectman J. Joseph Tansey, runs Camp Hunter's Rest for boys.

Both drove to Winchester Monday to enable the elder Tansey to attend the Selectmen's meeting. They returned to Groton Tuesday and Francis will spend the remainder of his vacation at his brother's camp there. He likes Dunkirk and his work at the steel mill there. Physically he looked ready to step in and go at least six innings, but he personally did not think he could go more than four!

DODGERS AND YANKS EVEN

The Dodgers and Yanks battled to a tie in the Little League series on Ginn Field Friday, June 25, a three-run sixth enabling the Dodgers to tie the count. The summary:

SERVICES AT METHODIST CHURCH

The first two of the Union Summer Services in Winchester will be held at the Crawford Memorial Methodist Church this coming Sunday at 10 a. m. Rev. John Snook, Jr., pastor, will speak on the subject, "Changeless Things In A Changing World." The following churches will be participating in special Sunday services: First Baptist Church, First Congregational Church, Second Congregational Church, Unitarian Church and the Crawford Memorial Methodist Church.

Please keep in mind the change of time to 10 a. m. to allow for people who plan other schedules for the day and find the early hour service very helpful.

DOLL CONTEST WINNERS

CYNTHIA SWENSON
 WON QUEEN

Cynthia Swenson of 253 Pond street was the winner of the First Prize Queen Doll in the Vogue Gynny Doll Contest sponsored by Tilley's women's wear shop on Thompson street.

More than 240 entries were submitted in the contest, which was a coloring competition, judged by Mrs. Rosewell Harding, chairman, Mrs. William Glowacki, Mrs. Louis Snyder and Mrs. S. Kennedy Tully. The judges, suggested by Mrs. Shennick, executive head of the Winchester Girl Scouts, had a difficult task, due to the excellence of many of the entries submitted.

Prizes were awarded yesterday at the Girl Scout Camp Joy, made available by Mrs. Shennick. Prize winners out of town will have their prizes sent to them. Other prize winners unable to be present will get Air Station at Cherry Point May 13th. The four-week course taught defense against atomic and chemical attack.

Besides Miss Swenson contest winners were: Six Dressed Dolls, Eunice Marks, Leslie Anne Pendergast, 10 Myrtle street; Gail Abbott, 15 Arlington street; Susan Wallace, 2 Dartmouth street; Pamela Sibley, 48 Lloyd street; and Linda Kibbe, 55 Fletcher street.

Cavly House, awarded to John M. Tully, 108 Wildwood street.

Outfits and Accessory Prizes: Bonnie Chaffe, 38A Everett avenue; Rosemarie Siracusa, 12 Fairmont street, Arlington; Gayle Palao, 14 Myrtle Terrace; Bevie Holbrook, 189 Pond street; Karen Ward, 78 Swanton street; Cynthia Randlett, 5 Canterbury road; Lee Dresser, 83 Cambridge street; Laurel Ann Edwards, 178 Mystic Valley Parkway; and Paula Hendricks, 347 Montvale avenue, Woburn.

A special prize was sent to Virginia Wilkes of Kansas, who showed unusual ability in coloring her entry as a little negro doll.

BOAT CLUB NEWS

ANNUAL LOBSTER PARTY

Festivities at the annual holiday lobster party Monday, July 5, will begin at 3 o'clock with a water carnival. Bill Bird, water safety instructor, has announced that a large number of boys and girls have entered the following competitions: 25-yard breast stroke, 25-yard side stroke, overhead crawl, back stroke, 100-yard crawl, four-man relay race, and diving. All those planning to enjoy the feast at 6:30 p. m. should be on hand during the afternoon for these races.

The inimitable Dud Briggs and his square dance orchestra will return to provide music and instruction for dancing on the blacktop at 8:30 p. m.

Water Safety

To date thirty-four children have signed up for the swimming instruction to begin on Wednesday, July 7. The beginner classes will take place Tuesday and Thursday mornings and the intermediate and swimmers classes Wednesday and Friday mornings. The Junior Life Saving and Senior Life Saving meetings will meet Saturday and Sunday mornings. These life saving courses utilizes Red Cross textbooks and meet all the Red Cross standards. Awards and certificates for achievement will be presented at the Labor Day Bake.

Snipe News

The winners of the spring point snipe series are Jim Newman, Dave Blamire and Jim Snow in that order. This first series was completed last weekend when Jim Newman placed first in both races. Tom Legere placed second Saturday and third Sunday. Bart Sullivan was third Saturday. Cliff Austin claimed second place Sunday. A light but fluky wind greeted the sailors Saturday while Sunday it was strong and puffy.

Barbara Fitzgerald and John Day will join the competition next Saturday.

Entries for the Invitational Snipe Regatta Weekend have been pouring in from other yacht clubs. Mark July 17th and 18th as important snipe days on your calendar. All members should be on hand to enjoy these races.

Sea Cliff Yacht Club on Long Island Sound has invited members of our snipe fleet to compete in their regatta July 10. Representing our club will be Tom Legere, Cliff Austin and Bob Huggins.

The following list of Contagious Diseases was reported for week ending June 30, 1954.

3 cases of Dog Bite
1 case of Mumps
William B. MacDonald
Agent, Board of Health.

MILK CHART FOR APRIL-MAY-JUNE, 1954

Published by the Winchester Board of Health

The bacteria count of this chart gives the number of bacteria found in one C. C. taken from the center of the sample after it had been well shaken. It should be remembered that another C. C. taken from the same sample might give a somewhat different count, but the difference would rarely, if ever, exceed 10 per cent.

The following regulation became effective January 1, 1951, (Chapter 259) Regulation No. 11.

No licensee shall deliver or have in possession with intent to deliver any pasteurized milk showing a count of more than three colonies of organisms of the Coliform group per cubic centimeter as determined by the standard methods of the American Public Health Association.

FILENE ELECTED
TO MERCHANT'S HALL OF FAME

E. A. FILENE

Last Thursday evening, June 24, at a dinner of business leaders from all over the country at Chicago's Merchandise Mart, Edward A. Filene, one of the brothers responsible for building the great retail business that bears the Filene name, was elected to the Merchandise Mart Hall of Fame. This is the permanent monument to the country's geniuses of distribution.

The election of Sears Roebuck's Julius Rosenwald was also announced at the dinner. Other merchants who occupy the Hall of Fame are George Huntington Hartford of the A & P, F. W. Woolworth, the five and ten cent store founder; John Wannamaker, of the Philadelphia store; and Marshall Field of Chicago.

Herbert Hoover Speaker
Ex-President Herbert Hoover, who knew Filene well, particularly during the work of reconstruction after World War I, made the principal address. The Honorable Joseph P. Kennedy, made the award which was received by the Chairman of Filene's Management Board, H. D. Hodgkinson. Among the many well known retailers at the Merchandise Mart dinner were Fred Lazarus, Jr., President of Federated Stores, S. S. Kresge, Earl Puckett of Allied Stores, W. T. Grant, J. C. Penney, and General Robert Wood of Sears Roebuck.

Asked by reporters for his reaction to the selection of Filene, Hodgkinson said, "Edward Filene did so many things to help people with the old problem of making both ends meet that it is hard to pick out what his biggest contribution was. Certainly with the Filene store he put into practice many of his unusual and highly successful ideas about the mass distribution of goods. Then again with his work for the credit union movement, he taught people how to stay out of the clutches of the old time loan shark. He knew how to run a business profitably yet he gave away his entire fortune to charitable institutions that he founded. We can't pick any one of his accomplishments as his greatest claim to fame—it's the total of all of them."

Retail Revolutionist
Edward Filene had many ideas far ahead of his time as to how a retail business should be run. Many of his ideas were not shared by his contemporaries but have since been proven sound. He felt that high pay and short hours gave people more money to spend and more leisure to spend it in, therefore were good for business. Filene was the first store with paid vacations winter and summer and Saturday closings in the summer. It was the first store in New England.

land with the forty-hour week and has been a leader in many other constructive employee programs. Competitors predicted a quick end to Filene's daring experiment with the Automatic Markdown Bargain Basement where goods are marked down 25% if not sold in 12 days, 50% and 75% in six and twelve more days and finally are given away to charities if not sold after a total of 30 days. Public acceptance of this unorthodox way of doing business was so enthusiastic that instead of being a losing proposition it turned out to be tremendously successful. It was just one of Edward Filene's many ideas for mass distribution with the company as the chief beneficiary and the company reaping its prosperity on a very small profit with a vast turnover.

The books that E. A. Filene wrote on merchandising were translated into many foreign languages and are still among the first textbooks studied on this subject in universities all over the world.

Internationalist
Concerned that his own country could be of more help to other countries and needed their help in turn, Filene traveled widely in the interest of international understanding and trade. He was consulted by such famous world leaders outside his own country as George Clemenceau, Aristide Briand, Ramsay MacDonald, Edward Benavente, Neville Chamberlain, Mohandas K. Gandhi and at home by Presidents Woodrow Wilson, Herbert Hoover and Franklin Delano Roosevelt.

He was a founder of the Chamber of Commerce in Boston which led him to setting up a national Chamber of Commerce in the United States and then the International Chamber of Commerce. It was while engaged in this activity that he showed most dramatically how his forward-looking ideas could be made practical. Annoyed by the time wasted in translating speeches before groups of people from different countries into several languages, one after the other, he conceived the idea of simultaneous translation. With a scientist named Gordon Finlay, he developed and patented the simultaneous translator which enable people to talk in many languages and still understand each other. This was manufactured by his good friend Thomas Watson of the International Business Machines Corporation. Today, this translator has been seen by thousands in use at the sessions of the United Nations headquarters in New York.

Credit Unions
He felt that his business could only prosper if his customers had money to spend and he deeply resented the exorbitant amounts of money placed in the hands of unscrupulous money lenders earlier in this country. On one of his European trips he learned of the development of credit unions and on his return to this country he set about establishing them not only at William Filene's Sons Company but throughout the country. The movement gained momentum quickly and was widely accepted. The part Filene played in its development was recognized when the Credit Union National Association established its headquarters in Madison, Wisconsin and President Harry S.

Truman laid the cornerstone, naming the building "Filene House".

So sound was his business judgment and that of his brother that the company which grew so rapidly under the leadership of Edward and Lincoln Filene was highly profitable. Yet he devoted all his wealth to the founding of philanthropic institutions whose mission it was "to lower costs, eliminate waste, increase wages and profits and raise the general standard of living." These were the Twentieth Century Fund, organized to study the advance the next steps forward in the social and economic life of the people, and the Edward A. Filene Goodwill Fund to pursue the study and development of consumer co-operatives.

Among the many offices which he held were the presidency of the Credit Union National Association, Vice-presidency of American Association for Labor Legislation, Chairman of the Metropolitan Planning Commission of Boston, Chairman of the Massachusetts State Recovery Board (depression), and Chairman of the War Shipping Commission.

He received honorary degrees from Lehigh University, Rollins College, and Tulane University and was decorated by many foreign governments for his work toward international peace and international trade. He died in Paris in 1937.

The Filene store in Boston is showing a special exhibit on the occasion of his election to the Hall of Fame. It includes a new portrait of Edward A. Filene by Boston artist Robert Arthur, the jeweled decorations presented to the merchant by foreign governments, a set of headphones and language elector switches of the Filene-Finlay simultaneous translators as used at the U. N., and other mementos of his influence on the world in which he lived.

A young G. I. farmer built a farm pond in August 1951, just a week before all his wells went dry. All through '51, '52, and '53 the pond saved him from trucking water for the stock. Most important, it furnished the firemen with water to save his house when the nearby hen house went afire. "Without the pond, there would be nothing left to repair," he said as he fixed up the minor damage to the house after the fire.

KISHLER GETS RESEARCH APPOINTMENT

Dunlap and Associates, Inc., research and consulting firm of Stamford, Conn., today announced the appointment of Dr. John P. Kishler as a research director. Dr. Kishler is a specialist in the application of special psychological techniques to advertising and industrial research problems.

Dr. Kishler is the son of Mr. and Mrs. Melville I. Kishler of Canterbury road. He is a graduate of Boston University, received an M. A. from Columbia University, and a Ph. D. degree in Psychology from Penn State.

Dr. Kishler was a Lieutenant in the U. S. Navy during World War II, and has served on the faculties of Penn State and Connecticut Universities. He was a research associate of the Columbia Broadcasting System and a study director for International Public Opinion Research, Inc.

Dr. Kishler's research activities have included studies of audience acceptance of commercial radio programs, the effects of motion pictures on attitudes, the role of rumors in propaganda and the organization and training of military manpower. Dr. Kishler is the author of several special psychological tests used in consumer motivation research.

At Dunlap and Associates, Inc., Dr. Kishler will serve as a research director of consumer motivation, executive evaluation and group organization studies for business and industry.

HEADS NEW CAMBRIDGE DeMOLAY CHAPTER

Saturday evening, June 26, Sherman R. Josephson of 8 Fairmount street was installed as Master of the new Cambridge Chapter, Order of DeMolay, with appropriate ceremonies before a capacity audience.

The public installation took place at the Masonic Temple in Cambridge. Preceding the installation a catered dinner was served in the banquet hall of the Temple.

Sherman is the son of Mr. and Mrs. Gustave A. Josephson of this town, and is widely known in DeMolay circles, having received many honors for his outstanding work. He is a Blue Honor Key holder, a Representative DeMolay, and a holder of the Degree of Chevalier. At present he is Scribe of Winchester Chapter, Order of DeMolay, as well as State Scribe of the Massachusetts State Council of the Order of DeMolay.

ATTENDS SALES MEETING

A Winchester man, W. M. Selberg of 14 Robinson Park, will be among 20 eastern regional sales representatives of Elgin National Watch Company attending a two-day meeting at the Warwick Hotel, New York, July 6 and 7. The meeting will cover the company's autumn and pre-Christmas merchandising program.

LOCAL UNITS WIN STATE CHAMPIONSHIP

On Saturday, June 26th, the immaculate Conception Drum and Bugle Corps and Girls Drill Team, who are sponsored in V. F. W. competition by Woburn Post 543 Veterans of Foreign Wars, entered into competition with thirty units at the State V. F. W. annual convention held at Brockton, Mass. Although rain did fall the local units kept going and at the finish were declared the champions again. The Drum Corps have held this State Junior Championship for three years.

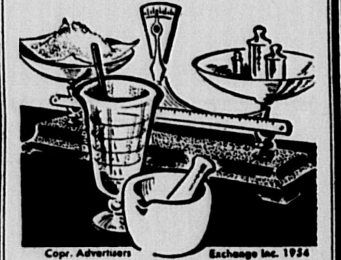

A new event this year was the title for girls color guard and girls drill teams. The local girls again walked away with State titles in both events. There was a tired, but very happy group returning to Winchester-Woburn area after such an eventful day. About 200,000 people watched at Brockton.

On Sunday, June 27th the group again went to another competition held at Manchester, N. H., under the direction of the Saint Jean Baptiste Society of Manchester, N. H. Under beautiful skies the parade started at 3 p. m. then it rained hard for a few minutes, but "Ol Sol" would not let the Champs down. The skies cleared and under perfect weather they again started enroute to the competition field. The Drum Corps again won 1st place and not to be outdone the All Girls Drill Team also won 1st place. They received a fine ovation from the crowds on the parade route and the thousands packed into the stadium at the competition. Fourteen top units in the Manchester area entered this competition but the "Queensmen" and "Queens Cadettes" really gave them a fine show.

Arriving home late in the evening they were looking forward to the next performance which will be at Wakefield, Mass., on July 5th. Lets all give a hand of applause to these fine groups that have brought honors and recognition to our area of Winchester and Woburn, and to the Pastor, Rev. H. K. A. Driscoll their Director, for this untiring work.

ASSIGNED TO ELECTRONICS SCHOOL

A/3c Robert J. Thorne, son of Mr. and Mrs. Albert E. Thorne, Sr., of 29 Loring avenue, has been assigned to electronics school at Keeter A. F. B., Biloxi, Miss. Thorne graduated from St. Charles School Woburn, Class of 1949 and Christopher Columbus High School, Boston class of 1953. Before entering the service he was employed at the First National Bank of Boston.

A TRUE MEASURE

No matter the form your medicine may take—pill, powder, or potion—there is one thing you can be certain of: every gram or dram of your medicine is exactly as prescribed by your doctor—the exact ingredients in the exact measurements. The combination of the highly developed professional skill of our pharmacists and precision instruments guarantees a true measure of accuracy in every prescription you have filled here.

V. F. W. DELEGATES ATTEND CONVENTION

Aberjona Post 3719 and Auxiliary were well represented at the 34th State Encampment at Brockton. The following delegates attended: Commander C. Landry, Jr., Vice Commander Al Thorne, Adjutant Warren Bolivar, Ralph Fiore, Peter Fiore, Pete Giannotti, President Rose DiTucci, of the Auxiliary; Sue Fiore, Chief of Staff of the State Auxiliary; Eva Macario, Rose Picopulus, Mae Harold, Margaret Fiore and Eleanor Giannotti.

Miss Sue Fiore of the local Auxiliary has been appointed Color Bearer for the State Department for the coming year.

The Delegates of the Post sat in on all Business Sessions and also voiced their opinions on such items as being against the Government Pension for Alger Hiss and sending U. S. Athletes to the coming Olympic Games if Red China attends.

At the election of the State Department Officers on Sunday the local delegates were 100% behind Joseph A. McVeigh of the Back Bay Post No. 3718 for Department Junior Vice Commander which he won very easily.

At the close of the election Post Department Commander Irving Stackpole announced that next year's Encampment will be held in Springfield.

LIONS INSTALL

The newly instituted Winchester Lions Club held its first installation on Thursday evening, June 24, at the Town Line.

District Governor Robert Snow, assisted by Deputy District Governor Donald Nett, installed officers as follows:

President, Frank Hopkins
1st Vice-Pres., Jacob Mangano
2nd Vice-Pres., Joseph Strazzeri
3rd Vice-Pres., Theodore Boecker
Secretary, James McLaughlin
Treasurer, Gerald Connors
Trail Twister, Peter Marchesi
Line Tamer, Charles Gilbertson
Directors, Peter Graziano, Fred Hill, Randolph Kazazian, Robert Shohet

WINCHESTER GIRL GETS IOWA U. POST

The State University of Iowa announces that Miss Elizabeth Collins, formerly of Winchester, has been named assistant professor and director of occupational therapy in the school of medicine as well as director of the occupational therapy department in the university hospital. She has held the latter position since 1949, going to the university from a similar post at the Robert Brigham Hospital in Boston.

Miss Collins, the daughter of Mr. and Mrs. Clark Collins, attended the Winchester schools, graduated from Colby Jr. College and the Boston School of Occupational Therapy and received her B. A. degree from the State University of Iowa.

K of C NEWS

At the Council's most recent meeting out-going Grand Knight John Nowell acknowledged with thanks all those who helped promote Council activities during his tenure as Grand Knight and expressed the wish that continued support would be shown to incoming Grand Knight James Mawn. The new Grand Knight reiterated the hopes of his predecessor and declared that he would sincerely try to satisfy all while performing the duties of his office. He urged the membership to get behind the officers to ensure a successful year.

Brother Frank P. Hurley has recovered from a serious bout with the doctors and is on the mend. The council wish him a complete recovery. Frank is a faithful retreatant at Campion Hall each Fall. It was reported that Brother Mike Foley is hospitalized once more and the Knights wish him a speedy recovery.

The committee to look into the business of a suitable memorial for Winchester Council's World War II dead is in the capable hands of Phil Savage, Harry Boyle, Jerry McCarron, Luke Glendon and Frank Rogers. The members will report their findings to the council at a later date.

Chairman Harry Bennett, aided by Co-Chairman Vin Erhard of the Annual Retreat Group of the Council, spoke on the merits of the retreat and urged the members to get their reservations in to them very soon. This is the last retreat held each Fall in North Andover at the Jesuit Retreat House over a weekend and the members who have been attending each year derive great good from it.

The council was saddened recently by the deaths of two members, Hugh Skerry and Henry Longfield, the latter a faithful retreatant of Campion Hall.

Members of the Fourth Degree assembly of Winchester Council were honor guard and honorary pallbearers at both funerals. Assisting were S. Vangel, C. Hagerty, J. Wharf, J. Mercurio, E. Dalton, A. Keaney, W. Dailey, D. O'Donnell and T. Drapeau.

Third Degree members and officers acting also as honorary pallbearers were J. Mawn, G. K.; V. Erhard, D. G. K.; T. Gramzow, Chancellor; and Walter Prue, Sr., C. Doherty and P. G. K. Frank Rogers.

Next meeting of the Council is slated for Monday, July 12th.

WOBURN-KIWANIS TO HOLD NIGHT BEFORE 4th CELEBRATION

The Woburn Kiwanis Club will present a gala "Night Before the Fourth" celebration, Saturday, July 3rd at the Woburn High School Stadium.

There will be a big variety show of all professional entertainers and also outdoor dancing under the stars with Syd Ross' orchestra. Syd just finished the winter season at the Hotel Bradford.

Cindy Lord, girl vocalist from Medford, who has gone "big time" with her many records and appearances on television and radio will headline the All Star Variety Show. Ted English known to many visitors to night spots in this area will emcee the show and he will present Ferdinand and Gary in Roly Poly now being featured at Blinstrub's; also the "Three Extremes" directed from Ed Sullivan's Show and many others.

With all the professional drappings and accoutrements the Kiwanis spirit of celebration will prevail. There will be plenty of features that will fringe the show and those who have been in the habit of driving miles to welcome the Fourth will see a greater, livelier show in Woburn. The price of admission is 50 cents for adults and 25 cents for children.

TO ENTER AIR SCHOOL

Ensign John A. Shields, son of Mr. and Mrs. John J. Shields of 79 Oak street, has passed the necessary tests for admission to the Navy Air School at Pensacola, Florida.

Ensign Shields, a graduate of Massachusetts Maritime Academy, will undergo 15 months of intensive training for pilot at Pensacola, after which he will be assigned to active duty for two years.

Three Winchester boys were among those graduated from Northeastern University on Sunday, June 27 at the Boston Garden. Charles E. Doughty of 32 Oneida road and Bradford A. Smith of 24 Calumet road, received the degree of Bachelor of Science in Chemical Engineering from the College of Engineering. William H. Thomas of 9 Water street received the degree of Bachelor of Arts from the College of Liberal Arts.

STOLEN OUTBOARD RECOVERED

Monday afternoon the police were notified that the Lynn Police had recovered the Johnson outboard motor stolen sometime June 21 from a boat moored at the Winchester Boat Club and owned by Daniel Rosano of Arlington.

The Lynn Police reported they had arrested two men in connection with the theft of the motor. The matter was reported to the Metropolitan Police.

The wood stove is the worse possible place to use fuel oil. An Ohio mother and five of her six children died when she tried to freshen the wood fire with fuel oil. In West Virginia, three grown-ups and six children were killed by an explosion of vapors from kerosene used to start a fire in a wood stove. These two instances are proof enough.

Hints for a happier vacation

1 Don't Gamble on Reservations—Call Ahead and Confirm. Do it before you hit the high road... and avoid disappointment. This is the busy season for the summer places and there just might not be room for your family if you leave things to chance. A long distance call is the best way of all to be sure. (Thriftest way, too, especially after 6 p.m. and all day Sunday.)

2 When You Arrive, Call Home and Whisk Away Worry. What with traffic and other hazards, folks back home can't help but worry about you. A quick long distance call, when you arrive safe and sound, dispels fears. Another nice thought is to call just before you come back and let the family know when to expect you.

3 If You're Delayed, Be Sure to Telephone. Even if your visit to friends is delayed for only an hour, take a moment of that hour to call ahead and explain. Your hosts won't worry and there's no chance of her dinner being overdone, waiting for you. A long distance call is thoughtful... it makes it easier on you as well as your hosts.

4 To See People You Want to See, Call Ahead. They can't be at the doorstep waiting if they don't know you're coming. And it would be a shame if you "missed connections" and didn't see each other. It's a matter of pennies to make a quick long distance call to those who look forward to seeing you.

5 When Dad Is Left Behind, Keep in Touch by Telephone. Sometimes he has to stay home while the family heads for fun and sun. Nighttime comes and there's nothing for him to do but yesterday's dishes. Telephone and cheer him up... long distance is short distance when you keep company by telephone.

Summer Piano courses, popular and classical music. Beginners and adults. Albert Horn Piano Studio, 28 Church Street, Waterfield Building. Tel. Winchester 6-1987.

The John C. Wakefields of the Highlands are spending the summer at Frisky Hall, Gilmanton, N. H. They have sold their home and when they return in the fall will be located at 169 East Emerson road, Melrose, where they will be glad to see any of their Winchester friends.

Mr. and Mrs. Richard Pearson of Merrimack, N. H., will make Winchester their new home after July 1st at 51 Wildwood street.

Miss Louise F. Parkhurst will be available through the summer for instruction both in piano and also in Dr. York Trotter's Musician-ship. Miss Parkhurst studied in London with Dame Myra Shess. Studio Waterfield Building. Phone Winchester 6-4070.

Larry Longworth, son of Mr. and Mrs. Lyle L. Longworth, 17 Dix street, and Donald Beck, son of Dr. and Mrs. Joseph Beck, called Wednesday for Nova Scotia. They will spend the summer at Camp Aldercliff, Weymouth, N. S.

Donald Beck, Larry Longworth, Donald Seaver and William Emerson spent four days hiking through New Hampshire using the trails and overnight cabins of the Dartmouth Outing Club.

Nancy Morse of Lloyd street is waiting at "The Goldenrod," York Beach, Maine, for the summer.

Mr. and Mrs. W. Dodge & Son, Interior, Exterior Painting, Paperhanging and Color Matching. Tel. Winchester 6-0396 or Woburn 2-3934-J.

Mr. Alfred O. Weld received his 50-year certificate at the alumni luncheon, held in the auditorium at Worcester Polytechnic Institute. Mrs. Frederick B. Parks and daughter, Carolyn Ann, of Wilson street, called today on the S. S. Evangeline for their summer home in Shelburne County, Nova Scotia. They plan to stay two months with Mr. Parks joining them later in the season.

Miss Mena Twork of Forest street, with her brothers, Don and Will, are vacationing at Falmouth on the Cape.

Town workmen installed several fine new sections of cement sidewalk extending from the Cooperative Bank along the length of the National Bank Building last week end. The work at this spot had been very uneven and was dangerous in spots. The men had a hot time of it working on Friday, which was one of the hottest days of the summer to date.

Police Lt. Joseph J. Derro lost his billfold on Washington street last Friday night and is very anxious to get it back because of some papers it contained. The papers are of value to him, but to him only, and the money in the billfold can be kept by the finder if he will return the billfold and papers to the owner.

Looking for a fine family car, I have at the shop an Oldsmobile 1950 "48" 4 door, black, all equipment. For a demonstration call Chris Powers at Lannon-Unger, man's, 674 Main Street, Winchester 6-3686.

Miss Claire M. Gorman of 185 Highland avenue is one of the Cambridgeport members interested in the moonlight cruise the organization is sponsoring on the evening of July 12th in aid of Jesuit Foreign Missions. The cruise is on the M. S. Sea Belle, leaving Rowe's Wharf, Boston, at 7:30 p.m.

Henry T. Knowlton of Maxwell road, athletic director of Winchester High School, left early Wednesday morning for Camp Wyanoke at Wolfboro, N. H., where he has been waterfront director for the past 20 years.

On Tuesday Officer Mario Buzotta picked up a 12 year old and a nine year old boy, both living in Winchester, in connection with the recent break at the Luongo-Bullington at the end of Kirk street. The boys took two automobile batteries which they sold to a junk dealer for \$1 each. Their parents were notified.

GEOGRAPHIC ODDITIES

New York City has almost 45,000 elevators, including 30,000 passenger lifts. Each day approximately 18,000,000 rides carry passengers a total of 125,000 miles, says the National Geographic Society. Some inhabitants travel farther by elevator than they do along the ground. In all there are about as many miles of elevator shafts as subway tracks.

Portsmouth harbor on the south coast of England has known warships for 16 centuries. Roman galleys, the "long" ships of Saxon raiders, and British fleets have found shelter there, says the National Geographic Society.

Members of Iran's numerous physical fitness clubs exercise four hours a day, six days a week while a drummer beats time and recites poetry. The tradition of these clubs, called "Houses of Strength," goes back some seven centuries, says the National Geographic Society.

Dogs and turkeys were the only domesticated animals in North America at the time Columbus discovered the New World, says the National Geographic Society. Most Indian dogs seem to have been of wolf or coyote stock but explorers' descriptions indicate others of different ancestry. These strange dogs became extinct at an early date. The mystery of their origin is unsolved.

WINCHESTER 25 ARLINGTON STREET

For the buyer who wants and can afford the very best — A brand new home designed by Jerome Bailey Foster, built by Alfred D. Elliott. First floor—large circular bay living room, paneled dining room, birch kitchen with pass-thru-server, breakfast nook, Thermadore range, dishwasher, incinerator and fan, chestnut, paneled den and spare room, full tiled bath, porch with jalousied windows. LEGION WON TWO FROM EVERETT

The Winchester Legion took a double-header from the Everett Post nine on Manchester Field last Friday by scores of 14-0 and 11-5. Art Sullivan pitched the opener and performed excellently in allowing only two hits while fanning six and giving up five bases on balls in his six innings of pitching. With this game going on longer than expected the opposing manager decided to end the contest with the score being 14-0 in order to have time enough for the nightcap of the double-header which was arranged as such because of a previously rained-out game.

In this first game Lou Farrell snapped out of his slump in fine fashion by getting three hits, one of which was a long homer with two men on in the sixth frame. In this game frame the locals crossed the plate eleven times and went around the batting order almost twice.

Winchester scored five quick ones to open the second game in the first inning. Hagerty and MacDonald walked, Bellino flied out. Kneeland hit safely to center to score Hagerty and MacDonald took off for the second. Callahan connected for a double to score MacDonald. Farrell hit safely to score Callahan and Farrell.

The locals scored three more in the second, and three more in the fourth. Bellino opened with a single.

In the zone standings the locals have a record of five and one and in the County ratings have a record of six and two.

ONCE AGAIN, ENGLAND!

Members and leaders of International Troop 4, Girls Scouts of Winchester, smile for Cameraman Bernie Marvin, Jr., on the deck of the Greek liner, Neptunia, July 3, before sailing for a summer in England. This is the second time in recent years that Winchester Scouts have gone to England. Left to right: Mrs. William Darou, Mrs. Vivian White, Miss Joy Webber, leaders; Scouts Patricia Newhall, Margaret Bane, Madeline Derro, Margaret Weaver, Susan Woodward.

JAMES L. SWYMER

James L. Swymer of 10 Grove street, Woburn, a former well-known resident of Winchester, died Sunday, July 4, at the Choate Memorial Hospital in Woburn following a week's illness. He was 63 years old.

A native of Woburn, Mr. Swymer came to Winchester as a boy, was educated in the public schools and 46 years ago went to work for the Boston & Maine Railroad.

He studied the Morse code and became a telegrapher, serving as one of the control men for the railroad during World War I. He entered the service and served throughout the war in the Signal Corps, being a member of the Army of Occupation in Germany after the Armistice. He was among the last of the World War I veterans to return to this country. He was a member of George A. Campbell Post, 101, the American Legion, of Woburn and of the Railroad Telegraphers Union.

Mr. Swymer had lived in Woburn for the past 32 years. He leaves his wife, the former Lillian Mary Curby of Wakefield; a daughter, Miss Eleanor M. Swymer of Woburn; two sons, John B. and James J. Swymer, both of Woburn; four grandchildren; two brothers, George, of Arlington; and John Swymer of Winchester; and two sisters, Mrs. Sarah Callahan of Melrose and Mrs. Bertha Wells of Woburn.

The funeral was held Wednesday morning with military honors from the Cox Funeral Home in Woburn. High mass of requiem was celebrated at St. Charles Church in that city. Burial was in St. Patrick's Cemetery, Stoneham.

MRS. ETHEL R. BUTTERWORTH

Mrs. Ethel R. Butterworth, wife of Ernest H. Butterworth of 38 Englewood road, died late Friday afternoon, July 2, at the Winchester Hospital after a long illness. She was 62 years old.

Mrs. Butterworth was a member of one of the town's oldest families. Daughter of William G. and Rachel (Tabbutt) Richardson, she came down on her father's side from the Richardsons who settled in Winchester in Colonial days.

She was born January 18, 1892, in Winchester on "Richardson's Row," now Washington street, the house in which she was born being on the Winchester-Woburn line.

Mrs. Butterworth grew up in Winchester, attending the public schools and graduating from Winchester High School in the class of 1910. She was a life-long member of the First Baptist Church and in point of years of membership one of the oldest of the Society.

On June 3, 1918, she married Ernest H. Butterworth, who succeeded Fred S. Seales in the jewelry and watch-making business on common street, one of the oldest-line businesses now in Winchester Center.

Her husband survives, with a son, Paul R. Butterworth of Winchester, and three grandchildren, Janet, Sharon and Richard Butterworth. Funeral services were held Monday afternoon at the Bennett Chapel with the Rev. Walter Lee Bailey, pastor of the First Baptist Church, officiating. Burial was in Wildwood Cemetery.

MRS. FRANCES FENTROSS

Mrs. Frances E. Fentross, wife of John J. Fentross of 1 Bonad road, died Monday morning, July 5, at the Winchester Hospital, following five months' illness.

Mrs. Fentross was born June 4, 1912, in Cambridge, daughter of Francis and Christine (Glaser) Clover. She grew up in Cambridge in the Harvard Square section and was educated in the Cambridge schools. For seven years before her marriage she was employed in the accounting department of the New England Telephone and Telegraph Company at their State street offices.

On August 22, 1935, she married Mr. Fentross and 15 years ago they came to Winchester. Mrs. Fentross was a member of St. Mary's Sodality, but aside from this one affiliation her interests were centered in her home and the care of her family.

She leaves her husband and her mother, five children, Christine, John, Anne, Robert and Maureen Fentross, all of Winchester; also two sisters, Mrs. Charles Medeiros of Hartford, Conn., and Mrs. Arthur Selfridge of Cambridge.

The funeral was held Thursday morning from the M. G. Moffett Funeral Home. Solemn high mass of requiem was celebrated at St. Mary's Church, and interment was in Oak Grove Cemetery, Medford.

MARRIAGE INTENTIONS

Robert Crosbie Semonian, 64 Pine Ridge road, West Medford, and Margot Elina Bergstrom, 19 Sheffield road.

George Oliver Sarty, 3 Risley road, and Doris Marilyn Marsden, 12 Cedar avenue, Stoneham.

Benjamin Clinton Aldrich, 21 Swan road, and Jane Coulson, 75 Church street.

GROSSI — FERRERA

At St. Mary's Church on Monday morning, July 5, Miss Edna Modesta Ferrera, daughter of Mr. and Mrs. John A. Ferrera of 11 Highland avenue, became the bride of William Joseph Grossi, son of Mr. and Mrs. Achille Grossi of 124 Pennsylvania road, Somerville. Rev. Fr. Peter Caruso, O. F. M., of St. Francis Church, Somerville, officiated at the 10 o'clock marriage ceremony and was also celebrant of the nuptial mass which followed. White gladioli and carnations made an attractive decorative setting.

Given in marriage by her father, Miss Ferrera was attended by her sister, Mrs. Joseph Bille of North Quincy. Another sister, Miss Carol Ann Ferrera of Winchester, was a junior bridesmaid.

The bride wore a gown of white Chantilly lace over satin with a long train trimmed with illusion. Her full-length veil of illusion was caught to a satin and lace cap trimmed with pearls and sequins, and she carried a white prayerbook topped with a matching orchid and having streamers of staphanotis.

The honor attendant wore a strapless aqua taffeta dress with a matching bead-trimmed bolero. Her aqua velvet hat was trimmed with pearls and she carried a spray of yellow rose.

The junior bridesmaid wore a coronet of yellow flowers with her yellow taffeta frock and carried an old-fashioned bouquet.

The bride was escorted by her father, Mr. Grossi, and the ushers comprised Rudolph and Leonard Ferrera of Winchester, brothers of the bride; John L. Grossi of Boston and John F. Grossi of Somerville.

A reception was held after the marriage at Cabot Farms in Somerville, where the bride and groom were assisted in receiving by their parents and members of the bridal party. Mrs. Ferrera, mother of the bride, wore a slate-blue gown of lace over crepe with a pink net hat trimmed with pearls and a corsage of orchids. The bride's groom's mother, Mrs. Grossi, also wore orchids with her rose lace gown and matching hat.

After a wedding trip to Niagara Falls and through upper New York State and Canada, Mr. and Mrs. Grossi will live in Medford.

The bride is a graduate of Winchester High School and of the Pay School of Boston. Mr. Grossi, who is electrical engineer with the General Electric Company in Lynn, graduated from Northeastern University.

WINCHESTER OBSERVED INDEPENDENCE DAY

Winchester's observance of Independence Day took place on Monday, July 5, at Loring avenue playground, and followed closely the general program of its predecessors in recent years.

The observance of the Fourth included the ringing of the Town Hall bell in the morning at noon and again in the early evening, but the actual program of festivities had been arranged with the kiddies of the town in mind and several hundred of them turned out in near perfect weather to enjoy the fun arranged for them by Aberjona Post, 3719, which was in charge of the town's celebration this year.

There was no parade to the playground. The kiddies assembled there as early as one o'clock and by the time the entertainment program was ready to get under way about 2 o'clock the pony rides and the rides on the kiddies' fire apparatus were full, with several youthful customers lined up to take their turns at each.

Three fine acts furnished by the Hamid Company of Boston were put on by professional talent under the personal direction of Jack Collier, who has been well known in Winchester for many years, particularly for the quality of her shows.

Harry Cought acted as master of ceremonies for the show which opened with the singing of the "Star Spangled Banner," led by music from the sound effect car.

Howard and Wanda Bell opened the show with a balancing and acrobatic act that was out of the ordinary, a high light being Wanda's head-stand on a large ball on Howard's head, without the aid of a ladder, or her partner's hands.

Another feature was the catapaulting of Wanda into the air from a teeter-board by Howard, the dainty blonde doing a double somersault before landing on her partner's shoulders. Few realized the timing and sense of balance necessary to carry out this act on the uneven turf of the playground.

The same was true of the bicycling act of Annel and Brask, who came on in Gay Nineties costumes, but soon changed to more modern attire, as they went through a series of unbelievable single and double riding that reached its peak as Brask rode about the field supporting Annel from a trapeze, on which she did turnovers and other stunts.

(Continued on Page 5)

WHITTEMORE — GARDNER

There is Winchester interest in the marriage which took place at the First Congregational Church in Stoneham recently when Miss Carolyn Adams of Winchester and Mr. Harry A. Gardner of Stoneham, became the bride of Joel Truman Whittemore, Jr., son of Mr. and Mrs. Joel T. Whittemore, also of Stoneham. The bride is the daughter of Mr. and Mrs. Robert E. Gardner, both of this town.

The Rev. Mark Strickland of the First Congregational Church in Stoneham officiated at the 10 o'clock ceremony, which took place in a setting of white flowers and was followed by a reception.

Miss Gardner, given in marriage by her father, wore a wedding dress of embroidered nylon tulle with full court train, and her flowers were white carnations and staphanotis. Her matron of honor, Mrs. Donald W. Leavitt of San Antonio, Texas, wore a yellow dress of blue embroidered organza. They carried fans of yellow carnations and blue delphinium. The bride's mother wore pale pink lace and pale pink carnations.

Harry A. Gardner, Jr., of Stoneham was best man, and William H. Burns, Jr., of Winchester, and Mrs. L. B. Whittemore, Miss Priscilla Hays, and Miss T. Jewell Wardwell of Winchester were bridesmaids. They carried fans of yellow carnations and blue delphinium. The bride's mother wore pale pink lace and pale pink carnations.

After their wedding trip, Mr. and Mrs. Whittemore will live at 457 Washington street, Winchester.

The bride is a graduate of Mt. Ida Junior College, and Mr. Whittemore is of the University of Massachusetts.

FULLWOOD — JOHNSON

Miss Janet Adams Johnson, daughter of Mrs. Philip Hafford Johnson of Dix street, and the late Mr. Johnson, was married at Ripley Chapel of the First Congregational Church on Saturday afternoon, July 3, to Ralph Roy Fullwood, son of Mr. and Mrs. Robert A. Fullwood of Hereford, Texas. The 4 o'clock service, read by the minister of the church, Dr. Dwight L. Cart, took place in a setting of white delphinium and carnations and was followed by a reception in the parish house.

Miss Johnson was given in marriage by her cousin, William R. Emery of Worcester. She wore a ballerina-length gown of white tulle over white tulle over white tulle with a portrait neckline and a bouffant skirt. Her shoulder length veil was caught to a coronet of seed pearls and she carried a cascade bouquet of staphanotis and a white orchid.

Miss Marjorie Geerts of Winchester was the bride's only attendant. She wore a princess-style ballerina-length dress of pale pink silk shantung with a bouffant skirt, and carried a cascade bouquet of pink Columbia roses combined with delphinium and white alyssum.

Dr. John M. Teem of Springfield, Mo., was Mr. Fullwood's best man, and ushering were Richard M. Chrenko of Sterling, N. J., and George Cameron of Belmont, Mass. After a wedding trip to Maine, Mr. and Mrs. Fullwood will live for the summer at 45 Linnean street in Cambridge.

The bride is a graduate of Winchester High School and of Mt. Holyoke College, doing graduate work at Radcliffe in the Management Training Program. Mr. Fullwood is a graduate of Texas Technological College and for the past two years has been doing graduate work in physics at Harvard.

FLYING TO EUROPE

Dr. and Mrs. Samuel B. Kirkwood of Swan road, with their son, Douglas, and daughter, Diana, and their niece, Miss Susan Hight, are flying to Europe, en route to Pakistan, where Dr. Kirkwood is Commissioner of Public Health for the Commonwealth of Massachusetts, is to be consultant to the Pakistan Government in connection with the Foreign Operations Administration Health Program.

On the way to Pakistan Dr. Kirkwood is stopping in Cairo, Egypt, for a conference with the World Health Organization for the Western Mediterranean.

Upon his return to Europe Dr. Kirkwood will be a delegate to the International Medical Congress in Geneva July 27, returning to Boston at the end of the conference.

MISS ROBINSON ENGAGED

Mr. and Mrs. Windover R. Robinson of 13 Nelson street, announce the engagement of their daughter, Jane Ellen, to Mr. Lennel R. Cudmore, son of Mr. and Mrs. Watson R. Cudmore of Brackley Point, Prince Edward Island, Canada. An October wedding is planned.

JOSEPH P. HANRAHAN

Joseph P. Hanrahan, 46, of 42 Grove street, an employee of the Boston & Maine Railroad, died suddenly at 4 o'clock Sunday morning in the late afternoon, following a heart attack. His death was wholly unexpected and came as a severe shock to his family and friends, he having been working about the grounds of his home earlier in the afternoon.

Mr. Hanrahan was the son of Joseph and Mary (Brannigan) Hanrahan. He was born February 20, 1908, in Medford, growing up in Medford and being educated in the Medford schools and at Medford High School.

For eighteen years, commencing prior to World War II, Mr. Hanrahan was in the employ of the Maintenance Department of the Boston and Maine Railroad. During World War II he served in the 6888 Central Postal Directory, U. S. Army, with the rank of sergeant, first class, seeing active service on many of the islands in the Pacific Theatre.

After his discharge Mr. Hanrahan returned to his job with the Boston and Maine and was in the employ of the railroad at the time of his death. He had been a member of Medford Post, Veterans of Foreign Wars.

His hobby was gardening, and he spent a great part of his spare time in landscaping the grounds of his home. He had lived in Winchester for the past four years.

Mr. Hanrahan was unmarried. He leaves a brother, Edward, of Winchester; and two sisters, Margaret Hanrahan of Winchester, and Mrs. James Hosford of Charlestown.

The funeral was held this Friday morning from the late residence with solemn requiem high mass celebrated at St. Mary's Church. Burial was in Oak Grove Cemetery, Medford.

MRS. WILLIAM P. M. DeCAMP

Mrs. William P. M. DeCamp of Stetson Hall passed away Wednesday, July 7, after a short illness.

She was the daughter of George and Augusta (Young) Moon and was born in Binghamton, N. Y., March 4, 1870, spending her early life and being educated in that city.

She was married to Mr. DeCamp in 1902 and came to live in Winchester in 1905. Until Mr. DeCamp's death, the family home was at 241 Highland avenue.

For many years she was actively associated with the First Congregational Church, holding membership in its various organizations.

She is survived by her daughter, Mrs. H. Bishop of Pasadena, Calif., and two sons, George M. of Winchester and William P. M. of Wilton, N. H.; also six grand-children and one great-grandchild.

The funeral will be held Friday afternoon, July 9, at the Bennett Chapel with the Rev. L. Cart, minister of the First Congregational Church, officiating. Interment will be in Evergreen Cemetery, Elizabeth, N. J.

ROTARY EFFORT AIDING WINNING FARM

COTTAGES AND SWIMMING POOL PROVIDED BY SERVICE CLUB

Some day when you are driving along Lexington street from the four corners toward the Lexington four corners keep your eye peeled and just before you get to the latter destination you will see at the left side of a road a sign reading "Winning Farm."

A drive leads from the sign up a slight grade through some trees and if you follow it, you will come to a place you probably have heard about many times but never before seen. You will find, too, that Winning Farm is a sight worth seeing!

Winning Farm is a place where under privileged children from the South End of Boston come each year for a vacation and a glorious breath of country air, good home cooking and fun. It came into being through the will of William Winning, a farmer, who lived on the place until his death in 1898, and who willed his home and grounds to Woburn, Winchester and Lexington as a place where poor children of those communities could have a good time in a country setting.

For a while it was probably run according to these provisions, but gradually as all three communities ran out of youngsters that seemed to need what the farm provided, the young guests were recruited from Boston and now the South End Settlement House is responsible for selecting the kiddies, all girls, who come each year to Winning Farm.

Winchester has always taken an active interest in Winning Farm. The Han. Lewis Parkhurst was the first Winchester trustee of the farm and through the years public spirited men like Wallace Flanders, William A. Kneeland and Ralph Bonnell have devoted their time and energy to the place. The present president of the Board of Directors is Charles A. Murphy, widely known proprietor of the West Side Texaco Station, and it is safe to say none who has served the farm has had it and its youthful charges nearer to his heart than "Charlie."

(Continued on Page 5)

WEEK-END FIRES

The week-end activity for the firefighters commenced at 9:10 Thursday evening, July 1, when Box 46 was sounded for a fire in the sandpit at the old freight yard off Swanton street. The fire turned out to be a bonfire started by youngsters celebrating the Fourth and firefighters let it burn for a while for the kids, before dousing it to prevent further trouble.

Sunday afternoon at 1:40 the B & M tower man reported to the central station that planks were smoldering between the tracks of the railroad at the baggage cross-over at Winchester Station. Careless smoking was blamed for this fire which did little damage. At 9:15 last Sunday night there was a bonfire that called the men to the rear of Loring avenue.

Monday morning, July 5, as a wedding procession was leaving St. Mary's Church at 10:37, a short circuit in the wiring at the rear of the church, caused considerable smoke and not a little excitement, though doing little actual damage. Box 36 brought apparatus to the church in a hurry and the incipient fire was quickly checked. Chief Callahan stated, however, that given a little time the trouble could have been serious.

Monday night at 9:30 the police discovered the sprinkler system on in the basement of the Symmes Grain Shed on Main street. A leaky valve was found to be responsible.

WON GIRLS' TENNIS TITLE

Jeanne McKenzie of Winchester won the Girls' Singles Championship in the recent Middlesex Bowl Tournament at the Newton Squash and Tennis Club.

Jeanne and Penny Nichols, also of Winchester, entered the Junior Girls' Doubles in the recent North Shore Junior Championship Tournament at the Tedesco Country Club.

Outclassed by older and more seasoned players, they reached the finals, where they were defeated by Joan Sullivan and Joan Stockdale, 6-1, 8-6.

Although the first set was taken from them fairly easily, in the second set Penny and Jeanne really put up a terrific battle but finally bowed to the Longwood team.

It was an upset for our Winchester youngsters to reach the finals in the junior doubles.

COMING EVENTS

July 13, Tuesday, Fruit and Flower Mission, Church of the Epiphany, Mrs. W. K. Hutchinson, Tel. Winchester 6-2864.

Mr. and Mrs. Charles Henry Wansker, Jr., of Cambridge, formerly of Winchester, are the parents of a daughter, Deborah Leigh, born July 1 at Massachusetts Memorial Hospital, Mrs. Wansker is the former Carolyn England, daughter of the late Mr. and Mrs. Marshall England, formerly of Winchester. The paternal grandparents are Mr. and Mrs. Charles Henry Wansker of Duxbury, also formerly of this town, and the paternal great-grandmother is Mrs. James Keyes of Duxbury.

Mr. and Mrs. Charles A. Maple (Althea Perkins) of LaCrosse, Calif., announce the birth of their first child, a son, Charles A. Maple, Jr., on June 25 at St. Luke's Hospital, Pasadena, Calif. Mrs. Maple is the daughter of Mr. and Mrs. Claude A. Perkins of Cambridge, who formerly lived in Winchester.

Mr. and Mrs. Robert E. Dutting of Ridgefield road announce the birth of their third child, first daughter, Sally Ann, on July 2 at Winchester Hospital. Grandparents are Mr. and Mrs. Adam Diamond of Woburn and Mr. and Mrs. George A. Dutting of Wildwood street.

Mr. and Mrs. George A. Eriksen of Myrtle Terrace announce the birth of their fifth child, third son, Wayne Vance, at the Winchester Hospital on June 23. Grandparents are Mr. and Mrs. Roger V. Pettinell of Winchester and Mrs. Hans Eriksen of Stow.

Born to Dr. and Mrs. Robert J. Fahey a daughter, Roberta, on June 21 at the Winchester Hospital. Grandparents are Mr. and Mrs. James C. Shaughnessy of Winchester and Mrs. John J. Fahey of Marlboro.

Mr. and Mrs. Leslie J. Scott of New Meadows road announce the birth of their third child, first daughter, Janet Grace, on July 1 at the Winchester Hospital.

Dr. and Mrs. Seymour W. Russell of 5 Warren street are the parents of a daughter born July 7 at the Winchester Hospital.

LITTLE LEAGUE

STANDING AS OF JULY 7

Dodgers	4	0
Yanks	2	2
Braves	2	2
Red Sox	1	3

The Winchester Little League has scheduled a double-header for Sunday afternoon in order to catch up on postponed games that have accumulated since Sunday double-headers have been very popular with the fans and the Braves-Yankees and the Red Sox-Dodgers is a particularly attractive combination. President Ted Clertt determined to complete the schedule and the playoffs for the league championship by the end of July in order not to disrupt vacation plans for August that many families have arranged.

The Dodgers have won four straight games in this second half and are aiming for a clean sweep of both halves in order to clinch the league championship. The Yanks are still in the contention, however, and have two games left with the Dodgers with whom they have had considerable success. If the Yanks can continue to win from the other teams, the next Wednesday night's game between the Yanks and the Dodgers will be the key contest of the second half. There should be a large turnout for this crucial contest for a Dodge victory would nail down the coveted league title for Artie John's performers.

FOURTH OF JULY CELEBRATION

Harry Lindmark, chairman of the celebration of Aberjona Post 3719, wishes to thank all who helped make the Fourth of July celebration a huge success. Special thanks go to the judges, Mrs. Margaret Crowley, Mrs. James Pennington, Mr. Joseph D. Tucci and Mr. Mahoney; also Commander C. Landry, Al Thorne, R. Fiore, W. Bolivar, F. Murphy and F. Hennessey of the local V. F. W.; the members of the Ladies Auxiliary, President Rose Di Lucchi, Sue Fiore, Eva Macario, Mae Harvill, Lucy Tofuri and Rose Prancopolis.

IMPORTANT NOTICE TO STAR SUBSCRIBERS

The vacation season is at hand and Star subscribers who want their paper to follow them to the place where they are vacationing must notify this office. The post office will no longer return your papers to us with forwarding addresses, so your paper will continue to go to your home address unless you personally notify us where you want it sent during your absence from town.

Campbell Post No. 101 of Woburn and a former Assistant County Sergeant-at-Arms to be an Assistant Department Sergeant-at-Arms.

Ben H. White of Cambridge, a Past Commander of Brighton-Allston Post No. 17 will continue for the third year as County Publicity Officer and will also be Aide to the County Commander.

TAKING ORDNANCE COURSE

Private Robert E. McElhinney, son of Mr. and Mrs. Edward McElhinney of 18 Salem street, Winchester, entered the Ordnance School at Aberdeen, Md., June 21 to receive training to qualify him as an Ammunition Supply Specialist. Graduates of the Ammunition Supply Course are qualified to command an ammunition squad or detail of ammunition handlers engaged in the issuing, storage or transportation of ammunition or other military explosives. In addition, graduates of the school are fully familiar with the various types of ammunition and the best methods to use in handling and storing them.

Following graduation, students who successfully complete this course are assigned to units throughout the world where they will put to practical use the training they have been given.

HOWES BACK IN TOWN

Mr. and Mrs. Stanley D. Howe, formerly of 24 Symmes road, have returned to Winchester after spending five years with their son David in Littleton, Mass. They are now living at 1 Lewis road.

Their youngest daughter Mary Louise, who was Valedictorian of this year's graduating class of Littleton High School, is living with them before going to college this fall at The Principia College, Elmhurst, Ill. Mary Louise is working this summer at the New England Mutual Life Insurance Co. Barbara, their oldest daughter, a graduate of Winchester High School, class of 1947, is now Mrs. John P. Ferguson and living in Bronxville. She is working at the United Nations. David, the Howe's son, remains in Littleton where he is working with the United States Post Office.

JUNE ENLISTEES

The following Winchester young men enlisted in the U. S. Army during the month of June:

Herbert Skerry, 63 Woodside road
Richard S. Joslin, 9 Lewis road

These men will take their 8 weeks basic training at Fort Dix, N. J., and then report to Fort Devens for specialized training, and assignment.

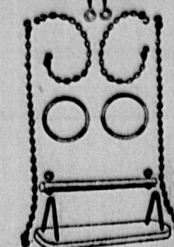

B & M ANNOUNCES MODERNIZATION

Complete modernization of the passenger service of the Boston and Maine Railroad through the purchase of a fleet of 55 self-propelled stainless steel, air-conditioned Budd Highliner cars, the largest number ever purchased by any railroad, and 12 diesel locomotives at a cost of \$11,200,000 has been approved by the directors of the railroad it was announced today.

"By this investment, the largest we have ever made for equipment, we expect to revolutionize our passenger service and accomplish an annual saving in operating costs estimated at \$1,700,000," it was stated by T. G. Sughrue, president of the road. "This will permit the railroad to scrap or dispose of approximately 235 older type commuter coaches and 75 steam locomotives, thus ending the use of steam power. This purchase makes the Boston and Maine the most extensive user of this modern type self-propelled rail diesel car in the world. We are the first railroad to attack its commuter problem in this manner."

The rail diesel cars, known as Budd Highliners on the Boston and Maine, are equipped with deluxe high-back seats and interior fittings. They can be operated singly or as multiple unit trains from cabs at either end. The Highliner powered by twin 275-HP diesel engines mounted beneath the floor has a top speed of 83 miles per hour and a cruising speed of 70. Rapid acceleration permits it to reach a speed of 40 miles per hour in one minute and to cover the first five miles in five minutes.

Commencing in December of this year, the railroad will feed these cars into service at a rate of two a week as they are delivered from the Budd Company. Similar self-propelled cars in service after the Boston and Maine now cover 42 trains. When delivery of this equipment is completed Highliners will

Olympic Champ Demonstrates Safe Canoeing Tips

PROPER CANOEING TECHNIQUES are demonstrated by Olympic champion Steve Lysak in a new color movie, entitled "Paddle A Safe Canoe," just released by the Aetna Casualty and Surety Company. The above scenes from the film, which was produced in cooperation with American Canoe Association, show: (1) correct method of boarding a canoe, grabbing both gunwales while lifting foot nearest craft in first; (2) safest way to paddle is from kneeling position just forward of the thwart—even though seats are provided; and "shaking out" a capsized canoe by (3) grasping nearest gunwale and (4) depressing until craft is almost vertical, then pushing canoe away using scissors kick at same time. The 14-minute film may now be obtained on a free loan basis from Aetna's public education department at Hartford, Conn., or through the company's local representatives.

LEGION ON TOP 5-0

The Winchester Legion defeated Arlington for the sixth successive win by a score of 5-0. Art Sullivan went the distance for the winners and fanned six but walked ten for all season. Art gave up three hits that came in the first, third and seventh frames. Sullivan also came through with two safeties of his own and scored once.

Winchester's runs came in the sixth and eighth innings. In the sixth Bellino opened with a single to left, Kneeland walked and Callahan sacrificed to the pitcher to push Bellino and Kneeland ahead. Farrell then stepped to the plate to hit a hard double to deep center to score Bellino and Kneeland. Sullivan followed Farrell to the plate to hit cleanly and score Farrell from second.

In the eighth stanza Callahan fled out. Farrell connected for his second hit of the game and Sullivan also hit safely for his second time to score Farrell who previously stole second. Q. Roberts also came through with his second hit of the evening to push Sullivan to second. Quill walked to load the bases and Sullivan came in when Haggerty was given a base on balls.

Next week the regular season closes with Winchester going to Reading on Monday and to Woburn on Tuesday.

DODGERS 7, BRAVES 3

In a very well played and hard fought game the Dodgers defeated the Braves by a score of 7-3. The game was highlighted by the heavy booming bats of Carroll, Serieka and Del Rossi with home runs for each. All three homers cleared the left center field wall with much to spare.

Leverone and Del Rossi pitched brilliantly for their teams but Leverone was the victim of well timed hitting by the Dodgers and costly miscues by the Braves. The summary:

Rossi, Serieka, Carroll, Sacrifices: Grinnell, Bases on balls by: DelRossi 9, Leverone 2. Struck out by: DelRossi 9, Leverone 2. Wild pitches: Leverone 1. Passed balls: Powers 1, Martell 1. Winning pitcher: DelRossi. Losing pitcher: Leverone. Umpires: W. Connors, plate; P. Swmyer, plate.

ST. MARY'S TAKES TWO FROM CHELSEA

St. Mary's had to come from behind in both games to defeat Our Lady of Chelsea 10-5 and 9-7.

In the first game St. Mary's scored 5 times in the first and four in the fourth to win the game. St. Mary's banged out 10 hits with Ron Roberts leading the attack with 3. Pitcher Joe Flaherty was the only one to go hitless.

Joe Flaherty was hit hard by the Chelsea team but bore down when he got in trouble. He struck out 8 and walked 8.

St. Mary scored 4 times in the first and 5 times in the fifth to win 9-7. John Sullivan and Cosmo Paonessa had long doubles for St. Mary's. "Zip" Carter, Jimmy McElholm, Eddie Fitzgerald and Charlie Newton also had a base hit.

Joe Flaherty struck out 8 and walked 6 in the fifth to win 9-7. He has been beaten once.

St. Joseph's of Wakefield fielding collapse and St. Mary's pick up six runs to win the game 6-5. Jack Herzog led the attack with two hits.

Joe Rotundi also had poor support. He gave up one earned run in the five that came across. He struck out 9 and walked 5. He's won 2 lost 1 and been in one tie.

Jack Herzog is still the leading hitter on the team. He is hitting an even .500. Ron Roberts comes next with .391, Jimmy McElholm .333 and Quent Robert .290. Jim Fitzgerald has boosted his average to .296 and Bobby Carter and Ed Fitzgerald to .300.

WINCHESTER MERCHANTS

Left to right: (Back row) Beggs, Giacalone, Keith, Castiglione, Slack, Kenton, Williams. (Kneeling) Symmes, Chisholm, Serieka, Tansey, Bellino.

MERCHANTS IN TWIN BILL

The Winchester Merchants, local entrant in the Boston Suburban League, plays a league double-header with the Stoneham A. C. Sunday afternoon at Manchester Field, with the first game starting at 2 o'clock.

The Merchants are a team of college and former high school baseball players, both from Winchester and Woburn. Vern Slack, Stowell Symmes and "Jocko" Serieka are former Winchester High stars with the team and Joe Bellino, star catcher on this year's high school nine, is also playing.

Vern Slack, fast baller, one of the best pitchers developed in Winchester in recent years and a regular hurler for "Lou" Warsky's Merchants before Korea, will work the first game. Stowell Symmes, now at Amherst and a former Junior Legion and high school dependable, will pitch the other.

SURTEES ASSIGNED

Robert Elliott Surtees, a Winchester boy, has been assigned to the Griffiss Air Force Base, Rome, New York, for a one-month encampment with the Reserve Officer Training Corps from Tufts College.

Son of Mr. and Mrs. O. W. Surtees of 246 Highland avenue, Surtees has had three years of ROTC training and will be commissioned 1 June 1955. He received the Professor of Air Science Award at Tufts this year.

The summer encampment is part of the Reserve Officer Training Corps curriculum and is usually attended during the third or fourth year of college.

Base facilities will be utilized and many opportunities offered for training in particular areas, such as operations, weather, maintenance and supply. However, all possible emphasis will be placed on orientation toward the primary Air Force weapon—the aircraft—and its role in the mission of the Air Force. Each cadet will be given a minimum of three to four hours of flying.

Science Park says that the sea scallop gets around by jet propulsion. The scallop's strong swimming muscle, that tasty tidbit so popular with New Englanders, shuts the shell with such force that water squirts out, pushing the animal along. (From Boston's Museum of Science).

Winchester boys and girls are enthusiastic about the summer reading program at the public library. Two hundred of them joined the Rocket Reading Club during its first week. Over forty boys and girls have already received their "Rockets" by having read one book each. These "Rockets" have started their journey into "Our Space" on the large poster in the Children's Library.

All boys from second grade through junior high school are invited to come to the public library and to talk with Miss Elizabeth Russell, children's librarian, or Mrs. McKinnon, about the Rocket Reading Club. Why not join the summer reading fun?

TOWN SOFTBALL LEAGUE

STANDING AS OF JULY 5

Sons of Italy	9	2
Fitzgeralds	7	4
V. F. W.	6	4
Monsons	6	4
Jokers	1	9
Army	0	6

By winning two games during the past week while the Vets and the Monsons were losing, the Fitzgeralds Contracting Co., nine moved into second place by half a game. Manager Charlie Tofuri has his boys playing good ball and they are getting good pitching from "Skitchy" Fiore and Dick Tofuri. Lack of an established lineup is hurting the Monsons who have a good team when all their players are available.

Next week will mark the beginning of the final round of play in the regular schedule. The playoff teams seem to be pretty well established but the order of finish is important to the contenders. Without much doubt the Sons of Italy will again nail down first place and as they would then engage the fourth place team in the first round of the playoffs, the other three contenders would presumably rather finish second or third to avoid meeting the powerful Sons in the first round. This will be the first time in years that four playoff teams will be determined before the end of the regular schedule but, as indicated above, the order of finish is important and the teams will battle right down to the final game.

PLAYGROUND NOTES

The Loring Avenue Intermediates continue undefeated as they triumphed over Leonard Field 7-1.

"Jigger" Bond twirled steady ball for the winners, not issuing a base on balls in the seven inning contest, while Bill Morton sparked for the losers with three hits in three trips to the plate. The Ginn Field Intermediates knocked off the West Side Field 8-5 despite a two-run homer by Bobby Freeman and a great catch by Larry Capodilupo.

Mike Bellino of the Leonard Field Juniors bested Vandy French of the West Side Juniors 4-1 in a nice pitching dual with Billy Enrico providing the big blow, a two-run homer for the victors. The Leonard Field and the Ginn Field Juniors are both undefeated in this division and promise to battle down to the wire for the championship of this division.

Paula Lanigan's junior boys' softball team looked very strong in drubbing both the Leonard Field and the Ginn Field teams during the past week. Johnny Johnian, and Dave Hession provide her with a good pitching staff while Jeff Peckham, Bobby Donlon and Jack Page hit well and run the bases smartly. The Loring avenue girls' softball team appears to be too strong for their opposition with Stella Samaroo, Mary Doherty and Edie Galaitis leading the way to one-sided victories.

There are not enough boys in the senior division for each playground to field a separate team but Director Ted Bartlett has combined two playgrounds into one team so that all boys in this division who want to do so may have the opportunity to play ball. The West Side group is superior to the material available at the other three fields with boys like Bert Kneeland, John Chapin, Terry Stowe, Jim Fitzgerald and the Roberts' twins.

Because of the fact that Leonard Beach is still closed, all swimming lessons will be given daily at Palmer Beach. However, it is planned to divide the activities on alternate days just as soon as official approval is given for the use of the facilities at Leonard.

For the benefit of those who have not seen the present swimming schedule we repeat:

Daily at Palmer Beach
Competitive 9:00-10:00 a. m.
Beginners 10:00-11:00 a. m.
Intermediate 11:00-11:30 a. m.
Swimmers 11:30-12:00 p. m.
Junior and Senior Life Saving 12:00-1:00 p. m.

1954 RED CROSS SWIMMING PROGRAM OPENS

Palmer Beach at Wedge Pond was the scene of a busy activity Monday, June 28, when the 1954 Red Cross Swimming Lessons started. Approximately 145 Winchester children turned out for these free swimming lessons which are offered annually by the Winchester Chapter of the American Red Cross. This large group is broken down into the following classifications:

Beginners 90
Intermediates 25
Swimmers 15
Competitors 15

Because of the fact that Leonard Beach is still closed, all swimming lessons will be given daily at Palmer Beach. However, it is planned to divide the activities on alternate days just as soon as official approval is given for the use of the facilities at Leonard.

For the benefit of those who have not seen the present swimming schedule we repeat:

One evening this week we saw
a woman drive her car along a
street and park the vehicle almost
touching a "No Parking Either
Side" sign. Before you start yell-
ing "woman driver let us hasten
to add that that car was al-
ready parked adjacent to the sign
and it is not at all likely that all
of them had been left there by
women. Women have no monopoly
on illegal parking as any one who
spends any time in police head-
quarters knows. And all those who
arrive with tags for improper park-
ing have all sorts of excuses,
"couldn't see any sign", "only going
to be gone a minute", "wasn't ac-
tually in this no parking zone",
"signs ought to be clearer", etc. You
know! None of those get tags for
traffic violations looks like he or
she would steal a nickel candy
bar from a store or put a lead sign
in a pay-station phone. But what
about parking regulations? Of course!
Every time you can! Parking
regulations are a lot of "hoosey".
Now parking regulations are not a
lot of "hoosey". All of them are
made in the public interest, includ-
ing the interest of those who break
them, and many are made to pro-
mote highway safety. Parked cars,
both legally and illegally parked,
cause many accidents, particularly
to pedestrians, and the authorities
in making parking restrictions are
motivated by the public safety and
convenience, both of which are well
worth preserving. So when you
see a "no parking" sign, try to re-
member that those who ordered its
erection did so for what seemed to
them good reasons, and the reasons
could under certain conditions affect
you or your family or friends very
directly. Illegal parking is gener-
ally the result of impatience
prompted by the desire to find a
parking space exactly where the driver
wants to go. There are of course
exceptions. Truckmen with heavy
loads to deliver pretty much have
to be fairly handy to where their
delivery is to be made. Allowance
is made for them, but generally
speaking there is no excuse for the
vast majority of parking violations,
despite the plausibility of the ex-
cuses for such violations presented
to the patient desk man at head-
quarters.

NEVER QUITE THE SAME!

Editor of the Star:
I am sure the staff of the Win-
chester Star will understand when
I say my weekly visits to the paper
will never again be quite the same.
I will forever miss the quiet
strength, the friendly counsel and
understanding of the late T. Price
Wilson.

It is a serious business this plan-
ning of military service for our
young men. Mr. Wilson also felt
this and was one of my strongest
backers. He was deeply interested
in and concerned about, not only
the welfare of Winchester's youth,
but, knowing I have been handling
men from ten states would look
over the town horizon with me
and reflect upon the much larger
picture.

Mr. Wilson will also be missed by
our Sergeants at the Medford Regt.
Station. He was keenly interested
in the type of men serving this
town, and I was always so glad to
have his approval. The Command-
ing Officers of the USA and USAF
Regt. Main Stations have elsewhere
expressed their appreciation of Mr.
Wilson's cooperation. I am so very
glad now that I made sure he re-
ceived his military citation when he
did.

The late Editor would abhor
flowery tributes but, I hope that
when my time comes to lay down
life's burdens, I may have earned
one half the respect with which he
will always be remembered.

Sincerely,

G. Toye, Chairman
Military Manpower Committee

A FINE GENTLEMAN

U. S. ARMY
AND U. S. AIR FORCE
RECRUITING AND INDUCTION
MAIN STATION
BOSTON ARMY BASE

July 1, 1954

Winchester Star,
Winchester, Mass.

Gentlemen:
It is with profound sorrow that
we learned of the death of your
Publisher-Editor, Mr. Theodore P.
Wilson.

In the past nine years, during our
association with Mr. Wilson, he has
been of valuable assistance to the
U. S. Army and U. S. Air Force
Recruiting Service in the greater
Boston area in bringing our mes-
sage to the readers of the Winches-
ter Star.

He was a fine gentleman, respect-
ed and admired by all who knew
him.

Please accept our deepest sym-
pathy.

Sincerely yours,

William A. Somerby, Jr.

Lieutenant Colonel

United States Air Force

Thomas B. Spiller, Jr.

Lieutenant Colonel

United States Army

FROM CASABLANCA

3/23/54

Hello again, everyone!

Well, after anchoring just outside
the breakwater at Casablanca and
seeing all its sparkling lights, we
turned in for the night. But we
were up early for the anchors were
up and once again we could hear
the throb and sound of the Diesels.

We were moving to the dock.

And what a sight the harbor gave
us. A big pier all inside a very
high breakwater had docks jutting
into it long enough to take 5 to 7
vessels alongside end to end. Un-
like our American piers built on
piles, these docks are solid land.

That enables them to use giant
travelling cranes which are so
heavy that the type of pier we have
probably would not bear the weight.

These docks are very wide with
store houses built on them back a
long way from the steamer's side.

In this space the cranes travel back
and forth as need demands and they
can put 4 cranes to a ship the size
of this one (420 feet). They will
lift all but the heaviest loads and
they can move them in a matter of
minutes.

As you looked about the "Port"
cranes seemed to be everywhere.

My guess is that the "Port" is over
2 square miles in extent and the
cranes number well over 1000.

The stevedores were all Arabs.

And the cranes were operated by
Arabs also. Most of them came to
work on bicycles.

The city itself was gleaming
white in the bright sun. Nearly
all the buildings are white, ap-
pear to be modern and some are
pretty high. Actually this city has
been built since 1912 when the
French took French Morocco and
Casablanca had only 5,000 people
in it. At the last census they
counted 650,000 people but it is still
growing and estimated to have
about a million now.

We went ashore and at the Port
gates docked with a taxi driver
who had a new Chevrolet to show
us the town. He was a Parisian
but had been in Casablanca since
1912 except for two years when he
lived in Brooklyn.

He spoke English but you couldn't
prove it. He spoke Arab
and French. He spoke with us
in French and French and French
and French. He spoke something to
live for. It has jigs saw puzzles
beaten a mile. After a while, I
ventured a remark in Winchester
French and he grinned and was
pleased and from then on only
French was used. He assured me
it was a great pleasure to converse
with me in French and was I
pleased? You guess for yourself.

Well, he was a good guide. The
city has many wide avenues and
we drove through most of them.
Around noon the traffic was some-
thing to be able. We saw street
cars. There are some bus lines but
the usual means of transport is by
bicycle of which there were thou-
sands and thousands.

Even in one of the native quarters
there were many. I think a much
larger proportion of the city is
Arab than in Oran for there seemed
to be no section where they were
lacking.

The hub of the city is the Place
Lyautey named after the first
error General who did so much to
organize and develop the country.
Here are some lovely buildings of a
style we never had seen. The City
Hall is here. Very ornate inside
with a large clock tower and three
inner courts with fountains and
palms. On one side are the
rooms where marriages are per-
formed. (In France no marriage
is legal unless it goes through the
civil authorities. Adjoining it was
a large hall where a reception
afterward could be held. Beyond
was the office of one of the high
officials. All were beautifully
paneled and carved on the ceilings.
The seat of government is not in
Casablanca but at the City of Rabat
many miles away. But Casablanca
is the business pulse of the country
and a prosperous one it seems to
be.

Outside the town a way we visited
the lovely Hotel Anfa where the
Casablanca Conference was held.
In this area live the representatives
of Foreign Governments whose
houses were used to house those
attending the Conference. From
the top floor of the hotel which is
in effect a large dining room with
a wide outdoor balcony all around,
one can get a wonderful view of the
city and the surrounding rolling
countryside and on the north a long
vista of the Mediterranean and
beautiful beaches.

Back to the city we went through
the new Arab quarter. It was pic-
turesque with many of the narrow
streets arching over in places. One
short street was full of little black
smith shops where all kinds of iron
goods were being hammered out by
hand after heating on charcoal

fires. The tools and the anvils were
crude indeed but the designs in
wrought iron were graceful and
delicate.

We got out to visit the Court-
house for Arabian citizens. It
seemed to be partly jail too. Inside
were courts and archways and
gates and a lovely central garden.

The style was Moroccan with much
white wall space. The design was
all geometric for the Moham-
medan religion forbids the use of
the human form in decoration.

Aside from the white walls the
other color used was a bright Apple
Green.

Back again to the Place Lyautey
and we looked into some of the
shops, some of them branches of
Paris stores. We didn't try to buy
anything. We had by now learned
that when anyone would try to sell
you anything they named a high
price. To your repeated "No" they
would finally ask "How much will
you give?"

The taxis have an established
schedule in them but you even have
to bargain for a rate before you
start out.

The Arab bootblacks were the
most persistent. They would start
off by offering you a good shine
for 100 francs (about 30 cents
American), keep pestering you with
lower and lower prices. To your
final "No" they would ask what
sounded like "Whadass matter did
you?"

Later in the day we walked along
one of the main streets lined with
native shops and bazaars where
every shop had its crier on the side-
walk. Itinerant peddlers offered
leather goods, watches and jewelry,
all hoping to make a trade. Many
of them probably do for there is a
big U. S. Aviation base not many
miles away and many American
uniforms to be seen.

We set sail about dusk for Genoa.

At seven the next morning we
were up to see Gibraltar. The
weather was good, visibility fine
and we went within about 2 miles
of the rock. Rounding the Cape,
we kept more or less within sight
of land all day and it was an inter-
esting journey. Having access to
the bridge at any time, we could
go up there and on the charts find
out just what we were looking at
through the glasses. As we had
travelled all along the coast last
year by auto, it was particularly
interesting to us. When in doubt
the officer of the watch would figure
by triangulation on the chart so
that we could pinpoint the place we
wanted to find.

At mid-day the coastline is high
and the water is blue. It is a
beautiful sight. When in doubt

COUNTRY CLUB GUEST DAY

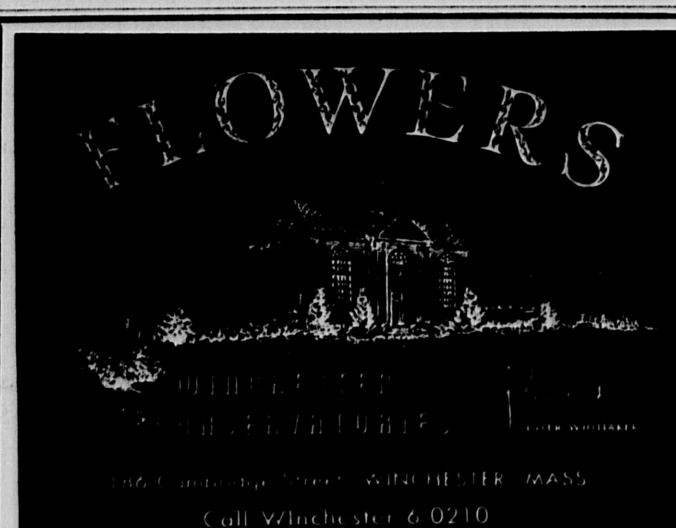

Guest Day at the Country Club was held on Tuesday, June 29th. Despite intermittent heavy showers, eighty courageous golfers participated. Due to the efforts of the hospitality chairman, Mrs. Roger McGhee, with the splendid cooperation of Bill Dunsborough, a delicious luncheon was served. After the luncheon the women's golf chairman, Mrs. James Beale, awarded the prizes to the following members and their guests:

First Gross—Mrs. John I. Lynch, and Mrs. Paul Black, Marshfield, 80
First Net—Mrs. Paul Collins, and Mrs. S. Tudor Leland, Myopia, 71
Second Gross—Mrs. William Ferguson, and Mrs. G. F. Blotz, Oakley, 90
Second Net—Miss Adelaide Homer, and Mrs. Morris Whorf, Bear Hill, 76
Third Gross—Mrs. John Kent, and Mrs. Stephen Chase, Weston, 92
Third Net—Mrs. Joseph Donnell, and Mrs. R. E. Lipstrott, Weston, 78

SAFETY CHECK

From the first step to the very last one—every professional skill is put forth . . . every painstaking care is taken . . . to certify that each measure and mixture of your medicine is precisely as your doctor prescribed it to be. Then—as a final precaution—the entire compounding procedure is double-checked to make accuracy doubly sure! Remember this SAFETY CHECK when you have a prescription to be filled.

WILLIAM J. JERNICK
NEW JERSEY MAN
HEADS B. P. O. ELKS

William J. Jernick of Nutley, N. J., 53-year-old corporation executive, was elected Grand Ruler of the Benevolent and Protective Order of Elks at its 90th Grand Lodge Convention in Los Angeles, Cal., July 5.

Jernick, elected unanimously without opposition, will be installed at the closing session of the Convention Thursday morning, succeeding Earl E. James of Oklahoma City.

Born in Newark, N. J., Jernick is the second resident of that state and the 79th man to head the Order of Elks since its founding 86 years ago. The late Joseph G. Buch, Trenton, N. J., served as Grand Exalted Ruler in 1940-41. Jernick, Production Manager of the Primary Battery Division of Thomas A. Edison, Inc., was the first man elected to two terms as Mayor of Nutley, after having been drafted as a candidate both times. He has been active in the affairs of the Nutley Symphony Society and numerous other civic organizations.

The new Ruler of America's Elks for many years headed the youth program and crippled children's activities of the New Jersey State Elks Association. He has been prominent in national affairs of the Order since 1940, having served as Grand Treasurer from 1950 to 1953 and a member of the Board of Grand Trustees from 1952 to the present.

Retiring Grand Exalted Ruler, Jernick informed delegates at the opening business session this morning that the Order's membership showed a gain for the 15th consecutive year. The year's gain of 25,800 carried Elks membership to the record high of 1,122,803 as of March 31, James reported.

Thirty-five new Lodges organized during the year brought the total to 1,685. Convention officials predicted an attendance of 50,000 would make it the largest Convention in the Order's history.

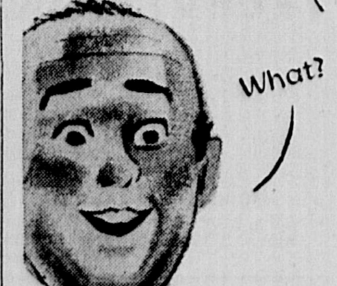

WORLD WAR I WIDOWS TO ORGANIZE

State President Mary Reynolds of the Massachusetts Widows of World War I, Inc., is sponsoring a chapter in the Winchester area, and if any widow of a World War I veteran is interested in learning more about the organization she is asked to write to Membership Chairman Maudie Eager, 21 Fourth avenue, Scituate.

When ten widows evidence interest a group meeting will be called and officers elected, the state president at a later date installing the chapter they are to serve.

Massachusetts Widows of World War I, Inc., is organized to help the widows of veterans of World War I to get bills and benefits passed both in this state and in the national congress.

WINCHESTER BENEFITS FROM RED FEATHER

Four of the six Red Feather services in Winchester will receive \$18,213 toward this year's expenses from funds raised in last fall's Metropolitan Boston Red Feather Campaign.

Richard H. Frazier, president of the Winchester Community Chest, released these figures in an announcement yesterday. The Chest is affiliated with United Community Services of Metropolitan Boston, central social-planning organization which yearly runs the Red Feather Campaign.

Of the above amount, \$7,500 will go to Winchester Hospital; \$5,000 to Winchester Council, Girl Scouts; \$4,713 to Winchester District Nursing Association; and \$1,000 to the Immaculate Conception Conference of St. Vincent de Paul Society.

In addition, 995 Boy Scouts in Winchester will benefit from the \$15,050 allocated to the Fellsland Council of Boy Scouts. The Chest is affiliated with United Community Services of Metropolitan Boston, central social-planning organization which yearly runs the Red Feather Campaign.

According to Robert M. Prouty, chairman of the UCS Budgeting and Allocating Division, the total sum to be received by the Red Feather agencies in Metropolitan Boston will equal the amount allocated last year.

In order to distribute these funds, raised during last fall's Red Feather Campaign, 200 volunteer members of budget committees gathered at a record number of 117 meetings to examine budget requests with agency representatives. Repeated conferences were held in order that committee members might weigh the relative merits of the many programs conducted by Red Feather agencies for the benefit of the community.

In the opinion of the committee, says Mr. Prouty, the allocations made represent the best way of serving the half-million people in Greater Boston who yearly turn to Red Feather for help.

Community Chest President Frazier emphasizes that Winchester people benefit from many other Red Feather services not represented by the \$18,213 allocated to local agencies. For example, the budget committee has turned over \$987,860 for use by Red Feather's 27 hospitals in the Metropolitan Boston area during the coming year. In 1952, 472 Winchester people were served by these hospitals.

In 1952, 16 Winchester residents called upon the Boston Legal Aid Society; 44 used two agencies now merged as the Family Service Association of Greater Boston; eight used facilities offered by the Boston Guild for the Hard of Hearing; while 81 came to the Boston YMCA and 122 to the Boston YWCA.

WINCHESTER TRUST COMPANY INCREASES ITS SURPLUS

The surplus account of the Winchester Trust Company was increased from \$135,000 to \$200,000, as a result of action taken by the Board of Directors at the last regular meeting of the Board, it was announced by Vincent C. Ambrose, Treasurer.

The addition of \$65,000 to the Bank's surplus account was accomplished by the transfer of this amount from the undivided profits, and has increased the Bank's combined capital and surplus to \$400,000.

BOAT CLUB NEWS

COMING EVENTS

The Brothers will serve one of their famous Boston Baked Bean Suppers tomorrow night at 6:30. Plan to attend these affairs and bring the whole family. It makes a welcome change, especially for mother.

Ladies' Bridge

Mrs. Ted Burleigh, Jr., was chairman of the Desert Bridge Wednesday. Her committee included Mrs. Robert Armstrong, Jr., Mrs. Donald Birchall, Mrs. Ganson Taggart, Mrs. Charles Whitten, Mrs. John Harrison, Mrs. Austin Broadhurst, and Mrs. Warren Haley.

MASSACHUSETTS U TO OFFER NURSING

A new college-level nurse-training program at the University of Massachusetts has won endorsement from the Massachusetts Approving Authority and registrants are being accepted for the program starting in September.

Head of the University School of Nursing will be Miss Mary Maher, former director of regional nursing education at Boston University and one-time dean of the Boston College School of Nursing. Clinical training facilities will be provided by Springfield Hospital and cooperating community agencies. The program is aimed at preparation of nurse practitioners.

Miss Maher stated today that enrollment will be limited to 25 students in September and raised later to 100. In addition to satisfying the regular university entrance requirements, candidates must show evidence of good health and must reach at least 20 years of age by the time they complete the four-year course.

The actual training period will extend for four calendar years plus eight weeks. The first four semesters will be spent at the university. During the following 141 weeks (including 16 weeks vacation) professional courses will be given in selected cooperating hospitals and community agencies by the School of Nursing faculty.

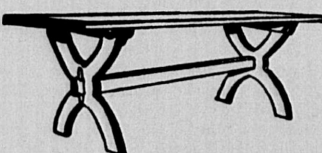

Following the clinical training program, the student will return to the campus in Amherst for a first academic semester and receive the bachelor of science degree in June. Upon satisfactory completion of the state board examinations, the candidate will receive legal status as a registered nurse (R.N.).

The state university program will provide clinical training in medical and surgical, maternity, psychiatric, tuberculosis and public health nursing and in pediatrics.

TUFTS COLLEGE HONORS COMMISSIONER VOLPE

John A. Volpe, right, State Public Works Commissioner, is shown above as he was inducted an honorary member of the Tufts College Class of 1929 at its 25th reunion by Arthur J. Austin of Marshfield. In the center is Dr. Nils Y. Wessell, president of Tufts College. The ceremony was the first event in the million-dollar Carmichael Hall dormitory erected by the John A. Volpe Construction Company of Malden.

POET'S THEATRE

During the summer months a dramatic workshop composed of actors and technicians from the old Brattle, Harvard Theatre. Group, and Poets' Theatre companies will be at work in the Poets' Theatre's new studio at 24 Palmer street, Cambridge. From July 8 until August 25, the Workshop's productions will be presented to members four times a week. The first program, four plays by W. B. Yeats: "The Dreaming of the Bones," "On Bull's Head," and "The Only Jealousy of Emer," will begin July 8. Other presentations will follow on July 19, August 2, and August 16.

Of particular interest to Star readers is the fact that, Ruth C. Miller, daughter of Mrs. Alice C. Miller, 22 Myrtle street, is working with the Workshop of the Poets' Theatre as associate musical director. Miss Miller is a graduate of Bennington College, class of 1953. Last season, she was a violinist

with the San Antonio Symphony Orchestra. Miss Miller is arranging and composing music for the Yeats plays as well as performing in them. The first group of plays opens July 8.

The seating capacity at the Workshop is limited. Memberships will be available, entitling a member to receive two invitations to each Workshop offering. There will be a membership fee of one dollar per person for each performance.

Kenny Robishaw of 624 Main street and George Spencer of 25 Elmwood avenue visited the Star office Tuesday afternoon with three big hornpout they had just caught in Wedge Pond. The largest was at least a foot long. That old fisherman, Dick Hakanson, gave the boys some good advice about preparing the fish for the table, reminding them that "pout" are "good eating."

The police were notified last Thursday evening that two girls had been soliciting food for families on Grove street, stating that their bikes had been stolen while they were in town. Officers Poole and Tranchita took the girls to headquarters where it was found they were reported missing from the House of the Good Shepherd in Boston. The Boston police called for the youngsters.

Mr. John O'Leary a member of the Winchester composing room is enjoying a vacation.

Miss Noreen Johnson, daughter of Mr. and Mrs. George Johnson of Park road, appeared again last Sunday on Station WBZ-TV. An exceptionally clever acrobat and tumbler, Noreen was among the winners in a contest sponsored by this station.

Woburn's tax rate as announced this week is \$45.50, an increase of \$5.70 over the 1953 rate. Last year Woburn had the lowest tax rate of any city in the Commonwealth and was the only city to have a tax rate under \$40.00.

Lt. Ed Walsh of the Woburn Police Department was the winner of ten dollars on "Baseball Time" with Jerry O'Leary before one of the recent Red Sox-Yankee games in Boston when he carried the ball all the way around the bases on this popular diamond quiz game. Ed had his nephew, "Bob," with him at the game and the two played the game together! You guess who got the dough! Your reporter and the lieutenant were catchers on rival Winchester-Woburn teams back in 1913, or so, and we can say from experience Ed knew the game in those days!

Boys had fun last Sunday evening throwing sand into a Buick sedan parked at Palmer Beach. Sgt. John Elliott and Officer James Noonan arrived in time to get one of the boys responsible and as he "did not know" the boys who helped him throw the sand, he had the fun of cleaning the car out thoroughly while the police stood by. After finishing his work he was taken home and the matter reported to his father.

Frederick L. Patten of 22 Everett road, as national president of the Tax Executives Institute, Inc., was in Louisville, Ky., recently for the chartering of the new Louisville chapter. Tax Executives Institute is an organization of corporate tax representatives and holds monthly meetings to study all taxes. Mr. Patten is treasurer of the Cambridge Rubber Company.

Mrs. Bridget Young of 149 Washington street suffered painful cuts and bruises and was shaken up last Saturday afternoon when she tripped and fell while crossing the inbound tracks of the Boston and Maine at the Center Crossing. She was taken by the police to the office of Dr. R. W. Sheehy, who ordered her removed to the hospital for X-rays. After the X-rays she was taken home and it is reported she was not seriously injured.

NEWSY PARAGRAPHS

A fine selection of Traded Cars are now on hand at Lannan-Ungerman's, 674 Main street. All cars are covered by the famous Chevrolet OKed Tag. See Chris Powers. Tel. Winchester 6-3686.

Bradlee are vacationing at Sebec Lake, Maine. Shortly after 4:30 yesterday morning an automobile struck and did \$100 worth of damage to the fence at the home of Mr. W. B. Hersey, 29 Woodside road. The driver did not stop and the police failed to locate him. A part of the car was recovered at the scene of the accident.

A Woburn boy picked up recently by Officer Douglas Martell while engaged in stripping a car in a local parking lot appeared in the District Court yesterday morning. His case was continued for a year, which means virtual probation for that time.

Police learn that the estimated cost of repairing the recently recovered bicycles stolen by a group of Winchester boys is in the neighborhood of \$200. The boys parents are now to have the doubtful pleasure of making good the damage which will amount to more than \$100 for each boy. Many of the bikes had been stripped by the youngsters and thrown in the river in the northerly end of the town.

NEW ZENITH HEARING AID AT LESS COST

Zenith Radio Corporation's crusade to lower the cost of hearing passes a new milestone with the introduction of a tiny, all-transistor hearing aid, the Royal-M, to sell for \$100. Announced by W. N. Brown, hearing aid division manager, the new aid is slightly larger and about the same weight as a Zenith cigarette lighter.

The tubeless Royal-M has a full complement of three junction-type transistors and is as powerful as some hearing aids at least twice its size and as many selling for twice its price or more. It operates on a single dry-cell battery that is readily available in stores throughout the country for ten cents. It has no "B" battery. Economy of operation is measured by the fact that it requires only one ten cent "A" battery for a week of normal full-day service. . . providing a battery cost of about forty cents a month as compared to \$4.50 to \$9.00 for a comparable power.

Equipped with a new Permaphone mike, the Royal-M offers improved clarity over its entire tone and volume range. It is resistant to high temperature and humidity, a feature of great importance in trouble-free life for a hearing aid.

BUILDING PERMITS

Building permits issued for week ending July 7:

New Dwellings:
10 Cox road
12 Cox road
83 Mystic Valley Parkway

COMING EVENTS

July 20, Tuesday. Fruit and Flower Mission, St. Mary's Church, Miss. Pauline Keen, Tel. Winchester 6-0161.

July 20, Tuesday, 8:00 p. m. Regular meeting of Winchester Lodge of Elks, Elks' Hall, Francis P. Allen, Exalted Ruler, presiding.

To Mr. and Mrs. Frederick F. Hall, a third son, Charles Wesley, born June 28th at Richardson House. Grandparents are Mr. and Mrs. Charles D. Driscoll and Mr. and Mrs. Wilfred M. Hall, all of Brookline.

Mr. and Mrs. Peter R. Browne of Daytona Beach, Fla., formerly of Winchester are the parents of a daughter, Michelle, born July 12, at the Halifax Hospital, Daytona Beach. Grandparents are Mr. and Mrs. H. Royal Browne of Sheffield West. The maternal grandparents are Mr. and Mrs. A. A. Gauvreau of Woburn.

A son was born to Warren M. and Marion J. Laskey at Winchester Church on Sunday, July 11th. Mr. and Mrs. Laskey reside in Arlington, Mass.

MULLEN — GUSTAVSON

White gladiolus, carnations and babies breath decorated St. Mary's Church on Saturday afternoon, July 10, for the marriage of Miss Elaine Marie Gustavson, daughter of Mr. and Mrs. Arvid H. Gustavson of 74 Salisbury street, to Robert Herbert Mullen, son of Mr. and Mrs. William Mullen of 71 Salisbury street. The 4 o'clock service was read by Rev. Fr. Charles A. Anadore and was followed by a reception at the Colonial Country Club in Lynnfield.

Given in marriage by her father, Miss Gustavson had for her honor attendant Mrs. Arvid H. Gustavson, Jr., of Lexington. Bridesmaids were Miss Nancy Leary of Melrose, Miss Jean McCarthy of Lawrence and Mrs. Joseph Cleary of Dorchester.

The bride wore a chapel-length gown of Chantilly lace and white tulle with a fingertip-length veil of illusion caught to a cap of Chantilly lace and tulle. Her bouquet combined stephanotis with green and white ivy leaves.

All the bridal attendants wore white-length dresses of French white organza over yellow. The matron of honor wore a yellow tulle hat with matching accessories and carried yellow snapdragons combined with light blue delphinium. The bridesmaids hats and accessories were white and they carried yellow snapdragons.

Mrs. Gustavson, mother of the bride, wore old rose Chantilly lace with matching accessories and pink carnations. The bridegroom's mother, Mrs. Mullen wore a light blue organza gown with royal blue accessories and a corsage of dark blue bachelor's buttons.

Thomas Mullen of Tewksbury was best man, and ushering were William Mullen and Henry Dempsey, both of Woburn, and Arvid H. Gustavson, Jr., of Lexington.

After a wedding journey to Cape Cod, Mr. and Mrs. Mullen will live in Tewksbury.

The bride is a graduate of Lowell Teachers College. Mr. Mullen, who is associated with his father in the Mullen Printing Corporation in Woburn, graduated from St. John's Preparatory School and from Boston University.

MUSICAL DIRECTOR

Miss Ruth Miller of 22 Myrtle street, a graduate of the Cambridge School and Bennington College, is musical director of the newly organized Summer Workshop of the Post's Theatre, at 24 Palmer street in Cambridge.

The second of the Workshop's summer series, "The Shoemaker's Prodigious Wife", opens Monday, July 19, continuing four days a week for two weeks.

The purpose of the Summer Workshop is to study and produce intelligent and entertaining plays from modern and classic repertoires which are often ignored by commercial groups.

LEONARD POOL OPEN

After being closed during the first part of the season to correct a slight seepage of sewage into the water used for bathing, Leonard Field Pool re-opened officially yesterday.

A number of improvements have been made with new sand and grading at the beach.

IMPORTANT NOTICE
TO STAR SUBSCRIBERS

The vacation season is at hand and Star subscribers who want their paper to follow them to the place where they are vacationing, please notify this office. The post office will no longer return your papers to us with forwarding addresses, so your paper will continue to go to your home address unless you personally notify us where you want it sent during your absence from town.

MISS OUIDA KIMBRO

Miss Ouida Kimbro of 40 Harvard street died Wednesday morning, July 14, at the Winchester Hospital after a three-week illness. She had not been in good health since being struck by an automobile in May of 1952, though she courageously carried on to the best of her ability.

Miss Kimbro was born September 15, 1897, in Atlanta, Ga. She had lived in Winchester since 1916 and was graduated from Boston Girls English High School and from Burdette's Business College.

She had been secretary to the late Judge Charles Williams of the Juvenile Court and later was secretary in the law office of the late Ralph E. Joslin in Boston from 1936 to 1943. In recent years she was employed as an instructor by Raytheon, retiring in 1949.

Miss Kimbro had been active in the Boston Presbyterian Church and St. Paul's Baptist Church. In Winchester she had been an ardent worker for the New Hope Baptist Church, being especially active in promoting the annual musicale and tea of the women's Flower Circle.

She was a member of the Republican Town Committee and enjoyed a wide circle of friends, her sterling character and willingness to be of service endearing her to all with whom she came in contact.

Miss Kimbro made her home with her mother, Mrs. Katherine Kimbro, who is her only survivor.

Funeral services will be conducted on this Friday afternoon at the New Hope Baptist Church at 2 o'clock by the pastor, Rev. Virgess Hill. Burial will be in Wildwood Cemetery.

FRUIT AND FLOWER MISSION

In spite of the fact that many gardens have suffered this year as a result of queer weather, the flower hampers are being filled every week. It is wonderful to see the assortments of bouquets that are taken to the station each Tuesday, between 8:30 and 9:00 a. m. to be filled by volunteers and sent free of charge on the Boston and Maine railroad.

The same gardeners remain faithful, and only rarely is a new donor in evidence. Miss Hattie Snow sends several huge baskets regularly, as does Miss Pauline Keen; between them they nearly supply an entire hamper with blooms.

If you have any flowers or garden produce to send, please call the Chairman for the week, who will call for them at your home if for any reason you cannot get them to the station. The Mission serves so many worthy people that even a few bright flowers can mean the difference between a little cheer and a deep disappointment.

If you are going away, and would like to offer weekly flowers, we will even pick them for you. In length of service is Mr. Damon's career outstanding. His untiring vigilance and extraordinary abilities have made him an exemplar for the entire railroad industry of what a Claim Agent should do and be."

RETIRED FROM B & M

Mr. Ralph T. Damon of 15 Bacon street, General Claim Agent of the Boston & Maine Railroad for the past forty years, retired on July 1. He had been with the railroad more than fifty-eight years.

Mr. Damon is well known in Winchester, having been a resident of the town for some forty years. Before moving to Bacon street he made his home on Everett avenue, and he is a long time member of the Winchester Country Club.

In commenting upon his retirement Mr. R. Jackson, General Counsel for the Railroad, said of Mr. Damon, "For years in length of service is Mr. Damon's career outstanding. His untiring vigilance and extraordinary abilities have made him an exemplar for the entire railroad industry of what a Claim Agent should do and be."

CADDY SLUGGED

YOUTHS GOT \$200 IN COUNTRY CLUB HOLDUP

A caddy was slugged and a cash-box containing \$200 was taken from him by two youths Wednesday forenoon in a holdup at the Winchester Country Club.

The caddy, Paul Girardin, had been sent with the cash-box from the Professional's Shop to the Caddy Shop by Caddy Master James O'Brien. The money was to be used to pay off the caddies that day.

Of the \$200 in the box, \$130 was in bills and the remainder in coin. After dispatching the caddy, Mr. O'Brien called the Caddy Shop to inform them that the boy's coming and to have two caddies meet him on the way.

Before Girardin met the boys coming to meet him he had to pass some woods and as he approached this spot he noticed two youths, strangers to him, seated there.

As he passed them Girardin was slugged on the head from behind by the youths who took the money-box and made good their escape. Girardin was stunned but was not completely knocked out and a physician among the club members who happened to be at the club stated that he was not badly hurt.

Girardin was not sure what was used to slug him, but believed it was a piece of pipe. From the nature of the bruise on his head it was difficult to tell what was used.

An immediate alarm was telephoned from the club to both the Arlington and Winchester Police Departments, since the Country Club is located in both towns. The entire holdup however took place in Arlington, and Officer Francis Tranchita confined his efforts to assisting the Arlington officers and in searching the neighborhood for suspects.

A description of the two youths has been broadcast and local police departments alerted in an effort to locate them.

MRS. THOMAS F. TUOHY

Mrs. Thomas F. Tuohy of 16 Pierpont road, widow of Thomas F. Tuohy, died Monday, July 12, at the Winchester Hospital after an illness of several months. Previously a resident of Springfield, she lived in Winchester for the past six years and was a member of the Parker Hospital in New York.

Mrs. Tuohy was a graduate of Mercy Hospital in Springfield and at the time of her marriage was supervisor of nurses at the Willard Parker Hospital in New York.

During World War II she served as chairman of the Committee of Mothers of American Sons to secure furnishings for the recreation center at Westover Field. She was also a member of the American Red Cross, Motion Picture Council in Springfield and Winchester Chapter, Guild of the Infant Saviour.

Mrs. Tuohy leaves two daughters, Mrs. Jane McLaughlin and Mrs. A. S. LaPointe, both of Winchester; five grandchildren; a brother, William Callaghan of Turner's Falls, N. Y.; and five sisters. Her only son, Thomas F. Tuohy, Jr., died while in the service.

The funeral and interment took place on Thursday in Springfield.

MRS. NELLIE E. FLANAGAN

Mrs. Nellie E. Flanagan, wife of Patrick F. Flanagan of 930 Main street, died Thursday, July 8, at the Winchester Hospital, following a two-week illness. She was 67 years old and widely known among old residents of the North End.

Mrs. Flanagan was the daughter of Jeremiah and Mary (O'Leary) Collins. She was a native of County Cork, Ireland, but had made her home in the North End for the past 35 years, and was a member of the Ladies Sodality of the Immaculate Conception Church. Her husband has been for many years chauffeur for the J. B. Lord family of Pine street.

Besides her husband she leaves a sister, Mrs. Timothy Canty of Schaunavon, Saskatchewan, Canada; a brother, Michael Collins, and another sister, Mrs. Marge Ryan, both living in County Cork, Ireland.

The funeral was held Saturday morning from the Lane Funeral Home with solemn requiem high mass celebrated at the Immaculate Conception Church. The pastor, Rev. Fr. Herbert K. A. Driscoll, was celebrant; Rev. Fr. Stephen Burke, deacon; and Rev. Fr. Mark Conkley, subdeacon. Burial was in Holy Cross Cemetery, Malden.

THOMAS WILLIAM CONLON

Thomas William Conlon of 54 Canal street, proprietor of Conlon's Auto Service at 972 Main street, and a veteran of World War I, died Sunday morning, July 11, at the Winchester Hospital. He was 64 years old and had been ill for the past 16 years.

Mr. Conlon was the son of Patrick and Mary (Forney) Conlon. He was born November 8, 1890, in Woburn and grew up in the South End of that city, attending the Woburn schools and as a young man being one of the most active members of the South End Social Club.

Mr. Conlon came with his family from Woburn to Border street in Winchester in 1914. He married the former Frances Noonan of Winchester, February 6, 1918, and following his marriage had lived at his Canal street address. He conducted the auto repair and gas station business known as Conlon's Auto Service as long as his health permitted and was proprietor of the business at the time of his death.

During World War I Mr. Conlon enlisted in the Army and served in France as a Corporal with H. Company, 305th Regiment of the 77th New York Division, being wounded and gassed in one of the battles of the Marne. He was a member of Qualey Court, M.C.O.F., of Woburn; Winchester Post, 97, of the American Legion; and Aberjona Post, 3719, Veterans of Foreign Wars. He was a past member of Winchester Council, 210, Knights of Columbus; and of Winchester Lodge, 1445, B.P.O.E.

Mr. Conlon is survived by his wife by two sons, Thomas William, Jr., major, U.S.M.C., stationed at Opa Locka, Fla.; and Robert F. Conlon of Winchester, an employee of the Winchester Water Department. He also leaves a daughter, Mrs. Conlon, 3rd; a sister, Mrs. Mary Conlon Neagle of Winchester; and a brother, Arthur J. Conlon of Boston, former Harvard baseball star and big league shortstop with the old Boston Braves.

The funeral was held Tuesday morning from the late residence with high mass of requiem celebrated at the Immaculate Conception Church by Rev. Fr. Mark Conkley. Military honors were accorded by Winchester Post, 97, A. L., under Commander Joseph McKee, and Aberjona Post, 3719, V. F. W., under Commander Clemens Landwehr. Interment was in Wildwood Cemetery, where three volleys were fired and taps were blown by a firing squad and bugler from Fort Banks.

LITTLE LEAGUE
ALL STARS ANNOUNCED

The Winchester Little League All-Tournament team will play its first game at Woburn on July 28 against the Woburn All-Tournament team. Arthur Johns, manager of the championship All-Tournament team, a year ago that went to the District finals before losing.

This year's All-Tournament team does not possess the power of that of a year ago but will be a hard team to beat with their excellent pitching and strong defensive play. Johns and Peckham have all next week to work with their charges and do any necessary experimenting to prepare the strongest possible line-up.

This capable and hard-working pair can be depended upon to get the maximum out of the material on hand and no team will outsmart them.

At a meeting of the managers of the four teams last week with President Ted Bartlett and Player's Agent Ken Hall, the All-Tournament team was selected and is announced as follows:

Mike Bellino, Yanks
Peter Branch, Yanks
John Carroll, Braves
Paul DeRossi, Dodgers
Roger DeMinico, Red Sox
Vandy French, Dodgers
Gardner Gray, Red Sox
Dana Kelly, Yanks
Frank Leverone, Braves
Douglas Martell, Braves
Stephen Powers, Dodgers
William Smith, Dodgers
Danny Serikie, Braves
Anthony Tofuri, Red Sox
James Towle, Dodgers

Although selected for the All-Tournament team, Jimmy Towle will be unavailable for Tournament play and a fifteenth player was selected to make up the 14 player squad permitted under the Tournament rules. It is interesting to note that the championship Dodgers placed five players, the Braves four, the Red Sox and the Yanks three each. Nine of these boys are twelve years of age and will be completing their Little League careers in this Tournament. Five of the others are 11 years old and have another year of Little League ball while Mike Bellino is distinguished as the only 10-year old player on the squad.

ENGAGEMENT

Mr. and Mrs. Celestino Vozzella of 1 Winter street, announce the engagement of their daughter, Josephine A. to Mr. Ignatius F. Scallisi, son of Mrs. Lena Scallisi of Boston.

Miss Vozzella, a graduate of Winchester High School class of 1949, is employed at Braman, Dow & Co. of Boston.

Mr. Scallisi is a graduate of Bentley School of Accounting and Finance, and is employed by Spadco Tire and Supply Co. of Malden as an accountant.

ARRANGED FOR
MANCHESTER FIELD JULY 22

Arrangements are practically complete for the big Midsummer's "Jamboree" being sponsored by the Holy Name Society of the Immaculate Conception Parish and to be staged on Manchester Field Thursday evening, July 22, with a stellar program commencing at 6:30 and featuring a baseball game under lights between the Georgia Chain Gang, a feature of Mayor Hines' Boston Field Day at Fenway Park, and the Winchester "Merchants," a team composed of high school college players from Winchester and Woburn. Vern Slack, "Jockey" Serikie, Joe Bellino, Don Kenton, Leo Williams, Jake Chisholm, Stowell Symmes, of Winchester, and Joe Castiglione of Woburn are among the "Merchant's" players.

Promptly at 6:30 p. m. the program will get under way with a softball game between an all-star team of the Holy Name Society Softball League and a team of Winchester all-star players.

Winchester will take the field with Marty Joyce of the Vets or Freddie Kimball of Monson's pitcher, Louis Fritz of the Army or Joe Noonan of Monson's behind the plate, Willie Fiore (SOI) at first, Al Plummer (VFW) at second, Frank Gangi (SOI) at third, Sam Tibauda (SOI) or Jack Tarbell (Monson's) at short, Sam Bellino (SOI) in left, Sonny Crowley (Fitzgerald's) in center, and Al Tibauda (SOI) or Tim Connors (VFW) in right. Extras are Richie Ponto (SOI) and Charlie Disila (Jokers).

Paul Connors, the old pro, of the V.F.W., and Charlie Tofuri of Fitzgerald's will be the local coaches, with the one-armed "Hero" Procopio managing the team. Robert Kone is water boy and the umpires will be "Mex" Kelley and Jeff Gaudioso.

This game is itself should attract a big crowd to the field, and when you add to this the baseball game, first under lights in Winchester, if memory serves, a concert and drill by those champions of the Immaculate Conception Queensmen and Queensettes, you really put it on.

Besides these features there will be entertainment by Noreen Johnson, featured Winchester High School girl swimmer, the inimitable O'Rourke Brothers, Phil and Ted, song and quip men par excellence, and by Woburn's favorite singer, Billy Catania.

Valuable awards are to be given away hourly just to keep interest at a high pitch and anyone missing the Jamboree will miss one of the best outdoor shows in Winchester for years. In the event of the Jamboree will be postponed one week to July 29.

A. WILLIAM ROONEY

Alfred William Rooney, better known in Winchester as William Rooney, or familiarly as "Billy" Rooney, died Friday, July 9, at his home on Willow street in Reading. Born June 11, 1875, in Medford, Mr. Rooney came with his parents to Winchester in 1880 as a boy of five years. He grew up in town and as a young man enjoyed a wide reputation as a baseball player and pitcher. He was for some years in the early nineteen hundreds in business in town as proprietor of the Winchester News Company, handling daily papers and sporting goods. The store in those days was located on Main street in a part of the premises now occupied by the Splendid Lunch. Many a Winchester man now buying sporting goods for his own children and grandchildren, got his own first baseball glove or bat from "Billy" Rooney's Sporting Goods Company, and the "Junior League" baseball he sold for a quarter in those days was very popular with the boys about town.

Besides the attention he gave to his store, he was also a writer. Mr. Rooney also published for a time his own paper, "The Winchester News," and he also represented the Boston Globe as a reporter. For some years he was outfitter for the Winchester High School athletic teams.

Mr. Rooney made his home in Winchester during his last years in town on Walnut street. Previously he had lived on Main street. He left Winchester to take up residence in Reading more than 25 years ago. Until his retirement, he had been long in the employ of the Boston & Maine Railroad in the claims department.

Mr. Rooney's wife, the former Harriet Colbert of Arlington, died in 1939. He leaves two sons, William F. of Stamford, Conn., and Robert C. Rooney of Reading, with whom he made his home, also a brother, Edwin R. Rooney of this town.

The funeral took place Monday morning from the Joseph Doherty Funeral Home in Reading with requiem high mass at St. Agnes Church in Reading. Burial was in Calvary Cemetery.

MRS. LOUISE COOPER

Mrs. Louise (Doway) Cooper, a long-time resident of New Haven, Connecticut, died at her home there on July 7 after an illness of several months. She was 76 years old. Funeral services will be held at the Walker Funeral Home, and interment was in Eastlawn Cemetery at East Haven.

A native of New York City, Mrs. Cooper was the daughter of Frank and Florence Doway. Besides her husband, Edward A. Cooper, she is survived by a daughter, Mrs. L. V. Collins, of Scarsdale, N. Y.; three sons, William Hyatt Cooper of New York City; John H. Cooper, of Houston, Tex.; F. Meredith Cooper, of Winchester; and by ten grandchildren.

N.E.A.A.U. MEET TOMORROW

SPONSORED BY PARK DEPT.,
DIRECTED BY RED CROSS

Tomorrow afternoon, Saturday, July 17th, at 2:30 p. m., a New England A.A.A.U. swimming meet will be held at Palmer Beach. Many of New England's finest swimmers will compete in events designed to bring out the maximum in skill and endurance. For the first time in two years Winchesterites will be privileged to enjoy an exhibition of swimming which is beyond the imagination of most of us. Winchester parents and children should make a point of seeing just how proficient boys and girls can become who take advantage of the splendid opportunities offered them free of charge by the Red Cross to build up their prowess in this most important of all sports. There will be no admission charge, since the meet is sponsored by the Winchester Park Department. Activities will be under the direction of Mr. Joseph Burns, director of water safety for the Winchester Red Cross.

There will be two New England championship events, both for women, the N.E.A.A.U. Jr. 200-metre individual medley and the N.E.A.A.U. 200-metre medley relay. In addition there will be two open 100-metre freestyle events for men and women. A special 50-metre freestyle race will also be held for Winchester boys and girls 14 years of age and under, from which out-of-town competitors will be excluded. A.A.A.U. championship medals, trophies and Park Department medals will be awarded for each event.

Out-of-town individual girl swimmers expected to make strong showings are Jeanne Gilman (Metropolitan Swimming Club), Virginia Smithers and Lorraine Anderson (Whitinsville), Sandra Gauthier (Worcester Aqua Mails), and Claire Stravinsky (South Boston Girls' Club). At least two of these girls are New England standouts and have an excellent chance of representing the United States in the next Olympic games to be held in Australia in 1956.

Some of the stronger relay teams appearing will be the Providence Central, the Worcester Aqua Mails, South Boston Girls' Club, Metropolitan Swimming Club and the Whitinsville Swimming Association.

Nancy Donaghy and Noreen Johnson, Winchester's ace girl swimmers, are expected to make the best individual showings for the School girls' swimming club. Noreen, who is New England Jr. 400-metre freestyle champion, should have an excellent opportunity in the open 100-metre freestyle.

(Continued on Page 4)

MICHAEL J. DONOVAN

Michael J. Donovan of 77 Woodside road, died Sunday morning, July 11, at his home after an illness of six weeks.

Mr. Donovan was the son of Daniel J. and Catherine (O'Connell) Donovan. He was born in County Cork, Ireland, January 1, 1864, but came to this country as a young man, and for more than 50 years had made his home in Winchester, being well known among older residents of the town. During his active life he followed the trade of a leather worker, but in recent years he had been retired. He had lived on Woodside road for the past 25 years.

Mr. Donovan leaves his wife, the former Annie Terry; two daughters, Mrs. Thomas Burke of Woburn and Miss Mary E. Donovan of Winchester; and John F. Donovan of Malden; eight grandchildren, 17 great-grandchildren and a brother, John F. Donovan, living in Connecticut.

A funeral was held Wednesday morning from the late residence with solemn requiem high mass celebrated at the Immaculate Conception Church. Burial was in Calvary Cemetery.

RELOCATING
TELEPHONE CONDUITS

The center saw the first of the coming alterations in connection with the erection of the overhead tracks when the telephone conduits on Monday commenced the job of relocating underground conduits. Compressors and a mechanical shovel with a large crew of men commenced operations at the bus stop at the corner of Church and Common streets opposite the Star building.

The work was made necessary because of the fact that the temporary trestle to be held under lights at the center would block the present installations. As a consequence the conduits will be run eastward from their present location under the railroad tracks to a point at Main and Mt. Vernon streets. From that point the conduits will be run back under the northerly track crossing to a point in upper Main street at Vine street.

The foreman in charge of the work, which is proceeding rapidly, stated that it would not be necessary to completely close Common street, and that the work most likely to affect traffic will be done on Sunday.

UNION SUMMER SERVICES

The Union Summer Service next Sunday, July 18, will be held in the First Baptist Church. Rev. Walter Lee Bailey will preach on the subject "The Gods We Worship."

Members of the teaching staff of the Tropical Paint and Oil Company, manufacturers of heavy duty maintenance products. He became exclusive distributor for company products in this territory in 1951.

ELLIOTT CONTEST WINNER

Mr. Theodore H. Elliott of Herick street, after establishing a commanding lead, was the final winner of his New England Division of the annual June Sales Contest of the Tropical Paint and Oil Company, manufacturers of heavy duty maintenance products. He became exclusive distributor for company products in this territory in 1951.

MRS. ROBERT J. MAIETTA

MAIETTA — ERSKINE

Only members of the immediate families attended the marriage of Miss Andrea Erskine, daughter of Mr. and Mrs. Hugh J. Erskine of 41 Lake street, to Robert J. Maietta, son of Dr. and Mrs. Angelo L. Maietta of 408 Main street, on Sunday afternoon, July 11. The 3 o'clock ceremony, which took place at St. Mary's Church, was performed by Rev. Martin J. Dolphin, and was followed by a family reception at the home of the bride's parents.

Miss Erskine was attended by Miss Eunice Maietta of Winchester, sister of the bridegroom, and Frank Van Ummersen, 3rd, of Winchester, was Mr. Maietta's best man.

The bride wore a white linen suit with matching hat and carried a prayer book adorned with white roses and Stephanotis. Miss Maietta wore a flowered yellow organza dress with matching hat and a corsage of talisman roses.

Mr. Maietta and his bride went to Maine for their wedding journey. Upon their return the bridegroom will enter the Army on July 20.

The bride is a graduate of Winchester High School, class of 1954. Mr. Maietta prepared at Boston College High School and was graduated this year from Holy Cross College with the Bachelor of Arts degree.

DRUM CORPS
AND DRILL TEAM NEWS

The members of the Immaculate Conception Drum and Bugle Corps and Girls' Drill Team wish to thank all who donated to their recent tag days. The local merchants as well as the townspeople of both Winchester and Woburn were most generous to these championship units and each individual member is very grateful for this support.

On Saturday morning, July 10, the drum corps were booked for a competition and parade held at Somersworth, N. H., as part of the bi-centennial celebration held in that city. The local unit again won first prize at the competition.

They were the only junior corps competing in an "open" competition covering senior and junior corps in one class. They topped the "Clippers" of Salem, Mass., by eight and one-quarter points.

Many units were in the competition but true to form, the "Queensmen" showed how a championship unit performs under "tough" competition.

On Sunday, July 11, both units traveled to Waltham and gave a concert and exhibition at one of the large state hospitals. This is a yearly "good deed" performed by the group for the benefit of those at the hospital.

The units will travel to Braintree on next Saturday evening for a competition to be held under lights at Hollis Memorial Stadium. They will also be a feature at the Jamboree to be held at Manchester Field on July 22.

Here is a chance to the "champs" in action before they leave for Philadelphia, where they will enter in competition with the top corps and drill teams of the country at the V. F. W. National Convention competition.

MRS. MARY D. LYNCH

Mrs. Mary Degnan Lynch, widow of Andrew J. Lynch, and for more than half a century a resident of Winchester, died Sunday morning, July 11, at her home, 53 Grove place, after a long illness. She had only recently returned after 14 weeks at the Winchester Hospital.

Mrs. Lynch was the daughter of Patrick and Sarah (Polan) Degnan. She was born in Galway, Ireland, January 5, 1878, but came to this country as a young woman, settling in Winchester and being married here August 24, 1906. Her husband, for many years an employee of the Beegs & Cobb Company, died eight years ago.

Mrs. Lynch leaves

TOWN SOFTBALL LEAGUE

Standing as of July 13

Sons of Italy	11	3
Fitzgeralds	9	5
V. F. W.	8	5
Monsons	7	6
Army	3	7
Jokers	1	13

Competition in the Town Softball League is really becoming keen with one-run decisions and extra-inning contests becoming the rule rather than the exception. The Sons of Italy took a nine-inning 7-5 victory from the Fitzgeralds and once again it was Roy Penta, president of the Star Lumber Co., who saved the game for the Sons. With the Sons trailing 4-2 in the last of the seventh with two out, Penta hammered out a two-run homer to tie the score. The Sons scored once in the top of the eighth but Manager Charlie Tofuri tied it with a round-tripper with two out in the bottom of the eighth. Sam Bellino's double and Hokey Procopio's single accounted for two runs in the ninth for a nice victory for the Sons but a tough decision for "Skitchy" Fiore to lose.

The Fitzgeralds won two games by one run during the past week, however, to compensate for the loss to the Sons. They nosed out the Jokers 8-7 and edged the Monsons 7-6 in a game that was protested by the Monsons but disallowed by Director Ted Bartlett. The Monsons squeezed past the Army 8-7 in nine innings, scoring the winning run when Jim Cogan doubled, was sacrificed to third, and scored on a long fly-out by Jack Tarbell. The Jokers lost a second extra-inning contest when they were tied 3-3 at the end of seven innings by the Sons of Italy but the latter scored five times in the eighth to win 13-9. The V. F. W. showed that they are ready for the playoffs when they beat the Sons of Italy 11-7 behind the pitching of Bobby Saunders. The Vets hit hard and looked like they were back in stride with the addition of Arthur Johns and Jocko Serika. Johns collected five-for-five against the Sons while Serika batted out two home runs, good for four runs, as the Vets beat the Monsons 7-2 in a well played game. Earlier in the week the Vets lost to the Army 8-5 when Marty Joyce filled the bases with three straight passes and Josephson doubled to drive home three runs. The Army team annexed three victories in four contests last week to indicate that they are ready to move up in the standings.

Next Week's Schedule

Tonight, July 16
Jokers vs. Army (West Side)

Monday, July 19
Monsons vs. Sons of Italy (West Side)

Army vs. Fitzgeralds (Leonard)

Tuesday, July 20
V. F. W. vs. Jokers (West Side)

Monsons vs. Army (Leonard)

Wednesday, July 21
Jokers vs. Sons of Italy (West Side)

V. F. W. vs. Army (Leonard)

Friday, July 23
Monsons vs. Fitzgeralds (West Side)

V. F. W. vs. Army (Leonard)

Did you know that social security insures 4 out of 5 mothers and children? Yes, social security provides protection to most families in the event of the death of the breadwinner. You can obtain more information about what social security means to you and your family from your local social security office.

LEGION DEFEATS WOBURN FOR TITLE

John Chapin pitched his fifth successive victory against Woburn on Tuesday evening to land the Winchester Legion in top place for zone 5 of the Middlesex County Championship. Waterbury leading the County at this writing has two games to play and losses in those games could put Winchester in with a tie for the County leadership, which would mean play-offs for the Middlesex League leadership, probably to be played starting Sunday if necessary.

However, it is definite that Winchester will start in the Department Championship Playoff of the First Series with the opponent and place unknown at this time. These play-offs start next Tuesday and it is likely that the Winchester opponents will be the Stoughton Post Team as at present they lead their zone 6A. Since it is definite that the play-offs start Tuesday, those interested in providing transportation should meet at Manchester Field about 4:00 p. m. on that day as this transportation will be highly appreciated.

Coming back to the Woburn game, Winchester scored three in the second frame when Farrell walked, Callahan was hit by a pitched ball, Chapin fanned and Q. Roberts hit safely to right to score Farrell and Callahan. Quill reached on an error that crossed Q. Roberts with the third tally.

In the third Woburn scored twice on two hits and two errors. Woburn then scored the tying run in the sixth on two walks and a double.

Winchester then came back in the seventh to score the fourth and tie-breaking run. Quill opened with a single and scored when Haggerty reached on a hit and an error that followed.

Bob Haggerty and Joe Bellino were the big stickers for the winners with two hits each. Bellino nailed Foley for two doubles to his credit.

The Summary:

	Woburn	Winchester
Haggerty, lf	ab	po
McDonald, 2b	4	0
Bellino, c	4	0
Kneeland, cf	3	0
Farrell, ss	1	0
Callahan, 1b	2	0

BEARS UPSET RAMS

WIN GAVE LIONS SECOND HALF TITLE

As a result of the upset victory of the Bears over the Rams last Tuesday evening, the Lions are the second-half winners of the Little League farm teams. The Lions will now meet the Rams, winners of the first half, in a two-out-of-three series to determine the championship of the minor league. The games will be played next Monday, Wednesday and Friday evenings on the regular Little League diamond, with all the regular Little League facilities available.

The Rams and the Lions have met four times during the regular schedule, with the Rams winning three of these four contests. No man in his right mind, however, would pick the Rams to win on this basis, for the two teams are as evenly matched as possible, with the breaks to decide the eventual winner. Lester Hall of the Rams and Jack Page of the Lions have done a tremendous job with these youngsters and their improvement during the season has been remarkable.

Regular Little League fans will want to see these teams in action, for they have been aware from the noise and enthusiasm coming from the south end of Ginn Field what a great show is put on by these youngsters. Many evenings it appeared that the farm-team spectators matched the major league in number and certainly enjoyed the exploits of their favorites. The Rams are sponsored by Hevey's Pharmacy and the Lions by McCormack's Apothecary, which makes it an all-drug-store final.

LIONS HAD COOK-OUT

The newly organized Winchester Lions Club held its first cookout last evening with the roars of the assembled members emanating from 163 Cambridge street. Gathered beasts feasted on barbecued specialties and thoroughly enjoyed the good time arranged by Fred Hill, chairman of the program and entertainment committee of the club.

Visiting Lions from Woburn were Frank D. Panfilo, past president of the Woburn Club; Zone Chairman Robert Foster and Deputy District Governor Donald Nett.

Members are urged to watch for a News Safety Program which is coming soon!

WINCHESTER LEGION 10,
WATERTOWN 2

The Winchester Legion bounced back from the Medford loss to knock off Watertown 10-2 last Friday night at Manchester Field for the final game of the regular season at home.

John Chapin came through in fine fashion for his comeback and allowed five hits, fanned four and walked six while getting a hit and scoring two runs himself.

Picture Framing
at
Winslow Press
on
Common Street

The big inning for Winchester was the fourth when scoring seven times. Farrell, Q. Roberts, and Chapin were walked to load the bases. R. Roberts hit safely to tally Farrell and Q. Roberts. Quill flied out to deep left to score Chapin after the catch. Haggerty with MacDonald reached on four balls and Bellino scored Haggerty with a single to center. Kneeland then came to the plate to hit a home-run to score Bellino and R. Roberts ahead of him.

YANKS SWAMPED BRAVES

The Yanks really clobbered the Braves in a Little League ballgame on Ginn Field last Thursday evening, winning by the football score of 20-3.

Seventeen bases on balls combined with 10 hits paid off for the winners as each team made four errors. Capodilupo gave the Braves only four hits. The summary:

REGATTA DIRECTOR

Mr. E. Ober Pride of 37 Foxcroft road is in charge of the Cape Ann Yacht Racing Association's annual regatta, to be held off Crane's Beach Saturday and Sunday, July 17-18, under the joint sponsorship of the Ipswich Bay, and Conomo Point Yacht Clubs. Mr. Pride is president of the Cape Ann Yacht Racing Association and treasurer of the Boston Yacht Club. He has been a summer resident of Conomo Point for many years.

LEGION 4-1 OVER READING

Monday the Winchester Legion baseball team traveled to Reading and came out on top, 4-1, with Sullivan on the mound. In his six innings of pitching, Sullivan fanned three, gave up six bases on balls and allowed six hits.

Winchester scored two in the fourth when Bellino opened by walking. Kneeland knocked him in with a long triple to center. Farrell walked. Q. Roberts fanned. Kneeland scored on a wild pitch before Sullivan grounded out and Winchester went ahead 2-1, a lead that was not relinquished.

AT FORT EUSTIS

Cadet Robert C. Burr of 50 Glen road, a Junior at Bowdoin College is attending a six-week ROTC Summer Camp at Fort Eustis, Virginia, which will terminate July 30, 1954.

Cadet Burr, is participating in a variety of field exercises designed to develop his leadership ability and increase his technical knowledge of the Transportation Corps. Activities such as Convoy Operations, stevedoring, amphibious and rail operations will be stressed during Cadet Burr's training period. He will also participate in Air and Helicopter operations, mine warfare, weapon familiarization and individual marksmanship.

WEENIE ROAST

Residents of the building known as Cullen's Block on upper Main street, gathered for a weenie roast the night before the Fourth.

Thirty children were served with hot dogs, potato chips, punch, ice cream and watermelon at 5:30, games and a general good time following the refreshments until 9 o'clock.

With the children safely tucked away, the adult residents of the block with their guests, some 25 in all, had their collation and fun. Mary Thorne was in charge of arrangements for both parties and was warmly praised by all who attended for the success of her efforts.

ON TOUR OF DUTY

Lt. Col. Joseph E. Flaherty, USAF, of Ridgefield road, left July 10 for a two weeks tour of duty at Camp Drum, N. Y.

Col. Flaherty saw service with the Quartermaster Corps in the Asiatic Theatre during World War II, this being his first tour of duty since his discharge. He is a former Winchester High and Norwich football star.

LEAVING FOR MILITARY SERVICE

Robert J. Maletta, son of Dr. and Mrs. A. L. Maletta of 408 Main street, was honored at a farewell party at the Winchester Country Club prior to his departure for military service on July 20.

Robert attended Boston College High School and this past June graduated from Holy Cross College with an A. B. degree. During his undergraduate years at Holy Cross, he participated in intramural football and was a member of the varsity track team in which sport he won his varsity letter and track trophy. He is a member of the Varsity Club and the Holy Cross Club of Boston.

Robert is married to the former Andrea Erskine, daughter of Mr. and Mrs. Hugh Erskine of 41 Lake street.

BOAT CLUB NEWS

REGATTA WEEKEND

The Winchester Boat Club Invitational Snipe Regatta Weekend is the most thrilling event of the season to all snipe sailors. At least seven out-of-town boats will be arriving tonight and tomorrow morning to compete with the Winchester group. Four boats are expected from Wassagussset and Sea Cliff Yacht Clubs on Long Island Sound. Two have signed up from Cedar Point Yacht Club on the Connecticut shore and one from Massachusetts Bay Yacht Club in Quincy.

The Regatta schedule is as follows:

Saturday, July 17
a. m. Regatta Tune-Up Race
p. m. Regatta Race No. 1
6:30 p. m. Regatta Dinner for members of the snipe fleet and visiting sailors
8:30 p. m. Moonlight Square Dance for everyone.
The caller will be Dud Briggs

Sunday, July 18
a. m. Regatta Race No. 2
p. m. Regatta Race No. 3

Awards of trophies after final race

Race Results
Bob Higgins captured first place in both point score races last weekend. Rodney Long and Dawson Blamire came in for second and third positions, respectively, Saturday. Dawson Blamire and Jim Newman finished second and third, respectively, Sunday.

Herb Alderson is leading in the Junior races to date. There were two 2-lap races Monday in which seven competed. The victors in order were Herb Alderson, Peter Montminy, and Peter Freyer. Peter Montminy placed first in the 2-lap race Tuesday. Peter Freyer came in second, followed by Herb Alderson.

Coming Events
Rita Schmidt and Jean Mead will be hostesses at the Ladies' Dessert Bridge Party Wednesday, July 21 at 1:30 p. m.
There will be a buffet supper and outdoor movies at 7 p. m. Sunday, July 25.

WALSH IN WESTERN LEAGUE

A former Winchester boy, Charlie "Sarto" Walsh, who captained the Winchester High School football team of 1944, considered by many to be about the best in local history, despite a lack of championship honors, is playing professional baseball this summer with the Colorado Sky Sox of the Class A Western League.

Though better known in Winchester as a football player, "Sarto," after leaving town, blossomed into a real diamond star, at prep school and at Harvard, where he captained the 1952 team as catcher, winning the Dana Wingate Trophy as the most valuable player on the team.

Walsh, a good receiver, with a strong arm and a .292 batting average, was signed after graduation by the Chicago White Sox and farmed out for experience. The Colorado Sky Sox are a White Sox farm club, and Walsh has caught all but one of the club's 74 games.

Recently "Sarto" belted a two-run homer against Wichita, and he has three round trippers to his credit for the season. He comes by his baseball ability naturally enough, his father, "Doc" Walsh, having been one of Woburn's greatest infielders while in the spangles, playing after high school for Holy Cross, in the American Association and with the Chicago Cubs.

Coal underlies one quarter of the area of Colorado.

Biggest Buy!

Now that motorists are taking a closer look at value, there's a strong, new surge to Pontiac. These facts tell you why:

Pontiac is the biggest car in its field—the only one that gives you the solid feel and quality appearance of genuine fine-car length and weight. Its luxury is just as impressive—truly regal as befits this beautiful, king-sized Silver Streak. And performance is in a wonderful class of its own—smooth and quiet from take-off to top range . . . eager and spirited as a fine car ought to be . . . and reliable and economical in the world-famed Pontiac way.

That's a fast look at what you get. What you pay is the smallest price ever placed on a big, luxurious car—within a few dollars of the lowest! Come in, and find out how our liberal deal and Pontiac's high resale worth whittle even that low figure down to everybody's size!

Drive it
AND YOU'LL WANT IT!

This is the vacation season, and there are few towns where a larger percentage of residents are away from home through the summer. Empty houses are tempting to burglars, both amateur and professional, and though by comparison Winchester is fairly free of house breaks, we do have them, and in increasing numbers of late. This is to be expected. The rapid growth of the town in recent years with more and more people coming to town to shop, or going through the town in automobiles, makes such an increase inevitable. It is much harder for the police to protect unoccupied homes than it used to be, and everyone who is leaving town, even for a few days, should notify police headquarters of the fact so that special attention can be given their home in their absence. Provision should be made also to leave a key for the use of the authorities left with a neighbor, for often it is necessary to get into a locked-up house and a key saves damage to the property. Report your absence from town to the police, either leave a key with them or with a neighbor, and tell the police where such a key may be found. They will thank you for your cooperation, and in turn will afford your property better protection than is possible if they know nothing of your whereabouts. And a word to the neighbors! If you see anything suspicious, or even semi-suspicious about a house that is supposed to be locked up while the family is away from town, call the police at once. Let them investigate, when perhaps their investigation will be in time to prevent a break, or apprehend those trying to force an entrance. So often, while investigating a break, the police have been told, "I saw something I thought was funny going on at that house that night, but figured it probably was all right, and didn't want to bother you!" It will not bother the police to investigate any happening you think is "funny" around a house known to be shut for the summer, or just overnight. They will be glad to have you call them, and your call may save your neighbor money and enable the police to nab a burglar. So report anything you think is suspicious around your neighbor's closed home, and you people quitting town for a vacation, tell the police when you are going, and where!

OFF FOR ENGLAND!

(SPECIAL TO THE STAR)

July 10, 1954.

Editor of the Star:
The day of embarkation finally arrived, and we met at Commonwealth Pier accompanied by a large number of friends and relatives. Newsmen and reporters from leading Boston newspapers met us at the ship. Also included in this group was a photographer from WBZ-TV. It was hard to believe that we were actually going to appear on T. V.

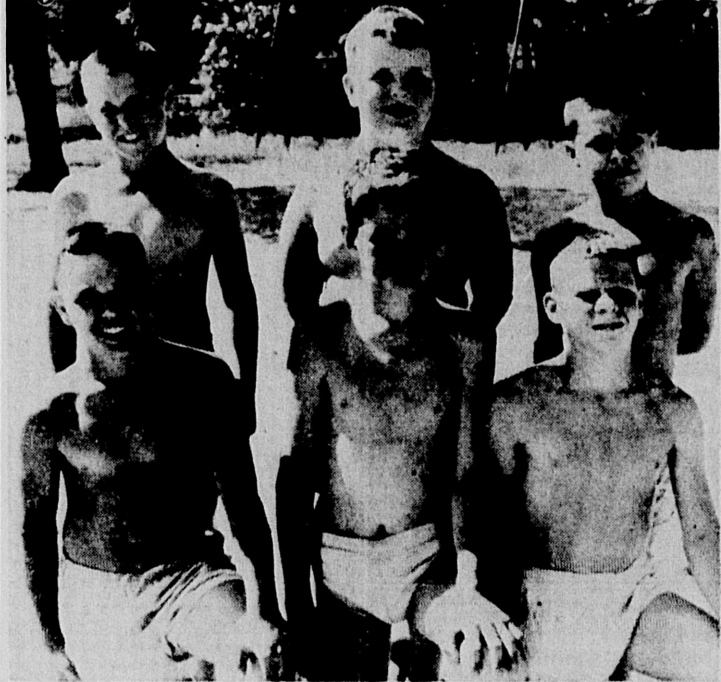

We had the honor of meeting Captain Georgiou and having our pictures taken with him in the wheelhouse.

Many activities are conducted during the day for the passengers of T. S. S. Neptunia. French and German lessons are given in the

WINCHESTER GIRLS IN N.E.A.A.A.U. MEET

WINCHESTER BOYS IN N.E.A.A.A.U. MEET

Representing Red Cross-sponsored Winchester Swimming Club at Palmer Beach. Left to right, standing: George Neville, Allan MacDougall, Richard Carter. Kneeling: Edward Carter, Charles Nease, David Dauphinais.

afternoon for all interested passengers. Recorded music is played during the day and concerts given in the afternoon.

We enjoy watching current motion pictures and dancing in the evening.

Monday morning at 10:15 a lifeboat drill was held for all passengers. Even though we certainly did look funny in our life jackets we all realized the importance of such a drill.

Monday evening while we were eating dinner the ship passed an iceberg 150 miles off the coast of Newfoundland. It was reported to be 250 feet high, nine tenths of it being under water.

Mrs. White was invited to cocktails in the Captain's quarter on Monday evening along with several professors and their wives. On Tuesday evening our other two leaders, Mrs. Betty Darou and Miss Joy Webber, were invited.

Wednesday and Thursday evenings the passengers' talent show was presented.

We had our first experience with the language barrier our first day at sea when Mrs. White was asking the deck steward for a mat.

The steward proceeded to speak very rapidly in German. Mrs. White listened intently and when he had finished speaking she looked at him with a rather puzzled expression on her face and said, "What?" It should be pointed out, however, that the steward was not speaking to Mrs. White but to a German woman standing behind her.

The seas have not been too rough, but as described by the Captain the ship has been turning and rolling.

Looking forward to docking at Southampton, we are Troup Four, Winchester Girl Scouts.

Madeline Derro, Scribe

Ed. Note: This is the first of a series of letters describing the travels abroad of the six members and three leaders of Troop 4, Winchester Girl Scouts.

ANOTHER LUCKY BOY!

Editor of the Star:
I was also one of the lucky boys to go to Boys' State. When I got back from seeing my aunt in the Berkshires, I found that Niles Nelson and the girls who went to Girls' State had written letters to the Star informing the people what it was about and giving their thanks

To these and to the anonymous donors we of the "Merchants" team owe a summer of enjoyment playing the great game of baseball. We greatly appreciate the chance you have given us to play ball and hope to see you all on next Thursday evening, when we play the Georgia Chain Gang on Manchester Field.

Ed. Note: The "Merchants" are playing the Georgia Chain Gang, a really colorful and strong team, as a part of the big Immaculate Conception Parish "Jamboree" next Thursday. Why not see what the boys can do baseballwise?

BE SATISFIED!

I'm glad for those who have new cars. I'm happy for the proud papas, I'm not too blue about my lot. Although finance has gone to pot!

The Congress me could help up hill By promptly passing that new Bill To aid the aged, well and ill. To keep more full the cooking pot, And guard themselves from senile rot!

I'd like to sit in bright sunshine And lazily just waste some time In writing some most harmless rhyme While groping for something sublime!

But I must work and cook and toil And cut the grass and till the soil. Making garrets, some quite funny. Others useful, worth some money!

In these ways I keep quite busy, Always sober, never dizzy! For man should always make the best Of what he has, be not depressed. Because some others have some more, Congratulate them, don't be sore!!

Robert F. Whitney

WOBBURN BOY CHOSEN

JOE CASTIGLIONE ON U. S. SANDLOT ALL-STARS

Joe Castiglione, who has just completed his sophomore year at Woburn High School, has been selected for the United States All-Star Sandlot Baseball Team that will play the New York All-Star Sandlot Team under the lights at the Polo Grounds in New York on August 11.

Castiglione, bulky little catcher, was selected by Bunny Corcoran after his fine showing as a member of the New England All-Stars against the Greater Boston All-Stars in the recent game between the two teams at Fenway Park.

Not only did Castiglione catch the entire game for the New England team, handling Dick Avery of Webster and Bill Monbouquette of Medford in good shape, but he also contributed a line double and a hit-and-run single that helped his team plenty. Incidentally both he and Monbouquette were chosen to go to New York.

Castiglione was chosen to play in the New England-Greater Boston game a year ago, but saw only limited service. He is the second Woburn boy to be chosen to go to New York, the peerless outfielder, Butch McLaughlin, having made the team as a sophomore in high school in 1950.

N.E.A.A.U. MEET TOMORROW

(Continued from Page 1)

Winchester's best chance for success appears to be in the 200-metre medley relay. Two strong relay teams will be entered under the colors of the Winchester Swimming Club. On paper, at least, Winchester should place no worse than second, and there is an excellent possibility for first. Both teams are exceedingly well balanced with plenty of power in each position. The tentative line-up is as follows:

Team A
Ann Neville, Backstroke
Nancy Donaghey, Breaststroke
Norven Johnson, Butterfly
Marguerite Johnson, Freestyle

Team B
Carleen Johnson, Backstroke
Mollie Devaney, Breaststroke
Sheryle McNeill, Butterfly
Jeanne Elliott, Freestyle

In the 200-metre individual medley Winchester will be represented by Nancy Donaghey, Marguerite Johnson and Ann Neville, which should be a good scoring trio. Norven Johnson and Betty Rowlingson will share the honors in the open 100-metre freestyle for women.

In the open 100-metre freestyle for men George "Whizzer" Whetton and Bob Lindsey can be relied upon to give an excellent account of themselves.

The meet will start promptly at 2:30 p. m. and the order of events will be as follows:

1. Women's N.E.A.A.U. Jr. 200 metre medley relay championship
2. Men's open 100-metre freestyle
3. 50-metre freestyle, boys 14 years and under (Winchester boys only)

4. Women's N.E.A.A.U. Jr. 200-metre individual medley championship
5. 50-metre freestyle girls 14 years and under (Winchester girls only)

6. Women's open 100-metre freestyle

Winchester boys and girls wishing to enter any of the events listed above should list their names immediately with Mr. Burns at Palmer Beach.

Adequate arrangements have been made by the Winchester Park Department to seat the large crowd that is expected to attend.

ROBERTSON HOOD EXECUTIVE

A Winchester man, James W. Robertson, who lives with his wife and two children at 21 Fairmount street, has just been appointed to the board of executives of H. P. Hood and Sons, according to an announcement made by Harvey P. Hood, president of the Hood company.

Robertson became a member of the Hood organization in 1927. He has been serving the company as assistant general manager of ice cream production since 1935. Prior to that he was plant superintendent of the company's ice cream plant in Springfield.

In his new position, as one of the top executives of the Hood company, the Winchester man will, in addition to other duties, have the responsibility for the operation of the company's ice cream plants in Springfield, New Haven, and New York State.

The Robertsons have a son, James 18, and a daughter, Jane, 17. James has just been graduated from Winchester High and is planning to enter Bowdoin College this fall.

The Hood executive is well-known locally where he is a Town Meeting Member. He is also widely known in ice cream circles throughout New England and was president of the Boston Chapter of the Society for Advancement of Management in 1949.

That strength, joy and healing result from a spiritual understanding of God as infinite Life will be brought forth at Christian Science services Sunday.

The following passage will be among "Life" is the Golden Text from Romans (6:13): "The gift of God is eternal life through Jesus Christ our Lord."

Selections to be read from "Science and Health" with Key to the Scriptures" by Mary Baker Eddy including the following (487:27): "The understanding that Life is God, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality."

The following passage will be among those read from the Bible (Psalms 118:14-17): "The Lord is my strength and song, and is become my salvation. I shall not die, but live, and declare the works of the Lord."

CARD OF THANKS

The family of the late Henry M. Longfield wish to express their appreciation to the many friends, neighbors, Boston & Maine associates and Knights of Columbus for their sympathy and remembrances.

DODGERS AGAIN

The front-running Dodgers turned back the Braves, 5-3, in a Little League game Monday evening on Ginn Field. French homered for the winners, and Serika tripled for the Braves. The summary:

PLAYGROUND NOTES

Two special events will spice the playground program next week. On Tuesday the first of the two Beach Days will be held at Crane's Beach in Ipswich. This is always a big attraction for the youngsters with more than 80 attending last year. Special buses will pick up the youngsters at 9:00 o'clock at the various playgrounds and will leave Ipswich at 4:00 p. m. for the return trip to Winchester. Those who are planning to attend are reminded that their transportation fee must be paid to their instructors by Monday noon.

The second special event will come on Friday afternoon when the first of two Play Days will be held at the Reading playgrounds. A special bus will transport three teams to Reading for the three contests that will be held with the Reading youngsters. The boys will always enjoy these Play Days and the opportunity they provide to compete with teams from other towns.

Registration on the four playgrounds continues to increase satisfactorily with 147 additional children being registered in the past two weeks. This brings the total to 778 which exceeds last year's all-time high of 727 and indicates that the total may reach 800 before the summer is over. Registration on the West Side Field have shown the greatest increase which reflects the splendid work being done at these playgrounds by Paula Lanigan, Sheila Gallivan, Rowe Gharardini and Dick Spaulding.

The arts and crafts program under the supervision of Jane DeBrigard is attracting a large number of these new youngsters. The special project for the week is the making of napkin holders and baskets from brilliantly colored crepe paper twisted into rafia. The badminton sets, the croquet sets, the paddle tennis, and the special games for the real young children are in constant use by the busy youngsters. Certainly the children of Winchester have a varied and attractive program at their disposal and the excellent attendance is clear cut proof that they are enjoying it.

In the intra-playground competition the Keatings beat the Sullivan 5-4 in senior baseball as Jim Fitzgerald scored the winning run in the last of the seventh on a hit by Dave Kinton as Bob Inniss was the winning pitcher in relief. The best Sid girls really upset the Loring avenue girls 6-5 in an extremely well played softball game. The winners scored twice in the last of the seventh to win with Mary Ann Moran banging out the vital hit and Jane Moran doing a great job on the mound for the winners.

The Ginn Field Intermediates drubbed Leonard Field 12-1 in a game featured by a triple play by Ginn Field started by Dana Kelly on a line drive off the bat of the Leonard Field pitcher. The Ginn Field smaller boys' softball team won a thrilling 12-1 game from Loring avenue as Bobby Donlon banged out two home runs while batting in five runs for the winners. Among all the exciting games of the week the 7-6 victory of the Leonard Field Juniors over the Ginn Field Juniors should not be overlooked. The hero of the Leonard victory was Paul Harrigan who singled with the bases full to drive home the winning run after John Peckham had tripled to send home two runs to tie the score in the top half of the final inning.

YANKS 20, DODGERS 1

Having won the league, Manager Art Johns tried out his eight year olds as pitchers and the Dodgers were on the short end of a 20-1 score with the Yanks.

TIGHTEN LAWS ON CHARITY SOLICITATIONS

On June 3rd, Governor Christian E. Herter signed legislation relating to the solicitation of funds for charitable purposes. This new law, Chapter 88, Section 17, is based on principles and provisions recommended by the Boston Better Business Bureau and becomes effective September 1, 1954.

The Boston Better Business Bureau estimates that up to 5 million dollars is taken from the public of Metropolitan Boston yearly in charity frauds and in charity solicitations, where only a small percentage of money collected ever reaches the charity. This does not include money wasted in advertising, sold on a charitable or semi-charitable appeal, in program books, year books and other publications.

Many communities have some form of control over charity solicitations by state laws or local ordinances. Until the above mentioned legislation, Massachusetts and the communities in Metropolitan Boston did not have effective control. The natural result was the pressure of the unscrupulous Massachusetts where they were able to operate and pocket up to 90% of the amount subscribed. Aware of the situation, the Massachusetts Legislature passed an act for the appointment of a committee to investigate fund raising campaigns. The committee held hearings at which the Better Business Bureau presented a mass of evidence exposing the abuses prevalent in Massachusetts.

Chapter 88 of the general laws has been amended by the addition of Section 17, relating to the solicitation of funds for charitable purposes. The main provisions that apply to professional promoters and professional (paid) solicitors and organizations for whom they solicit are:

1. No person (group of persons, firm, association or corporation) shall solicit funds for charitable purposes until such person provides information on forms to be provided by the office of the attorney general.

2. The information will be filed with the clerk of each city or town where such solicitation is to be conducted, and will be available to the public.

3. Information will include:

A. The identity of the person by whom or for whom the solicitation is to be conducted.

B. The purpose for which the funds solicited are to be used.

C. The period of time during which the solicitation is to be conducted.

D. A description of the method of solicitation in such detail as may be determined by the attorney general.

E. If by paid solicitors, in whole or in part, the basis of payment.

In cases where a promoter is employed, he shall file information similar to the above.

Within 90 days after the period of solicitation specified, any person engaged in soliciting funds as outlined above, must file information showing:

1. The gross amount of the funds (pledged or) collected.

2. The amount thereof given or to be given to the charitable purpose represented.

3. The aggregate amount paid and to be paid for the expenses of such solicitation.

4. The aggregate amount paid to solicitors and promoters.

Every person subject to the provisions of this section must keep full records which shall be open to inspection at all times by the attorney general.

There are penalties of fines or imprisonment for violations. The courts may enforce the provision of this section or restrain soliciting by violators.

In the case of a solicitation conducted in violation of the provisions of the act, by a firm, association or corporation, every officer or agent thereof who authorizes or conducts such solicitation are jointly and severally liable for the fine, together with the firm, association or corporation.

The section does not apply to solicitations conducted on behalf of religious organizations, non-profit charitable hospitals, or educational institutions incorporated in Massachusetts. There are a few other exceptions.

MEDFORD 12, WINCHESTER 10

Winchester lost a Junior Legion baseball game July 7 to Medford at Medford that had to be seen to believed. From the time Bobby Haggerty, leading off for the locals, hit the second pitch for a lust home run until the very last frame Winchester was in the driver's seat.

Combining nine hits with some sloppy Medford playing Winchester built up a 10-2 lead when Medford came to bat in the fifth inning. Winchester, on the mound for the locals, had allowed only one hit and it looked like a walk-away for Coach Provizano's boys, especially as they had themselves scored three big runs in the top of the frame.

You never can tell in baseball! Chapin walked the first batter, and the second hit safely to left, being thrown out at second trying to stretch the hit. The next batter skied out and there were two away with a runner on third. No very desperate situation with an eight-run lead.

Then it happened. An unsuccessful full swing and two walks filled the bases and accounted for one run, another walk forcing in a second. Coach Provizano tried vainly to steady his pitcher, but another walk forced in a third tally, and Sullivan relieved Chapin.

Sullivan walked the first two batters to face him, accounting for two more runs, with errors and another walk tying the score.

Kerrigan relieved Sullivan and two more walks put the tie-breaking run across. Kneeland was rushed in from center field to take over, but he, too, was a victim of wildness, passing the first man for another run before fanning the next batter to end the inning.

At this point the game was called for darkness and Winchester had lost what should have been an easy victory. The summary:

Coal is a flexible material and may readily be converted into many useful forms.

Sealed proposals for replacement of underground cable will be received at the Fire Chief's Office, Fire Station, Winchester, until 9:00 A. M., FRIDAY, JULY 23rd. Work to consist of the following:

1. Furnishing and installation of the following cables:

A 30 conductor lead covered cable to be installed in new ducts between manhole 42/1 east of the railroad to manhole 42/25 near the common and into a terminal at fire alarm box No. 21 nearby.

A 10 conductor lead covered cable to be installed in new ducts between manhole 42/1 to a manhole near the Shell Service Station and through existing ducts to fire alarm box No. 411 near Elmwood Avenue.

All cable runs to be in one piece from points listed. Work to be done in workmanlike manner and splice in cables at manhole 42/1 to be tested and protected with lead sleeve when complete.

Chart of completed installation to be furnished.

Service is to be maintained during construction. Old cable to be removed and turned over to Fire Department.

Further details may be obtained from the Chief of the Fire Department.

The Chief of the Fire Department reserves the right to reject any or all bids and to accept any bid deemed to be in the best interests of the TOWN OF WINCHESTER.

Winchester Fire Department by James E. Callahan Fire Chief

DODGERS LITTLE LEAGUE CHAMPS

SEVEN STRAIGHT ADDS SECOND HALF TO FIRST HALF WIN

With seven straight victories in the second half, the Dodgers have nailed down the 1954 championship of the Winchester Little League by winning both halves. Congratulations to Manager Arthur Johns, Coach Gordon Peckham, and the 15 Dodger players who performed so brilliantly all season. Their championship was clear cut and decisive with 15 victories and a tie in the 17 games played at this writing.

A major share of the credit for this championship must go to Manager Arthur Johns and Coach Gordon Peckham for their inspirational leadership and countless hours of painstaking work with these youngsters. Johns and Peckham would be the first to disclaim any such praise and refer it entirely to the boys and while partly true, their development of this group into the league's strongest team cannot be overlooked. The knowledge of baseball that these men imparted to the boys, the confidence they instilled in the boys that they could do what was demanded of them and the hustle and spirit displayed by the boys at all times, is a tribute to the exceptional coaching ability of these two men.

If the members of the Kiwanis Club of Winchester are seen around the center of town with their chests thrust out a little farther and their heads held a little higher, they must be pardoned for their pride in the accomplishment of these youngsters. In Paul DeRossi and Vandy French, the Dodgers possessed the strongest pitching staff in the league to account for most of their victories. Bill Smith, Steve Powers, Jimmy Towle, Dale Grinnell, Billy Bond, Bobby Freeman and Bobby Fallows were integral parts of the starting nine. Younger boys on the team who will be heard from in future years are Nelson Andersen, John Peckham, Tommy Johns, Ronald Keane, Phil Doherty and Eddie Hughes. Congratulations again to the Dodgers for a well deserved championship!

Winchester lost a Junior Legion baseball game July 7 to Medford at Medford that had to be seen to believed. From the time Bobby Hagg

TRIPLE CRASH ON BACON STREET

Three cars were involved in an accident on Bacon street near Cottage avenue last Friday afternoon at 5:30, resulting in damage to the cars involved and slight injuries to two of the motorists.

According to the police a Chevrolet sedan, driven by Kent M. Wright of 8 Stratford road, while headed north on Bacon street, stopped for a line of traffic. As he did so a Mercury sedan, driven by Anthony J. DeRossi of 4 Leonard street, Woburn, collided with the rear of the Chevrolet, while a Plymouth coupe, driven by Joan P. Sweetser of 20 Cabot street, collided with the rear of the Mercury.

The Chevrolet was damaged about the rear-end, and the Mercury sustained damage, both front and rear. The Plymouth was so extensively damaged about the front end it had to be towed to Haggerty's Garage.

Miss Sweetser, the operator of the Plymouth, complained of being shaken up, while Tom Costello, a passenger in the Mercury, complained of a head injury.

PRESENTING PONIES TO MORGAN CAMP

Mr. James L. Jenks, Jr., of 10 Niles lane is presenting two ponies to the Morgan Memorial Fresh Air Camp at South Athol, making it possible for the happy youngsters there to have free pony rides in addition to their other pleasures. A contest will be held among the children to choose names for the ponies with prizes to be awarded the authors of the names selected.

At the present time 400 persons ranging in ages from three years to 80 years of age are at the Morgan South Athol Camp for the entire summer. They come from more than 20 Boston social agencies.

Mr. Jenks, a member of the Morgan Memorial corporation is well known in Cambridge industrial circles as president of the Sanborn Company in that city.

West Virginia in 1953 used more than 42 million pounds of explosives in mining 132 million tons of bituminous coal.

G. M. PARADE

The General Motors Parade of Progress, a traveling "circus of science," opened a six-day free showing on the Boston Common starting at 7:30 p. m., Wednesday, July 14, it was announced here this week by GM officials.

The colorful show ran from 7:30 to 10 p. m. on opening day, and will run from 12:00 Noon to 10:00 p. m. daily through July 19.

Visitors to the scientific exposition will learn how research and science have contributed to our nation's progress, and how they offer even greater advances in the years ahead.

On the road, the parade travels in 38 red, white and silver vehicles, including 11 specially built exhibit vans called Futurliners.

It carries its own special big top, the Aerodrome. This tent is described as the only one of its type in the world, being suspended from above by aluminum alloy girders, rather than being propped up from within by poles.

The Parade of Progress stage show will be presented hourly in the huge tent, which is 152 feet long, 80 feet wide and 26 feet high, with a seating capacity of 1,250.

Most of the Parade's outside "court" exhibits are contained in the Futurliners. These 33-foot long streamlined coaches have 16-foot side panels which open to form stages and exhibit areas.

Exhibits are of three general types—lecture demonstrations, synchronized sound action, or animated exhibits, and audience-operated exhibits.

Since leaving Detroit a year ago April, the show has been presented in 52 cities to almost 3,000,000 people.

A crew of 55 highly-trained young men operate the show. They are not only showmen and lecturers, but they also drive the trucks and other vehicles on the road, and do all the other necessary jobs to keep the show running on schedule.

One of the show's most popular features is the main stage show in the Aerodrome tent. Here, in an actual laboratory demonstration, synthetic rubber is made in just a few seconds with no equipment but an old pop bottle. This is only one of a series of rapid-fire chemical demonstrations.

A tiny jet plane whooshes across the stage as jet power is explained, and the show closes as a "rocket ship" takes off into outer space.

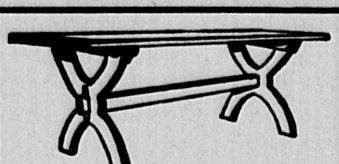

The lecturers demonstrate jet engines, principles of heat and cold, and other various scientific fundamentals such as friction and how precision instruments aid progress.

Beneath all of its circus glitter, the Parade of Progress has a serious purpose. It is aimed at bringing about a better understanding of American industry and its objectives.

Boston is one of four cities in Massachusetts which will see the show on its current tour. The others are Framingham, Springfield and Worcester.

ROTARY NOTES

Rotarians making their summer plans should keep in mind there will be no meetings of Winchester Rotary Thursday, August 19, or Thursday, August 26. Regular meetings will be held through the summer except on these dates.

No Compromise This Time !

It was over twenty years ago that he took title to his first motor car—and, since that time, he has owned and driven almost a dozen different automobiles.

And yet, every time he accepted the keys to a new car, he knew in his heart that it was a compromise.

For—like so many millions of his fellow men—he had his heart set on a Cadillac!

Well, there's no compromise this time! The magic moment has arrived. The papers are all in order... the keys are in his hand... and the car of his dreams is waiting for him to take the wheel.

It's his!

And, if you could ride with him on that

first journey, you'd know what it means to have a motoring dream come true.

You'd see excitement in his eyes as he rolls majestically through the city's traffic—and puts his Cadillac through its thrilling paces on the open road.

You'd see honest pride in his face as he sits, calmly and serenely in the driver's seat, and catches the admiring glances of his fellow motorists.

And you'd sense the joy in his heart as he turns down that familiar street and heads for the happiest homecoming of the year!

In short, you'd witness a motorist in his finest hour—living out an experience that has no counterpart in the world of trans-

portation. It is a thrill and an inspiration and an education—all rolled into one.

A friend of ours put it this way, after taking his inaugural ride in his first Cadillac. "There are two kinds of automobiles," he told us. "There are Cadillacs—and there are all the others."

Whether or not you've driven "all the others", we can't say. But of one thing we are certain: Until you've spent an hour in the driver's seat of a 1954 Cadillac, your motoring education is not complete.

Why not come in soon and do so? It would be a joy and a privilege to put you behind the wheel.

When you want a good used car, or a new Chevrolet, call Harry Bean, Mirak Chevrolet, Inc., Arlington 5-8000 or Winchester 6-0167.

Paul Flaherty, son of Mr. and Mrs. Joseph E. Flaherty of Ridgefield road, returned last week from the Winchester Hospital where he underwent an operation for hernia. The operation was successful and Paul is reported as getting along nicely.

Susan Hambley and Cynthia Dunn are spending the summer at Hidden Valley Camp in Laconia, N. H. Miss Hambley's mother, Mrs. Everett Hambley is vacationing at Camp Frank A. Day in Brookfield.

Among the Winchester youngsters at camp for the summer are Janet and Carol Fisher of Emerson road, who are at Camp Se-sa-ma-ca, Raymond, N. H.

Joseph J. Derrero, Jr., of Washington street, who graduated last month from North Carolina State University, has been commissioned a 2nd lieutenant in Quartermaster Corps of the United States Army Reserve.

There will be a representative of the Social Security office at the rear lobby of the Post Office every Monday at 10:30 a. m. to noon.

Last Friday evening residents of Wedge Pond road discovered a lot of anglers at the rear of their homes where fishing is forbidden by the Park Department. An investigation disclosed the fact that some one had removed the "No" from the "No Fishing Sign", making it read "Fishing Allowed". The Park Department superintendent gave orders for the erection of another correct sign.

The Fire Department had two alarms from Box 35 over the past week-end, both for fires at the town dump. The first came in at 8:58 Friday night, and the other at 10:35 the next day. Monday afternoon at 3:30 there was a grass fire on Summit avenue.

Two Winchester boys, George Tansey of Canal street, and Donald Kinton of Salem street, have been picked for tryouts with the Red Sox at Holyoke on July 22. Both are former Winchester High School baseball players.

For Fuel Oil. Phone Fitzgerald Fuel Co., Winchester 6-3000. 65-ft.

Mr. and Mrs. P. J. Bruno with their two daughters, Patylyn and Sandra Lee are vacationing at Lake Shore Park on Lake Winnepesaukee for six weeks and will be home Labor Day.

Mrs. Edith Bolster of the Winchester Arms is spending the summer in Europe.

Mrs. Ruth Porter, well known Winchester realtor, is in the hospital at Baddeck, N. S., recovering from torn knee ligaments sustained in a fall on a river bank while on a vacation fishing trip in Baddeck with her husband, Mr. Chester Porter. It is not known here how soon she will be able to return to business.

A Winchester man was in District Court this morning, charged with the Police with driving after his license had been suspended. He was fined \$50 and appealed to the Superior Court.

A man believed to be mentally ill appeared at the home of Dr. Milton J. Quinn on Church street Wednesday evening, shortly before 7 o'clock. The police were notified and Sgt. Reardon and Officer Boyle took the man to headquarters. An investigation disclosed he had escaped from the Veterans Hospital at Bedford and he was turned over to the authorities there.

The James J. Fitzgerald Contracting Company commenced preparing land at the corner of Mystic avenue and the Parkway for the erection of a house for the owner of the property, Mr. James J. Connolly. Mr. Connolly is now living in one of the apartments of the old F. J. O'Hara house, which he also owns and which is adjacent to where he will erect his new home.

Dan O'Donnell, Fred Morris and Oscar Johnson, well-known custodians at the high school, are now on vacation. Dan has been in New York this week, while Fred was planning some fishing trips and visits to the ballgames in Boston. Oscar is reported as in New Hampshire.

Robert A. Derrero, son of Police Lt. and Mrs. Joseph J. Derrero of Washington street, was among the Harvard freshmen students to make the Dean's List for the second semester last year. He is a graduate of Winchester High School.

Captain Frank Amico and Firefighters Mike Connolly and "Jimmy D." Connolly are members of the Fire Department on vacation this week. Next week Firefighters Everett Kimball, Walter Carroll and Joe Shea check out for their vacation leave.

A G. M. C. truck, owned by Ward's Baking Company of 140 Albany street, Cambridge, while headed south on Bacon street, swerved to the left out of line and collided with a Ford sedan, being driven north on Bacon street by Virginia H. Haugh of 41 Canterbury road. The driver of the truck, John J. Daugherty of 6 Doherty place, Woburn, stated he swerved the truck out of line to avoid striking a car that stopped without warning in front of his machine. The Ford was damaged about the left side, but no injuries were reported.

Mr. and Mrs. William E. McDonald, 3rd, (Claire McGrath) of Dover-Foxcroft, Maine, are spending a week in Winchester with their son, Michael, and new daughter, Julie, visiting Mrs. McDonald's parents, Mr. and Mrs. Harry A. McGrath of Rangely Ridge.

At West Point, in the days when every room of the United States Military Academy had a fireplace, loose bricks were commonly found in the hearth, says the National Geographic Society. The space behind could be used as a hiding place for "boodle"—forbidden food or drink.

Consumption of coal by U. S. electric utilities in the first six months of this year showed a rise over the same period in 1953.

BOY SCOUT CAMP

Camp Fellsland, which opened its 30th season on June 27th, is now in its second week of operation with a capacity number of Boy Scout campers enrolled.

The Camp is operated between June 27th and August 8th. Campers may enroll for one or more weeks. The camp period starts with the evening meal on Sunday and ends with the Sunday dinner the following week.

There is still room for a few more campers for each of the remaining weeks. Scouts planning to attend camp should send in their reservations at once, to avoid disappointment.

Camp Fellsland (owned and operated by the Fellsland Council) is located in the Town of Amesbury and is for all Boy Scouts of Medford, Winchester, Stoneham, Woburn and Burlington. Its fine waterfront, with a large fleet of row boats and canoes, is again proving most popular with the campers. There they learn how to row a boat and handle a canoe under the supervision of an excellent waterfront staff.

The rifle range and the newly-surfaced basketball court are also enjoyed by most of the campers. Archery, fishing, baseball and other games are included among Camp activities.

The camp enjoys a very high rating by health authorities, and every health and safety precaution is observed at Camp, to insure each Scout having a happy and healthful experience while there.

Plenty of wholesome, nutritious food is prepared by an experienced chef and well balanced meals are served each day.

During the first week of Camp, a trip to Salisbury Beach was enjoyed by the entire Camp and, of course, the huge "Nite before the Fourth" bonfire was another of the week's highlights.

Opportunities for Scout Advancement are unlimited at Camp, and most of the Campers are hard at work on their Scoutmaster's requirements. A weekly Board of Review is held to check on Scout Advancement, and each Saturday evening a Camp Court of Honor is held at which Scouts receive badges which they have earned while at Camp.

Awards by the last Court of Honor were as follows:

Winchester
Troop 3
Thomas Joslin, Second Class Scout
Badge
Russell Taylor, First Aid Merit Badge
George Denton, Home Repairs Merit Badge

Troop 4
Lyman Boomer, Second Class Scout
Badge
Bill Burrows, Rowing Merit Badge

SEEKS TO CUT TWO TRAINS

ONE OF B. & M. PROPOSALS AFFECTS WINCHESTER

The Boston and Maine Railroad has filed a petition with the Massachusetts Department of Public Utilities requesting authority to discontinue the operation of one round trip train in the Boston-Lowell service and one round trip train in the Boston-Bedford service.

The Boston-Lowell service train affects Winchester, since it leaves Boston at 8:40 a. m. and stops at Winchester Station at 8:55 a. m. The return trip train leaves Lowell at 10:25 a. m. and stops at Winchester at 11:02.

The Boston and Maine in its petition states this train has been lightly patronized with only about 30 passengers on the north-bound trip, while the south-bound trip from Lowell has an express train leaving five minutes ahead of it. Local stops are covered by a local train which runs about 40 minutes later, making good alternate service.

In connection with the Bedford train the Railroad stated that the train only averaged about 125 passengers, with slightly more than 50 percent of the total originating in territory where MTA service is very frequent.

The Railroad stresses the fact that the Boston and Maine has an annual loss of \$40,000 in the operation of these two round trip trains.

FOREST FIRES INCREASE BUT ACREAGE LOSS DIPS

The number of forest fires in Massachusetts jumped from 1,347 in 1952 to 1,378 last year, but the state was still able to accomplish an 18 per cent reduction in acreage burned over.

American Forest Products Industries, in a report based on new government figures, said last year's losses totaled 8,559 acres burned over the preceding year. Careless debris burners accounted for 1,782 of last year's fires and 709 were attributed to careless smokers.

Forest fires over the nation were 18 per cent fewer, the report showed. The losses for some of the states included: New Hampshire, 5,488 acres; Maine, 14,583; New York, 15,795; Pennsylvania, 33,969.

"Forest industries of Massachusetts are doing their part to prevent forest fires," said Nathan Tufts, of Boston, chairman of the Massachusetts Forest Industries Committee. "The Keep Green organization in Massachusetts was activated in 1945. We are proud to see reduced losses from forest fires in the state, but we hope to keep whittling them down."

EX-LITTLE LEAGUERS

A new ball team has been formed here among the 13 to 15-year-old boys composed mostly of our Little League graduates and will include some of the well-remembered players of the past two years, Alex Adams, Ed Carter, Jack Coakley, Joe Flaherty, David Harkins, Archie MacDonald, Jim McElholm, Bill Morton, Joel Peckham, Rickie Smith, Doug Thomson, David Van Ummerson, also Cosmo Paonessa and Dom Serratore.

The coaching will be done by Ted Freeman of the Little League Red Sox and Gordon Peckham of this year's champion Dodgers, with home games to be played at Manchester Field.

A schedule of games is now being arranged with several of the Pony League teams nearby and will be ready for publication shortly. Anyone interested in arranging games can contact Carl Morton, Winchester 6-1808.

Any boys interested in playing, contact any of the names mentioned and any donation of balls and bats will be gratefully received.

VISITING IN TOWN FROM BRAZIL

Mrs. Lewis Dawson of Rio de Janeiro, Brazil, sister of Mr. Ervin Hutchings, spent several days with her brother and his family this week, at 22 Hancock street. Having just flown back from a two months' trip in Europe, she described some of her adventures to an interested group of friends, at a small party in her honor.

Among the guests were: Mrs. Howard Aiken, Mrs. Gardner Handy, Mrs. Lawrence Palmer, Mrs. Milton Totman, Mrs. Earle Littleton, Mrs. Edward Barker, Mrs. Percy Hill, Mrs. George Redding, and Mrs. Roswell Harding.

CAMBRIDGE STREET HOME ENTERED

The home of Mr. and Mrs. Martin S. Swanson of 47 Cambridge street was broken into last Saturday night while the family was attending the "movies".

The break was discovered shortly after 11:30 when the Swansons returned home. For the most part jewelry seemed to be what the thief or thieves had taken. Access was gained by forcing a door. The police are investigating.

WINCHESTER UNITARIANS AT STAR ISLAND

Mrs. Betty Lasselle, director of Religious Education at the Unitarian Church; Mrs. Robert F. Williams of 3 Winthrop street, director of the Demonstration Class of Nursery and Kindergarten Children, with her son Robert; Mrs. Richard Bolster of 26 Jefferson road, Mr. and Mrs. Leo Dantona of 12 Euclid avenue, and daughter, Sandra; and Mrs. Warren P. Elbridge of 20 Winslow road, are Winchester people at Star Island in the Isles of Shoals attending this week's religious training conference sponsored by the Unitarian Churches of New England and the American Unitarian Association's Education Division.

Mrs. Betty Lasselle, who is Dean of the training conference, announced at the beginning of the conference that the student teachers were to learn better teaching methods by observing and helping experts teach live demonstration classes. These classes, running from Kindergarten to Junior High grade, have been made up of children of the conference members.

The week's activities have centered about the old Star Island Church. The first meeting house of Gosport Parish, Star Island, was built in 1885 on the rocky hill where the present chapel now stands.

DELATED GIFT

LATE BARTLETT CONTRIBUTION GOES TO NEW BABY

Little Ann Elizabeth, newly born daughter of "Ted" and "Marge" Bartlett of Hillside avenue, benefited by the fact that a contributor to the fund being raised several weeks ago for a farewell party and gift for her then prospective parents, did not get his money to the committee in charge of the affair until last week which was too late to be used for its original purpose.

The contributor did not get the letter from the committee until last week, he and his family having been traveling about extensively, and the communication just missing him on several occasions as it followed him from place to place.

He still wanted to contribute to the Bartlett fund and sent along his check to the committee chairman, Jim Coon with a note of explanation about the lateness of his response.

Jim's first thought was to pass the contribution along to the Bartlett's, and then as he and his wife, Myra, pondered the arrival of Little Ann Elizabeth, they decided to put the money in the bank for the new baby.

As a consequence "Miss Bartlett" who was born Saturday, July 17, now has an account in her name at the Winchester Savings Bank with the bank book being sent with the compliments of the Friends of Ted Bartlett Committee to Mrs. Bartlett at the Richardson House.

K of C PLANNING ANNUAL OUTING

At last week's meeting of Winchester Council No. 210 Knights of Columbus, Grand Knight James Mawn announced that James Wharf would again be chairman of the Annual Outing which is always one of the Council's most popular affairs.

Chairman Wharf announced that the affair will be held again this year at the Carmelite Seminary grounds in Hamilton, on the North Shore on Sunday, September 12, continuing all day. A catered dinner will be served.

The General Committee is being organized and Chairman Wharf will shortly announce its members. Last year's Outing has not been forgotten by those who attended and this year's party promises to be even better.

The location is in a fairly high, very picturesque spot, with a splendid view of the surrounding countryside. There are over 100 acres of woodlands and pine trees with ample sports area for baseball, softball, outside basketball, horseshoe, pick-up and even golf for those so inclined at nearby courses.

It is not too early to set aside the day, Sunday, September 12, and let Chairman Wharf and his committee know you plan to attend.

See you there!

CHANDLER — GREENE

Miss Emily Everts Greene, daughter of Mrs. Charles E. Greene of 7 Lewis road, and the late Mr. Greene, was quietly married at her mother's home on Saturday afternoon, July 17, to Kenneth M. Chandler of Boston, son of Mr. and Mrs. Fred Chandler of Woodville, N. H. The bride's brother, Rev. Stephen C. Greene, pastor of the Island Pond Congregational Church in Vermont, read the 4 o'clock service, which was attended by the immediate families.

Mr. and Mrs. Chandler are spending their honeymoon traveling in Canada. Upon their return they will live at 9 Summit avenue in Brookline, where they will be at home after August 15.

The bride is a graduate of Winchester High School and attended Acadia University in Nova Scotia. She is secretary at the Harvard Congregational Church in Brookline. Mr. Chandler, who is office manager for the California Package Sales Corporation in Boston, is a graduate of Antioch College.

ASLEEP AT WHEEL

At 12:30 Thursday morning police headquarters was notified of an accident on Main street near Symmes corner. Lt. Joseph J. Derro sent a patrol car to investigate.

The police found that a Ford sedan, registered to Arthur M. Burke of 42 Granger street, Dorchester, had crashed into an Edison light pole on the western side of Main street at the corner of Symmes road. The pole was slightly damaged and the car so badly smashed it had to be towed away by Haggerty's wrecker.

Burke, who was alone in the car, told police he was heading south on Main street and had fallen asleep at the wheel. He did not complain of any injuries as the result of the accident.

PETER JOY LAWRENCE

Peter Joy Lawrence, two months old son of Sumner C. and Carolyn (Joy) Lawrence of 48 North street, Lexington, died Friday, July 16, at the Children's Hospital in Boston. Besides his parents, there are surviving two brothers, Keith Lawrence, 6 years, and Sumner C. Lawrence, Jr., five years; also two grandfathers, John H. Joy of Winchester and Gerry B. Lawrence of Northampton.

Funeral services were conducted at the Lawrence home in Lexington on Monday afternoon by Dr. Wesner Fallow of the Andover Newton Theological Seminary. Burial was in Westview Cemetery, Lexington.

GEORGE M. DeCAMP

George Moon DeCamp of 3 Jefferson road, son of the late Mr. and Mrs. William P. DeCamp of this town, passed away Wednesday, July 21, at his home after a long illness. Mr. DeCamp was well known in town, having spent nearly all his life here, except for a short time in Detroit, Mich., and Providence, R. I. He was educated in the Winchester schools and upon graduation from high school he entered Massachusetts Institute of Technology, from which he was graduated in 1928.

He then joined the engineering department of the Hudson Motor Car Co., Detroit. In recent years he has been associated with the Atlas Powder Co., Zapon Division, of Stamford, Conn.

Mr. DeCamp was identified with civic affairs, and had for many years been active in the First Congregational Church. He was a member of Lambda Chi Alpha fraternity, of William Parkman Lodge, A.P.E.A.M.; M.I. Alumni Association, and the Ruben H. Greenough had worked for years in behalf of Winchester Scouting.

He is survived by his wife, the former Barbara Lord; a daughter, Joan, of this town; a son, George M. DeCamp, Jr., now in the Service stationed at Fort Devens; a sister, Mrs. Jerome H. Bishop of Pasadena, Calif.; and a brother, William P. M. DeCamp of Wilton, N. H.

Funeral services will be held this Friday afternoon at 3 o'clock at Ripley Chapel of the First Congregational Church with the pastor, Dr. Dwight L. Cart, officiating.

MRS. MARKS ART WINNER

Mrs. Emily H. Marks, wife of Dr. George A. Marks of Foxcroft road, was among the winners in the recent judging of work submitted for the annual exhibition by America's amateur artists, sponsored by the Amateur Artists Association of America, Inc., a non profit membership corporation organized for the interest of amateur art and amateur artists.

The successful competitors in the Association's Open-To-All National Amateur Art Competition have just been selected by a jury of distinguished artists. Among the winners, Mrs. Marks' painting, "The Water Color Society," was selected by the jury.

The work of the award winners and all other work entered in the competition will be exhibited at Gimbel's, N. Y., 4th floor auditorium, during New York's Summer Festival, for one week, July 28-31. Mrs. Marks' painting, "The Water Color Society," is a landscape painting, depicting a scene in the mountains, with a small cabin and a river.

FARM LEAGUE CHAMPIONSHIP

Depending upon the outcome of last night's game, the Lions and the Lions may be playing at the Little League diamond tonight for the championship of the minor league. The Rams defeated the Lions rather handily last Monday night and if they won again last night they have captured the two-out-of-three series and are the farm team champions. If the Lions bounced back to win last night, however, the third and deciding game of the championship series is scheduled for tonight at 6:15 p. m.

The farm teams have proven to be an extremely popular addition to the Winchester Little League program. The interest of the youngsters and their parents and friends has been at a high level all season and the future success of this phase of the program is assured. While many have contributed to the smooth and efficient functioning of the minor league, Director "Chuck" Murphy has been primarily responsible for its success and the one to whom the major share of the praise must be given. His close and constant supervision, attention to every detail, and his interest in the welfare of the youngsters is reflected in the highly successful manner in which the league was conducted. Congratulations on a swell job, "Chuck!"

TELETYPE GRADUATE

Winthrop J. Smith of Winchester will graduate this week from the Teletypewriter Operation Course, one of the many courses offered at the Southeastern Signal School, Camp Gordon, Georgia. He is the son of Mr. and Mrs. P. A. Smith of 24 Calumet road, and will now be re-assigned to an active unit of the U. S. Army.

The Teletypewriter Operation Course, which is eight weeks in length, trains selected enlisted men to operate teletypewriter equipment for transmitting and receiving messages over military communications systems.

The Southeastern Signal School is a component of the Signal Corps training center, a mammoth communications college which supplies trained signal technicians to Army units all over the world.

PARKER ON BAR COMMITTEE

Roland H. Parker, 118 Forest street, former Assistant Attorney General, has been appointed to the committee to consider the Judicial Point System for Control of Traffic Violators.

The Committee has been set up by the American Bar Association and will be headed by Chief Judge Raymond M. Starr of the United States District Court for the Western District of Michigan.

SWEENEY — KELLEY

Miss Jean Honora Kelley, daughter of Mr. and Mrs. John J. Kelley of 6 Upland road, had her sister, Miss Dorothea M. Kelley of Winchester, as her only attendant at her marriage to Paul Kinsley Sweeney, son of Mr. and Mrs. William H. Sweeney of 28 Clinton street, Woburn, on Sunday afternoon, June 20. The 3 o'clock ceremony took place at the Immaculate Conception Church with the Rev. Fr. Stephen Burke officiating. Mrs. William McGann played the bridal music and Martin McCauley sang the "Ave Maria" and "On This Day."

Miss Kelley was given in marriage by her father. She wore a ballerina-length gown of white nylon tulle over a satin underskirt, fashioned with a high stand-up collar, long pointed sleeves and both skirt and bodice having embroidered flower appliques. Her fingertip-length veil was caught to a lace cap and she carried a white prayer-book with an orchid and streamers of stephanotis.

The honor maid wore a pale pink ballerina-length dress of nylon tulle over satin, the embroidered bodice having a scoop neckline and short sleeves. Her matching pink headpiece had cutouts in a scalloped design and she carried a cascade bouquet of pink gladioli and blue delphinium.

Edward D. Sweeney of Woburn was his brother's best man, and ushering were William G. Shaughnessy, brother-in-law of the bridegroom, and William P. Holland, both of Woburn.

A reception was held after the ceremony at the Colonial Country Club in Lynnfield, the parents of both the bride and bridegroom assisting in receiving with the bride. Mrs. Kelley, mother of the bride, wore an ice blue silk gown with matching short jacket and white accessories. Her corsage was of yellow tea roses and Mrs. Sweeney, mother of the bridegroom, wore red tea roses with her corsage. The bride wore a blue and white shantung dress and bolero. Her white hat was trimmed with blue to match her gown.

After a wedding trip to Niagara Falls, upper New York State and Lake George, Mr. and Mrs. Sweeney will make their home in Woburn. The bride is a graduate of Winchester High School and is employed at the National Shawmut Bank of Boston. Mr. Sweeney, who is a teacher at Woburn High School, is the graduate of Woburn High School and of Boston College.

REPRESENTING WINCHESTER

Carl E. Morse of 17 Lloyd street has been chosen to represent the Winchester Post Office in the U. S. Post Office Department's national motor vehicle accident prevention program, announced today.

Mr. Morse was selected to go to Boston for a five-day instruction course in motor vehicle safety to be conducted by the Post Office Department as part of the national program recently announced by Postmaster General Arthur E. Summerfield in meeting highway life-saving objectives recently set forth by President Eisenhower on his White House Conference on Highway Safety.

Under the nation-wide program, being conducted by the Department's Bureau of Personnel under Assistant Postmaster General Eugene J. Lyons, with the assistance of the American Automobile Association, pioneers in the field of driver education, Mr. Morse will receive driving instructor's training. This training will consist of a comprehensive course in the techniques of safe post motor vehicle operation.

Mr. Morse was selected on the basis of ability, leadership, and personality traits. He is clerk-in-charge at the Winchester office. This is the second major highway safety step initiated by the Post Office Department under Mr. Summerfield. The first was in May when the Department ordered that new contracts for mail-carrying trucks and contract highway post offices must contain clauses requiring contractors to comply with Interstate Commerce Commission Motor Carrier Safety Regulations.

UNUSUAL ACCIDENT

Mrs. Margaret Bradlee, wife of Town Treasurer E. Abbot Bradlee, had an unusual accident at her Grove street home last Sunday.

Mrs. Bradlee had been crocheting and had laid down her work and needle on a table beside her chair. A bit later, without remembering the work was there she brought her right hand down quickly on the table and the needle broke, leaving part of it in the fleshy part of her hand.

Police Chief Charles J. Harrold was a visitor at the Bradlee home at the time, and being an experienced crocheter, he got most of the needle out without trouble.

The barbed end, however, proved very stubborn, and after X-rays, this was finally removed by Dr. George Marks at the Winchester Hospital.

Mrs. Bradlee was reported yesterday as likely to return from the hospital during the day and expects to join the Robert Armstrongs at Friendship, Maine, this week end.

UNION SUMMER SERVICE

The Union Summer Service for Sunday, July 25, will be held at the First Baptist Church. Rev. Walter Lee Bailey will preach on the subject, "What Men Live By." Junior Church will be held for the Kindergarten and Primary children during the morning service. A cordial welcome is extended to all.

SARTY — MARASCA

There is Winchester interest in the marriage which took place at the Centre Congregational Church in Lynnfield, Centre on Sunday afternoon, July 11, when Miss Dorothy Marasca, daughter of Mr. and Mrs. Louis Marasca of 12 Cedar avenue, Stoneham, became the bride of George Oliver Sarty, Jr., son of Mr. and Mrs. George O. Sarty of 3 Risley road. The Rev. Otto Karl Jones officiated at the 4 o'clock ceremony in a setting of Easter lilies, majestic daisies and white carnations. Mrs. Jackson played the bridal music and Mrs. John English sang "O Promise Me" and "Our Father."

Given in marriage by her father, Miss Marasca wore a gown of imported embroidered organza, the three-tiered skirt extending to form a long train. Her fingertip-length veil was caught to a small round headpiece of white lilies and she carried a cascade bouquet of stephanotis with an Alba lily.

Mrs. Christina Soper of Beverly was her sister's honor attendant and bridesmaids were Mrs. Victoria Marasca of Stoneham, sister-in-law of the bride; Mrs. Barbara Bacon of West Medford, sister of the bride; and Miss Christine DiVita of Wakefield, cousin of the bride.

All the bridal attendants wore dresses of white imported French organza with sprigs of flowers. Their blue shoes and short gloves matched their flower coronets and they carried old fashioned blue and white bouquets.

John Sarty of Warwick, R. I., was best man for his brother, and the ushers were Lawrence Bacon of West Medford, brother-in-law of the bridegroom; Vincent A. Marasca of Stoneham, brother-in-law of the bride; and Earle Soper of Beverly, brother-in-law of the bride.

A reception was held after the ceremony at Sautage Inn in Lynnfield, the parents of both the bride and bridegroom assisting in receiving with the bride. Mrs. Marasca, mother of the bride, wore a blue and white shantung dress and bolero. Her white hat was trimmed with blue to match her gown.

After a wedding trip to Niagara Falls, upper New York State and Lake George, Mr. and Mrs. Sweeney will make their home in Woburn. The bride is a graduate of Winchester High School and is employed at the National Shawmut Bank of Boston. Mr. Sweeney, who is a teacher at Woburn High School, is the graduate of Woburn High School and of Boston College.

HONORED ON 76th BIRTHDAY

A large delegation of employees of the Winchester Brick Company, headed by H. G. Gallagher, gathered last week Wednesday evening, July 14, at the home of the veteran plant fireman, Martin F. Roache, at 23 Harvard street, to extend congratulations and best wishes upon his 76th birthday.

Up to the arrival of the guests the day had been about as usual for Mr. Roache, who had attended to his duties at the plant and had made the trip to and from work on his bicycle as he has his custom. Not only has Mr. Roache long used his bike to get him to his duties at the plant, but he has ridden it on errands of every variety, preferring his trusty wheel to other means of transportation available to him.

Mr. Roache isn't much of a man for parties and sentimentality, but he relaxed when he saw his work-a-day pals from the plant at his home and entered wholeheartedly into the spirit of the occasion, welcoming his guests, accepting their presents and good wishes graciously and expressing his thanks to the group in most effective fashion.

Mr. Roache has been 35 years at the Winchester Brick Company. In that time he has seen many operating changes and the advent of much labor-saving machinery. He sticks to his belief that there is no substitute for the human body and does his best to live effectively by this creed!

HILLTOP NEWS

Exalted Ruler Francis Allen of Winchester Lodge of Elks is back in town after attending the National convention at Los Angeles, California.

Elks knowing of youngsters who should be sent to the beach by the Lodge are urged to get their names to Chairman Mike Penta of the Social and Community Welfare Committee.

Martin Foley and James Gilman were elected trustees and installed in office at the last meeting of the Lodge.

Commencing tonight and every Friday night, steamed clams and lobsters will be available for Elks and their guests at the Home on Elmwood avenue. This is an experiment by the lodge and its continuance will depend upon the support it receives.

SERVED IN ENGLAND

Captain John Dineen, USAF, son of Mr. and Mrs. J. Dineen of 55 Chester street, is in Winchester visiting his parents after a three year tour of duty with the Air Force in England.

Captain Dineen graduated from the United States Military Academy at West Point, N. Y., in 1947 and entered the service the next year. After his visit in Winchester he will go to Keesler Air Force Base in Biloxi, Miss., to study at radar school. He is married and has two daughters, Diane and Barbara.

O'DOHERTY — FROTTON

At St. Charles Church in Woburn on Saturday morning, June 12, Miss Virginia Ann Frotton, daughter of Mr. and Mrs. George E. Frotton of 63A Prospect street, Woburn, became the bride of John Leo O'Doherty, son of Mr. and Mrs. Hugh J. O'Doherty of 43 Canal street. The Rev. Bernard E. Gilgun of St. Mary's Church, Shrewsbury, cousin of the bride, officiated at the 10 o'clock marriage ceremony and was also celebrant of the nuptial mass which followed. The bridal music was played by Mrs. Esther Doherty and James Clancy was soloist.

Given in marriage by her father, Miss Frotton had for her honor maid her cousin, Miss Shirley Frotton of Winchester. Bridesmaids were Miss Rose K. and Miss Phyllis M. O'Doherty of Winchester, sisters of the bride; Mrs. Gertrude Dulong and Miss Loretta Figgugia of Woburn.

The bride wore a gown of white nylon tulle fashioned with a lace bodice, having a mandarin collar studded with seed pearls and sequins, and long pointed lace sleeves. The skirt had an accordion pleated front and tiers of lace-trimmed nylon tulle extended in the back to form a cathedral length train. Her fingertip-length veil was caught to a crown of orange blossoms and she carried a missal with a white orchid and streamers of stephanotis.

The honor maid wore a strapless length dress of eyelet embroidered white organza over yellow tulle with a matching jacket and a yellow picture hat and shoes. Her cascade bouquet was of rain-bow-tinted carnations tied with matching ribbon streamers.

The bridesmaids wore identical dresses of lime pink, aqua and lilac, styled like that of the honor maid. They also carried tinted bouquets of carnations and wore hats to match their gowns.

Thomas P. O'Doherty of Winchester was best man for his brother, and the ushers were George E. Frotton of Woburn, brother of the bride; Hugh Doherty, of Woburn, cousin of the bride; and Robert Connolly and William Holland, both of Woburn.

A reception was held after the marriage at the Red Hill Country Club in North Reading with the parents of both the bride and bridegroom assisting in receiving with the bride. Mrs. Frotton, mother of the bride, wore a rose beige gown of lace with natural accessories and a corsage of white baby orchids. The bridegroom's mother, Mrs. O'Doherty, also wore white baby orchids with blue and green of lace and crepe, the crepe skirt being applied with matching lace.

After a wedding trip to New Hampshire Mr. and Mrs. O'Doherty will make their home at 63 Prospect street, Woburn.

The bride is a graduate of St. Charles High School, Woburn. Mr. O'Doherty, who is associated with the National Shawmut Bank of Boston, graduated from Woburn High School and attended the University of Massachusetts.

HARVEY — JOHNSTONE

At the Church of the Holy Spirit in Orleans Miss Sidney Lanier Johnstone, of Douglaston, Long Island, N. Y., daughter of Mrs. John H. Johnstone, and Mr. John H. Johnstone, of Douglaston, and Mr. James Watson, of Douglaston, N. Y., was married on Saturday, July 17, to Richardson Beggs Harvey of Winchester, son of Mrs. Isabel Beggs Scott of Lagrange street, and Mr. Kenneth Harvey of Clearwater, Fla. The Rev. C. S. Vorn Bowman performed the ceremony, after which there was a reception at the Southward Inn, Orleans.

Given in marriage by her stepfather, the bride wore a gown of Chantilly lace over silk tulle with fingertip sleeves and a bouffant skirt. Her veil was caught to a coronet of pearls and she carried a bouquet of white roses.

Miss Helen Bell of Mamont, Pa., was maid of honor and the bridesmaids were Miss Elizabeth Barnhart of Baltimore, Md., Miss Shirley Martin of Doylestown, Pa., Miss Margaret Appenmiller of Chambersburg, Pa., and Miss Sally, and Miss Susan Scott of Winchester, sisters of the bridegroom.

Kenneth Harvey, Jr., was best man for his brother, and ushering were David Eldredge of Melrose, and Daniel R. Beggs, 3rd, and John Merrill Beggs, cousins of the bridegroom. Verne Slack and Richard Kugler, all of Manchester, N. H., were groomsmen.

After a wedding trip through New England with his bride, Mr. Harvey will report to Officer's Candidate School at Newport, R. I.

The bride graduated last month from Wilcox College in Chambersburg, Pa. Mr. Harvey, who is the grandson of Mr. Daniel R. Beggs of Everett avenue, graduated from Winchester High School and from Tufts College. He has been doing good work and teaching mathematics at Massachusetts Institute of Technology.

POSTOFFICE NOTICE

Organizations are asked to notify the Winchester Postoffice of the name and address of the person who is to get mail arriving at the office addressed only to the organization. The Postoffice staff will be greatly aided in handling such mail and the organizations will get their mail much faster if for instance the Postoffice knows that mail for the Winchester Camera Club is to be sent to the Postoffice, 25 First street.

Keep the office up to date on the matter and if the person who is to get the mail changes, inform the office of the change. Help them to help you with better service.

"NEW LOOK" INVADES TOWN'S POLITICS

Realizing that modern politics demands a more streamlined approach to political organization, local Republicans are busy revising Winchester's administrative set-up. Most radical change is the birth of a permanent block organization, a task force dedicated to working out a block-by-block basis "to be sure every town voter knows the value of honest government such as that enjoyed the past two years."

Reminiscent of the original Eisenhower for President Clubs in that many political amateurs are offering their services, the block organization is fast filling its ranks. At the last meeting the group's chief James W. Blackham remarked, "This is a good chance for new residents to get acquainted with other folks in Winchester. We hope that the town's recent arrivals will come down and join us in working for a November victory. Anyone who'd like to help, telephone me at Winchester 6-1029."

Most surprising and encouraging news coming out of the revision is the new group's determination to contact every Republican and independent voter to inform them what the Republicans stand for, what's been accomplished in just two years and what the administration wants to do in the coming two years. Local officials stated that information officers would also be sent to Democratic homes to ask, when members of the family want to get "both sides of the story" before casting their ballots.

One member of the new group remarked that Massachusetts, under the guidance of Governor Heister, has regained the respect of the nation — and that Winchester's block organization would do everything in its power to protect that respect. The group plans to make sure every Republican gets up, gets out and gets counted by eliminating all the excuses for not voting. As the meeting closed, plans were underway to provide baby sitters, bottle warming services, chauffeurs and just about anything else that would assure a record turn out next election.

QUEENSMEN NEWS

On Saturday evening July 17th the Immaculate Conception Drum Corps and Girls' Drill Team traveled to Braintree to participate in a competition held by St. Thomas More Drum and Bugle Corps. The contest was held at Hollis Memorial Stadium under lights. An audience of six thousand watched as fifteen top units competed in one of the finest competitions held this season. After all corps were massed on the field, the host corps, "passed in review," then came the anxious moments awaiting the announcing of the winners.

Once again the "Queensmen" of Winchester — Woburn placed first. Second place went to Braintree A. L. Corps and third to Polish Legion of American Veterans of Salem. The corps were also awarded the Gov. Christian A. Herter trophy for their perfection on the field.

The color guard contest was won by the all-girl color guard of the "Queensmen," with Color Captain Lorraine Di Zio in charge. St. Anthony's Girls' Drill Team of Allston won the top spot in drill teams with the local girls following. Have you seen the local group in action yet? If not, don't miss them at Manchester Field on Thursday evening, July 22nd.

This local group, under the direction of Rev. K. A. Driscoll, pastor of the Immaculate Conception parish, hold more state championships and individual awards and titles than any junior corps in Massachusetts.

MISS BROGNA SHOWERED

Miss Josephine Brogna, daughter of Mr. and Mrs. Charles D. Brogna of 9 South Gateway, was recently given a miscellaneous shower by a group of friends at the home of Miss Gloria Sproverio, 2 Buckman street, Woburn, in honor of her approaching marriage to Alfred H. Clancy, Jr., at St. Mary's Church on September 6.

The shower came as a surprise to Miss Brogna, who found her friends awaiting her as she entered the decorated living room of the Sproverio home. The guests of honor received many attractive gifts, for which she graciously expressed her thanks.

After the packages had been opened a buffet luncheon was served by Miss Sproverio and Miss Edna Malone, hostesses, and a social hour was enjoyed.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. William R. Cole of Nashua and Meredith, N. H., former Winchester residents, announce the engagement of their daughter Katherine Ann to Mr. Paul A. Hille of Durham, N. H.

Miss Cole attended the University of New Hampshire and is a member of Chi Omega sorority. Mr. Hille is a graduate of Valparaiso University and received his master's degree at Notre Dame. He is presently an assistant professor of Zoology at the University of New Hampshire.

ANNIVERSARY MASS FOR LT. HERLHY

A First Anniversary Mass for Lt. Robert G. Herlhy, USMC, reserve, will be celebrated Saturday morning, July 24, at St. Mary's Church at 8 o'clock.

Lt. Herlhy, son of Dr. and Mrs. John Edward Herlhy of 17 Hillside avenue, was killed in action in Korea July 26, 1953.

ALL-TOURNAMENT TEAM TO PLAY WOBURN JULY 28th

The Winchester Little League All-Tournament team will play its first game next Wednesday evening, July 28, at the beautiful Forest Park field in Woburn against the Woburn American League All-Tournament team. The game starts at 5:45 p. m., and with the natural rivalry of a Woburn-Winchester contest, a large crowd is expected to attend. This is the first time in its three-year history that the Winchester Little League has encountered a Woburn Little League team and many arguments will be settled as to the relative merits of the two leagues.

Manager Arthur Johns and Coach Gordon Peckham have been working with the coaches all during the past week. Several experiments have been tried and it will be interesting to see the lineup that Johns and Peckham will send on the field after their first victory. A big problem the coaches must solve is the pitching assignment, for with several strong twirlers available, the team is well fortified on the mound. This looks like a well-balanced line that will definitely give a good account of itself against a strong Woburn team.

If successful in this game, the locals will enter the semi-final round of District 5 on Saturday afternoon, July 31. This game will be played at 2:30 p. m., at either Concord or Lexington, depending upon the outcome of their game, the winner of which will meet Wilmington, and Winchester will play the winner of that contest. The third and final game of District 5 is scheduled for Winchester on Tuesday evening, August 3, if the locals can take their first two contests.

NINETY-FIRST BIRTHDAY

Mrs. Walter H. Dotten of 10 Alben street, one of Winchester's oldest residents, observed her 91st birthday Wednesday, July 21.

The actual celebration took place the day previous when Mrs. Dotten dined at the Town Line House in Lynnfield with her daughter, Mrs. Robert Low, and two longtime Winchester friends, Miss Grace Wills and Mrs. Charlotte Clark. Miss Wills' previous plan to be out of town on the 21st made the change in dates necessary. A birthday cake, suitably decorated topped off the festive dinner.

Mrs. Dotten, a former Grace Carter, was born in Winchester in a house on Eaton street. Located near Highland avenue, the house stood behind the arbor vitae that still grow along the front of the lot.

When the house in which she was born was destroyed by fire, Mrs. Dotten and her parents moved to Alben street, and as Grace Carter she conducted one of the earliest, if not the first, dancing schools in Winchester until her marriage.

She married Mr. Dotten in 1902 and her husband, also one of the well known Winchester family, was prominent in town, having been for several terms a Selectman and being long identified with the automobile business locally. He died in 1948.

Mrs. Dotten is in good health despite her advanced age and thoroughly enjoyed her birthday dinner party. She has only recently returned to town from a vacation with her family in New Hampshire, during which she participated in the family activities, and especially enjoyed sharing their boating trips.

RECEIVED SERVICE AWARD

At a ceremony held in the Department of the Navy, Washington, D. C., on Tuesday, July 6, 1954, a former Winchester girl, Mrs. Mary McGurn Reich, Falls Church, Virginia, was presented a Meritorious Civilian Service Award by Rear Admiral W. D. Leggett, Jr., Chief of the Bureau of Ships, in recognition of her performance of secretarial duties. This award is one of the highest awarded to civilian employees of the Navy and is presented in recognition of meritorious conduct in the performance of assigned duties beyond that ordinarily required or expected.

Mrs. Reich, who is the daughter of Mr. and Mrs. P. J. McGurn of 14 Oak street, has been employed in the Bureau of Ships, Department of the Navy, since 1942.

CONCERT APPEARANCE

This week end at the summer camp with given musicians will be amongst the orchestra members. Mr. Theodore Janner of 29 Highland avenue, graduate of the B. U. School of Music, and assistant supervisor of music in the Winchester schools, will be playing in the viola section.

Miss Ruth Miller of 22 My

RED CROSS NOTES

BEDFORD HOSPITAL REPORT

On Wednesday of last week, the Winchester Red Cross gave its annual picnic for 100 patients at Bedford Hospital. The picnic was held in the grove on the hospital grounds, a cool, delightful, wooded spot where there is an outdoor fireplace for cooking and tables and benches where luncheon is served. This year Red Cross gave a frankfort roast with all the trimmings ending with ice cream and cookies. Cigarettes and candy bars were given as prizes for the beano and baseball games. A four-piece orchestra added to the enjoyment of the day. This sort of recreation is one of the highlights of the summer season for the patients and the delicious food is greatly enjoyed by all.

OBLIGING

It isn't often a motorist will come back to make sure his number has been taken, especially when the person taking it has been criticizing the speed at which he had been driving through the neighborhood, but this actually happened Monday evening shortly after 8:30.

About 20 minutes earlier a resident of Farrow street had complained of the speed at which a young driver was operating his machine on Water street, turning left onto Farrow street. The operator had, according to the complainant, told him to "Mind his own business".

Later the same car and driver returned to Farrow street and drove slowly by, asking the man who had complained of his original speed if he had the number of the car all right.

When the man said that he had the operator said, "O-Kay!" and drove off.

The matter was reported to the police who found the car was registered to a Somerville woman. The Somerville police were requested by the local authorities to have the obliging driver report at Winchester headquarters.

AT ARMY RESERVE SCHOOL

Lt. Col. Robert H. Jewell of 4 Robinhood road is among the area Reservists who have been taking an intensive two weeks tour of active duty with the U. S. Army Reserve School at Camp Drum, N. Y. The two-week training period climaxes a year of classroom study during which they attended approximately three evening sessions each month. This, in addition to going about their every day civilian occupations upon which they depend for a livelihood.

Approximately seven hundred members of this school, which include engineers, doctors, lawyers, accountants, school teachers, college professors and businessmen are devoting time to learning the latest information about the tactics and equipment in their particular branch of service.

These citizen soldiers are scheduled to complete their training and return home July 25.

GREATER BOSTON SINCE 1832

GAS BILLS EVERY OTHER MONTH

Residential and certain commercial customers of the Mystic Valley Gas Company will begin receiving bills for their gas service every other month starting September 1, according to an announcement by N. L. Hatch, local manager of the company.

Mr. Hatch said the plan for reading meters and sending bills every two months is now being widely used by other utility companies throughout the country. In some instances they pointed out the savings brought about by billing every other month have made it possible for companies to postpone rate increases which they otherwise would have been forced to put into effect. It has been the experience of these companies that most customers find the "every-other-month" arrangement more convenient and that it saves them time and money.

Under the new billing system it will be possible for customers to pay their bills by one or more payments before the next bill is sent. It was explained that one-half of the company's customers will receive the new bills in October and the other half in November. Customers will be notified with their August bills of the new system. Those billed in October will be billed thereafter in December, February, April, June, August and October. Customers billed in November will be billed thereafter in January, March, May, July, September and November.

Large commercial and industrial customers will not be affected by the new plan, which will be read and bills rendered on a regular monthly basis.

The local utility official pointed out that the plan was being put into effect now to help cut costs and keep rates as low as possible.

ENTERTAINED GUEST FROM LONDON

For the past month, Mrs. Herbert Whitelegg of London, England, has been the guest of the Misses Copland of 6 Norwood street. During her stay, a two-day trip was made by auto to the White Mountains and Maine, followed by another automobile trip to Washington, D. C., which included among many interesting experiences a glimpse inside the White House and a two-hour sail on the Potomac River. Miss Isabel Copland accompanied her on a two-week's tour to Salt Lake City, Zion National Park, Grand Canyon, Bryce Canyon and Colorado Springs.

Mrs. Whitelegg sailed for her return to England last Friday, filled with what she called "unforgettable experiences." It was her first visit to the States and she was most appreciative of the cordial courtesy and many kindnesses extended to her by people all along the way.

SPONSOR of WELCOME WAGON

Many a newcomer to Winchester has had her approach to a knowledge of the town smoothed appreciably by the Welcome Wagon representative.

She it is who calls on newly arrived housewives, answers their questions about churches, schools, where to get what, and most important from our angle, gives them a complimentary copy of the Winchester Star.

The Welcome Wagon representative makes a real effort to visit all new comers to Winchester, but it is hard to keep track of all arrivals, especially those who rent houses. She, and we know the newcomers, would appreciate residents of any neighborhood in which there are newly arrived families, giving her a ring at Winchester 6-0251 so that she can get in touch with them and be of help if possible.

You will be helping her and your new neighbors if you do!

GOOD ADVICE!

Firefighter Paul Haggerty was on desk duty at the Central Station Monday when a new woman in the North End called telling him she had a kettle of grease on fire and asking the best way to put it out. The lady was very thoughtful even in her extremity, telling Firefighter Haggerty he needn't come to her assistance unless she called again. She did not call so it is assumed that Paul has the right receipt for putting out kettles of burning grease.

SECOND IN PROMOTION EXAM

Richard Feeney, age 28 of 39 Nelson street, Winchester, finished second in the inter-departmental promotion civil service examination at the Logan Airport.

The local man is now State Crash Boat Captain at the Logan Airport where he has been in service for four years. He gained his appointment by finishing third in a competitive examination in which 200 applicants participated.

Feeney is a veteran of World War II having served in the Navy in the Mediterranean theatre and in 1948 he was recalled to serve in the Navy in the United Nations garrison at Palestine.

and Stoughton went ahead. Winchester was first to score in the seventh when Farrell opened the inning by fanning, Callahan reached on a hit, Chapin fied out and with Callahan on first Dattilo then hit to short and reached on a wide throw to first and Callahan circled the bases on the bad throw.

In the same stanza Stoughton's Overton opened with a single. Caplan reached on a sacrifice that was fumbled sending Overton to second. Marathas fanned. Jardine was hit by a pitched ball to load the bases. Cady reached on an error that scored Overton. O'Hare hit safely to score Caplan. Then Connors fanned and with two outs Melnis connected for a long homer to deep left. DeLuca then followed with a triple and Overton up for his second time in the inning reached safely and Caplan was then out on a fly but Stoughton led 7-1 before the end of the inning game.

Winchester scored again in the eighth when Haggerty reached on a hit. MacDonald fied out. Bellino connected for a hit to score Haggerty and Winchester trailed 7-2.

In the last frame Winchester crossed the plate for the third run. Callahan grounded out as the lead off batter. Chapin struck out. Q. Roberts walked and Quill hit a double to score Roberts before Haggerty fied out for the final out.

STONEHAM OVER MERCHANTS

Winchester Merchants blew an early game four-run lead Monday evening at Stoneham, losing a 7-4 Suburban League game to the Stoneham Town Team.

Patterson blanked the Merchants over the last three frames while a five-run third, in which both Patterson and O'Toole hit homers put the home team in front to stay.

N.E.A.A.U. SWIM MEET

WINCHESTER GIRLS
RELAY WINNERS

A beautiful day, with cloudless sky, soft breezes and moderate temperature, a large and enthusiastic gallery, an excellently conducted meet, with the most gratifying results, could well describe last Saturday's N.E.A.A.U. championship swimming meet at Palmer Beach with several of New England's top-notch swimmers in action.

Under the auspices of the Winchester Park Department and the direction of Red Cross Swimming Instructor Joseph Burns, several N.E.A.A.U. championships were decided in the meet. The Park Dept. supplied the seats, the Little League the loud-speaker system, and Winchester Chapter, American Red Cross, can take a well-deserved bow for supplying the training facilities and sponsorship of the Winchester Swimming Club. At the risk of being facetious, the Winchester Swimming Club made quite a splash in New England swimming circles last Saturday, and Mr. Joseph Burns, Swimming Club coach, must be very well satisfied with the results of his efforts in behalf of his young charges. Mr. George Neville, Winchester Red Cross Waterfront chairman, did his usual efficient job of coordinating.

The Town of Winchester offers admirable athletic facilities to its young citizens, especially for swimming; clean beaches, adequately staffed, and water tested with clock-like regularity. All these provisions for good swimming resulted in the town's 13 and 14-year-old boys and girls making a most promising showing in the races held for them on Saturday.

Mr. Alex Houston, well-known in swimming circles, acted as an official. Mr. Joseph Burns was clerk. Mr. Larry Santapaul, director of the South Boston Boys Club, was starter.

RIORDAN TO FLORIDA STATE

Big John Riordan, captain and star center of last fall's football team at Winchester High School, is leaving town August 28 to enter Florida State University. It had been previously announced that John would join another Winchester football star, "Jocko" Serieka, at Mississippi State, but he finally decided on Florida State.

Riordan is a good college prospect. Well over the six foot mark and weighing 195 as a schoolboy, big John is a good two-way football player, ranking with the best centers Winchester has produced. An excellent passer and blocker, Riordan is especially strong on defense, diagnosing plays well and tackling with spine-jarring authority, while his great height makes him particularly effective against passes.

Coach Knowlton, who has had some excellent leaders of his football teams since he came to Winchester in 1940, including the great "Bill" West and "Sammy" Bellino, rates Riordan the best captain he has had. Besides football, the big boy participated in track. He is the son of Mr. and Mrs. Charles F. Riordan, of Melrose, formerly of Winchester.

DELOREY HURLS NO-HITTER

MERCHANTS OVER
STONEHAM, 7-0

Norm Delorey, former high school pitching ace, hurled a no-hit shutout Thursday, July 15, as the Winchester Merchants blanked the Stoneham Town Team, 7-0, on Manchester Field. A big sixth inning, when the Merchants scored six times iced the ballgame, though as things turned out Castiglione's run in the second was enough to win.

"Casty" singled to second and was finally driven in by Leo Williams with a single to right.

BRAVES WON FINALS

The last game of the Little League season was won by the Braves over the Red Sox Thursday evening, July 15, on Ginn Field, 11-8. Sharp hitting and superb fielding plays were the feature of the evening. Mike Gray of the Red Sox was the big R. B. I. man with three for three.

The Braves fielded a team, mainly composed of youngsters, who showed a definite promising outlook for 1955 as these kids really hustled.

Performance
Plus!

Big-Car Performance plus
Luxury Unmatched at the Price!

Performance plus luxury plus low price—that's the Pontiac story in a nutshell.

A few miles behind the wheel will offer convincing evidence that Pontiac performs with the finest: nimble in traffic, quiet and economical on the open road. Look around you at its luxurious fine-car appointments. Enjoy the roominess and ride you get only when you're cradled by honest big-car wheelbase. Then, after you've seen that Pontiac offers every fine-car feature—talk price. You'll learn that if you can afford any new car you can afford a big, high-stepping, luxurious Pontiac. And for the final clinching evidence, remember all you've heard about its long, carefree, economical life and high resale value. Come in soon and let the car, the price and our liberal deal do the talking.

Last week we mentioned the gift of some cookies baked by our friend, "Bob" Whitney. This week we received a second batch of cookies from another Winchester, whose physical prowess we respect sufficiently to keep his name out of print. He stated that our remarks about the Whitney cooking skill constituted a challenge to him, and if, as he stoutly avers, he actually made the cookies he brought in, we all will have to admit he met the challenge exceedingly well! We at the office, especially the girls, extend our sincere thanks! Who is next?

We wish we had more time to read our exchanges, because we know from time to time our cursory inspection causes us to miss little gems tucked away in columns we are not so likely to scan—like, for instance, the following under "Lost and Found" in the Carroll County "Independent" published by Parker Merrow in Center Ossipee, N. H. Headed "Suggestion for a Compromise", this classified ad reads: "If the individual who made off with my privy door will return it for the summer, I'll let him use it as a fishing windbreak in the winter. L. A. Rice, Mirror Lake." Oscar Merrow of Glenbury, our college roommate and cousin of Parker Merrow, brother of the "Independent", tells us the L. A. Rice of the suggested compromise (now Prof. Rice) was a contemporary of ours at Tufts. It just goes to show you what a small world this is and how much more carefully we should peruse our exchanges. What with one thing and another, we are not likely to, but that suggestion for a compromise points up in striking fashion the good stuff we are missing.

We had a visit last week-end from a resident of the town who was concerned with what he believed to be a growing lack of respect for the dead in Winchester. He admitted he was probably influenced by the fact that one of his own dear ones had recently died and that from his own place in the funeral cortege he was surprised to note that as the hearse passed several groups of local workers took no notice and continued to work away as if nothing was happening. Our visitor felt it would have been better if the workers passed by the hearse went by and stood silent as a mark of respect to the dead. He hastened to add that he believed what he felt to be a lack of respect was prompted by thoughtlessness and not callousness. He added, however, he had noted that Winchester definitely lagged behind many other communities in showing respect for a funeral cortege, and he felt that the town could improve in this respect. He repeated that he probably had the matter brought home to him for the first time by riding in a funeral car and noting the public reaction from the standpoint of a mourner. His feelings and observations need no enlargement. Let us bear them in mind. If by our attitude toward

the dead we can afford even a small crumb of comfort to those who have lost the loved one we publicly respect, our slight effort will be very much worth while.

"Billy" McDonald, Ford agent in Dover-Foxcroft, Me., and former Winchester baseball and softball catcher, dropped in at the office last week-end, while in town with his wife, Claire, and their two children, visiting Mrs. McDonald's parents, Mr. and Mrs. Harry A. McGrath of Rangely Ridge. "Billy" was impressed with the improvement in the baseball being played in Winchester since the advent of the Little League, and felt that high school ball is sure to benefit from the early start the kids are getting in the fundamentals of the game. Baseball doesn't flourish in his part of Maine, primarily because of the cold weather that hangs on through the spring and sets in so early in the fall. "Billy" finds most high school kids in Northern Maine are definitely behind the youngsters around here in all around development, but we doubt if this would have been so before the advent of, first, Junior Legion, and then Little League activity. These two movements have definitely caused a strong upswing in baseball interest in Winchester as well as keeping the youth of the town constructively busy and interested. It has seemed to the Star that adult interest in both Junior Legion and Little League baseball has declined somewhat of late, though interest in Little League Farm Team ball has been high as parents for the first time get the lift of seeing junior in action on the diamond. It is only natural that there should be some lessening of the red hot public interest Little League enjoyed over the past two years, but don't let it go too far the other way. This is a worthwhile activity, and so is Junior Legion baseball, which needs to flourish as the red hot public interest from the Little League ranks can continue their baseball training.

TRIBUTE TO MISS KIMBRO

Editor of the Star:
With feelings of deepest regret the Flower Circle of the New Hope Baptist Church must record the passing of its president, our beloved and respected associate, Ouida Kimbro, who died July 14, 1954. She became our president May 6, 1947. Before we realize it, it is almost a year that she has been with us. The entire community has derived from Miss Kimbro's work, and because of the warm personal feeling inspired in our hearts by her kindly, unselfish life, let us resolve to inscribe upon our records this tribute to her memory.

May Our Heavenly Father console her mother in her present sorrow, and may these words of appreciation and high regard be a solace in the years to come.

Flower Circle
New Hope Baptist Church
Mrs. Freeman Perkins
Secretary

SORRY, AB!

That Maine correspondent of ours was so long letting us know about the outcome of Town Treasurer E. Abbot Bradley's recent vacation fishing trip with his daughter, Jean, to the Pine Tree State that we didn't get the real word on the matter in time to insert a report, even in last week's Star. We did know that Jean caught a salmon, but in the absence of any information on her father's catch we naturally were a bit reluctant about mentioning her success!

It seems, however, that "Ab" did right well with the rod and reel and fish-hook; that is, eventually. His luck at Lake Sebec was negligible, and perhaps that fact rather threw our correspondent a bit off, for you are supposed to get 'em at Sebec, if you are any part of an angler. Even our Dick Hakanson has been known to catch fish there! So we suppose when it was learned that "Ab" had done poorly at Sebec, our correspondent figured he was "no fisherman" and paid no further attention. That's where he was wrong!

For it turned out that Abbot did very well indeed after he left Sebec and went along to Lake Eagle-Paw, called by the Passamaquoddy Inhibinimouselaukjibedunkabitt which is injun talk for "fish-bite-poorly."

It really takes a fisherman to pull 'em out of Lake Eagle-Paw, and the fact that Mr. Bradley enjoyed a rare streak of luck there astounded the natives and made "Ab" himself very happy.

The number, overall dimensions and weight of the Bradley catch apparently escaped our Maine correspondent, but there seems to be no doubt of his surprise at the number and quality of the fish "Ab" hooked, and we in turn are glad to pass along his admiration to our readers. We offer Mr. Bradley our apologies for being so late in according the credit due him!

Of the 417 vessels operating in the Great Lakes trade, 361 burn coal.

WINNING WINCHESTER RELAY TEAM IN N.E.A.A.U. SWIM MEET

Left to right: Nancy Donaghey, breaststroke; Ann Neville, backstroke; Marguerite Johnson, freestyle; Noreen Johnson, butterfly; Coach Joseph R. Burns, Red Cross swimming instructor.

ANOTHER CHAMPIONSHIP TO WINCHESTER

Winchester's reputation as the home of athletic champions was notably enhanced last Saturday when the Winchester Swimming Club's Relay Team added still another championship to Winchester's long list of laurels.

This group composed of Ann Neville, Nancy Donaghey, Noreen Johnson and Marguerite Johnson successfully disposed of the rugged competition provided by such organizations as the Worcester Aquatic Club, Metropolitan Swimming Club, Leominster Recreation Association, Providence Central and others of like status to become New England Junior 200 meter medley relay champions.

Coach Joe Burns of the Winchester Red Cross and his girls deserve a lot of credit for this particularly significant performance. Those acquainted with the rigors of competitive swimming well know the exceedingly high degree of physical conditioning required prior to any championship event.

These girls under Mr. Burns' critical eye spent many long hours of practice and training preparing for last Saturday's test. Their success is due to a combination of courage, hard work and perseverance.

Congratulations to you Joe Burns, and the whole Winchester Swimming Club for a job well done!

"WINCHESTER'S BAD LUCK"

When you hear the "tunk" of hammer driving steel piles into muck, you can realize why I yammer, Mourning Winchester's bad luck!

For the noise they now are making Nothing is to what will be When they work the centre taking Don't believe me, wait and see!

When the buyers all go elsewhere, From confusion to be free, Then our merchants really will care!

Blame the pros—you can't blame me!

Abba Jonah

UNDERPRIVILEGED COUNTRIES STILL NEED HELP OF "CARE"

In some parts of the world today, farmers are still working with the same primitive tools which have been used for generations and are thus unable to increase their crops enough to feed a modern population. To assist them, CARE has developed steel plows for delivery in Greece, Pakistan, India, Bolivia, Chile, Ecuador, Haiti, Korea, Panama, Mexico, Brazil and Peru. You can contribute to this program through CARE, 175 Tremont street, Boston, Mass.

RAMS BEAT LIONS 17-3 TO LEAD SERIES

Led by the 13 strike out, 3 hit pitching of Dave Hession the Rams took the first game of the Little League Farm Teams two out of three playoff series at Ginn Field on Monday evening, July 19. Jim Reardon and Faleta paced the Rams with 3 hits apiece in as many times at bat, Reardon getting a triple and two singles while Faleta collected 3 singles. Charlie Vanner had a double and a single to account for two of the Lions three hits. Andy Page of the Lions turned in the fielding gem of the game with a sparkling centerfield catch in the second inning. Buddy Sundberg played a steady game at catcher for the Lions in a losing cause.

The Rams coached by Les Hall won the first half of the season while the Lions coached by Jack Page closed fast to cap the second half which resulted in this playoff. There are many fine boys playing on these Little League Farm teams this year and some will go into major league ball next year. The years experience has been invaluable to these boys and it should make for better Little League baseball in Winchester in the years to come.

GEOGRAPHIC ODDITIES AND BRIEFS

Many fishes are named for their prominent features. The pipefish sucks food through a tubular snout, says the National Geographic Society. The fleish has a sandpaper skin. The cowfish carries horns. The spines on either side of the surgeonfish's tail open up like a jackknife. The porcupinefish, resembling its landlubber namesake, raises sharp, defensive spikes inflated by water or air, all over its body. Porcupinefishes bristle only when frightened. Normally the spines lie flat.

The Postal Savings System, with deposits of \$2,341,000,000 is one of the world's largest savings banks, says the National Geographic Society. The Post Office Department is also the Nation's largest real-estate operator and tenant. It leases 22,800 buildings. In all, the department maintains more than 40,000 post offices.

Many modern highways follow old buffalo trails, says the National Geographic Society. Before the 19th century, American bison ranged as far east as the Carolinas. In their migration westward, they followed old trails followed by the Indians and by later settlers.

Scientists can now harness the sun's energy with a battery that directly converts light into electric current. Its working parts are thin strips of specially coated silicon, a common element found in sand. A square yard of silicon surface can power a desk lamp.

Perfume manufacturers once sent their concoctions to sea to let ship motion thoroughly blend the ingredients, says the National Geographic Society. Even now perfume mixtures are sometimes placed in bottles strapped to turntables rocked as if by ocean waves.

Puerto Rico's impressive Capitol at San Juan is made of white marble from Georgia, says the National Geographic Society. The interior is decorated with Tennessee and Italian marbles.

In the magazine "Our Dumb Animals," Mr. John C. MacFarlane, the Livestock Conservation Director, tells about the manner that is the custom to "kill pigs" in the packing houses. It is not pleasant reading.

Mr. MacFarlane is constantly working with those in the Stock Yards who are the directors of the work. There must be a better way found to end the suffering of the food animals who have to die for the benefit of people.

In these days of our civilization, that is considered so splendid, more thought should be given, more effort made in this humane direction. An awakened public opinion can do much.

More information can be obtained from Mr. MacFarlane's office, 180 Longwood avenue, Boston. Contributions are needed so that search may continue for a more humane way of "killing".

THEY GAMBLE WITH DEATH

Going swimming? Then do it the safe way! Water sports are fun on hot summer days, but play without caution spells danger. Be alert when you go swimming or boating, warns Liberty Mutual Insurance Company in a summer safety message to all swimmers, experienced or beginner. Always use the buddy system—never swim alone. Rest an hour or more after eating before going into the water. If you're a long distance swimmer, have someone go along

with you in a boat in case you get tired. Children love boating and floating. See that they have seaworthy boats and durable rubber foam water floats. Teach them to stay near shore when not accompanied by an adult. Every year thousands of persons lose their lives by drowning or are injured in water accidents. This summer you can help keep the death and accident rate low by swimming and playing safely.

The practical value of the spiritual truths contained in the Bible will be brought out in Christian Science services Sunday in the Lesson-Sermon entitled "Truth."

Scriptural selections to be read include Paul's advice to Timothy (1 Timothy 2:15): "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the following passage will be read (497:3): "As adherents of Truth, we take the inspired Word of the Bible as our sufficient guide to eternal Life."

"O Lord, thou art my God; I will exalt thee. I will praise thy name: for thou hast done wonderful things: thy counsels of old are faithfulness and truth."

CARD OF THANKS

Reverend and Mrs. John Snook, Jr., (Phyllis Maxcy) wish to express their appreciation to their many friends for their expressions of sympathy in their recent bereavement.

Sharks inhabit the lightless layers of water 2½ miles below the surface of the Atlantic Ocean 160 miles southwest of Dakar. A 6½-foot-long fish recently swam into the glare of lights shining from the French Navy's deep-sea-diving bathyscaphe. Its long body undulating lazily, the shark peered with protruding eyes into the bathyscaphe's porthole.

PUERTO RICO SHUNS COMPLETE FREEDOM

Puerto Rico stands today as an example to the world of an island commonwealth that has won a large measure of self-government but still spurns complete independence from a powerful neighbor.

The shooting of five United States Congressmen by Puerto Rican terrorists raised anew the question: Does the 3,435-square-mile West Indies island really want freedom from this country? Recent history points to an unqualified conclusion: Puerto Rico has not achieved full independence because it does not want it.

The Popular Democratic Party, prime supporter of political and economic ties with the United States, has proved itself the dominant party through decision of the electorate, says the National Geographic Society. The Independence Party, aiming at a complete break by constitutional means, has won only a small minority, and the revolutionary Nationalist Party almost no ballots.

More Autonomy Possible
The more than 2,000,000 Puerto Ricans, spread out mainly along fertile coastal plains, may be headed toward more autonomy. Last November President Eisenhower offered to back "more complete or absolute independence" if the Puerto Rican legislature asks for it.

Several aspects of relations with the United States now are being studied. Puerto Rico has no voting representation in the United States Congress, which can enact federal laws and other legislation vitally affecting internal affairs of the commonwealth.

The island, rich in sugar, tobacco, coffee and fruit, may not negotiate trade treaties. No island has the right to accept immigrants. Decisions of its Supreme Court can be appealed to the United States Supreme Court only via the Federal Court of Appeals in Boston.

Whatever remains for future action, great progress toward self-rule has been made since the United States took over in 1898, more than 400 years after Columbus discovered the island. Not long ago the President appointed the Governor, heads of the executive departments and members of one house of the Legislative Assembly.

But by 1948 the executive and legislative branches were already in the hands of elected officials. That year, moreover, an island referendum overwhelmingly favored a commonwealth association with the United States rather than American statehood or complete independence.

A constitution modeled after the United States constitution and embodying a bill of rights was approved by Congress and by the Puerto Rican people more than four to one in 1952.

Appointments Department Heads
Under it, executive authority rests in a Governor, at present Luis Munoz Marin, leader of the Popular Democrats. Re-elected in 1952, he is now serving four year term. He selects the heads of eight executive departments: state, justice, education, health, treasury, labor, agriculture, and commerce-public works.

The Governor also appoints the judges of the Supreme Court and the lower tribunals.

The island's lawmaking arm is the Legislative Assembly. Like its United States counterpart, it consists of a Senate (two Senators from each of eight districts plus 16 at large) and a House of Representatives (one member each from 40 districts plus 24 at large). All legislators are elected by direct vote and meet every January in San Juan, the capital. Power to tax commonwealth citizens resides in the legislature.

Under universal suffrage, men and women 21 and over qualify to vote. There are no property or literacy requirements.

More and more history-minded Americans today are visiting the manor houses, farm homesteads, shops and rustic cabins in 13 states where Presidents of the United States have lived in 13 states.

The homes of at least 23 Presidents are public museums, the National Geographic Society reports. Nearly all contain furnishings and memorabilia of their occupants.

Theodore Roosevelt's birthplace in New York City is a museum, and Sagamore Hill, his Long Island residence at Oyster Bay, recently has become a national shrine.

Father and Son Presidents
Hyde Park, near Poughkeepsie, N. Y., residence of Franklin D. Roosevelt, has been a national historic site since 1944. Visitors to New York State may also see the Stockport home of Martin Van Buren, Lindenwald, as well as the cottage at Wilton where Ulysses S. Grant died.

At Quincy, Mass., the Adams mansion has been preserved as a national memorial to John Adams and his son, John Quincy Adams. John Adams' birthplace near by is also open.

At Hillsborough, N. H., is the homestead where Franklin Pierce spent his early years. In Plymouth, Vt., thousands visit the combination store, post office and cottage where Calvin Coolidge was born and where he was sworn in as President by his father.

Near Lancaster, Pa., stands Wheatland, the home of James Buchanan, now a museum. The cabin in which he was born may be seen at Chambersburg. At Caldwell, N. J., the birthplace of Grover Cleveland has been presented to the State.

Virginia is famous for George Washington's Mt. Vernon on the Potomac and Thomas Jefferson's Monticello near Charlottesville. Near the latter, James Monroe's Ash Lawn, although privately owned, is open to the public. Visitors are also admitted to Woodrow Wilson's birthplace at Staunton.

Tennessee boasts the homes of three Presidents, all museums. Andrew Jackson's mansion, The Hermitage, stands near Nashville. The James K. Polk home at Columbia is preserved by a memorial association. Andrew Johnson's home, the shanty shop at Greeneville, are a national monument.

In Ohio, Grant's birthplace near Cincinnati is now a state park. The Rutherford B. Hayes estate, Spiegel Grove, a state park at Fremont, includes the president's tomb and a museum. The house, open occasionally, remains a family residence. James A. Garfield's Mentor home and Warren G. Harding's Marion house welcome visitors.

Benjamin Harrison's home is one of the sights of Indianapolis. The only home Abraham Lincoln ever owned, at Springfield, Ill., is constantly thronged, as is the Hodgenville, Ky., log cabin believed to have been his birthplace.

Herbert Hoover's birthplace at West Branch, Iowa, was bought as a memorial, while President Eisenhower's family home in Abilene, Kans., has already been opened to visitors as part of the Eisenhower Foundation's museum.

POET'S THEATER

This week the Summer Workshop of the Poet's Theatre offers at its diminutive playhouse in Cambridge, "The Shoemaker's Prodigious Wife" by Federico Garcia Lorca. Ruth Miller of 22 Myrtle street was the musical director of this play as well as in the Workshop's first offering of Yeats plays.

The earliest tankers, ships carrying petroleum products exclusively, were sailing before that took barrels of kerosene made from Pennsylvania crude to European ports from Philadelphia in the 1860's, says the National Geographic Society.

AMERICANS CHERISH PRESIDENTS' HOMES

More and more history-minded Americans today are visiting the manor houses, farm homesteads, shops and rustic cabins in 13 states where Presidents of the United States have lived in 13 states.

The homes of at least 23 Presidents are public museums, the National Geographic Society reports. Nearly all contain furnishings and memorabilia of their occupants.

Theodore Roosevelt's birthplace in New York City is a museum, and Sagamore Hill, his Long Island residence at Oyster Bay, recently has become a national shrine.

Father and Son Presidents
Hyde Park, near Poughkeepsie, N. Y., residence of Franklin D. Roosevelt, has been a national historic site since 1944. Visitors to New York State may also see the Stockport home of Martin Van Buren, Lindenwald, as well as the cottage at Wilton where Ulysses S. Grant died.

At Quincy, Mass., the Adams mansion has been preserved as a national memorial to John Adams and his son, John Quincy Adams. John Adams' birthplace near by is also open.

At Hillsborough, N. H., is the homestead where Franklin Pierce spent his early years. In Plymouth, Vt., thousands visit the combination store, post office and cottage where Calvin Coolidge was born and where he was sworn in as President by his father.

Near Lancaster, Pa., stands Wheatland, the home of James Buchanan, now a museum. The cabin in which he was born may be seen at Chambersburg. At Caldwell, N. J., the birthplace of Grover Cleveland has been presented to the State.

Virginia is famous for George Washington's Mt. Vernon on the Potomac and Thomas Jefferson's Monticello near Charlottesville. Near the latter, James Monroe's Ash Lawn, although privately owned, is open to the public. Visitors are also admitted to Woodrow Wilson's birthplace at Staunton.

Tennessee boasts the homes of three Presidents, all museums. Andrew Jackson's mansion, The Hermitage, stands near Nashville. The James K. Polk home at Columbia is preserved by a memorial association. Andrew Johnson's home, the shanty shop at Greeneville, are a national monument.

In Ohio, Grant's birthplace near Cincinnati is now a state park. The Rutherford B. Hayes estate, Spiegel Grove, a state park at Fremont, includes the president's tomb and a museum. The house, open occasionally, remains a family residence. James A. Garfield's Mentor home and Warren G. Harding's Marion house welcome visitors.

Benjamin Harrison's home is one of the sights of Indianapolis. The only home Abraham Lincoln ever owned, at Springfield, Ill., is constantly thronged, as is the Hodgenville, Ky., log cabin believed to have been his birthplace.

Herbert Hoover's birthplace at West Branch, Iowa, was bought as a memorial, while President Eisenhower's family home in Abilene, Kans., has already been opened to visitors as part of the Eisenhower Foundation's museum.

SCHWEITZER'S AFRICA HIGHLIGHTED BY AWARD

The Nobel peace prize honoring philosopher-physician Albert Schweitzer has highlighted one of the earth's least developed areas.

The Alsatian-born missionary's tireless work in the jungle hospital at Lambarene in Gabon, French Equatorial Africa, has earned him world fame. At present the 79-year-old "Prisoner of Lambarene" is too busy to attend the recent presentation ceremony in Norway.

— is erecting new leper colony buildings, and that is where his \$33,000 Nobel prize money will go.

Bisected by the equator, Oregon-size Gabon is a land of gorillas, panthers, crocodiles and clouds of malarial mosquitoes, reports the National Geographic Society. It is also a land of poverty and human suffering.

Minerals Sought
The coastal colony is one of the four divisions of French Equatorial Africa. Lambarene is situated 125 miles up the Ogooue River from Port Gentil. The big Ogooue, navigable for 215 miles, drains Gabon's few low mountains and a swampy, forested basin. Some minerals are extracted but lumbering is the principal industry.

In rain-drenched, steaming Gabon — moldering in a humid temperature averaging 80 degrees — less than one percent of the 418,000 inhabitants are Europeans. The natives live in primitive villages. Bananas, palm oil and manioc roots are their food staples.

Disease is Rife
Once terrorized by slavers and cannibals, they now are sorely afflicted with sleeping sickness and leprosy. Injuries are frequent. In Equatorial Africa, almost no one long escapes disease and pain.

Langor and superstition also plague the natives. Only the trappings of European civilization are readily adopted. In a region where women do most of the work, polygamy is regarded as an economic necessity.

Despite missionary instruction, the natives live in dread of magic. Workers can demoralize their foremen by threatening them with spells. Women refuse to nurse an orphan, fearing the fate of the child's mother. Consequently, Lambarene Hospital cares for many foundlings.

Work Increasing
To aid this suffering land, Dr. Schweitzer turned his back on European renown as a theologian, philosopher and musician.

He founded his hospital in 1913. It eventually expanded to 40 wood and corrugated iron buildings, housing 500 patients and serving scores of jungle villages. The hospital is simple. Patients live much as they do in their homes.

The earliest tankers, ships carrying petroleum products exclusively, were sailing before that took barrels of kerosene made from Pennsylvania crude to European ports from Philadelphia in the 1860's, says the National Geographic Society.

GEOGRAPHIC ODDITIES AND BRIEFS

Sudanese natives of Africa, who like to eat termites, capture the insects by fooling them with imitation rain, says the National Geographic Society. Women pour water into passages of termite mound and beat a simulated raindrop pitter upon it. The deluded insects rush forth and are gathered in baskets.

Brazil is investigating the possibility of large scale generation of electricity with windpower, remarks the National Geographic Society. Considered particularly adaptable to such generating plants are parts of the state of Rio Grande do Sul and the coastline near Rio de Janeiro, where favorable trade winds prevail.

The Salton Sea in southern California was former in 1905-07 when the Colorado River broke through a gap in its levee and poured into the below-sea-level valley, the National Geographic Society notes on its new map of the State. Loss through evaporation is balanced and present level maintained through drainage from irrigation systems.

ROTARY NOTES

At its regular luncheon meeting Thursday, July 15, in Masonic Apartments, the Winchester Rotary Club voted to name the two cabins club members have built for the girls at Winning Farm for two of its members who have died in recent months.

The cabin built last year will be called Davidson Cabin, for George T. Davidson, first president of Winchester Rotary and for many years chairman of the Winchester Board of Park Commissioners who died April 2. This year's cabin will be called Wilson Cabin, for T. Price Wilson, a charter member of Winchester Rotary, member of the Board of Cemetery Commissioners and for many years editor and publisher of the Winchester Star. Mr. Wilson died suddenly June 30.

Suitable plaques will be mounted in each of the cabins.

The regular meeting of Thursday, August 12, will be held at Winning Farm. It has been a custom for some time now to meet at least once each year at the Farm, and these meetings have always been interesting and very worthwhile. A large attendance is urged, and expected, on August 12.

Plans are under way for a golf outing for the club, and members are urged to keep their ears to the ground for news of this important event. As might be expected, old "Hole-in-One" Joe Moffett is in charge of details, and a more definite announcement concerning date and locale may be expected in the near future.

Members are reminded that there will be no meetings of the Club on August 19 and 26.

STELLA MARIS NOTES

Mary Eileen McCormack, 4 Ridgeway, and Michele McCormack, 9 Fletcher street, are among the 80 girls enjoying a vacation at Camp Stella Maris, Wingaersheek Beach, West Gloucester.

Camp Stella Maris, conducted under the personal direction of Reverend John J. Sheehan, former curate at the Immaculate Conception Church, Winchester—Woburn, and now at Our Lady of the Annunciation parish in Danvers, is open to girls from 9 to 17 years of age. The final two weeks of the current season will commence Sunday.

Miss Marie O'Donnell, a teacher in the Boston public school system, is Director of the Camping Program.

ON HIS WAY

A seven-year-old boy living on the Plains decided to take a trip for himself last Sunday afternoon, and suitcase and all went to Winchester Station to await transportation far and away!

Unfortunately for his plans, his mother missed him and called the police, who in checking around found that the would-be traveler had been spotted by Taximan Bill Johnston at the station, complete with suitcase, and after questioning the youngster, Bill took him home in his cab.

WORK ON TRESTLE PROGRESSES

The ring of the big hammer continues driving steel piers for the trestle that will carry the temporary tracks on which trains will run through the center while the overhead is being built. This work, which started in the vicinity of Summer street on the Plains is coming toward the center.

Progress is necessarily slow since it is about 150 feet or more to solid bottom in many places and several lengths of steel piers have to be welded together to reach that depth. It has been estimated that the work on the trestle will be done by the end of the year, but the same conditions of peat and mud will be encountered when the work on the overhead and diversionary highway is commenced, so it is not likely that the construction of either in this location will be rapid.

Meanwhile the public had a little foretaste of future conditions in the center when the telephone conduits were relocated last week. This work was very speedily carried out by the construction crews and there was a minimum of traffic trouble. The men worked all night Saturday and early Sunday morning until 6 o'clock to do the work that would have held up traffic most.

WEEK-END FIRES

The week-end activity of the fire department commenced last Thursday afternoon when the Central Station was notified of a fire in a garage on Sheridan circle. Box 45 was put on for the fire but the firefighters found upon arrival that youngsters had set fire to some rubbish in a shed on the McCue property. The fire was confined to the rubbish and did little damage.

Friday afternoon at 12:42 there was a grass fire on Russell road, and at 6:37 Friday evening there was a dump fire near Calvary Cemetery. Friday's last call was at 8:08 p. m. for a brush fire at the rear of the Peel residence on Pickering street.

There were no fires last Saturday, but Sunday afternoon at 2:06 there was a grass fire on Highland View avenue. At 3:18 Sunday evening Engine 3 and a crew under Captain J. Edward Noonan went to the Central Fire Station in Woburn, covering in while the Woburn Department fought a house fire on Forest Park road.

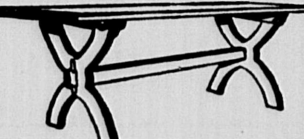

BUILDING PERMITS

The following Building Permits were issued for week ending July 20:

PRICE TEN CENTS

DOUBLE SESSIONS AT
HIGH SCHOOLJUNIOR HIGH WILL NOT BE
READY FOR FALL OPENING

At a special meeting held Wednesday evening, the School Committee was advised of notice given by J. F. Rand & Son, contractors, that renovation of the Junior High School building will not be completed before the opening of schools in September, as scheduled.

As a result the Committee finds it necessary to revise class schedules to permit both the Senior and Junior High Schools to be housed in the present High School building until the new Senior High School building can be occupied.

The revised schedule provides for a double session program with the Senior High School in session during the morning and the Junior High School in the afternoon.

Despite the reduction in school time which for Grades 9-12 will amount to approximately one hour per day and for Grades 7-8 about one and one-quarter hours per day, school officials believe that the educational loss can be kept at a minimum under the new schedule.

The effects of the shorter school day will be most noticeable in the extra-curricular activities which may be reduced and in a few instances suspended until new facilities are completed.

Students in the Senior High School will receive lunches in the cafeteria but no lunches will be served Junior High School students.

Wadeigh School will be used as usual for 9th grade pupils in the morning and members of the Senior High School faculty will use this building for extra assignments in the afternoon.

The new schedule to become effective on the opening of schools in September and to continue until further notice is as follows:

ALDRICH — COULSON

Miss Jane Coulson, daughter of Mr. John Coulson of 75 Church street, and the late Mr. Coulson, and Benjamin Clinton Aldrich, son of Mr. and Mrs. Thomas Ross Aldrich of 21 Swan road, were quietly married on Saturday afternoon, July 24, at the summer home of the bridegroom's parents at Bass River. The Rev. Robert A. Storer, minister of the Unitarian Church, performed the late-afternoon ceremony at 5 o'clock.

Given in marriage by her brother-in-law, John William Smith, Jr. of Winchester, the bride was attended by her sister, Mrs. Smith. Thomas R. Aldrich, Jr., was best man for his brother, and there were three small ring-bearers, Thomas R. Aldrich, Jr., William M. Aldrich, nephews of the bridegroom; and Brooks C. Smith, nephew of the bride.

After the ceremony a reception was given by the bride's mother. The bride is a graduate of Winchester High School and of Smith College. Mr. Aldrich, who is associated with the DuPont Company at Wilmington, Del., prepared at Phillips Exeter Academy and is a graduate of Harvard where he is a member of the Speakers Club.

YANKS ROTARY GUESTS

The Little League's Yankees Baseball Team and their coach and manager, Phil and Teddy O'Rourke, were luncheon guests yesterday of their sponsors, the Winchester Rotary Club at the club's regular meeting in Masonic Apartments. This annual entertainment of Rotary's Little League team is always a highlight of the Rotary calendar, and this year's party was no exception.

There was no formal program. Needless to state the boys enjoyed their luncheon and did full justice to the entire menu. No gathering at which they are present would be complete without entertainment by the O'Rourkes, and they kept every one in high good humor.

Rotarians are reminded that there will be no meetings of the Winchester Club on Thursdays, August 19 and 26.

Nothing has been heard as yet from Joe Moffett about that golf outing, to which the club is looking forward, and many are commencing to wonder if old "Hole-in-One" has forgotten all about it.

IMPORTANT NOTICE
TO ADVERTISERS AND
CORRESPONDENTS

The Winchester Star Office will be closed TRADER'S DAY, Wednesday, August 4th.

Please get all copy in the office as early in the week as possible.

WINCHESTER MAN KILLED

RALPH H. BONNELL

ASKS NATIONAL RECREATION
SUPPORT

Support of the work of the National Recreation Association was requested by Ralph H. Bonnell, Winchester sponsor of the Association. In letters to local residents he urged the importance of the recreation association, calling it the "principal source of specialized help, guidance and counsel in this important work."

Mr. Bonnell referred to more than 2,000 community recreation departments and agencies which have resulted from 48 years of work by the Association, founded in 1906.

Mr. Bonnell asked that checks be made payable to the Association and mailed to him at 81 Arlington street.

WINCHESTER IN LITTLE LEAGUE
SEMI-FINALS

By virtue of their pleasing 5-1 victory over the Woburn American Little League, the All-Town team, the Winchester All-Town team moves into the semi-finals of District 5 of the Greater Boston Little League Tournament.

The local opponent will be the Lexington Little League All-Town team. The game is scheduled to be played at Lexington tomorrow afternoon at 2:30 p.m.

Lexington defeated Concord 3-1 in a first round game and trounced Wilmington 10-1 in the second round. The Minutemen are reported to have a strong aggregation and will have the advantage of playing on their home diamond.

The locals looked good, however, in their win over Woburn and their followers are confident of a Winchester victory.

Manager Arthur Johns and Coach Gordon Peckham have again done an outstanding job of putting together a group of all-stars into a strong, cohesive unit. The surprise selection of Frank Leverone to twirl the first game was a happy one and one or two other changes reflected the deft touch of the Johns and Peckham combination.

Stonham and Billerica are playing tomorrow afternoon as the other semi-finalists in District 5. The winners of these two semi-final games will clash in the final Tuesday evening, August 3, at 5:45 p.m. If Winchester prevails over Stonham, this final game is scheduled for Ginn Field, although there is consideration of transferring the game to Woburn because of the superior condition of the Woburn diamond.

ENGLISH BISHOP TO PREACH
AT EPIPHANY

The Rt. Rev. Kenneth E. N. Lamplugh, Bishop of Southampton, is coming to preach in the Church of the Epiphany on August 22nd at 11:00 a.m. He is assistant to the Bishop of Winchester and lives on the Cathedral grounds. He is visiting the United States this summer as an official delegate to the Anglican Congress in Minneapolis, August 4-13.

Missionary work, Christian family life, and pastoral work are the chief interests of Bishop Lamplugh. He served for five years in Natal, South Africa, and as vicar of town and country parishes in Hampshire, and became rural Dean of Lyndhurst in 1942, and residential canon and Archdeacon of Lincoln in 1947. He was consecrated Bishop in 1951.

HOME FROM WEST COAST

Mr. and Mrs. B. Edward Zinn of 7 Yale street are back in town from a five weeks motor trip to the West Coast. Included in their itinerary was a week's visit with their son-in-law and daughter, Mr. and Mrs. Peter Farnsworth (Carolyn Zinn), at their home in Seattle. Miss Zinn and Mr. Farnsworth, who is the son of Mr. and Mrs. Vincent Farnsworth, Jr., of Worthen road, were married in June of 1953. They are pleasantly situated in Seattle and are reported as liking it there very much.

WINCHESTER MAN KILLED
IN BURLINGTON AUTO CRASH

John R. Stokes, 24, of 506 Main street, father of three children and a resident of Winchester for only two weeks previous to his death, was fatally injured early Saturday morning when he was struck by an automobile while standing beside a parked car on Route 3 near Route 62 not far from the T. I. Reed plant in Burlington.

According to the police, Mr. Stokes had been driving south on Route 3 and had stopped to talk to the occupants of a car following his machine, Mr. and Mrs. Allan Gay of Highway street, Burlington, formerly of Woburn, about stopping for lunch at the next eating place.

According to one account of the accident Mr. Stokes was leaning into the Gay car when it was struck on the rear left fender by an automobile, being driven in the same direction by Stephen Guild of 7 Ridgeway avenue, Burlington.

After striking the Gay car, the other machine glanced off and struck Mr. Stokes, carrying him into the middle of the road where the Guild machine finally stopped. Both cars were badly damaged in the collision and Mr. Stokes was rushed by Burlington police and firemen in the Burlington ambulance to the Choate Hospital in Woburn. He was pronounced dead upon arrival by Dr. Vincent Dariego, having sustained a fractured skull, abdominal injuries and broken arms and legs. Associate Medical Examiner Harry Benson viewed the body. Guild, the other driver, was treated by Dr. Dariego for cuts about the nose and mouth.

Rev. Maynard Malone of St. Charles Church, who went to the hospital, broke the news of Stokes' death to his wife, mother of three small children, Glenda 4; Edward, 2; and John, Jr., one year old Sunday.

Guild was arraigned in the District Court in Woburn Saturday morning on charges of drunkenness, operating while under the influence of liquor, operating so as to endanger human life, and manslaughter. Stokes' death was the result of a fight between the two cars. Stokes was killed by a blow to the head.

Funeral services were held Monday afternoon at the Methodist Church in Fox Hill Cemetery, Billerica. Burial was in Fox Hill Cemetery, Billerica.

Funeral services were held Monday afternoon at the Methodist Church in Fox Hill Cemetery, Billerica. Burial was in Fox Hill Cemetery, Billerica.

TIMOTHY J. DONOVAN

Timothy J. Donovan, a widely known resident of North End who lived at 24 Wendell street, died suddenly Monday night at the Winchester Hospital after only a few days illness. He entered the hospital Monday afternoon and his sudden passing came as a severe shock to his family and friends.

Mr. Donovan was the son of Patrick, and Johanna (White) Donovan. He was born December 10, 1879, in Woburn and grew up in the city, coming to Winchester at the time of his marriage to Margaret A. Kelley of this town, June 29, 1910.

As a young man Mr. Donovan learned the leather worker's trade and was for many years employed at the Rogers & Cobb tannery on Swanton street. He was a member of the Holy Name Society of the Immaculate Conception Parish.

Mr. Donovan leaves his wife, two daughters, Mrs. Roger Sanborn of Woburn and Mrs. Arthur J. Haggerty of Winchester; three sons, Harold T. of Wakefield; Francis E., and Fred J. Donovan, both of Woburn; five grandchildren, five sisters, Miss Katherine J., and Miss Nina Donovan, both of Woburn; Mrs. Mary Kelley, also of Woburn; Mrs. Margaret Truop of Dorchester and Mrs. Julia McDuff of Peabody; also three brothers, Patrick, Cornelius E., and Jeremiah C. Donovan, all of Woburn.

His funeral was held Thursday morning from the Lane Funeral Home with solemn requiem high mass celebrated at the Immaculate Conception Church. Interment was in Calvary Cemetery.

LEAVES SISTER IN WINCHESTER

Judge Frederick J. Dillon, first judge of Suffolk Probate Court, who died Tuesday at the Peter Bent Brigham Hospital, was the brother of Mrs. Ralph S. Boynton of Canterbury road. Besides his sister here he leaves his wife, his father, Peter Dillon of Dorchester, and two sisters.

Judge Dillon, who was 53, was born in Boston, was graduated from Northeastern University Law School in 1923, and was assistant clerk at the Boston Municipal Court from 1920 to 1930.

He was appointed to the bench by former Gov. Joseph B. Ely in 1934, at that time being the youngest man to receive a probate court judgeship in the history of the Commonwealth.

Before his appointment to the bench he was appointed secretary to Governor Ely when the latter became Governor in 1930, and later served as commissioner of correction. He had been first judge of Suffolk Probate Court since 1940. Judge Dillon was president of the Northeastern University Law School Alumni, chairman of the board of directors of the Federal Home Loan Bank of Boston, and director of several companies.

The funeral was held this Friday morning with solemn requiem high mass at St. Thomas Aquinas Church, Jamaica Plain.

BAD WEATHER FOR JAMBOREE
DOWNPOUR FAILED TO DRIVE
AWAY FANS

The Holy Name Society of the Immaculate Conception Parish drew a bad night for their big benefit Jamboree on Manchester field last Thursday evening. A terrific downpour that commenced only shortly after the show got under way, drove the big crowd to shelter under trees, trucks or bleachers, while those who came in cars quickly tumbled into them to await clearing skies.

The rain was quite a while stopping and the sky never did clear. Undoubtedly many didn't wait for the rain to stop. The returns at the gates showed this, with some for the first hour, and only about \$40 during the remainder of the evening. Conditions were unpleasant. It was cold and damp at the field, but a big majority of the crowd emerged from cars and cover and stood in the rain, and those who did stay witnessed an interesting show.

First of all there was the softball game between two all star teams, representing Winchester and Woburn. Marty Joyce and Freddie Kimball pitched Winchester to a 6-3 victory in this Jamboree feature, an outcome a bit on the surprising side in view of the usual excellence of softball in Woburn.

The arrival of the Immaculate Conception Drum and Bugle Corps, Colors and Color-guards and Girls Drill team, the now famous Queensmen and Queen's Cadettes, winners of many championships in the very toughest of competition, pepped up the crowd and afforded some excellent playing and marching on the football field in front of the bleacher seats. The precision of the marching and excellence of the music aroused continuous applause from the friendly audience of home folk, many of whom have little opportunity to see these crack units in action.

Interpersing the drum corps and drill team was an entertainment program, featuring vocal solos by Bill Catana, offering a few songbirds; tumbling and acrobatics by the increasingly popular Johnson sisters, Noreen and Marguerite, of Winchester High School; and the always acclaimed O'Rourke Brothers, Phil and Teddy, in a program of songs and dances that kept the moist audience in the finest humor.

The entertainment program took place on the football field in front of the bleacher seats along the easterly side of the gridiron. These places before the playing of the more standing, so it is estimated that some 1,600 to 1,800 persons were at the field at that time.

After the entertainment the Drum and Bugle Corps was heard in a concert of popular tunes, after which the musicians, wearing their usual championship fashion across the slippery field to the flag pole where an impressive Presentation of the Colors ceremony took place before the playing of the "Star Spangled Banner" from the sound wagon.

(Continued on Page 6)

DON'T FORGET TRADERS DAY

Next Wednesday, August 4, is Traders Day, and it is going to be hard to do much of any shopping in Winchester on that occasion. Stores generally will be closed all day, and housewives are reminded to do the family marketing Tuesday or Thursday next week.

Current Traders Days are a far cry from those of the "good old days" when the local merchants and their clerks and families had outings on Traders Day, going in a body to Canobie Lake, or Bass Rocks or Salem Willows or some other nearby resort, there to indulge in a program of sports and games, and then come back drinking the more indigestible of food and drink. Watermelon, pickles, ice cream and strawberry tonic, to say nothing of peanuts and popcorn, potato chips and steamed clams, were the staples of the "good old days" while the three-legged race, sack race, fat ladies race and others, to say nothing of the baseball game between the workers on the east, and west sides of the town made it a topos whether the returned picnicers reached for iced soda or the bicarbonate of soda tin first.

Well, like we said, those days are very likely gone forever. The more simple and mass production joys of yesterday no longer have their strong appeal, and this year's Traders Day will find local merchants and their help enjoying the occasion as they see fit individually. But, and this still holds true of Traders Day, the local shops will be pretty much closed to customers next Wednesday, August 4, so don't try to shop in town on that day, and don't say we didn't warn you!

Each year we see irate persons, generally of the feminine gender, galloping around town on Traders Day, trying to buy some chops or a spot of ham. Don't let it happen to you!

BUILDING DEPARTMENT

The following building permits were issued for week ending July 26:

New Dwellings:
7 Lockeland road
5 Allen road

Alterations:
42 Franklin road
45 Middlesex street

HALFORD H. AMBLER

Halford Henry Ambler of 93 Conger street, a mechanical engineer with Charles T. Main Co., died Friday morning, July 23, following a heart attack. He had a series of such attacks commencing June 25, at which time he entered the Winchester Hospital for treatment. The week before he became ill he observed his 63rd birthday, celebrated his 38th wedding anniversary and attended the fortieth reunion of his class at MIT.

Mr. Ambler was the son of George Albert and Christine (Millet) Ambler. He was born June 16, 1891, in Newark, N. J., but came as a boy to Winchester, living with his parents on Washington street. He attended the Winchester school and was graduated from Winchester High School in the Class of 1910, subsequently graduating from Massachusetts Institute of Technology in 1914 with a degree in civil engineering.

The field of mechanical engineering attracted him after graduation and he never actually was a practicing civil engineer. For a time after his marriage he was assistant plant engineer for the Solvay Process Company in Hutchinson, Kansas, but this position was taken over by the Allied Chemical Corporation more than 30 years ago and he returned to Winchester and had since made his home here.

In recent years he had been associated with the Charles T. Main Company, following an interval, during which he had his own mechanical engineering business and acted as a consultant in this field. He was a member of the American Society of Mechanical Engineers.

On June 15, 1916, Mr. Ambler married Lillian Henderson of Winchester, who survives, with a daughter, Mrs. Donald Scott Sawyer of this town; and an uncle, William F. Millet of Bronxville, N. Y.

Funeral services were held Tuesday afternoon at the Bennett Chapel with Dr. Dwight L. Cart, minister of the First Congregational Church, officiating. The casket was borne by William F. Millet of Bronxville, N. Y., uncle of the deceased; John Swan of Providence, R. I., Mr. Ambler's cousin; Ralph M. Sawyer of Wellesley Hills, Sherwood H. Van Tassel of Lynn, who died suddenly Tuesday night, July 27, leaves a sister in Winchester, Mrs. John F. Hevey, 484 Washington street, at whose home visiting hours were held Wednesday evening.

The Office of the Dead was said Thursday afternoon at 4 o'clock at St. Andrews Church, after which the body lay in state from 4 until 9 p.m. A children's mass was celebrated this Friday morning, followed by a solemn high funeral mass at 10 o'clock. Burial was in Calvary Cemetery.

Father Sherry was born in the South End of Woburn May 30, 1904, son of the late Thomas and Sarah (O'Flaherty) Sherry. He was graduated from Woburn High School and Boston College before completing his studies at St. John's Seminary, Brighton, in 1930. He was ordained to the Roman Catholic priesthood April 11, 1930, by the late William Cardinal O'Connell.

Father Sherry was pastor at St. Andrews Church, North Billerica, for two years. He had previously served as curate at St. Patrick's, Roxbury; Sacred Heart, Cambridge; Cathedral of the Holy Cross, St. Joseph's in the West End of Boston, Immaculate Conception, and St. Patrick's, Stonham. He was known as an able preacher and a kindly counselor with many warm friends in the parishes he had served.

Besides his sister here, Father Sherry leaves two sisters, Mrs. Mary Sherry Matson of Watertown and Mrs. Gertrude MacDonald of Everett.

WORLD WAR I WIDOWS

Massachusetts Widows of World War I, Inc., are eager to incorporate a chapter in this district and State Department President Mary Reynolds is planning a group meeting to be held in this vicinity in the near future.

This meeting is being called to explain the purpose of the organization and work it is doing to provide information and benefits for Widows of World War I. To effect these benefits a larger membership in Massachusetts Widows of World War I is necessary, and all widows of World War I veterans are urged to join the chapter nearest them. Transfer to any chapter nearer the home of the member may be made at any time, and members may be inactive while they receive training and still aid the organization through having their names on the State Department roll.

Maude E. Eager of 21 Fourth avenue, Scituate is chairman of the Membership Committee of the State Department, Massachusetts Widows of World War I, and all interested in becoming members of this growing organization should contact her for any wanted information.

CHAPIN ELIMINATES EAST
BRIDGEWATER WITH FOUR-HIT
SHUTOUT

The Winchester Legion took Bridgewater two straight to eliminate them and to give the locals the right to meet Brockton in a two out of three series for the third and last round before the finals for the Junior Legion State title. So here is hoping that the Winchester team comes out on top against Brockton.

Chapin pitched a four-hit shutout against Bridgewater and fanned nine while giving two bases on balls in nine innings for an 8-0 victory.

Haggerty opened the first inning by hitting safely to left. MacDonald sacrificed Haggerty to second. Bellino flied out. Kneeland walked and Callahan was hit by a pitched ball to load the bases but Farrell was called out on strikes to end the inning.

Winchester scored three in the second frame when Chapin struck out. Q. Roberts reached on an error. Haggerty walked, and Chapin fanned to end the rally. A timely double to score Q. Roberts and Haggerty. On the throw in at the plate MacDonald scored when the toss got by the catcher.

MacDonald opened the fifth with a base on balls. Bellino reached on a fielder's choice with MacDonald sacrificed and with bases loaded Callahan connected for a double scoring MacDonald, Bellino, and Kneeland. Farrell was walked and Chapin fanned to end the rally.

Another run was scored in the sixth for the victors on hits by Haggerty and Q. Roberts and a sacrifice by Quill.

Kneeland started the seventh with a clean hit to center. Callahan also hit safely and Farrell sacrificed them to second and third and Chapin came up to cross Kneeland and Callahan with a clean hit to center.

Chapin had the opposition checked in all innings but in the first inning he issued a base on balls, hit a batter and allowed a hit that loaded the bases but he pulled himself out of the hole by having the sixth batter to face him fly out to left for the final out.

Haggerty was Winchester's big stick with two hits but MacDonald, Callahan, and Chapin got their single hits when they were needed.

NORTH BILLERICA PRIEST
LEAVES SISTER HERE

Rev. William H. Sherry, curate at St. Andrews Church, North Billerica, and former curate at the Immaculate Conception Church, died suddenly Tuesday night, July 27, leaves a sister in Winchester, Mrs. John F. Hevey, 484 Washington street, at whose home visiting hours were held Wednesday evening.

The Office of the Dead was said Thursday afternoon at 4 o'clock at St. Andrews Church, after which the body lay in state from 4 until 9 p.m. A children's mass was celebrated this Friday morning, followed by a solemn high funeral mass at 10 o'clock. Burial was in Calvary Cemetery.

Father Sherry was born in the South End of Woburn May 30, 1904, son of the late Thomas and Sarah (O'Flaherty) Sherry. He was graduated from Woburn High School and Boston College before completing his studies at St. John's Seminary, Brighton, in 1930. He was ordained to the Roman Catholic priesthood April 11, 1930, by the late William Cardinal O'Connell.

Father Sherry was pastor at St. Andrews Church, North Billerica, for two years. He had previously served as curate at St. Patrick's, Roxbury; Sacred Heart, Cambridge; Cathedral of the Holy Cross, St. Joseph's in the West End of Boston, Immaculate Conception, and St. Patrick's, Stonham. He was known as an able preacher and a kindly counselor with many warm friends in the parishes he had served.

Besides his sister here, Father Sherry leaves two sisters, Mrs. Mary Sherry Matson of Watertown and Mrs. Gertrude MacDonald of Everett.

RECEIVES FULBRIGHT
APPOINTMENT

Prof. Kenneth C. Reynolds, head of the department of general engineering at the University of Southern California and a former resident of Winchester, will start a year's special leave next month to accept a Fulbright appointment in Baghdad, Iraq, it was announced today. Dr. Reynolds will lecture on civil engineering at the College of Engineering in Baghdad.

He has been at SC since 1947, having come from The Cooper Union, New York, where he was head of the department of civil engineering for three years. From 1920 to 1944, Dr. Reynolds was a professor of civil engineering at Massachusetts Institute of Technology, Cambridge, Mass.

He is a graduate of Tufts College, Medford, Mass., and earned two advanced degrees from MIT. Mrs. Reynolds, who will interrupt her graduate study in the SC School of Religion to go with her husband to Iraq, is a graduate of Mt. Holyoke College, South Hadley, Mass.

Their daughter, Elizabeth, and her husband, the Rev. James F. Scherrie, until recently associated with the Scarsdale Community Baptist Church, are in Los Angeles so Rev. Scherrie can study for a doctoral degree in the SC School of Religion.

While he taught at the Cooper Union, Professor Reynolds and his family lived in Scarsdale and still have many friends there. When he taught at MIT they lived at 9 Seneca road, Mass. He is a native of Seneca road, Mass.

Dr. and Mrs. Reynolds' son, the Rev. Ralph W. Reynolds, is the pastor of the First Baptist Church at Derry, N. H.

This will be Professor Reynolds' second major trip abroad. In 1927-28 he held the John R. Freeman Traveling Scholarship from the Boston Society of Civil Engineers for study in Germany.

In returning from Iraq, Dr. and Mrs. Reynolds will continue East so they will have gone around the world by the time they again reach Los Angeles.

REID TWIRLS NO-HITTER
RAMS TAKE FARM TEAM
TITLE 8-0

Jimmy Reid hurled a sparkling no-hitter Saturday afternoon, July 24, to lead the Rams, coached by "Les" Hall, to the first Little League Farm team title by defeating the Lions, 8-0. He faced only 19 men, striking out 10 along the route and only walked four.

Jim Reardon, again, was the hitting star, collecting a single and double in three times at bat. John Chane smashed a triple in as many times at bat to share batting honors.

Andy Sjolholm pitched a great game in a losing cause, allowing only 5 hits to the Rams powered line up.

The game, which was postponed twice after playing an inning both Thursday and Friday evenings was exciting right down to the last pitch.

As Reid mowed down each batter the Rams scored a no-hitter and when Jim struck out the side in the last inning the stands went wild.

This game ends the local Little League schedule for 1954 with only the District playoffs remaining. Next year many of these farm team players will be up in the major league. All the boys have learned a lot, it has been a successful season and we are all sure that it will all make for better Little League baseball in Winchester in the years to come.

Following is the game summary:

EX-LITTLE LEAGUERS

In their game with Revere Ponies on July 22nd at Revere, the game was called in the 6th because of rain with the score at 5-5. The game was done by Archie MacDonald and leading hitters were Joe Flaherty and Richie O'Brien. On July 25th traveling to Stoughton, they defeated the strong Stoughton Ponies All Star team by the score of 7-3, excellent pitching by Flaherty with Freeman and Thomson being the heavy hitters. Last Tuesday, playing the Salem Ponies at Salem, they won again 8-4 in a well played game, after giving up 4 runs in the first inning, Winchester came back and scored 3 in the second, 1 in the third, 2 each in the fifth and sixth. MacDonald again pitched with Alex Adams and Jim McElholm the leading hitters.

GIRL SCOUT NEWS

Camp Joy operated by the Winchester Council of Girl Scouts, as a day camp, recently closed a most successful camping season. The program included swimming, arts and crafts, sports and games, singing and dramatics, campcraft, hikes, cook-outs, and for the campers of Scout age, badge work and overnights. Two trips were taken from camp, an overnight planned and carried out by the oldest girls unit to Cedar Hill in Waltham, and the oldest Brownies enjoyed a morning trip to the Esplanade to listen to the Children's Concert.

The day camp was under the direction of Mrs. E. M. Shinnick, local executive director, with the

help of Mrs. Austin Nanny, business manager, and Mrs. Arvid Monsen, Mrs. Maxwell McCreery and Mrs. Herbert Wadsworth, of the camp committee, assisting in supervision. The youngest Brownies were placed in two units under the leadership of Mrs. Arthur Hewis and Mrs. Samuel Griffin, while the older Brownies had Mrs. Kenneth Cullen and Mrs. James Daschbach as their unit leaders. The youngest Girl Scouts enjoyed the camp program under the guidance of Mrs. Thomas Corkery, and the older Girl Scouts planned their program with the help of the unit leader, Mrs. James Stewart, Jr.

Assisting in the program as specialists were Miss Diane McNeil and Miss Ann Hooper, in charge of swimming at Wedge Pond; Miss Myra Luce, of Melrose, nature consultant; Mrs. S. Kennedy Tully, arts and crafts; Mrs. Frank Dreyer, ceramics instructor; Miss Suzanne Wadsworth and Miss Alice Fitzgerald, sports and games; Miss Betsy Scanlon, campcraft; and Mrs. Daschbach, who assisted in singing. The following girls assisted as Program Aides: Carol Massaro, Gail Cullen, Sandra Delay, Mary Dowling, Mary McNally, Sally Walsh, Madeline Moynihan, Eleanor Hewis, Barbara Horn and Marie Gentile. The formation of an apprentice unit for the training of older girls for camp staff, was started this year with Carol Monsen, Gail Hendricks and Marjorie Griffin, participating. It is the hope of the camp committee that this project may be enlarged another year.

Badge cards were awarded for completion or parts of the following badges: Rock and Mineral, Rambler, Games, Swimmer, Pottery, Campcraft, Outdoor Cook and Basketry.

Many parents visited Camp Joy, during the camping season, as well as several members of the Board of Directors of the Girl Scout Council, Miss Nancy Daley, national staff member, and Community Adviser for Winchester, and a representative of the Regional Camp Committee also enjoyed visits to the camp. Members of the local Social Agency group held their June meeting at camp, with Mrs. Roswell Harding, Mrs. Thomas Hill, and Mrs. Arvid Monsen as hostesses.

The camp committee would like to thank everyone who helped to make this camping season a memorable one for Winchester Brownies and Scouts.

AN INVITATION

The Reading Recreation Department is again this year inviting members of the Winchester Recreation group to attend the performance of the Boston Children's Theatre "Stagemobile" to be given in Reading on Thursday, August 5, at 11 a. m. and 2 p. m.

Both performances will be given at Memorial Park on Salem street just out of Reading Center. The morning show will be "Once Upon a Clothesline" and in the afternoon the presentation will be "The Prince and the Pauper."

The "Stagemobile" features an All Star cast with the performers, aged 12 to 16, doubling as stage hands. The "Stagemobile" itself is a gaily decorated truck that opens up to become a theatre with a stage, 20x10 ft. and a tiny dressing room between the cab of the truck and the stage.

Reading had the "Stagemobile" in its town last year and the success and popularity of its performances then prompted the return this year. There is no charge for either performance.

CLARK IN TRAINING

Aviation Cadet P. L. Clark, son of Mrs. J. H. Clark, 149 Highland avenue, has completed training at Ellington Air Force Base near Houston, Texas, where he attended the U. S. Air Force Aircraft Observer School.

Upon completion of the 28-week basic phase of training at Ellington, Cadet Clark moved on to a specialized course of advanced training. After successfully completing the required instruction, he will be commissioned a second lieutenant in the U. S. Air Force and receive the silver wings of an aircraft observer.

HOME FROM EUROPE

Mr. and Mrs. Marshall Symmes returned this week on the Mauretania from Europe where they visited France, Italy, Switzerland, Ireland, Germany, Holland, Denmark, Sweden, Norway, and England.

During this trip they climbed Mt. Vesuvius looking down into the crater, saw the Pope while in Rome, and the Queen of England at Buckingham Palace.

CAMP FELLISLAND

Fine weather, fine food, fine waterfront program and other Scouting activities available at Camp can only add up to one thing for a group of more than 100 Fellisland Council Boy Scouts currently at Camp Fellisland and that one thing is — Fun!

Naturally morale is extremely high and understandably so. Inter-cabin and inter-troop activities help to develop sportsmanship and good spirit among the Campers and on several occasions Camp Fellisland Scouts have competed with another nearby Boy Scout Camp and has fared very well in the scoring.

When we speak of fun at a Boy Scout Camp, it's fun with a purpose. Most of the Scoutercraft requirements are achieved through the "play" way of teaching. So, along with fun for "fun's sake," these Scouts earned the following awards since our last report:

BOSTON BANK SHOWS WINCHESTER DOLL COLLECTION

The Workingmens Co-operative Bank, 68 Summer street, Boston, has on display in its window an excellent group of dolls from the collection of Mrs. Caroline S. Joslin, wife of James J. Joslin, Church street, Winchester.

The dolls shown were brought from the countries of which they are typical by Mrs. Joslin on a "Round the World" trip taken by Mr. and Mrs. Joslin in 1951. Others were sent or brought from other countries by friends of Mrs. Joslin when they heard of her interest in foreign character dolls.

The American character dolls were acquired from the various parts of the United States where the Joslins have had the pleasure of traveling.

One doll which was sent from Darjeeling, India, was made and dressed specially in the identical clothing worn by the host who entertained the Joslins when they visited Darjeeling.

All character dolls are typical, educational, and memory refreshing of the places, events, and associations, through the years, after their acquisition by the collector and those friends who become interested in collecting such a variety of dolls.

The exhibit is creating much attention and interest from the public and the Workingmens Co-operative Bank would like to invite residents of Winchester to view this fine collection.

Biggest Locomotive

The world's largest single unit locomotive—a coal-burning steam turbine electric 161 feet long and weighing 586 tons—is undergoing tests for the Norfolk & Western Railway. It has high starting tractive efforts and no reciprocating parts, plus the advantage of burning coal, a plentiful fuel.

INTERESTING TRIP

Miss Annette Johnian, daughter of Mr. and Mrs. Aram Johnian of 19 Hillside avenue, has returned home after spending the past month vacationing with friends in Cleveland, Ohio.

Annette, who will be a sophomore at Winchester High School in the fall, had a wonderful opportunity, meeting quite a few well-known people, including Humphries in Ike's cabinet, Mischa Elman, famed violinist; Rogers and Hammerstein, and Louis Lane, conductor of the Cleveland Pops Orchestra.

To make her trip even more exciting, Annette flew home from Cleveland by United Airlines.

CHAIN GANG HANDCUFFED MERCHANTS

The Georgia Chain Gang clowned and played their way past the Winchester Merchants last Thursday evening under lights on Manchester Field, winning 5-2, in a game that was more fun than baseball. The lighting was not exactly ideal and both teams showed well in view of conditions. The game was the big

feature of the Immaculate Conception Parish's Jamboree and a big crowd saw the two teams in action.

The Merchants emptied their bench against the Chain Gang, a group of former pros, whose specialty was comedy and who kept the crowd in stitches by running to the wrong bases, replacing the Merchants in the field looking one place and throwing another and pulling hidden ball tricks all over the field.

An indication of what was ahead for the crowd came in the first inning when Libera, playing first base in an ancient tail coat and top hat, advised Joe Castiglione to hit those over the plate, because "there ain't gonna be many over!"

Featuring the game was a terrific home run by Jesse James of the Gang, and a couple of corking running catches in center field by the Merchants' "Jockey" Serieka, who in the first went far to his left and pulled down a sure home run only a few feet from the dangerous bleacher seats.

Chisholm got the only extra base

hit for the Merchants, a double. Pats Walla an eccentric left-hander was generally too good for the boys in the murky light, and the Gang was never in any real trouble. Symmes, Slack and Delorey slung for the Merchants.

Manager George Tansey announced after the game that the Merchants will have the Chain Gang back during August for a return engagement, which should be a good attraction. The summary:

PLAYGROUND NOTES

A very successful Play Day was held with the Reading Playgrounds at Reading last Friday morning. Four different Winchester Play-ground teams traveled by bus to Reading to engage comparable teams from the Reading Playgrounds. The competition was exactly even with Winchester winning two contests while dropping two to their Reading opponents. Winchester won the midget baseball game by a 22-12 score and the younger boys' and girls kickball game by a 21-8 margin. Reading took the junior baseball game by a score of 13-1 and the intermediate baseball game by a 2-0 margin in the keenest competition of the day.

Next Thursday, August 5, the second Beach Day of the playground season is scheduled for Wingersheek Beach in Gloucester. This is the first time that the Winchester youngsters have gone to the famous Wingersheek Beach and it is expected that two full bus loads will take advantage of this privilege. Youngsters are reminded that their transportation fee should be paid to their instructors by noon on Wednesday so that adequate bus facilities may be arranged.

The latest registration figures show that a new high in attendance at the four playgrounds has been reached with a total of 851 youngsters registered. This is an increase of 124 children over the figures of last year which had set an all-time high only to be exceeded again this year. Such a registration figure certainly reflects the keen interest of the youngsters in the varied and attractive program being offered them by the playground system. Ginn Field and the West Side Field account for the major share of the increased numbers while Leonard Field remains approximately the same as the largest playground but Loring Avenue shows a slight increase in attendance.

The intra-playground sports program continues to provide many thrills and close competition. One of the best softball games of the season was the victory of the Leonard girls over the West Side girls by a score of 5-4 in an extremely well-played game. West Side jumped away to a 4-0 lead but Leonard fought back to tie the score and then to win by scoring one run in the last of the seventh inning. The Leonard Field and the Ginn Field younger boys' softball teams added another thriller to their long list of exciting contests

AIRMAN GEORGE W. JOHNSON

HOME ON LEAVE

George W. Johnson, 9 Park road, is home on leave from the Air Force, following his recent graduation from the USAF Radio Mechanics Course at Scott Air Force Base, Illinois.

Son of Mr. and Mrs. George M. Johnson, Airman Johnson graduated from Winchester High School in 1952 where he was prominent in school activities, was drum-major of the band and well known in entertainment circles for his acrobatic dance specialties.

Airman Johnson enlisted in the Air Force through the Medford Recruiting Station in July, 1953, and went through basic training at Sampson Air Force Base, Geneva, New York. He was selected for the 36 week radio school based on his high aptitude test score in the radio-electronics field.

In relating his experience at radio school, Johnson spoke of the many subjects that were covered and the high calibre of the instructors. He stated, "We sure had to work hard, but the way everything was scheduled and presented during the course, we learned a lot." He also commented on the excellent living conditions and off-duty recreational opportunities afforded all students and said he had no idea that life in the Air Force could be so interesting and pleasant.

Upon completion of his leave, Airman Johnson reports for foreign duty in Japan.

TOWN SOFTBALL LEAGUE

STANDING AS OF JULY 27

Sons of Italy	14	4
Fitzgeralds	11	6
V. F. W.	10	6
Monsons	9	7
Army	5	10
Jokers	1	17

Early evening showers considerably restricted plays in the Town Softball League as only two scheduled games were played during the past week. The resulting postponements will cause the regular schedule to consume most of next week with the playoffs now scheduled to start on Monday, August 9. Thursday and Friday evenings of next week are left open to provide playing dates for any further postponements or any necessary games to dissolve a tie that might exist for second, third, or fourth place positions.

In the more important of the two games played last week, the Sons of Italy soundly trounced the Veterans of Foreign Wars. The Vets could have challenged the Sons for first place if they had taken this game but the Sons won with ease to nail down their first place position for another year. By winning their third game in four contests against the Vets during the regular schedule, the Sons of Italy are again automatically installed as the favorites to successfully defend their league championship.

LT. YALE PARTICIPATED

Marine 2nd Lt. Robert C. Yale, son of Mr. and Mrs. L. P. Yale of 12 Ardley place, and husband of the former Miss Martha A. Douglass of Chevy Chase, Md., participated in the June "TraMid '54" operation at Little Creek, Va., with the 1st Battalion of the 2nd Marine Regiment.

"TraMid", conducted annually as a training exercise for Annapolis midshipmen, included a three-week period of amphibious demonstrations by the 2nd Marines. An amphibious landing by the Leathernecks at Little Creek was viewed by the midshipmen and by Canadian Naval cadets studying the fundamentals of amphibious tactics.

At the conclusion of the operation the 2nd Marines returned to 2nd Marine Division headquarters at the Marine Corps Base, Camp Lejeune, N. C.

MISS SALICE ON WESTERN TRIP

Miss Lillian Salice, a teacher at the Mystic School, left Winchester on July 16th for Pittsburgh where she planned to spend ten days visiting relatives. On July 28th, she was scheduled to be in Chicago where she joined a group for a Western United States Tour, sponsored by the National Education Association.

Stops will be made in Denver, Salt Lake City, Grand Canyon, Los Angeles, San Francisco, Portland, Oregon, Seattle and Yellowstone Park. She is due to arrive home during the last week of August.

State men have been making a traffic count on Bacon street this week, and unofficial figures place the number of cars passing over the cable from 250 to 400 during an hour. This of course is cars going both ways on the street, but it is still a lot of automobiles, and when you think of what is going to happen to them when Bacon street is being lowered under the railroad tracks it makes you glad you do not have this problem to grapple with.

The Star was glad to talk with Chairman Main of the Board of Selectmen this week and to query him about rumors that have reached us and questions that have been asked us about Winchester's financial obligations in connection with the raising of the tracks through town and the construction of the diversionary highway. Some of those who have talked with us have expressed concern over the possibility of the town's share in the cost of the construction going substantially beyond the \$190,000 promised by the Selectmen and voted by a special town meeting October 20, 1953. This action of the town meeting delegates was endorsed at a referendum election November 20, by a vote of 2982 in favor to 2109 opposed. Mr. Main assured the Star that there is no new statement to be made at present in connection with the referendum, and that Tuesday of this week there had been no change in the overall picture, including costs to the town. The \$190,000 voted by the town and transferred from the Excess and Deficiency Account to take care of land damages is still the amount the town stands pledged to pay. There isn't any doubt in the town's mind about that figure. There wasn't any doubt at the time the special town meeting appropriated it and the referendum endorsed it. This in no way means that the construction of the overhead and diversionary highway isn't going to cost the town some money, in addition to the \$190,000, for incidentals, particularly in connection with the new street layouts and maintenance. However, insofar as financial liability in the overall construction of the overhead tracks and diversionary highway is concerned, Winchester's share is still \$190,000, at least as of now! The vote of the town, endorsed by the referendum, empowered the Selectmen to enter into agreement with the Commonwealth of Massachusetts through the Department of Public Works, or any other parties in interest, for the elimination of the grade crossing and the construction of the diversionary highway. There was, however, nothing in our talk with Mr. Main leading us to believe for a minute that the Board has forgotten that \$190,000.

CAN'T SOMETHING BE DONE!

July 26, 1954
Editor of the Star:
We have lived in Winchester since September 24, and on days when the east wind blew and fog formed over the ponds, we have noticed a chemical odor, which smells like sulphur dioxide. It chokes me up and my husband (being a chemist) says if it is sulphur dioxide, it can cause a lot of trouble for anyone with sensitive lungs. The fumes apparently come from an out of town chemical plant.

What we would like to know is, can't something be done about polluting the fine air of Winchester? If all the towns affected by this chemical got together and made a protest, it could be stopped. A public's health is more important than stepping on someone's toes, it seems to me!

There are enough people in the town of Winchester who may be injured by these fumes to do something about it right away. We are going to breathe the fresh clean air of Maine for our vacation, but

I'm thinking of all the people who have had theirs and hope this letter will do some good.
Hopefully yours,
Evelyn S. Kitchen
16 Chesterford road

DOINGS OF THE DIVINE NINE

(SPECIAL TO THE
WINCHESTER STAR)

We have been a week out of Boston and today we saw Ireland about three times. Although it was cloudy part of the day the sun came out to show us the beautiful green of the Emerald Isle. Everyone watched as we dropped anchor at Cobb Harbor, and most of us got up at five-thirty a. m. to see the passengers off.

The group leaving included a man from Winchester, a Mr. Farley from Indian Hill road, whose acquaintance we made on the ship. Since Sunday was cool and damp we spent all day trying to make everything fit into our saddle bags. At the time of debarkation we all regretted leaving the "Neptunia," but we were looking forward to our cycling adventures. Little did we know of what was to come!

Our first misadventure occurred when we arrived at the docks of Southampton and found Mrs. White's bicycle badly damaged, which inconvenienced us a great deal.

After clearing customs and bringing the mangled bike to a repair shop we started for our first hostel. There was some mix-up at this hostel, "The Moonings," because there was no dinner waiting for nine hungry travellers. Therefore, Mrs. Bennison, District Commissioner of the Girl Guides in Southampton, who met us at the boat, invited all of us to her house for dinner, an act which was greatly appreciated.

Our group left Southampton on our cycles at ten o'clock and arrived at Winchester about twelve. We stopped at Chandler's Ford for refreshments and to change our first traveller's cheques into English money.

Since the repairs on Mrs. White's bike would take a day and a half she had to take the bus and it was at the bus terminal where we met her again with Mrs. Clayforth and Mrs. McCall, two liaison officers of the Girl Guides in Winchester, who planned many wonderful things for us during our stay in Winchester.

Our first appointment was lunch on our cycles at ten o'clock and arrived at Winchester about twelve. We stopped at Chandler's Ford for refreshments and to change our first traveller's cheques into English money.

After a visit to Winchester College, we went to St. Cross Hospital where we received the traditional "Wayfare's Dole," a bit of bread and a sip of beer.

Then Mrs. Clayforth invited us to her home for tea, after which we went to a campfire planned especially for us by the Winchester Girl Guides.

Our second day in Winchester was spent touring Winchester Cathedral and shopping for souvenirs.

We stayed so long in Winchester it became necessary to take the train to Basingstake. From there we cycled to Hannington, which we thought was a long mile but which turned out to be nine miles away, almost all up hill! Needless to say we were tired when we arrived, but we revived considerably when we found two beautiful bouquets of flowers left for us by the Girl Guides of Hannington, and a nice hot dinner which the house warden had saved for us, much to our surprise!

Thursday morning, we left the hostel about seven o'clock and had our first real day of cycling. We enjoyed a packed lunch by the side of the road and then headed for a post office to send a lot of things we found we didn't need back to the ship.

After dinner at the hostel, which was at Streteley, we spent our first leisure night writing or sewing or washing or doing something that wasn't relaxing.

The next day we went to Oxford and then to Stow-on-the-Wold. Upon getting off the train we found that the hostel was at the top of a hill a mile long and in the pouring rain! When we finally arrived home Girl Guides of the village invited us out for coffee which we enjoyed very much.

Now we are all looking forward to seeing "Romeo and Juliet" tomorrow and, we hope, some sunshine.

Peggy Weaver,
Troop No. 4,
Winchester Girl Scouts

WINCHESTER'S FOUR LEAF CLOVER

When you hear the "clang" of the crossing bell,
As you're stopped behind a truck,
You're in no hurry now, brother,
You're just plain out of luck.

To the north, the south, the east,
and west,
As far as one can see,
Waiting for the gates to rise,
Chug sedan, truck, and jalopy.

Confusion, noise, and inconvenience,
Will eventually pass us by,
When our "horse and buggy" days
are over,
And the trains whiz through the sky.

Ted Atkinson, amateur

SUMNER R. ANDREWS

WINCHESTER MAN REPUBLICAN CANDIDATE FOR REGISTER

Sumner R. Andrews of 47 Widdow street is announcing this week his candidacy for the Republican nomination for Register of Probate and Insolvency for Middlesex County.

Mr. Andrews believes he has the experience and training, both administrative and legal, to fill the office he seeks, and further feels that some County positions have been filled in the past by persons without essential qualifications for their offices.

Mr. Andrews is 34 years old, a graduate of Harvard and of Boston University Law School. He has had six years of private law practice with the Boston firm of Robbins, Noyes & Jansen and has engaged in a substantial Probate practice. He is a member of the Boston Bar Association.

In Winchester Mr. Andrews is a member of the Finance Committee and has been a town meeting member. He is a former chairman of the executive committee of the Young Republican Club of Winchester and is at present a member of the Winchester Republican Town Committee.

A veteran of World War II, Mr. Andrews is married and has two children, Sumner, Jr., and Mary Elizabeth.

LEGION BEATS EAST BRIDGEWATER

Last Sunday afternoon East Bridgewater visited Manchester Field to open a two out of three series against the Winchester Legion for the second series toward the State title and Art Sullivan pitched 3-hit ball as the local boy defeated the visitors, 10-2.

Sullivan struck out nine and issued nine bases on balls in his nine innings of pitching.

It took time for the Winchesterites to solve Doherty's crossfire but once they got the range they broke into a rash of runs in the fourth, fifth and sixth frames.

Winchester scored two in the fourth, four in the fifth and four in the sixth.

The key hit of the 4th was Quill's two-run belt between center and right with Roberts blasting a double good for two runs in the 5th.

WINCHESTER ELIMINATED STOUGHTON

CHAPIN HURLED THREE-HITTER IN 1-0 WIN

Winchester Legion traveled to Stoughton last Friday for the final game of the first series in the Junior Legion State playoffs and John Chapin pitched a 3-hit shutout to win 1-0. It was a very interesting and tight game all the way and Winchester's fine defensive play did much to hold the opponents scoreless.

Chapin fanned eight and walked four in the nine innings and held Stoughton to three well-scattered hits that came in the second, sixth and ninth innings. He was never in any real trouble during the entire game.

Winchester scored the game's only run. Bellino opened with a single and Kneeland pushed him to second with a single to right. Callahan bunted safely to load the bases and Farrell's fly to left scored Bellino after the catch.

This run gave Winchester two wins and one loss in the series and the right to take on East Bridgewater for the second series.

East Bridgewater bested Barnstable by winning two straight from them in the other playoff. The summary:

WINCHESTER EVENED STOUGHTON SERIES

In the second game of a 2 out of 3 series, last Thursday on Manchester Field the Winchester Legion defeated Stoughton, 8-4, to break even in the first series of the Junior Legion State playoffs. Sullivan pitched for the winners and allowed six hits while fanning ten and giving up eight bases on balls. The Winchester batsmen combined Stoughton's McCourt for six safeties and eight runs.

Winchester's first inning was a big one in scoring four runs when Haggerty met the first pitch for a safety to left. MacDonald bunted and reached on a fielder's choice, after which Bellino's sacrifice and four bases on ball accounted for four runs.

Winchester's fifth, and, as things turned out, winning run crossed in the next frame on a walk to Haggerty, a fielder's choice and Bellino's hit to center.

Stoughton scored three in the third stanza on two bases on balls, two hits (one a triple with two men aboard) and a fielder's choice before the fire was put out. The summary:

Sunday Service at 11:00 a. m.
Sunday School is held at the same hour as the Church service.
Wednesday testimonial meeting at 8:00 p. m.
Reading Room, 5 Winchester Terrace (off Thompson street). Open daily except Sundays and holidays from 11:00 a. m. to 4:00 p. m.

The spiritual basis of true peace and brotherhood will be brought out in Christian Science service Sunday in the Lesson-Sermon entitled "Love."
The vital importance of love for God and man will be stressed in the readings from the King James Version of the Bible, including the following passages: (1 John 5:21); "By this we know that we love the children of God, when we love God, and keep his commandments."
The Golden Text is from Zephaniah (3:17): "The Lord thy God in the midst of thee is mighty; he will save, he will deliver thee when thou sayest, 'he will rest in his love, he will joy over thee with singing.'"

CARD OF THANKS

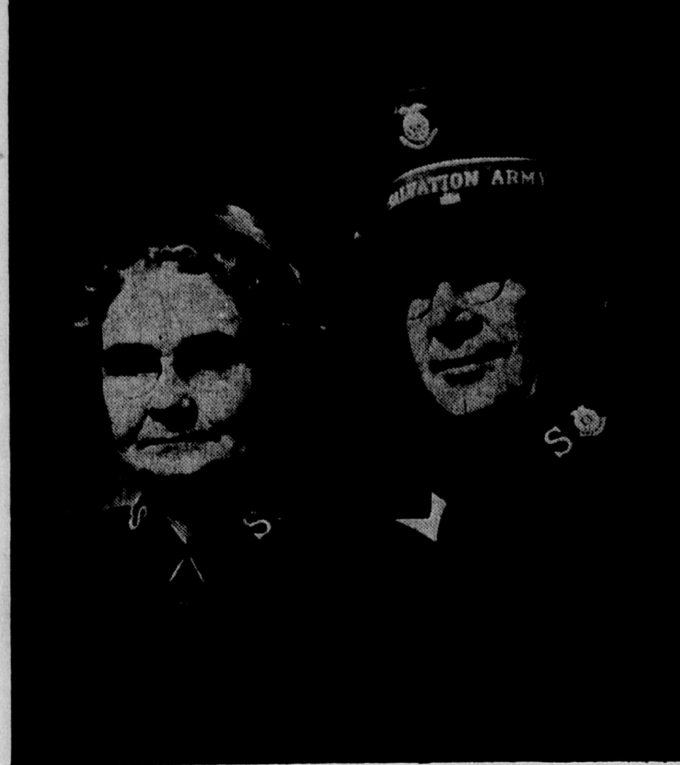

The family of the late Thomas W. Conlon wish to extend their sincere thanks to all those whose kindly sympathy meant so much during their hour of bereavement.

They especially appreciate the kindness of Post 97, the American Legion; Aberjona Post 3719, Veterans of Foreign Wars; M & M Transportation Co. of Somerville, Eastern Pelt Co. of Winchester, Winchester Water & Sewer Board, Winchester Council 210, Knights of Columbus; Massachusetts Catholic Order of Foresters and the Holy Name Society of the Immaculate Conception Parish.

TWO FIRES YESTERDAY MORNING

The alarm from Box 57 at 4 o'clock yesterday morning was for a fire at the home of Mr. Earl McGrath, 120 Cambridge street. The men found that the fire had originated in a bed rug on the second floor of the house and the actual fire damage was reported as slight.

At 8:30 yesterday morning a piece of apparatus had to go to the Postoffice grassplot where a gasoline motor, owned by the Park Department and being used there had broken into flames. A defective gas tank cap apparently caused the trouble. The flames leaped well into the air and could be seen for some distance.

COL. AND MRS. WILLIAM H. FOX

SALVATION ARMY WELCOMES EVERYONE TO CAMP MEETINGS

Under the leadership and planning of Colonel William H. Fox, New England commander of the organization, The Salvation Army will conduct the 1954 revival of its famed Camp Meetings in the beautiful, ridge-encircled pine grove within hearing of the ocean's roar at Old Orchard Beach, Maine from August 20-30.

There is no doubt whatsoever but that these 1954 Camp Meetings in the pine grove "where God's hosts keep constant vigil" will be among the most enthusiastic and well-attended in the long 61 year history of the open air sessions of The Salvation Army, according to Colonel William H. Fox, who received the outdoor sessions following World War II. It has been under his guidance that some of the organization's most noted international leaders, including former General and Mrs. Albert Osborn, of London, England, have not only inspired thousands at these meetings but have been responsible for a remarkable growth in popularity of these revivals year after year.

TRUCKS COLLIDED

Warren Osborne of 120 Forest street, well known Winchester builder, had to have several stitches taken to close a cut on his head sustained shortly before 4:30 Tuesday afternoon when his Ford pickup truck was in collision with a Chevrolet truck at the intersection of Arlington street and Emerson road.

According to the police Mr. Osborne was driving north on Emerson road, while the Chevrolet truck, owned by Herbert L. Wood of 63 Church street and driven by Edward F. Govostes of 7 Webster street, North Woburn, was headed east on Arlington street.

Both machines were damaged and Mr. Osborne was taken to the Winchester Hospital in a patrol car by Officers Mario Buzzotto and Frank Tranchita. The occupants of the Chevrolet did not complain of injuries.

HIGHWAY ACTIVITY

The Highway Department is busy with the construction of Oxford street extension and Dartmouth street, as well as with Albemarle street, which extends from Blossom Hill road. The construction of Oakland circle off Grove street near Grove place was completed early in the summer.

Besides the new construction the Highway crews are busy with the resurfacing of 65 streets in all sections of the town.

TOWN OF WINCHESTER APPLICATION FOR LICENSE TO STORE PETROLEUM PRODUCTS NOTICE OF HEARING

In accordance with the provisions of Sec. 9 and 13 of Chapter 148 of the General Laws, notice is hereby given that the Board of Selectmen will hold a public hearing on Monday, the 9th day of August, 1954 at 9 p. m., in their room in the Town Hall Building of the Republic of HARRY V. GILSON, Secretary of the School Committee for a license to use the land bounded by Washington Street, Mystic Valley Parkway and Main Street in the Town of Winchester, of using the same for the storage of not more than 20,000 gallons of No. 6 fuel oil, the proposed location of said underground tank being as shown on a plan filed with the application.

GEOGRAPHIC ODDITIES AND BRIEFS

The Los Angeles metropolitan area has more automobiles per capita than any other—roughly 2,100,000, says the National Geographic Society. Its average is five cars for every four families.

Allowed to breed over several generations under natural conditions, golfish frequently lose their bright color and revert to the dull bronze or leaden hues of their ancestors, the National Geographic Society reports.

A vast rain-forest encircles the earth between the tropics, says the National Geographic Society. It extends across northern South America, central Africa, parts of India and the Malay peninsula, the East Indies, and northern Australia. Half the continent of South America is covered by this forest belt.

The heating of wood to convert it into carbon or charcoal may have been the first chemical process discovered by man, says the National Geographic Society. Charcoal fuel has twice the heating power of wood and burns without flame or smoke. It is still extensively used in many European and Asiatic countries and is the chief domestic fuel in most tropical countries. It is also used extensively in medicine, as a reducing element in the iron and steel industry, and in the manufacture of chemicals, gunpowder, explosives, and certain cosmetics.

HILLTOP NEWS

Response to date has indicated that the serving of steamed clams and lobster Friday nights at the Elks Home is proving popular with both Elks and their guests.

Clams and lobsters are available for Elks and their guests each Friday night and this policy will continue as long as it proves popular.

KIWANIS CLUB KIDS' DAY

Kids' Day, sponsored by Kiwanis International, will be celebrated Saturday, September 25 in Winchester and in hundreds of other communities throughout the United States, Canada, Alaska and Hawaii using the theme — "Build For Tomorrow."

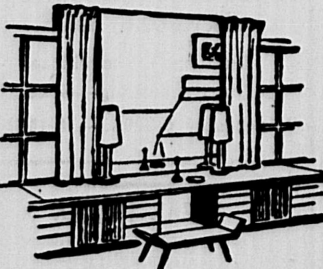

Mr. John Mercurio, President of the Kiwanis Club, said that although this is the sixth annual observance of Kids' Day, it is the first year of sponsorship exclusively by Kiwanis International and its member clubs throughout North America. He further stated that work on this sixth annual celebration is well under way and it is expected that more clubs than ever before will participate in this annual activity for youth.

"Preliminary plans for local activity are now being formulated by the committee in charge," Mr. Mercurio said. He named Mr. John Sircom as chairman and Tom Gilgun, Tom Dervo, William Wolsey and James Violante, Jr., as members of the committee under whose direction the activity will be carried out even though all members of the Kiwanis club will share in the project.

Mr. Mercurio pointed out that youth work has been a major aim of Kiwanis International throughout the thirty-nine years of its existence. The Kids' Day program, one of Kiwanis' major activities for youth, focuses attention on this important work of the organization on one day, and permits each club to develop a local program best suited to its community while integrating it with the club's year-round program for youth.

Last year over a million two hundred thousand children were entertained on Kids' Day and Kiwanis clubs raised more than \$800,000 for their youth service work. These funds are retained in the communities where they are collected and used entirely in local youth projects. He pointed out the Kiwanis club's Annual Fish Derby, Children's Milk Fund and Availability of Hospital Beds to Need to show how Kiwanis uses locally collected funds to benefit the entire community.

John Sircom, Chairman of the Kids' Day committee, indicated that further details will be announced in the near future. He urged all citizens to wholeheartedly support Kids' Day and join with other civic-minded residents of Winchester in observing this day set aside especially for helping youth.

Two windows can be curtained or draped as one when you place a mirror on the wall space between them. It gives the effect of one window with a brightly reflection of your room at the center. Especially effective in the bedrooms with your dressing table in front of the mirror.

A mirror on the ceiling of a closet lets you see what's on the shelf without climbing up on a chair.

BAD WEATHER FOR JAMBOREE

(Continued from Page 1)

A public address system aided every one in keeping track of the various events which were run off with surprisingly little deviation from the schedule announced before the Jamboree. Toward the Manchester road entrance to the field were several refreshment booths and these did a rushing business, despite the cold dank night.

It was about 10 o'clock when perhaps the event awaited with the most curiosity on the part of the crowd, got under way.

This was the baseball game under lights between the Winchester Merchants and the Georgia Chain Gang, the latter a semi-professional outfit, whose specialty is clowning, but who can still play ball.

So far as our rather unreliable memory is concerned this Merchants-Chain Gang game was the first played in Winchester under lights. Lights on piers were erected around the regular diamond near the Manchester road end of the field. They were hardly high enough to provide ideal conditions for night ball, but they did enable the game to be played, and a lot of fun it was.

As a matter of fact it was more fun than baseball though there were some good plays. For instance, "Joeko" Serieka risked life and limb in the first inning to haul down a long drive that was ticked off, gathering in the ball after a hard run only a few short feet from the bleachers in right center.

The Chain Gang turned out to be a bunch of comedians and their antics kept the crowd in an uproar. The Gang won the game from the Merchants, 5-2, but the local boys could have made a better game of it had they not cleaned their bench, enabling all their players to see action.

Symmes worked the first two innings for the Merchants, followed by Slack and Delorey. Chisholm hit a double for the Merchants, the remaining Winchester hits being singles by Manoli, Williams and Serieka.

After the game the winners of the two big contest awards were announced. "Buddy" Luongo of 54 Loring avenue won the English bike, donated by Charlie Murphy of the West Side Texaco Station. The \$100 Savings Bond donated by John Lane of the Lane Funeral Service, was won by Lillian O'Rourke of 32 Buckman street, Woburn, both members of the Immaculate Conception Parish.

Rev. Herbert K. A. Driscoll spent the entire evening at the field, accompanying the Queensmen and Queen's Cadettes, as is his custom. While naturally disappointed in the weather and the falling off in attendance it caused, he was still delighted with the turnout and the success of the Jamboree. Frank Flahive headed a large committee in charge of arrangements.

African Coal-To-Oil Plant
Preliminary operations of a 100 million coal-to-oil plant in South Africa are scheduled to begin soon, and if the plant proves successful, it will be able to process one ton of coal costing about 84 cents into fuel and chemical products worth about \$9. The plant is expected to produce about 55 million gallons of gasoline annually, 4½ million gallons of fuel oil, plus chemical by-products that will bring its total production value to about \$28 million annually.

A country shop is a lovely spot On afternoons when days are hot. An ancient barn with ancient trees, Handmade wares and a cooling breeze. The spicy smells of wood and glue. Bring your friends—AND their friends, too.

SPONSOR

Many a newcomer to Winchester has had her approach to a knowledge of the town smoothed appreciably by the Welcome Wagon.

She it is who calls on newly arrived housewives, answers their questions about churches, schools, where to get what, and most important from our angle, gives them a complimentary copy of the Winchester Star.

The Welcome Wagon representative makes a real effort to visit all new comers to Winchester, but it is hard to keep track of all arrivals, especially those who rent houses. She, and we know the newcomers, would appreciate residents of any neighborhood in which there are newly arrived families, giving her a ring at Winchester 6-0251 so that she can get in touch with them and be of help if possible.

You will be helping her and your new neighbors if you do!

Ontario Big Coal User
The Canadian province of Ontario, without coal mines of its own, is far away Canada's heaviest coal consumer, having imported more than 19½ million tons last year from the U. S.

NEWS FROM THE McELROYS

The Star received a welcome letter this week from our old Winchester friends the McElroys, Jim and "Scottie", now living in East Lansing, Mich., reminding us that time has marched on, that son, Edward, is now a junior in college specializing in Forestry, and being pretty consistently on the Dean's List. Daughter Jean will commence her senior year at East Lansing High School in the fall. In spite of maintaining an "A" standing Jean has been active on the Student Council as well as in the French Club, does a lot of ice skating and swims in a water ballet. Right now she is playing in the Greater Lansing Tennis Tournament.

"Scottie" and Jim send their best to their friends in Winchester who return a hearty "good luck" to them!

INVITED TO OPEN HOUSE

Winchester friends of the Arthritis and Rheumatism Foundation have been invited to an Open House at the home of Dr. and Mrs. Hans Waine, 51 Hampshire street, West Newton, to honor Miss Nancy Wickwire, leading lady of Wellesley's Theatre on the Green, on July 28 from 4:30 to 6:30 p. m. Dr. Waine is Medical Director of the New England Chapter of the Foundation. All tickets purchased for the August 11th performance of "The Lady's Not For Burning" at the Wellesley Theatre will benefit the fund for arthritis research, clinics and education.

Mr. J. Howard Macaulay of 270 Main street, Winchester has been active in the work of the Arthritis Foundation.

In Illinois, 99% of the coal produced is mechanically cut, and 95% mechanically loaded.

HAY-FEVER AIDED BY AIR CONDITIONING

A tough new anti-sneeze weapon has just been approved by scientists for the annual battle against hay-fever.
Following rigid laboratory tests, air conditioning has been declared a major ally of the nearly 11,000,000 Americans who suffer every year about this time from hay-fever sneezing and other pollen-caused afflictions. The tests were conducted by Dr. Orren D. Chapman, Professor of Bacteriology at the New York State University of Medicine here, under the sponsorship of Carrier Corporation, leading air conditioning manufacturer.
Dr. Chapman's finding, using a standard Carrier room air conditioner with conventional filters, showed that the air conditioning reduced the pollen count in the test room by 98% over that outdoors at the height of the ragweed pollen season.

The pollen count in the test room averaged well under a grain per cubic yard of air. Dr. Chapman expressed the opinion that the pollen counts in the air conditioned room were negligible and that the room may be considered virtually pollen free. This was true despite the fact that the doors into the room were opened frequently, in the neighborhood of 20 to 30 times a day.

Big Coal Consumer
T. V. A. steam plants which burned 4.4 million tons of bituminous coal for the fiscal year 1953, will burn annually more than 18.6 million tons after completion of plants now under construction. One plant with estimated annual coal consumption of 2 million tons was scheduled for completion in July. Three plants with estimated annual consumption of 11 million tons are due for completion in 1955, with two using coal at the annual rate of 2.5 million tons to be finished in early 1956.

PLANNING BOARD
Notice is hereby given that the Winchester Planning Board will hold a public hearing in its office, ground floor, west wing, Town Hall, on Monday, August 2, 1954, at 8:00 P. M. upon the petition of Edward F. Yurek for a board of survey layout of a portion of Collamore Street.
After such hearing the Board may alter said plan and may determine where said way shall be located and the width and grades thereof.
Prior to the hearing the plan may be examined at the office of the Town Engineer.
Harrison F. Lyman, Jr.
Secretary

The Water and Sewer Board of the Town of Winchester will receive proposals for the installation of seven hundred and twenty feet (720') of 8" Transit sewer pipe. Proposals will be opened at 7:30 P. M., August 10, 1954 at the Town Hall office of the Board.

Plans and specifications may be had at the Water and Sewer Office at the Town Hall. A five dollar (\$5.00) charge will be made for plans and specifications taken from the office. The five dollars will be refunded on return, in good condition, of the plans and specifications.
A bid bond of five hundred dollars (\$500.00) must be submitted with bid. Successful bidder must post performance bond equal to bid.
The Water and Sewer Board reserves the right to reject any or all bids or to accept such bids as are for the best interests of the Town of Winchester.

"MR. PEEPERS"
IN MARLBOROUGH PLAY

Television's "Mr. Peepers" (Wally Cox) is coming to Marlborough Monday for a week's stay at the Summer Theatre in the high school. Wally Cox, who has amused millions of Americans across the nation with his now renowned TV show, will be starred in F. Scott Fitzgerald's comedy "The Vegetable," which will be receiving a pre-Broadway tryout after being in mothballs since 1942.
"The Vegetable," Fitzgerald's only play, is the hilarious tale of a railway clerk, who after a long session with some bootlegged gin dreams that he's president of the United States.

CADET CALLAHAN IN TRAINING

Joseph T. Callahan, Jr., son of Mr. and Mrs. Joseph T. Callahan of 5 Russell road, an Air Force ROTC Cadet at Tufts College has completed his junior year in Advanced Air Force ROTC, and is attending four weeks of summer training at Ethan Allen Air Force Base, Winooski, Vermont, as part of his reserve officer training at college. While at summer training, Cadet Callahan observes and actually participates in Air Force operations.
Following graduation from Tufts he will be eligible for appointment as a second lieutenant in the United States Air Force Reserve and for entry into flight training to win the coveted silver wings of an Air Force pilot.

ON BUCKNELL HONOR LIST

Carle C. Zimmerman, Jr., of Winchester has been cited on the dean's honors list for scholastic achievement during the second semester of the past academic year at Bucknell University.
Son of Dr. and Mrs. Carle C. Zimmerman, 6 Cliff street, he has just completed his sophomore year at Bucknell where he is enrolled in the chemical engineering course. Only those students who achieve a high average in their studies are named on the honors list. A total of 268 men and women, including 60 sophomores, were cited on the current list.

STATE GRASS AND WEED CONTROL

Governor Christian A. Herter and Commissioner John A. Volpe announced today that the State Public Works Department is continuing this season a program of chemical plant control, inaugurated on an experimental basis last year, to reduce roadside maintenance costs. Results of the first year's work indicated that with proper application, dosage and timing of materials used, the number of mowings required to maintain the roadsides may be greatly reduced.

This season approximately 160 acres are being treated with growth inhibitor and weed killer; and additional 400 acres are being treated with weed killer only to eliminate weed growth in grassed areas.
A few experimental area locations are on Route 1 from the Danvers-Peabody line to Route 62 in Danvers; Route 128 from Locust street to Lowell street, Peabody; Routes 5 and 10, the northeast section of the South Deerfield by-pass, South Deerfield, and on Route 5 in Riverdale.

Growth inhibitor and weed killer were used for continued treatment and observation of results were made of work done last season on Routes 1 and 128 in the Danvers-Peabody area. Smaller amounts were used in other locations throughout the State so that an early evaluation of the experimental work under various conditions, and in widespread locations, may be prepared.

Established test plots in Danvers were treated with various strengths of the growth inhibitor, applied at various times of the growing season, to determine the proper application for most effective results. As the growth inhibitor has practically no effect on retarding weed growth, a weed killer was introduced into the solution, and the combined chemicals were applied together. This method allows grass growth control and elimination of weeds in one spraying operation.

Looking through an alidade on the bridge of the heavy cruiser USS Macon is Midshipman Francis J. McLaughlin, son of Mrs. Winifred H. McLaughlin of 15 Arthur street.

DONAHUE OUT OF ARMY

Frederick J. Donahue, Jr., former widely known Winchester boy and son of Mr. and Mrs. Frederick J. Donahue of Mystic avenue, is now serving as administrative assistant to Congressman Henry O. Talle, Republican, of Iowa, who has been a member of the House for eight consecutive terms.
Mr. Donahue, who was a captain in the Army, serving at the Pentagon in Washington, retired from the service last fall to become associated with Congressman Talle. He moved at that time from Arlington, Va., to Silver Springs, Md., where he and his family live at 8108 New Hampshire avenue.
Mr. Donahue, a graduate of Winchester High School, attended Leeland Stanford University at Palo Alto, Calif., and was graduated from Boston University. He is a veteran of World War II.

NOREEN JOHNSON AGAIN ON T. V.

On Sunday, August 1, Noreen Johnson will appear in the quarter finale of the Community Opticians Program on WBZ-TV. If she wins, she will appear again in the finale of the contest late in the fall.
Noreen is the oldest of the "Three Johnson Sisters," Acrobatic Dancers of 6 Park road.

The domestic coal stoker—commonly in use in homes throughout the nation—was introduced in 1920.

Mr. Clifton O. Woodard of 285 Washington street, recently received his diploma from the International Correspondence Schools, Scranton, Penna., following the completion of his course in Power Plant Engineering, according to Mr. Charles Pettipiece, area representative of the I. C. S. Mr. Woodard, a long time resident and father of eight children, is employed as 2nd class engineer at the Gillette Safety Razor Company.

Call Ed Lynch for prompt removal of rubbish. Winchester 6-3514.

Henry Knowlton, director of athletics at Winchester High School who is spending the summer at Waterfront Director at Camp Wyanoke, Wolfeboro, N. H., paid a short visit to town last week-end, arriving at his home on Maxwell road Sunday evening and returning to camp Monday afternoon.

Mr. Kenneth Moffatt of Ridgefield road is summer organist at All Saints (Episcopal) Church in Brookline this year. Mr. Moffatt is regular organist and choirmaster at the First Church in Belmont.

Mr. Norman E. Simons of 87 Church street has installed a loud speaker in the police traffic control tower in the center. The new installation was demonstrated last Saturday for Police Chief Harold. It enables the officer on duty to warn pedestrians seeking to go under the railroad gates and to stop cars who are not being driven in accordance with the traffic lights.

Does your make-up flatter your summer tan? Try Beauty Counselor's sun shades in Liquid Beauty and Face Powder with a choice of matcha Lipsticks, Rouge, and Nail Polish. Call June P. Erikson, Winchester 6-3233.

The new Poll Tax Books are now ready at the office of the Town Clerk. These books, which used to be free to residents of Winchester, now cost \$1.

The Ray Browns of 58 Winford way have returned home after spending three weeks in Buffalo, New York.

Leslie J. Scott, president of the Winchester National Bank, is enjoying a vacation which he is spending with his family at their summer home in Ossipee, N. H.

Mrs. Albert A. Kajander of Alden lane has returned home from the Massachusetts Women's Hospital following an operation. She is now convalescing in Kennebunkport, Maine, at the summer home of her parents, Mr. and Mrs. Robert F. Lybeck of Everett road.

Steve Yale, lifeguard at Leonard Field Pool reported to the police last Thursday evening that his wallet had been stolen from his clothes while he was on duty. The wallet contained a sum of money and personal papers and keys. It was found by three girls on the Common the next day, minus as you may have guessed, the money.

Harry W. Dodge & Son, Interior, Exterior Painting, Paperhanging and Color Matching. Tel. Winchester 6-0396 or Woburn 2-3934-J.

Mr. and Mrs. Richard Frye of Cambridge have bought the former home of the Ralph Bonnell at 10 Fells road. Kenneth Moffatt of Donald Allmon, Inc., was the broker.

Officer John Murray of the police department was reported as on the sick list yesterday.

The Winchester boys who the police say are responsible for a series of thefts of bicycles around town appeared in court yesterday morning, at which time their cases were continued to permit restitution to be made to the owners of the bikes. Since in many cases the bikes were stripped and the parts thrown into the river, restoring the bikes to usable condition is going to be very much on the costly side as the parents of the youngsters responsible will find.

Mr. Frank W. Howard of 132 Washington street is reported as at the Winchester Hospital under treatment for injuries sustained in a fall in the cellar of his home last Friday. Mr. Howard told Officers Crawford and Tranchita, who went to his assistance, that he fell while working at a bench in the cellar and struck his head on a tool-box.

Dr. Gustav Kaufmann, after an examination, ordered Mr. Howard removed to the hospital. His condition is not reported as serious.

Last Saturday morning at 1 o'clock an automobile was driven off the street and completely around two houses on Albemont road. Aroused householders failed to get the number and the police had little on which to work in an effort to locate the driver.

Box 251 sounded at 12:16 for a fire in the basement of the Conte home, 3 York road. A spark from the basement fireplace set fire to tied-up papers nearby. Slight damage.

WINCHESTER MAN HOME FROM EUROPEAN GRAPHIC ARTS SHOW

William G. Mullen of 71 Salisbury street, president of the Mullen Printing Corporation at 191 Main street, Woburn, has returned from a trip to England and the Continent, during which he visited London, Paris, Leeds, Dusseldorf, Cologne and Copenhagen, as well as attending the impressive Graphic Arts Show held every five years in Dusseldorf, Germany.

Held in specially constructed buildings and beautifully landscaped grounds, the Graphic Arts Show included paper making, photographic films, folding machines and virtually all types of printing presses.

Mr. Mullen went abroad to discuss with English and European press manufacturers his own patented improvement in offset printing, known as the Air Doctor Dampening System, making possible higher quality offset printing by improved control of the water used to dampen the printing plates.

Representatives of a British press manufacturing concern are expected to visit the Mullen Plant in Woburn in the near future while a French company was so impressed with Mr. Mullen's new process that it has submitted a proposal for rights to the system in Continental Europe. Lithographers generally agree the Mullen invention has obviated the weakest link in lithographing, the dampening process.

Mr. Mullen, a graduate of Massachusetts Institute of Technology and a war veteran, is a member of George A. Campbell Post, 101, the American Legion of Woburn and of the Woburn Chamber of Commerce. While in France he was made an honorary member of the Paris Legion Post, the original American Legion Post, numbering 1600 members.

Located on American property in Paris, presented to the Legion by the United States Government, Paris Post is the only Post in which a Legionnaire may hold membership in addition to his own Post.

Mr. Mullen was impressed with the rebuilding done in Dusseldorf since the end of World War II and told of a thirty-foot sign, flanked by constantly burning torches, erected in memory of German prisoners of war who have not yet been returned to their fatherland. He told an interested group at the Woburn Chamber of Commerce soon after his return that all countries holding German prisoners have been crossed from the sign excepting Russia and Czechoslovakia.

VOL. LXXIII NO. 50

IMMACS LEFT SUNDAY

The Immaculate Conception Drum and Bugle Corps with its Colors and Color Guard and Girls Drill Team, the championship Queensmen and Queens Cadettes, left town early last Sunday morning in three big Greyhound buses, en route to Philadelphia and various competitions continuing through this week at the big V. F. W. Convention in the City of Brotherly Love.

Before leaving town the boys and girls attended mass at the Immaculate Conception Church, said for them at 6 o'clock by the Pastor, Rev. Fr. Herbert K. A. Driscoll. The popular Parish Priest, who has accompanied the corps and drill team in all its appearances, went on with the groups to Philadelphia, and among others making the trip with the corps were Mr. and Mrs. Joseph Callahan, James Gentile, Robert Costello, Paul Costello, the manager and staff group. The entire party was about 100 strong and a big delegation was out to see the youngsters off, despite the early hour of departure.

Going along with the corps and cadettes was a new regulation parade size Massachusetts State Flag, presented to the units by His Excellency Governor Christian Herter in recognition of the Immacs recent win of the Governor Herter Trophy in competition at Braintree. The entire outfit had been equipped with new white shoes, plumes and scarves, making their usual snappy appearance even more spectacular.

A number of friends of the bugle corps and drill team made the trip to Philadelphia in private cars to root for the local units in the top notch competition which will highlight the Vets Convention.

O'BRIEN — MORIARTY

The marriage of Miss Mary Elsie Moriarty of New York City, daughter of Mr. and Mrs. John Moriarty of Winchester, to John Henry O'Brien took place on Saturday, July 31st, in Our Lady's Chapel of St. Patrick's Cathedral, New York City.

Mr. O'Brien is the son of Mrs. Simon M. Weddle of Trenton, New Jersey and Mr. Henry M. O'Brien of Yardley, Pa.

The Rev. John M. Crotty performed the ceremony and celebrated the Nuptial Mass. A reception was held at the Hotel Ritz.

The bride was escorted by her father and had Miss Joan M. Molloy of Woodmont, Conn., as her only attendant. Mr. James E. Lambert, Jr., of Trenton, N. J., was best man.

Mrs. O'Brien was graduated from Smith College. She also attended Radcliffe College and the University of Fribourg in Switzerland. Mr. O'Brien attended Dickinson College, Carlisle, Pa., and Boston College.

INJURED AS CAR CRASHES HYDRANT

John P. Driscoll of 21 Hilltop Parkway, Woburn, was taken to the Winchester Hospital for treatment shortly after 7:30 Monday evening when his Ford sedan struck and knocked over a hydrant at the corner of Grove street and Fenwick road.

Driscoll told the Police he was driving north on Grove street when the left front tire of his car blew out, causing him to lose control. The machine crossed the street and crashed into a hydrant located on the westerly side of Grove street near Fenwick road, knocking the hydrant over.

Driscoll's car was badly wrecked about the front end and had to be towed to Haggerty's Garage. Officer Henry Dempsey and William Callahan took Driscoll in the Police ambulance to the Winchester Hospital where he was treated for abrasions about the face. He was not believed to have been seriously injured.

EX-LITTLE LEAGUERS WIN TWO MORE

The local All Stars gained two more wins at the expense of Salem and Revere. The first was by a runaway of 23-0, with Joel Peckham striking out 16. Revere was defeated in a close game of 4-3, with Joe Flaherty pitching.

The team continues to improve with a very strong bench, indicating that there are a lot of players around Winchester ready and eager for Pony League Ball. The schedule has Medford Sunday afternoon at Manchester Field; Woburn at Woburn Tuesday night and Billerica at Billerica Thursday night.

PRICE TEN CENTS

SUSAN HIGHT
MISS HIGHT, MR. DENNY
ENGAGED

Mr. and Mrs. Robert Ellsworth Hight of 21 Ledyard road announce the engagement of their daughter, Susan, to Mr. Robert Robinson Denny of Washington, D. C., son of Mrs. G. Racey Jordan of New York City.

Miss Hight was graduated from Winchester High School, Colby Junior College, New London, New Hampshire, and attended the New England Conservatory of Music in Boston. For the past four years she has been in theatrical and television work in New York City.

Mr. Denny attended George Washington University and Pennsylvania State College. During World War II he served with the 8th Air Force as a pilot and operations officer in England and Europe. He is now employed as Public Relations Director with Henry J. Kaufman and Associates in Washington, D. C.

NEW PUBLICITY MANAGER FOR B & M

The Boston and Maine Railroad, Monday, announced the appointment of Clifford A. Somerville of Melrose, as Publicity Manager of the Boston and Maine Railroad, succeeding George H. Hill of Melrose, who resigned effective August 15, to enter business for himself.

Somerville, a native of Newtonville, Mass., was a newspaperman in Portland, Maine, for 15 years before associating with the railroad in 1944, as editor of its employees magazine. During his newspaper career, he was on leave for five years to serve as first chairman of the Maine Unemployment Compensation Commission, returning to the Portland Evening Express in 1941 as city editor.

He is president of the American Railway Magazine Editors Association, Chairman of the Boston Business-Industry Section of the National Science Teachers Association, and Chairman of the Railroad Community Committee of Greater Boston, a public relations arm of the Eastern Railroad Presidents Conference. He is married and has two children.

Hill, who has been publicity manager of the B & M with the Maine Central Railroad since 1948, will continue to serve in that capacity, with headquarters in Portland.

[Ed. Note — The Star has many reasons to be glad to see George Hill go. The B & M with regret. Never failing courtesy and a friendly interest in our problems always left us with the feeling he was glad to be of service. We will miss him and extend to him our best wishes in his new field.]

SURPRISED ON 20TH BIRTHDAY

Dr. and Mrs. Phillip J. McManus gave a party for their daughter, Phyllis, last Sunday evening at their home, in honor of her 20th birthday.

The affair was a complete surprise to Miss McManus, who entered the living room of her home with a friend to find a large group of relatives and friends, many from out of town and state, assembled to extend birthday felicitations.

The McManus house was gaily decorated with flowers for the party and centering the refreshment table was an ornate, appropriately marked birthday cake.

Miss McManus received many beautiful gifts and as the guests insisted on knowing the contents of the many intriguing packages, they were opened forthwith, the operation consuming nearly an hour.

After the final gift had been admired, refreshments were served and a social hour enjoyed with "Dr. Phil" acting as Master of Ceremonies as only he can!

A REAL CLOSE ONE!

QUICK LEAP SAVED WOLSEY
AS MTA TRAIN HIT HIS CAR

William S. Wolsey of 29 Leslie road, widely known builder, had a narrow escape from serious injury and possible death Tuesday forenoon in Brookline when the Ford convertible he was driving along Beacon street was in collision with a three-car MTA train at the junction of Beacon and Carleton streets.

"Bill" was not driving his well known Jeep. Because of the heavy rain and to avoid putting on side curtains he decided to use his wife's spandy green convertible, a gift to her from "Bill" last Christmas. Incidentally the Mrs. declined an invitation to accompany "Bill" to Brookline and both feel that had there been two in the seat of the Ford, the leap that enabled "Bill" to avoid being crushed in the car could not have been made.

Mr. Wolsey told the Star he was driving along Beacon street in Brookline from the direction of Coolidge Corner toward Boston and had pulled up at a traffic light on the left hand side of the in-bound part of the street where Carleton street crosses Beacon street. It was his intention to make a left turn onto Carleton street and he had set his blinker signals to that effect.

When the lights changed Mr. Wolsey started his car, turning left onto Carleton street, crossing the MTA tracks extending along Beacon street in the center of grass plots. Before his car could cross the in-bound tracks it was struck on the left side by the lead car of the three-car MTA train which was also headed toward Boston.

The force of the impact carried the Wolsey car across Carleton street and drove it against a tree on the edge of the grass plot. As the Wolsey car straightened out from the first crash, Mr. Wolsey, thinking quickly and to good purpose, decided to leap from his machine, which was being driven toward an iron post and a second tree.

He had been thrown across the seat of his car by the first impact, but he succeeded in getting the car door open before it struck the iron post, and was pitched from the machine before it was crushed against the second tree, landing face down in the middle of Beacon street. Fortunately no cars were approaching, and he was able to get to his feet without further injury.

Meanwhile, according to the story told the Star, two of the three cars in the train were derailed and the passengers shaken up.

Mrs. Wolsey's car was completely wrecked and at the big Brookline garage to which it was towed attendants said it was the worst wreck they had seen in which no one was killed. They and the Police were of the opinion that Mr. Wolsey's quick thinking undoubtedly saved his life.

"Bill" was apparently not badly hurt, and he immediately phoned his wife to tell her of the accident and of his own safety. Mr. Wolsey was shocked and was visited Tuesday night by his family physician, Dr. William D. Barone, who treated him for back and chest injuries and shock.

At the Wolsey home Wednesday he was reported as resting and still more or less affected by the severe shock he sustained at the time of the crash.

WINCHESTER AT DANVERS

The Winchester Little League All-Tournament team won the championship of District 5 of the Greater Boston Tournament by edging Billerica 3-2 at Ginn Field on Wednesday evening. Thus, this year's team has made history by becoming the first Winchester team to win a District championship.

Congratulations to manager Arthur Johns, coach Gordon Peckham, and the 14 all-stars who have brought this honor to Winchester. There are now only eight District champions left in the Greater Boston Tournament out of the more than 100 teams that originally started. Winchester, as winner of District 5, will meet the winner of District 6 at Danvers on Saturday afternoon at 4:00 p. m. The game will be the second half of a double-header tomorrow afternoon at Danvers with two other District champions meeting in the first game. In case rain causes a postponement tomorrow, the game will be played at Danvers Monday evening.

If Winchester is successful in this quarter-final round, they will play in the semi-final next Tuesday evening August 10, on a neutral field to be named later. The finals will then be played at Woburn on Thursday evening, August 12. Thus, Winchester Little League fans will want to mark down the dates of August 7, August 10, and August 12.

ARCHBISHOP PRESIDED AT FUNERAL OF FORMER WINCHESTER PRIEST

Archbishop Richard J. Cushing presided at the solemn funeral mass for Rev. William H. Sherry, curate at St. Andrew's Church, North Billerica, and former curate at the Immaculate Conception Church, which took place at St. Andrew's last Friday morning at 10 o'clock. A mass for the children of the parish had been held earlier in the morning.

The body of the priest, who died suddenly July 27, had rested Wednesday afternoon and evening at the home of his sister, Mrs. John F. Hevey, 484 Washington street, where many friends and former parishioners called to pay their respects.

On Thursday the body was taken to St. Andrew's where at 4 o'clock in the afternoon 50 priests of the archdiocese chanted the office of the dead. The body lay in state in the church throughout the remainder of the afternoon and evening.

St. Andrew's was overflowed at the funeral mass which was celebrated by Msgr. Ralph J. Gallagher of the Cathedral of the Holy Cross.

Rev. John D. Clark of St. Anthony's Church, Allston, was deacon; Rev. Walter D. Donahue of St. Mark's Church, Dorchester, sub-deacon, and Rev. Thomas P. Fallon of St. Mary's Church, Weymouth, master of ceremonies. Rev. John Keane of St. John's Church, North Cambridge, a classmate of Father Sherry at St. John's Seminary, gave the eulogy.

The Gregorian Mass was sung by the choir of St. John's Seminary, Brighton.

Present at the Mass were: Rt. Rev. Joseph M. Fitzgibbons of St. Jerome's Church, Arlington, formerly of St. Mary's, Winchester; Rt. Rev. Francis L. Shea of St. Michael's Church, North Andover; Rev. Cornelius T. H. Sherlock, Church of the Immaculate Conception, Cambridge; Rev. John P. Carroll of the Holy Cross Cathedral, Boston.

Rev. Joseph M. Leahy of St. Dorothy's Church, Wilmington; Rev. Edward B. Flaherty, Holy Name Church, West Roxbury; Rev. Thomas M. Foley, St. Francis of Assisi Church, Medford; Rev. Gerald Sullivan, Springfield; Rev. J. David Welsh, Holy Cross Cathedral, Boston; Rev. James A. Garity, St. James Church, Medford; Rev. John E. Murphy, St. Rita's Church, Lowell; Rev. Joseph P. Burke, St. John's Seminary, Brighton; Rev. Robert H. Carleton, St. Mary's Church, Chelmsford; Rev. Francis J. McGann, St. Mark's Church, Dorchester; Rev. Daniel F. Reardon, St. Elizabeth's Church, Boston; Rev. John C. Supple, St. John's Church, North Andover; Rev. John F. Wallace, Church of the Immaculate Conception, Salem; Rev. F. J. Gammon, Sacred Heart Church, Roslindale.

Rev. Charles A. McIsaac, Sacred Heart Church, Malden; Rev. John C. Ford, St. West College, Weymouth; Rev. Walter L. Flaherty, Holy Cross Cathedral, Boston; Rev. Paul H. Doherty, St. Andrew's Church, North Billerica; Rev. Joseph E. McInnis, Sacred Heart Church, Malden; Rev. John C. Louden, St. Margaret's Church, Dorchester; Rev. Raymond L. Hyder, Director of Lowell Catholic Charitable Bureau; Rev. Francis L. Sullivan, Sacred Heart Church, Quincy; Rev. William Mullen, St. Peter's Church, Lowell.

Rev. Robert H. Hurley, St. James Church, Salem; Rev. Francis G. O'Sullivan, Somerville; Catholic Charitable Bureau; Rev. John J. Lane, St. Charles Church, Woburn; Rev. Joseph T. Rothwell, St. Mary's Church, Pinehurst; Rev. E. T. Lyons, St. Barnabas Church, Woburn; Rev. Ralph J. Clark, Cardinal O'Connell Junior Seminary, Brighton; Rev. Daniel T. Taglino, Sacred Heart Church, East Boston; Rev. Joseph P. Donelan, Archdiocesan Council of Catholic Men and Women, Boston; Rev. Harold F. McDermott, Veterans Administration Hospital, Bedford; Rev. John F. Caulfield, S.J., Boston College; Rev. Edwin F. Carey, St. Raphael's Church, West Medford; Rev. Paul J. McGovern, St. Thomas Church, Braintree; Rev. John S. Kearns, St. Joseph's Church, Somerville; Rev. James P. Ryan, St. Joseph's Church, Medford; Rev. Joseph W. Healy, St. Joseph's Church, East Pepperell.

A delegation from the Middlesex County House of Correction was headed by Sheriff Howard Fitzpatrick and included Special Sheriff Robert Fitzpatrick, Deputy Sheriff O'Loughlin, Baron and Ryan; Officers Bowser, Pietryka, Sweeney, Morarty, Ethier, Flanagan and Fairbank.

Archbishop Cushing officiated at the "Libera" after the Mass. Burial was in Calvary Cemetery.

WEST OUT OF ARMY

The Star had a visit last Friday from Captain William I. West, USA, following his discharge from the Army at Fort Hamilton, N. Y. "Bill", one of Winchester's great all-time football stars, who later was a regular for West Point, is uncertain about his future, but was returning home to graduate work for a year or so at Dartmouth. He always did like the skiing there.

Incidentally "Bill" told us that his "little brother" John, who has been on duty in the Army in Alaska, is in process of being separated from the service. The boys played a lot of football for Winchester High as an undergraduate and still holds the school record for the shotput. At Harvard he was a regular in the Crimson backfield for two seasons.

OVERHEAD BID DATE AUGUST 10

The Department of Public Works has announced that the date on which bids will be received for the construction of the overhead tracks through Winchester and the construction of the diversionary highway through the Skillings Estate has been set for August 10. These bids include all work to be done excepting the construction of the new Winchester Station.

VERY TRULY YOURS, Charles J. Harold Chief of Police

MARRIAGE INTENTIONS

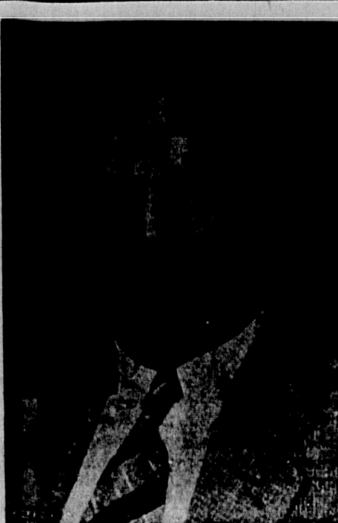

Michael Peter Hodosek, Jr., 256 Whiton street, Jersey City, N. J., and Phyllis Marilyn Lo Russo, 503 Washington street.

Richard Donald Sheridan, 309 West street, Reading, and Margaret Teresa Hogen, 38 Salem street.

Franklin Johnson Lane, Jr., 4 Drexel avenue, and Susan Cabot Friend 22 Chamberlain road, Newton.

Lawrence Melvin Duncanson, 1444 North street, Portland, Me., and Nellie Rose Pietrantoni, 6 Harvard street.

Donald Wesley Smith, 19 Governor's avenue, and Joanne Elizabeth Seander, 4 Harris avenue, Everett.

MICHAEL J. FOLEY

Michael J. Foley, widely known antiques dealer and auctioneer, died Wednesday afternoon at his home, 780 Main street, after an illness extending over five years. He had twice been hospitalized in recent months and had been critically ill for several days before his death.

Known to everyone as "Mike" Foley, he had many friends in and around Winchester, having often acted locally as auctioneer and appraiser for estates. He had for many years conducted an antiques and second-hand furniture business on upper Main street.

Mr. Foley was born July 19, 1892, in Bath, Me., the son of Patrick and Margaret (Conolly) Foley. He came with his parents to Winchester as a boy of four years, and grew up in town, being educated in the Winchester schools. He lived as a boy and young man in the Middlesex street district of the town, known as the "Bovory", but for many years now the family home has been at 780 Main street.

During all his adult years in Winchester Mr. Foley was interested in local politics. He had been a chairman of the Democratic Town Committee and a Democratic candidate for State Senate in 1938.

He served the town as constable from 1926 through 1947 and was Deputy Collector of Taxes under the late Nathaniel M. Nichols from 1932 through 1942. When engaged in politics his influence and backing were eagerly sought by many candidates for political office in Winchester and he was generally able to predict election outcomes in town with accuracy.

Mr. Foley was a member of the Alhambra Club of Boston, of Winchester, of the Knights of Columbus; and of St. Pius X 4th Degree Knights of Columbus, of Winchester.

On April 29, 1914, Mr. Foley married Mabel A. Gaetz of Wakefield, who survives, with two daughters, Miss Mabel A. Foley and Mrs. Frank Willette, both of Winchester; two sons, Robert H. and George Foley, also of this town; five grandchildren; five sisters, Mrs. Howard Goodrow of Winchester, Mrs. Bernard Daly of Lawrence, Mass., and Mrs. William M. of Winchester; also three brothers, Patrick T., Martin J., both of Winchester; and John J. Foley of Stoneham.

The funeral will be held Saturday morning from the late residence with solemn requiem high mass celebrated at 9 o'clock, at St. John's Church at 9 o'clock. Burial will be in Wildwood Cemetery.

Visiting hours at the home on Friday will be from 2 to 5 o'clock in the afternoon and from 7 to 10 in the evening.

POLICE THANK ELKS

Winchester Lodge of Elks recently made a gift to the Police Department of an oxygen regulator for use in emergency rescue work. Chief Harold's acknowledgement of the gift is self explanatory and of general interest. It follows in full:

August 4, 1954
Francis P. Allen, Exalted Ruler
Winchester Lodge 1445 BPOE
Dear Sir:

This is to acknowledge receipt of the oxygen regulator presented to the Winchester Lodge of Elks to the Police Department. The machine has been installed in the ambulance, where it will be available for instant use in saving lives.

The oxygen regulator will be a most valuable auxiliary unit in cases of asphyxia. Because of its lightweight and compact assembly, it may be employed in situations where our standard sized Resuscitator could be used only with great difficulty.

I wish you would pass along to your brother Elks my appreciation for this splendid public service rendered by the Elks. The people of the Town of Winchester have good reason to be proud of your organization for this generous contribution to the cause of Public Safety.

Very truly yours,
Charles J. Harold
Chief of Police

TOWN SOFTBALL LEAGUE

STANDING AS OF AUGUST 4

Sons of Italy	15	5
V. F. W.	14	6
Fitzgeralds	13	6
Monsons	10	9
Army	6	14
Jokers	1	19

The playoffs in the Town Softball League got underway last night with the defending champions, the Sons of Italy, playing the Monsons. Tonight the Veterans of Foreign Wars clash with the Fitzgeralds in the other semi-final pairing at Ginn Field. These semi-finals are a best two-out-of-three series with the winners to clash in a three-out-of-five series for the league championship. All playoff games will be at Ginn Field and, commencing with Monday night's encounter, will start promptly at 6:15 p. m.

A glance at the above standing will show how closely matched are the three top teams. The Sons of Italy did not dominate the league this year as they have rather frequently in the past. As a result, some experts feel that they will not repeat as champions. It is always good policy, however, to string along with the champion until he is actually beaten and this writer feels that the Sons are a slight favorite to win.

The Sons have a consistent, steady pitching staff composed of Procopio, DiMambro and Gangi. They have the long ball hitters in Al Tibaud, Sam Tibaud, Bill Fiore, Roy Penta and Tony Bucci. They have speedy, hustling performers in Sam Bellino, Moose Bellino, Dick Bucci and Pete Provino, which makes a tough combination to beat. Their opponent, the Monsons, have strong pitching from Freddie Kimball but are weak behind him. Al Samoloff, Jack Tarbell and Jim Cogan are power hitters while Joe Noonan, Joe Nash, Russ Ellis and Ted O'Rourke are speed merchants. The Monsons are not as steady defensively, however, which along with their lack of depth in pitching makes it hard to see how they can beat the Sons in a series.

The other semi-final between the Vets and the Fitzgeralds should be a sizzler as these two teams are very evenly matched. The Vets have always boasted of considerable power at the plate. In other years their pitching has not been consistent but Bob Saunders and Marty Joyce have twirled good ball for them this year. Their chief weakness would seem to be lack of speed and a somewhat shaky infield. The Fitzgeralds have been the surprise package of the league this year as manager Charlie Tofani has kept them hustling all the way. Bob Fiore has developed into one of the best pitchers in the league and will be hard to beat. They have the advantage of youth and enthusiasm and could very well be the prospect of another of the famous Sons of Italy vs. V.F.W. battles in the finals.

A beautiful new trophy has been purchased by the Park Department this year to go to the winner on a year basis. The trophy must be won three times by any team to obtain permanent possession. The Sons of Italy retired the former trophy last year by winning it for the third time and all four teams are anxious to become the first to have their name engraved on this new trophy. It looks like a couple of weeks of exciting softball are in store for the fans as the boys start the annual donnybrook.

SEEKS ACTION AGAINST THE TOWN

Herbert Lord of 42 Sheridan circle, an attorney, has informed the Star that he is petitioning the Judge of the Middlesex County Superior Court for a Writ of Mandamus against the Town of Winchester seeking to have the town election of March 1, 1954, about which he declared null and void and a new election ordered.

Mr. Lord told the Star he bases his petition for the Mandamus on the fact that candidates for reelection were placed first in order on the ballot, thus having an advantage over new candidates. He, himself, was a candidate for town meeting member in Precinct 6 and said his failure to be elected was due to the fact that his name appeared 12th on the ballot instead of eighth, as it would have appeared had candidates for re-election not been placed at the head of the list.

In his petition for the Mandamus Mr. Lord contends that the listing of candidates for re-election at the head of ballots resulted from action of the State Legislature. He further contends it was not the purpose of the Legislature to give preferred positions on the ballot to incumbents in office, and even if it were, the Great and General Court has no such power under the constitution.

RED CROSS SWIMMING

The annual Red Cross Swimming Championships sponsored jointly by the Winchester Red Cross and the Park Department will be held at Palmer Beach on Saturday, August 21st, at 1:30 p. m. As in the past, swimming events will be held for all ages, exclusively for Winchester children. Appropriate prizes will be awarded.

The Winchester New England Championship relay team has been invited for exhibition swimming at the Corinthian Yacht Club in Marblehead, on Thursday and Friday of this week. The members of the team are Noreen Johnson, Ann Neville, Nancy Donaghey and Mickey Coon who replaces Margaret Johnson who is away on vacation.

EARLE E. ANDREWS

RETIRE AFTER 26 YEARS

Earle E. Andrews of 196 Highland avenue, retired August 1, after 26 years of service with Kemper Insurance in New England. He began his insurance career with the Contractor's Mutual Liability Insurance Company in 1916 which was later taken over first by Federal Mutual Liability Insurance Company and later by Kemper Insurance in 1928. Mr. Andrews was a senior trial attorney of the Compensation Legal Department.

During World War I, Mr. Andrews served as a member of the Army Quartermaster Corps and was promoted to the rank of Captain. He is a member of the various bar associations, including the American Bar, Massachusetts Bar, Federal Bar, etc. He attended Worcester Polytechnic Institute and Boston University.

Mr. Andrews expects to engage in private practice after a brief vacation. He is widely known in town, having served as a member of the Board of Public Welfare.

WINCHESTER OVER BILLERICA 3-2 FOR DISTRICT 5 CROWN

Over 800 cheering fans were on hand to see the Winchester Little League, win the District 5 playoffs by defeating Billerica in a thrilling 3-2 game Wednesday night on Ginn Field.

In the first inning Winchester scored one run on a single by Smith and a double by Powers. They also scored two in the third on a double by French and single by Powers. At this point Duca came in to relieve Geurin and on a balk one run T. E. and T. E. Garrity, Jr., 90-75. William and Elliott, 82-75. Ralph H. and Ralph Bonnell, Jr., 83-77. Clark W. and Clark Collins, Jr., 87-77. Frank and Walter Bonham, 86-76. Wallace and Wallace Nichols, Jr., 101-79. Arthur and David Burke, 100-83. Harry and Harry O'Brien, Jr., 100-86. Fathers With Under 12. Dave and Dave Shaw, Jr., 92-75. Joseph, Jr., and Joseph Monahan, III, 95-76. N. and Charles Banner, 95-76. Larry and David Burke, 95-76. Grandfather—Grandson Percy and Tom Goodale, 97-77.

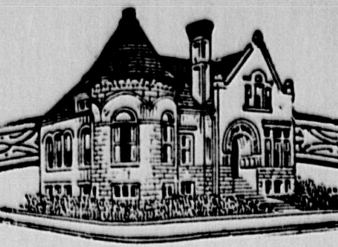

Billerica scored its two runs in the fourth on a single by Savage, double by Ingersoll and a costly error.

Del Rossi pitched a steady game in winning this crucial battle allowing only three hits and one free pass. Sparkling fielding plays were made by always dependable Smith, French and Martell. The play of the game came in the sixth inning when the lead off batter, Brown, smashed a line drive to centerfield hitting the fence and was out at second base on a perfect peg by Smith to Kelly.

On Saturday afternoon Winchester will journey to Danvers to play the winner of District 6. The game is at 4 p. m. and a large turn out is expected of loyal Winchester rooters.

DOINGS OF THE DIVINE NINE

(SPECIAL TO THE WINCHESTER STAR)

Last Saturday, July 17th, found us leaving Stow-on-the-Wold in the rain after Mrs. White, Madeline Derro, and Connie Gowdy peeled dozens of pea-sized potatoes for their chore. We did some shopping, and then cycled to Bourton-on-the-Water, where we toured the marvelous model village of Bourton. We went to the station to get the train to Stratford-upon-Avon. The first part of the journey we spent in the baggage car with our bikes. The second part was spent in a regular compartment. We arrived at the hotel early after a hectic battle through traffic. (Mrs.

White almost ran over a man!) That night we all dressed up in dress uniform for the first time since we boarded ship, and went by bus into town to the Shakespeare Memorial Theatre to see "Romeo and Juliet" which we enjoyed very much. Another Girl Scout troop from Connecticut was staying at the hotel. We talked with them and compared our trips.

Sunday we rode back into town to catch the train to Birmingham. When we reached the station we found we had missed the only train to Birmingham until eleven o'clock that night. We decided that that was too late, so we got accommodations at a small boarding house. We all enjoyed our first hot baths since the boat, and nice soft beds. We toured Stratford-upon-Avon and shopped all day Sunday. We were surprised that the shops were open on Sundays. That night we went to the movies and saw "I'll Get By", and then went back to the inn for a wonderful night's sleep.

Bright and early Monday morning we rushed off to the station to catch the train and then got the train for Glasgow. During the eight hour ride we watched the beautiful scenery of the lake district. Much of it reminded us of New England. At last we reached Glasgow, had dinner, and got to the hotel where a beautiful cake was waiting for us. It was made by a Girl Guide who later came over. We had a small party with the cake and drinks. We had lots of questions to ask about Scotland and were full of knowledge when she left. After a song fest in the common room with a group from Ireland we ascended to bed.

Tuesday started out with a ride into town for breakfast since they didn't serve it at the hotel. We took a train to Balloch's pier to take a boat tour around Loch Lomond. The trip reminded us of the ride on the Mt. Washington around Lake Winnepesaukee. It was another rainy day so we didn't stay on deck very long. We took a train back to Glasgow about 3:30 and from there took another train to Edinburgh since we were told it was so hilly that few people cycle over that part. We arrived in Edinburgh about 7:00 p.m. and proceeded mostly uphill to the hotel, Hailes House. We didn't stay at Falkirk because we were not sure of accommodations there and were more sure of getting lodging in Edinburgh. The people in the hotel were very nice and since it was a large hotel there were many other people there, most of them being about our age.

Wednesday was very cold and windy, the temperature in the morning was reported as being 45

degrees. After laundering, the group of us took the bus into town and shopped all day. In the evening, we watched a Scottish concert and saw Scottish dancers and bagpipers. After two hours it got too cold for us so we had to leave.

Thursday - of course - dawned rainy. We set off for town early to meet some Girl Guides. They took us through Edinburgh Castle and Giles Cathedral. The afternoon was free so we did some more shopping before going back to the hotel. We met a boy from New Jersey and some other boys from Ireland. The ten of us from America taught the Irish boys the bunny hop which they thought was wonderful.

Friday turned out to be the worst weather. It poured all morning. Before we left for town we took pictures of each other and the boys. We again shopped all morning. In the afternoon we attended a Scottish-Irish dancing tournament, which we thought was quite different from anything we had seen before. We returned to the hotel after dinner and started packing for a reluctant departure from one of our favorite cities.

Connie Gowdy, International Girl Scout Troop 4

"Kismet" star, Alfred Drake greets special guests, Miss Beverly Bryning, Grover Cronin "Miss Charm" and Miss Beverly Fulton, winner of the Grover Cronin sponsored Jantzen bathing suit design contest after the show. This was one of the many activities planned for the girls by Grover Cronin during their 3 day tour of New York.

Coal-To-Oil Technology

The processes of converting coal into oil and gasoline are now fully established. It is a question only of getting the cost of the synthetic liquid fuels down to a point that will be competitive with the natural products.

Winchester's Junior Legion base-
ball team was eliminated from the
Regional playoffs last week-end by
a strong Boston team composed
of boys who looked at least much
more mature than the local young-
sters. This is not intended to alibi
the Winchester team which went
much further through the season
than even its most optimistic
friends predicted at the start of
the campaign. This year's Junior
Legion team was not a great out-
burst, but it was a good team, a team
that kept in there fighting in spite
of reverses through its regular
scheduled games and in the two
playoff series against Stockton and
East Bridgewater with the loss of
but a single game. It isn't always
the "great" team that gets most
out of sports competition. The
"great" team is expected to win,
and usually does win; but the
"good" team is out there giving its
best, winning when it can, losing
when it has to and knowing from
time to time the thrill of unex-
pected victory, a thrill, incidentally,
the "great" team never knows. The
Winchester's greatest coach, Coach
Wendell Mansfield, rated a football
team he coached at high school that
lost several games one of the best
teams he ever had. He meant that
the boys on effort and scrap had
gone further than their several
abilities gave them any right to go.
This year's Legion team is another
case in point. The boys, their
manager, Frank Provinzano, and
their coach, "Albie" MacDonnell,
have turned in a record that could
well have satisfied a much stronger
team. For them to win their divi-
sion crown and two playoff series
is a real achievement.

Last week Thursday, Fred Fel-
met, extremely capable and de-
servedly popular director of in-
strumental music in the Winches-
ter schools, left with his family for
his new job in Bethesda, Md., under
Winchester's former superinten-
dent of schools, Dr. Forbes Norris.
Within a few days, Ted Bartlett,
equally popular and capable as-
sistant high school principal and
basketball coach, will leave for the
same destination with twenty years
of outstanding service behind him
in Winchester. We wonder if the
School Committee has really gauged
the feeling of the town over the
loss of these two outstanding
teachers, and particularly the re-
sultant felt by so many to learn
that the school authorities made no
effort to keep them in Winchester.
The fact that things have quieted
down since the first quick flare of
anger that followed announcement
that Mr. Felmet and Mr. Bartlett
were leaving does not mean that
friends of the schools have forgot-
ten the failure of the School Com-
mittee to find out where the
services of these outstanding in-
structors could be retained for the
schools and town. The fact that
both Mr. Felmet and Mr. Bartlett
are leaving Winchester with
genuine regret leads many to be-
lieve some compromise could have
been effected. The School Com-
mittee chose not to "hargain," but
they probably had to bargain to
get replacements for the departing
Bartlett and Felmet. It would be
interesting to know, and of course
eventually those interested will
know, how much more it would have
cost to keep the unusual assets we
had.

Parents around town have taken
the necessary two-seconds for the
high and junior high schools this
fall with commendable calmness.

This is not to say they like the ar-
rangement, but apparently most
can see that the school authorities
have little choice in the matter.
Most of what objection we have en-
countered has come from parents
of junior high pupils who feel that
their children being younger than
the senior high group, should be
given the morning session and let
the older pupils take the night
shift with its going-home-in-the-
dark feature. They have a point
there, and we believe the school
authorities would be the first to ad-
mit this fact, despite their decision
to have the junior high boys and
girls attend afternoon sessions.
Their thinking was apparently that
it is better to handicap two classes
than four, especially when those
two classes have a longer time at
head of them in which to make up
any educational deficiency resulting
from the two session program.
There is undeniably merit in this
reasoning, and the School Com-
mittee's Superintendent of Schools
have apparently felt the argu-
ments in favor of this idea
overweigh those of the "going-
home-in-the-dark" argument.
Either way the two sessions isn't
good, and it is too bad we have to
have it. No one will be happier to
discard it than the school authori-
ties, we are sure of that. Mean-
while let us hope everything possi-
ble is being done, consistent with
proper construction, to speed up the
work at the old junior high school.
Persons who know about such con-
struction will tell you that remodel-
ing is always slower than new con-
struction, if not more costly. In the
case in point at least it would seem
they are right.

ANNOUNCES CANDIDACY

Editor of the Star:

This writer has been a resident
of your fair and well run Town
since September 28, 1946, my wed-
ding day, when the former Jane H.
Yetter and this writer were married
at a nuptial mass. Our daughter,
Catherine J. Lord, celebrated her
seventeenth birthday on July 16th.
I have just received a receipt of
Primary nomination paper from the
Secretary of the Commonwealth,
bearing the name of Herbert Lord,
42 Sheridan Circle, Winchester, as
candidate for the Republican nomi-
nation for the office of Representa-
tive, 29th Middlesex District.
Before this candidate proceeds
further, may I pay a tribute to your
late publisher, T. Price Wil-
son. To have known him and talked
with him only briefly on several
occasions during the past six
months, one was left with the im-
pression that one knew a man of
courage, of vision, of vision,
who left the Town of Winchester
a better place in which to live, be-
cause he had left his mark here.
The strong silent type, who talked
only when he had something to say
and say it he did, reminding this
listener that here was a man of
the old school who would hold fast
to his integrity, come what may.
It was a privilege to have known him.

Communications addressed each
week to your editor, taking up mat-
ters which ought to be of interest
to your readers, will consist of
this candidate's experience with the
Board of Selectmen, the Police De-
partment and the Fire Department
during the past year, in particular.
That these communications will
meet with your readers approval re-
mains to be seen but if they are in-
teresting, they will get it straight from
the horse's mouth as Ambassador
Grew said it to the Japs in 1941.

Yours very truly,
Herbert Lord, Esq.
42 Sheridan Circle

BEST OF LUCK, GLADYS!

Editor of the Star:

Inasmuch as I am leaving on
Friday for three weeks of concen-
trated fishing in New Hampshire,
I suggest that any young men with
athletic problems contact the Med-
ford Recruiting Station, 49 High
street, Medford, Mass. You will be
courteously received by Sgts.
Moore, Knox, Bonnell and Dullea
and they will be only too glad to
give you any information you may want.

We have recently had a new AF
Recruiter added to the Medford
military, Sgt. Harold Moats, and we
extend a hearty welcome to him.
If anything important comes up
you can reach me by mail at Win-
niquam, N. H.
No telephone in New Hampshire.
Cordially yours,
G. Toye, Chairman
Military Manpower Committee

TRIBUTE TO YOUTH

(The following editorial from the
Boston Herald for August 2 should
prove of interest to readers of the
Star, and is reproduced as it ap-
peared in the Herald without men-
tioning the name of the cat-
ion. Those who did not see it in the
Herald will find it both comforting
and stimulating. To those who did
read it as originally published we
may say it will well repay a second
reading. . . Ed)

In case you got the idea that
American boys in the service are
spoiled lot, sorry for themselves
and unaware of the danger we face,
listen to these words, written home
by a Winchester boy in the Air
Force cadets:

"Today we began an interesting
course entitled 'Living for Leader-
ship.' I was amazed at the result-
ing mental stimulation it gave me.
We tried to uncover for ourselves
our reasons for being here and just
where we and our country are head-
ed. . . Through our discussion we
agreed that at present we still hold
the high cards, because as history
shows no matter how long the
struggle or how powerful the ene-
mies' weapons, the force with the
greatest faith will ultimately win,
though they may be overrun for a
period of time. A young major,
veteran of two wars, showed us
our jobs and what it would be like
for us as the fighting force of a
nation, to partake in war. It will,

if it comes, be a horrible thing
which will result in far greater
disaster than is imaginable at the
present. This was not a flag waving
gung ho lecture as you might im-
agine it, but was taken from the
realist's point of view of the mili-
tary men.

"If only one thing was gained by
this lecture by all, it was that
this life here in the U.S. is certain-
ly worth fighting for. . . We are not
merely serving out our military re-
quirements as it is written by law,
but are in a very serious business
which takes men of determination,
strength of conviction and faith in
God to succeed. I hope that I can
some day be considered to have
fulfilled this position to the best of
my ability."

Those are the words of youth.
But they are wonderfully strong
and clean words, words that are
curiously humbling. It must make
all of us stop when we realize that
not only our lives but our way of
life rests in the hands of such
young, dedicated men; when we
realize what we owe them.

And while we pay them tribute,
let us remember that even the little
scrap of romance, color and com-
radeship which survived through the
last war will probably disap-
pear in the next one.

Atomic, supersonic war will be a
lonely business. Men will fly alone,
not in formation. Infantry will be
dispersed, foxholes will be far
apart. No sailor will be able to
watch a sea of ships.

It will be a weary, lonesome busi-
ness where each man will be forced
to find within himself the courage
and consecration to go on.

We can be thankful to an Air
Force that is trying to teach its
cadets how to prepare themselves
for that kind of war and even
more thankful that we have young
men willing to accept the awful
responsibility their uniforms repre-
sent.

THE DOINGS OF THE DIVINE NINE

(SPECIAL TO THE STAR)

This is to inform you and the
people in Winchester just what has
happened to us this past week. I
will start with July 24. We were
very regretted leaving Edinburgh,
because we had such a good time
there. I am sure several stores
found their stock had been greatly
depleted in the last three days.
We left at 2:00 p. m. and got to
Peterborough at 9:30 p. m. It was
much too late to go on to Cam-
bridge so we stayed in a wonderful
hotel for the night.

The next day we all clambered
aboard a train for London. We
found that there was no room to
store our bicycles in the station
as was planned, so we took them
with us. We all put on the "macs",
because it was pouring rain so hard.
We nearly died when we saw the
huge hill we had to climb, but we
all slept like logs at night.
July 25 came quickly. It was
still raining, but we had a wonder-
ful time flying down the hill which
seemed 1/100 the length of it when
we came up. We walked about six
miles through London to the Girls
Friendly Society. We were very
much impressed with the rooms etc.
Three Sea Rangers came to see us
at 7:30 p. m. and we spent an in-
teresting evening with them.

July 27 was spent mostly sight-
seeing. We went to Buckingham
Palace, White Hall, and Windsor.
We saw the changing of the horse
guard at White Hall. At one time
we were seated comfortably in a
park sipping tea and eating cakes
while the gentlemen in uniform col-
lected three pence from us for
using the seats. Apparently that
is the custom over here. We ate
dinner in a lovely hotel opposite
Windsor Castle at night. We also
saw the changing of the guard at
Windsor castle.

July 28th came, and we were all
looking forward to meeting our
pen pals. After most of us sent
heavy packages home or to South-
ampton, we met at Buckingham
Palace, where we saw another
changing of the guard ceremony.
This was the whole company taking
part so it was much bigger than
the other ones we saw. At 4:30
p. m. we all went to the train
station, where we met our pen pals
from Birchington. We were so ex-
cited and enthused that there wasn't
a silent moment all the way to
Birchington. Miss Phillips, the Girl
Guide Commissioner in Birchington,
had most of the girls stay at
her house. She was very jovial
and nice. Some of the girls went
to their pen pal's house to sleep.
After supper two of the Sea Rang-
ers were just being enrolled. It
was a formal ceremony which we
all enjoyed. It was something like
when our Brownies fly up to the
Girl Scouts. We all had a won-
derful time.

The next day we caught the
10:30 bus to Canterbury where we
shopped for half an hour and tour-
ed Canterbury Cathedral and West
Gate tower. Then some of us went
to Margate where there was a car-
nival. We went on the roller
coaster, octopus, and double ferris
wheel. In the evening, we had a
wonderful party at Miss Phillips
house. There were some senior boy
scouts and leaders there. We
learned some new and interesting
games too. We had a wonderful
time.

Finally the day arrived that we
had to leave Birchington. They all
saw us off at the train station at
about 10:00. We were so sad to
leave. We were very much im-
pressed with Birchington. We got
to Dover without mishap and board-
ed the Prince Charles to Ostend,
Belgium. It was about a three and
a half hour ride. The boat was
so crowded we had to sit on our
saddle bags. We noticed the differ-
ence between England and Belgium
right away. Ostend has side walk
cafes, cobblestone streets, and many
different languages. When we
reached the hotel we were all
ready to go to bed and sleep for a
week. As it was though, we had
to get up the next morning at 6:45
for breakfast.

Patricia Newhall,
Winchester Girl Scouts
Troop 4

LETTER NO. 5

Taormina, Sicily
April 1954

Dear Friends:

At my last letter, we were in
Palermo. We left early by auto for
Taormina some 50 miles south of
Messina on the east coast of Sicily.
It was a long ride and a bit tedious
because the scenery after while we
had been near Amalfi was not too
spectacular. The road runs along
the northern coast fairly close to
the shore line.

In places we could look up long
valleys and here the scenery was
something to catch the eye. All the
land through which we travelled
was well cultivated with large
groves of lemons and oranges. We
learn that most of these groves are
owned by absentee land lords. Those
who cultivate work for very meagre
wages. And that is part of Italy's
trouble and unrest. There are too
many people here and too few own
the land that they till.

We crossed many rivers. Every
few miles we would come to wide
river beds with only a comparatively
narrow body of water would be run-
ning swiftly in them. The rivers
were all walled in with stone and
earthen dykes and in numerous
places the river bed seemed higher
than the adjoining land behind the
dykes. The water of these swift
streams is of a gray clay color al-
ways.

We stopped midway in a little
town for lunch. It wasn't too good.
We're having a Dickens of a time
trying to find out what is on the
menu. The dictionary we have isn't
too much help. When I looked up
one dish the book said "little bells".
It turned out to be something quite
different, of course. Macaroni to me
was always well macaroni. Here
apparently it can be any one of a
hundred different kinds as we have
already learned.

Messina we reached by mid-
afternoon but there's nothing of
special interest to see here because
it is a rebuilt city. It was almost
destroyed by earthquake and tidal
wave in 1908 when upwards of 80,
000 people perished.

The Straits of Messina are not
more than a couple of miles wide.
Trains from Sicily are ferried ac-
ross. We saw the ferries and ex-
pect to travel back that way by
Sleeper to Naples. When they re-
built Messina they made wide
streets apparently on a rectangular
plan. There's a fine drive part way
along the waterfront. The road
coming into Messina from the east
miles is winding and very high and
magnificent views of the back coun-
try are to be had.

I always thought Scylla and
Charybdis was just a mythological
tale, but not so. The actual place
was here at the Straits of Messina
and the currents are such that the
Captain of our Ship said it required
very careful navigation because the
current runs sideways. Ships have
to be careful not to be swept to one
side or the other. Evidently, in
older days with their simple ships
the Greeks thought when the cur-
rent carried them sideways that the
rocks were coming out to crush
them!

It was almost dark when we ar-
rived at the hotel (San Domenico)
perched high on the mountain side.
We had planned to stay here five
days but I was ready to turn around
and go back.

In the first place, this hotel (we
had of course, seen none of it) was
formerly a large monastery. When
we got to our room, they opened
the shutters and there was nothing
to see straight down hundreds of
feet until you saw the sea. I am
afraid I squawked plenty but it was
effective because they were very
friendly. We were very much im-
pressed with the rooms etc. Three
Sea Rangers came to see us at
7:30 p. m. and we spent an in-
teresting evening with them.

July 27 was spent mostly sight-
seeing. We went to Buckingham
Palace, White Hall, and Windsor.
We saw the changing of the horse
guard at White Hall. At one time
we were seated comfortably in a
park sipping tea and eating cakes
while the gentlemen in uniform col-
lected three pence from us for
using the seats. Apparently that
is the custom over here. We ate
dinner in a lovely hotel opposite
Windsor Castle at night. We also
saw the changing of the guard at
Windsor castle.

July 28th came, and we were all
looking forward to meeting our
pen pals. After most of us sent
heavy packages home or to South-
ampton, we met at Buckingham
Palace, where we saw another
changing of the guard ceremony.
This was the whole company taking
part so it was much bigger than
the other ones we saw. At 4:30
p. m. we all went to the train
station, where we met our pen pals
from Birchington. We were so ex-
cited and enthused that there wasn't
a silent moment all the way to
Birchington. Miss Phillips, the Girl
Guide Commissioner in Birchington,
had most of the girls stay at
her house. She was very jovial
and nice. Some of the girls went
to their pen pal's house to sleep.
After supper two of the Sea Rang-
ers were just being enrolled. It
was a formal ceremony which we
all enjoyed. It was something like
when our Brownies fly up to the
Girl Scouts. We all had a won-
derful time.

The next day we caught the
10:30 bus to Canterbury where we
shopped for half an hour and tour-
ed Canterbury Cathedral and West
Gate tower. Then some of us went
to Margate where there was a car-
nival. We went on the roller
coaster, octopus, and double ferris
wheel. In the evening, we had a
wonderful party at Miss Phillips
house. There were some senior boy
scouts and leaders there. We
learned some new and interesting
games too. We had a wonderful
time.

Finally the day arrived that we
had to leave Birchington. They all
saw us off at the train station at
about 10:00. We were so sad to
leave. We were very much im-
pressed with Birchington. We got
to Dover without mishap and board-
ed the Prince Charles to Ostend,
Belgium. It was about a three and
a half hour ride. The boat was
so crowded we had to sit on our
saddle bags. We noticed the differ-
ence between England and Belgium
right away. Ostend has side walk
cafes, cobblestone streets, and many
different languages. When we
reached the hotel we were all
ready to go to bed and sleep for a
week. As it was though, we had
to get up the next morning at 6:45
for breakfast.

Patricia Newhall,
Winchester Girl Scouts
Troop 4

There are old castles of the nobility
and several small old churches.
Apparently in olden days each rich
family owned its own church to
which its retainers went.

There is a pretty well defined
Greek Theatre built about 600 years
B. C. You have to see such build-
ings to understand how far advanc-
ed in civilization the Greeks were.
Here in this town was a colony of
Greeks following the Phoenicians
and the theater they built must
have been a major project. The
seats in a semi-circle about 200 feet
across rose tier upon tier to a
height of about 100 feet. All
around behind the seats was a wall
with niches every few feet wherein
were marble statues. The stage in
front had several high columns on
each side with the stage in the cen-
ter as high and as wide as most
modern theater stages. All built of
brick and faced with stone, much of
it still remains.

It is situated high on a hill over-
looking the town and just to level
off the site on the rocky terrain
must in itself have been a major
task.

We visited a couple of nearby
beaches. At the first, called Naza-
raro, we lunched at a typical sea-
side restaurant under vari-colored
sun-shades. The beach itself had
modern sun-shades on the sand and
was a little cove surrounded by
high craggy hills. It was a scene
such as you might expect on a small
beach on the Riviera. The water
may have been cold for few ven-
tured in. The sand seems to be
the attraction and that was warm.
And it has seemed to us from
language sounds that most of the
visitors here are from Northern
European countries and we know
from experience that the Norwe-
gians and Swedes and Danes at
least are sun worshippers. They
seem to take every opportunity to
expose themselves to the sun's
rays.

Later on we went further down
the coast to Giardini Lido, a little
town where the beach was lined
with colorful fishing boats. We
wandered along and found it in-
teresting. As usual
whenever we stopped for a photo
or movies, the kids fairly raced to
get into the scene.

At one point a woman was draw-
ing water from a fountain into her
earthen jars. With the boats be-
hind and some of the sea and the
cliffs beyond, it looked like a good
"shot". I've learned to be fairly
good at such "shots", but before
I could snap it there were about 20
kids lined up in front. I had to
separate them so the fountain
would show. Then I promised the
woman a copy if it turned out well.

That wasn't very smart because
here she could give me her name
and address there were half a dozen
others there with a plea to take
them and their bimbos.

The elders don't mind being
photographed and if you tell them
you'll send them a copy if they
turn out well, they are more pleased
than I can describe to you.

Today (Sunday) from the heights
of the hotel gardens we watched
part of a Road Race around the is-
land from Palermo to Palermo.
The distance is 120 K. M. and it
must be finished in 19 hours. At
intervals the cars went by as fast
as they dared. 1200 K. M. is about
800 miles and so they would have
to average about 42 miles per hour!
I don't know the grades and the
hundreds of steep turns, but means
tricky driving. I would rather
watch from the roadside than be a
participant. The two leaders at this
point were the champion of Mexico
and the winner of a race at Se-
bring in Florida.

I haven't told you much about
Mt. Etna. It lies to the west of us.
It is a cone shaped mountain but
stretched out for a long distance
so that the slopes from here do not
look very steep. There's smoke
coming out of the top steadily. It
is not spectacular as was Paracutin
in Mexico when we saw the latter.
Etna is "sleeping". Some day it
will probably burst forth again in
all its fury as it has done many
times. It's too far away for lava
to destroy this town but if
there was an earthquake here at
the same time, this town would not
have to move much to fall into the
sea (Aeolian).

About noontime the smoke and
haze pretty near hid the mountain
but about sunset it looms up again
in sharp silhouette and is clearly
visible with the villages on its
slopes. At present a good part of
the higher slopes are white with
snow except at the extreme peak.

Across the Aeolian sea the shores
of the mainland of Italy are faintly
visible because that too is high. We
head for there tomorrow.

J. L. M.

LETTER NO. 6

Naples
4/6/54

Hello Everyone!

I think I will give a title to this
letter.

Taormina to Naples and
Thereabouts

While it is still fresh in my
memory, let me write you about the
tribulations of travelling by train
in Italy without either guide or a
good understanding of the lan-
guage.

We had booked in advance First
Class on the night train to Naples
but were told we would have to
change to the sleeping car when our
train from the South and the North-
ern train from Palermo met at Mes-
sina before crossing the Straits
on a car ferry.

Well, the conductor punched our
rail tickets and that was the last
we saw of him. He didn't seem to
be concerned about our changing
cars. Why should he? His run
ended at Messina.

We shared the compartment with
an Italian gentleman whose only
experience with English was by
way of his wife who lived 2 years
in Brooklyn. She wasn't with him
so that didn't help any.

We showed him our Sleeper Reser-
vation tickets but he couldn't read
the writing any more than we could.
We had no trouble in understand-
ing each other later on he woke up, arose
and saying "Un momento" a pleased
look came over his face.

Dr. Charles P. Donahue

OPTOMETRIST
NATIONAL BANK BLDG.
13 CHURCH STREET
WINCHESTER, MASS.
Winchester 6-1021

smile on his face, with a man and
his attractive young wife. He could
speak a little English haltingly, but
enough to tell us proudly that he
had been in Georgia and Virginia
and Pittsburgh and New York. His
wife's vocabulary was limited to the
word "Let's go" and "Maybe".

He assured us the train we were
on was going to Rome by way of
Naples, but the Sleeper? He didn't
know. So we decided that if worst
came to worst, we would stick
where we were. At least we would
reach Naples.

At Messina they put the train on
the ferry steamer to cross the
Straits to San Giovanni where pre-
viously the Palermo section would
be coupled on. Then we could walk
through the train to our sleeping
compartment, though with four
heavy bags it would have been
quite a job.

While on the boat, I got out of the
train and went up on deck. It was
long after sundown. The lights of
the towns on each side made a pre-
ty sight.

There are three sets of parallel
tracks on there ferries but the boats
are not too long so that only about
15 cars can be put on for each trip.
But these boats ply across both day
and night and there are several of
them in the fleet. (On Sicily the
 motive power is steam; on the main-
land the lines are all electrified.)
The latter are very smooth running,
the road-bed over which we trav-
elled was good.)

Arriving at San Giovanni, our
English speaking friend told us we
must get off the car at the station
and find the sleeper. His wife
smilingly said "Let's go" and they
faded into the night.

When we got to the station
proper, I got out and finally found
the only sleeper and its porter. I
passed him my tickets through a
window. He disappeared inside so
I sent in to get my tickets back. He
was studying them. "No, no,"
"This was not the right train. Get
out!"

Then I found a conductor. He
promptly ordered me into the sleep-
er I had just left. I protested, but
to prove it he took me inside to the
porter. Again he told me I had to
get another train! This train was
about to leave and I was sure no
Palermo section had been coupled
on.

So I hurried back to my wife and
while she was getting off the train,
the nice gentleman who could speak
no English passed the heavy bags to
me out through the window just
barely in time before the train
started.

Well, there we were on the plat-
form. It was dark, cold and lonely
and we were hungry. I scouted
around a bit, but not daring to cross
tracks to the waiting room for fear
I wouldn't get back where my friend
wife was, and found what looked
like an intelligent porter and show-
ed him the tickets. He took charge
of the bags and moved us to the
other end of the platform, then go-
ing across the tracks left us and
the bags.

Presently he came back. Then
another train pulled in. He found
the one sleeper to Rome, made us
understand this was "O. K." and we
hurried aboard just before it imme-
diately pulled out.

Now our luck was a little better.
This particular sleeping car porter
had lived in Berlin and Vienna a
long while ago. But he spoke a
German I could understand. He
said he would make up the berths in
the two single bedrooms

Reading Room, 5 Winchester Terrace (off Thompson street). Open daily except Sundays and holidays from 11:30 a. m. to 4:00 p. m.

How the individual can find true joy, health, and courage through gaining a spiritual understanding are covered, explained at Christian Science Sunday.

Reverencing the Lesson-Sermon service "Spirit" is the Golden Text from Galatians 5:22-23: "The fruit of the Spirit is love, joy, peace, long suffering, gentleness, goodness, faith, meekness, temperance."

The blessings bestowed on man by God, divine Spirit, will also be brought out in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (78-28-30): "Spirit blesses man, but man cannot tell whence it cometh. By it the sick are healed, the sorrowing are comforted, and the sinning are reformed."

From the Bible, the following passage will be among those read (John 4:24): "God is a Spirit; and they who worship him must worship him in spirit and in truth."

CHURCH OF THE EPIPHANY
Rev. Wm. H. Ellison, Rector.
Rev. Charles E. Batten, Director of Christian Education.

SUMMER SERVICE
Sunday, August 8, 10:00 a. m. Morning Worship and Sermon by Mr. Batten.

GEOGRAPHIC ODDITIES AND BRIEFS

Indians of the tropical Choco region of Colombia long ago learned to waterproof clothing and coverings by daubing them with the milky juice of wild rubber trees, reports the National Geographic Society.

"I have no doubt that this milk will some day be in great repute," wrote a British sea captain in 1823.

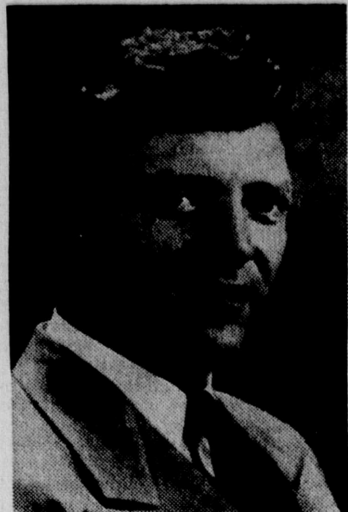

More than a million earthquakes occur in the world each year, but only a fraction of these are recorded.

The Liberty Bell was thrice cast and thrice cracked, says the National Geographic Society. Cracked on its first test after arrival from England in 1752, the famous Philadelphia bell was melted down and recast twice by American bell founders before a satisfactory tone was achieved. The bell then was used until 1835, when it cracked while tolling for the funeral of Chief Justice John Marshall. The crack grew longer when, after attempted repairs, the bell was rung to celebrate Washington's birthday in 1846.

Grand Coulee Dam in Washington is the largest concrete structure in the world, says the National Geographic Society. It is 4,173 feet long and 550 feet high from the granite bedrock on which it rests to the 30-foot-wide highway that crosses its top. It contains 10,250, 776 cubic yards of concrete and weighs about 22 million tons.

There are 43 peaks in the Canadian Rockies 11,000 feet or over, says the National Geographic Society. Mount Robson, 12,972 feet, is the highest.

A single quart of sea water may contain as many as 100,000 plankton, microscopic ocean organisms on which fish feed.

WILLIAM S. WOLSEY

Well known Winchester Builder and Developer of Property who has become associated with the Real Estate Office of Kathryn P. Sullivan at 3 Common street.

FATHER-SON TOURNEY UNDER WAY

Winchester's justly famous Father and Son golf tourney got under way Tuesday and though rain was threatening in the early morning and there was an actual drizzle by play time, 32 teams showed up to participate in the event.

The committee in charge of the tourney, when they saw the heavy downpour of the late morning and early afternoon, quickly decided to extend the play through Friday, those on hand Tuesday being given a choice of letting their first day scores stand or playing on one of the succeeding days.

Of the 32 teams that showed up on Tuesday eighteen eventually turned in cards, and with 200 pairs expected to participate it could easily be seen that the tournament could not be concluded by Thursday.

Of those turning in cards, John O'Donnell of Oyster Harbors and his son, John, Jr., had the best score, a 35-42-78. They had to stand on this performance as they were returning to the Cape at the conclusion of play.

Their play on the first nine, when the rain was a drizzle, was only a stroke over par, but on the way in with the rain really pouring down, the O'Donnells had trouble gripping their clubs and could do no better than a 42, which was still mighty good going for the conditions.

Only one Winchester team turned in a card on Tuesday. That was turned in by Percy A. Goodale, who has played in every Father and Son event except the first one in 1919 when his 11-year-old son wasn't old enough to play by a year.

Percy played on Tuesday with his son, Bob, who was making his first start in Father-Son play at Winchester. They turned in a 51-62-113.

Following are Tuesday's rain-soaked scores:

Main Flight
John J. and John O'Donnell 36 42-78
O. W. and O. W. Wilkstrom, Jr. 40 43-83
Tony and Richard Vahay, Marlboro 42 44-84
Orville W. and Jack Fortie, Braintree 41 45-86
George and Todd Marchant, Burn 41 45-86
Henry and Don Carlson, 43 44-87
E. E. and Fred Nelson, Weston 45 44-89
Harold and Harold Cogger, Jr. 46 48-94
Joseph and David Brownell, 46 48-94
Charles River 46 48-94
Leo and John Celahar, Salem 61 51-97
Frank and Lee Hitchcock, Weston 48 49-97
Ray and Roger Thibodeau, Salem 49 50-107
Joseph and Joseph Logan, Jr. 54 56-110
Percy A. and Robert L. Goodale, Winchester 61 62-113
D. and Bruce Gray, Oakley 66 66-132
Fathers With Sons Under 12 Years 58 58-109
Emory and Richard Stratton 51 58-109
George and George R. Larock, Jr. 57 59-116
Brook 57 59-116

Grandfathers—Grandsons
Dr. F. P. McCarthy, Norfolk 46 46-90
and Jimmy Eddy (18), Weston 44 46-90

GEOGRAPHIC ODDITIES AND BRIEFS

Four-fifths of Bolivia's 3,054,000 people live at altitudes above 10,000 feet.

The average temperature of the sun is estimated at 10,000 degrees Fahrenheit.

There are 43 peaks in the Canadian Rockies 11,000 feet or over, says the National Geographic Society. Mount Robson, 12,972 feet, is the highest.

A single quart of sea water may contain as many as 100,000 plankton, microscopic ocean organisms on which fish feed.

The Liberty Bell was thrice cast and thrice cracked, says the National Geographic Society. Cracked on its first test after arrival from England in 1752, the famous Philadelphia bell was melted down and recast twice by American bell founders before a satisfactory tone was achieved. The bell then was used until 1835, when it cracked while tolling for the funeral of Chief Justice John Marshall. The crack grew longer when, after attempted repairs, the bell was rung to celebrate Washington's birthday in 1846.

Grand Coulee Dam in Washington is the largest concrete structure in the world, says the National Geographic Society. It is 4,173 feet long and 550 feet high from the granite bedrock on which it rests to the 30-foot-wide highway that crosses its top. It contains 10,250, 776 cubic yards of concrete and weighs about 22 million tons.

There are 43 peaks in the Canadian Rockies 11,000 feet or over, says the National Geographic Society. Mount Robson, 12,972 feet, is the highest.

A single quart of sea water may contain as many as 100,000 plankton, microscopic ocean organisms on which fish feed.

BUFFALO, MOOSE, CARIBOU
WINNING SURVIVAL FIGHT

North American caribou, moose and buffalo are winning their fight for survival.

These and other big game animals which faced extinction now are roaming the wilds in growing numbers. Man appears to have reversed the trend toward destruction he started more than a hundred and fifty years ago. Stricter hunting laws and better control of fires, wolves and other predators are largely responsible for the increase, says the National Geographic Society.

Caribou, a sort of American reindeer, are the cattle of the far north. Eskimos, Indians and settlers in Canada and Alaska depend on them for food and clothing. Forest fires, wolves and hunters take a heavy toll, but more herds have been reported in the last three years.

Counting Difficult
The caribou's favorite food is lichen, or ground moss. Migrations in search of food make accurate counting almost impossible, but authorities believe conservation measures have been successful.

In the early 19th century the slaughter of the American bison, or buffalo, began. By 1889 an estimated 60 million in the United States had dwindled to fewer than 600.

The American and Canadian governments have established bison herds in national refuges. The two governments and private ranchers now own 35,000 head. Since range is limited, the bison population is not expected to grow much higher. Herds are managed periodically. The meat is sold or turned over to Indians and public institutions.

The largest herds are at Wood Buffalo Park in Canada and National Bison Range in Montana.

The shaggy muskox disappeared from Alaska long ago, but some of these large sheeplike beasts were transported from Greenland and again wander across the barren tundra of the mainland. A few survived in the remote wilds of Canada, and hunting restrictions have allowed them to increase abundantly.

Moose were fast fading from northern forests, but favorable conditions recently brought such an increase that hunting has been relaxed to avert overpopulation.

Big Horns Thriving
Forest fires, mortal enemy of the caribou, are a boon to moose. The burning of spruce and pine forests encourages growth of willow, birch and aspen, favorite foods of moose.

Big horn sheep, both the Rocky Mountain and desert species, are also becoming more plentiful. Government refuges preserve many. Others roam wild in Colorado, Idaho and Montana. Some hunting of big horns is allowed by state authorities and is strictly controlled.

Dall sheep, white counterpart of the western bighorn, propagate in Canada and Alaska. Legal hunting is limited to adult rams, and the Dall, like the western bighorn, is taken chiefly for its value as a trophy.

COLORADO PEAK FOUND TO TOP 14,000 FEET

Colorado, which boasts more lofty mountain peaks than any other state, can pride itself today on another that exceeds 14,000 feet.

This spring the United States Geological Survey, while celebrating its 75th anniversary, found that El Diente (the Tooth) should be added to the list of peaks over 14,000 feet. The Tooth had been overlooked as a high mountain, but new Survey research fixed its true altitude.

In disclosing its finding to the National Geographic Society, the Geological Survey said Colorado's new peak thus added a new peak to the 47 she already lists in the 14,000-foot class.

Maps Even Some Fences
The Survey carries on one of the Government's prime long-range projects: mapping the Nation down to every hill, almost every house and even to some fence and windmills. Now it is investigating the Colorado Plateau to speed the quest for uranium, the vital atomic ore.

In this work the Survey measured El Diente in southwest Colorado. It also gauged other Colorado peaks and "flowered" some—Wilson Mountain, from 14,250 to 14,246 feet, and Winslow Peak, from 14,026 to 14,017.

Not all calculations will be cut down. Over the country, the Survey expects to set other heights in the top category. No changes, however, are in store for Mt. Whitney in California, the Nation's tallest, 14,495 feet. Its altitude has been "tied down" meticulously.

The same is true of Mt. Elbert, Colorado's monarch, only 64 feet lower than Whitney.

The Geological Survey is headed by Dr. William E. Wrather, who earlier this year was awarded the John Fritz Medal for engineering achievement. He is trustee of the National Geographic Society.

1,300 Maps a Year
Dr. Wrather oversees the Survey's topographic division, whose surveying parties and aerial photographers plot the country's contours. In a year the Survey publishes more than 1,300 new maps. Many merely update old ones. A third of the United States is covered by still usable "quadrangles." It will probably be several generations before the entire country is mapped adequately.

For instance, Iowa, much of interior Texas, Georgia and Alabama are unmapped. Kansas, Mississippi and the immense spaces of Nevada and Utah require new surveys.

Not long ago the Survey remapped Illinois. It found Peoria "out of place." So new maps shifted Peoria about a mile to the southwest.

The Survey's map revisions keep one type of American hobbyist in the go: the person who hankers to stand at the highest and lowest spots in every state.

LETTER NUMBER 6

(Continued from Page 4)

But they were good and what we didn't fully masticate was dissolved by the Chianti. So we turned in, thinking we had done pretty well after all.

We had to get off at 6:00 a. m. so not to be carried to Rome and feeling fine, our anxiety was gone.

We think we have learned that the way to get to know about people is to eat what they eat and do what they do as they do it (within reason, of course).

So this afternoon, wanting to go to the Museum San Martino, we decided to go by bus. Not the Tourist kind but the Hoi Polloi variety. We could take either No. 245 or No. 222 if we could find where either stopped. There are many buses, all numbered, and at loading places there are signs saying which bus stops at that particular spot. They seem to be a little choosy about this but we finally got a No. 245.

I say "We got it." My wife really got it—in the face. This is how it happened.

These buses are new and large, with front doors about 1/4 way down the side and a rear door. You are supposed to get on at the rear door where the Conductor sits behind a rail with a sort of cash register that prints tickets.

But we didn't know that. The front door looked all right to us. It opened and it had steps and was right handy. Now this front door is operated by the driver who sits in sort of glass cage quite a bit ahead of the door. He can see people getting off but not on and he closes the doors with a slam when no more are getting off. And if you try to get on you are very apt to get slapped by the doors.

Well, having at times the instincts of a gentleman (?), my organ is "Ladies First." So my wife led the way and got properly slapped on both ears. I, being her knight errant, as it were, yelled "Hold everything!" That was wrong. I didn't want the driver to hold anything. But he got the right meaning and released his grip on the door bar.

We got on the bus. The driver looked startled, the other customers looked interested, my wife looked mad at me and I tried to look non-increase that I walked to the cash register to pay our fares.

There's another thing about these buses that may interest you. Some are Benzine buses, many are electric trolleys; No. 245 was such.

There's a row of single seats on each side and plenty of standing room between. In fact, there is so much that they have three parallel bars to hold on to. These bars are high overhead about 6 feet 9 inches above the floor. Think how high that is. Reach up and hang on to a bar that high and see how it pulls your tummy in. Get more people in a given space that way!

So we journeyed on, up grade and then more grade, to the Colosseum that has become the Museum is high upon a hill near an old fortress. All of a sudden No. 245 blew a fuse or something and stopped with a jerk. It would not go forward. We were on a steep grade and everytime the Driver tried to go ahead, we began to drift backward. We decided it was time to get out. We got in a following bus.

This couldn't go all the way because a street was torn up. We changed to an old ramshackle Benzine bus which went a round-about way to the top. No one seemed to mind.

Now do you want to hear about the Museum that was once a large Convent? It has one of the loveliest large cloisters all in white that one could imagine. There are galleries upon galleries of paintings and sculptures. It is renowned for the panoramic view of Naples and the Bay from its front balcony.

But the marvel is the Chapel. Not so large, possibly 125 feet long, the interior, two centuries after its building, was completely lined with marble from 15 countries, Italy, Africa, Belgium, France and Spain. Think of it! Not this year, nor 10 years ago, but 400 years ago when transportation really meant something.

There was a want of a better let me call it a fence in front of the altar from one side to the other. In

PROPOSALS
FOR TRANSPORTING
PUPILS TO WINCHESTER
SCHOOLS

Sealed proposals addressed to the School Committee, Winchester, Massachusetts, will be received at the School Department Offices on or before 3:00 P. M. Eastern Daylight Saving time Monday, August 23, 1954 at which time they will be publicly opened and read covering such work as follows:

1. Transporting pupils to Winchester Schools

Detailed information regarding specifications for the above work may be had on application to Dr. Harry V. Gilson, Superintendent of Schools, 84 Washington Street, Winchester, Massachusetts.

The School Committee reserves the right to reject any or all bids, or to accept such bids as are for the best interests of the Town of Winchester.

Miss Jane Nilan, daughter of United Red Feather Campaign Public Relations chairman John Nilan, models Red Feather dress assisted by Miss Barbara Elliott. Costumes are being designed for teen-age girl trio who will sing theme song for Metropolitan area this fall. Competition for Red Feather Trio opens today.

SPONSOR of WELCOME WAGON

Many a newcomer to Winchester has had her approach to a knowledge of the town smoothed appreciably by the Welcome Wagon representative.

She it is who calls on newly arrived housewives, answers their questions about churches, schools, where to get what, and most important from our angle, gives them a complimentary copy of the Winchester Star.

The Welcome Wagon representative makes a real effort to visit all new comers to Winchester, but it is hard to keep track of all arrivals, especially those who rent houses. She, and we know the newcomers, would appreciate residents of any neighborhood in which there are newly arrived families, giving her a ring at Winchester 6-0251 so that she can get in touch with them and be of help if possible.

You will be helping her and your new neighbors if you do!

COMPLETES ARMOR COURSE

2d Lt. Burton E. Bailey, son of Mr. and Mrs. Adin B. Bailey of 3 Wildwood terrace, has completed the Armor Officer Basic Course No. 8 at The Armored School at Fort Knox, Kentucky.

The course provides newly commissioned officers with a working knowledge of their duties and responsibilities. It includes instructions in communications, weapons, automotive and instructor techniques. Tactics instruction stresses the platoon level.

Laboratory experiments conducted by the Bureau of Mines at Bruceton, Pa., last year advanced a "single-step" hydrogenation process for obtaining high yields of gasoline directly from coal.

RESOLUTION

WALTHAM VETS ASK BETTER DIPLOMATIC TRAINING

The officers and members of Waltham Post 2152, Veterans of Foreign Wars of the United States, assert that the following facts and conclusions are self-evident to every intelligent citizen:

1. We win wars but lose the peace. The Second World War has been followed by international tension, expenditures of billions of dollars of American taxpayers money to combat the menace of totalitarian Communism at home and abroad, the Korean conflict, and increasing loss of freedom all over the world. Atomic war threatens. The American people ask, why? Why do we win wars but lose the peace?

2. The military victories achieved in war by our armed forces have been largely the results of two causes. First, the United States is the arsenal of democracy. Second, our armed forces have been under the command of superior leadership by qualified officers who have been properly trained. This is proper training for our military leaders has been provided in important part by West Point and Annapolis.

3. The diplomatic weaknesses suffered in peace by our government are demonstrated by the observation that there is less democracy in the world today than before our armed forces and our military leadership overcame the enemies of democracy. What has been won on the field of battle with a tremendous expenditure of blood and treasure has been lost at the conference table. Our diplomacy has failed to win the peace.

4. Our diplomacy has failed to win the peace because our diplomats have not been provided with the same advantages of full time preparation for duties in the now all important field of diplomacy that the diplomats of other nations have received. Our diplomats have not been given specific proper training in the knowledge necessary to getting along with other people in friendly human relations and in foreign affairs.

5. This specific proper training necessary to adequately equip our diplomats with keen political vision and absolute loyalty in exercising proficiency in representing the American people and American interests includes languages, customs, history, government, economics, and other means to sufficient knowledge, skill, and understanding in their negotiations with representatives of other countries.

Therefore, be it resolved that our government take an immediate forward step in the solution of the life and death problems which now beset our beloved country by the establishment of a State Department Academy similar to West Point and Annapolis for the proper training of qualified leaders for our diplomatic service so that the American people will be assured of strong, intelligent, and loyal representation in the councils of the nations of the world.

Robert F. Nichols,
Commander
John J. Coleman,
Adjutant

Production of the top 15 bituminous operating coal organizations in 1953 totalled 148,625,725 tons, more than 8½ million tons better than the total for this group in 1952.

COOL MINERAL WATER DRINK — An attractive little youngster samples the mineral water ginger ale being produced by Morgan Memorial at its Fresh Air Camp at South Athol where spring is being tapped. Proceeds of the drink will be used exclusively for children's summer work. Some 400 youngsters sent by 20 Boston social agencies are currently attending the camp the entire summer. The doll likes the beverage, too!

REPUBLICAN CLUB'S ANNUAL CRUISE, AUGUST 12

"Skipper" Vernon B. Hitchins, president of the Republican Club of Massachusetts, has turned over the command of the S. S. Victory (The Boston Belle) to Robert C. Hagopian and J. Malcolm Whitney for the annual cruise which will take place on Thursday evening, August 12th.

Many novel features have been planned for the sail which will feature music and laughter, and of course, some politics. Baron Hugo and his orchestra will furnish music for dancing, strolling accordionists will fill the night air with their music on the top deck, and a rare contest is planned. The prizes are a secret, with new skipper Hagopian only divulging that they're alive! The two top bonuses will go to the best dressed skipper and skipperette. No beauty contest, this, only the salt of your garb will count.

A large group of people on the committee include: Mrs. Robert L. Reynolds, Mrs. J. Stanley Barnes and John A. Volpe, all of Winchester.

One of the first moves to mechanize the U. S. coal industry occurred in 1981 when three mines installed "undercutting machines." Today, nearly 98% of all bituminous mined in the U. S. is mechanically cut by machine.

ON STATE U HONORS LIST

Two Winchester girls, Mrs. Cynthia A. Phippen of 17 Lloyd street, and Miss Claudette A. Cloutier of 39 Jackson avenue, are listed among those on the Academic Honors list at University of Massachusetts for the last Semester.

Mrs. Phippen, the former Cynthia Morse, was a member of the Class of 1954. Miss Cloutier is a member of the class of 1957. Mrs. Phippen was in the senior group averaging 85 to 90 percent. Miss Cloutier is in the freshman group averaging from 80 to 85.

Lignite Makes Aluminum

The world's first aluminum smelting plant to use electric power generated by lignite has gone into operation at Rockdale, Texas.

AUTOMOBILE DON'TS

Don't leave small children or animals in closed cars in warm weather, warns the American Automobile Association.

A small child recently died as a result of being left in a parked sedan while his father was job-hunting—to cite an example.

The father apparently thought the baby was safe in the car. He closed the windows and locked the car as a protection against theft. When the baby was taken to the hospital its temperature had reached 105 degrees and it died as a direct result of overheating.

Temperatures inside closed automobiles can often reach twenty or even thirty degrees higher than the temperature outside the car warns Robert S. Kretschmar, executive secretary of the Massachusetts Division of AAA.

While the car may be a convenient, safe and seemingly comfortable place to park the child or family pet while you're sightseeing, shopping or on an errand, many parents unknowingly commit a cruel and inhuman act by failing to take the simple precaution of leaving the windows open.

Better yet, take babies and pets with you whenever you're out of sight of your car, advise the Triple-A safety experts.

VISITED OBSERVATORIES

Patricia Sexton, 14 Rangeley road, was a recent visitor to the observatories atop New York City's world-famed Empire State Building.

The 1472-foot, 102-story high Empire State Building, located in the heart of Manhattan, attracts more than a million visitors every year. From the observatories on the 86th and 102nd floors a visitor can, on a clear day, pick out landmarks 25 miles distant. Visitor attendance at Empire State more than doubles attendances at other top New York attractions such as the United Nations Building and the Statue of Liberty.

OLD ORCHARD CAMP MEETINGS OF THE SALVATION ARMY TO FEATURE BAND MUSIC

Following in the tradition established by William Booth, revered Founder of The Salvation Army, who proved time and again that music could be a prime factor in soothing men's souls and helping backsliders into a right relationship with their God, the Old Orchard Beach Camp Meetings from August 20-29 will feature the finest in band music and instrumental and vocal soloists.

Once again the beautiful pine grove setting within hearing of the ocean's roar will resound with music by the world famous Montreal Citadel Band, directed by Bandmaster Norman Andrieu, consisting of 40 musicians; the Provincial Ensemble, composed of 250 of The Salvation Army's finest handmen in New England; and three Divisional United Bands numbering 60 players each.

Colonel William H. Fox, New England leader of The Salvation Army, who planned the entire program for these famous revival meetings, has included two mammoth Music Festivals on Saturday, August 21 and Sunday, August 22, but fine music will also be a feature of every meeting during the ten-day sessions.

Following the Welcome Meeting on Friday, August 20, conducted by Colonel and Mrs. Fox, the first week-end will open with a Music Festival on Saturday, August 21, with the Montreal Citadel Band, noted for its radio and TV appearances in this country and Canada, and the Provincial Ensemble of 250 instrumentalists highlighting the program. These two bands will play for three Sunday meetings (August 22) which will also be conducted by Commissioner and Mrs. William R. Dalziel, commanders of The Salvation Army in Canada and Bermuda. 1st Lieutenant Margaret Elizabeth Macfarlane of Toronto, an outstanding vocalist, will also be featured.

The Provincial Ensemble will provide music for the weekday sessions Monday, August 23, through Friday, August 27, at 10:30 a. m. and 7:30 p. m.

The 1954 revival of the Old Orchard Camp Meetings will come to a resounding climax when Commander and Mrs. Norman Marshall of New York City, leaders of The Salvation Army in 11 eastern states, conduct the open air sessions and once again the finest in Salvation Army music will play a prominent part.

Three Divisional United Bands, each composed of 60 musicians, will play for this final week-end, which will open with a Music Festival on Saturday, August 28. The Massachusetts and Rhode Island Division Band, with the Boston Central Corps Band as a basis, will be under the leadership of Bandmaster David Galbraith. The Southern New England Band, under the baton of Bandmaster Peter Carlson, will have the Manchester, Connecticut Corps Band as a basis while the Northern New England Band will be led by Bandmaster Captain Lloyd Scott.

A large group of Choristers from the Southern New England Division will also be heard.

These three bands will then combine with other Salvation Army musicians to form the Provincial Ensemble which once again will be heard, both at the Music Festival, and again on Sunday, August 29. All meetings are open to the general public free of charge.

Plans and specifications may be had at the Water and Sewer Office at the Town Hall. A five dollar (\$5.00) charge will be made for plans and specifications taken from the office. The five dollars will be refunded on return, in good condition, of the plans and specifications.

A bid bond of five hundred dollars (\$500.00) must be submitted with bid. Successful bidder must post performance bond equal to bid.

STRANGE ROLE FOR CHRIS

AUTOMOBILE SALESMAN RAN TRAVELING JAIL

Your Star reporter ran into "Chris" Powers recently and while chatting with the popular Lannan-Ungerman Chevrolet salesman, learned that for six months he rode around acting as a sort of "M. C." for a traveling jail.

Now wait a minute! "Chris" was in the jail strictly on a voluntary basis, having leased it from the owner, former Sheriff J. Edward Slavin of New Haven, Conn. The jail isn't used for purposes of incarceration at all, but rather to combat juvenile delinquency, by giving the young a close-up of all the paraphernalia used by law-enforcement agencies throughout the United States, even to a death-cell complete with an electric chair and all its gruesome details. Revolvers, shotguns, tear-gas and other bombs, manacles, handcuffs, billies, night-sticks, straight-jackets and all the rest are on display in the traveling jail, which contains a regulation cell as well as the death cell, and is very complete in all its details.

Former Sheriff Slavin conceived the idea of the traveling jail from his association with all sorts of delinquents, especially those of tender years. Receipts from showing the jail around the country have been used for the laudable purpose of establishing and maintaining a home for boys just outside New Haven. Whenever the traveling jail appears it is sponsored by Police Departments, the heads and members of which have been very enthusiastic about the good results obtained from having the youngsters get a look of what is in store for malfactors everywhere.

Usually one glance into the death cell with its grim chair, straps and electrodes is enough to convince the average youngster that the way of the transgressor is hard. Incidentally no one is allowed actually to enter the death cell, or fool around the chair.

With the traveling jail is a man who explains in detail the various furnishings and law-enforcement equipment it carries, and it carries a complete line. That is where Mr. Powers came in during his association with the outfit. How did he come to get involved with the thing? A fair question!

It seems that former Sheriff Slavin, after running the jail himself for a time, turned the project over to his son, "Jacky", whom Mr. Powers knew in a social way. While visiting the younger Slavin in New Haven awhile back, Mr. Powers was told that the Sheriff's son was about to get married and was looking for some one to run the traveling jail while he was on his honeymoon and establishing a home, say for six months or so.

At the moment "Chris" was at loose ends himself, and the idea of doing something to combat juvenile delinquency had quite an appeal for him. He accepted "Jacky" Slavin's proposal that he operate the traveling jail during the Slavin marriage interim and quickly completed the lease from Sheriff Slavin necessary to make the thing his own for six months.

From then on Chris and the traveling jail went south, visiting many of the principal cities and exhibiting the jail to throngs of curious young people and adults everywhere.

As stated above "Chris" explained everything in the exhibit and was surprised at the intelligent questions asked by many of the young people who visited the jail. Police wherever the jail stopped cooperated, and there was always an

officer or two around to assist in explanations or exhibit any special equipment his own department might possess and employ.

STRANGE ROLE FOR CHRIS

AUTOMOBILE SALESMAN RAN TRAVELING JAIL

Your Star reporter ran into "Chris" Powers recently and while chatting with the popular Lannan-Ungerman Chevrolet salesman, learned that for six months he rode around acting as a sort of "M. C." for a traveling jail.

Now wait a minute! "Chris" was in the jail strictly on a voluntary basis, having leased it from the owner, former Sheriff J. Edward Slavin of New Haven, Conn. The jail isn't used for purposes of incarceration at all, but rather to combat juvenile delinquency, by giving the young a close-up of all the paraphernalia used by law-enforcement agencies throughout the United States, even to a death-cell complete with an electric chair and all its gruesome details. Revolvers, shotguns, tear-gas and other bombs, manacles, handcuffs, billies, night-sticks, straight-jackets and all the rest are on display in the traveling jail, which contains a regulation cell as well as the death cell, and is very complete in all its details.

Former Sheriff Slavin conceived the idea of the traveling jail from his association with all sorts of delinquents, especially those of tender years. Receipts from showing the jail around the country have been used for the laudable purpose of establishing and maintaining a home for boys just outside New Haven. Whenever the traveling jail appears it is sponsored by Police Departments, the heads and members of which have been very enthusiastic about the good results obtained from having the youngsters get a look of what is in store for malfactors everywhere.

Usually one glance into the death cell with its grim chair, straps and electrodes is enough to convince the average youngster that the way of the transgressor is hard. Incidentally no one is allowed actually to enter the death cell, or fool around the chair.

With the traveling jail is a man who explains in detail the various furnishings and law-enforcement equipment it carries, and it carries a complete line. That is where Mr. Powers came in during his association with the outfit. How did he come to get involved with the thing? A fair question!

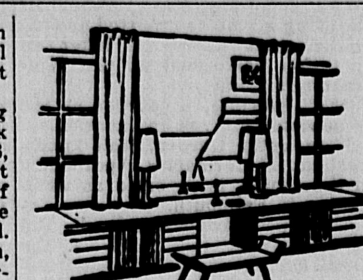

It seems that former Sheriff Slavin, after running the jail himself for a time, turned the project over to his son, "Jacky", whom Mr. Powers knew in a social way. While visiting the younger Slavin in New Haven awhile back, Mr. Powers was told that the Sheriff's son was about to get married and was looking for some one to run the traveling jail while he was on his honeymoon and establishing a home, say for six months or so.

At the moment "Chris" was at loose ends himself, and the idea of doing something to combat juvenile delinquency had quite an appeal for him. VOL. LXXIII NO. 51

BOLAS WATKINS

On Saturday, July 31, at a ceremony attended only by members of the immediate families and a few close friends, Miss Muriel Isabel Watkins, daughter of Mr. and Mrs. Clifton B. Watkins of Brookline, and Wolfboro, N. H., formerly of Winchester, was married in Brookline to Mr. William Thomas Bolas of Batavia, N. Y., son of Mr. and Mrs. Joseph P. Bolas, also of Batavia.

Given in marriage by her father, the bride wore a gown of Chantilly lace and net over white satin and a fingertip veil of French illusion caught to a lace pill-box cap seeded with pearls. Miss Marion Fife, 8 Brookline, maid of honor, wore a gown of pink net over taffeta, with matching headband. The bridesmaids, Miss Marianna Sears of Manchester, and Mrs. Walter Maxwell Fife, Jr., of Lakewood, N. H., sister of the bride, were similarly attired in turquoise. All carried old-fashioned bouquets of roses.

The bridegroom had Mr. Frank Keizer of Alexander, N. Y., as best man, Mr. and Mrs. Louis Keifer, Jr., of Batavia, acted in place of the bridegroom's parents, who were unable to attend. Mr. James A. Fife of Needham and Mr. Walter Maxwell Fife, Jr., were ushers.

Following the ceremony, a reception was held at the Hotel Beaconsfield in Brookline.

The bride was educated in the Winchester schools and is a graduate of Boston University. For the past three years she has been in the Demonstration Agent in Genesee County, N. Y., going there from a similar position in Arrostook County, Maine.

After a wedding trip through New England, Mr. and Mrs. Bolas will make their home in Batavia.

ITALIANS TO PARADE SUNDAY

Winchester residents of Italian extraction will hold their annual observance of the Feast of the Assumption on the actual feast day, Sunday, August 15, with a parade which will form at St. Mary's Church and get underway at 2 p. m.

The widely known and deservedly popular Immaculate Conception Drum and Bugle Corps will lead the parade and also in line will be the well-known Woburn City Band under the direction of Edson B. Kimball.

As usual the Statue of the Virgin will be removed from its sanctuary in St. Mary's Church and carried in the parade, which will cover the principal streets of the Italian section of the town. Also in line will be the Christopher Columbus Society and Christopher Columbus Ladies Society. Little children dressed as angels will also participate in the parade.

Frank Dattilo is once again chairman of the committee in charge of arrangements for the parade and will be assisted by Alphonso Dattilo, John Gattineri, Orazio Fiore, Thomas Macario and John Mercurio.

PHI DELTA DELTA
INTERNATIONAL
LEGAL FRATERNITY

Eta Chapter has elected Mrs. James H. Stewart of Winchester to represent the chapter at the International Convention in Chicago, where representatives from the United States, Great Britain, Canada, Mexico, France and South America will convene at the Drake Hotel from August 13 to 18th.

Mrs. Stewart is prominent in civic, educational and legal affairs. She is President of the Massachusetts Chapter International Federation of Notre Dame Alumnae, Registrar of Eta Chapter-Phi Delta Delta International Legal Fraternity, past president of Oliver Wendell Holmes Master of Law Association and is a Director of the Boston Parliamentary Law Club.

Miss Margaret M. Curley of Boston, International President, is general chairman of the convention. Mrs. Herman Olander of Newton is chairman of the American Bar Association breakfast.

NOTICE

PLANNING BOARD MEETING
POSTPONED

The Planning Board has announced that due to the fact that the first Monday of September is a holiday (Labor Day), its meeting regularly scheduled for that day will be held on Tuesday, September 7.

The Planning Board holds regularly scheduled meetings in its office on the ground floor of the town hall in the west wing of the building, the entrance being opposite the river.

Meetings are held on the first and third Mondays of each month, commencing at 8 p. m. Communications, or applications for action, may be mailed or delivered to the Board's office in advance of meetings, or Mr. Harrison F. Lyman, Jr., the Board's secretary, may be contacted personally.

WINCHESTER'S NEW RESCUE TRUCK

FIRE DEPARTMENT'S
NEW RESCUE TRUCK

The Fire Department's new rescue truck has arrived at the Central Station and Chief James E. Callahan expects it will be ready by the first of next week.

Provision was made for this truck at the March Town Meeting and Chief Callahan believes it will be of real value to the town, not only in emergencies involving human life, but in saving to the fire department's big ladder truck, which up to now has carried the department's emergency equipment.

The new rescue truck when ready for use will have cost about \$8800. Mounted on a Ford F-400 chassis it is to be used primarily to carry rescue and emergency equipment. It is, however, equipped with chemicals and a 75-gallon booster tank so that it can be used to fight fires if necessary.

Among the emergency equipment the truck will carry are resuscitator, inhalator, stretchers and first aid equipment; as well as a metal cutting outfit, emergency lights and a five-kilowatt generator.

There are 15 compartments on the exterior of the truck body and two big compartments inside. In emergencies persons can be taken to the hospital in the truck if the town ambulance happens not to be available or an immediate trip should be made.

WINCHESTER GIRL FOUND SEAL

Eight-year-old Rosemary Leary, daughter of Dr. and Mrs. Howard Leary of 48 Westland avenue, had the unusual experience of finding a seal at Lane's Cove, Gloucester, where the young mammal on Sunday, July 25, while accompanied by a young playmate, Edward Walsh of Newton.

The children were amazed to see the seal resting on a rock in the cove at low tide and still more intrigued by the fact that one of the seal's flippers was caught in the rocks, making him virtually a prisoner.

Rescued from his bonds by means of a long board, the seal, weighing more than 100 pounds and grey in color, dove gratefully into the water and swam off, everyone expecting that would be the last seen of him.

The next day, however, when the children went back to Lane's Cove, there was their pal again and all last week the seal, with a face like an amiable puppy, stayed around the cove, eating fish and making the fishermen unhappy as he amused the children.

Naturally the activity of the seal drew the fish away and the fishermen commenced to take pot-shots at him early in the week. As of Saturday, July 31, the seal was healthy and still sporting about Lane's Cove, with the fishermen's activity becoming more intense. Whether the seal has survived to now, or moved on to safer quarters, the Star wouldn't know.

As for Rosemary Leary, a third-grade pupil at the Parkhurst School, she was very happy to have discovered the seal and to have watched his antics at close range. After all, it isn't every eight-year-old who gets that close to a live seal in his natural habitat.

CHAPTER 90 OF GENERAL LAWS,
SECTION 14A,
PROTECTS BLIND PEDESTRIANS

"Whenever a totally or partially blind pedestrian, guided by a guide dog or carrying in a raised or extended position a cane or walking stick which is white in color or white tipped with red, crosses or attempts to cross a way, the driver of every vehicle approaching the place where the pedestrian is crossing or attempting to cross shall bring his vehicle to a full stop, and before proceeding shall take such precautions as may be necessary to avoid injuring such pedestrian."

Registrar of Motor Vehicles, Rudolph F. King, states that many motorists are reported for disobeying this law. While there are few blind pedestrians, they are entitled to full protection of the motor vehicle laws and the Registrar appeals to the motoring public to observe this law and prevent injuries to blind persons.

MAIN FIRM NAMED

The engineering firm of Charles T. Main, Inc., of Boston, with which the Main family of Winchester has long been associated, has been named one of the section engineers to design and draw up contract specifications for the Massachusetts Turnpike by Chairman William F. Callahan of the Turnpike Authority.

The Main firm will work on Section H, from a point in Palmer about 6400 feet east of the Wilbraham line to and including the Clark Road Sturbridge Bridge.

IMMACS DID WELL
AT PHILADELPHIANATIONAL DRUM MAJOR
HONORS TO CALLAHAN

On Sunday morning, August 1, the Immaculate Conception Drum and Bugle Corps and Girls Drill Team left for the 55th annual National Encampment of the Veterans of Foreign Wars at Philadelphia, Pa. On arrival at Philadelphia the positions were housed at one of the new school buildings in that city. Prior to leaving, housing was arranged by Rev. Fr. Herbert K. A. Driscoll for the group and they had the finest accommodations awaiting them.

On Monday morning all units passed an equipment and uniform inspection with a top mark. This was followed by color guard, individual and quartet contests and drum and bugle competitions.

Tuesday at noon the parade of all units started and one of the most colorful shows ever witnessed was viewed by an estimated 500,000. Tuesday evening at six p. m. the last unit passed by the reviewing stand. Later that evening the local units gave a concert in the lobby of the Adelphi and Warwick Hotels, where most of the Massachusetts delegations were housed.

Wednesday morning the preliminaries were held and the local corps placed fourth out of twenty drum corps. This ensured them a place in the finals. Wednesday evening at six p. m. the finals were run off. Top place went to the Golden Knights of Irvington, N. J., with a score of 88.7. The local corps placed seventh with a score of 85.3, with only 3.4 points separating first and seventh.

Pressing and nervous tension in this big event brought down the scores of all contesting units compared with the preliminary scores of the morning tryouts. The Girls Drill Team placed sixth out of ten in the finals with a score of 95.45, only 2.25 points from first place.

Both units can feel proud of doing a fine job in competition with the finest of service units.

The drum major of the "Queensmen," Joseph T. Callahan, entered into "drum major" competition on Monday afternoon and won first prize in the senior division. This gives him the title of "National Champion Military Drum Major of the V. F. W. of the United States." Big Joe received a gold medal for top spot in this event with a score of 91.3.

After a sightseeing tour of Philadelphia the Winchester crowd departed for home, tired but happy. They arrived about one a. m. Friday and were greeted by a group of about four hundred.

ANN MARIE DOWLING

Ann Marie Dowling, daughter of Joseph M. and Hannah (McGuire) Dowling of 40 Sargent road, died Saturday, August 7, at her home following several weeks illness. She entered the Pratt Diagnostic Hospital in June, returning to her home two weeks ago.

Miss Dowling was born August 2, 1936, in Everett. Her parents were residents of Winchester at the time of her birth and she grew up in town, graduating from St. Mary's School and from Winchester High School in the class of 1953. Known familiarly as Nancy, Miss Dowling was popular, both in high school and at Boston University, where she had completed her freshman year. Besides her parents, she leaves a sister, Mary.

The funeral was held Tuesday morning from the Gaffey Memorial Funeral Home in Medford with solemn requiem high mass celebrated at St. Mary's Church. Burial was in Oak Grove Cemetery.

AN APPRECIATION

The Winchester Council of Girl Scouts wishes to convey their sincere sympathy to the family of "Nancy" Dowling through her premature death the Winchester Girl Scouts have lost one of their finest representatives.

One of the tenets of Girl Scouting is service. No one better exemplified this ideal than "Nancy." As a freshman in W. H. S., she received her cap for fifty hours of service as a hospital aid at the Winchester Hospital.

During the next three years Nancy gave one hundred and fifty more hours of service as a hospital aid. This service was given in the Well Baby Clinic, the Red Cross Blood Bank (Winchester) as well as the Winchester hospital.

Nancy held the honor of giving more hours of service than any other scout in Winchester. Her sweetness of character, her reliable efficiency, her constant cheerfulness endeared her to patients and nurses alike. As one nurse remarked, "We love to have Nancy around."

Not only did I know "Nancy" as a Girl Scout but as one of her neighbors from her earliest years. There is no girl of whom I can say with deeper sincerity, "Her life was a service to the world."

Marion L. Willing
Ex-President Winchester Girl Scouts

RALPH PAONESSA HONORED

Ralph Paonessa was given a farewell party last week by his fellow altar boys of St. Mary's Parish at the home of William Callahan, 20 Kendall street.

Ralph, who is the son of Mr. and Mrs. Domenico Paonessa of 300 Washington street, left last Friday to enter the Franciscan Novitiate at Troy, N. Y., to study for the priesthood. He is a graduate of St. Mary's School and of Winchester High School, class of 1954.

MANEY CO. LOW BIDDER
FOR OVERHEAD JOB

C. J. Maney Co., 173 Bedford street, Lexington, was lowest of nine bidders, at \$4,239,921.08, when bids for work on the elimination of the grade crossing in Winchester were opened on Tuesday, August 10, 1954, at the Massachusetts Department of Public Works, 100 Nashua street, Boston.

In 1950 the Massachusetts Department of Public Works awarded a contract to Thomas Worcester, Inc., of Boston, to prepare plans and estimates for the elimination of the grade crossing with other work which would relieve a growing traffic congestion. All of the proposals for the work and plans effecting it were examined by Commissioner John A. Volpe.

To do this extensive construction job, it has been necessary to construct a steel stringer trestle about 900-feet long, placed on steel piles to support the Boston & Maine Railroad tracks in temporary location during the permanent grade crossing elimination work. That section was advertised late in 1953, and this contract was awarded to Berke-Moore & Co., Inc., of Boston, as the lowest of nine bidders, for \$2,829,000. This work is now in progress, and it is anticipated that it will be completed during October, 1954.

The new work, for which bids were opened August 10, 1954, will commence about 2000-feet south of the Wedgemore Station, with the tracks rising gradually, and at the Center will be 19-feet above the present level. At the station, tracks will be approximately eight-feet higher than at present.

A new station will be built at track level, and the entire area adjacent to Bacon street will be landscaped, the bridge removed and Bacon street will pass under the railroad tracks.

A new underpass will be constructed to connect Commonwealth and Waterfield road, providing new vehicular and pedestrian passage. A new station will be erected at Winchester Center under a later contract; the platforms and covering ramps to the new station will be constructed under the present contract.

The overpass at Winchester Center will be four spans, three spans around the island traffic circle around which traffic will pass.

North of Winchester Center, the Woburn loop tracks will be raised to conform to the new level of the main line, tracks returning to grade before reaching the bridge at Swanton.

The new bypass will be used mainly by through traffic, controlled by lights at several places. It will take traffic from North Main street, down Blind Bridge street, through a new station, to the Woburn loop tracks, through the second underpass under the main line, across Judkins Pond, across the Skillings estate, then out Washington street, and back on to Main street near the Junior High School.

The main line tracks will descend north of Winchester Center, and at Swanton street will be seven-feet higher than present. Swanton street will be depressed and will pass under the railroad tracks, returning to present grade about midway between Swanton and Cross streets.

It is estimated that it will take about two and one-half years to complete the work after receipt of the contract by the contractor. The Maney Company, the late holder of which was one of the so-called "three Stenoses," former owners of the Boston Braves, has built several buildings for Boston College as well as highways and bridges throughout the State.

The company's low bid is actually under the State Engineers' estimate for this line of the job, which was \$4,266,816.54. Other bidders were Coleman Bros., Corp., of Boston, \$4,444,972.00; V. Barletta Co., of Jamaica Plain, \$4,468,337.25; Berke, Moore Co., of Boston, \$4,489,950.50; B. Perini and Sons, Inc., Framingham, \$4,586,236.50; J. F. Fitzgerald Contracting Co., Boston, \$4,687,135.50; P. & F. Construction Co., Boston, \$5,090,603.00; Farina Brothers Co., Inc., Newton, \$5,108,453.55; Johnson, Drake & Piper Co., New York, \$5,905,778.20.

BADLY STUNG BY HORNETS

John P. Cullen of 284 Cross street, well-known contractor, was badly stung Monday while engaged in the removal of rubbish from a home on the West Side of town.

In removing the rubbish Mr. Cullen disturbed a nest of yellow-jackets and the hornets swarmed all over him, stinging him in some 40 places and especially about the face and arms.

Mr. Cullen returned home on Wednesday and yesterday was reported as getting along nicely though it will be several days before he is sufficiently recovered from his harrowing experience to return to his work.

ON MAINE DEAN'S LIST

Henry O. Hooper, son of Mr. and Mrs. Olcott Hooper of Highland avenue, and Arthur Withington, III, son of Mrs. Margaret Adriance Withington of Eaton street, were on the dean's list for scholastic excellence during the spring semester at University of Maine.

FREDERICK C. MACDONALD

LUTHER W. PUFFER, III

INSURANCE BROKER
DROWNED IN
NEW HAMPSHIRE

Luther W. Puffer, III, of 25 Englewood road, widely known insurance broker and head of the Winchester firm of Luther W. Puffer, Jr., Inc., lost his life in tragic fashion Sunday forenoon, August 8, when he was drowned while boat fishing on Lake Winnepesaukee near Tuftonboro, N. H.

Mr. and Mrs. Puffer went up to Center Tuftonboro, N. H., last Friday to spend the week end with Mr. and Mrs. Alfred R. Meurling of 48 Winthrop street, at their summer home there. On Saturday the Puffers visited their son, Keith, during Visitation Day at Camp Belknap in Wolfeboro, returning to the Meurlings that night.

The next morning at 6 o'clock Mr. Puffer and a case of Mirrol Lake, N. H., went fishing on Lake Winnepesaukee and were casting in a cove off Tuftonboro when Mr. Puffer fell from the boat. Though not a strong swimmer, Mr. Puffer could swim, yet he sank at once in deep water, said to be about 30 feet deep at that spot, and did not come to the surface. The lake was dragged for about an hour before the body was recovered.

Meanwhile Mr. Puffer was in a state of shock, due to the accident, and assistance was necessary to get him ashore. He could tell no coherent story of how the accident occurred. The official coroner's ruling was death by accidental drowning.

Mr. Puffer was the son of Luther W. Puffer, Jr., and Annie (Israel) Puffer. He was born in Medford October 11, 1908, was educated at Worcester Academy and Worcester Polytechnic Institute, and as a young man worked for the firm with which his father was then associated, the old Puffer Manufacturing Company, manufacturers of food fountains and equipment and located at that time on Swanton street.

Twenty-five years ago this month Mr. Puffer and his father founded the Luther W. Puffer, Jr., insurance firm, which Mr. Puffer had conducted since his father's death in November, 1945.

Mr. Puffer served during World War II in the United States Navy. He was a member and junior deacon of William Parkman Lodge, A. F. & A. M., of Winchester Lodge, 1445, B. P. O. E.

On October 6, 1936, Mr. Puffer married Dorothy Margaret Duffer, daughter of a family who survives with a son, Keith; a sister, Mrs. Arthur Stockdale, wife of an Army major stationed in Japan. Mr. Puffer's mother also survives, and is with Mrs. Stockdale in Tokyo.

Masonic services were held Tuesday afternoon at 2 o'clock at the funeral home of William Parkman Lodge, Rev. Walter Lee Bailey was chaplain.

The funeral was held Wednesday afternoon at the Church of the Epiphany with the rector, Rev. John W. Ellison, officiating. Burial was in Wildwood Cemetery.

LUTHER W. PUFFER, III

INSURANCE BROKER
DROWNED IN
NEW HAMPSHIRE

Luther W. Puffer, III, of 25 Englewood road, widely known insurance broker and head of the Winchester firm of Luther W. Puffer, Jr., Inc., lost his life in tragic fashion Sunday forenoon, August 8, when he was drowned while boat fishing on Lake Winnepesaukee near Tuftonboro, N. H.

Mr. and Mrs. Puffer went up to Center Tuftonboro, N. H., last Friday to spend the week end with Mr. and Mrs. Alfred R. Meurling of 48 Winthrop street, at their summer home there. On Saturday the Puffers visited their son, Keith, during Visitation Day at Camp Belknap in Wolfeboro, returning to the Meurlings that night.

The next morning at 6 o'clock Mr. Puffer and a case of Mirrol Lake, N. H., went fishing on Lake Winnepesaukee and were casting in a cove off Tuftonboro when Mr. Puffer fell from the boat. Though not a strong swimmer, Mr. Puffer could swim, yet he sank at once in deep water, said to be about 30 feet deep at that spot, and did not come to the surface. The lake was dragged for about an hour before the body was recovered.

Meanwhile Mr. Puffer was in a state of shock, due to the accident, and assistance was necessary to get him ashore. He could tell no coherent story of how the accident occurred. The official coroner's ruling was death by accidental drowning.

Mr. Puffer was the son of Luther W. Puffer, Jr., and Annie (Israel) Puffer. He was born in Medford October 11, 1908, was educated at Worcester Academy and Worcester Polytechnic Institute, and as a young man worked for the firm with which his father was then associated, the old Puffer Manufacturing Company, manufacturers of food fountains and equipment and located at that time on Swanton street.

Twenty-five years ago this month Mr. Puffer and his father founded the Luther W. Puffer, Jr., insurance firm, which Mr. Puffer had conducted since his father's death in November, 1945.

Mr. Puffer served during World War II in the United States Navy. He was a member and junior deacon of William Parkman Lodge, A. F. & A. M., of Winchester Lodge, 1445, B. P. O. E.

On October 6, 1936, Mr. Puffer married Dorothy Margaret Duffer, daughter of a family who survives with a son, Keith; a sister, Mrs. Arthur Stockdale, wife of an Army major stationed in Japan. Mr. Puffer's mother also survives, and is with Mrs. Stockdale in Tokyo.

Masonic services were held Tuesday afternoon at 2 o'clock at the funeral home of William Parkman Lodge, Rev. Walter Lee Bailey was chaplain.

The funeral was held Wednesday afternoon at the Church of the Epiphany with the rector, Rev. John W. Ellison, officiating. Burial was in Wildwood Cemetery.

VISITING POLICEMAN

You often hear of a "visiting fireman", but Officer Walter Edinger of Vienna, Austria, is a visiting policeman, being a member of the City of Vienna police who has been in this country for the past year studying police administration at Michigan State University. Winchester residents may have seen Officer Edinger around the center this week, he being easily distinguishable because of his full beard and the shorts he was wearing. Incidentally, he speaks excellent English and he told the police that the whiskey was to "impress his girl friend" when he gets back home.

Officer Edinger visited police headquarters here soon after his arrival in this country and at that time was shown over the station and taken around in the cruisers as our police procedure was explained by Chief Harold and his officers.

Yesterday morning he again visited headquarters and accompanied Sgt. Edward P. Bowler to the Woburn Court, where he was an interested observer of the business transacted there.

Officer Edinger is one of 9,000 police officers in Vienna, which is a municipality of 1,000,000 people, and taken around in the cruisers as our police procedure was explained by Chief Harold and his officers.

Yesterday morning he again visited headquarters and accompanied Sgt. Edward P. Bowler to the Woburn Court, where he was an interested observer of the business transacted there.

Officer Edinger is one of 9,000 police officers in Vienna, which is a municipality of 1,000,000 people, and taken around in the cruisers as our police procedure was explained by Chief Harold and his officers.

COMING EVENTS

Aug. 17, Tuesday. Fruit and Flower Mission, First Baptist Church, Mrs. William J. Wickwire, Tel. Winchester 6-217-M.

To Mr. and Mrs. Donald C. Van Rousen a second daughter, Laurie, born August 10 at Winchester Hospital. Grandparents are Mr. and Mrs. H. Van Rousen of Manchester-by-the-Sea and Mr. and Mrs. W. Harold Crough of Boston and Fort Lauderdale. The great-grandmother is Mrs. Margaret A. Crough of Lynn.

WINCHESTER WON
DIVISION 2 PLAYOFFS

Winchester won the championship of Division 2 of the District playoffs by smothering Haverhill 10-1.

It was steady Paul DeRossi all the way pitching his second win of the tournament play, giving up three hits, one walk, while striking out seven and accounting for a home run and double, driving home 5 runs.

Winchester scored 5 runs in the first inning on doubles by Serieka and Martell, a single by DeMinico and a home run by DeRossi and an error. Also a run in the second on a single by Smith and double by DeRossi. One in the third on a single by DeMinico and two errors. Three in the fourth on a double by Serieka, bases on balls to French, an error and two omissions.

Haverhill single run came in the sixth when pinch batter Meehan connected for a home run over the centerfield wall. Kazukonis at second base played an excellent fielding game.

Manager Johns really had the boys up for this one. As a team the boys played errorless ball and took advantage of every break. On four occasions they were able to advance a base on an attempted put out of a fielders choice.

SOFTBALL PLAYOFFS

The semifinals for the Winchester softball playoffs got underway last Thursday with the Sons of Italy, defending champions, taking on the fourth-place Monsons. "Iron Horse" Procopio pitched the SOI to a 6-2 victory.

S. Bellino opened the first frame by hitting a double but failed to score when attempting to steal for home. Fiore grounded out and A. Tibaudu flied out.

The Monsons came back for two hits by O'Rourke and Nash but they, too, could not cross the plate.

In the second, Ellis of the Monsons doubled and was sent across for the first run when Kimball singled.

The Sons tied the score at 1-all in the third when "Moose" Bellino

doubled, "Hokey" bunted and "Moose" went to third and scored when brother "Sam" flied out to right.

The score remained 1-1 until the sixth, which was a big inning for the defending champs. Sam Bellino reached on an error, Fiore flied out, S. Tibaudu walked. With Sam and S. Tibaudu on second and third, A. Tibaudu connected for a single to score two runs. Gangi then reached on a fielder's choice. T. Bucci walked and Pete Provinzano stepped to the plate to hit safely, accounting for two more runs and the Sons led 6-1.

The second run for the Monsons came in the last stanza when Ellis doubled and Sherburne sent him home with a single to left.

Ellis and Nash were the big guns in a losing cause by getting three hits apiece. Ellis also scored both runs for the Monsons.

"Moose" Bellino connected for two hits to lead the victors in the hitting department.

Although losing, the Monsons out-hit the Sons 10-5 but they just did not come at the most opportune moments.

Now the Monsons are saying, "Bring on the champs. We'll beat them next time."

All championship playoff games are to be played at Ginn Field and are to be played every evening except Saturday and Sunday until a champion is declared.

PARTICIPATED IN JAP MANEUVER
A Winchester officer, a member of the 187th Airborne Regimental Combat Team's 3d Battalion, took part in Operation Testa Blue, final phase of a training maneuver in Japan which ended July 31.

Early in the exercise, First Lt. Harry M. Easton parachuted in and helped set up a line of defense along the Ura river near a port vacated by "aggressor" infantry troops.

Easton, whose wife, Jane, and small daughter are with him in the Orient, is a platoon leader in the battalion's Company L. He entered the Army in June, 1952, and was last stationed at Fort Campbell, Kentucky.

Lieutenant Easton, a former student at the University of Maine, holds the Parachutist Badge and the National Defense Service Ribbon. His parents live at 9 Seneca road, Winchester.

ROBERTS WIN FATHER-SON

THEIR 72 POSTED THURSDAY TOURNEY'S BEST

Ray and Bill Roberts of Wachusetts had a one-over-par 35-37-72 on last Thursday to win the classic Father and Son golf tournament at the Winchester Country Club. The same team won the tourney in 1950 and '51.

Up to the time the Roberts turned in their card a home club team, Judge Joseph W. Monahan of the Middlesex Probate Court and his 33 year-old son, Joe, Jr., were out in front with a 34-29-73 score made Wednesday. Aside from Big and Little Joe, none of the second day teams beat the 36-42-78 card turned in on the rainy opening day of the tourney, August 3. One Friday team, only Ben and Don Ayers of Worcester, with a 77 was able to better the 78 the O'Donnells put together in Tuesday's downpour.

George and Brad Ryan had a 77 to lead the Winchester teams last Thursday, and top Winchester honors on Friday went to Arthur and Jack Yardley with a 96.

Low gross prize went to Ray and Bob Roberts, Wachusetts, 72; second gross, Judge Joseph W. and Joseph W. Monahan, Jr., Winchester, 73; low net, Edward H. and Jim Bailey, 64; second net, Win and Win Cobb, Jr., 65.

Father and son under 12, low net, Ray and David Marad, 68; second net, Dr. Joseph and Jim Curry, 73.

Father and two sons, low net, Ed and Laurie, 65, and Barrie, 66, Bruce.

Grandfather and Grandson, low net, Judge W. Monahan and Joseph Monahan, III, 73.

Following are the Winchester scores for last Thursday and Friday:

Thursday
George and Brad Ryan, 87-71
C. W. and Charles Eaton, 86-72
Otis and Ronnie Leary, 91-79
Larry and Ronnie Burke, 97-79
G. S. and George Pacetti, 97-80
P. A. and R. L. Goodale, 105-85
John A. and John Volpe, Jr., 144-120

Friday
Arthur and Jack Yardley, 96-73
John and Dick Gibbons, 92-76
Evander and Vandy French, 98-76
Harry and Tom O'Brien, 106-83
John and Jack Gibbons, 99-83
Dr. and Paul Crehan, Jr., 103-84
Grandfather and Grandson
Judge Joseph W. and Joseph Monahan, III, 73

"It's not a coincidence that socialists and communists and all the advocates of totalitarian government spend much of their energy denouncing such institutions as the stock exchange. For investment, which the exchanges make possible for everyone, is the heart and soul of the free enterprise system. And if that system ever collapses, all the other freedoms will die with it." — Melrose (Mass.) Free Press.

ANNUAL SWIMMING CHAMPIONSHIPS

The annual swimming championships sponsored jointly by the Winchester Red Cross and the Park Department will be held this year on August 21. As in the past the program will commence at 1:30 sharp.

Swimming events listed are for all age groups from 8 and under and upwards with intervals of two years. In addition there will be diving competition for boys. Medals will be awarded to first, second and third-place winners in each event.

Featuring the afternoon's activities will be the presentation of the Thomas P. McGowan trophy by the Winchester Park Commission, and the Red Cross swimming trophy. Both awards are made annually to one boy and one girl for excellence in swimming combined with a high degree of courtesy, cooperation, interest and good sportsmanship.

A list of all events is now available at Palmer Beach, Leonard Field Pool and the Winchester Boat Club. Boys and girls may register by signing their names under the event in which they wish to compete.

Red Cross Swimming Notes
The following Winchester girls and boys competing in the recent Metropolitan Boston Swimming Championships under the colors of Curtis Hall were awarded medals for outstanding performances:

Brenda Cunningham
Joan Denton
Mollie Devaney
Jan Elliott
Allan McDougall
George Neville
David Govostes

The Winchester Swimming Club has a full schedule of activities from now until September 1, with swimming meets at Warwick, R. I., Lake Winnepesaukee, Duxbury and Boston.

K of C NEWS

OUTING COMMITTEE
ANNOUNCED

A special committee meeting was held at the Council Rooms August 4th to formulate plans for the annual outing, which is scheduled to be held at Hamilton on the North Shore on Sunday, September 12. Outing committee members were Grand Knight James F. Mawn, honorary chairman; James H. Wharf, general chairman; Deputy Grand Knight Vincent P. Edwards, publicity chairman; Stergio Vangel, William Dailey, William O'Leary, John D. Mulrennan, Anthony Keane, Bart Conlon, Coleman G. Foley, Jr., Charles Doucette, Jr., Edward Donato, Richard Fiore, Edward F. Dalton, Harry A. Smith, Neil Kerrigan, Philip Savage, Alfred Barnard and Anthony DiTeso. Committee members unable to attend were Joseph J. Noonan, James L. Coughlin, John P. Nowell, Vito Scaturro, Bert Stevens and Joe Flaherty.

It was voted to have a catered dinner at the outing, consisting of fruit cocktail, roast stuffed turkey, sage dressing, brown gravy, green peas, cranberry sauce, sweet mixed pickles, assorted rolls; creamery butter, salad, assorted ice cream and cakes, cookies and coffee with cream. The house committee of the Council will furnish "gratis" ample coffee and doughnuts during the morning for the early arrivals until dinner at 1:00 p.m. The usual soft drinks will be available.

General Chairman Jim Wharf, who is handling the affair for the second successive year, plans to have the dinner served outside in the spacious grounds unless weather forbids, in which case it will be held indoors as it was last year. There are 119 acres on the property, providing ample space for softball, baseball, outdoor basketball and horseshoe pitching, and golf can be played on two nearby courses. To reach the area take Route 128 until reaching exit 10, and then proceed along Route 1A north through Wenham and Hamilton to Bridge street, then turn right.

Members should signify their intention of attending so that the caterer can be informed as to how many diners he should prepare.

Chairman Wharf promises an even better time than last year. The Council is saddened by the recent sudden passing of Brother Michael J. Foley. Officers, fellow 4th-degree members, and fellow members of Council 210 attended the funeral mass at St. Mary's Church on Saturday, August 7.

The Council also recently paid their respects to the late Mr. Timothy Donovan, father of two Council members, Francis and Fred Donovan.

Council members who make the retreat at Campion Hall each October for a week and will be pleased to learn that Retreat Master Fr. Leo O'Keefe, S. J., former Army chaplain, has been appointed superior at the Retreat House, succeeding Rev. William Donaghy, who has been made president of Holy Cross.

Past Grand Knight John Nowell and Mrs. Nowell are the proud parents of a baby girl, their second child. This totals two lovely daughters, and the Council offers congratulations to Mom and Dad.

ATTENDED FAR EAST
COACHES' CLINIC

1st Lt. Harry M. Easton, son of Mr. and Mrs. Harry M. Easton, 9 West road, was one of 100 Army, Navy and Marine students who recently attended the 1954 Armed Forces Far East football coaches' clinic in Yokohama.

The clinic, designed to prepare service personnel as qualified coaches for the coming season, was conducted by three college coaches, Penn State's Rip Engle, Jess Hill of USC and Thad "Pie" Vann of Mississippi Southern.

A platoon leader in the 187th Airborne Regimental Combat Team's Company I, Lt. Easton graduated from the University of Maine before entering the Army during June 1952.

Photo by Star Photographer Bernie Marvin, Jr.

Malden player out at the plate in crucial play of last Saturday's Winchester-Malden Little League Sectional Playoff at Danvers. Vandy French, Winchester pitcher, makes the put-out as Malden pitcher and heavy hitter registers dejection.

Photo by Star Photographer Bernie Marvin, Jr.

WINCHESTER RUN NUMBER TWO

Danny Serieka tallies behind Will Smith in the first inning on Vandy French's home run in the Little League playoff at Danvers. Malden catcher fails to entice as Peter Branch and Dana Kelly of Winchester look on. French, who really hit the apple, is just out of sight beyond the umpire.

LITTLE LEAGUE PLAYOFF

The District playoffs for Division 2 were played at Danvers on Saturday. In the first game Haverhill defeated West Lynn by a score of 5-1. In the second game Winchester won a well-played contest from Malden Nationals, winner of District 6, by a score of 5-1.

In the first inning Winchester came up with three well-earned runs on singles by Smith and Serieka and a home run over the centerfield wall by Vandy French. They also scored a run in the fifth on a single and stolen base by DeMino, who went to third on a fielders choice by Kelly and scored on an error. Again in the sixth on a single by Serieka, who went to second on a passed ball, and to third on a wild pitch, then scored on an error.

Malden's lone tally came as a result of a double by Treanor, who went to third on a wild pitch and scored on an error.

Vandy French pitched an excellent game, allowing only three scattered hits, and bore down with potential runs on base. In the third inning Malden had three men aboard with two away, a fast ball away from the catcher, but Danny Serieka quickly retrieved the ball, throwing to French covering home to nip the base runner for the final out.

The play of the game was a catch by DeMino in left field robbing Treanor of a home run. With his back smashing into the wall Roger was able to make the catch before it cleared the fence.

Winchester will next play Haverhill on Tuesday at Danvers at 5:30 p.m. and if successful will play again at Woburn on Thursday at 5:30 p.m.

The boys, Manager Art Johns and Coach Gordon Peckham deserve a great deal of praise for the baseball know how displayed in the playoffs. Johns is the kind of manager who follows and plays the whole game along with the boys.

Also a great deal of credit goes to Ted Bartlett, president and organizer of Winchester Little League for his untiring efforts in the development of boys in Winchester. It will be a great loss when he leaves.

V. F. W. BEAT FITZGERALDS

Last Friday the V. F. W. and Fitzgeralds, the second and third-place teams in the town's softball standings, met at Ginn Field in the semi-finals and the V. F. W. worked hard to win 7-6.

"All-Around" Paul Connors led both teams in hitting by getting three, and one was a double which came in the third frame that scored Perry.

The V. F. W. scored two quick ones in the initial frame. Perry reached on an error and reached third when "Big Man" Connors singled. "Eaten" Red Pacino then tripled to deep center that scored Perry and Connors.

Fitzgeralds got back in the game in the third when the scored twice to tie the score at 2-2. Dilorio and Garcia walked. Charlie Tofuri grounded out, and with Dilorio and Garcia on second and third, Crowley hit to center to score two runs.

The V. F. W. scored three runs in the fourth to go ahead 5-2. In this inning Charlie De Filippo doubled to start the fireworks. Farrell sent Charlie in with a clean hit to center. Saunders walked, Perry sacrificed to push Farrell and Saunders to second and third, which was just right because Paul Connors got his third hit of the game to bring across two runs.

The Vets got one more run in the fifth when "Jockey" Serieka opened with a single and stole second. He then crossed with the seventh and clinching run when De Filippo reached on an error.

In the sixth, the Fitzgeralds came extremely close to tying or winning the game when they ended the inning trailing by one run 7-6. Fiore tripled to start the big sixth and scored when Dick Tofuri singled to center. Nick Fitzgerald then came through with a single to score Tofuri. John Dilorio followed with a hit to left field that scored Fitzgerald and John then scored the sixth run when the next three batters were walked and with bases loaded and two outs a fly ball to right was made to end the threat.

CAMP STELLA MARIS

Registered at Camp Stella Maris, Wingersheek Beach, West Gloucester, for the last two weeks of the camping season are:

Anne E. Hurley, Windemere Road, High street extension, 101 street

Mary Eileen McCormack, 4 Ridgeway

The McCormack girls will complete a six-week stay at Camp Stella Maris.

Both Michele and Mary Eileen McCormack took prominent parts in the folk dances of many lands which was presented at Camp last Saturday evening.

Father John J. Sheehan, Camp Director, has announced an "Open House at Camp" from two to five o'clock on Sunday, August 15th. Every one is welcome. There will be a program presented of various phases of camp activity, closing with a procession in honor of the August fifteenth Feast of the Assumption of the Blessed Virgin Mary. The Camp is dedicated to Our Lady under her title of "Star of the Sea."

The camp is for girls from nine to seventeen years of age and is best reached by following Route 128, leaving it at the ramp marked very plainly "Wingersheek Beach."

PLAYGROUND NOTES

Last Thursday two full bus loads of youngsters took advantage of the Beach Day by travelling to Wingersheek Beach in Gloucester.

It was the first trip to this beach and a very pleasant day was had. Intra-playground activities moved at a rapid pace during the past week in order to have sports teams climb closer to the championship spots in such competition as junior baseball, intermediate baseball, younger boys' softball, kickball and girls' softball.

There is a close running in junior baseball honors with Leonard, West Side and Ginn chasing each other quite closely; but last Monday's game between Ginn and Leonard changed the picture somewhat. On this day Ginn defeated Leonard by a 7-3 score. A win by Leonard would have placed Ginn and Leonard tied for top honors. As it turned out Ginn now leads by two games. The feature of this game was Gordon Lewis slugging a home run with G. Gray on second in the fifth inning with the score in Ginn's favor 3-2. This homer clinched the game and first spot in the standing.

In younger boys' softball Leonard and Ginn are fighting it out for top place with Leonard leading by one game.

Leonard Field seems to be running away in kickball competition, although Ginn is offering some stiff competition.

The intermediate baseball picture is an interesting one with Loring in the lead by one game over Ginn. First place honors up to the present go to Leonard in girls' softball but West Side is trailing by only one game.

The sports program continues to provide many thrills and very close competition. This holds true because Supervisor Frank Provizano has announced that the championship teams of the summer program are to attend the Red Sox-Baltimore baseball game at Fenway.

Park on August 27, and all participants are trying hard to come out on top.

Besides the sports program, the youngsters are enjoying an excellent season in the handicrafts department. Jane Di Brigard has seen her youngsters turn out excellent items and mentions that most popular are such items as pot holders, bracelets, comb cases, beanies, napkin holders, flower baskets and bug pins.

Standings as of August 10:

Junior Baseball		
Ginn	9	2
Leonard	7	3
West Side	6	5
Loring	0	1
Intermediate Baseball		
Loring	6	1
Ginn	5	2
West Side	3	5
Leonard	1	7
Younger Boys' Softball		
Leonard	8	1
Ginn	7	3
West Side	2	7
Loring	2	8
Kickball		
Leonard	5	0
Ginn	2	3
Loring	1	2
West Side	1	4
Girls' Softball		
Leonard	4	2
West Side	3	3
Loring	2	4

That new loud speaker in the
traffic tower in the center is ex-
cellent insurance against anyone go-
ing under the railroad gates with-
out a warning blast from the officer
on duty there. And the warning
over the loud speaker is very effec-
tive, if not actually startling. We
were awaiting the arrival of a
train on the crossing one rainy af-
ternoon this week when a sten-
torian voice called to us to get
too close to the gates. It was all
in fun at that time, but only moments
afterward a real shout of warning
prevented a youth from going un-
der the gates with an outboard ex-
pressor dangerously near to Winches-
ter Station. An incoming train stop-
ped at the station prevented anyone
on the westerly side of the tracks
from seeing the express, and had
it not been for the warning voice
from the tower the youth would
have had to step lively to get across
the tracks in time.

Elsewhere on this page is a letter
from Mr. John Munro in which he
expresses concern over the fact
that some of Winchester's beauti-
ful trees will be sacrificed to the
construction of the overhead rail-
road through Winchester and the
reconstruction of some of the
town's roads as a part of this pro-
ject. Mr. Munro rightly recognizes
that some trees will have to be re-
moved, but he believes with reason
that a great many trees can be spared
altogether or moved to new loca-
tions to preserve so far as possible
the natural beauty these trees pro-
vide. It is Mr. Munro's thought
that Mr. Volpe, Commissioner of
Public Works for the Common-
wealth, will be interested to know
how his fellow townsman feel about
the unnecessary loss of trees that
make Winchester one of the most
attractive residential communities
hereabouts, and suggests that all
who share his concern about the
trees write Mr. Volpe. The Star be-
lieves this is a good idea and is sure
that Mr. Volpe will share Mr. Mun-
ro's desire to save every possible
one of Winchester's fine trees.

Elsewhere on this page is a letter
from School Committee member Bar-
nard, which we are glad to print,
because, of course, we do have to
keep cost in mind when we are hir-
ing teachers, as well as other public
servants, and we must remember
a school committee has an entire
teaching staff to deal with instead
of just the outstanding instructors
who attract public attention. We
did not mention the School Com-
mittee's budgetary difficulties last
week because the point of our edi-
torial, at which our good friend
Dan waggles a critical finger, was
intended to be the resentment
which the School Committee aroused,
not because Mr. Bartlett and Mr.
Felmet were permitted to leave
Winchester and the service of its
schools, but because the Committee
was not in a position to say when
their resignations were announced
that all steps possible had been
taken to keep these two outstanding
teachers in town. The Star does
not say, and has never intended to
convey the impression that either
or both gentlemen could definitely
be persuaded to stay here. From
personal conversation with both
Mr. Bartlett and Mr. Felmet we can
say positively that both are leaving
Winchester with deep regret. We
also believe the town would not
have had to meet the offers made
them, because of their commitments
here and their liking for the town
and its people. Getting back to the
point of our editorial, and for the
last time, we were "riled" because
the School Committee did not find
out the cost of keeping Mr. Bartlett
and Mr. Felmet in the service of our

schools. We believe both had ren-
dered sufficiently outstanding ser-
vice to have the Committee want
to know, at least, the actual cost
of keeping them. And we are won-
dering if this thinking that all
teachers, strong and weak, must
get the same pay raises is good
thinking. Such procedure is un-
doubtedly expedient, and we are
told teachers as a whole favor it
rather than the merit system. If,
however, such procedure is to pre-
vail, then as we see it, we are head-
ed for mediocrity in teaching, for
we would soon by this practice
be doomed to lose our outstanding
teachers because we can never af-
ford to pay the salaries they can
command to all the teachers of our
system. Finally, Mr. Barnard ac-
cuses the Star of failing to stand
up and be counted in favor when
the School Committee was battling
the Finance Committee for those
maximum raises last March, and he
expresses the hope that next year
we will support the Committee in
its effort to get an increased budget
so as to maintain at least a teach-
ing "status quo." We will say this,
Dan, you can count on our whole-
hearted support any time you try
to keep a teacher like a Bartlett or
a Felmet.

SUPREME JUDICIAL REPORTS

August 7, 1954

Editor of the Star:
This resident of the Town of
Winchester came into contact with
the Board of Selectmen last win-
ter. Herbert Lord, Esq., had just
opened his law office at his home,
42 Sheridan Circle, and lacked the
use of the Reports of the Supreme
Judicial Court of this Common-
wealth, said reports being impor-
tant to a practicing attorney.

The entire set of over 300 vol-
umes was nicely encased on the
second floor of the Town Hall and
it appeared to be a simple matter
to get the permission of the proper
authority, in order to have access
to them.

It was not as simple as first
thought, as a matter of fact, no
permission has ever been granted to
this applicant, even though a
young law student was granted
permission two years ago, to have
access to said report.

It was a bitter lesson on how this
Board of Selectmen, hard working
though it may be, in the interest
of the Town, and no other Town in
the State is better administered,
could treat a stranger to it, with a
simple request, that of the use of
the said reports.

This, had in hand applicant, was
treated with the most austere sang-
roid attitude, led by the secretary
of the Board and seconded by all
but two of its members; stating
that, upon advice of Town Counsel
that they were for the exclusive
use of the town officers.

Upon being reminded that said
reports were the property of the
Inhabitants of the Town of Winches-
ter, the reply was that there
was a duplicate set in the Town
Library; whereupon this applicant
paid a visit to the Library.

The most gracious Librarian
gave the true answer which was
that not only was there no dupli-
cate of said reports there but
there would have been no place for
them as the Librarian has request-
ed, each year, for the past five
years, \$50,000 of the Board of Se-
lectmen, to square off the library,
so that there will be room enough
to place books, now in boxes, at the
disposal of the students and tax-
payers of this town.

One has seen or read of the book
and play "Our Town" but so far
as this Board of Selectmen is con-
cerned, one received the impression
that said Board owned the Town,
lock, stock and barrel.

STATEMENT ON VETS BENEFITS MISLEADING

Editor of the Star:
The statement relative to benefits
being denied some kin of veterans
appearing in the August 6th press
by Commander Charles N. Collatos,
Department of Massachusetts,
American Legion, is very mislead-
ing.

Whether we like the new law
(Chapter 627 of the Acts of 1954)
or not, we must be careful to inter-
pret the provisions correctly. A re-
cent statement in the public press
has given an erroneous interpreta-
tion of certain features of the law.
Chapter 627 passed by the 1954
legislature clearly states that a
veteran:

"shall mean any person, male or
female, including a nurse, (a)
whose last discharge or release
from his wartime service, as de-
fined herein, was under honorable
conditions as defined in defense
deparment regulations and who
(b) served in the army, navy,
marine corps, coast guard or air
force of the United States for not
less than ninety days' active ser-
vice, provided that ten days

thereof was for wartime service,
unless for wartime service of a
lesser period he was awarded a
service-connected disability or a
Purple Heart."

The new law definitely recognizes
as a "veteran" any man or woman
of the "Armed Forces" who was
awarded a service-connected dis-
ability or a Purple Heart. A man or
woman "killed in action" certainly
qualifies as a "veteran" since he or
she is automatically awarded a Pur-
ple Heart posthumously as well as
being awarded the highest degree
of service-connected disability—
killed in action.

A man or woman dying in the
Armed Forces other than in a "killed
in action" category is definitely
awarded a service-connected dis-
ability death. Therefore, such man
or woman dying in the Armed Forces
in wartime whether "killed in ac-
tion" or expiring at a training
camp, automatically confers upon
his or her dependents the status of
qualification for the various veter-
ans' benefits.

Statements that any survivors of
men killed in action might be de-
prived of benefits under this new
law are entirely without founda-
tion.

Thus, not only widows or widow-
ed-mothers of service personnel dy-
ing in the Armed Forces during any
of the periods of time stated by law,
but any other statutory dependents
of veterans are entitled to veterans'
benefits.

Therefore, to allay any fears on
the part of dependents of service-
men or women "killed in action" or
dying while in the Armed Forces in
wartime, let it be definitely under-
stood that one day of wartime ser-
vice is sufficient to qualify the de-
pendent as a veteran, and thus to
qualify the dependents for veterans'
benefits.

Senate Bill 800, a redraft of Sen-
ate 697, with same phrasing regar-
ding said quoted paragraph of Chap-
ter 627, was heard before Military
Affairs Committee and reported out
unanimously March 29, 1954, with
no opposition registered by any
veterans' organizations as to the
wording of said paragraph.

We realize that Chapter 627 in its
present form needs some clarifying
amendments which will be present-
ed to the new Legislature for favor-
able action.

Respectfully submitted,
William E. McNamara
Acting Commissioner
of Veterans' Services
45 Ashburton place,
Boston

DOINGS OF THE DIVINE NINE

August 7, 1954

Editor of the Star:
The Winchester Girl Scouts trav-
eling abroad wish to inform our
friends at home briefly of our ad-
ventures in Europe.

Ostend, Belgium, was the setting
for the beginning of our sixth week
in Europe. Belgium, we found, was
very expensive compared to Eng-
land and Scotland for most things,
but we did find in one restaurant
a delicious filet mignon dinner
for \$1.20. It was so good that we
went back that night and some of
the girls repeated the same menu!

Sunday morning after church we
packed our bicycles to the amuse-
ment of about 50 wide-eyed tourists,
children, and started off to Bruges.
We rode the 15 miles thoroughly
enjoying the warm sunshine and
flat countryside. How different it
was from England and Scotland!

The old city of Bruges with its
quaint architecture and cobblestone
streets was especially beautiful at
night when the canals were illumi-
nated by colored floodlights. The
German Boy Scouts that we met
there gave us a wonderful time even
though most of them couldn't speak
a word of English.

We reluctantly left the "City of
the Bells" Monday morning for
Ghent. A flat tire delayed us for an
hour, but soon we were merrily on
our way. Before we knew it, we
found ourselves on a road compar-
able to the new route No. 128. We
had traveled several kilometers on
the new road when two policemen
on motorcycles stopped us and made
it understood in French that bicy-
cles were not allowed on the high-
way. Thus we arrived back in
Bruges just in time for lunch and
a new start. Six hours later a tired
group of girls cycled into the Ghent
Youth Hostel, washed up, ate, and
tumbled into bed.

The next morning we boarded a
train for Amsterdam, Holland, the
land of wooden shoes and windmills.
During our three-day stay in Am-
sterdam, we took a boat ride
through the canals, visited Volen-
dam, and the Isle of Marken where
the people still dress in their native
costumes, saw the cheese market
in Alkmaar, and learned how the
famous Edam cheese is processed.
As we leave Amsterdam, we are
looking forward to Western Ger-
many and a boat trip down the
Rhine River. But most of all as we
look ahead, we long for a real
American hot dog and six ears of
buttered corn on the cob!

Sincerely,
Sue Woodruff
International Girl Scout
Troop 4

SPARE THE TREES!

August 5, 1954

Editor of the Star:

I think this letter might more
appropriately be addressed to our
fellow townsman, Mr. John Volpe,
Commissioner of Public Works. At
the same time there may be many
residents who will want to add the
weight of their opinions to the
thoughts here expressed on the
subject.

My hope is to get something
started before it is too late, before
the damage is done.

In my journeys about the state I
have been dismayed at the number
of sizable trees that are cut down
needlessly in the State's road build-
ing program. An example was at
the clover leaf at junction of Routes
3 and 121 in Burlington. Yesterday
I came through Needham on Route
128 where it is being altered. One
whole hillside had been cut over.
It was apparent that no need what-
ever existed for this hillside to be
laid bare. Now trees on both sides
in Woburn are being ruthlessly cut.
You can see it yourself.

Those places we can't help now,
but sometime soon they are going
to put a new rail line through our
town. You've heard of it, I am
sure. What I would like is for you
to urge all your readers to write
now to Mr. Volpe to ask that every
tree possible be spared from the
contractor's ax.

If they are only in the way a
few feet, with equipment available
today it will probably be possible
to move them enough so that they
may be saved.

One place in particular comes to
mind. That's at the Wedgemere
Station. Apparently some regrad-
ing will be necessary to lower Ba-
con Street but let's not have them
cut down the trees on both sides
to leave an ugly bare eyesore.

I've lived in this town many,
many years. I've always thought
it was lovely. I want to help keep
it so. We can't do it without trees
and the school district of course
anyway because of the natural
beauty which is attacking them. So
let's save what we can.

If you would keep your Winches-
ter as lovely as possible, tell you
and your voice where it will do
the most good?

Sincerely yours,
John L. Munro
35 Central Street

MR. BARNARD EXPLAINS

August 7, 1954

Editor of the Star:

I have just issued an edi-
torial again critical of the School
Committee for its inability to keep
two of our able supervisors, namely
Ted Bartlett and Fred Felmet.

What you fail to point out is
that the School Department oper-
ates with well-established maxi-
mum and minimum salary sched-
ules for all of the teachers, super-
visors and principals, and an ad-
justment of the schedule for one of
its supervisors would necessarily
mean an upward revision of the
salaries of the entire staff. This of
course is a situation not provided
for in the school budget voted at
last year.

I failed to note strong editorial
support last March in the Winches-
ter Star when the chairman of the
School Committee fought on the
town meeting floor for a modest
raise in the basic salaries of the
teaching staff, opposed at that time
by the Finance Committee. Thanks
to the liberal thinking of the town
meeting members the increase was
won for the teachers.

Next March, in view of the in-
cessant demand to keep our teach-
ing force on at least a status quo
basis, I hope that the Winchester
Star will actively support the
School Committee in any requests
they may make for an increased
budget to accomplish this aim.

Sincerely yours,
Daniel F. Barnard
6 Indian Hill road
Ed. Note—Mr. Barnard is a member
of the School Committee.

NAVY NURSES AT B. U.

Lt. Grace E. Jacobs of 11 Wol-
cott road is one of six Navy nurses
who have been doing specialized
study at Boston University during
the past year, being enrolled at the
university's school of nursing under
the Navy's program of advanced
education for the Navy Nurse
Corps. The year or two of addition-
al study is considered as part of
the girls' regular duty.

Lt. Jacobs, a graduate of the
Springfield Hospital School of
Nursing, is specializing in teaching
for attendant nurses. She was com-
missioned in February, 1943, and
served during World War II in the
new navy hospital at Milne Bay,
New Guinea, and at Sydney, Aus-
tralia. She has also been stationed
at San Diego, Calif., Sampson,
N. Y., and Newport, R. I. Bethesda,
Md. and from 1948 to 1951 was the

ADVERTISE IN THE STAR

ATTRACTIVE CUSTOM BUILT HOME FOR IMMEDIATE OCCUPANCY

Owner has moved to Vermont and offers for immediate
sale one of the most attractive small homes on the West Side.
Designed by Jerome Bailey Foster and built by Alfred D.
Elliott three years ago. Spacious, sunny kitchen with leaded
windows. Unusually large living room, picture window with
fifty-two small panes of glass, studio-type bedroom, oil burn-
er, hot-air heat. Oil bill last winter was \$67. Wide pine
board floor. Blue bathroom fixtures. This house is set
high on a wooded lot, on a parallel with Woburn Golf Club.
Outside of Vermont pine, beautifully finished. On Win-
chester-Woburn town line, 416-A Cambridge Street. Priced
at only \$18,000. Write Dana W. Kelley, owner, Woodstock,
Vermont.

ACCORDING TO MARK IV

(The following from Time Maga-
zine for August 9 should prove of
Winchester interest.—Ed.)

Harvard's great Mark IV com-
puter does not spend all its time
figuring out problems in physics
and aerodynamics. Sometimes its
electronic brain cells think about
the Bible in Greek.

The Rev. John William Ellison,
rector of the Church of the Epi-
phany in Winchester, Mass., has
been working for several years at
the monstrous task of comparing
varying manuscripts of the Greek
New Testament. All of the 4,600
known versions are copies (or cop-
ies of copies of copies) and few are
exactly alike. The copyists added
words and omitted words. They
changed spelling to fit their times
and even changed meanings to con-
form with current notions. They
made all sorts of mistakes. Mr. El-
lison's project has been to try to
find out what variations went in
"families," indicating that groups
of manuscripts were copies from
the same original or from one an-
other.

Adding through 311 versions of
the Gospel According to St. Luke,
he found 2,000 variations in only
two chapters. In 15 verses he found
400 variations. The whole book
probably contains more than 100,-
000 differences. It was obviously
impossible, in one human lifetime,
to make any sense by the usual
methods out of all this confusion.

So Mr. Ellison went to Harvard's
Computation Laboratory to find
whether the Mark IV could
straighten out St. Luke. The mathe-
maticians who serve the great com-
puter decided that the Biblical
problem was "realistic" and told
Mr. Ellison how to translate parts
of the Gospel into mathematical
language that the Mark IV would
understand.

This task in itself was laborious.
Each variation in the manuscripts
had to have a description in num-
erical code. For four related ver-
sions of "Luke 2:12" the code
came out:

2	12	01	2	20
2	12	03	2	12
2	12	07	2	16
2	12	09	2	16

The first two columns identify
chapter and verse. The other code
numbers describe the variations and
tell where they occur. When such
code numbers were properly pack-
aged and fed into the Mark IV, it
replied with figures telling which of
the 311 versions of the Gospel
are identical or similar.

Mr. Ellison's task is far from fin-
ished, but already he can say that
16 medieval manuscripts from
widely separated libraries belong to
the same "family." They were cop-
ied from the same lost manuscript
or from each other. Sometime next
year, with the help of Mark IV, he
hopes to have all the versions of St.
Luke's Gospel arranged in families.
King James Version: "And the
shall be a sign unto you; Ye shall
find the babe wrapped in swaddling
clothes, lying in a manger."

According to the Massachusetts
Division of the American Auto-
mobile Association several auto-
mobile manufacturers will equip
their 1955 models with tubeless
tires.

"TED WILLIAMS TROPHY"

PRESENTATION TO BE MADE
AT FENWAY PARK
SEPTEMBER 22nd

The second annual "Ted Williams
Trophy" will be awarded to the out-
standing Red Sox player of 1954, by
Leo Egan, WBZ-WBZA sportscast-
er, before the Red Sox-Philadelphia
game on September 22nd, at Fen-
way Park.

The trophy, which was first
awarded last year to Jimmy Pier-
sall, was designed by Shreve,
Crump and Low of Boston. It is a
sterling silver bowl on an ebony
base, inscribed with the words
"Ted Williams Trophy," and the
recipient's name. The award also
includes a 1954 Nash Airflight
Rambler, which is given by the
Nash dealers of Greater Boston,
sponsors of Leo Egan's "All About
Sports," Monday through Saturday
at 6:15 p.m.

Ted Williams gave his sanction
for the award, while still serving
as a Marine in Korea. He returned
to Boston in time to see the award
made to his teammate Jimmy Pier-
sall.

The trophy is awarded according
to a point system set up and main-
tained by Leo Egan, Lou Boudreau
and Ted Williams. The players are
given points for hits, runs, sacri-
fices, fielding plays and for pitch-
ing. The points are scaled so that
the entire team, including the pitch-
ing staff, has a chance to win.

At this time, Jackie Jensen leads
in the race, with last year's win-
ner, Jimmy Piersall, close at his
heels. Sammy White is third, with
Harry Agganis in fourth place.

BUILDING PERMITS

Building permits were issued as
follows for week ending August 11:

Alterations to Dwellings:
12 Norfolk road
145 Pond street
158 Cambridge street
New Dwelling:

That true happiness is to be found through understanding the spiritual laws which govern the universe including man will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Soul".

The spiritual nature of happiness is set forth in the following passage which will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (160-229):

"Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul. Higher enjoyments alone can satisfy the cravings of immortal man. We cannot circumscribe happiness within the limits of mortal existence."

The prophet Isaiah's promise at peace and joy to those who spiritually understand God will be included in the readings from the Bible (Isaiah 55:12): "For ye shall go out with joy, and ye shall lead with peace: the mountains and hills shall break forth before you into singing, and all the trees of the field shall clap their hands."

A. A. A. MOTORING TIPS

What would you do in case of an accident during a trip away from home?

Seven simple steps are suggested by Robert S. Kretschmar, secretary of the Massachusetts Division of the American Automobile Association. They are intended to help you meet what could be a difficult and trying circumstance.

1. Stop immediately after an accident.

2. Determine extent of injury to individuals and give all the aid and comfort you can. However, don't try to move anyone who may be unconscious. You'll be helping plenty if you stop severe bleeding and keep the victim warm.

3. Call the police. If anyone is injured, the police will bring an ambulance and physician.

4. Get names and addresses of all possible witnesses.

5. Check your surroundings carefully, the position of the cars, license numbers; anything you feel has bearing on the accident. Get names of witnesses if any. Stop off distances, if possible.

6. Do not discuss the accident with the other party; do not admit liability. Remember that you have an insurance company to handle any claim against you, so leave the handling to your insurance representative.

7. Report immediately to your insurance company the details of the accident, even though it may appear trivial.

ADVERTISE IN THE STAR

VETERANS

Veterans have repaid in full 684,623 GI loans for homes, farms, and businesses, totalling more than \$3 billion in the past decade of the GI loan program, the Veterans Administration announced.

The 684,623 loans repaid as of June 25, 1954, represents nearly 19 percent of the 3,632,518 loans made, totalling \$23.9 billion.

This high rate of repayment is matched by the low rate of claims the Veterans Administration has paid on foreclosed loans, 32,574, or less than one percent, of the total number of loans made.

To date, the government has suffered an out-of-pocket loss of only \$27 million and that amount is subject to substantial further recoveries either by sale of acquired security or from veterans themselves.

Although the majority of the loans repaid are for homes, more business loans have been paid off percentage-wise.

More than 135,714 business loans, or 63 percent of the 214,544 loans made, have been paid back in full.

Total amount of the business loans repaid is more than \$332.9 million out of \$577.7 million borrowed by veterans.

Of the 214,544 business loans made, the Veterans Administration has paid claims on 11,643, or only 5.4 percent. The current loss before further recoveries is \$9.4 million.

Fifteen percent, or 512,090 of the 3,351,643 home loans made since 1944 have been repaid in full. Money-wise, nearly \$2.7 billion has been repaid out of \$23.1 billion borrowed. GI home loans are widely written with 15 to 30 year terms.

Claims paid by the Veterans Administration on foreclosed home loans amount to only 18,886 or approximately one-half of one percent of the loans made. Current loss to the Veterans Administration before further recoveries is \$16.3 million dollars.

As for farm loans, veterans farmers have repaid 36,819 loans totalling \$108 million, out of 66,331 farm loans totalling \$257 million that have been closed since 1944.

Veterans Administration has had to make good on only 2,045 foreclosed farm loans, and the current loss before further recovery is \$1,470,000.

Veterans Administration Phamphet "To The Home-Buying Veteran, A Guide For Veterans Planning To Buy Or Build Homes With GI Loans" may be obtained from the Veterans Administration Office, Post Office Building, Union Square, Somerville.

BLIND WORKERS OPERATE POWER TOOLS

A new activity in the peacetime history of the Vocational Educational Program of the Commonwealth will be demonstrated to the public on Wednesday, August 25 and Thursday, August 26, 1954 between the hours of 9:00 a. m. and 1:00 p. m. at the Machine Shop at the Waltham Trade School, located on Church street, Waltham.

The Massachusetts Division of the Blind, in cooperation with the Waltham Trade School, has instituted an introductory course for blind workers in the operation of power machine tools.

The course has a three-fold purpose: 1. To acquaint blind workers with the operation of power machine tools; 2. To show educators and employers the capabilities of blind workers; 3. To provide a productive and dependable source of labor to employers of Massachusetts.

At the open house blind workers may be seen operating engine lathes, milling machines, grinders, papers, hand saws and drill presses.

This demonstration of the ability of blind personnel, trained in the techniques of machine tool operations to put their skills into practice, will be of signal interest to the many industrialists engaged in the fabrication of metal parts and in the production of tools and dies.

It is the hope of the Director of the Division of the Blind, Mr. John F. Mungovan, "that the full support and cooperation of Massachusetts Industry be enlisted in the integrating of blind workers into the current labor market to the end that their skills and capabilities be fully utilized."

Special invitations to attend the open house have been tendered Governor Christian A. Herter, members of the General Court, school superintendents, officials of the several cities and towns, members of the medical profession, and representatives of social agencies.

Never use an oversize electric fuse. Most electric circuits are unsafe with anything higher than a fifteen ampere fuse. If your fuses keep blowing, call in the electrician to find the trouble. Maybe you'll avoid a fire.

ANCIENT RESERVOIR OF ANGKOR BEING REFILLED IN CAMBODIA

Angkor, Cambodia's mysterious and magnificent temple city abandoned to the jungle 600 years ago, today is regaining a portion of its ancient water system.

Repairs to ridge-like dikes and drainage canals will send water flooding once again into a 4000-acre reservoir near the ruins and out again in dry seasons to irrigate ricefields carefully regulated in a forerunner of the National Geographic Society reports.

Unless Indochina's present strife interrupts the restoration work, Angkor's great man-made western baray, or reservoir—five miles long by more than a mile—will eventually water some 50 square miles of surrounding lands and refill part of the moat of the royal city itself.

Robert Moore, chief of the National Geographic Magazine's foreign editorial staff, recently visited the restoration project. He found the big rectangular storage basin to be virtually intact despite centuries of neglect.

Occasional breaches in the 80-to-115-foot-high dikes are being repaired. A diversion dam has been built across the Siem Reap River where it flows through Angkor, and an inclined canal has been cut side of the ancient city's square moat, is being cut and cleared for use.

Deep in the interior of Cambodia, a warrior race known as the Khmer civilization flourished in medieval times. Angkor was its imperial seat, an Asiatic metropolis fantastically in size and splendor.

Angkor Thom, the Great City, was begun in the 12th century A. D. It eventually covered an area two miles square. More than a million people were centered there. Five great gates pierced the city's walls. Carvings and statues of infinite variety adorned its stone temples and palaces.

Bas-relief murals show something of the daily life of the Khmer peoples. Their emperor wore jeweled robes and carried his hair with jasmine blossoms. Dancing girls by the hundreds entertained him with graceful steps that survive in Cambodia's traditional dances today.

Angkor Wat, the city's greatest temple, stands a short distance outside the walls. Ranking among the world's foremost architectural achievements, its doleful faces rise to five gigantic towers pyramided in carved stone high above the tallest palms of the surrounding jungle.

Angkor Wat was built in the 12th century when Westminster Abbey and Notre Dame de Paris were also under construction. The Khmerian temple, dedicated to the Hindu god Vishnu, is far larger than either European church. It measures three quarters of a mile long by half a mile wide.

About 1430, Siamese invaders from the northwest conquered the Khmers, who had turned to the more peaceful gods of Buddhism. The people of Angkor left their city and temple and fled south. They never returned.

In 1861 a French naturalist named Henri Mouhot, exploring the hinterland, stumbled into a clearing and saw before him the majestic and silent towers of Angkor rising from the steaming wilderness. His discovery was one of the most startling in the history of archeology.

Since then French scholars and Indochinese workmen have cleared the wild fig trees from Angkor's ruins and restored many of the temples and towers. The painstaking work, begun half a century ago, probably will require 50 to 100 years more to complete.

MARRIAGE INTENTIONS

Richard Leonard MacNeill, 51 M. V. Parkway, and Jo-Anne Teresa Gilliland, 217 Harvard Circle, Newtonville.

Anthony Richard Staffiere, 6 Truffs road, and Marie Ann Gervais, 299 Washington street, Somerville.

Paul Reed Reddish, 10 Churchill road, West Roxbury, and Constance Ann Leary, 27 Sunset road, Gloucester.

Gerard Arnold Hood, 44 Sylvester avenue, and Ellen Emily Gorman, 372 Lawrence road, Medford.

"Waterfront" Star

The popular television adventure series, "Waterfront," starring Preston Foster, will be seen regularly in this area over WNBC, New Haven, from 10:30 to 11 p. m. every Tuesday. The program will be sponsored locally by Piel Bros.

Locale of "Waterfront" is, as the title implies, the harbor area of a great city. Besides Preston Foster as "Cap'n John," the cast of 15 includes Lois Moran as "Mum Herriek," Cap'n John's wife, beautiful Kathleen Crowley, blue-eyed colleen, who provides the feminine romantic interest; Harry Lauter as "Jim Herriek," plainclothesman and son of Cap'n John; and Douglas Richardson as "Carl Herriek," youngest tugboat captain in the fleet.

Situation drama, the "Waterfront" series has been carefully produced by Roland Reed to have a wholesome family appeal. The program has a high rating in all the cities where it is being shown.

RACE WEEK NOTES

WINCHESTER SKIPPERS DOING WELL AT MARBLEHEAD

Winchester residents turned out in full force last Saturday for the opening of the annual Race Week at Marblehead. Many parents of the sailors were on hand to see their sons and daughters try out their racing skill, with Mr. and Mrs. John Ivers interested in their son, Dick, who was an efficient crew in the snipe racing.

The Fred Gillespies and Robert Halls were invited to watch the racing aboard the big racing yacht owned by Homer Hill of the Corinthian Yacht Club, and Bob, carrying two cameras, got some excellent motion pictures in color.

Last Saturday was the first day of the three-day series for the Eastern Yacht Club Trophy. In the snipe division Winchester skippers failed to win first place, but in the Firefly class George Wiswell, Jr., finished in the money with a third place.

Ralph Younie in his new Alpha out of the Quincy Yacht Club, took first money in the snipe racing, but Winchester grabbed the next five places, Cliffie Austin finishing second, Rod Long, third, Tom Legere, fourth, John Day, fifth, and Carl Freyer, Jr., sixth.

Sunday morning's race was a handicap affair to the Boston Lightship and back for the larger classes. In Division D of the U. S. One Design boats, Internationals and Ravens, Byron Wiswell was an easy winner over none other than Commodore Bill Welch of the Corinthian Yacht Club.

Sunday racing events are sponsored by the Pleon Yacht Club and are one-race affairs with a trophy for each class. Elizabeth Hood sailed Milky Way into first place in the Herreshoff Class, and the Snipe Class Trophy was picked up by Carl Freyer, Jr., of the Winchester Boat Club.

The word snipe of the Eastern Yacht Club series was held Monday in a downpour of rain that made it difficult for the skippers to locate some of their marks.

A few of the Winchester sailors did well in building up their point score. In the first division of the 210 Class Harry Bean skipped the "Beanie" into first place with a time advantage of 37 seconds.

In the snipe class, while the winner was again Ralph Younie from Quincy, second place was grabbed off by Rod Long, with Carl Freyer, Jr., taking third and Pete Montminy, sixth. Elizabeth Hood of Winchester finished fourth in the Herreshoff class.

The third and final race of the Eastern Yacht Club series was sailed Tuesday in a rough sea and variable northerly winds, with several of the Winchester skippers continuing to show good racing skill.

George Wiswell, Jr., brought in his "Splitner" in first place in the Firefly class and Rod Long, last year's New England Snipe champion, beat Ralph Younie from Quincy for top honors in the snipe event. It was natural enough to see the old rebel leading the snipes to the wire.

Two other Winchester boys were well up in the point scoring, with Tom Legere taking third place and Peter Montminy, fifth.

Winchester's tall Jim's win was not enough to take the Eastern Yacht Club series. Ralph Younie of Quincy, with a record of two first and a second, knocked off the hardware.

Two other Winchester snipe sailors who did not finish in the money but were in there battling to the end, were Carl Freyer, Jr., Cliff Austin, Jim Cusack, Bart Sullivan and John Day.

Few Winchester fans were seen around their headquarters at the Corinthian Yacht Club, but Selectman Bill, and Betty Cusack were on the finish line in spite of inclement weather to see their son Jim come home.

ONCE A SNIPER . . . !

You just can't keep an old sniper like Jim Newman away from the sport of sniping, can you?

One might almost suppose that when Jim and his good wife, Bertie, left their Ginn road home last Friday to visit their son, Jim, Jr., at the latter's summer home on Big Twin Lake near Phelps, Michigan, he was safely away from snipes for the week he was to spend with his son, at least.

"Twant so! Word has been heard from Jim through the week and it appears that not only is the fishing good on Big Twin, but they also race snipes there enthusiastically. This gave the "old pro" of the Winchester Boat Club a chance to keep his hand in at the tiller in the hopes of winning the 1954 championship of WBC.

He and "Bertie" were expected home today, and by Sunday night, wind and weather permitting, every one should know whether Jim gained as a skipper out Michigan way, or slipped back a notch or two.

Meanwhile old timers around town who remember Jim as a demon paddler in the days when paddling was the sport on Mystic Lake raise an enquiring eyebrow when you mention this "snipe stuff", especially in connection with Jim.

According to experts, the thermal efficiency—the ratio of heat output to heat input—of coal is 3% greater than that of oil, and 6% greater than that of natural gas.

M. S. P. C. A.

WINCHESTER BRANCH AUXILIARY

We wish to thank the kind friends who have contributed cloth for the Angell Memorial Animal Hospital this summer.

Last week the animal ambulance called for what had come in recently, so no transportation charge is needed.

During the summer there are many more accidents to animals with so many careless drivers, and dogs playing in the streets are great hazards.

Money is constantly needed for the Animal Patients' Fund at the hospital, so that free or very inexpensive aid can be given. Please help if you can.

A short time ago in Winchester a dog was hit by a stone thrown by a man from across the street; the dog's shoulder bone and leg were broken. Treatment requires care like this for a person. The dog will not forget.

The term "Dog Days," as applied to the period between July 15 and August 31, seems very odd. In early times people noticed that a certain star was visible just then; and as dogs were particularly uncomfortable during that period, it was called the Dog Star.

Take especial care of your dog during this trying period. Encourage him to lie in the shade and not run after a bicycle or car. Give him plenty of water.

The Angell Memorial Animal Hospital was named after Mr. George V. Angell, who was the founder of the Mass. Society for the Prevention of Cruelty to Animals and its first president. He was a lawyer in Boston and was greatly impressed by the lack of laws relating to the protection of animals. The hospital staff includes nine veterinarians besides nurses and other attendants. There are nine other small animal shelters in different places. Let us keep the good work going.

LITTLE LEAGUE NOTES

Winchester's one-sided victory over Haverhill at Danvers Wed., evening moved the locals up a notch in the playoffs and sent them against the winner of the Needham-West Newton game at Woburn last night.

Needham and Newton West battled to a 2-2 stalemate at Woburn Wednesday night and had to play off this tie before the winner could meet Winchester.

If Winchester beat the Needham-West winner last night, the locals boys will move up to Portland for the Regional semi-finals in the Maine city Saturday afternoon at 2 o'clock at that time Winchester, if successful last night, will meet the winner of Thursday night, game between Montreal and Sacco-Old Orchard.

CONTAGIOUS DISEASES

BLOOD DOESN'T GROW ON TREES

(Material approved by the Massachusetts Medical Society and the head of the Coordinating Committee of the Red Cross Blood Program, appears below. This is important information on a subject which needs more understanding by the public. We urge every person to read this article. —Ed.)

Blood, the special and perishable commodity for which there is no substitute, is more complex than trying to understand Russian dialects at the U. N.

A joint committee of the Massachusetts Medical Society and the Red Cross is trying to simplify the complexities of a Blood Program for the benefit of hospitals, donors, recipients and members of their families.

The committee points out that collecting and supplying blood for the sick and injured is a unique problem.

The 140,000 pints used annually for patients in Massachusetts hospitals is recognized as a tremendous quantity.

Most of it is given voluntarily, through hospital blood banks and through the Red Cross. A small amount is secured from professional donors.

Blood, therefore, is like nothing else in the capitalistic system under which we live. It is unlike planning, manufacturing, marketing and purchasing a loaf of bread, a pair of shoes, a car or a vial of sulphur drugs.

Another problem associated with blood is its cost.

As strange as it may seem to some, it costs a great deal of money to supply 140,000 pints of blood a year to the sick and injured.

The Red Cross, for instance, spends more than half a million dollars in Massachusetts for this purpose and this supplies only half of the blood needed. The only source of this money is the Red Cross fund appeal in March.

"Blood is made freely available only by the total effort of the community," says the committee. "There is no 'free' blood when you add up the huge costs to the hospitals for handling and administering."

That's why patients get bills from hospitals.

The committee points up the story of six patients out of eighteen who enter a hospital. One of every three patients admitted will need blood, a survey reveals.

Patient A: He is not only a yearly donor but is associated with an organization that participates regularly in the Red Cross Blood Program. He is hospitalized for heart surgery. He needs four pints of O-positive blood. His associates inform the Red Cross of his need and the Red Cross relays the information to the hospital that the Red Cross will meet his full needs. There is no charge for the blood; there are the hospital's legitimate administration and handling charges.

Patient B: He is the employee of an organization actively participating in the Red Cross Blood Program. One-third of its total force of employees or members during the year donate blood. For a lung operation he needs seven pints. His type is B-negative. Fifteen of every 1,000 people have this type.

At the time of his admission, for the sake of illustration, the hospital blood bank and the Red Cross blood bank are low. But his company calls the Red Cross to supply his blood needs. This call comes at a time when the Red Cross can give him four pints of rare, scarce blood.

For the additional three pints, the hospital and Red Cross have a job to do. Requests are made to the family, fellow employees and friends to make donations either at the hospital or at the Red Cross. The simple undebatable fact is — blood doesn't grow on trees. Only people have it, and only people can give it. And each patient should receive his own type of blood, except in special circumstances.

As a rare blood type, B-negative, the supply and replacement job was a difficult one. His sudden, unexpected transfusions over a weekend revealed that hospitals must have a reasonable working supply for occasions such as this if lives are to be protected.

Our patient recovers. Through Red Cross and friends his blood needs have been supplied. There is no charge for receiving blood, therefore. But the hospital bills the patient for the handling and

administration charges. There are no Red Cross charges.

There is no over-all surplus of blood. It's a day to day, touch and go proposition.

The effort of hospitals and the Red Cross in recruiting donors is a joint responsibility. Hospitals, for their part, say the committee should actively promote blood giving by families and friends and should not rely on the Red Cross for major coverage.

In the case of Patient C: He neither is employed by nor belongs to an organization cooperating with the Red Cross Blood Program. He has never given blood. But he now needs the same type of Blood as Patient B — four pints of B-negative. Yet, because of his rather rare type, the hospital cannot provide the total needed. The hospital recruits his relatives and friends. The hospital's administration and handling charges are the same as those for Patients A and B.

Patient D with a bleeding ulcer is in a city hospital. He is poor, friendless and without relatives who can make donations for him. It is the joint responsibility of the hospital and the Red Cross to assist him.

Patient E is a non-participant and an O-positive. He has a gall bladder operation and uses two pints which are replaced by relatives.

Patient F is a participant through his place of employment. He is operated on for stomach ulcer and needs four pints which is arranged for by Red Cross. After the operation sudden hemorrhage requires five more pints. Patient's relatives are solicited directly by blood bank and fellow employees by Red Cross to replace the extra five and to supply more standby blood for anticipated emergencies in this patient.

On Red Cross requests that can be met, the replacement is on a one-for-one pint basis.

Before it's necessary for you or anyone in your family to go to a hospital where the chances are one in three you'll need blood, it's necessary that you and the community get behind the blood program efforts of Red Cross and hospital blood banks.

With blood available, people may live. Without it, they could die. Perhaps the easiest thing about the complex blood program is the ease with which blood can be given by the donor.

Does Red Cross Supply All Of The Blood Used In Massachusetts?

No, but we are proud to say that we supply about one-half of the total used. Most of the remainder is secured through Blood Banks affiliated with Massachusetts hospitals.

For the protection of our people in everyday blood needs, as well as in time of war, it is essential to maintain strong Hospital Blood Banks as well as a strong Red Cross Blood Program.

Although the Red Cross has the largest program it wants no monopoly in blood. There is room and need for all Blood Banks which are operated with high medical and ethical standards. We must and do help each other.

Will There Always Be Blood For Me If My Group Has A Credit With The Red Cross?

We hope so but cannot guarantee it. Only those in the program can do that. Blood cannot truly be "banked", but the capital reserves of the bank are walking donors. It can be kept only 21 days, so we cannot store a reserve for July, August or for the Christmas holidays, when blood donations slump dangerously. It is everybody's job to keep donations up during these critical periods. Every group must plan right now to schedule blood donors during next summer and the next Christmas season, either through a bloodmobile visit or group donations at our Red Cross center. There cannot be a holiday in the saving of lives. Give throughout the year!

How Much Does It Cost The Red Cross In Massachusetts To Collect,

Process And Deliver A Pint Of Blood To The Local Hospital?

About \$5.00 per pint at present, this may increase if we return to an exclusively civilian program because certain basic costs remain the same even when the production is less.

Does The Red Cross Charge For Blood?

No, your annual contributions to the Red Cross Fund makes the Blood Program possible.

Do Hospitals Charge For Blood Furnished Through Red Cross?

No; every hospital we serve agrees to make no charge for the blood itself. They do, however, charge laboratory fees for re-typing the blood, crossmatching it with that of the patient and for administration. These charges are paid by each hospital.

Is The Red Cross Blood Program Here To Stay?

We have no crystal ball, but as long as the public needs the blood and gives us the money to operate, we expect to have a Blood Program which will serve you and your nation. Naturally, the pay-off is in donors. There must be a steady stream of them to enable us to have all groups and types of blood on hand at all times.

VETERANS

Veterans planning GI Bill training were urged by the Veterans Administration to pick their program carefully.

The Veterans Administration said that after his cut-off date, the law tightens up on a veteran's right to change his course. At any time before his cut-off date, the Korean GI Bill permits a veteran one change of course.

The August 20, 1954, cut-off date applies to post-Korean veterans separated from active service before August 20, 1952.

Veterans who get out of active service after August 20, 1952, have two years from the date of their separation from active service in which to begin their training under the Korean GI Bill.

Information regarding Veterans Administration benefits for veterans and their dependents may be obtained from James J. Keefe, Contact Representative in charge of the Veterans Administration Office, Post Office Building, Union Square, Somerville.

HUGE AIR ARMADA

Three Marine Air Reserve Squadrons from the South Weymouth Naval Air Station will join a huge air armada Saturday morning, August 14, when they head for two weeks of active combat maneuvers at the Marine Corps Air Station, El Toro, California.

This group of reservists known as our "Home Team" of "Citizen Marines" will join 19 other squadrons from the eastern United States in the largest scale maneuver held since the outbreak of the Korean War.

Included in the Weymouth group are two fighter squadrons and one radar squadron. The pilots and officers of all three squadrons served in Korea, as did many of the enlisted men.

Upon completion of the combat maneuvers they will return to the Weymouth base on August 28.

In 1953, production of the nation's 50 leading bituminous coal mines was almost 20% more than in 1952.

CIVIL SERVICE EXAMINATION

The United States Civil Service Commission has announced examinations for Medical Officer, \$5,940 to \$7,040 a year, and for Patent Adviser, \$3,410 to \$5,940 a year.

The positions to be filled from the Medical Officer examination are in the U. S. Public Health Service and the Children's Bureau located throughout the country, and in various other Federal agencies in Washington, D. C., and vicinity. Applicants must be fully qualified as doctors of medicine. To qualify for a position in a specialized field of medicine, applicants must have had a full internship or residency or post graduate study in the specialized field applied for.

The Patent Adviser positions are principally in the Department of the Navy in Washington, D. C., and vicinity. Appropriate education or experience is required. The maximum age limit for positions paying \$3,410 is 35 years. There is no maximum age limit for the higher-grade positions.

Further information, including instructions on applying, and application forms may be secured at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington, 25, D. C. Both examinations are open for acceptance of applications until further notice.

SPONSOR

Many a newcomer to Winchester has had her approach to a knowledge of the town smoothed appreciably by the Welcome Wagon representative.

She it is who calls on newly arrived housewives, answers their questions about churches, schools, where to get what, and most important from our angle, gives them a complimentary copy of the Winchester Star.

The Welcome Wagon representative makes a real effort to visit all new comers to Winchester, but it is hard to keep track of all arrivals, especially those who rent houses. She, and we know the newcomers, would appreciate residents of any neighborhood in which there are newly arrived families, giving her a ring at Winchester 6-0251 so that she can get in touch with them and be of help if possible.

You will be helping her and your new neighbors if you do!

ORDNANCE SCHOOL GRADUATE

Pfc. Charles H. Coulter, son of Mr. and Mrs. Charles H. Coulter, 208 Ridge street, was recently graduated with honors from the Army's European Ordnance School in Fuesen, Germany.

Coulter completed the school's Wheel Vehicle Repairman Course with a final grade of 95.9 per cent and returned to his unit, Service Battery of the 201st Armored Field Artillery Battalion.

U. S. bituminous coal production in 1953 — 453 million tons — is enough to put an 8-inch thick blanket of coal over the entire state of Rhode Island.

Electric utility consumption of coal in 1953 was 9 million tons above 1952.

PONTIAC!

You'll have a Bigger Car!

Today's Pontiac is the biggest ever built. In fact, no car near its price provides you with the road-hugging comfort and stability of Pontiac's long wheelbase. And Pontiac's size is apparent, too, in its roomy Body by Fisher that lets you relax amid every fine-car luxury and appointment.

You'll have Finer Performance!

Today's Pontiac is the most powerful ever built. Pontiac's big, husky engine puts you in command of more power than you're ever likely to need. You enjoy instant response in traffic, and as you cruise the open road your engine merely loafs along, saving money every mile you drive and greatly prolonging engine life.

You'll have World-Famed Dependability!

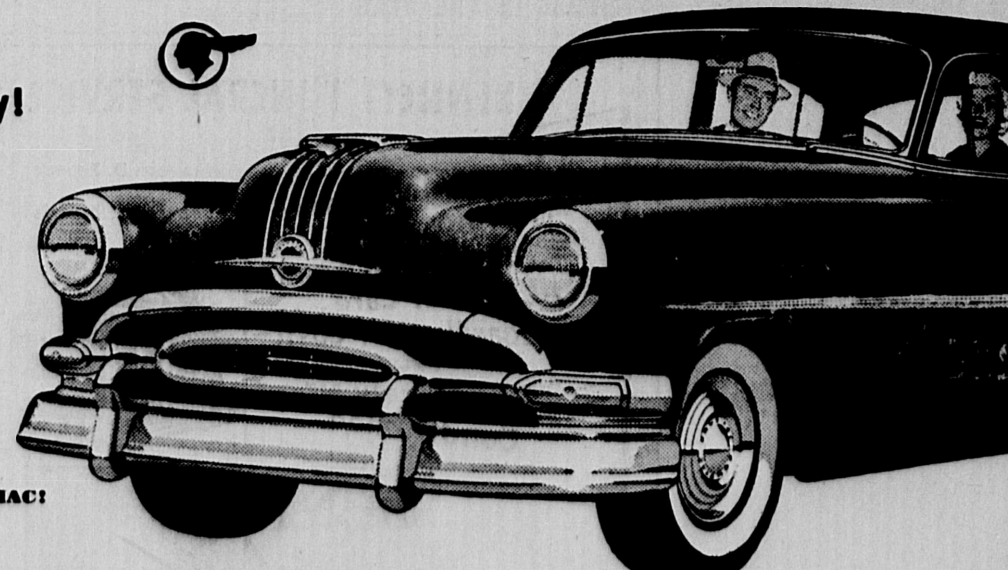

Today's Pontiac is the most dependable ever built. Pontiac's record for long life is acknowledged everywhere. No car at any price will deliver more miles of carefree, economical service. This unsurpassed dependability means you can drive and maintain your Pontiac at amazingly low cost, mile after pleasant mile.

You'll have the Greatest Beauty!

Today's Pontiac is the most beautiful ever built, with its distinctive Silver Streak styling. And Pontiac's beauty is more than skin deep: inside you'll find luxurious appointments and color-keyed fabrics usually reserved for much more costly cars.

You'll have America's Top Value!

Today's Pontiac is the greatest value ever built. With all its fine-car qualities, Pontiac is actually priced right next to the lowest—so low, in fact, that if you can afford any new car you can afford a Pontiac. Add to that the fact that Pontiac has the highest resale value in its price class and you'll have an unmatched motor car value. Come in soon and get the facts.

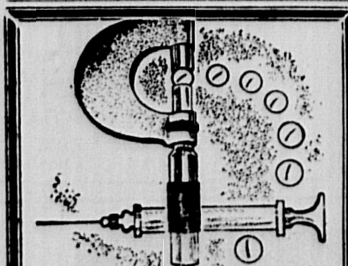

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

COMMISSIONER WM. R. DALZIEL—MRS. WM. R. DALZIEL

**TO LEAD
SALVATION ARMY SERVICES**Commissioner and Mrs. William
R. Dalziel of Toronto, Canada, lead-
ers of the organization throughout
Canada and Bermuda, will conduct
the first week-end sessions of the
famed Old Orchard Beach, Maine,
Camp Meetings of the Salvation
Army on Saturday, August 21, and
Sunday, August 22.A Salvation Army officer for 50
years, Commissioner Dalziel is not-
ed as one of the Salvation Army's
finest speakers. Following duties as
officer in charge of the Salvation
Army's Ambulance Brigade in
France during World War I, he has
served in top administrative posi-
tions ever since that time, first as
chief organizer of the organiza-
tion's Scout movement, then as di-
visional commander in Leicester,
Liverpool, and South London, chief
secretary in Great Britain, and a
similar position in Canada. After
promotion to the rank of commis-
sioner he was in command in east-
ern Australia, with headquarters
in Sydney, and then in southernAustralia with Melbourne head-
quarters.Following an enviable record of
service instituted and maintained
for the troops in World War II
Commissioner Dalziel was recalled
to London as British Commissioner
in 1946 at a time when he had to
meet the challenge of England's
austerity program. He took charge
of Salvation Army forces in Canada
and Bermuda in June, 1951.Following the Welcome Meeting
on Friday, August 20, conducted by
Colonel and Mrs. William H. Fox,
New England leaders of the Salva-
tion Army, Commissioner and Mrs.
Dalziel will lead the Music Festival
on Saturday, August 21, at 7:30
p.m.The Montreal Citadel all-brass
band of 40 pieces, famed for their
outstanding musicianship and con-
ducted by Bandmaster Norman Au-
dior, will be featured as well as the
Provincial Ensemble of 250 of the
Salvation Army's finest instrumen-
talists in New England. 1st Lt.
Margaret Elizabeth Macfarlane of
Toronto, an outstanding vocalist,
will also be featured.Commissioner and Mrs. Dalziel
will conduct three Sunday open air
meetings in the beautiful pine
grove near the sea, at 10:00 a.m.,
2:30 p.m., and 7:30 p.m.In Utah, better than 99% of all
coal produced is by mechanical
methods.**give
EMERGENCY****MARCH OF DIMES**

AUGUST 14 TO 31

**VETERANS EDUCATION
AND TRAINING**Veterans eligible for education
and training under the provisions
of the Korean GI Bill have only two
years after their separation from
the armed forces to begin their
training.Manager William J. Blake of the
Veterans Administration Boston
Regional Office warned that veter-
ans who served on active duty
since Korea and were discharged
prior to August 20, 1952, the date
on which the education and train-
ing provisions of the Korean GI
Bill became effective, should use
the August 20, 1952, date as the
beginning of their two-year period.
Blake explained that the Veter-
ans Administration allows a veter-
an with service anywhere in the
world since Korea, to continue with
his training after the two-year pe-
riod provided he starts before the
deadline.The other limiting date the law
provides, according to Blake, is that
the veteran-trainee must complete
his GI Bill training within seven
years after his separation from the
armed forces or within seven years
from the end of the present emer-
gency, whichever date arrives first.Veterans Administration says a
veteran eligible for GI Bill training
must meet three qualifications.
They are:a discharge other than dishonor-
able;
total active service of at least
ninety days, unless discharged

Warcolite Ready-Mix Black Top in bags. For making black top walks and patching black top driveways. Sakrete ready-mixed cement in sacks. Do your own cement work. Fazzell Bros., 29 High street, Woburn. Tel. Woburn 2-0570.

Mr. Herbert W. Hopkins, American flight engineer killed in the crash of a Colombian airliner in the Azores Islands, is a former president of Winslow road. His ship hit on the slopes of Pico Da Cruz, high in the Sawtooth Mts., above the seaport of Torreira. All aboard were instantly killed. Mr. Hopkins was a resident of this town some fourteen years.

Mary Spaulding's Bookshop, now owned and operated by Edith Spurr, who was associated with the former owner and bought the business from her, reopened Monday after being redecorated and remodelled. The new layout and colors are most attractive.

Yesterday's alarm of fire from Box 33 was for a slight fire caused by overheated grease at the Johnson home at 33 Kenwin road.

Miss Ruth Miller of 22 Myrtle street is the musical director of Thomas Middleton's play, "The Changeling" which is the final production of the Summer Workshop of the Poet's Theatre in Cambridge. Miss Miller plays the incidental music for the performance.

Reopening August 23rd with Fall Fashions in Dresses at The House of Fashion, 38 Church Street.

Mr. and Mrs. Charles A. Murphy of Inverness road are back in town after a vacation spent at Bonnet Shores on Narragansett Bay.

Mr. Daniel Gallagher of Windham, N. H., is a red-hot baseball fan for all his 83 years, and he follows the fortunes of the Red Sox on television to the exclusion of all else when a game is on the screen.

Wednesday evening his son and daughter-in-law, Mr. and Mrs. Leonard Gallagher of Lebanon street, with an assist from Officer James E. "Dukes" Farrell, took the old gentleman to the Red Sox Washington game at Fenway Park, with dinner in town before the game.

Mr. Gallagher thoroughly enjoyed himself and was especially happy to meet some of the Red Sox players, known to "Dukes" through their frequent visits to "Hy" Moody's Cadillac agency in town.

Buy locally and finance your new car, home appliance or home repairs at the Winchester Trust Co. aug 13-4t

Rotarians are reminded that there will be no luncheon meetings on Thursday, August 19, or Thursday, August 26.

Only 20 persons registered for the primaries Wednesday evening at the town hall, with seven more being added during the day. The registration period ends tonight at 10 o'clock.

Reopening August 23rd with all wool Bermuda Shorts, man tailored, grey tones and navy at The House of Fashion, 38 Church Street.

Mr. and Mrs. Fred Doyle of Madison avenue west, returned from a three-months tour of France, Holland, Denmark, Sweden, Norway, Scotland, England and Ireland. They returned home on the Britannic.

Frank Holland of the park department escaped serious injury recently when his head was grazed by a sod-lifter in operation on a job. Dr. Philip McManus had to take two stitches to close the wound.

"WHY BUY FROM AN AGENT"

I buy my insurance from an agent for the same reason that I buy honey from a grocer rather than from a bee. While I might save money by dealing directly with the bee, there's a good possibility that my lack of knowledge, training and experience would result in my getting stung. Why should I gamble on my own trial and error method, when I can secure the services of a man who has devoted years to the study and application of all the different coverages required by all the different people for all their different needs?

My agent surveys my home and business life, shows me where the risks are, and explains how I can best protect myself. He has a vast market from which to obtain whatever types of insurance I need. He has the benefits offered by various agents' associations which provide him with educational programs, timely information in regard to changes in coverage and procedure, and explanation of state and federal laws that apply to insurance.

He saves my money, my time and my temper by seeing that I am adequately covered, and by representing my interest in event of loss or claim—which is why I buy insurance, and particularly why I buy from an agent.

It's wise to buy your honey from a man who knows the bees—and even wiser to buy your insurance from the man who knows the business.

VETERANS

Certain German and Japanese citizens or subjects who previously were not eligible to receive Veterans Administration compensation or pension because they were residing in Germany or Japan may now be paid the rights of certain citizens or subjects of Germany or Japan to receive Veterans Administration compensation or pension based on services in the American armed forces.

Veterans Administration said the law does not authorize any new class of beneficiaries or benefits. It merely restores the rights of certain citizens or subjects of Germany or Japan to receive Veterans Administration compensation or pension based on services in the American armed forces.

Chaimants will have to file new applications and must show they were not guilty of assisting the enemy or of sabotage.

No retroactive payments prior to July 1, 1954, will be allowed; however, if applications are filed before July 1, 1955, payments in some cases may be made back to July 1, 1954, when a new law was enacted.

This new act, Public Law 467, amended a 1946 act which specified excluded German and Japanese citizens or subjects from receiving Veterans Administration compensation or pension while residing in those countries.

It is estimated the new law will cover not more than three hundred cases in Germany and Japan.

Information regarding Veterans Administration benefits may be obtained from James J. Keefe, Contact Representative in charge of the Veterans Administration Office, Post Office Building, Union Square, Somerville.

VISITED OLD HOME

Mr. and Mrs. George Johnson and daughters Carlene and Marguerite of 6 Park road have just returned from a two-weeks motor trip through the Maritime Provinces.

They visited Mr. Johnson's birthplace, O'Leary, P. E. I., and a sister he hasn't seen since he left there forty years ago. They spent the rest of their time around New Glasgow, N. S., where Mr. Johnson lived when he left in 1921.

This is Mr. Johnson's first trip to Canada since he left. Mrs. Johnson is a native of Boston.

UP IN THE WORLD!

Steeplejack Laurie Young after replacing the newly-gilded cross on the First Congregational Church.

CONGREGATIONAL CROSS
REPLACED

"Boy! just look at him now!" This exclamation, with the expletive toned down for Star consumption, was heard everywhere around the center last Saturday afternoon as those fortunate enough to be in the right place at the right time watched Steeplejack Laurie Young of Wakefield replace the big cross atop the steeple of the First Congregational Church.

The cross had been removed in connection with painting the church exterior and regilding the figures and hands of the big clock faces of the tower. Quite a few had been waiting to see the cross replaced, including the Star reporter, when the word got out from Church Custodian Leon Smith that the job would be done last Saturday afternoon, a good part of the morning having been spent in getting the rigging ready to do the work.

After spending the morning fixing ropes and tackle 175 feet above the ground, Steeplejack Young calmly climbed down to the church yard for lunch, which he ate with his son, Murray, in their car. Lashed to the top of the machine was the big cross carefully swathed in cloths to prevent scratching or gouging during the ascent to the steeple.

Mr. Young had gilded the cross himself, though he actually is employed by the painters who did the entire church building. The gilding is done with a preparation of gold leaf much like the sheets of this material that dentists used to use in the days when gold fillings were more popular than they are now.

When your reporter and his wife arrived at the church yard Mr. Young was talking with Dr. Churchill Hinde, who was the "resident manager" of the cross-erecting job and actually spent the entire day watching Mr. Young at work, foregoing the "old times" ball game on TV to do so!

FUNERAL SERVICES
FOR RALPH WHITNEY

Funeral services for Ralph Duane Whitney, formerly of Winchester, were held at the M.G. Moffett Funeral Home at 10 o'clock on Saturday morning, August 14. The Rev. John Snook, Jr., pastor of the Crawford Memorial Methodist Church, officiated.

Burial was in Crystal Lake Cemetery, Gardner, where the committal prayers were read by the Rev. Donald E. Paige of the Chestnut Street Methodist Church, Gardner.

Mr. Whitney, who formerly lived on Hemingway street in Winchester, died Wednesday night, August 11, at the home of his son, Bruce, in Lynn, after a long illness, at the age of 77.

He leaves his wife, Mrs. Grace Whitney; two sons, Bruce W. of Lynn, and Richard D. Whitney, of Winchester; also two grandchildren, Carl B. and Richard D. Whitney.

SMITH — SEANDER

A marriage of Winchester interest took place in the First Congregational Church of Revere on Saturday afternoon, August 14, when Miss Joanne Elizabeth Seander, daughter of Mr. and Mrs. Henry Leonard Seander of 4 Harris avenue, Everett, became the bride of Donald Wesley Smith, son of Mr. and Mrs. Walter Smith of 19 Governor's avenue. The Rev. Lloyd F. Dean, head of the Department of Philosophy at Gordon College and brother-in-law of the bridegroom, read the 4 o'clock service, and Mrs. Dean, the bridegroom's sister, was soloist.

Miss Seander was given in marriage by her father, and had for her honor attendant her sister, Miss Jane C. Seander of Everett. Miss Velvin M. Smith of Winchester, sister of the bridegroom, and Miss Faith Gillespie of Lynn, cousin of the bridegroom, were bridesmaids, and Miss Donna Jeanne Swain of Medford, cousin of the bride, was flower girl.

The bride wore a floor-length gown of Chantilly lace over satin with a nylon veil which fell from a headpiece of matching satin and lace. She carried a Bible and stephanotis, topped with a white orchid. The honor maid and bridesmaids wore ballerina length dresses of white organdy sprayed with large roses and fashioned with petal-shaped bodices and very full skirts. They carried Colonial bouquets and wore wreaths of white flowers in their hair.

The flower girl wore a ballerina length frock of pale green organdy with a ruffled skirt. She too wore flowers in her hair and carried a miniature Colonial bouquet.

Arthur W. Gillespie of Lynn, was best man for his nephew, and ushering were three cousins of the bridegroom, Chesley N. Chapman, Clarence Neil and William Neil, all of Melrose, and Raymond Rollins of Revere.

A reception was held after the marriage in the church vestry. Mrs. Seander, mother of the bride, wore a gown of pale blue lace over pink taffeta with matching accessories and a corsage of pink roses. The bridegroom's mother, Mrs. Smith, was dressed in French pink crepe with lace inserts. Her accessories were shocking pink and her corsage, of roses.

After a wedding journey through the New England States and upper New York State, Mr. and Mrs. Smith will make their home in Medford.

Mr. Smith is studying for the Congregational Ministry at Gordon Divinity School in Beverly Farms. He is a graduate of Gordon College.

SHERIDAN — HOGAN

On the twenty-fifth wedding anniversary of the bride's parents, at the Immaculate Conception Church on Saturday morning, August 7, Miss Margaret Teresa Hogan, daughter of Mr. and Mrs. John F. Hogan of Salem street, was married to Richard Donald Sheridan, son of Mr. William E. Sheridan of West street, Reading, and Carrie (Ordway) Everett, daughter of Mr. and Mrs. Herbert K. A. Driscoll, pastor of the church, officiated at the 9 o'clock marriage ceremony, which took place in a setting of pink and white.

The bride wore a white and blue gown of the nuptial mass which followed. The bride's music was played by Mrs. William McGann, organist, and Dorothy Hickey sang the Ave Maria. Pans Angelica and the choir sang the nuptial mass which followed. The bride's music was played by Mrs. William McGann, organist, and Dorothy Hickey sang the Ave Maria. Pans Angelica and the choir sang the nuptial mass which followed.

Given in marriage by her father, Miss Hogan wore a gown of embroidered organdy over white taffeta, the fitted bodice having a portrait neckline and short sleeves and the tiered bouffant-style skirt extending into a long train. Her fingertip-length veil of illusion was caught to an embroidered cap of organdy and she carried a cascade of gardenias and stephanotis.

Miss Anne Marie Hogan of Winchester was her sister's maid of honor, and another sister, Miss Jean Hogan and Miss Phyllis Ann Gage, both of Winchester, were bridesmaids.

All the bridal attendants wore ballerina dresses of petal pink organdie over taffeta with fitted bodices, trimmed with tiny buttons, off-the-shoulder necklines, finished with deep folds of organdie, bouffant skirts. They wore matching flowered headresses and carried old fashioned nosegays of spring flowers tied with variegated streamers.

Francis Sarno of Somerville was best man for Mr. Sheridan and ushering were John F. Hogan, Jr., of Winchester, brother of the bride; Robert Desmond and Donald C. Murray, both of Reading.

A reception was held after the marriage at the Shaker Glen House in Woburn, with the mothers of both the bride and bridegroom assisting in receiving. Mrs. Hogan, mother of the bride, wore blue lace over taffeta with navy accessories and a corsage of pink gladioli.

The bridegroom's mother, Mrs. Sheridan, wore a navy blue and white silk print with navy accessories and a pink gladioli corsage.

After a wedding trip to Canada Mr. and Mrs. Sheridan will make their home in Winchester.

MISS JOAN HARRIS ENGAGED

Dr. and Mrs. J. Booth Harris of 30 Allen road announce the engagement of their daughter, Joan, to Mr. Roger O. Smith, son of Mr. and Mrs. Leo G. Smith of Westfield, New Jersey. Miss Harris is a graduate of the Simmons College Business School, and Mr. Smith was graduated from the School of Hotel Administration at Cornell University, where he was a member of Sigma Phi Epsilon Fraternity. He will enter the Army in September.

REGISTRATION

The High School Guidance Office will be open on Thursday, September 2, and Friday, September 3, from 9:00 a. m. to 4:00 p. m. to enable new students to register.

New pupils entering Grades One through Eight will register at the respective schools on opening day, September 8.

A PRINCE OF THE CHURCH IN WINCHESTER

Chinese Primate at Tea in His Honor at the Percy Cliffs

CHINESE CARDINAL HONORED
AT TEA

Thomas Cardinal Tien, Archbishop of Peking, China, and highest ranking prelate of the Far East, came to Winchester Tuesday afternoon to attend a tea and reception given in his honor by Mr. and Mrs. Percy C. Cliff at their home, 410 Main street.

Some sixty guests of the Cliffs and Mrs. Cliff's brother, Mr. Ray Higgins, gathered on the grounds of the Cliff home to greet Cardinal Tien, who arrived in Winchester at 4 o'clock, accompanied by his secretary for 35 years, Rev. Clifford King, and by Rev. Robert Hunter, Procurator from the Office of the Provincial, Society of the Divine Word at Girard, Pa.; Rev. Thomas Lavin, S.V.D.; and Rev. Ralph Roina, S.V.D. Among the guests were Rev. John M. Manion, pastor of St. Mary's Church, and one of his assistants, Rev. Charles A. Anadore.

Mrs. Cliff graciously introduced the visiting clergymen to her guests, all of whom eagerly waited to hear Cardinal Tien speak. The distinguished prelate was introduced by his secretary, Father King, who told of His Eminence's dedication to his work in China, of his labors in behalf of the Chinese people during famines, wars and pestilence, and of the growth of Christianity in the Far East under his stewardship.

The Cardinal spoke briefly and simply of his deep concern for the missions of China and asked all to pray for his country, now in the grip of Communist terror. All who heard and met Cardinal Tien remarked his humble manner, which was at all times direct and friendly.

Assisting Mrs. Cliff at the tea as pourers were Mrs. James Marchant, Mrs. Francis C. Norton, Mrs. W. Lynn, and Mrs. R. J. Lennan. A sizeable purse raised for him in Winchester was presented to the Cardinal by Mrs. Cliff.

Cardinal Tien was visiting old friends in the Cliffs and was also a brother, Mr. Higgins. In fact their home was one of but two private residences he visited during his stay in Boston.

It was Mr. Higgins who first made the Cardinal's acquaintance when he visited Boston in 1945 after he and Cardinal Spellman had received the Red Hat from the Pope in Rome.

Mr. Higgins had been greatly interested in the work of the Society of the Divine Word, a society of missionaries working everywhere in the world. With his business interests centered in Boston, he met many members of the order who came to Boston from distant lands, and among them in 1945 he met Cardinal Tien.

Through Mr. Higgins, his sister, Mrs. Cliff, and her husband, also met the prelate Minamir, the secretary of the Divine Word, in Duxbury, his headquarters whenever he is in this country. One of the reasons for his visit to this country was to make a Marian Year pilgrimage to Miramonte, the seminary of the Divine Word, in Duxbury, his headquarters whenever he is in this country.

Cardinal Tien came to Winchester from Hanover, where he visited St. Colette's School for Retarded Children. From this town he was going to the University of Notre Dame in South Bend, Indiana. During the recent wars in China Cardinal Tien lost many of his vestments, among other losses, and some of those he is now using were formerly used by the late Cardinal O'Connell and Cardinal Mundelein of Chicago.

A man of 64 years, the Cardinal has been bothered with an eye ailment and has undergone eight operations for cataracts to avert blindness. He is being treated by eye specialists during his present visit.

At the age of 14 years the Cardinal, then Tung Lai, was faced with a difficult decision as he stood at the doorway of adolescence. On the one hand was a life of ease and security with his family, possessed of money, a wife and an established business. On the other was a life of poverty, austerity, study, and hard work in the service of the Church. He chose the religious life as a boy of 14, and many everywhere have blessed him for so doing.

LEAVING FOR AUSTRALIA

Mr. and Mrs. Phil Porter of 11 Valley road, with their children, Phil, Jr., and Jackie, are leaving for Australia August 28. Mr. Porter will commence a new assignment for the Esso Oil Company. Mrs. Porter is the daughter of Mr. and Mrs. Bernard F. McGuerty of 2 Valley road.

WHAT MY TOWN NEEDS THE MOST

by Charles T. Main, II
Chairman of the
Board of Selectmen

(Ed. Note—This is one of a series of such articles appearing in the Boston Traveler.)

Fortunately for us, two of Winchester's most pressing needs are in the process of being met. One of our most serious problems, which for a century has plagued many boards and committees, is nearing a solution with bids received and construction expected to begin early in October on the elimination of the railroad crossing at Winchester Center.

Inclusion of a new road to bypass traffic around the Center will materially reduce traffic congestion. The project is expected to take about two and a half years. Our board is sure that the majority of townspeople will feel it is a solution worth waiting for.

Fulfilling the second need, a shortage of school housing, Winchester since 1950 has doubled the capacity of two elementary schools. A six-room addition to a third will be completed in September. Redistricting this fall will make better use of two schools which have not been filled to capacity. In addition, older portions of all elementary schools are receiving a "face lifting" with new lighting, tiled floors, painting and modern furniture.

After studies by four separate building committees, construction is under way on a large addition to our junior high school, converting it to a four-year senior high. Included are two much-needed features, an exhibition-size gymnasium and a large auditorium to seat 1200, which will serve not only school but community functions. A double session in the old high school is expected until February, when it is hoped conversion of this building to a two-year junior high can start. It is estimated that when the latter work is completed about September 1955, Winchester will have spent during this five-year period approximately \$3,210,000 on school housing.

With so much major construction going on in town at once, it is certain the lives of both young and old will be affected. Town departments and officials are determined to cooperate in every way to minimize these inconveniences. Perhaps what our residents will need most this coming year will be patience and understanding.

Already inadequate, Winchester's parking facilities around the Center will be considerably reduced during the elevation of the railroad tracks. Twenty-nine spaces will be lost permanently. The 1958 town meeting voted two small increases in parking areas but turned down acquisition of a large area west of the railroad station. The urgency of acquiring additional facilities cannot be minimized.

Future plans indicate a library addition in 1956 and a West Side fire station some year later.

Attractive Winchester, essentially residential, is attempting to provide up-to-date facilities and efficient services to meet the demands of all phases of community living. However, our costs have risen greatly. From 1943 to 1954, while valuations rose only 25%, appropriations rose 138% and the tax rate 67%. Perhaps the time has come when Winchester should actively encourage more high grade industry and commercial establishments. Properly selected and located, they could benefit our town and help to hold the line on our tax rate. Also, I hope some day we can return to the "pay-as-you-go" policy we once enjoyed.

MISS LAIRD ENGAGED

Mr. and Mrs. William G. Laird of 10 Symmes road announce the engagement of their daughter, Barbara Jean to Richard L. Fales, son of Mrs. Lucille K. Fales and the late Lieutenant Colonel Raymond D. Fales of 26 Lawton road, Needham.

Miss Laird is a graduate of Winchester High School and Westbrook Junior College, class of 1953. Mr. Fales has recently served two years with the United States Army in Korea and will resume his studies at American International College in Springfield, Mass., graduating in June.

DEDICATING WILSON CABIN AT WINNING FARM

Syd Elliott and Charlie Koch (left to right), nail up the official signs.

CABINS DEDICATED

Cabins named for two deceased members of Winchester Rotary, George T. Davidson and T. Price Wilson, were dedicated last Thursday at the Club's yearly meeting at Winning Farm.

The cabins were built and presented to Winning Farm by Winchester Rotary, that named for Mr. Davidson, who was the first president of the Winchester club, being completed a year ago, and that named for Mr. Wilson, former editor of the Winchester Star and a charter member of the Rotary in Winchester, was built this year. In each case all the work was done by club members under the direction of Alfred and Syd Elliott.

Interest in Winning Farm on the part of the Rotary Club stems from the fact that several members are on the Board of Directors of the Farm, with "Charlie" Murphy, president of the Board, and "Al" Elliott, vice president.

Club President, Dr. Sanford Moses presided at the meeting last Thursday, and Al Elliott spoke briefly on the two former members for whom the cabins were named. Suitable markers, designed by Club Member Jerry Foster and carved by Club Member Charlie Koch were placed on the cabins.

WINCHESTER MAN
RESCUED WOMAN AT WEIRS

Quick work by William H. Rogers, Jr., of 5 Lebanon street, effected the rescue of a Cambridge woman who fell off the dock of the Mt. Washington excursion steamer at Weirs Beach late Saturday night, August 14.

Mrs. Edward Cox of 550 Putnam street, escaped with a wetting and a bruised right forearm. She was pulled from 15 feet of water by Mr. Rogers, ship's electrician, who stood on some pilings to accomplish the task. He is the son of former Police Chief William H. Rogers, and it is of further interest that his daughter, Marilyn watched her father in his rescue activity.

Mrs. Cox, accompanied by her two young daughters, was rushed to the Laconia Hospital in the Simouneau ambulance, where she was attended by Dr. E. S. Morris and then released. She told rescuers that she is unable to swim.

The excursion steamer had been docked about five minutes after a special moonlight cruise when the mishap occurred, according to Capt. Bryan K. Avery. The woman had proceeded onto the dock, he said, and apparently was searching for her children when she went too near the edge and lost her balance.

HOME FROM INDIA

Mr. and Mrs. Erland S. Wentzell (Marilyn Howe) and family, Stanley, Judy and 6 months old Rowena arrived last week from Calcutta, India after touring Sweden, Denmark and Germany and are staying with Mrs. Wentzell's parents, Mr. and Mrs. Charles E. Howe of 18 Wildwood street. The Wentzells will visit relatives in Vermont, and New Hampshire and return to India in October.

Mr. Wentzell is manager of a large jute mill in Calcutta owned by the Ludlow Mfg. Co.

NEW NAVY SCHOOLS IN BOSTON, LOWELL, PROVIDENCE

An entirely new program of Naval Reserve officer training courses, taught by Reservists for Reservists, will be launched in the First Naval District on September 1st, when three Naval Reserve Officers Schools begin classes in Boston, Lowell and Providence.

The schools, staffed entirely by Naval Reserve officers not on active duty and selected from the best-qualified Naval Reservists in New England, will offer college-level training in major naval subjects. The student body of the Reserve Officers Schools will be made up of reserve officers not on the Inactive Status List and will include Coast Guard and Marine Corps reserv-

ists. Officers on the Inactive List may still participate in the program by requesting transfer to the Active Status Pool.

Future selection of staff and faculty members will give preference to officers who have attended the school as students.

Normally students will enroll in one course per year. Each course will consist of 40 drills during the September to June academic year. Two 50-minute class periods on one weekday night will constitute one drill. Students must attend 80 per cent of the drill sessions to obtain credit for the course. Drills missed, however, may be made up later with full credit received.

Although reserve officer students will not be paid for drills, they will receive one retirement point for each drill attended, and 12 promotion points for successful completion of a course. An additional 12 promotion points and 15 retirement points will be awarded for association with the new program. Reserve officers already associated with organized reserve units are also eligible. In this manner members of drill units may supplement their training in the Reserve and gain additional promotion points.

Commencing September 1st in the Naval Reserve Training Centers in Boston, Lowell and Providence, the Naval Reserve Officers Schools will offer courses for line officers in engineering, gunnery, navigation, seamanship, and operations. Advanced technical courses will also be available in these categories.

Registration for classes in Boston and Providence will commence on Thursday, August 26, at the Naval Reserve Training Centers in those cities. At the Naval Reserve Training Center in Lowell, registration will commence on Tuesday, September 7.

Inquiries on the schools should be addressed to the Commandant, First Naval District, Navy Building, 495 Summer street, Boston, Mass., or to the Commanding Officer of any Naval Reserve Training Center.

In Korea, there are still thousands of homeless children searching the streets for their daily food. For only \$5 you can send them a 26-pound CARE parcel of nourishing food. Mail your contribution today to CARE, 175 Tremont street, Boston, Mass.

REV. HARRY JESSOP

REV. HARRY JESSOP TO LEAD WEEKEND CAMP MEETINGS AT OLD ORCHARD BEACH

Rev. Harry Jessop, D.D., of Chicago, former president of the Chicago Evangelistic Institute, and one of the nation's foremost religious teachers, will lead the weekend sessions of the Old Orchard Beach Camp Meetings of The Salvation Army from Monday (August 23) through Friday (August 27).

Daily morning meetings will be held at 10:30 a. m. and evening sessions at 7:30 p. m.

The Provincial Ensemble, consisting of some of The Salvation Army's finest bandmen in New England will play for these weekday meetings.

The 1954 revival meetings will come to a grand climax on the final week-end when Commissioner and Mrs. Norman Marshall of New York City, leaders of The Salvation Army in 11 eastern states, will conduct the sessions including the Music Festival on Saturday (August 28) at 7:30 p. m. and three Sunday services at 10:30 a. m. and 2:30 and 7:30 p. m.

SERVING WITH AIRCRAFT SQUADRON

Navy Ens. Robert D. McTeague, is serving with Fleet Aircraft Service Squadron 2 at the U. S. Naval Air Station at Quonset Point, R. I. He is the son of Mr. and Mrs. John T. McTeague of 33 Cambridge street.

Ens. McTeague is a graduate of Tufts College, Class of 1954. He received his commission in June, 1954, and in October will enter the Navy's flight training program at Pensacola, Florida.

Fleet Aircraft Service Squadron 2 is a commissioned unit of the Air Force, U. S. Atlantic Fleet and has the primary mission of supporting carrier-type fighters, attack and anti-submarine aircraft squadrons at the U. S. Naval Air Station, Quonset.

Mr. and Mrs. Woodbury have two children, one a son played on the Stoneham High School football team last season.

EX-LITTLE LEAGUERS

After losing to the Woburn Pony All-Stars 10-9 on August 7th, the local All-Stars came right back and beat Woburn 5-3 last Friday, with Joe Flaherty pitching a two-hitter. Continuing in the winning column they beat the Billerica All-Stars at Manchester Field August 14, 9-3, with Peckham pitching. They won again the next day at Billerica 19-4, with Art MacDonald pitching. Last evening they played the Medford Pony All-Stars at Manchester Field.

On next Tuesday and Wednesday there will be evening games with Danvers and Melrose away, which will probably close their season. We know the boys have enjoyed playing together again and are hopeful that next season, with over twenty Little League graduates and others in this teen-age group, that two or more teams will be formed.

Parents with teen-age boys may be interested to know the purpose of Pony League. First, it derives its name from the first letters of its slogan, "Protect Our Nation's Youth," and is an effort to provide good foundations on which the youth of today can build.

The average American boy loves sports, all kinds of sports, and in the wake of the tremendous success of the Little League movement, a similar program should be provided until these youngsters become eligible for competition in the Junior League program or scholastic baseball.

Pony League is a transition. It is a bridge over a great chasm between Little League and regulation ball and is the answer to the problem of organized recreation for boys 13 and 14 years, particularly those boys who are graduates, as it permits the Little League alumni to participate for two more years under the supervision and guidance of responsible citizens who are interested in the welfare of boys.

This is a worthwhile activity and definitely will cause a stronger upswing in baseball interest in Winchester.

The critical demand for coal over the balance of this century cannot be appreciably relieved by the development of nuclear power, according to a fuels authority.

ST. MARY'S SWIMMERS DEFEND TITLE

Still in possession of the Archbishop Cushing Swimming Trophy which they have won for the last two years, St. Mary's girls' swimming team will defend the cup and the championship of the entire diocese of Boston against the keenest of competition on next Sunday afternoon at 1:30, when the annual CYO swimming meet takes place at the White Memorial Pool in Charlestown.

The girls' team includes the three Johnsons, Jets, Noreen, Marguerite and Carleen, also Brenda Cunningham, Mollie Devaney, Mary Ann Moran, Jane Moran and Ann LeGere.

The boys' team, which just missed the championship last year by one point, will line up with such aquatic aces as Charles Govostes, David Govostes, Alan MacDougall, Edward Carter, Graham Govoni, and Ambrose Devaney.

MRS. ROGERS STATES DISABLED VETERANS NEEDS

Congresswoman Edith Nourse Rogers of Lowell, 5th Massachusetts District, Chairman of the House Committee on Veterans Affairs, has issued the following statement to the 33rd national convention of the Disabled American Veterans in Miami Beach, Florida, August 15-21, in response to the query, "What in your opinion does the disabled veteran need most?"

"The disabled veteran, in my opinion, needs most: Adequate compensation for his disability to enable him to lead a normal life as possible; and second, the assurance that he will receive the best medical care available when in

need of it for his disability. Subjects such as education and training to equip him to make a better adjustment because of his disability, housing benefits, and other features of the broad general program are important, but the first two are of primary importance.

"I have devoted thirty years in Congress to working along this line. Greater uniformity of benefits between veterans of different wars, without diminishing the grants now enjoyed; assurance of stabilized administration of veterans' benefits, based on full appropriations as has been true these past two years, are goals which should be accomplished.

"With veterans' benefits generally under attack today, perhaps the greatest service we can do is to see that the public understands anew the sacrifice which the veteran has made in behalf of his country."

RAMS CHAMPIONSHIP LITTLE LEAGUE FARM TEAM

Left to right, standing: "Les" Hall, Mgr., Stephen Dee, Richard Cervizzi, Jeff Peckham, Richard Faietta, Jim Reid, Reed Lowry, Mark Masterton and Coach Sam Scherban. Kneeling: Buzz Hall, George Muraco, Don Nadeau, David Hession, Roger McNeill, John Chane, Jimmy Reardon and Richard Casalunovo.

RAMS TO CELEBRATE VICTORY

A Victory Party is to be held for the Rams, winners of the Farm Team title, at the premises of Mr. S. J. Reid, 72 Salisbury street, Wednesday, September 1, at 6 p. m. The Rams won the Farm Team title

by defeating the Lions, 8-0, on July 24th. Sam Scherban, their coach takes pride in the fact that his team won in a very close contest.

Mr. Sheehan of Hevey's Drug Store, sponsor for the Rams, has been invited along with the parents

of these boys and Coach Scherban and their manager, "Les" Hall.

Mrs. Samuel J. Reid, Farm Team Representative for the Rams, and chairman for this party along with her committee, Mrs. Robert Lowry, Mrs. Frank Hession, Mrs. Clifton McNeill, Mrs. S. Scherban and Mrs. Pat Hall are formulating plans for a very successful party to be enjoyed by all.

In case of inclement weather on Wednesday, September 1st, the party will be postponed until Thursday, September 2nd.

WINCHESTER REGISTRANTS

Theodore H. Elliott, Jr., of 11 Herrick street and Edward E. Hicks of 7 Cliff street were Winchester registrants inducted into the armed services Wednesday morning at the Towanda Club in Woburn.

SWIMMING CHAMPIONSHIPS TOMORROW AT PALMER BEACH

Rain or shine tomorrow afternoon at 1:30 p. m. Winchester swimmers of all sizes and shapes; from the seashore, the lakes, the rivers; from the north, the south, the east, the west; will gather at Palmer Beach to do battle in the cool, clear water for the hundred odd medals and trophies provided annually by Winchester's Park Department and the Red Cross.

As might be expected with all the rain and cool weather this summer, water conditions are excellent. Mr. Burns, the Red Cross Water Safety instructor, reports the water as "faster than ever," a fact which guarantees good and entertaining competition.

Assuming the weather bureau cooperates as well as last year, a large turnout of parents and friends will be on hand. Superintendent Mullen of the Park Department promises adequate seating capacity. Those of us who have made use of his comfortable (?) specially cushioned, "flush bottomed" benches in the past are eagerly anticipating the luxuriousness of tomorrow's activities.

Entries in all events will close at 12 o'clock noon on Saturday. Swimmers who have been away for the summer or who have not yet had a chance to enter their names will be able to register with Mr. Burns at Palmer Beach tomorrow between 9:30 a. m. and 12 o'clock noon. The only requisite for registering is that the swimmer be able to go the required distance.

The program includes 33 events featuring a wide assortment of races for all age groups and swimming styles. Medals will be awarded to all first, second and third place winners. Any event in which less than three swimmers are entered will automatically be cancelled. Obviously all children who take part cannot win a medal. However, a large number who do take part will win. Nevertheless, win or not, competition is a very important part of a child's mental development. Parents should urge their boys and girls to take advantage of the opportunities presented by tomorrow's field day.

Midway through the program will be the awarding of trophies by the Red Cross and the Park Department. Both awards are made to individual boys and girls of outstanding proficiency in swimming, whose standards of interest, courtesy, cooperation and good sportsmanship are of the highest. Last year's winners of the Red Cross trophies were Noren Johnson and Allan McDougall. The Thomas J. McGowan trophies from the Park Department were awarded to Ann Neville and Edward Carter.

After the trophy ceremony, Red Cross swimming certificates will be presented to all boys and girls who have satisfactorily passed the required tests for beginner, intermediate, swimmer, junior and senior life saving.

Following is the order of events: Boys and girls 25m breaststroke, 12 and under; Boys and girls 50m breaststroke, 16 and under; Boys and girls 50 m breaststroke, 14 and under; Boys and girls 25m backstroke, 12 and under; Boys and girls 50m backstroke, 16 and under; Boys and girls 50m backstroke, 14 and under; Boys and girls 25m freestyle, 8 and under; Men and women 100m freestyle, open; Boys novelty relay; Men's Diving, open; Boys and girls 25m breaststroke, 10 and under; 100m individual medley, open; Boys and girls 25m freestyle, 12 and under; Boys and girls 50m freestyle, 16 and under; Boys and girls 50m freestyle, 14 and under; Girls novelty relay; Boys and girls 25m backstroke, 10 and under.

WAF BAND AT HATCH SHELL

The Women in the Air Force Band will present two public concerts in the Boston area during its forthcoming good-will tour of the New England states.

The State Department of the American Legion Auxiliary is sponsoring the two concerts in the Boston area. The WAF Band of forty-eight members of the United States Air Force is one of the nation's best all girl bands and will present a well-rounded concert of popular and classical selections including specialty numbers at the Hatch Music Shell on the Charles River Esplanade on Tuesday, August twenty-fourth. The concert will begin at eight-thirty in the evening and will be free to the public.

A second concert will be presented to the public and patients of the Brockton Veterans' Hospital in the new theatre on Wednesday evening, August twenty-fifth. This concert will commence at seven o'clock.

AT SARGENT SUMMER CAMP

Among Winchester residents attending the Boston University Sargent Camp at Peterboro, N. H., this summer are Mr. and Mrs. Raymond Dickman of 19 Hancock street, Constance Ewell, daughter of Mr. and Mrs. Frederick A. Ewell of 18 Grayson road, and Deborah Jojo, daughter of Mr. and Mrs. Ralph T. Jojo of 37 Dix street. Mr. Dickman, who is principal of the Junior High School and Mrs. Dickman are listed as camp librarians and Arts and Crafts Leader; Miss Ewell is a counselor and Miss Jojo is among the campers.

JIM AND JUNE WERE THERE!

Jim and June Mason of this town were seen in the audience enjoying the hit comedy "Oh, Men! Oh, Women!" starring Lloyd Bridges at the Henry Miller Theatre in New York this week. Included in the cast of "Oh, Men! Oh, Women!" is Betsy von Furstenberg of international renown.

PLAYGROUND NOTES

The poor weather on Monday afternoon and Tuesday did not detract from the interest in the inter-playground competition. In fact, the pace is stepping up with the close of the summer recreation program coming in and with the teams giving it the old "College try" in order to close the season as champions in the various activities.

Monday morning Dick Spaulding's Ginn juniors defeated Warren Goodnow's Leonard Field juniors by a 7-3 score. In this game Gordon Lewis came through with a homer with G. Gray on second in the fifth to break a 3-3 deadlock and the Ginn juniors went ahead 5-3. Two more runs came in the final stanza.

The West Side juniors under Rowe Gharardini tied the Leonard juniors 10-10 on Tuesday morning. P. Gangi was the hero of this contest when he tripled in the fourth with the bases loaded to tie the score at 10-10. In this frame Leonard scored nine runs to even it up after trailing 10-1. The tie game was played off on Friday morning at West Side Field and this time the Leonards shelled the West Side unit by a 10-1 score. Jack Brenner pitched the one-hit shut-out for the Leonards and Roger DeMinico was the star by slaming a home run in the third with B. Leighton on second to take a 3-0 lead.

On Wednesday afternoon Sheila Gallivan's West Side juniors defeated Paula Lanigan's Ginn Field younger boys' softball team by a 12-5 score. T. Penbody's grand slam homer in the fifth for West Side put the game on ice for the winners.

Gary Nelson's Loring Field Intermediates defeated Ginn 11-10 after a see-saw battle. Loring led up to the fifth 6-3 but Joel Peckham hit safely with two on in this frame to tie the score at 6-6. In the sixth Ginn scored four runs to lead 10-6 but Loring came back in the last inning to cross the plate five times to make it 11-10 and the game over when the eleventh run scored.

On Thursday afternoon the West Side Ginn Softball team lost a hard fought game to Loring by a 14-12 score and it was anybody's game in the "lead-changing" affair. On this same day Elaine Knesse's Leonard kickballers lost a close one to Ginn 11-10. The game was tied until the last inning when Ginn scored the eleventh and winning run.

The Ginn juniors defeated the Loring juniors 5-3 when Gordon Lewis connected for his second homer of the week. This second homer came in the fourth inning to break a 2-2 tie. Loring scored the third run in the fifth and Ginn did better by scoring two in the sixth and one in the last to go ahead to a 5-3 victory.

Next week is the final week of the playground season and the teams holding the championships in junior baseball, intermediate baseball, younger boys' kickball, girls' softball and kickball are to attend the Red Sox - Baltimore baseball game at Fenway Park. Members of these winning teams must be at Leonard Field and Ginn Field at 12:30 on Friday, August 27 to meet the bus heading for Fenway Park. Be on time because the bus can't wait. Standings as of August 17th are as follows:

Junior Baseball			
Ginn	10	4	
Leonard	9	5	
West Side	8	5	
Loring	1	14	
Intermediate Baseball			
Loring	8	1	
Ginn	5	4	
West Side	4	5	
Leonard	1	8	
Younger Boys' Softball			
Ginn	9	1	
Leonard	7	3	
West Side	3	7	
Loring	2	11	
Kickball			
Leonard	5	1	
Ginn	5	3	
Loring	1	4	
West Side	1	4	
Girls' Softball			
Leonard	5	2	
Loring	3	4	
West Side	3	5	
Handicraft Display			
Ginn	5	2	
Loring	3	4	
West Side	3	5	

gram you should make a point to take a look at the window at Hevey's Drug Store. The display will be for a week's duration and the department is headed by Miss Jane DiBrigard.

WINCHESTER LOSES IN SECTIONAL PLAYOFF

NEEDHAM DEFEATS LOCALS 1-0 IN PITCHERS DUEL

Winchester lost a heartbreaker to Needham in the Sectional playoff by a score of 1-0.

It was a battle of pitchers, both doing an excellent job, Small striking out 13 and giving up 2 singles and Leverone striking out 8 and giving up three hits. The lone run came in the second inning when John Hines connected with a fast ball driving it out of the park.

Asa Small has had an amazing pitching record. In the playoff games to date he has won four games striking out no less than ten a game and on one occasion struck out fifteen for a no-hitter. He was fast with superb control, a nice change of pace and curve. He was the best pitcher Winchester has faced.

Frank Leverone also pitched an excellent game and except for the home run was able to match Small all the way.

Manager Art Johns and Coach Gordon Peckham are justly proud of the fine showing by the boys in these exciting playoff games.

HILLTOP NEWS

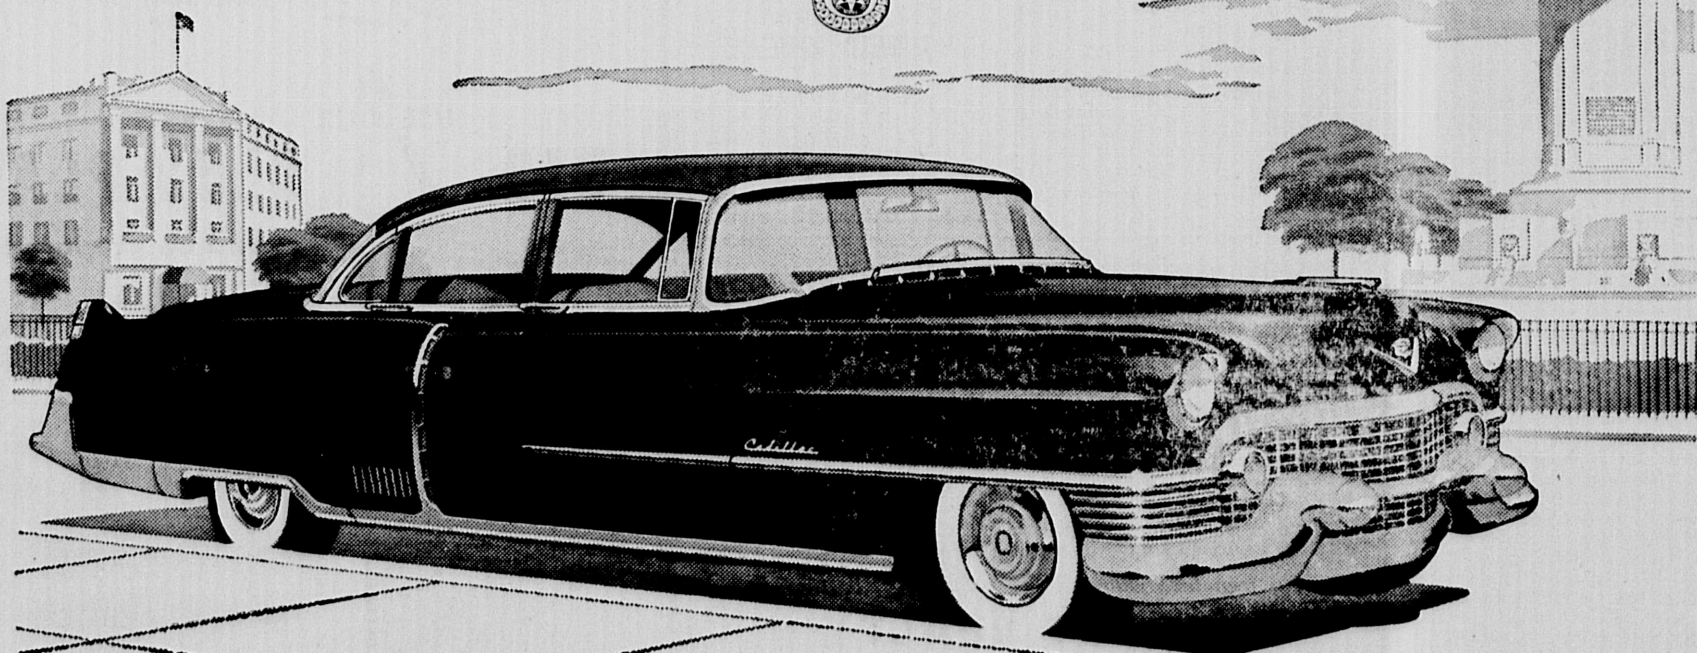

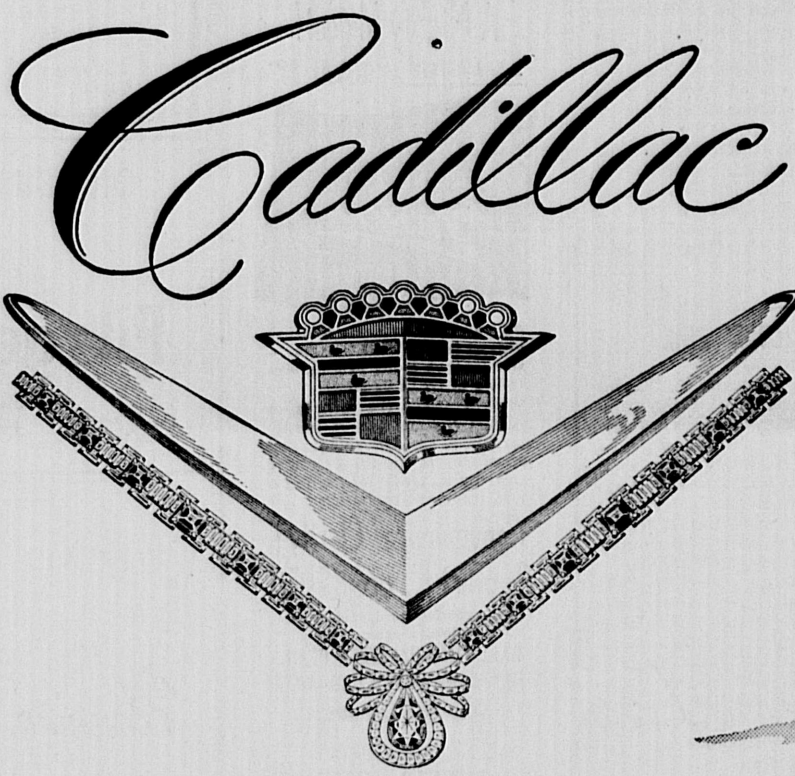

The Social and Community Welfare Committee of Winchester Lodge of Elks is commencing to hear from Winchester youngsters who have been sent to summer camp this year as a part of the committee's program. One boy has been sent to Boy Scout Camp in Amesbury with others going to Camp Hunters Rest in Groton, N. H. Girls have been sent to Camp Stella Maris at Wingaersheek Beach, West Gloucester. All the young campers are enthusiastic about their experiences at camp and grateful to the Elks for making their enjoyment possible.

Those steamed clams and lobsters the Elks are serving each Friday night at the Home on Elmwood avenue are meeting with such popular approval that the last two nights have been sell-outs. Better get there early. The public is welcome.

FOOTBALL GAMES WANTED

The Dorchester Gaelic Athletic Club Football Team, members of the Boston Park Department Football League Senior Division, are seeking schedule games away from home. Interested parties contact Frank Joyce, Manager, 150 Draper Street, Dorchester 22, Mass. Telephone STadium 2-3210 after 9 p.m. A Venue 2-5720.

Shortly after the turn of this century alternating current was first used in the coal mines and by 1904 centrifugal ventilating fans, electric mine locomotives, short-cutting machines, and permissible powder for shooting coal were introduced.

You Know So Much About Its Owner!

Of course, you don't know the name of the gentleman who holds the title to this beautiful automobile.

We can't tell you ourselves who he is. We don't know his name, or his occupation, or his place of residence, or the mission that brought him to this particular spot.

And yet, we feel—as you undoubtedly do—that we know a great deal about him! We would surmise, for instance, that he is a well-known and widely respected member of his community—and a prominent figure in his daily profession.

We would guess that he is a person of sound judgment and excellent taste.

We would be willing to venture that he places great value on the comfort and safety of his family and his friends.

And we would feel safe in saying that he is the sort of person you would like to know.

For anyone who has enjoyed the privilege of daily contact with Cadillac owners—as we have—understands that the vast majority of the men and women who drive this distinguished car share a great common bond in all these respects.

Owners, the world over, will testify that the wonderful things a Cadillac says about you constitute one of the finest rewards

of Cadillac ownership. But it is important, we think, to remember that Cadillac's elegance is essentially a by-product of Cadillac's quality.

And this quality has never before been so manifest as in the Cadillac creation currently in our showroom. It is beautiful... and distinguished... and luxurious... and fine in performance—to a degree unprecedented, even for the "Standard of the World".

Why not stop in and see us soon for a personal inspection and demonstration of the 1954 Cadillac? You'll be a most welcome visitor at any time!

The Star has heard much favor-
able comment over the movement
started by John Munro to save
every tree possible in connection
with the overhead railroad job and
the relocation of Bacon and Swan-
ton streets. Talking it over in the
center or around the TV set isn't
going to help too much though. It
is Mr. Munro's belief that Public
Works Commissioner Volpe will
be interested to learn how his fel-
low townsmen feel about their trees,
and knowing John Volpe, the Star
believes he will be glad to do what-
ever possible to maintain for the
town, in which he has chosen to
make his home, the beauty it has
long enjoyed from the trees that
line its streets. Write him, it won't
take long; not nearly as long as it
will to replace the trees that may be
needlessly lost.

COUNTY TAX DOWN

Editor of the Star:
The Abstract of Receipts and Ex-
penditures of Middlesex County for
the year 1953, just off the press,
shows the county tax has now been
fixed for 1954 at \$3,661,814.90 which
is a decrease from 1953 of \$10,066-
16.

The county debt will be decreased
by a payment of \$250,000 on Oc-
tober 1, 1954 and the balance will
be paid in 1955.

The County Tuberculosis District
has no debt.

On August 2, I borrowed \$15,000
for one year for the county at a rate
of 37 one hundredths of one per
cent. At that rate the county re-
ceived the use of \$15,000 for one
year for only \$56.27. This is, I be-
lieve, the lowest rate for year
money that has been obtained by
anyone in several years. The Fed-
eral Government has just paid one
and one eighth per cent for year
money, that is, 1.125 as against
the Middlesex County rate of 0.37.
While these rates are not strictly
comparable, because the Federal
notes are taxable and ours are not,
and the Federal loan is larger, they
demonstrate the high credit rating
of Middlesex County.

Very sincerely,
Charles P. Howard
County Treasurer

BACK-TO-SCHOOL

The annual back-to-school move-
ment for more than 900,000 child-
ren of the Commonwealth will be-
gin after the Labor Day holiday
week end.

Thousands of tiny toddlers will
leave the protective custody of par-
ents and guardians as they attend
school for the first time.

The task of providing maximum
safety for all children demands the
complete cooperation of parents,
school authorities, motorists and
the police officials of state and com-
munities.

Parents must teach their little
ones the safe route to school and
should, where possible, provide the
companionship of older brothers
and sisters.

Drivers must be unusually care-
ful and alert to cooperate in the
accident-prevention activities of
Municipal, State, Metropolitan
District Police, and Inspectors of
the Registry of Motor Vehicles.

Children do not always think of
safety. To prevent accidents to
children, we must think for them
when we are behind the wheel.

Production of 5,000 tons a minute
by U. S. bituminous coal mines is
the highest rate in the world.

WINCHESTER LITTLE LEAGUE ALL-STAR TEAM

Left to right, rear: Manager Art Johns, Coach Gordon Peckham. Standing: Doug Martell, Gardie Gray, Steve Powers, Peter Branch, Bobby Freeman, Danny Serieka, Billy Smith, Mike Bellino, Roger De-
Minico. Kneeling: Dana Kelly, Frank Leverone, John Carroll, Paul Del Rossi, Vandy French.

THOUSANDS CHEER AT FUNERAL OF "ALFRED THE ATROCIOUS"

(Ed. Note.—The following from
the July issue of "Life with Lib-
erty," Liberty Mutual Insurance
Companies' Magazine, should be in-
teresting to those who are enjoying
the "Ping! Ping!" of the pile-driv-
ing crane on the temporary trestle-
job in connection with the overhead
railroad. San Francisco had their
pile driving for only four months! What will the harvest be here?)

Confetti and ticker tape floated
from office windows; all business
ceased; and thousands swarmed in
to the San Francisco streets as the
funeral procession of "Alfred The
Atrocious" got underway at high
noon, April 22. Not since the great
funeral of the late Mayor of San
Francisco, had so many people
gathered to witness a funeral.

Policemen on motor cycles clear-
ed the way for the procession. Black
convertibles bearing sad-faced city
officials and businessmen led the
solemn caravan of mourners. Then
came eight pallbearers, on foot,
carrying a giant black wreath with
a red bow.

After hour-long memorial ser-
vices, the pallbearers wrapped the
wreath about a red box labeled "The
Monster's Noise" and ceremoniously
conveyed it to a truck. The truck
carried the "coffin" to the President
Wilson, an ocean liner, which took
the "Noise" to the Indian Ocean
and gave it a heave-ho into the
deep water.

Alfred, known as the "Monster
of Montgomery Street," was a gi-
gantic pile driver created by Liber-
ty policyholder, Raymond Concrete
Pile Company. During four nerve-
racking months, the largest land
pile driver ever used in the west,
"boom-chucked" San Francisco to
distraction, as it hammered its
supports for the new \$10,000,000
Equitable Life Assurance building.

Its wild percussive song, "swsh-
GLOING, shhh-BONG, swsh-
GLOING," repeated 1,350,000 times,
defeated the entire funeral dis-
trict of the city.

The monster drove 467 piles, 150
feet long, into the unyielding sand
pack at Sutter and Montgomery
Streets. It started December 22
and worked through two shifts
daily.

"This job was the toughest we
have ever experienced," said Boyd
Beggs of Raymond Concrete Pile
Company. "Ordinarily, we would
have loosened the compact sand
with water jets. But it was feared
that this might weaken the street
and nearby buildings. So we just
had to drive our way through."

Flowers began arriving shortly
before 11 a. m. Just twenty-five
minutes after Beggs pulled a throt-
tle and Alfred gave his final death
rattle. A messenger tip-toed to
the bulletin board and tacked up
a spray of lilies with a card an-
nouncing Alfred's demise. In the
background was the monster,
reared against the sky, the crane
unmoving.

Ten thousand unrestrained re-
vellers gathered for the long-herald-
ed wake. For those who could not
view the remains, the dread voice
of the departed was played from a
recording. His last words were
"Boom-Ah-Chuck-Gasp-Bong." Me-
morial services included cheerful
eulogies, appropriate ditties and
the song, "Now That You're Gone."

To prevent shock from over sudden
silence, Equitable Life distributed
festive noise-makers to the mourn-
ers.

Alfred, meanwhile, has been dis-
assembled and carted away by the
Raymond Concrete Pile Company.
He will be reassembled at some other
construction site—far out of
earshot, San Franciscans hope.

For, although San Franciscans
realize that Alfred symbolized the
growth of their city, Liberty engi-
neer F. D. Beard, and claimsman,
Fred Dow, who serviced the con-
struction job, report that "there
were no tears at the funeral."

Adapted from the
San Francisco Chronicle

DESSERT BRIDGE AT BOAT CLUB

Sixteen tables were reserved at
the weekly dessert bridge at the
Boat Club Wednesday. These card
parties have become so popular
that one has been scheduled for
every week in August.

Mrs. Adaline Brown was chair-
man of the bridge Wednesday. In-
cluded on her committee were: Mrs.
Claudia Mulford, Mrs. Betty Haley,
Mrs. Anna Harwood, Mrs. Martha
Hutchings, Mrs. Jean Burns, Mrs.
Bernice Kimball, and Mrs. Ethel
Gunter.

"SLOW DOWN AND LIVE"

Winchester Lions place safety placards on local cars. Left to right,
standing: Fire Chief James E. Callahan, Police Chief Charles J. Harrold,
Lion, Peter Marchesi; Officer Mario Buzzotta. Kneeling: Lion, Peter
Graziano; Lion, Gerald Connors.

BEWARE!

Lions are on the rampage in Win-
chester Square this week. All they
want, though, is for motor vehicle
operators to "Slow Down and Live!"
Lions will place "Slow Down and
Live" stickers on the bumpers of
local cars.

Please drive carefully, because
the foot you may run over may be
a Lion's Paw! If you don't care to
live yourself, "Slow Down" and let
others live!

Winchester Lions Club
Frank Hopkins, Pres.

ASKS COURT RULE ON FILLING STATION

VERBAL PROMISE BY
FORMER OWNER CLAIMED

Herbert Lord of 42 Sheridan Cir-
cle, a counselor at law, has brought
a bill in equity in Middlesex County
Superior Court against Mary T.
Florence of 7 Sheridan Circle and
the Board of Selectmen of the Town
of Winchester, seeking an order
of notice from the court directing
the Board of Selectmen to show
cause why they should not refuse
to issue a permit for gasoline stor-
age on a lot of land located at the
corner of Main street and Sheridan
Circle, and enjoining Mrs. Florence
from leasing this land for a filling
station.

In his petition to the court Mr.
Lord states that he represents ten
or more taxpayers of Winchester,
who are members of the Immacu-
late Conception Parish, and further
states that the former owner of the
land in question, the late Caroline
J. Murray, made an oral promise
in 1935 to a former pastor of the
Immaculate Conception Church, the
late Rev. James P. Fitzsimmons,
never to sell the land for use as a
gasoline filling station. Mr. Lord
further alleges that Mrs. Murray
said she would put this same re-
striction upon the lot in the event
of sale.

Mr. Lord claims that Mrs. Mur-
ray's heir, William J. Murray,
knowing of his mother's promise,
deeded the land to Mrs. Florence,
who in turn has leased the land for
a filling station.

Mr. Lord states in his petition
that the leasing of the land for such
a purpose caused great "annoyance
and chagrin" to Father Fitzsim-
mons and further contends that the
operation of a filling station on this
lot constitutes a danger to the
children of the neighborhood, at-

tending the William G. Noonan
School, or who will be attending the
new Immaculate Conception School.
Mr. Lord states that he has a
purchaser for the land who will
deed the land to the Immaculate
Conception Parish, to be used as
directed by the pastor of the parish,
Rev. Herbert K. A. Driscoll.

MAIN STREET TRAFFIC

Have you noticed Stoneham's Main
Street?
I mean the traffic there.
Not the traffic that we used to see
A' rolling through the Square.

At night and in the morning,
Since the new road work began,
The cars have taken other routes.
They've moved over man and man.

They travel now through Win-
chester,
And back of our Spot Pond,
While some do go through Melrose,
And to other points beyond.

But the new road it is coming fast,
They'll soon take down the bars,
Then all of us can speed along,
In our chosen motor cars.

Remember Main Street back along,
We had great congestion there,
And many times the cars would
join.

In a tie-up at the Square.

I'm wond'ring now how things will
be when the new road is made clear,
And I'm wond'ring if our bottle
neck

Will be made worse this year.

GRANDPA.
(Stoneham Independent, Aug. 12,
1954)

THE LUTHERAN CHURCH OF THE REDEEMER

Morning worship will begin at
9:00 a. m. The new pastor of the
Church of the Redeemer, Montvale
avenue, Woburn, Rev. J. Gordon
Swanson, will speak on the subject
"Wasted Opportunities."

Rev. Swanson succeeds Rev.
Ralph Hjelm as the pastor of the
Church of the Redeemer. Rev.
Hjelm is now a professor of Re-
ligion at Upsala College in East
Orange, New Jersey.

Friends of the Church of the
Redeemer in Winchester are re-
minded of the regular services and
cordially invited to attend.

SCHOOL CALENDAR 1954-55

Wednesday, September 8 —
Opening of School
Tuesday, October 12 — Colum-
bus Day
Friday, October 29 — Middlesex
County Teachers' Convention
Thursday, November 11 — Ar-
mistice Day
Wednesday, November 24 —
Monday, November 29 — Thanks-
giving Recess
Thursday, December 23 to Mon-
day, January 3 — Christmas Vac-
ation
Friday, February 18 to Monday,
February 28 — Winter Vacation
Friday, April 8 — Good Friday
Friday, April 15 to Monday,
April 25 — Spring Vacation
Monday, May 30 — Memorial
Day
Friday, June 17 — Closing of
Schools

This calendar is based on the
minimum legal requirement of 180
days. If less than four school days
are lost because of inclement
weather, an equal number of Sat-
urday sessions will be scheduled.
If four days or more are lost, the
closing of schools in June will be
postponed by an equal number of
days.

As previously announced, a dou-
ble session schedule will be in
effect at the High School Building
with the Senior High School in
session from 8:00 a. m. to 1:00
p. m. and the Junior High School
in session from 1:00 p. m. to 5:30
p. m.

THE TAYLORS' 25th

Mr. and Mrs. Prescott R. Taylor
of this town, members of the sum-
mer colony at Twilight Park,
Haines Falls, N. Y. for many years,
celebrated their twenty-fifth wed-
ding anniversary on Saturday, Aug-
ust 14th. A cocktail party for their
close friends at their summer home,
"Brookwood," preceded the dinner-
dance at the Twilight Clubhouse.

Among the score or so of their
friends who were seated at their
table during the dinner and dance
were Mr. and Mrs. Philip Wads-
worth and Mr. and Mrs. Maxwell
McCreery, all of Winchester, who
had driven over for the occasion
and were house guests of the Tay-
lors during the weekend.

Medical schools throughout the
world need up-to-date reference and
research books to keep up with the
ever-changing world of medicine.
Contributions to the CARE Book
Fund, 175 Tremont street, Boston,
Mass., will enable CARE to fulfill
the specific requests of the needy
institutions.

CAMP SE-SA-MA-CA ENTERTAINS PARENTS

Camp Se-Sa-Ma-Ca, in Raymond,
New Hampshire, held its August
Parents' Day this week. The weath-
er provided a dry if not sunny day
for the many relatives and friends
of the campers who attended.

In the afternoon, a waterfront
program featured canoeing, sailing,
and swimming, including life-sav-
ing and water ballet.

After a picnic supper served to
the campers and their guests in
cabin groups, the girls presented
an original musical revue entitled
"Headlines Unlimited." The show,
in which every camper appeared,
was based on the various sections
of a newspaper including real es-
tate, fashions, sports, theatre,
travel and even advice.

The following girls from Win-
chester are at Camp Se-Sa-Ma-Ca:
Diane Cole, Bonnie Downes, Carol,
Janet and Sally Fisher, Joanna
Hill, Jane Hood, Judy Smith, Mar-
cia Smith, Sandra Stockwell, Susan
Stockwell, Christine and Karen
Trump, and Judy Walker. Cynthia
Nichols is a senior counselor.

JIMMY QUINE SQUIRES MISS PUERTO RICO

Winchester aviation cadet shown dancing with Miss Universe contestant at Grand Ball that was a feature of the International Beauty Contest.

ESCORTED MISS PUERTO RICO

Naval Aviation Cadet James F. Quine, son of Mr. and Mrs. Francis M. Quine of 26 Lawson road, was the escort of Miss Lucy Santiago representing Puerto Rico, at the recent Miss Universe Ball and Pageant at Long Beach, California.

Quine, who is presently undergoing flight training at the Naval Auxiliary Air Station, Whiting Field, Milton, Florida, is a member of the nationally famous Naval Aviation Cadet Choir.

While on the West Coast, the choir made personal appearances at the Miss Universe Pageant, a national network NBC-TV Telecast and a CBS radio show.

BURNED IN EXPLOSION
ON MOTOR CRUISER

Walter A. Redding of 28 Ledyard road, widely known about town and former chairman of the Finance Committee, was painfully burned Monday morning about 10 o'clock in a gasoline explosion on a motor cruiser owned by Judson Morse of Marblehead.

The accident took place in Marblehead Harbor, to which the boat had returned when those aboard smelled gasoline fumes while cruising off Egg Rock. The boat was bound for Provincetown and thence to Nantucket, to be gone five days, and Mr. Redding, former commodore of the Winchester Boat Club, was one of a party of men who yearly make a cruise together on Mr. Morse's boat.

When the gasoline smell was detected the skipper put about and returned to Marblehead Harbor, where a mechanic was secured to make a thorough examination. All hatches were opened and the bilge water was being pumped out when a severe flash fire started, possibly, it is thought, from a spark from the pump.

The fire was of short duration and did little damage to the boat. Four of the men on board, including Mr. Redding, were burned and removed to the hospital in Marblehead, two being discharged after treatment.

Mr. Redding was transferred to the Beverly Hospital, where Mrs. Redding's brother-in-law, Dr. George K. Penn, is a member of the staff. His burns were perhaps as extensive as any, he having been burned over much of both legs, and on one arm and hand. The flames scorched rather than burned his face, and no trouble is expected in this area.

Doctors have agreed that Mr. Redding's other burns are either first or second degree and anticipate no serious results. At the Redding home Tuesday evening Mrs. Redding described Pete as in excellent spirits after a period of shock, but likely to have to remain at the hospital for the remainder of the week.

It's Got
To Be RIGHT

There is no "margin for error" in prescription work. The medicine must be exactly as prescribed by the doctor — ingredient for ingredient, measure for measure. And to make doubly sure of this vital accuracy — we double-check each step of the compounding procedure with painstaking care. It's got to be RIGHT before we place our label on your medicine. That is your assurance of perfection in the medicine you have compounded here.

CONGREGATIONAL CROSS
REPLACED

(Continued from Page 1)

Mr. Young was waiting to make sure what the weather was going to be before starting the job, for high winds make such work impossible, and he was not at all eager to repeat an experience he had at one time when he was caught on the tower of the Old South Church in Boston during a heavy electrical storm.

A mild-mannered, medium-sized man, Mr. Young has the level gaze and a firm handclasp. While waiting to see what the weather was going to be he showed us his book of pictures of himself in action on all sorts of lofty steeples and other high buildings. He has been working in high places for 30 years and hopes to keep on for a long time yet, as he "likes to work in the open air." In his business he really gets plenty of it, from our personal observation.

Asked about accidents, Mr. Young told us he had never had an accident resulting from rigging he had put up himself. He did have one fifteen-foot fall caused by the collapse of a balustrade which he was working inside a church steeple. He dropped 15 feet to a platform on that occasion and sustained a broken elbow. You sort of hate to think about what would happen if anything gave way on top of the big First Church steeple.

Finally Mr. Young decided he'd go ahead with the job, and taking two ropes which he had rigged to the top of the steeple during the morning, he made them fast to an Edison Light pole two thirds of the way up Vine street. To a pair of big pulleys on this rope he made fast the big cross and its heavy cloth wrappings.

At this point Mr. Young started up the steeple to commence the actual job of setting the cross in place. "Leon" furnished the information that ladders led from the church balcony to the level of the big clock, three in number, but from then on the steeplejack would have to climb from beam to beam up to the small circular windows about a third of the way between the clock and the little overhanging platform at the very tip of the steeple.

In a surprisingly short time Mr. Young appeared in one of the windows, clambered out and onto a wooden chair, by means of which he half hoisted and half walked up the steeple to a ladder lashed along the final few feet of the steeple and made fast to the edge of the little platform.

From this post of comparative security the intrepid steeplejack commenced to hoist the big cross from Vine street to the top of the tower. The cross, made of copper, is hollow and not as heavy as one would suppose. Nevertheless, with Mr. Young's son at the ropes on

Vine street to see that it did not become fouled in leaving the ground, the big cross moved slowly and steadily upward until it was at the top of the steeple.

At that point the junior member of the firm took up a position at the front of the church tower and held fast to a rope that controlled the big cross high up in the air. Meanwhile his father was rigging ropes that were designed to hoist the cross by means of a "gin-pole" high above the top of the steeple so it could be lowered onto the shaped stump on which it rests.

With his rear leg braced against the lower of two ladders and nothing else to prevent him from pitching from the small slanting platform 175 feet to the ground, Mr. Young with infinite patience maneuvered the big cross slowly into position above the resting stump.

Then as audible gasps broke from the onlookers below he mounted a second ladder affixed to the edge of the platform at the bottom, but having no top lashing, and clambered to the very top rung of the ladder to force the big cross slowly down into place.

Meanwhile his son, Murray, had secured a small spy-glass and through this your reporter, when he dared to look, could see Mr. Young calmly standing on the very top of the small ladder, sharply outlined against the blue sky, first pushing down the cross and then removing the cloth wrappings.

As the final wrapping came away and was plummeted down from the steeple, with Officer "Dukes" Farrell narrowly missing a fine catch on the church lawn, the sun shone bright on the newly gilded surface of the cross high above the trees and building.

Still Mr. Young's job was not done. There was still the lightning rod to put in place and to do this job he again mounted to the very top of that second ladder, resting both arms over the arms of the cross. It was literally a case of "resting on the old rugged cross," and we personally were very glad when this part of the festivities was safely over.

Then there was the "gin-pole" to get down, and this of course caught in a church gutter, making a little extra job of clambering about for the patient steeplejack. Then bring-

ing the upper ladder with him, Mr. Young let himself down in his chair to the circular window from which he had first emerged, and through which he disappeared into the steeple interior.

Working slowly, and very easily, your reporter, his better half and "Doc" Hindes unlinked their necks and got their heads back onto level position. "Doc" figured he would go over to ask a question or two of Mr. Young, but we, we had had enough, and we went home, thinking en route of all the things we had rather do than be a steeplejack, despite the \$75-a-day wage!

Any way you figure it PONTIAC is your best buy *RIGHT Now!*

Figure it on Size!

No other car so big is priced so low. Check Pontiac inch for inch and pound for pound with cars costing much more and you'll discover that despite Pontiac's low cost you make no compromise with genuine big-car comfort, stability and relaxing roominess.

Figure it on Performance!

Get behind the wheel and put the most powerful Pontiac ever built through its paces and see how its big, high-compression engine packs reserve power for any emergency. Be sure to test its nimble response in traffic — then cruise it along the open road and see how many more easy-going miles you get on so much less gas!

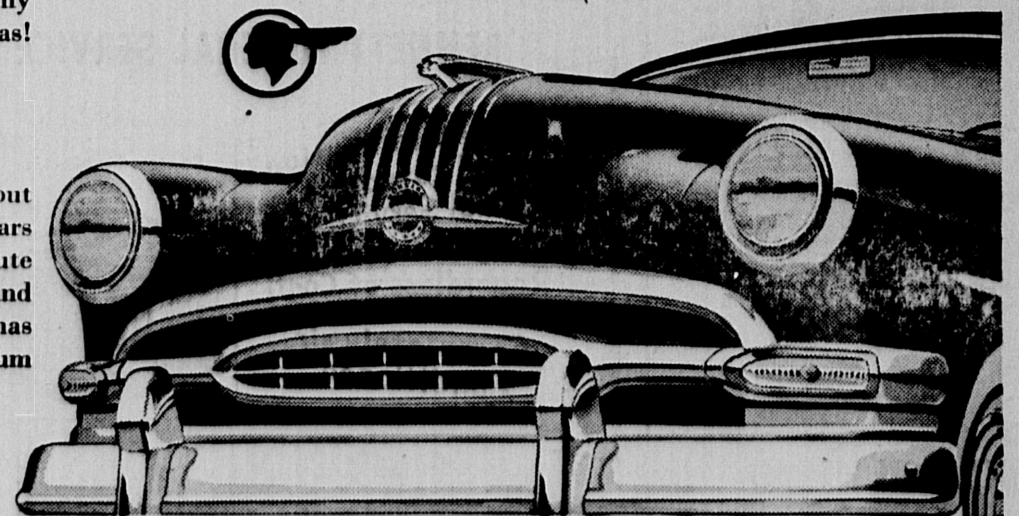

Figure it on Dependability!

Now recall all the good things you've heard about Pontiac's long, carefree life—its ability to deliver years and years of trouble-free motoring with an absolute minimum of operating and maintenance expense. And because Pontiac's reputation for dependability has never been greater, you are assured of a maximum resale value when it comes time to trade again.

Figure it on Pricel

After you've seen how thoroughly good Pontiac is, check how little it costs you to own and drive one. And while you're figuring costs, figure them all three ways — Pontiac's attractive first cost, right down next to the lowest—Pontiac's wonderfully low operating cost—and Pontiac's remarkably high trade-in value. *Right now*, you know, we're offering better deals than ever before. Come in and get all the facts and you'll quickly see that there never was a better time to buy!

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

NEW ENGLAND TITLE TO LONG

THREE FIRSTS TO FRYER AT MARBLEHEAD

For the fourth year in a row, Rodney Long, Winchester Boat Club's ace snipe skipper, won the New England Championship for this class in the annual Race Week Regatta just concluded at Marblehead.

"Rod" didn't make any sweep of it this year, winning only two firsts, but his closest rival, Ralph Younie of Quincy, had one very bad day, on which he finished last among the snipes, or pretty close to it, and this one poor race reduced his point total to two less than Long amassed. Younie equaled Long's firsts, but Rodney finished no worse than fourth any day, and generally was right up there so that his lack of firsts did not prevent him copping the championship.

Added to his New England Trophy Long also won the one-day Boston Yacht Club race and trophy. Running Long a close second for Winchester honors was 15-year-old Cliff Freyer, Jr., better known as "Windy". This rising skipper sailed his new Danish snipe, "Winsome", to three firsts and both the Corinthian and Pleon Trophies, which is great going for one of his experience. As a salute to his defeat for the New England Crown, Younie copied the hardware emblematic of the Eastern Yacht Club championship, decided the first of last week.

Last week Wednesday saw the one day competition for the Boston Yacht Club Trophy with nearly 400 boats starting in a gusty 25 mile-an-hour west wind.

In the U. S. One Design class, sailing the outside course, Byron Wiswell battled heavy seas to bring in his "Goose" in second place. The International Snipe Class started with 11 boats and unlike the other small classes, every boat finished right side up.

"Rod" Long of Winchester took an early lead and held it on the run almost to the first marker. Here Younie of Quincy passed him and held his lead around the second marker. On the beat homeward, however, Long's superior windward sailing brought him in an easy first giving him two firsts for the week and the Boston Yacht Club Trophy.

Cliff Freyer, Jr., finished third and Tom Legere, fourth. Clarence and Dick Borggaard, sailing in their first major competition, kept well up there for two legs, but with centerboard trouble on the homeward beat their principal problem was keeping their boats upright. They did so and the only snipe casualty was Cliff Austin, who was towed in with a broken forestay.

In the Firefly Class, sailing a longer course, all starters were out near the second marker just before the record-breaking squall of Wednesday struck.

George Wiswell, Jr., seeing so many boats capsize near him, decided to run into the Lee of Peaches Point, and shelter. His boat also capsized and filled, but with the aid of his eight-year-old crew, George got his boat ashore, by swimming and pushing the craft. After bailing out, George got his boat aloft again and sailed home in first place to win the Boston Firefly Trophy.

Thursday marked the first of the three-day racing for the Corinthian Yacht Club Trophy. Because of high winds, similar to the day before, only the larger boats in the first three divisions were sent out. The Fourth Division, including the Snipes, went to the line to start but as a safety precaution the race committee decided to postpone this race until Saturday morning.

Friday all classes went out on schedule in a moderate westerly breeze. Clarence and Dick Borg-

gaard of Winchester took an early lead in the snipe class and led the parade nearly up to the first marker, but at the start of the beat to windward the veteran skippers soon forged ahead.

Most of the fleet followed Long of Winchester and Younie of Quincy, highest point scorers to date, but Cliff Freyer, Jr., and Pete Montminy of Winchester, took a tack in an opposite direction, which eventually paid off. Freyer finishing first for WBC with a tremendous lead, followed by Montminy.

Long finished fourth; Austin, sixth; Legere, seventh; the Borggaards, eighth; and Jimmy Cusack, ninth. Dan Cusack of the Winchester snipe fleet did not sail, but raced as crew for Bob Chapell of Hingham in 110 Class.

Make-up races were held Saturday morning for the comet and snipe classes. In light, variable winds the boats were frequently changing positions, with Long and Younie apparently having a private duel during most of the race, neither seeming to have any advantage.

Meanwhile Tom Legere of Winchester was keeping his boat moving nicely and he eventually finished first with a nice margin. Long finished third, with Cliff Freyer, Jr., fourth, which at that point put him in top position for the Corinthian Trophy.

The third and final race for the Corinthian Trophy went on Saturday afternoon in a light southwest wind. In the big U.S. One Design class Byron Wiswell sailed "The Goose" to a second place. The former Winchester boy had previously won the Corinthian Yacht Club's series in this class. George Wiswell, Jr., in the lightweight Firefly class, finished third.

Thirteen boats left the line in the snipe class race, largest number in the last three days' racing. Fortunes kept shifting, due to the light and variable winds, but once again "Windy" Freyer brought his "Winsome" in first, well ahead of the rest of the fleet. Second place went to 8459, a recent addition to the Winchester fleet and sailing for the first time during the week. "Rod" Long brought his Rebel in fifth, which permitted him to edge Younie of Quincy by two points for the New England gonfalon.

With the exception of Younie's Eastern Yacht Club trophy win, all the hardware in the snipe class went to Winchester skippers.

Race Week Notes
Rod Long and George Wiswell, Jr., were Winchester skippers cited along with Carl Pierce for honorable mention in the annual award of the Leonard Munn Fowle Trophy for outstanding performance during Race Week. The trophy went this year to Mrs. Barbara Wood of Marblehead, said to be the only grandmother in New England to race her own sailboat.

Though Rod Long did not make as good a showing this year as in some past seasons, so far as first places are concerned, it should be remembered that the tall basketballing skipper made a motor trip to the West Coast after Harvard let out last spring and hasn't seen

er bought the boat he used to sail and just got rid of it this year.

Others seen at Marblehead were the Dan Rosanos, watching their son's fortunes in the snipe class; Dawson and Ann Blamire; Mr. and Mrs. Stanley Day, interested in son John and his snipe; Letty Harmon, Carl Hall and Barbara Fitzgerald. Ann Blamire didn't race, but she was seen sailing one of the WBC snipes for a bit near the club float.

The Wilkins Brothers, friendly enemies of Rod Long in previous years, didn't sail their own boat this year, having sold their former boat, "The New Look" to John Lathrop Morse of the Winchester Boat Club.

One of the Wilkins was skipping a boat for Bill Hurley, and before one of the races was sitting with the owner in the boat tied up at the float. There was little extra space in the small craft at that time and when big Rod Long hove in sight and immediately went aboard for a jam session with Wilkins, closely followed by Cliff Freyer and another Winchester skipper, George Field, nearby on the float, quipped to "Rod" and Carl, "What are you trying to do, eliminate competition by swamping that boat!" Incidentally, George and Dot Field were Race Week guests of the George Wiswells.

Considering that he has one of the older boats, without the advantage of some of the new designing features, Jim Cusack did all right at Race Week. His grimy leg badly broken in the Wakefield football game last fall is out of the cast, but no special help to the young feller on the water.

Selectman Bill, and his wife, Betty, Cusack, were among the Winchester people seen around the Corinthian Club during Race Week, and you guessed it, they were watching the boy, James.

Mabelle Long, usually a Race Week devotee, was far afield this year visiting colleges and didn't get to see her big boy, Rod, in action. Probably just as well for Mabelle's fingernails and blood pressure, at that!

The Winchester crowd made their headquarters at Corinthian, a very hospitable club, where racers from all over find a warm welcome.

Among the Winchester people seen around the club during Race Week were Mr. and Mrs. Harold Bugbee and their son, Holbrook, now a Navy flyer, but formerly a successful snipe skipper. Carl Frey-

er bought the boat he used to sail and just got rid of it this year.

Others seen at Marblehead were the Dan Rosanos, watching their son's fortunes in the snipe class; Dawson and Ann Blamire; Mr. and Mrs. Stanley Day, interested in son John and his snipe; Letty Harmon, Carl Hall and Barbara Fitzgerald. NATIONAL CRANBERRY FESTIVAL TO BE HELD SEPTEMBER 25TH

The National Cranberry Festival will be held September 25th at the Edaville cranberry plantation and narrow gauge railroad in South Carver, Massachusetts to herald the 1954 cranberry crop. The berries begin to ripen right after Labor Day and the harvest is in full swing at festival time and all during the month of October. It is estimated that some 1,000,000 barrels of America's native fruit will be scooped from the vines this year from cranberry bogs in Massachusetts, New Jersey, Wisconsin, Washington and Oregon.

An afternoon program will be served at the Chicken and Cranberry Barbecue which attracts thousands to the festival each year. Served outdoors and close enough to the charcoal fires to enjoy tempting whiffs, the barbecue will have three servings, 11:30, 12:30 and 1:30, so that the chicken is always hot off the grill.

An afternoon program will present the cranberry's colorful history in pageantry, and National Cranberry Association will select a young ambassador as official representative of the cooperative's membership of 2,000 growers. Candidates are chosen from high school seniors in cranberry growing towns for character and poise. During the year the winner is often a guest at public functions and on radio and television programs. Her award is a scholarship towards her further education.

Contests add a spirit of competition. Cranberry growers throughout the country vie with each other for the honor of having raised the Biggest Berry of the Crop, while Cranberryland cooks test their wits in a contest for the best cranberry dish contest. Garden Clubs display cranberry arrangements, and special for the young people is a Jam Session with prizes going to the boys and girls who can eat the most bread and cranberry jam.

There's a six-mile tour on the Edaville railroad of cranberry bogs, reservoirs, sand hills and woodlands with a stop for a close view of the picturesque cranberry harvest. A visit to the screen house shows the famous "bounce test" that every cranberry must pass before it is passed for American dinner tables.

It's a festive time for Cranberries, the little berry with the big taste.

While the invention of the underfeet stoker is thought of as occurring about 30 years ago, actually a company was formed in Glasgow, Scotland in the summer of 1882 to market a coal stoker of revolutionary design—it fed coal from the bottom and the fire burned on top!

George Butler, popular registered pharmacist at McCormack's Apothecary, is enjoying a well-earned vacation on the Cape.

Mrs. Frank W. Buckman of Skowhegan, Maine, has been in town visiting her sister, Mrs. C. F. A. Siedhof, enroute to Buffalo, New York.

Miss Carol Sears Damon, 70 Arlington street, is planning to enter Vassar College September 22nd.

Miss Irene Trombly, linotypist in the Star pressroom is enjoying her vacation and expects to go as far west as Muncie, Indiana, before getting back to her machine.

Shirley Wickwire, son of the William Wickwire's of Stone avenue, is visiting relatives in Providence, and is expected home this week.

The Star extends birthday wishes and congratulations to Mrs. Simon Delorey of North Woburn, a former long-time resident of Winchester, with many friends in this town.

Mrs. Delorey is 88, generally in good health and an ardent devotee of wrestling shows on TV. Mrs. Delorey is the mother of Mrs. Dorothy Lord, treasurer of the Star, and among the other members of her family is Mrs. Everett Kimball of Westley street.

Lt. Joanne Meskell of the Navy Nurses Corps stationed at Bainbridge, Md., and Cadet David Meskell of the U. S. Coast Guard Academy at New London, have been in Winchester this week visiting their mother, Mrs. Josephine Meskell of Bridge street. Cadet Meskell has recently returned from a European cruise.

Fuel oil, burners and service. Call Ken Cullen, Parker Lane Winn Company, Winchester 6-0108.

The Misses Helen, Iva and Shirley Mho England who have been spending a month with their aunt, Mrs. Stanley Withrow of Dix street, have returned to their home in Mulgraze, Nova Scotia.

Arthur McPherson, assistant cashier in the Winchester National Bank is on vacation.

"Shel" Alman, well-known clerk at Chitell's Men's Shop, is reported as vacationing for two weeks, but without making public his destination. This is purely a precautionary measure and in no sense means "Shel" is up to something.

Reopening August 23rd with Fall Fashions in Dresses at The House of Fashion, 38 Church Street.

Last Saturday forenoon a visitor to Willowood Cemetery reported to the police that a water pipe had burst on Hope Path and was flooding the graves there. The police notified Cemetery Commissioner Ernest Eustis, who had the necessary steps to correct the trouble.

That framework you have noticed on the traffic circle at the junction of Washington street and the Parkway is for the use of a school traffic policeman who will be on duty there, in the glare of a spotlight, when the second session of the two-session school days let out in the fall. Another man will be stationed at the junction of Main street and the Parkway.

Shortly before midnight last Thursday a resident of Arlington street reported a car in his driveway and quite a bit of noise being made there. Officers Dempsey and McHugh investigated and found a car driven by Eugene Keller of Woburn had left the road and run over two big rocks, breaking its steering gear. The accident occurred when the operator attempted to read his gage while headed south on Arlington street. The wrecked machine was towed to Haggerty's Garage.

George Butler, popular registered pharmacist at McCormack's Apothecary, is enjoying a well-earned vacation on the Cape.

Mrs. Frank W. Buckman of Skowhegan, Maine, has been in town visiting her sister, Mrs. C. F. A. Siedhof, enroute to Buffalo, New York.

Miss Carol Sears Damon, 70 Arlington street, is planning to enter Vassar College September 22nd.

Miss Irene Trombly, linotypist in the Star pressroom is enjoying her vacation and expects to go as far west as Muncie, Indiana, before getting back to her machine.

MRS. DOROTHY ADAMS

Mrs. Dorothy Adams, wife of Dr. Arthur Stanton Adams, president of the American Council on Education and a former resident of Winchester, died Thursday, August 12, at the Naval Hospital in Bethesda, Md., following an illness of 18 months, during which she underwent two operations.

Mrs. Adams was living near Philadelphia when she married Dr. Adams more than 30 years ago. Her husband, son of the late Charles A. and Grace E. Adams, was born in Winchester and grew up on Mystic avenue, graduating from Winchester High School in 1913, attending Norwich University and subsequently graduating from Annapolis.

During World War I Dr. Adams commanded a Navy submarine. He later retired from the Navy because of ill health, taught and became president of the Colorado School of Mines, from which went to Cornell University as president.

During World War II Dr. Adams headed the Navy's V-12 Education program with the rank of captain, returning to Cornell after the war. From Ithaca he went to Durham, N. H., as president of University of New Hampshire, leaving that post to become president of the American Council on Education.

Besides Dr. Adams, Mrs. Adams leaves a son, John Stanton Adams of White Plains, N. Y., and three granddaughters.

The funeral was held Monday at the chapel in Arlington National Cemetery, where the interment was made.

FRUIT AND FLOWER MISSION

On Tuesday, the 24th, Winchester outdid itself in generosity toward the Fruit and Flower Mission. Not only were the customary two hampers filled to the top, but it was necessary to add a huge carton, given by Mr. Charles Howe of the Winslow Press, to hold the overflow. The carton was filled, too, with home-grown vegetables.

Now that home-grown vegetables are beginning to be in abundance, it was wonderful to receive so many carrots and cucumbers, in with calendulas and dahlias, and all equally needed.

There are only four more Tuesdays in the Mission this year, so don't wait; take the weekly offering, or take them to the B. & M. Station between 9:30 and 9:45 on any Tuesday, up to and including September 21st.

And, once again, many thanks to the faithful group who always arrive with flowers, and those who phone the chairman regularly. And to the new group who are finding what a wonderful feeling it is to share their gardens with others.

P. S. Sincere thanks to the Star, whose cooperation in shipping items and the Fruit and Flower Mission has made it necessary to run last-minute cartons. A pleasant task, if ever there were one.

BISHOP VISITED BOARD

The Rt. Rev. Kenneth Edward Norman Lamplugh, Bishop of Southampton, England, and assistant to the Bishop of Winchester, visited the Board of Selectmen Monday evening during the Board's regular session at the town hall.

The visit was arranged so that the Bishop could bring to the Board official greetings from the Mayor of Winchester, England, who is Alderman Mrs. Charles. In return the Selectmen presented to the Bishop a set of resolutions from the Board for the ancient City of Winchester.

The Bishop and the Board chatted informally and the Board found their British visitor delightful, with a keen sense of humor. He was accompanied by the Rector of the Church of the Epiphany, Rev. John W. Ellison, who was in town, and by Mr. Ellison's assistant, the new director of religious education at the Epiphany, Rev. Charles Batten.

Rep. Harrison Chadwick introduced the Bishop to the Board.

REGISTRATION

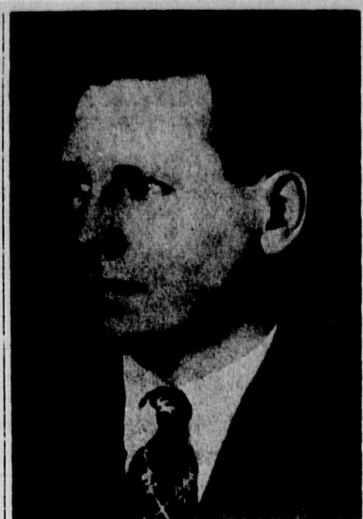

The High School Guidance Office will be open on Thursday, September 2, and Friday, September 3, from 9:00 a. m. to 4:00 p. m. to enable new students to register.

New pupils entering Grades One through Eight will register at the respective schools on opening day, September 8.

OLCOTT L. HOOPER

HEADS HYDRAULIC DIVISION
OF STONE & WEBSTER

Olcott L. Hooper of 228 Highland avenue has been named chief hydraulic engineer and will head the Hydraulic Division of Stone & Webster Engineering Corporation, according to an announcement by T. C. Williams, executive vice-president.

Mr. Hooper joined Stone & Webster in 1947 and the following year he was given the title of hydraulic engineer. He has worked on the design and construction of hydroelectric plants, steam power plants and other Stone & Webster projects in the United States, Brazil, Turkey and Canada.

Previously, Mr. Hooper had an extensive career in the federal government. He was with the Federal Power Commission as a senior engineer from 1934 to 1942. During World War II, he served in the Office of War Utilities, War Production Board, as chief of the Power Allocation Section and chief of the Fuel and Conservation Branch.

In 1946, he served as deputy director of the Office for Emergency Controls of the Civilian Production Administration.

Prior to 1934, he was an engineer with the J. G. White Engineering Corporation, New York, N. Y., and W. S. Barstow & Co., Reading, Pa. He also was an assistant instructor in hydraulics and hydroelectric engineering at the Massachusetts Institute of Technology for one year.

Mr. Hooper was educated at Northwestern University and M. I. T., where he received a B. S. in civil engineering in 1923. In 1944, he received the degree of Juris Doctor from George Washington University Law School and is admitted to practice before the U. S. Court of Appeals for the District of Columbia.

He is a member of the American Society of Civil Engineers and the Massachusetts Society of Professional Engineers. He is a past member of the Federal Power Bar Association, and is now serving as a member of the Winchester School Committee.

Mr. Hooper was elected to the School Committee in 1953, and is serving on the Building Committee for the senior and junior high schools. A former scoutmaster of Troop 6, Winchester, he is a present member of the executive board of the Fellsland Council, Boy Scouts of America.

MISS JOAN F. McNEILL ENGAGED
TO MR. WILLIAM T. BIRD

Mr. and Mrs. Clifton W. McNeill of 11 Lawrence street announce the engagement of their daughter, Joan Frances, to William T. Bird, son of Mr. and Mrs. Maurice C. Bird of 247 Washington street.

Miss McNeill is a graduate of Winchester High School and this past year attended Manter Hall School. Mr. Bird, after graduating from Cushing Academy, served two years with the United States Navy. He then attended the University of Maine, graduating in 1952.

HIGH SCHOOL MAKE-UP EXAMS

Students who failed in any subject in the high school last year and who have been studying during the summer, may take a make-up examination in that subject at the high school on Tuesday, September 7.

All students who are taking an examination should report to the high school office at 9:00 o'clock and students who are taking two examinations will report again at 1:00 o'clock.

Examinations will be given in Room 11.

DISCOVERS HIDDEN PIPES
WITH OLD CLOTHES HANGERS

"Larry" Thibault of Somerville, a native of Winchester who grew up on Water street and is now in the employ of the Whiting Milk Company as a driver-salesman, has a gadget that enables him to discover whether water that is plaguing you on your grounds or in the cellar of your house comes from a broken pipe, perhaps laid many years ago and now forgotten.

"Larry" visited the Star office Monday morning with his home-made divining rod, which he has made from two steel coat-hangers. Roughly about two feet in length and straight, the rods are sharply bent at right angles at one end to form grips for the hands.

"Larry" claims he got the idea from his son-in-law, Donald Crum, who is a geologist with Seismic Explorations Inc. of Houston, Texas. Mr. Crum visited the Thibaults in July and while at their home told of using a steel divining rod for discovering old long-forgotten pipes, and other things in connection with his work.

Figuring he could construct a substitute for the rod used by his son-in-law, "Larry" went to work on a couple of coat-hangers, and once he had fashioned them to suit him, he cast about for means of trying them out.

On his milk route he knew several persons who had been troubled with water overflows on their land and had believed that their trouble originated with springs or other water in the Fells or vicinity that overflowed in exceptionally wet weather.

Larry tried out his divining rods and found in all cases he tried that the trouble was due to old long-forgotten and broken pipes, some in this town extending from the Fells across Highland avenue and Washington street to the river. In other places out-of-town he had equally good luck, once locating an old pipe from the second floor of a house, through cement.

The procedure is to hold the two rods at eye level with hands close together so that the rods will be parallel and five or six inches or so apart. Then walk taking very short steps along the suspected area, taking steps about half the length of your foot.

When you come to a place where a pipe is buried the rods will swing to left and right in your hands, opening well up, and at the point where your heels rest you will find a pipe down under. "Larry" claims it really works and will demonstrate to any skeptics.

He walked along the store of the Star office during the day, and when he reached an area with pipes underneath the rods opened. At least the rods opened! We know there are pipes in the area where "Larry" was standing, but we did not go down cellar to see if they were exactly below his heels, which is the way you locate a pipe.

We are sure, however, that "Larry" will be glad to be put to a test by any doubters, either at the office here or elsewhere about town.

FOOTBALL TO START SOON

Though it didn't feel too much like it while we were writing this story, with the temperature in the nineties, football is just around the corner, and with the return of the Coach Kenna Knowlton from Camp Wyandott this week the high school gridiron activity will soon be under way.

Actual organized practice will not start here until September 1, in accordance with the Headmasters' agreement. At least some of the candidates for this year's team have been limbering up and doing conditioning exercises so as to be in shape for the strenuous work to come.

Prospects for this year seem reasonably good with five starters back in the persons of Captain Mike Murphy, jolting fullback; Joe Bellino, swift outside runner; Bob Haggerty, right halfback; big Tennessees, guard; and Frank Dattilo, end.

Add to these a number of boys with varsity experience, both backs and linemen, and several kids who showed promise as freshmen a year ago, and the picture is not too dark.

Winchester's first game is September 25 with Concord at Manchester Field, and once again the Indians are meeting what is likely to be one of their toughest tests on the opening day of their season. At that they should be more ready for Concord this year.

SURPRISE SHOWER

On Wednesday night, August 18th, a shower was held in honor of Frances J. Oliver by Shirley Dunbar, Ruth Donnelly and Mary Marabell at the home of Mr. and Mrs. William Crowley of 103 Canal street. The bride-to-be was surprised by 20 of her high school classmates. After enjoying an array of lovely gifts, coffee, punch, cake and ice cream were served.

Among the guests were Miss Oliver's mother and father, Mr. and Mrs. William Oliver, and her fiancée's mother, Mrs. Amari.

Miss Oliver is flying to France on September 10th to marry Sergeant Robert Amari of the United States Air Force on September 13.

UNION SERVICES

Union Services will be held at the Unitarian Church on Sunday morning, August 29, at ten o'clock. Reverend Robert A. Storer will preach on the topic "Strength and Beauty." The pianist for the service will be John Morabito, tenor.

BISHOP OF SOUTHAMPTON
PREACHEDLARGE CONGREGATION
HEARD BRITISH CLERIC
AT EPIPHANY

"The Lord wants you as a link between Him and someone who needs Him," the Rt. Rev. Kenneth Edward Norman Lamplugh, Bishop of Southampton, England, told a large Church of the Epiphany congregation at the service of morning prayer last Sunday.

The rector, Rev. John W. Ellison, read the service, assisted by Rev. Charles Batten, director of religious education for the church, and by Larsen Milton Brown and Richard Ebens.

The vested choir sang the anthem, "Hark, Hark, My Soul," with alto solo by Marian Wright; and also solo by Marlon Wright; and Raymond Graham, tenor, sang the response after the prayer. Organist and Choirmaster Enos Held was in charge of the music. The benediction was pronounced by Bishop Lamplugh.

Before his sermon Bishop Lamplugh, who is assistant to the Bishop of Winchester, spoke of his pleasure at worshipping with the congregation of the Epiphany, and of his satisfaction in bringing to the church and chapter of Winchester Cathedral.

He told of the ties that bind England and the United States together, the common stand against tyranny in two world wars, the last Walton Window in Winchester Cathedral, given by the Isaac Walton Fishing Society, to whom many Americans belong; the beautiful window in the nave of the cathedral, given by Americans in memory of King George V; and finally, the Flag of the United States that hangs in the Epiphany Chapel of the Cathedral, and was presented to it by a troop of American light infantry.

Each time Bishop Lamplugh celebrates Holy Communion in the Epiphany Chapel and the sun's rays are reminded, he said, of his friends in this country, and especially of the Epiphany, which has so much in common with Winchester Cathedral.

Bishop Lamplugh told of three links that join the Church of the Epiphany in Winchester with the cathedral in Winchester, England: the final stone from the cathedral that is placed in the sanctuary of the local church, the Winchester Cross above the entrance to the choir of the local church, and finally the letter from the Archbishop of Canterbury sent to the Church of the Epiphany upon the occasion of the building of the present church fifty years ago.

The scriptural approach to the bishop's sermon was the familiar words from the 2nd Corinthians, "Look unto us, and we will look unto you, for they are things that are unseen, for they are eternal."

His sermon topic was "Prayer," and he said we should first be thankful for our direct approach to God in prayer; and second, we must believe our hearts until we are sure that the Lord understands us and our needs.

God comes to us where we are and knows us as we are now, said Bishop Lamplugh. He is ready to help us as we are now, though we feel unworthy to approach him. We should pray for those we love, for we are sure that the Lord understands us and our needs.

There are four approaches to prayer, said the bishop, first, adoration; second, confession; third, thanksgiving; and finally, intercession. We must not only give to God in our prayers the majesty and worship that are his due. We should praise Him, acknowledge Him and bless Him, not only at Christmas, but at all times.

Unpopular though it may be in some quarters, we must, in our prayers to Him, ask God's forgiveness of our sins, for His forgiveness is of prime importance in showing to us His great mercy. God, said the bishop, expects us to ask of him forgiveness, just as we expect children to "own up" to their mistakes.

We should all thank God in our prayers for the blessings he has bestowed upon us. Every prayer, said Bishop Lamplugh, should be full of the things we have enjoyed, a good swim, new pretty clothes! Thanking God continually and remembering His blessings aids us in gaining a concept of His great mercy.

And finally under the fourth approach, intercession, we must, in our prayers to Him, ask God's forgiveness of our sins, for His forgiveness is of prime importance in showing to us His great mercy. God, said the bishop, expects us to ask of him forgiveness, just as we expect children to "own up" to their mistakes.

We should all thank God in our prayers for the blessings he has bestowed upon us. Every prayer, said Bishop Lamplugh, should be full of the things we have enjoyed, a good swim, new pretty clothes! Thanking God continually and remembering His blessings aids us in gaining a concept of His great mercy.

And finally under the fourth approach, intercession, we must, in our prayers to Him, ask God's forgiveness of our sins, for His forgiveness is of prime importance in showing to us His great mercy. God, said the bishop, expects us to ask of him forgiveness, just as we expect children to "own up" to their mistakes.

APPOINTED ASSISTANT DEAN
AT BRADFORD COLLEGE

The appointment of Mrs. Louise S. Price of Lisbon, N. H., former resident of Wilmington, Del., and Winchester as assistant dean of residence at Bradford Junior College has been announced by the college.

Mrs. Price has been active in Red Cross work in Lisbon for a number of years. She is a graduate of the Sargent School of Physical Education in Cambridge and before her marriage taught in a number of schools and camps in California, Pennsylvania, and New York.

She will join the Bradford administrative staff this month with the college opening for its 152nd year. Bradford, founded in 1803 as a local academy, is now a two-year liberal arts college for women.

Two sisters of Mercy, Sister Elise, niece of former Fire Chief David H. DeCoursey of Westley street, and Sister Borromee, from Lebanon, N. H., spent a few days in town last week, visiting the DeCoursey family in town.

While in Winchester their headquarters were at St. Mary's convent, but they were dinner guests of Police Officer James E. Farrell and his daughter at their home on Lebanon street, Tuesday.

RACING DOG TRAINING AREA
IN WINCHESTER OPPOSED

Residents of the Highlands district, and especially those living in the vicinity of Laurel Hill Lane are viewing with concern the proposed erection of six buildings to house racing dogs just over the Winchester line in Woburn near their homes, and the proposal to use a tract of land in Winchester adjacent to the kennels for training the dogs.

Two residents of the Laurel Hill Lane section visited the Board of Selectmen Monday evening and presented a petition opposing the granting of a license to train the dogs in Winchester, signed by about 100 residents of the district.

At the office of the Building Commissioner in Woburn the Star was informed that an application for a permit to erect the kennels had been received from a Winchester man, but that as of Wednesday of the week no permit had been granted. Chairman Main of the Board of Selectmen told the Star on Wednesday that no application of any kind in connection with kennels or training dogs had been received by the Board of Aldermen in connection with the proposed project would go to the Building Commissioner of the town, not the Board, but in the event licensing for any activity is necessary, such a license would in all probability have to be granted by the Selectmen.

The proposed racing kennels are apparently not being too well received in Woburn. Residents of the area affected are reported in opposition to the project and at a meeting of the Board of Aldermen in Woburn last week Alderman Thomas F. Donahue sponsored a resolution asking the Superintendent of Public Works to hold up the building permit.

Alderman Donahue placed the land where the kennels will be built as at the rear of the Atlantic Gelatin Company, 100 feet from the Winchester line. He is quoted as saying that residents of Winchester in the vicinity who have paid \$19,000 to \$20,000 for their homes would be subjected to annoyance and that the barking of the dogs would be an annoyance even as far distant as the Winchester Hospital.

The land on which the kennels are to be erected, at a reported cost of \$27,000, is zoned by the City of Woburn for heavy manufacturing. Alderman Donahue is quoted as stating that the breeding of dogs does not come within such a classification. The land in Winchester, where it is said the dogs will be trained, is in the residence zone.

MIXER TRUCK
BACKED INTO CELLAR

The fire department received an unusual call last Friday evening when Dominic Schelzie reported that one of the trucks of the Wakefield Ready Mix Company, pouring concrete at a house construction job, had backed into the cellar of the house.

The fire department responded and found that the accident had occurred when the brakes of the big truck had released and the machine had backed through the wooden concrete forms and into the cellar, the rear of the truck being down in the hole and the front wheels on the banked-up earth surrounding the excavation.

The truck mixer was full of cement when the truck backed into the hole and as the mixer stopped the cement hardened so that it could not be removed from the mixer. The weight of the cement made it impossible for a wrecker which had been summoned to pull the mixer-truck from the hole.

Used to handling all sorts of emergencies, the firefighters went to work on this one. A 2 1/2-inch hose was run into the cellar, and water was started up as the water splashed about inside. The water soon began to pour, and with the mixer thinned out the cement so it could empty the disabled truck was slowly hauled out of the cellar hole.

A large crowd was attracted by the accident and watched the various stages of the rescue work with interest.

PLANNING BOARD MEETING
POSTPONED

The Planning Board has announced that due to the fact that the Monday of September 6 is a holiday (Labor Day), its meeting regularly scheduled for that day will be held on Tuesday, September 7.

The Planning Board holds regularly scheduled meetings in its office on the ground floor of the town hall in the west wing of the building, the entrance being opposite the river.

Meetings are held on the first and third Mondays of each month, commencing at 8 p. m. Communications, or applications for action, may be mailed or delivered to the Board's office in advance of meetings, or Mr. Harrison F. Lyman, Jr., the Board's secretary, may be contacted personally.

Aug. 13, 20; Sept. 3

HALLORAN — CARY

At an 11 o'clock nuptial mass in St. Patrick's Church in Bennington, N. H., on Saturday morning, Aug. 21, Miss Janet Cary became the bride of Capt. Jerome Vincent Halloran, son of Mr. and Mrs. J. Vincent Halloran of Pittsburgh, Pa. There were red and white bouquets of geraniums on the altar and the aisle was marked with satin bows entwined with fern. The Reverend Thomas P. Mason officiated and a reception followed at The Farm, home of the bride's mother, Mrs. George William Cary of Greenfield, N. H., formerly of Winchester.

Given in marriage by her godfather, Mr. James J. Quinlan of West Yarmouth, the bride wore a gown of organza fashioned with a portrait neckline of rosepoint lace, fingertip sleeves and bouffant skirt. Her veil of imported French illusion was held in place by a shirred cap and she carried an old-fashioned bouquet of white geraniums and orchids.

Her sister, Miss Shirley Cary of Boston, maid of honor; and two other sisters, Mrs. Francis X. Quinlan of Reading and Miss Deborah Cary, were matron of honor and junior bridesmaids. Also serving as bridesmaids were Miss Ruth Halloran, sister of the groom, of Pittsburgh; and Miss Barbara Taylor of Lyndeboro, N. H. They all wore identical gowns of white pique, princess style, and carried flame-red geraniums, wearing slippers to match.

For her daughter's wedding Mrs. Cary wore Alice blue with a small feathered hat. Her corsage wore honey-colored silk organza with brown accessories and wore a corsage of brown cymbidium orchids.

Mr. J. Vincent Halloran of Pittsburgh was best man for his son and the ushers included Francis X. Quinlan and Allen S. Tiele of Reading, and Mr. William Jamieson Forbes of Framingham, N. H.

The bride, the daughter of the late Mr. Cary, was graduated from Marycliff Academy and Fisher Jr. College, Cape Cod, and was graduated with the class of 1946 from the Military Academy at West Point and is now stationed at Fort Devens, Ayer.

After a wedding trip to Maine they will live in Greenfield, N. H.

STOLEN CAR RECOVERED

At 9:30 last Sunday evening local Headquarters was notified by the Billerica Police that officers of that town had attempted to stop a speeding Ford sedan, and that several youths had absconded with a machine in a wooded section of the town and escaped into the woods.

The car was registered to Master Motors, and a check with the owner and manager of the establishment elicited the information that the car in question had been left in the company parking yard Saturday afternoon without either registration plate or keys.

Meanwhile, previous to the call from Billerica, the Andover Crawford had discovered a break at Master Motors building, and an investigation there indicated that the parties who had been driving the stolen car in Billerica had broken into the garage building and stolen a registration plate and keys to operate the machine.

Both the Billerica and Winchester Police commenced an investigation, but had little on which to work.

NOTICE

PLANNING BOARD MEETING
POSTPONED

The Planning Board has announced that due to the fact that the Monday of September 6 is a holiday (Labor Day), its meeting regularly scheduled for that day will be held on Tuesday, September 7.

The Planning Board holds regularly scheduled meetings in its office on the ground floor of the town hall in the west wing of the building, the entrance being opposite the river.

Meetings are held on the first and third Mondays of each month, commencing at 8 p. m. Communications, or applications for action, may be mailed or delivered to the Board's office in advance of meetings, or Mr. Harrison F. Lyman, Jr., the Board's secretary, may be contacted personally.

Aug. 13, 20; Sept. 3

FAREWELL PARTY

James E. Callahan, Jr., son of J. H. Chief and Mrs. James E. Callahan of Bonad road, left Wednesday night from the South Station for Sampson Air Force Base in New York to commence their enlistment in the Air Force.

A farewell party was held for the boys at the Callahan home Tuesday evening, about 75 relatives and friends of the young enlistees gathered to wish them "good luck."

The evening passed pleasantly with music, dancing and refreshments. Callahan has just completed a year in the study of aeronautics at B. U. Godsoe graduated in June from Winchester High School.

S. O. I. SOFTBALL CHAMPIONS

BOMB VETS, 17-1,
IN DECIDING GAME

Last Monday evening before a capacity crowd at Ginn Field the defending champions, S.O.I., soundly trounced the Vets by a 17-1 score and gained the town's softball championship for this season. Although the score was lopsided, the contest was a hard-fought one and offered several exciting moments. The players loved it and the fans loved it more. And now the book is closed for another year and a grand time was had by all.

In this "rubber" game Paul Connors won the toss to decide the home team and the S.O.I. welcomed the loss of the toss to score three runs in the first frame. "Moose" Bellino walked as leadoff man. Brother Sam hit safely to left and S. Tibaud singled to score "Moose" with the first run. Sam then hit into the plate on Flore's first hit and with S. Tibaud on third Gangi flied out to left to score Sam Tibaud after the catch.

Tim Connors and Brother Paul hit safely for the Vets in their last two frames but the first but were left stranded.

(Continued on Page 7)

WINCHESTER MAN NAMED

LITTLE NEW FARM CENSUS
FOR MASSACHUSETTS

Appointment of William M. Little of 92 Arlington street as the supervisor of the 1954 Census of Agriculture field office to be established in Boston was announced today by Director Robert W. Burgess of the Bureau of the Census, Department of Commerce.

Mr. Little will direct a force of 14 crew leaders and 223 enumerators in Massachusetts' 14 counties from the Boston office.

Mr. Little reported on August 16 to the permanent Census Bureau office in Boston for a week's training. The training covers administrative procedures, office routine, map work, practice in taking out farm census reports, forms and duties and responsibilities connected with the job.

The 1954 Census of Agriculture will provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values and mortgage debt.

ROUNDY — SLEE

Mrs. Jane Doty Slee, daughter of Mr. and Mrs. James Russell Doty of Topsfield road, Ipswich, formerly of Winchester, became the bride Saturday, August 21, of Mr. C. Elliott Roundy, son of Mrs. Chester E. Roundy of Marblehead and the late Mr. Roundy. The three o'clock ceremony was performed in the garden at the home of the bride's parents by the Rev. Bradford E. Gault of the Unitarian Church, Unitarian, Salem. Members of the immediate families attended the ceremony and the reception that followed.

Given in marriage by her father, the bride wore a street-length dress of pale blue silk shantung, fashioned with short shirred sleeves, a portrait neckline outlined with a narrow scarf collar, and a flared skirt. She carried a nosegay of white sweet peas and roses, and wore a corsage of pink roses and chrysanthemums. Her only attendant was Mrs. Charles P. Strong of Portland, Maine. Mrs. Strong wore a gown of pale rose-beige chiffon over faille, with a bouffant skirt, short cap sleeves and a fitted bodice. Her nosegay was of pink sweet heart roses and chrysanthemums.

Mrs. G. Otis Mudge of Tilton, N. H., formerly of Ipswich, was a best man for Mr. Roundy.

The bride's mother wore an empire-style street-length dress of white taffeta printed in blue, green and gray, and her corsage was of pink orchids with her pale aqua corsage.

After their wedding trip to Cape Cod, Mr. Roundy and his bride will make their home in Marblehead. Mrs. Roundy was graduated from Tufts College in 1944. Mr. Roundy was graduated from Colgate in 1940 and served as a lieutenant in the navy. He is athletic director and head coach at Ipswich High School, where he also teaches history and driver education. He is a member of the Yacht Club, the New England Umpires Association and of the school committee of Marblehead.

BISHOP ENTERTAINED

The Young Adult Group of the Church of the Epiphany entertained the Rt. Rev. Kenneth Edward Norman Lamplugh, Bishop of Southampton, England, Tuesday evening at the Church rectory, between 40 and 50 persons being present.

WINCHESTER'S 25th ANNUAL SWIMMING MEET

A cloudy day with chill winds off the water was entirely ignored by a large and enthusiastic crowd of spectators who overflowed the stands to watch and applaud the efforts of Winchester's swimmers at Palmer Beach Saturday, August 21st. This meet is sponsored jointly by the Winchester Chapter of the Red Cross and the Winchester Park Department and was smoothly and expertly conducted by Mr. Joseph F. Burns, Red Cross Water Safety director. To Mr. Burns and Mr. George Neville, Red Cross Water Safety chairman, goes much of the credit for such a successful season. This was a special occasion, inasmuch as it marked the 25th anniversary of the first swimming meet sponsored by the Winchester Red Cross.

Medals were awarded to first, second and third-place winners in all age groups and to the boys for diving. At the close of the meet, Mrs. Duttling presented Red Cross certificates to a large number of children.

Lou Farrell proved to be Winchester's outstanding diver, winning first place again this year. Mrs. Grace Burns acted as clerk. Referee and starter was Mr. Ray Doherty of the George White Pool, Boston. Timers and judges were Miss Joan McNeill, Mr. William Bird, Mr. Albert McDougall, Mr. Richard Vita and Mr. M. Foley of the North End Pool, Boston, chief timer and chief judge respectively. Midway during the races the highlight of the afternoon took place, when trophies were awarded. The Red Cross trophy, donated by that organization, and the Thomas P. McGowan trophy, donated by the Park Department, are each awarded annually to Winchester's most outstanding boy and girl swimmer whose standards of courtesy, cooperation and sportsmanship are unusually high.

This year the Red Cross trophy recipients were Robert Carroll and Brenda Cunningham. Mr. George Gowdy made the presentations with a few well-chosen words. Last year's winners, Noreen Johnson and Alan McDougall, were given good-looking cups suitably inscribed, which they may keep. (This is a recent innovation, and a very fine one.)

Ann Neville, for the third time, won the Park Department McGowan trophy, thus retiring it. For making history, Ann, congratulations! This is the first time the McGowan trophy has been retired, and Ann's friends, who are legion, are delighted for her. Ann's modesty and pleasing personality are well known. It couldn't happen to a nicer young lady. Ann has also won the Red Cross trophy once.

The Thomas P. McGowan Memorial trophy for boys was awarded this year to Alan McDougall, the youngest boy to have ever received it. Alan was eleven three weeks ago.

Last year's McGowan trophy holders were given small permanent trophies to retain. They were Edward Carter and Ann Neville. Mr. Bill Smith made the presentations for the Park Department.

Below is a list of races and the results. The fastest times this year will be used to establish records for following meets.

ST. MARY'S WINS SWIMMING CHAMPIONSHIP

Swimming stars from cities and towns of the archdiocese of Boston flocked to the Geo. White Memorial Swimming Pool last Sunday afternoon to compete in the annual CYO Swimming Contest. Each parish brought extra large groups of youngsters in an effort to capture the championship trophy, but St. Mary's girls' team put Winchester in the headlines again by winning the Archbishop Cushing Cup for the third consecutive year, which means the trophy is now theirs and remains in Winchester.

The "Great Eight" performed in spectacular fashion before a capacity crowd of enthusiastic spectators from miles around. The famous eight members of the team are the three Johnson sisters, Noreen, Marguerite, and Carlene; Brenda Cunningham, Mary Ann Moran, Jane Moran, Ann Legere and Mollie Devaney. Albert McDougall is manager.

Swimming in competition that was far out of their class as far as age was concerned, the local aquatic queens gave an excellent account of themselves. The Johnson trio, as usual, made everyone think that they had outboard motors strapped beneath them as they skimmed smoothly down the pool as first cousins to chain lightning. Noreen came in second in the 50-yard senior open for those 26 years of age and under, she being only 17, and arrived at the finish line only a fraction of a second after Mary Cowan of St. Francis DeSales of Charlestown.

In the 100-yard breaststroke for seniors, Noreen piled up more points by placing third in a close race. Marguerite then stepped into the limelight to carry the family torch from there and went splashing through to a flying finish to win the junior 50-yard freestyle, thus defending Noreen's crown for the same event last year. She returned again and dove in with the best of them in the junior 50-yard backstroke (open) and came in second.

All this time Carlene, the miniature mermaid of the family, was waiting anxiously for the announcer to call her class. Although only 12, she competed against 16-year olds to come sailing home second in the junior 50-yard backstroke for novices. Not satisfied with these winning points, she came racing back to the pool to attempt the cadet 25-yard freestyle and placed fifth.

Another St. Mary's champion who has been carrying away all kinds of trophies from Wedge Pond contests, Brenda Cunningham, waited patiently for the junior 50-yard freestyle to come up, then she threw off her wraps and gave a fine exhibition of speed and class as she cleaved her way smoothly down the pool, finishing only seconds behind the winner.

Cost of tag and registration is 50 cents. Tags replaced are 25 cents. This service is well worth while. Do not delay! License your dog, always!

WINCHESTER BOY ON TENNIS ALL-STAR TEAM

Culminating the Little League Tennis season is the selection of All Stars representing various sections of New England teams to compete in the Wright Cup Inter-sectional Matches to be held this year Saturday and Sunday, August 28 and 29, on the campus of Dartmouth College.

This year's all-star team representing Eastern New England is of especial Winchester interest because Bobby Becker, captain of Winchester's Little League tennis team, has been selected for a berth upon that team and will compete at Dartmouth this week end.

Bobby has been selected for doubles play and will team at the important number two doubles spot with Denny Briggs, captain of the Hingham Little League team, as partner. There will be six singles matches and three doubles matches in the Wright Cup play.

In addition to Becker, Winchester is well represented on the Eastern team by Art Hills, who as non-playing captain is in charge of selecting and training the boys who will represent this area. Also at Hanover this week end will be Winchester's Blair Hawley, who will referee the matches. Blair is chairman of the Junior Development Committee of the New England Lawn Tennis Association is the principal reason why junior tennis hereabouts is commencing to rival in popularity the junior baseball movement. He it is who authorizes and sanctions the entire junior tennis program, a program that has kept between four and five hundred boys and girls hereabout playing tennis this season and has used up some 1200-dozen tennis balls.

Incidentally, Winchester nearly had another boy on the Eastern All-Star team in David Moore. Actually below the all-star age group, David made a great showing this season and is considered a top-flight candidate for all-star honors next year.

Thirty tennis teams have been playing Little League tennis in Greater Boston this season, and of these teams Winchester is one of two with perfect records, having won all six of its matches to date.

MOTOR VEHICLE VIOLATIONS

The Registrar of Motor Vehicles, Rudolph F. King, wishes to inform the public that in accordance with the provisions of Chapter 90A of the General Laws, the following additions have been added to the previously announced list of violations for which offending motorists may be assessed points upon their operating records:

Violation	Points
Allowing improper person to operate motor vehicles	4
Operating motor vehicle after suspension or revocation of registration	4
Operating without a license or after suspension or revocation of license	4
Removing or defacing engine or serial number	4
Operating in violation of restriction on license	3
Operating without inspection sticker	3
Operating with improper brakes	2
Operating with improper equipment other than brakes	1

BARTLETT'S LEFT YESTERDAY

Mr. and Mrs. Edward A. Bartlett, formerly of Hillside avenue, and their infant daughter, Ann Elizabeth, left town yesterday morning for their new home in Bethesda, Md.

Mr. Bartlett, a teacher in the Winchester schools for twenty years and a highly successful basketball coach, is to become principal of a large junior high school in Bethesda. He and his family will live at 10401 Montrose avenue, Parkside Apartments, Apartment 302, Bethesda, Md.

They will be happy to hear from their Winchester friends and extend a cordial invitation to anyone from Winchester to visit them in Bethesda. Traveling by car you take Route 240, Wisconsin avenue, the main road from Washington to Montrose avenue is off Wisconsin about two miles beyond the Naval Hospital.

As has been the Society's custom for many years, placards have been posted at various resorts throughout the Commonwealth, warning against abandoning animals by summer residents returning to their homes. Furthermore, a reward of twenty dollars is offered by the Society for the conviction of anyone guilty of such cruelty.

MASSACHUSETTS SPCA ISSUES APPEAL

In an annual appeal to all animal lovers, Dr. Eric H. Hansen, President of the Massachusetts Society for the Prevention of Cruelty to Animals, 180 Longwood avenue, Boston, Massachusetts, yesterday urged vacationists not to abandon their animal pets when closing their summer homes for the season.

"Many well-meaning citizens," stated Dr. Hansen, "are likely to lose sight of the fact that these unfortunate creatures, left behind to forage for themselves, will ultimately starve or become diseased as a result of such unkind and inconsiderate treatment. We, therefore, cannot stress too strongly the importance of vacationists taking their pets with them when returning to the city, thereby eliminating untold suffering to the animal world."

As has been the Society's custom for many years, placards have been posted at various resorts throughout the Commonwealth, warning against abandoning animals by summer residents returning to their homes. Furthermore, a reward of twenty dollars is offered by the Society for the conviction of anyone guilty of such cruelty.

When the championship softball game between the Sons of Italy and the Veterans of Foreign Wars ended Monday evening on Ginn Field, it ended with a sports era in which the central figure has been Ted Bartlett, "Bart," who had been in Bethesda, Md., arranging for a home there for himself and his family, got back in time to unspire the Monday evening game, as he has so many of the past. Fans at the game, who have watched him work with softball and other athletic activities of the town through the years, saw him walk from the mound for the last time with genuine regret. "Bart" has left his imprint deep on town athletics. For twenty years, his entire residence span in town, he has been closely identified with the local sports picture. He has assisted three football coaches at high school and has been head coach of baseball and basketball here. Few will quarrel with the statement that he is the best basketball coach the school has had. Few will gainsay the statement that he ranks with the best baseball coaches we have seen here. Coach Knutson has stated often that "Bart," in the years of their association, has rendered invaluable assistance to him and his football team. Outside school "Bart" aided in instituting and ran successfully the Junior Legion baseball team, has run the Town Soft Ball League activity and headed the Winchester Little League program as president. The success of all three activities has been largely due to his organizing ability, untiring effort and inspirational leadership. How will they go without him? Many are asking themselves this question, for there are few who are willing to give as much of themselves to things as Ted Bartlett. In basketball the success of Winchester teams has been in large part due to "Bart's" assisting work with the squad, as well as to his knowledge of the game and undeniable skill as a coach. Winchester is going to miss Ted Bartlett in many ways. He and his charming wife, "Marge," have filled an important niche in our community life. Every one, and especially Winchester sports enthusiasts, wish for both these fine people the very best of everything in their new life in the South.

In his article, "What My Town Needs Most," appearing in last week's Star through the courtesy of the Boston Traveler, for whom it was originally written, Mr. Main, co-chairman of the Board of Selectmen, makes an interesting statement about the rapidly increasing cost of maintaining Winchester indefinitely as the strictly residential community it has been through the years. He notes that while valuations have risen only 25 per cent from 1943 to 1954, appropriations have increased by 138 per cent and the tax rate by 67 per cent. As a consequence he wonders if the time has not come when Winchester should encourage more high-grade industry and commercial establishments to locate in town. There has been little in recent town meetings to encourage the belief that the precinct members, at least, concur. Residents of the Tufts-Nathan road area fought the proposal to zone vacant land near these streets for light industry and over on the west side hills the residents wanted no part of the Planning Board's proposal to locate a business center there. Chairman Greer of the Board of Selectmen was criticized for sug-

gesting that the construction only of small homes, to be occupied by families with several children, is not from the financial angle an unmitigated blessing. It was not that Mr. Greer is opposed to children in Winchester, as was suggested by one critic. It was simply that he, from his experience with town government, realized that the exclusive construction of homes likely to be occupied by families with children, far from providing revenue for the town, actually costs the town money. Maintaining schools, transportation, increased policing and fire protection, as well as playgrounds and other adjuncts is expensive. A relatively small, residential community generally gets along pretty well. When it grows, as Winchester has in recent years, it costs like blazes to administer unless there is sufficient industry within its borders to cushion the cost by providing tax revenue that is not entirely eaten away by service costs. Winchester is getting into this category, if it is not already there. The town has lagged in encouraging suitable industry to locate here. To date the town fathers have had little to make them believe the town has wanted such industry here. As the tax bills mount, however, it is likely that the town's attitude will change.

In last week's Star we published an article by Mr. Main, chairman of the Board of Selectmen, entitled "What My Town Needs Most," which is one of a series written for the Boston Traveler by heads of city and town governments in Greater Boston and reprinted in the Star through the courtesy of the Boston daily. Most of those who have lived in Winchester for some little time found nothing especially exciting in Mr. Main's article. Everybody knows about the overhead, the school construction, the proposed library addition and fire station being planned for the West Side. Mr. Main did, however, strike a responsive chord when he says Winchester residents are likely to need patience during the coming few years. The exercise of this virtue will commence when the two questions will commence in the high school and junior high school with consequent adverse affect upon many a family timetable. Also this fall will see the start of the new school year, which will affect the pull of the Wyman, Mystic and Lincoln Schools. Parents are going to need patience and a fair amount of tolerance as the new ruling of the School Committee goes into effect. Vital to the school is the fact that in many towns, they are as nothing compared to the overhead construction and the patience that we all will need while this major alteration of the town's old look is under way. We have had a little foretaste of what is in store during the relocation of the telephone conduits in the square, and many a sheepkeeper who had figured the overhead would have little or no effect upon him and his activity is now commencing to wonder what the harvest will be during the two years, or perhaps more, that the overhead is being built. Where are his customers going to park during the construction? Parking is at a premium now, and a lot of present parking isn't going to be available when actual work on the overhead commences. What is the effect of being on business, especially on business that now comes to Winchester from out of town? How many out-of-town patrons are going to come to town to trade when the center is ripped up? These and others are questions local merchants are commencing to ask themselves and to ponder as the time for the beginning of the overhead construction goes by. How many local shops can continue to operate with drastically reduced receipts, that if they occur at all, will likely continue over a couple of years or so? In one of P. G. Wodehouse's books a character makes the profound assertion that "you can not make an omelette without breaking eggs!" By the same token you cannot construct an overhead without making a character of the town that. Those who favor the overhead believe the ultimate result will be worth the struggle. Those who were neither strongly anti, or violently pro, hope they are right. Those who were and are "agin" the overhead expect the worst! We believe Mr. Main when he promises that the various town officials are going to do their best to have the normal activity of the town disrupted as little as possible during this gigantic undertaking. But it is going to be disrupted! The eggs have to be broken before you can have your omelette! Whatever else is to be said, in Mr. Main's article, he hit the nail squarely on the head when he feels that the residents of Winchester are going to need patience. If we may prophesy, they are going to need a lot!

THE DOINGS OF THE DIVINE NINE

Editor of the Star:
This is to inform you and the people of Winchester of our doings during the past week, August 7.
At the unearthly hour of five o'clock, we all crawled out of bed reluctantly and prepared to meet the seven o'clock train to Koblenz, Germany. The ride, on the "Lorelei Express" took five hours. When we finally arrived in Germany, we found that our bikes weren't on the train. When we inquired about them we found that they had been taken off the train and were being held by customs because the customs officer failed to fill out the declaration on them. Because of many complications we didn't receive them for four days.
When we left the railroad station, we all piled into two taxis, with all our luggage and bundles and raced across town to the pier to take the Rhine River steamer to Wiesbaden, Germany. We arrived there at 10:30 and didn't even have a place to stay. The American Express man at the pier suggested that we take a taxi to a very nice hotel but when we got there we found that it was full. The man at the desk was very nice though, and he called several hotels to try and

find one for us. We spent a very enjoyable night in a very nice hotel where we each had single rooms. Without anyone to talk to, it was so quiet we could hardly get to sleep. When we did finally get to sleep, we stayed in bed until eleven o'clock. We arrived in Heidelberg at six p. m. and went to the Youth Hostel where we had reservations for the night. In Europe there is a one-night limit for staying at the hostels, but when they heard about what had happened to our bikes, the warden agreed to let us stay three extra nights. We all loved Heidelberg. The scenery was beautiful, and the food and stores were wonderful. One day, we had lunch at the Red Ox, the restaurant where Sigmund Romberg's "Student Prince" took place. We saw Heidelberg University, went to the Heidelberg Castle, and took the funicular up to the top of a huge mountain overlooking all of Heidelberg. We all had a wonderful time listening to the beautiful songs sung by the German boys and girls after supper at the hostels. We all had a marvelous time in Germany, and we each feel that we have left a piece of our hearts in Heidelberg.

THE ANSWER IS NO!

Editor of the Star:
This writer has been reading all the hullabaloo concerning the simple question posed by Mr. H. H. Hunneman, that of whether or not speeding at the posted limit of 55 m.p.h. on the left side lane, should give way to an unlawful speeder, on his tail. The answer is no, a thousand times no.
The Boston Herald, in its editorial of Sunday, August 15, correctly says, that Hunneman's right was based upon a legal speed, and the right of the tailing car was based on unlawful speed (whatever that is, today, in this Commonwealth, with speedways and high-powered cars). Therefore, Hunneman had the superior and lawful right.
It appears from most of the replies, that they come from over-cautious who drive like old ladies, old fogies, and the like who would like to see a 40 m.p.h. limit and those who lose their nerve, get confused, look around, beef, and more often than not, do not obey the traffic laws, except in the matter of speed, alone.

What interested this writer in Mr. Hunneman's article is the fact that one afternoon, last March, in almost the exact spot, on Route 128, in Woburn, this driver was in the 55 m.p.h. or left lane, and approached a 45-m.p.h. driver who would not move to the right, to let this driver by, but turned around, facing the rear (his car is going at 45 m.p.h.) and wants to know, why this driver was repeatedly sounding his horn and the right of way in the speed lane.
This driver had no alternative, but to pass this stubborn driver, in the middle lane, on the stubborn one's right, weaving in and out, to pass other vehicles.
What happened? The answer is correct: two state troopers were on the job, doing their duty as they saw it, and this driver was summoned into court for speeding, doing 60 to 65 miles per hour, in a 55 m.p.h. zone. The trial and outcome is another story.

Yours very truly,

Herbert Lord

42 Sheridan Circle

PETITION TO SAVE TREES

Editor of the Star:
After reading your editorials of the last two weeks, I think you would like to know that over a year ago Miss Frances Pierce of 10 Marshall road became greatly concerned over the possible destruction of the fine trees along the railroad right of way and initiated a petition which requested that all possible thought and care be exercised to save as many trees as possible and pointed out that not only was the great beauty of the trees important but that they would help lessen the additional noise inevitable with the raised tracks.
We easily secured between seventy and eighty signatures and the petition was mailed to Commissioner Volpe. As he was out of the state at the time, his secretary acknowledged receipt of the petition.
I am sure that Mr. Volpe, with natural interest in his home town, will do his utmost to save the trees which increase the beauty of the town and afford pleasure to so many citizens.

Very truly yours,

Ethel R. Wyman

(Mrs. Richard W.)

12 Everett road

SHOULD CHECK REGISTRY RECORDS

Editor of the Star:
In last week's copy of the Star there appeared an article on the controversy over the gasoline storage space at the corner of Main street and Sheridan circle.
This land was never owned by any member of the Murray family. Mrs. Caroline Murray owned the house lot next to the new Immaculate Conception Church which was sold by W. J. Murray to Mr. Florenze for a home.
Before making such statements, it would be well for Mr. Lord to check records at the Registry of Deeds.

Very truly yours

W. J. Murray

1 Thompson street

MARRIAGE INTENTIONS

Casper John Jacoby, Damascus road, Pine Orchard, Conn., and Katherine Elizabeth Owen, 34 Salisbury street.

SELECTMEN'S NOTES

The following jurors were drawn for the Cambridge Pool to appear October 4 at 9 a. m.:
Arthur T. Dodge, 15 Foxcroft road
John D. Mulrenan, 26 Oak street

Resolution
In Board of Selectmen
Be it RESOLVED:
That the Selectmen, speaking for the citizens of Winchester, have been most happy to receive the Rt. Rev. Kenneth E. N. Lamplugh, Bishop of Southampton, England, and on this occasion request that he convey to his people in England greetings and good wishes from the residents of Winchester, Massachusetts, U. S. A.
Charles T. Main, II
Joseph Tansey
William O. Cusack
George B. Redding
Lewis L. Wadsworth, Jr.

Resurfacing
The highway department has been busy resurfacing 65 streets totaling approximately 102.5 miles.

Rubbish Disposal
It has come to the attention of the Board that our streets have become increasingly cluttered with trash, apparently tossed from vehicles. We wish at this time to bring to the attention of our residents that, under Art. 3, sec. 6, of the Town's General By-Laws, persons are prohibited from throwing such material in the public ways.
We are sure that the large majority of the townspeople are interested in keeping our streets clean. Therefore we would appreciate it if when a violation is noted, the person noting it would call the Police Station, giving the license number of the vehicle from which the rubbish was tossed, the time and the location. The person giving such information would not be required to appear in court or be further involved in the matter. We believe that with the townspeople's cooperation, the littering of streets can be greatly curtailed.

AMERICAN AUTOMOBILE ASSOCIATION

How to travel with the kids and love 'em? Keep them safe, busy, comfortable and rested suggests the American Automobile Association.

Unless given some forethought, an eagerly anticipated family holiday can degenerate into a disappointing series of days on the road that are cross, unmanageable little ones.
Here are a few tips from the Massachusetts Division of the AAA that may prove helpful:

Make some safety rules before you take off. (1) The children will not annoy or distract the driver. (2) refrain from playing with dashboard controls or cigarette lighters. (3) will not stick heads or arms out of car windows or play with doorhandles. Be sure the doors are locked so they won't fall out on a sudden turn.
Keep them busy. When the novelty of the trip lapses, a brand new word puzzle, riddle or crossword game can be worked on top of a suitcase; building blocks and coloring books can entertain the younger ones. Sing together and make up games as you go along, involving license plate numbers. You could give a prize to the first child who sees a white horse; or, to the one who spots the most license plates from different states. There is an excellent game called Car-Tab for sale at gas and toy stores known as the Auto License Plate Game, which is educational as well as exciting. Take along favorite toys, and before leaving, raid the dime store for new ones. Hide them in a new diversion is needed.

Keep them comfortable. Dress them in simple, loose-fitting clothing with no tight arm or necklines, choosing non-crushable, easy-to-laundry materials. Feed them lightly and avoid rich foods; have them drink plenty of water. It is wise to plan the main meal after the day's travel is over. Make short stops frequently so they can stretch their legs. If a child begins to feel car sick move him to the front seat and let him suck a lemon.
Above all, see that they get plenty of rest.

Children make good automobile travelers if parents are good planners.

TO ENTER

VIRGINIA INTERMONT COLLEGE

Miss Suzanne Donnell, daughter of Mr. and Mrs. Joseph Stover Donnell, 13 Cabot street, will enter Virginia Intermont College in Bristol, Virginia, in September for her freshman year.

Miss Donnell is a graduate of Winchester High School and took part in various activities in her high school years.
Virginia Intermont is a junior college and is one of ten representative junior colleges in America.

SAFETY RULES

Never play in the street

If there are no sidewalks

Walk on left side of road

Wear something white at night

Ride bikes on right single file

Obey traffic signals

Use hand signals No riders

Rudolph F. King

Registrar of Motor Vehicles

aug 27-2t

TWO PLATES FOR CARS THIS YEAR

Massachusetts automobiles will have registration plates front and rear once again, according to an announcement from the Registry Office last week. New registration blanks are being distributed and applications on any other type of blank will be refused.
Motorists with plates numbered 1 to 10,000, or KI-1,000 or HI-1,000 will receive their blanks direct, and must return them to the Registry office properly filled out during the month of September, preferably by mail.

Five Figure Plates
Plates with five figured numbers and those in K and H series, from 1,001 to 10,000, will be reassigned to present holders provided the applications for them, properly filled out and accompanied by the required fee, are received on or before October 18.

To insure reassignments of the same five-figured number plates to present holders, those registrants concerned should pay particular attention in answering Question No. 4 on the application blank. This question is of special importance for persons holding plates KI,001 to KI,000 and HI,001 to HI,000. Failure to prefix the letter "K" or "H" or the insertion of the wrong number will undoubtedly mean the loss of the number for 1955 to present holders of same.

Inasmuch as the Registry extends the courtesy of reserving the registration plates numbered under 100,000 and those in the "K" and "H" series under 10,000 for those persons now holding these numbers, the co-operation of these registrants is requested to the end that a separate check or money order covering the registration fee accompanies each application for plates in these series. In those instances where registrants have one or more plates in these series in sequence a single check or money order covering the fees for the plates in these series is acceptable. This detail is necessary to expedite the handling and the proper reassignment of these reserved numbers.

General Registration
Registration applications, in general, from owners of motor vehicles holding number plates other than those mentioned previously will be accepted up to 11:00 a. m. beginning Monday, October 4. No advantage is to be gained by filing such applications before October 4.

Registration certificates and plates which are applied for by mail will be mailed during the last part of November and in early December. Early registration will make more certain that a registrant will be legally on the road by January 1.

The branch offices throughout the State and the Boston County office will accept registration applications beginning Monday, November 1. Insurance companies, their agents, and the public in general should take advantage of this early service and secure their certificates and plates at the nearest branch office as soon as possible to avoid last-minute uncertainty and confusion.

Branch offices of the Registry are not equipped or authorized for the mailing of registration certificates or plates.

Warning
The responsibility is on the owner to see to it that the information contained in the application is correct and that he personally signs the blank. If the owner wishes to avoid the possibility of difficulty with his excise tax collector later on, he will insist on filling out the answers to questions 7 and 10 personally.

SURPRISE VISIT

Mr. and Mrs. Edward Zinn of 7 Yale street are enjoying a surprise visit of their daughter, Carolyn. After completing summer school, Carolyn, now Mrs. Peter Farnsworth, flew east for a vacation before resuming her teaching activities. Mrs. Farnsworth will be teaching a ninth-grade class in home economics in Auburn, Washington.

Mr. Farnsworth is employed at the Seattle-Tacoma airport as a load planner with United Airlines. The Farnsworths reside in Seattle and are very much impressed by the beautiful scenery and friendliness of the people there.

The decade 1884-1894 marked the real beginning of U. S. mechanized coal mining, when electric drills and electric underground locomotives were brought into use.

CHALLENGES MACDOUGALL

STATEMENT

The Middlesex County Association for Better County Government today challenged Allister F. MacDougall to present records to substantiate his statement made to the press in defense of the Association's charge of waste in the Middlesex County Extension Service, of which he is director.

In a recent report, the Association had cited as one example of waste the twelve county-owned cars which are used by county employees not only for business purposes, but also for the transportation and other personal uses, and which bear no county seal or identification. The reply from Mr. MacDougall was, "What difference does it make whether the county cars are marked or not? County employees have a perfect right to use these cars for their personal purposes as long as they reimburse the county at the same rate, something like seven cents a mile, that the state pays for the use of private cars." The Association Executive Committee termed this statement a completely unsatisfactory explanation for an extraordinary practice, an explanation which simply justified the charges of their group. The Association stressed that MacDougall by his own statement is not even positive about the correct rate of reimbursement which should be paid by the county workers, yet he would have the public believe that he and his employees are and have been paying such a rate to the county.

Harold B. Olsen, Chairman of the Association for Better County Government, said that the testimony and evidence uncovered by his group's investigation are in direct contradiction to the MacDougall statement. He says that members of the Board of Trustees for County Aid to Agriculture have testified that never during their terms as Trustees have they seen records of payment by employees for transportation or personal mileage imposed upon the county cars. If such records exist, certainly a governing body of Trustees should have access to them. The Association continues that former employees testify that there has been no set rate for county funds annually or payment of personal mileage nor were they asked to pay mileage incurred by transportation. The Association investigation discloses that approximately \$4,000.00 should be returned to county funds annually by employees for transportation alone, and payment of other personal mileage would raise this figure considerably. However, the County Commissioners' Annual Report for 1952 shows no receipts whatever from the Middlesex County Extension Service, and reports of other years show no figure which even approaches such a payment.

The Association for Better County Government is now numbering nearly 2,000 county taxpayers would appreciate a record of these receipts, if such receipts exist, rather than vague, misleading statements designed to confuse the public. We believe, the Association continued, that it is time the Middlesex County citizens had an accounting of the stewardship of Allister F. MacDougall, County Commissioner H. Herbert Applein, William C. Andrews, and the Trustees who despite the barrage of charges make no attempt to improve the Middlesex County Extension Service which shows more and more evidence of maladministration.

Hundreds of people are wondering and hundreds more are beginning to ask if the benefits derived from the Middlesex County Extension Service as it is presently administered, justify the \$90,000.00

poured into the Service annually by the Middlesex County taxpayers. Certainly, an evaluation program would be in order by the county officials, when their services do not apparently bear investigation by an interested, public-spirited group of county citizens.

Harold B. Olsen, Chairman of the Association for Better County Government

Hundreds of people are wondering and hundreds more are beginning to ask if the benefits derived from the Middlesex County Extension Service as it is presently administered, justify the \$90,000.00

poured into the Service annually by the Middlesex County taxpayers. Certainly, an evaluation program would be in order by the county officials, when their services do not apparently bear investigation by an interested, public-spirited group of county citizens.

Harold B. Olsen, Chairman of the Association for Better County Government

Science Park says that the largest lobster on record weighs 42 pounds, 7 ounces. It was caught 500 feet below the surface, off the Virginia Capes 20 years ago, and can be seen at the Museum of Science in Boston. The second largest lobster (38 pounds, 12 ounces), caught at the same place, is also on display.

SCHOOL CALENDAR 1954-55

Wednesday, September 8 — Opening of Schools
Tuesday, October 12 — Columbus Day
Friday, October 29 — Middlesex County Teachers' Convention
Thursday, November 11 — Armistice Day

Wednesday, November 24 to Monday, November 29 — Thanksgiving Recess
Thursday, December 23 to Monday, January 3 — Christmas Vacation

Friday, February 18 to Monday, February 22 — Winter Vacation
Friday, April 8 — Good Friday
Friday, April 15 to Monday, April 19 — Spring Vacation
Monday, May 30 — Memorial Day

Friday, June 17 — Closing of Schools
This calendar is based on the minimum legal requirement of 180 days. If less than four school days are lost because of inclement weather, an equal number of Saturday sessions will be scheduled. If four days or more are lost, the closing of schools in June will be postponed by an equal number of days.

As previously announced, a double session schedule will be in effect at the High School Building in session from 8:00 a. m. to 1:00 p. m. and the Junior High School in session from 1:30 p. m. to 5:30 p. m.

CARD OF THANKS

The family of the late Michael J. Foley wish to express their sincere thanks to all those whose flowers, spiritual bouquets and other kindly expressions of sympathy helped to lighten their sorrow during their recent bereavement. They deeply appreciate the kindness of the town hall employees, Democratic State Committee, Winchester Council, 210, Knights of Columbus, St. Pius X Fourth Degree Knights of Columbus, Winchester Rotary Club and the 1445 Club of Winchester Lodge of Elks.

The United States has 51,000,000 telephones, one for every three people, the National Geographic Society says. This is 57 percent of the world's telephones. Americans use the telephone 188,000,000 times a day.

Winchester gets sneak preview of glidden cars

Saturday morning Winchester will get a look at some of the antique automobiles which will make the 1954 Glidden Tour through New England. A tryout run will arrive at Manchester Field between eleven and twelve o'clock Saturday morning, August 28, and will be on view to the public until one o'clock, after which they will take a short tour to show the visitors our lovely town.

About twelve old cars will be in the lineup on Manchester Field among which will be a 1907 Stevens Duryea, a 1909 Cadillac, a 1911 Cadillac, a 1912 Ford and others of lesser but still considerable age. Mr. Prescott R. Taylor of Stowell road will be the marshal for the local assembly.

The 1954 Glidden Tour will be the first in which the entries are limited to cars of the original Glidden era, 1913 and earlier. The tour ends Saturday, September 25th, at the Lars Anderson Antique Auto Museum, Newton street, Brookline. Over 250 cars forty-one years old or older will end their long trip there in a huge public showing. Old cars are entered in this event from as far away as California and Texas, and the 1954 tour will represent the largest gathering of really old cars to be held anywhere in the world.

Science Park says that there are plants that creep about like animals. The slime molds, relatives of the mushrooms, creep around in slimy masses of a couple of inches across in the early stages of their life, then form a stalk on which spores are produced. (From Boston's Museum of Science).

Wednesday testimonial meeting at 8:00 p. m.
Reading Room, 5 Winchester Terrace (off Thompson street). Open daily except Sundays and holidays from 11:30 a. m. to 4:00 p. m.

Christ Jesus' mission to reveal divine healing which overcomes sin, sickness, and sorrow in every age, will be brought out at Christian Science services Sunday.

Scriptural selections in the Lesson-Sermon entitled "Christ Jesus will include the account given in Matthew of Jesus' response to the followers of John the Baptist who asked if he was the Messiah (11:45)." ... Go and show John again those things which ye have heard and seen. The blind receive their sight, and the lame walk, the lepers are cleansed, and the deaf hear, the dead are raised up, and the poor have the gospel preached to them."

The following correlative passage will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (1:21-25-31):

"The mission of Jesus confirmed prophecy, and explained the so-called miracles of olden time as natural demonstrations of the divine power, demonstrations which were not understood, Jesus' works established his claim to the Messiahship."

The Golden Text is from John (1:17): "The law was given by Moses, but grace and truth came by Jesus Christ."

THE LUTHERAN CHURCH OF THE REDEEMER

Montvale Avenue and Prospect Street
Woburn, Mass.
J. Gordon Swanson, B. D., Pastor

Sunday, August 29, 1954

Pastor Swanson will speak on the subject: "The High and the Mighty"

CHURCH OF THE EPIPHANY

Rev. John W. Ellison, Rector.
Rev. Charles E. Batten, Director of Christian Education

SUMMER SERVICE

Sunday, August 29
10:00 a. m. Morning Worship and Sermon by Mr. Batten.

COMPETING IN HEART MEET

A group of Winchester swimmers are planning to participate in the big Hearst Record - American NEAAU sanctioned swimming meet at the Charlesbank Pool in Boston Saturday afternoon, commencing at 1 p. m. The pool is located across from the Massachusetts General Hospital.

Qualifying heats will start at 1 and continue until 5 p. m., with the finals, including the diving competition, scheduled for the evening. The diving is expected to commence at 9 p. m.

Lois Farrell, better known as a cross country, baseball and basketball player at high school, has been showing fine form as a diver this summer, and is expected to be one of the competitors to watch at the Hearst meet Saturday. He will compete in the low-board event.

Besides Farrell, Winchester competitors Saturday include the Johnson sisters, Noreen, Marguerite and Carlene; Nancy Donaghey, NEAAU junior breaststroke champion; Betty Rowlingson, Ann Neville, Molly Devaney, Brenda Cunningham and Jeanne Elliott.

Science Park says that there are plants that creep about like animals. The slime molds, relatives of the mushrooms, creep around in slimy masses of a couple of inches across in the early stages of their life, then form a stalk on which spores are produced. (From Boston's Museum of Science).

"5-5-5 FOR '55"

SLOGAN FOR THIS YEAR'S SALVATION ARMY APPEAL

"It's 5-5-5 for '55!"
That is the slogan for the Salvation Army Greater Boston Friendly Appeal for \$555,000 which will open September 13 in 56 cities and towns, including Winchester, with a total of more than 12,000 volunteer workers and over 300,000 contributors.

In explaining the new slogan Colonel William H. Fox, New England leader of The Salvation Army, stated today: "The slogan '5-5-5 for '55' means that your Salvation Army must reach its goal of \$555,000 if we are to maintain the humanitarian social service activities in Greater Boston during 1955 on the same high level as in the past.

But the people of Greater Boston should know that this goal of \$555,000 which we are asking the general public to contribute represents less than 40 per cent of the \$1,500,000 which the Salvation Army hopes to spend for the needy in this area alone during the next fiscal year.

The remainder, \$945,000, will come from self-supporting and partially self-supporting institutions, and other internal sources," Colonel Fox continued.

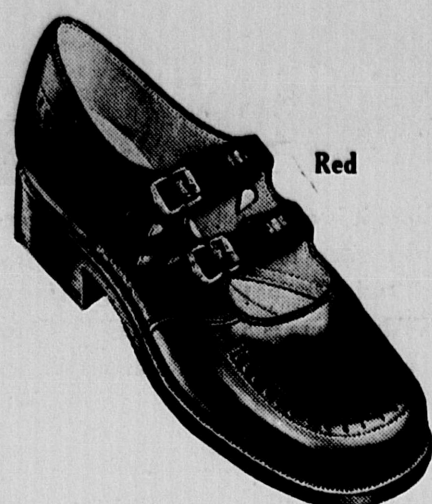

With expenses of maintaining 30 institutions, boarding houses, day centers and departments rapidly increasing we are asking people, whenever they feel they can, to increase their contributions by at least 10 per cent," Richard J. Hanan, executive director of the Friendly Appeal, stated.

He went on to explain that while The Salvation Army during 1954 has managed to maintain the many beloved services—including the Red Shield Club, Memorial Hospital, Wonderland Fresh Air Camp, Red Shield Club for the Armed Forces, and the South End Boys' Club—at the same high level the general public learned to expect of the organization, that it would be an impossibility to do the same in 1955 without larger gifts on the part of those who can afford to make them, and contributions from many additional givers.

The kickoff for the Friendly Appeal will take place on September 13 in the Dorothy Quincy suite of the John Hancock Building at 6:30 p. m. More than 400 state and city officials, top company leaders, and Service Fund committee members will be in attendance at this opening rally.

For the first time the thousands of members of labor unions will be working for the campaign on a fully organized basis. Already a special Labor Division, with Assistant Commissioner of Labor Benjamin G. Hull as chairman and also including Stephen J. Murphy, secretary of the Boston Central Labor Union, and Frank L. Davis, has already taken over responsibility for the participation of labor unions and their members in the campaign.

TALENT SEARCH EXTENDED

Three Winchester girls are among the hundreds of entrants in the Trio Talent Search now underway who have streamed into Red Feather Headquarters since the opening of the contest was announced two weeks ago. Winchester standard bearers to date are Lynda Narry, 16, of 230 M. V. Parkway; Nancy Samaroo, 16, of 44 Kirk street; and Ann Titillah, 16, of 53 Shore road.

Sopranos and altos from Boston and surrounding communities, intrigued by this opportunity to be seen and heard on television, radio, and recordings, already are rehearsing for their private auditions to be held at the Berklee School of Music. These will be in advance of the semi-final and final judgments on the Community Opticians Talent Shows over WBZ-TV on September 26 and October 3.

By popular demand, the contest has been extended to include not only high school girls but girls who have completed secondary school education as well. To be eligible for the Trio contest, a girl must be 16 years of age or older. Application blanks, available at Red Feather Headquarters, 14 Somerset street, Boston, should be filled out and returned with a photograph, if possible.

Looking for a B-I-G table for lots of friends and lots of elbow room? We will make it ANY SIZE you wish.

Looking for a little table for convenience in a little spot? We will make it as small as you please.

Showroom open daily

The girls to be selected as the Red Feather Trio will serve as standards bearers for the coming campaign, opening this fall in 48 Metropolitan Boston communities. As such, they will sing an original Red Feather theme song, written by Francis W. Hatch of Boston, and will appear as guests on radio and television programs, will make recordings, and will entertain at Campaign assemblies and rallies.

During their personal appearances, they will be gowned in original creations by Tracy of Boston, local costumers.

Last year's U. S. production of bituminous coal—433 million tons—would fill 7,050,000 hopper cars of 60-ton capacity and make up a train 60,087 miles long, or more than twice the distance around the world at the Equator.

PATENT TO KINNEY

Lawrence W. Kinney of 23 Westland avenue and John H. Grace, Portsmouth, N. H., were the recipients on August 10, 1954, of U. S. Patent No. 2,685,955, entitled "Conveyor Apparatus For Connecting Articles."

The final step in the manufacture of chocolate-coated candy is the coating of the chocolate coating which is applied in a semi-liquid state or liquid state at elevated temperature to the candy centers. In this operation, the candies are carried by a conveyor belt through a cooling unit, with each of them being spaced apart a sufficient distance from adjoining ones to prevent marring of the soft coatings by contact with each other prior to hardening and also to insure good adherence of the coatings to the candy centers.

The patent has been assigned to J. W. Greer Company, Cambridge, Mass.

made of devices employing stationary or moving deflectors that arrange the candies closer together in compacted groups on cardboard liners so that each group may be lifted and lowered into a stock box. However, according to Messrs. Kinney and Grace, these mechanisms ducts.

To cope with this situation, Messrs. Kinney and Grace have devised a novel apparatus wherein the conveyor belt is shaped and vibrated in such a manner that the candies thereon assume the required compacted arrangement without undergoing any pressure other than a gentle contacting action that does not damage them. In other words, the path of the candy pieces is not obstructed by deflectors; and it is claimed that the apparatus of this invention results in finished chocolates of markedly improved appearance and permits the packaging in stock boxes to be accomplished with substantial savings in labor.

The patent has been assigned to J. W. Greer Company, Cambridge, Mass.

PRICE TEN CENTS

WINCHESTER HARD HIT BY HURRICANE

TREES UPROOTED AND DAMAGED.
WIRES DOWN. LIGHTS AND POWER OFF.

Carol, the Hurricane, piped a lively tune in Winchester Tuesday, wreaking real havoc to the town's beautiful trees, bringing down light and telephone wires and doing more or less damage to property in various sections of the town. More than 2½ inches of rain fell during the storm.

Police and firefighters seemed unanimously of the opinion that Tuesday's hurricane was not as bad as its predecessor of 1938, particularly insofar as property damage was concerned. There was one fatality in the '38 storm, but there were neither fatalities nor serious injuries reported this year. One reason advanced for the lack of heavy damage to property was the fact that the previous hurricane brought down many old trees about town and of those felled then a number came down on houses.

Photo by Star Photographer Bernie Marvin, Jr.
"JOE" DONAHUE CLEARS OUT THE
CENTRAL HARDWARE'S WRECKED WINDOW

Photo by Star Photographer Bernie Marvin, Jr.
EVERETT AVENUE NEAR VOLPE'S

By far the greatest damage about town was done to the fine old trees which make Winchester such a beautiful town. Literally hundreds of trees lost branches of greater or lesser size, streets everywhere being carpeted or lined with great and small limbs and foliage.

An incomplete list of trees felled includes those on Everett avenue, Wedgemere avenue, Winthrop street, Park and Vine streets, Dix street, Northwood street, Cottage avenue, and Stratford road, Sheffield road, and Sheffield West, Fenwick road, Manchester road, Maxwell road, and Lloyd street, Bacon, several locations on Highland avenue, Penn road, and Hutchinson road.

Also at several locations on Wildwood street and Washington street, Water and Rumford streets, Church street, Mt. Pleasant street, Sheridan Circle, Main street and Everett road, Dix street, Crescent road, Madison avenue West, Forest and Washington streets, Hillcrest Parkway, 201 Forest street, Chesterford road, Rangeley, Foxcroft road, Calumet road and Cambridge street, 230 Mystic Valley Parkway, Pine and Wildwood streets, Ravenscroft road, 166 High street, Main street in front of the residence of Dr. Phillip J. McManus, Everett road, Palmer street near Palmer Beach.

A big double tree crashed on Border road near the Scott Cabin, others at 136 Highland avenue, Fletcher street, Highland Terrace, Edgemoor road, Yale Street, Cross street near Highland View Terrace, Hancock street, Myrtle street, Kendall street and Mt. Vernon street in front of the old Methodist Church Building. This last tree fell across Mt. Vernon street, effectively blocking exit from the fire station, and it was cleared away by firefighters and police in real jig-time.

HOUSES DAMAGED

Naturally it was impossible to get a complete account of the damage done property by wind and falling limbs and trees about town. Among that reported to the authorities was a window knocked in at the home of Mr. Joseph McCauley, 19 Lakeview road, when a large tree fell on the house. Considerable damage was done at the home of Mrs. Margaret H. Payne, 110 Pond street. Here several big severed tree limbs broke through the roof of the ranch-type dwelling, with one piercing the vestibule of the house and reaching the floor. Fortunately on one was injured.

A large tamarack tree fell on the back porch of the home of Mr. P. A. Smith on Calumet road, badly damaged by fire not many months ago. Other homes damaged were those of Mr. Edward Harkins at 7 Samoset road, Mr. Hugh Erskine on Linden street, and Mr. Edward Lynch on White street.

Considerable damage was done the home of Mr. Lewis B. Snow, 5 Chesterford road, where a big tree did extensive damage to the roof and smashed in a corner bedroom on the second floor of the house. The fire department was called to take care of holes knocked in the roof of the home of Mr. Percy Gleason on Pine street, but were unable to get near enough to the house to do the job. The same was true at the home of Mr. Bert Callanan, 63 Franklin road. The fire department did board up windows left open in an unoccupied home on High street and took care of several blown-in windows and skylight at the Cullen Block on upper Main street.

WIRES DOWN

Wires, both telephone and Edison Light, were down everywhere about town, the biggest excitement in connection with them being when a live wire fell at Symmes Corner on a town garbage truck, driven by Donald Poole. Poole fortunately was not injured. Edison crews were early at work on the herculean task of restoring service both to industry and homes about town, all available employees being called into service with out-of-state aid secured wherever possible.

(Continued on Page 4)

KETCHUM — BUNTON

In a setting of white flowers and cymbodium ferns at the Unitarian Church on Saturday afternoon, August 28, Miss Ruth Bunton, daughter of Mrs. Alger T. Bunton of Hillsdale avenue, and the late Mr. Bunton, became the bride of Jack Sinclair Ketchum, son of Mr. and Mrs. Clarence Ketchum of Salisbury, N. H. The marriage ceremony was performed at 3:30 o'clock by Robert A. Storer, and the bridal music was played by the church organist, Mary Ranton Witham.

Miss Bunton was given in marriage by her brother, Bruce Bunton of North Hanover, and attended by her sister, Mrs. Charles F. Kirby of Los Angeles, Calif.

The bride wore a gown of Galloon lace and tulle over a satin with matching headpiece and a fingertip veil of illusion. Her bouquet was of speciosum album.

Mrs. Kirby wore a ballerina-length dress of pink lace and tulle with matching headpiece and shoes, and carried speciosum album.

Ronald G. Ketchum of Salisbury, N. H., was best man for his brother, and ushering were Warren N. Baxter of Wilmington, Del., and John T. Batal of Andover.

A reception was held after the ceremony in the Alice Symmes Room of the church. Mrs. Bunton, mother of the bride, wore navy blue with a navy and lace hat and an orchid. The bridegroom's mother, Mrs. Ketchum, also wore an orchid with her toast lace dress and pink hat. Mrs. Bruce Bunton was in charge of the guest book.

After a wedding journey to Maine Mr. and Mrs. Ketchum will live in Hanover, N. H., while the bridegroom is attending the Ames Tuck School of Business Administration at Dartmouth.

The bride is a graduate of Winchester High School and of Bates College. Mr. Ketchum graduated from the University of New Hampshire.

WILLIAM A. MEAD

William A. Mead of 50 Salem street, died Thursday evening, August 26, after an illness of three years.

Born 69 years ago in Lowell, Mr. Mead was the son of William, and Louise (Drewett) Mead. He spent his early life in Lowell, but for the past 20 years he had been a resident of Winchester and until his retirement four years ago was employed as a mechanical draftsman at the town hall.

Mr. Mead leaves his wife, the former Ella G. Richett; three sons, Ellsworth H. of Winiski, Vt., William A., Jr., of Alhambra, Cal., and Pfc. Preston R. Mead, USMC, stationed at Cherry Point, N. C.; also two daughters, Mrs. George Parquet of Winchester and Mrs. George A. Smith of Orlando, Fla., and twenty grandchildren.

Funeral services were held last Saturday afternoon at the Lane Funeral Home with the Rev. John Snook, Jr., pastor of the Crawford Memorial Methodist Church, officiating. Burial was in Edson Cemetery, Lowell.

CHARLES AMBRO RIDLE

Charles Ambro Ridle, retired employee of Ginn & Co., publisher, died Tuesday evening, August 31, at his home, 142 Highland avenue, following a long illness. He had lived in Winchester for 21 years, coming to this town from West Somerville.

Mr. Ridle was born in Meadville, Pa., September 25, 1878, the son of John, and Amanda Ridle. He spent his boyhood in Meadville and after graduating from high school there he came to Boston, entering the employ of Ginn & Company soon after his arrival.

For many years Mr. Ridle worked for this well known publishing house, and at the time of his retirement in 1950 was foreman of its stamping department. His sole survivor is his wife, Mrs. Anne I. Ridle.

The funeral was held this Friday morning from the late residence with solemn requiem high mass celebrated at St. Mary's Church. Interment was in Mt. Benedict Cemetery, West Roxbury.

NOTICE

PLANNING BOARD MEETING POSTPONED

The Planning Board has announced that due to the fact that the first Monday of September is a holiday (Labor Day), its meeting regularly scheduled for that day will be held on Tuesday, September 7.

The Planning Board holds regularly scheduled meetings in its office on the ground floor of the town hall in the west wing of the building, the entrance being opposite the river.

Meetings are held on the first and third Mondays of each month, commencing at 8 p. m. Communications, or applications for action, may be mailed or delivered to the Board's office in advance of meetings, or Mr. Harrison F. Lyman, Jr., the Board's secretary, may be contacted personally.

WINCHESTER UNITARIAN
CHURCH
September 5—Sermon by Rev. Robert A. Storer

FOOTBALL HONOR TO GUILD

VETERAN OFFICIAL
TO RECEIVE "LIFE-TIME"
AWARD

Robert F. "Bob" Guild of Cabot street leaves tomorrow morning for Ithaca, New York, to receive a gold "life-time" award at the annual dinner of the Eastern Association of Intercollegiate Football Officials to be held Saturday, Sept. 4, at Cornell University.

Ralph Furey, former Columbia gridiron luminary and president of the Eastern Intercollegiate Football Association, will present the award, which will be in the form of a gold lifetime pass admitting Mr. Guild to games staged by members of the association. It is being presented to him in recognition of his long time interest in, and service to football.

"Bob" plans to get to Ithaca in time for the big informal meeting of the attending officials tonight in Mookley House at the University Golf Club, which will also attend the football clinic and examination sessions which are a part of the meeting of the Association.

Actively identified with football since his schoolboy days at Boston Latin, Mr. Guild officiated at school and college football games for many years, and since his retirement he has served as secretary of the Association of New England College Officials. He is presently secretary of the Suburban Football Officials Commission which he virtually organized and which provides officials for a group of high school members, including Belmont, Concord, Lexington, Malden, Medford, Melrose, Needham, Newton, Waltham, Watertown, Wellesley and Winchester.

His activity with this schoolboy officials setup is a hobby and seasonal activity for Mr. Guild, whose business is representing the Middlesex County National Bank at the branch office in Reading.

"Big Bob" is the first and only Harvard man to hold the "Life-time" award of the Eastern Association of Intercollegiate Football Officials. He played four years of football at Cambridge, for the most part at fullback, and he continued to be identified with Harvard football after his graduation in 1906, first as coach of the second team when the immortal Percy Haughton was head coach at Cambridge, and later as head coach of the Harvard informal football team during the war years. The team he coached in those years is best known as the Harvard football team.

Mr. Guild officiated his first football game as a senior at Harvard, working the First Corps Cadets-Battery A games in the Harvard stadium that year. Through the years he has worked many of the big college games, including the Holy Cross-Boston College game and contests involving Harvard, Yale, Dartmouth, Brown and many others.

In schoolboy circles he worked the classic Grotton-St. Marks games for 30 years, twenty of them with the late "Joe" Pendleton, and he also officiated many of the Exeter-Andover games, including the game that opened the new Exeter Stadium.

One of the highlights of his career was the serving as one of the officials in the only game played by two college teams, in which the length of the game was determined by the number of plays. This was the famous "40-play" game between Boston University and Brown played in the Brown Stadium in Providence, R. I., on Nov. 15, 1925.

Counting kid and schoolboy football, "Bob" played the game for 12 years, and never in that time was as seriously injured as he was when working a Grotton-Middlesex School game when he had his leg broken by a vicious block inadvertently thrown at him by one of the players.

HIGH SCHOOL MAKE-UP EXAMS

Students who failed in any subject in the high school last year and are now re-enrolling during the summer, may take make-up examinations in that subject at the high school on Tuesday, September 7.

All students who are taking an examination should report to the high school office at 9:00 o'clock and students who are taking two examinations will report again at 1:00 o'clock.

Examinations will be given in Room 11.

Aug. 27-28

DOUBLE SESSIONS
AT HIGH SCHOOL

Parents of pupils attending the Junior and senior high schools are reminded of the notice regarding the double session which was published in the Star for July 30. Until the work of renovation on the present Junior High School is completed, it will be necessary for both schools to share the facilities of the High School building.

The Senior High School, grades 9 through 12, will meet from 8:00 a. m., to 1 p. m., and the Junior High School will be in session from 1:30 p. m. to 5:30 p. m.

AWARDED CONTRACT

Frank Reego & Sons, local contractors, have been awarded the contract to asphalt the school grounds and construct a road in connection with a new school in Ashland.

SELECTMEN'S NOTES

Notice of Hearing

Petition of the Boston and Maine Railroad for approval by the Department of Public Utilities of the discontinuance of passenger train service of Train No. 3307 leaving Boston at 8:40 a. m., arriving Lowell 9:25 a. m., Train No. 3320 leaving Lowell at 10:25 a. m., arriving at Boston 12:0 a. m., Train No. 3211 leaving Boston at 4:31 p. m., arriving at Bedford 5:14 p. m. and Train No. 3206 leaving Bedford at 7:00 a. m., arriving at Boston at 7:37 a. m.

The foregoing petition the Department of Public Utilities will hold a public hearing at its hearing room, 166 State House, Boston, on Thursday the 16th day of September, 1954, at 10:00 o'clock in the forenoon.

The Selectmen urge any who are interested to attend this hearing. Overhead Agreement Signed

The Selectmen have signed the agreement with the state and the Boston and Maine in connection with the construction of the overhead tracks and bypass through the Skillings estate.

The town will pay toward the actual construction of the project only the \$190,000 voted by the limited town meeting and confirmed by the referendum vote which followed.

In accordance with state law the town will also be required to pay the expense of the new roads at Waterfield road and Common street and for the bridge at the by-pass at the Skillings estate. The bridges at Bacon and Swanton streets, being relocated only do not become the town's responsibility.

The railroad will do the actual maintenance work on the Waterfield and Skillings bridges, but the town must foot the bills.

The town will also have to bear the expense of the new roads at Bacon street, Waterfield road, the Skillings estate and Swanton street.

Tansey New Chairman

J. Joseph Tansey takes over the duties of Chairman of the Board on September 7. He and Mr. Main were elected successive chairmen, not co-chairmen, as many have believed, with Mr. Main serving the first year.

Dog Kennels Discussed

The Board this week met with Mr. Eugene Rotondi and residents of the district affected by the proposed erection of dog kennels for the purpose of discussing the problem in connection with the erection of the kennels, denied that the dogs would be exercised or trained in Winchester, stating that it is not the plan of those who want the kennels to train the dogs in Woburn. He said that none of the project will take place in Winchester. Residents of the Winchester district affected reiterated their opposition.

In this connection the Board received a resolution from the Board of Aldermen in Woburn, stating its opposition to the dog kennels project, and asking the Board's cooperation. While the Board is naturally reluctant to advise a neighboring community on matters which are strictly their business, the Board will reply to the communication, stating that so far as the Board is concerned, it is opposed to the kennels project.

Praise for Hurricane Workers

The Board feels that a word of praise is due the town employees, highway and tree crews, police and firefighters, for the extra labor cheerfully made available to the town through this period of crisis brought about by the hurricane.

The Board met this evening and voted that a state of emergency exists, necessitating the expenditure of money in excess of normal budgets voted at the past March meeting. A sum in excess of \$30,000 was made available to the town department affected.

DAMAGE AT WILDWOOD

Many of the fine old oaks in Wildwood Cemetery, about fifty to be exact were brought crashing down by the hurricane, and Kenneth Prid, chairman of the Board of Cemetery Commissioners said it would be some time before the debris can be cleared away.

Fortunately for lot owners there was very little, if any damage to monuments in the cemetery, though there were many near misses. One of these occurred on the Jere A. Downs lot, where a huge oak crashed perilously near the beautiful Greek temple type of monument there.

BOARD MEETING OF
CENTRAL MOTHERS' ASSN.

On Tuesday, September 7, the board members of the Central Mothers' Association are having their annual party to give Winchester residents an opportunity to meet the Superintendent of Schools, Dr. Gilson, and Mrs. Gilson, and the principal and teaching staff of all the schools, preliminary to the opening of the schools. The party will be held at the home of Mrs. Joseph W. Butler, 11 Ravine road, beginning at 3:30 in the afternoon. Punch and cookies will be served. The Board hopes that many parents and other interested persons will come.

GENEVIEVE CROVO

GETS LEADING ROLE
IN "OKLAHOMA"

Genevieve Crovo, well known to Winchester audiences for her work with the Parish Players and the Staff and Key Society, has been selected by Rogers and Hammerstein to go on tour as leading lady in the popular musical show "Oklahoma".

For ten months Miss Crovo has had a leading role in "South Pacific" which has been playing in principal cities east of the Mississippi from Canada to Florida.

For her part in "Oklahoma" Miss Crovo has taken her brother's middle name Owens, as a stage name, and also was obliged to lighten the color of her hair. She left "South Pacific" two weeks ago in Washington, flying to New York to sign her contract with Rogers & Hammerstein, after which she spent a few days with her parents in Reading. Her mother is a former Winchester girl, Mildred Gurney, sister of Mrs. Harold Dover of Vine street.

After a brief vacation in Maine Miss Crovo returned to New York for rehearsals of "Oklahoma" which opens in Bridgeport, Conn., September 17. After playing New London, New Haven, Hartford, Springfield and Worcester, the show will tour Canada before returning to New York in the spring.

After her return Miss Crovo hopes to be able to give a recital for her many admirers and friends.

REX THORPE CRANDALL

Rex Thorpe Crandall, a widely known resident of Winchester and an officer of the Workingman's Cooperative Bank in Boston, died suddenly Wednesday night, September 17, at his home, 25 Wildwood street, following a heart attack. He had been at business as usual during the day.

Mr. Crandall was the son of Dr. Guy B. and Adelaide (Thorpe) Crandall. He was born October 18, 1888, in Randolph, N. Y., but grew up in Buffalo, to which city his father, a physician, moved with his family while Mr. Crandall was a boy.

As a young man Mr. Crandall was employed in a bank in Buffalo, moving to Westfield, N. Y., where he owned two banks until the financial crash of 1929. Twenty-five years ago he came to Boston, settling in Winchester on Dix street and serving as an officer of the Webster & Atlas Bank in Boston.

For a brief period, commencing in 1934, Mr. Crandall was associated with the American Tissue Company in Holyoke as executive vice president, living in Westfield. He returned to Winchester in 1937 and since that time had been with the Workingman's Cooperative Bank at 72 Cornhill in Boston as an officer and a member of the bank's mortgage department. Before coming to Boston he was for a time associated with Cuban and South American Banking interests with headquarters in Havana.

Mr. Crandall was active civically in Winchester, serving in many philanthropic drives and as a town meeting member for his precinct. He had served as a deacon of the First Congregational Church and during World War II was warden in his district.

On June 26, 1920, Mr. Crandall married Ola Eleanor Long of Buffalo, N. Y., who survives him, with three sons, Rex Thorpe, Jr., Courtney Allen, and Creighton Lincoln Crandall; a daughter, Mrs. E. Jackson Browning; and six grandchildren.

The funeral will be held Saturday afternoon at 2 o'clock at the Ripley Chapel of the First Congregational Church with the pastor, Dr. Dwight L. Cart, and the pastor emeritus, Dr. Howard J. Chidley, officiating. Burial will be in Wildwood Cemetery.

There will be visiting hours this afternoon and evening at the Kimball Chapel on Church street. It is requested that no flowers be sent, but donations in Mr. Crandall's memory may be made to the Heart Fund.

LEGION CHAPLAIN APPOINTED

Francis J. "Joe" Hart, Jr., Commander of Middlesex County Council, The American Legion has announced the appointment of the Reverend Father Joseph I. Collins of St. Paul's Church, Cambridge to be Chaplain of the County Council.

EDITORIAL

The Star is appearing this week as usual, despite the rigors of the hurricane and the consequent disruption of our normal plant routine. Of necessity our paper is not as carefully prepared for publication as we would like to have it, and we ask our readers' indulgence of unusual errors and our advertisers' patience with our inability to give them the service to which they are entitled. Things would have been much more difficult for us than they were if it had not been for the kindness and cooperation of our good friend, "Jimmy" Haggerty, and his staff of the Woburn Daily Times. The modern Times plant was made available to us Wednesday and our ability to get the Star out today is due to the facilities which were put at our disposal there. Another who worked tirelessly to assist us in the restoration of the necessary power to operate our printing machinery was Jim Johnston of the Winchester Edison office. His friendship and interest meant much to us, and we know his efforts helped a lot. To the Edison emergency crews we extend our sincere thanks for getting us power Thursday morning, and to those Edison officials who were so patient with our requests for assistance all day Wednesday we are very grateful. Our thanks are also due our Telephone Co. friends who kept our line in constant operation, enabling us to keep our sad plight constantly before the Edison Company trouble shooters, local and city-wide. Chief Callahan rallied around nobly with an offer of a generator, which unfortunately was not of sufficient power to serve. We appreciate his offer and his making the fire department electrician, Everett Kimball, available to do what he could to help. Theodore Boecker was another friend, indeed, coming to our press room late in the day and attempting to rig an emergency power hook-up. Jack Cullen, Woburn electrician, spent hours Wednesday looking for a generator of sufficient size to carry our press-room load, and came up with one Thursday morning after the Edison Company had fixed us up. Thank you, Jack! Other friends did what they could to help, Eddie Cullen, Nick Fitzgerald, Selectman Joe Tansey! It all made us feel good and glad to be serving a community like Winchester. Thank you, everybody!

COMING EVENTS

Sept. 7, Tuesday, 8 p. m. Regular meeting of Winchester Lodge of Elks. Elks Home, Francis P. Allen, Exalted Ruler.
Sept. 7, Tuesday, 7:30 p. m. Fruit and Flower Mission, New Hope Baptist Church, Mrs. Henry G. Terrell, Tel. W. 1-10-10.
Sept. 8, Thursday, 5:45 p. m. Regular meeting of Mystic Valley Lodge, Masonic Apartments, Robert R. Phillips, Master.
Sept. 14, Tuesday, Regular meeting of William Parkman Lodge, Dinner at 6 p. m. Annual Meeting at 7 p. m. Herbert Todd Washworth, Master.
Sept. 14, Tuesday, 7:30 p. m. Special meeting of Mystic Valley Lodge, Masonic Apartments, Robert R. Phillips, Master.

Mr. and Mrs. Sidney H. G. Straghan, Jr., of 31 Warren avenue, Woburn, formerly of Woodside road, announce the birth of a daughter, Lynne Irene, born August 18 at the Winchester Hospital. Grandparents are Mr. and Mrs. Emil T. Lundin of Kenwin road, and Mr. and Mrs. Sidney H. G. Straghan of Cambridge. Formerly of Winchester, Mr. and Mrs. Gustave A. Danielson of Winchester are great-grandparents.

Born to Mr. and Mrs. Theodore von Rosenzweig, II (Hazel M. Lowe) of Winchester, a second son, Mark Turner, on August 21, at Richardson House. Grandparents are Mr. and Mrs. John William Lowe of Cambridge and Annisquam and Mr. and Mrs. Theodore von Rosenzweig, Jr., of Winchester and Annisquam. Great-grandmother is Mrs. Henry E. Worcester of Winchester.

Mr. and Mrs. Deane Franklin Tolman of West Medford announce the birth of their second child, a son, Deane Franklin Tolman, Jr., August 13, at the Winchester Hospital. Grandparents are Mr. and Mrs. Tim J. Sanders of Jacksonville, N. C., and Mr. and Mrs. Roger M. Tolman of Nelson, N. H. The great-grandmother is Mrs. E. L. Cox of Jacksonville, N. C.

Mr. and Mrs. John Henry Virgin (Constance Zimmerman) announce the birth of a daughter, Charlotte Lee, August 20 at Oslo, Arizona. Maternal grandparents are Professor and Mrs. Carl E. Zimmerman of 6 Cliff street.

MISS CHISWELL ENGAGED

Captain and Mrs. William Belamy Chiswell of Oakland, California, announce the engagement of their daughter, Eleanor Jane, to Donald Wilson, son of Mr. and Mrs. James Wilson of 10 Hancock street.

Miss Chiswell graduated from Winchester High School in 1951, attended Jackson College, and is now a member of the University of California in Berkeley, Mr. Wilson graduated from Winchester High School in 1949, attended the Bentley School of Accounting and Finance, and is now serving with the U. S. Navy in Boston.

FINAL UNION SERVICE

Union Summer Services will conclude this Sunday, September 5, at the Unitarian Church at 10 A. M. Reverend Robert A. Storer will preach on the topic: "Finding One's Work." The soloist will be Mrs. Helen McCloskey, who will be a regular member of the quartette of the Unitarian Church choir this coming season. Regular services of the various churches will be resumed on September 12th.

ZIMMERMAN TO SERVE IN ROME

Mr. and Mrs. Carl C. Zimmerman of 6 Cliff street left via TWA the 27th of August for Rome. The professor will be visiting research professor at the University of Rome until February 1955. During this period the couple will be doing field work on a large study of Italian village populations from Sicily up to the Alps near Venice and Milan. About a dozen villages have been chosen which have sent large populations to America and whose descendants in the United States now live closely grouped together in Lawrence, Worcester, Providence or sections of Boston

or New York or Chicago. These village groups will be studied anthropologically, medically, demographically and socially. Next year, the persons emigrated to the United States will be studied according to the same plan. Then a dozen more villages will be chosen and the study repeated for the next two years.

The study involves the cooperation of several Italian scientists from the University of Rome and will include some other American scientists as time goes on. Its purposes are numerous, some scientific and some practical. One question is whether the migration has been selective of a physical type in each village. In this matter the returnees to Italy will also be studied. Then again there is the problem of intermarriage within America and its influence upon virility and physical development. The study is supported by the Fulbright plan and other funds made available in Italy and America by persons interested in scientific research and the improvement of Italo-American relations.

The Zimmermans will attend the International Congress of Sociology in Bergundy, France, the latter part of September and hope to visit other European countries before returning to 6 Cliff street.

THE EDISON REPORTS

Substantial progress was made during Tuesday night in restoring electric service in the 400 cities and towns served by Boston Edison. Shortly after daylight the first half-dozen of the emergency line crews recruited late yesterday from New York, Pennsylvania and New Jersey arrived in Boston and were immediately added to the company's restoration forces. Fifty-odd retained crews are en route and will arrive during the day.

Municipal authorities have done a splendid job in clearing the streets and this will speed the repair work.

The company's electric load this morning was running approximately 77 per cent of a normal Wednesday.

As in 1938 and 1944 it appears that the heavily shaded residential areas were the most seriously affected by the hurricane.

TOWN CHAMPIONSHIP TENNIS TOURNAMENTS

On September 11 and 12, the week end after Labor Day, the annual town championship tennis tournaments will begin at the Palmer Street Courts. Any resident of Winchester who is more than 10 years old is eligible to compete in any of the five tournaments, men's and women's singles and doubles, and mixed doubles.

Your cooperation in signing up promptly for the tournaments will be greatly appreciated, although entries will be accepted until 8 p.m. on Friday, September 10. Entries may be made by calling any of the following:

Bob Kittridge, Winchester 6-4236

George Stathoff, Winchester 6-2872-M

Bob Mulford, Winchester 6-1287-R

The starting times for each of the tournaments will be announced next week.

THE HURRICANE AND THE RED CROSS

The hurricane and Red Cross were in contact all the day long on Tuesday. At 9 o'clock in the morning Motor Corps was busily driving a little two and one half year old girl to the Children's Hospital where she goes for treatment three times a week accompanied by her mother, Miss Alice Gaffney was at the wheel.

It was tough driving in but definitely worse coming home at noon. By this time Miss Gaffney was in the midst of the hurricane, taking detours through Brookline and Cambridge as trees crashed across the roads and the visibility very poor because of the lashing rain. Eventually the Red Cross station wagon itself became a casualty when the windshield wiper gave up and flew away in the gale and two branches became entangled in the underparts of the car. However, Miss Gaffney finally limped into Winchester, got her small patient home and the station wagon into the garage, the worse for wear.

While the Motor Corps goes day by day on its errands of mercy regardless of the weather, still no day has ever been quite so fearsome as this and Miss Gaffney is the heroine of the story.

Mrs. Duttling, the executive director, hurriedly got the Red Cross car fixed and by 4:30 it was back on the road once more, this time loaded with hearty sandwiches and five gallon thermos jugs of hot coffee to be served the many men working to clear the highways. Civil Defense had alerted on the disaster and Red Cross was prepared.

The car, driven by Robert Duttling and with Mrs. Duttling as a Canteen worker because of the absence of the Canteen co-chairmen away on vacations, went up and down the streets of Winchester giving sustenance to the highway men, many of whom had been working since seven in the morning without a bite to eat.

Then at nine o'clock in the evening Red Cross was again on the road feeding the workers until midnight.

There was splendid cooperation between Civil Defense, the Highway Department and Police with Red Cross. All the crews were reached and fed and they were most appreciative of the 400 cups of coffee and the 500 sandwiches made by the Canteen.

As midnight came and the job done, Mrs. Duttling could well say that no other organization belongs so completely to the people and the Red Cross Heritage is "people helping people."

FOUR INJURED AS CAR CRASHED POLE

Four persons were injured Sunday afternoon shortly after 3 o'clock when the Plymouth sedan in which they were riding knocked over a sign and crashed into a pole on Main street near Stowell road.

Police say Victor M. Lancelotte, Jr., 16, of 75 Mt. Pleasant street, Woburn, was driving the car north on Main street, and was making the turn in the road at the intersection of Highland avenue when he lost control of the machine.

The car left the road and going over curbing knocked down a sign and crashed into an Edison pole, moving the pole slightly and splitting it two feet above ground.

The police were notified, and dispatched the ambulance to the scene, removing the four teenage occupants of the car to the Winchester Hospital.

Lancelotte, the driver, sustained injuries to his back, right knee and head. Bernard Boudreau, 15, of 32 Spring Court, Extension, Woburn, was injured about the head and legs.

Phyllis Boyle, 14, of 71 Green street, Stoneham, was injured about the chest and back. Judy Farrar, 15, of 74 Green street, Stoneham, sustained a bad cut on the chin and an injury to her right cheek.

All the injured were treated by Dr. A. J. Guarente. The wrecked car was towed to Haggerty's Garage.

One mining company operating on the Caribbean island of Jamaica takes out more than a million tons of bauxite annually, says the National Geographic Society. The supply of this aluminum ore is expected to last 50 to 60 years, perhaps longer if further explorations reveal more workable deposits.

K OF C NEWS

OUTING DATE NEARS

Sunday, September 12th, with clear skies and beautiful fall weather already ordered by General Chairman Jim Wharf, is the date for the annual K of C outing, one of the most popular events of the Council.

The large ticket committee urges those who haven't been contacted already, and even those who have but for some reason are holding off until the last minute, to express their intention of going so that the caterer can be informed as to the correct amount of dinners necessary. Non-members are urged to attend for the good time that they are sure to have and members are urged to invite their friends. Besides softball, baseball, horseshoe pitching, golf and basketball, there will be tennis for those so inclined.

Coffee and donuts will be ready for the early arrivals to stave off

the pangs of hunger until the catered dinner at 1:00 p. m. This will consist of roast turkey with all the trimmings and which will be served outside on the spacious grounds. At 4:00 p. m. there will be an old-fashioned "weenie" roast thus rounding out a day of food, soft drinks, sports, games, strolls about the magnificent property which embraces about 125 acres of woodlands.

John Mulrennan and Dick Fiore will be in charge of softball and no doubt will field two strong teams to begin with, but there will be ample opportunity for all to get into the fray because the spirit may be willing but the body will be weak in many instances, and as players drop out there will be others to take their turn for an inning or two.

The outing site is the Carmelite Seminary grounds on the North Shore, same as last year in Hamilton. Transportation will be easy to obtain, just call Chairman Jim Wharf or Grand Knight Jim Mawn.

Come dressed informally in fact it would be wise to bring along that extra sweat shirt, etc.

CALLAHAN PROMOTED

Lawrence Callahan, son of Mr. and Mrs. John J. Callahan of 52 Clark Street has recently been promoted to the rank of corporal in the Army. He arrived in Korea October 1953 and is serving in the office of the Adjutant General with the Third Division.

Before entering the Army, Cpl. Callahan was associated with the First National Bank of Boston.

PLAYGROUND NOTES

Director Ted Bartlett and his successor, Frank Provinzano, wish to extend their appreciation and thanks to the youngsters who participated in the summer playground program. All who took advantage of the offered program were fortunate in doing the things they enjoyed and doing them with much interest and pleasure. The conduct of the youngsters was just wonderful and this was a major factor in helping make the program the tremendous success that it was.

The sports and games of various kinds were conducted by Paula Lanergan and Dick Spaulding at Ginn Field. At West Side Field were Sheila Gallivan and Rowe Ghrardini. Janice Collins and Gary Nelson directed Loring Field and Elaine Knese and Warren Goodnow were located at Leonard Field. Jane Di Brigard rotated to the different fields for the arts and crafts department. It is to these instructors that much credit belongs because they worked diligently in keeping the program active and interesting. Proof of this is the increase in enrollment of Winchester attending the fields to the very last day.

Some of the activities included in the program were senior baseball, junior baseball, younger boys' softball, girls' softball, kickball for girls and boys, croquet, badminton, tennis, ping pong, horseshoes, dodge ball, basketball, volleyball, soccer, story telling and two field days which included activities for all age groups and these were held with the Reading Recreation Department.

The Arts and Crafts department kept the youngsters busy and interested by making such articles as bracelets, wallets, pencil cases, key chains, pot holders, dolls, napkin holders, pie plate decorations, lanyards, neck pieces, and various other articles that brought much happiness to the younger ones who presented these makings to their parents and friends as gifts. Incidentally, if you failed to see these articles on display in Hevey's window the past week, you really missed something.

This past week was the final

week of the summer playground program, a brief basketball schedule highlighted the events and in the first game West Side defeated Ginn 22-10. For the winners Vandy French was the star by dropping twelve points. Rod Gray hit the nets for six, Ty Peabody four and Jim Moran and Jack Callahan went scoreless but played a good game. Reardon was the big gun for Ginn with four points, Branch, E. Carter, R. Carter got two each and Scales failed to hit.

West Side Field then played Leonard and again came out on top by a close 38-30 score. Vandy French was high scorer for West Side with fourteen points but was closely followed by Paul Nichols, who hit for twelve, Rod Gray had six, Jack O'Callahan four and Ty Peabody two points. For Leonard Roger De Minico hit for most points with eleven, George Neville had six, Dale Grinnell got five, Junie Perritano, Bob McGee, Paul Mulloy and Mike Bellino hit for two each.

To bring the playground program to a climax a bus load of sixty youngsters and their instructors with Director Frank Provinzano attended Fenway Park last Friday afternoon to see the Red Sox defeat Baltimore 3-2. Much fun was had and on the return trip the youngsters gave cheers for their instructors to show their appreciation for what was done for them throughout the summer. So, so long until next summer.

MRS. POND RE-ELECTED

At the 63rd annual convention of the American Numismatic Association in Cleveland from August 17th through the 21st, Mrs. June T. Pond of 2 Salisbury Street was re-elected governor. Mrs. Pond is the only woman ever elected to officership in this national association and the only woman president of the 94-year-old Boston Numismatic Society. She is chairman of the lecture committee of the New England Numismatic Association. Her late husband, Shepard Pond, originated the latter association by holding the first New England numismatic conference in Boston in 1942.

SOFTBALL SEASON SUCCESSFUL

Mr. Edward A. Bartlett and his successor, Mr. Frank Provinzano, as director of the Town's Softball League, wish to extend their appreciation and thanks for the loyal support given to them by those boys participating in softball, to the fans that attended and enjoyed the contests, to the Winchester Star for providing space each week for reports on the games as they were played, to the umpires that deserve a big pat on the back for the fine job that they did and last but far from least to the Park Department for making such a program possible and for preparing the fields for competition. It is programs such as this that make Winchester the fine community that it is and all of us should be proud to be a part of it.

The entire season was one of much interest and provided many exciting moments from beginning to end.

This season six teams took part in the program and these teams were the defending and present champions, Sons of Italy, Veterans of Foreign Wars, Fitzgerald Contracting Co., Monson Woodworking Co., the Army A. A. Battery, and the Jokers. It is hoped that at least two new teams will be added to this list for next year, so let's get busy and round up your players and select your team name now! Bring on some new faces and make the league even more interesting and lively.

At the end of the regular season just passed, the S. O. I., the Vets, the Fitzies and Monsons were the four top teams and made the playoffs. In the elimination series the S. O. I. met the Monsons and the Vets played the Fitzies and these provided the fans with some thriller-dillers for this two-out-of-three series. The Sons took the opener from the Monsons by a 6-2 score and the second contest was won by the Sons 12-1 to eliminate the Monsons.

In the second pairing, the V.F. W. defeated the Fitzies 7-6 in the first meeting but the Fitzies came back to even the series in the second game by winning 5-1. In the third and "rubber" game, the V. F. W. took a close 3-2 decision that put them in the finals against the S. O. I.

The final series was a hum-dinger for excitement and thrills and provided the fans with moments they will talk about for a long time to come. Several fine performances were made and many "Lippy Leo" acts were made but it was all in the game and the players, fans, and even the umpires loved it although at times the towel probably could have been tossed in.

The Vets defeated the S. O. I. in the first game of the three-out-of-five series by a 10-2 score. The losers then came back to take the second game 12-5 to even the series. In the third meeting the S. O.

I. again came through to win 11-8 to take a one-game lead but this lead was erased the following day when the Vets evened the score by winning the fourth contest 10-3. Then the final and most important game was on hand and the defending champions, S. O. I., walloped the challengers by a big 17-1 score to gain championship laurels and the first to have the team name engraved on the handsome new trophy.

Joan McNeill and Bill Bird are coaching the various groups. The hurricane weather has slowed up the practice some, but success is assured.

The festivities will begin at 2 p. m. with water sports, snipe races, and awards. Then chow will be served at 6 p. m. Bring your own utensils for tackling the lobster. (A bib is indeed useful!) All tickets must be purchased from the Steward by tonight.

Hurricane Cancels Bridge

Most of the committee members for last Wednesday's bridge have electric stove, so none of the usual goodies could be baked for the event. The ladies decided to forego bridge until Wednesday, September 15, when Mrs. Paul Atwood and Mrs. John Day will be chairmen. Mrs. Thomas Hoover will be in charge of the party September 22.

Junior Snipe Results

Peter Montminy was victor Monday in the Junior snipe race. Herb Alderson placed second, followed by Peter Freyer. Herb Alderson still holds the first place in the series.

Club Improvements

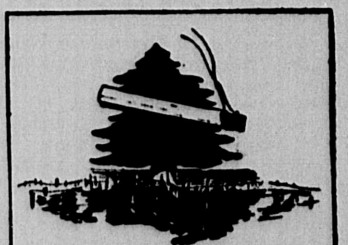

The roped-off swimming area for the youngsters has been considerably enlarged.

An aluminum rowboat has been added to the club boats. This is the first of several which will eliminate the old wooden jobs.

SUCCEEDS WINCHESTER MAN

Appointment of Foster R. Spofford of Beverly Farms to be engineer, maintenance of way, of the Boston and Maine Railroad was announced today by S. G. Phillips, chief engineer of the railroad.

Spofford, who has been assistant to the chief engineer for the past two years, will assume his new post on September 1, succeeding Harold F. Fifield of Winchester, who retires Tuesday.

LETTER OF APPRECIATION

Editor of the Star:
On behalf of Ted Bartlett and myself, as playground supervisor for the Town of Winchester, I would like to express my appreciation to the Winchester Star for the splendid cooperation we have received in publicizing our program during the past summer. The Winchester playgrounds have enjoyed a most successful season and we are grateful to the Winchester Star for the large part it has played in stimulating the interest of the youngsters and informing the public of their activities.

Sincerely yours,
Frank Provinzano

REGISTRY OF MOTOR VEHICLES

REGISTRAR KING SAYS
A GOOD DRIVER
IS A SAFE DRIVER

Safe Drivers—
Never get behind the wheel after drinking.
Regulate speeds according to conditions of the highway, traffic, visibility, and the weather.
Observe all signs, signals, and warning devices.
Are always alert for highway traffic hazards.
Signal their intention to start, stop, or change direction.
Are courteous and considerate of others at all times.
Stop and rest when tired or drowsy.
Remember that pedestrians always have the right of way.
Watch for and obey painted pavement markings—the lifelines of the highways.
Never take chances.
Tilt headlights to the low beam when approaching oncoming vehicles.
Anticipate the presence of children on the highways.

HEADS TAX EXECUTIVES

Frederick L. Patton of Winchester, Treasurer, Cambridge Rubber Company, Cambridge, Mass., was re-elected President of Tax Executives Institute, Inc., today at the Institute's ninth annual conference in French Lick Springs Hotel.
Patton, a native New Englander residing at 22 Everett road, was educated in Boston and holds a Massachusetts C. P. A. certificate. Since joining Tax Executives Institute in 1947 he has made substantial contributions to the sound and rapid growth of the organization, whose present membership of 900 corporate tax executives represents major industries from coast to coast. He presently serves on Commissioner T. Coleman Andrews' Advisory Committee and is active in the Controllers Institute of America, the National Association of Cost Accountants, the American Institute of Accountants, the Massachusetts Society of C. P. A.'s, Chamber of Commerce of the United States, and several other civic and professional organizations.

Do you smoke in bed? It's a costly habit. One woman wouldn't learn better. She caused five fires during the last few years. As a result of the most recent fire, the sixth, she won't bother the firemen any more. You wouldn't think people would be so careless with their lives.

HURRICANE CONTINUED

(Continued from Page 1)

TELEPHONE SERVICE DISRUPTED

Telephone wires around town were hard hit, though apparently not as badly as the Edison wires. Service was maintained through the day at the police and fire headquarters, and the Star was never without phone service. By Wednesday morning the only priority service not in operation was that of the Winchester Hospital, where a cable crushed by a falling tree on Fairmount street made immediate resumption of service impossible.

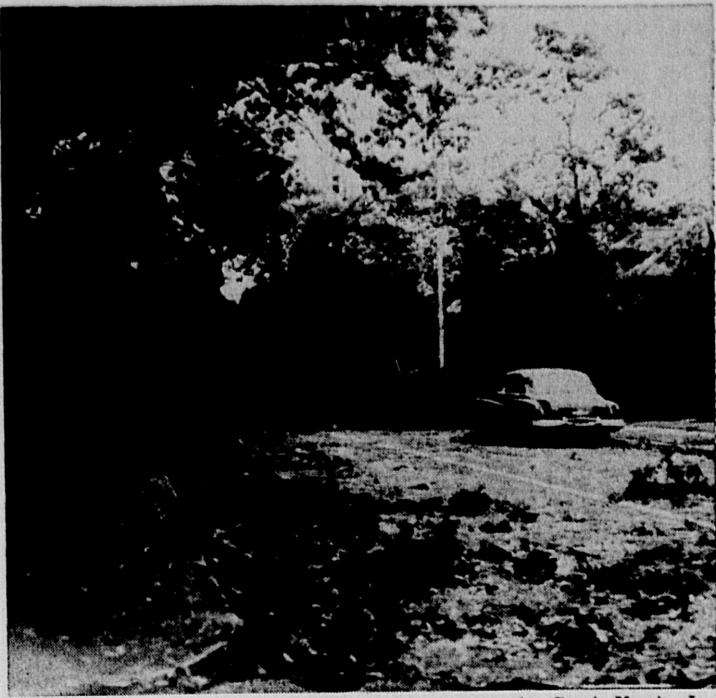

Photo by Star Photographer Bernie Marvin, Jr.
EVERETT AVENUE

Telephone representatives stated their crews were working hard to correct this trouble and hoped to have service restored to the hospital by late Wednesday.

Six telephone poles were felled by the storm and ten trees were reported lying on telephone cables, making it impossible to determine the extent of damage to these units. Sixty wires were blown down and a great many homes were without telephones during the storm.

By Wednesday forenoon repair crews augmented by every employee available to the company had restored service to all but 461 lines.

Normally the local telephone traffic is 25,000 calls originating in Winchester, with 13,000 calls coming in from outside. As a result of the storm this traffic was increased to 50,000 calls originating in Winchester and 25,000 calls coming in from outside.

GARAGE ON STRATFORD ROAD

BIG INDUSTRY NOT BADLY HIT

A check on some of the larger industrial plants in Winchester showed that they were on the whole not badly hit by the storm, though in some instances loss of power proved costly.

At Bergs and Cobb it was reported that there was considerable minor damage to the plant, chiefly shingles blown off and windows blown in. The heavy rain driven through the open windows resulted in some damage to the stock being processed, and the tops were ripped from several large exhaust pipes extending from the building. The plant was in operation Wednesday.

J. O. Whitten reported its gelatin manufacturing plant on Cross street was without power from noon until 9 o'clock at night, when Edison emergency crews completed restoring service. There was little damage to the plant itself. The same was true at J. H. Wins' Sons' plant on Mt. Vernon street where power had not been restored Wednesday forenoon. Calidyne reported no plant damage.

In the business center damage was chiefly confined to windows. Among the worst hit were Woolworth's, Central Hardware, Rutherford's, the Economy Market, the Wilbur Shoe Shop, Bill Richardson's Bike Shop, Christie McDonald's, and Bonnell Motors. Several merchants on Mt. Vernon street saved their big windows by reinforcing them with adhesive tape. Where whole windows were blown out, as at the Woolworth Store and Central Hardware, there was considerable damage as well as the glass breakage.

FIRE CIRCUITS OUT

Circuits one, two, and four, with a total of 51 fire alarm boxes, were knocked out of commission by the storm, but Department Electrician Everett Kimball and his crew went quickly to work and had all but 25 boxes back in operation by Wednesday morning. Fire Chief Callahan predicted that these boxes would also be in working order by late afternoon Wednesday.

An alarm from Box 7 called all permanent men on days off back to duty as soon as Chief Callahan saw the severity of the storm and early in the afternoon a round from Box 6 called all available auxiliary firefighters in to the station for duty. These men worked hard cutting trees in the vicinity of Sheffield road and Sheffield West as well as Everett avenue, where the wreckage was especially heavy in front of the residence of Commissioner of Public Works John Volpe. Fire department generators were taken to Everett avenue to enable highway crews to rid the street of trees and poles there, and to Swan and Hutchinson road for help there.

Highway crews worked until midnight and Highway Superintendent Mike Grant reported in the morning that most streets were passable then. Glen road, Vine and Dix streets and part of Lawson road were exceptions.

POLICE ACTIVITY

Police headquarters was a busy place throughout Thursday with innumerable calls for assistance of all sorts being received. These ranged from requests for police officers to bear messages of reassurance to questions about the possibility of getting power in time for important social functions Wednesday evening. Radio messages were blaring into local headquarters as out-of-town cruisers kept in touch with their stations.

Police Chief Harrold called all night men back to duty early in the day, and every available officer was on duty and the regular force was augmented by every auxiliary officer that could be reached.

Police activity was largely devoted to traffic duty about town and to taking emergency measures to protect motorists and the general public. The high wind caused the steeple of the First Congregational Church to sway alarmingly and several shingles were blown from its newly-painted surface, giving the impression that there were holes in the steeple. As a precautionary measure Church street was roped off at the square during the height of the storm with officers detouring traffic that normally would move west over this main street. Residents in Stetson Hall were advised to move from the upper stories of this high building to the first floor, also as a precautionary measure. Residents of Dix street were also warned of the possibility of the church steeple falling.

The storm put out the traffic lights in the center and all traffic had to be controlled by hand. Regular and auxiliary police were placed about town at principal traffic hazard posts, and no accidents were reported, excepting that to one of the officers.

Auxiliary Officer Pasquale Bruno of 1 Wright street was knocked down and painfully injured about the elbows and knees at 7:40 Tuesday evening while doing traffic duty at the intersection of Church and Cambridge streets. The car was being driven by Gino L. Picardi of 12 Leverett street, Boston, who was headed south on Cambridge street and turning left into Church street. Picardi told the police he was blinded by the lights of an approaching car and did not see Officer Bruno.

Officer Bruno was taken to the Winchester Hospital by Officers Archie O'Connell and John Reardon.

BOATS AT MYSTIC DAMAGED

Steward Bill Broder reported little damage at the Winchester Boat Club due to the storm, though all the boats of the club fleet were driven ashore by the high wind and capsized. Holes were found in the hulls of two of the boats, but generally speaking the damage done was not extensive.

The huge tree at the entrance to the Boat Club went down during the storm, effectively blocking Cambridge street and halting all traffic. Motorists stalled there were invited into the club out of the storm and made comfortable while being served hot coffee by Steward Broder.

At the Country Club little damage was reported, none to the clubhouse. The first tee was in bad shape after the storm and the course was closed Wednesday morning. There was the usual damage to trees at the club and some damage done the tennis courts.

SPONSOR

Many a newcomer to Winchester has had her approach to a knowledge of the town smoothed appreciably by the Welcome Wagon representative.

She is who calls on newly arrived housewives, answers their questions about churches, schools, where to get what, and most important from our angle, gives them a complimentary copy of the Winchester Star.

The Welcome Wagon representative makes a real effort to visit all new comers to Winchester, but it is hard to keep track of all arrivals, especially those who rent houses. She, and we know the newcomers, would appreciate residents of any neighborhood in which there are newly arrived families, giving her a ring at Winchester 6-0251 so that she can get in touch with them and be of help if possible.

You will be helping her and your new neighbors if you do!

REOPENING SEPTEMBER 13

The Bartlett School, 36 Bartlett avenue, Arlington, will reopen for the twenty second season on Monday, Sept. 13. There are three types of pre-school classes; Nursery (3-4 years), Kindergarten (4-4½ years), and Sub-Primary (4½-5 years). Children five years on or before October first are eligible to be tested for admission to first grade. All Winchester pupils who have attended the Bartlett first grade have been successfully promoted into the second grade of the Winchester schools. There is also a second grade for pupils deserving further private education.

All classes are one session. Transportation is provided. School premises have been fully approved by State Inspectors.

Norine D. Casey, Director, is a graduate of Boston Teachers College with twenty-nine years teaching experience. This year her daughter, Norine T. Casey, is Assistant Director. She holds an A. B. degree from Wellesley College and an M. A. in Teaching degree from Harvard University. Several years of teaching experience includes one year as Teaching Assistant at Wellesley College and three years of teaching in the Bartlett School.

COUNTY LEGION TO INSTALL

Francis J. "Joe" Hart, Jr., of Cambridge will be installed as Commander of Middlesex County Council, The American Legion on Sunday, September 12 at 3 p. m. ceremonies to be held in the auditorium of Cambridge Post 327 in Central Square, Cambridge.

Charles N. Collatos of Arlington, Commander of the Department of Massachusetts will be the installing officer and will be assisted by the Department Sergeant at Arms George T. Moulden of Boston.

Other officers to be installed included the Senior Vice Commander George K. Walker of Watertown and the County Adjutant Joseph B. Kelleher of Cambridge. A Junior Vice Commander and a County Treasurer will be elected at this meeting. The Executive Committee of the Council will meet in the Post Library at 2:30 p. m. Mayor John J. Foley of Cambridge is among the invited guests.

It would take 83 railroad hopper cars to carry the average-per-minute — 5,000 tons — production of American bituminous coal mines.

SAFETY RULES

WEEK-END FIRES

Most of the activity of the Fire Department over the past week-end was on Sunday when four calls were received at the Central Station.

At 9:25 Sunday morning a flooded oil burner took the men to the residence of Mr. Kenneth Moffatt, 17 Ridgfield road, and at 9:27 there was a similar run to the Doherty home at 824 Main street, Box 43 was put on for this run when the house was reported as full of smoke, and smoke ejectors were used to clear the dwelling.

At 12:09 a tree was reported smoldering on Cambridge street near Robinson Park, apparently having been ignited from a fire burning on private grounds nearby. There was a grass fire on Salem street at 1:07.

At 3:11 the Fire Department was called to put out a fire in an automobile involved in an accident on Main street near Stowell road. The Fire Department found the wiring of the machine on fire.

In addition to putting out the fire in the car the firefighters assisted the police in placing the injured in the ambulance, and mechanic Robert Haggerty of the Fire Department went with the police and injured to the Hospital. The car, driven by Victor Lancelotta of 75 Mt. Pleasant street, Woburn, was wrecked when it ran into a pole.

In addition to Sunday's activity the Fire Department answered an alarm from Box 46 Saturday afternoon at 4:35, smoke being reported issuing from a house at 34 White street. The firefighters found the trouble in an apartment in the house occupied by Stephen Connelly and Peter Flaherty. A pan of food left on a stove became overheated and caused the smoke, but aside from that did little damage. The apartment was unoccupied when the trouble occurred.

SCHOOL OF BALLET RE-OPENING

The Mary Corbett Burns School of Ballet is re-opening at 118 Pleasant street, Arlington on Monday September 13. Registration begins September 7.

The School has this year introduced an innovation in the formation of the Arlington Ballet Club as a complement to the training offered by the School. Under the auspices of the Arlington Ballet Club a series of Saturday afternoon ballet concerts will be given at the Arlington Town Hall. The first is already planned and will be given Saturday, November 6th.

These concerts will be staged and produced by the School with casts comprised of the School's own students. Mary Corbett Burns, director of the School is recognized by all the outstanding Ballet Masters of our day as one of their own. They have full knowledge of her training and abilities, and a constant awareness of her talents since her pupils are numbered among the members of the Metropolitan Opera Ballet, the Grand Ballet du Marquis de Cuevas, Ballet Russe de Monte Carlo, and as teachers in many schools throughout the country.

Nation's Capital Uses Coal
Fifty years ago, the Potomac Electric Power Co., which supplies the nation's capital with electricity, burned 165 tons of coal per day. Today, it burns 3,800 tons daily, a barometer of the immense growth of Washington and the enormous increase in the use of electricity.

HIGHWAY SAFETY COMMITTEE MEMBERS NAMED

His Excellency, Governor Christian A. Herter, has advised Registrar of Motor Vehicles Rudolph F. King, Chairman of the Massachusetts Highway Safety Committee, that he has named to the committee two members "of labor organizations representing chauffeurs, truck drivers, bus operators, or others employed in the operation of motor vehicles" in accordance with the provisions of Chapter 425, Acts of 1954, which became effective August 11, amending Section 1 of Chapter 90A (Chapter 570, Acts of 1953).

Michael J. Norton of 175 Savin Hill avenue, Dorchester, Business Agent of the Teamsters' Union, Local 25 and Thomas J. Rush of 1600 Dorchester avenue, Dorchester, a Member of the Executive Board, Street Carriers' Union, Local 589 are new appointees.

Other members of the Massachusetts Highway Safety Committee, of which Governor Herter is Honorary Chairman, are: Attorney General, George Fingold; Commissioner of Insurance, Joseph A. Humphreys; Commissioner of Public Works, John A. Volpe; Commissioner of Public Safety, Otis M. Whitney; Commissioner of Education, John J. Desmond, Jr.; Chairman of the Youth Service Board, John D. Coughlan; Chairman of the Metropolitan District Commission, Charles W. Greenough; Commissioner of Mental Health, Jack R. Ewalt, M. D.; Chief of Police of Pittsfield, Thomas H. Calnan; President of the Worcester Safety Council, Howard W. Hindes; and Executive Secretary, Massachusetts Division, American Automobile Association, Robert S. Kretschmar.

LITTLE ANNOUNCES CENSUS OFFICE

Establishment of a field office for the 1954 Census of Agriculture was announced today by William M. Little of Winchester, who has been appointed supervisor for this area. The Census field office will be located at 408 Atlantic Avenue, Boston, Mass.

Mr. Little states that preliminary work on the 1954 Census of Agriculture, to be taken this fall, will begin immediately. This includes organization of the field office, interviewing applicants for jobs, selecting and training of office clerks, field crew leaders and enumerators.

The territory assigned to this office for the 1954 Census of Agriculture includes all 14 counties in the Commonwealth.

Approximately 14 crew leaders and 223 enumerators will be employed to take the farm census in this area.

Lunch and Supper to be Served

ATTENDED CD SESSIONS AT FORT DIX

Mrs. Philip J. Woodward of 13 Sheffield road, regional director of women's activities for the Federal Civil Defense Administration, was one of the FCDA officials participating in this week's training course in emergency mass feeding for disaster victims and civil defense workers in areas where enemy bombing has knocked out normal facilities and utilities. The course was held Monday to Wednesday, August 30 to September 1, at Fort Dix, N. J., with Neil P. Fallon, regional welfare officer of the Federal Civil Defense Administration, and Major Jack R. Hunt, commander, First Army Area Food Service School. The staff of the Food Service School will serve as instructors.

The course will feature methods and expedients used in large-scale feeding operations near urban areas damaged by bombing. It will include actual field cooking on stoves improvised from materials readily available after a bombing, such as rubble, scrap metal, tin cans, and earth.

Students for the course were selected because of their special knowledge of mass feeding or welfare work by Federal and State Civil Defense directors of New England, New York State and New Jersey.

Typical of those taking the course are: the national president of the International Stewards & Caterers Association; officials of state dietetic, restaurant, and home economics associations; school cafeteria managers, and public welfare and civil defense officials.

On completing the course, the students in turn will organize similar courses for civil defense volunteers in their own states and communities.

B & M DEFICIT

A deficit of \$232,166 after fixed charges was reported by the Boston and Maine Railroad for July in its monthly financial statement made public last night. In July 1953, the railroad showed an income after fixed charges of \$38,555. The statement shows for the month, after contingent interest of \$81,540 and sinking fund of \$36,851, a deficit of \$410,537. The corresponding figure last year was a deficit of \$143,684.

The comparison of operating results in July of this year with last year shows a decrease in freight revenue of \$619,004 (or 11.3%), while passenger revenue decreased \$5,203 (or 0.5%). Total railway operating revenue decreased \$653,118 (or 9.1%). Railway operating expenses showed a decrease of \$416,999 (or 7.0%).

The ratio of operating expenses to operating revenue in July of this year was 85.45 as compared to 83.48 a year ago.

A Mighty Midget!

3-TRANSISTOR "ROYAL-M"

SMALLEST, LIGHTEST
HEARING AID IN
ZENITH
HISTORY!

As powerful as some hearing aids at least TWICE its size... smaller than many hearing aids selling at TWICE its price! Weighs about the same as a pocket lighter, and is hardly larger... so convenient and comfortable you forget you're wearing it. Operates for 10½ a week on one tiny battery!

Convenience! Clarity!
Comfort!... only \$100

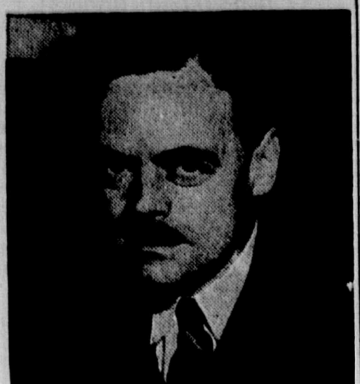

Bone conduction accessory at moderate extra cost.

CARLTON F. HEARD
B & M PROMOTES HEARD

Carlton F. Heard of 5 Lincolnshire Way has been appointed freight traffic manager of the Boston and Maine Railroad and the Maine Central Railroad, it was announced today by P. J. Mullaney, vice president-traffic, of the two railroads.

Mr. Heard succeeds James R. MacAnany of Melrose, who retired Tuesday after nearly 50 years service with the Boston and Maine. Heard is a veteran of 31 years service with the Boston and Maine, and for the past four years has served as assistant general traffic manager.

BREAK AT FITZGERALD CLEANSERS

When employees of Fitzgerald Cleansers arrived at the upper Main street plant last Friday morning they found that some time after closing hours the night previous the place had been broken into.

Access was gained by climbing to the second story of the plant on the south side and forcing a window. Apparently the intruders took only the plant cash register, which was lowered from the building and taken to Russell's Hill in the North End to be opened.

The damaged register was recovered Friday morning with its contents, an undisclosed sum of money, missing. So far as an immediate check could determine nothing else in the plant was touched.

100th INFANTRY MEETING

John H. Van Dyke of 162 Forest street is one of those hereabouts interested in the 7th annual meeting of the members of the 100th Infantry Association of World War II, to be held September 10, 11 and 12 at the Abraham Lincoln Hotel in Reading, Pa. Lt. Gen. Burress, First Army Commander and former Commander of the 100th Division will be present.

The 100th Division Association is trying to build a permanent memorial to the men who lost their lives in the great struggle in Europe during World War II. Any who served in that division and who want information about the Association or the reunion may call Mr. Van Dyke at Winchester 6-0547.

WEST JOINS CHRYSLER

FORMER FOOTBALL STAR
IN TANK DEPARTMENT

Captain William I. West, one of Winchester High School's greatest football stars, has joined the Chrysler Corporation with headquarters in Detroit, following his recent separation from the Army. "Bill," who captained the high school's championship team of 1942 and later was a regular back on the West Point eleven with such luminaries as "Doc" Blanchard, Glen Davis and Tex Coulter, will work for Chrysler as a tank expert in that end of the corporation's business. His duties will take him to army installations around the country, consulting and advising in the tank field.

West should know his tanks, he having been attached to the famous First Cavalry Division of tanks in the Korean fighting, receiving a decoration for gallantry in action. He was aide to General Hobart Gay in Korea, and before that he was stationed in Japan, where he played and coached service football.

Previous to being separated from the service, "Bill" served in Germany. He commences his new job with Chrysler about the middle of this month.

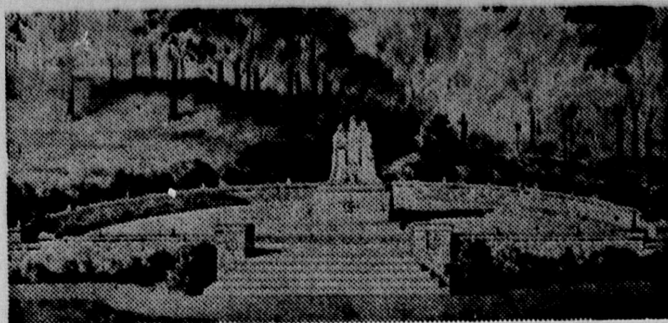

RESERVISTS COMPLETING TRAINING

Most of the two-week summer field training period has been completed at Camp Drum, N. Y., by the 1200 officers and enlisted men of the Reserve 94th Inf. Div., leaving them sun-tanned and toughened by the intensive work, much of it outdoors.

The division is commanded by Brig. Gen. Ralph A. Palladino of 19 North Gateway.

The Reservists are scheduled to break camp Sunday, September 5. They have already fired thousands of rounds of small-arms ammunition under the supervision of World War II and Korea veterans.

The Division Artillery, headed up by Brig. Gen. Robert C. Dean of Wellesley, has experienced continuous field maneuvers in the firing of the 105 mm. howitzer. Major assignment of the 94th "Bay State" Division, Massachusetts' only reserve division, has been the training of recruits from the First Army area. More than 900 new men have been receiving basic training from members of the 94th's 376th Inf., commanded by Col. Harry S. Cutting, Jr., of Worcester.

SACRED HEART RETREAT HOUSE

TO DEDICATE RETREAT HOUSE SUNDAY

On Sunday, September 5, at 4:30 p.m., His Excellency Archbishop Richard J. Cushing will dedicate the recently opened Sacred Heart Retreat House at 554 Lexington street, Waltham. This latest addition to the Retreat facilities of the Archdiocese has already been the scene of retreats by several representative groups of Catholic lay people. Days of Recollection have been held for Catholic women's organizations.

The spacious grounds of the Retreat House offer ideal opportunity for quiet meditation and rest. On these grounds will be built a shrine in honor of the Nuptials of the Blessed Virgin and St. Joseph, which is expected to be the scene of many pilgrimages and other devotions. This will be the first shrine of its kind in the United States to be so dedicated.

"The United States Steel Corporation reports that half of its shareholders had less than \$4300 income last year. That was their total taxable income from all sources. In fact, the pay of the average worker in U.S. Steel mills was higher than the income of 53% of the stockholders." — Boston (Mass.) Herald.

CAMP NOKOMIS CHATTER

"Family camp" at Camp Nokomis has been rolling along under sunny skies for a week. Water skiing, tennis, archery, riflery, sailing, and many other activities are being enjoyed by young and old alike.

Debbie French is acting as head counselor while Gail Collins, Nancy Switzer, Mary Jane Lutes, Linda Cederholm of Winchester and Patti Anderson of Arlington are acting as aides for the young campers and instructing them in activities so that the parents are free for golf, trips etc. as they desire. Everyone seems very pleased with our new "Family Camp".

HANNON RACE TRACK ANNOUNCER

James "Red" Hannon of Westley street commenced his new duties as track announcer at Scarborough Downs, south of Portland, Monday evening.

"Red," former high school football player and softball star, broke into track announcing as understudy to "Babe" Rubinstein at Rockingham when he was separated from the service in July of 1953. He will act as announcer for the racing at the Brockton Fair this fall.

With "Red" as a track official his buddies at the Central Fire Station had visions of making a "quick buck" on the ponies at Scarborough until Mr. Hannon, with great firmness announced at the station Monday that even to firemen he is giving out "no tips."

4 Important Reasons why you should buy a PONTIAC RIGHT Now!

1 Pontiac is One of the Greatest Cars Ever Built!

Match today's Pontiac with America's finest cars and you'll get a dramatic picture of Pontiac value. First of all, Pontiac is big—bigger, in fact, than many cars costing hundreds of dollars more. Pontiac is beautiful—with its distinctive Silver Streak styling. Inside, you'll find genuine fine-car luxury and appointments—along with the roominess and comfort that come only with a long wheelbase. But the big surprise comes when you test Pontiac's performance. See how alert it is to every demand in traffic, how it handles and corners almost without effort, how it takes to the open road with plenty of power to spare and saves money every mile.

2 Pontiac has the Best Resale Value in its Price Class!

Along with all its fine-car size, luxury and performance, Pontiac has a very special attribute no car at any price can beat—its unsurpassed reputation for year-in, year-out dependability. Pontiac's carefree, economical long life and its proved record of amazingly low maintenance expense are so widely known and acknowledged that it commands the highest resale value in its price class. Because Pontiac is America's most desirable used car, your original investment comes back in greater measure when you trade, making ownership cost even lower.

3 Pontiac is Priced Just Above the Lowest!

After you've convinced yourself of Pontiac's value, after you've considered all the good things you've heard about its dependability—see and compare it dollar-wise. Despite the fact it's a fine car in every sense of the term, it's priced so near the lowest that if you can afford any new car you can afford a Pontiac.

4 We'll Make You a Deal You Can't Afford to Miss!

Right now we're making such liberal trade-in allowances that you just can't afford to pass up the greatest opportunity you ever had to become a fine-car owner. Come in and get the facts.

DOLLAR FOR DOLLAR YOU
CAN'T BEAT A PONTIAC!

Buy locally and finance your new car, home appliances or home repairs at the Winchester Trust Co. aug 13-4t

Because of the holiday on Monday, September 6, the representative of the Social Security office will be at the post office on Tuesday, September 7, for that week only.

Army Private Richard G. Seaver of Winchester completed the Ordnance Automotive School's course in metal body repair August 31 at Atlanta General Depot, Atlanta, Georgia. He is the son of Mr. and Mrs. Stanley Seaver of 90 Middlesex street, Winchester.

Warcolite Ready-Mix Black Top in bags. For making black top walks and patching black top driveways. Sakrete ready-mixed cement in sacks. Do your own cement work. Frizzell Bros., 29 High street, Woburn. Tel. Woburn 2-0870.

Mrs. Charlotte Fratus of Westley street is spending two weeks at Old Orchard Beach, Maine.

The Star was asked to insert in this week's issue the expression of deep appreciation felt by the parents of a son, suffering from a dread disease, for the prompt and friendly way in which donors of blood volunteered when transfusions were necessary recently. The parents, who must remain anonymous, also wish to thank the Winchester Hospital staff for their kindness and skill in handling the case.

The Winchester Trust Co. invites you to open your checking account at either our Mt. Vernon street office or our Church street office. aug 13-4t

Priscilla Morrill (Mrs. Paul Bryson), daughter of Mr. and Mrs. Theodore P. Messer of Priscilla Lane, is at the Corning Summer Theatre at the Glass Center in Corning, N. Y., where she has played the lead roles in five shows. Her mother left Tuesday of this week for Corning to see her in "Private Lives."

Full hours daily through Saturday 9:30 a. m. to 5:00 p. m. beginning September 11th at the House of Fashion, 38 Church street.

Former Selectman Morris B. Kerr underwent a major operation last week at the Phillips House in Boston. His condition is reported as very satisfactory.

Town Engineer Jim Wakefield told the Star yesterday morning that practically all streets were passable at that time; that Rangeley Ridge and Ravine road were still blocked, as was Everett ave. The trouble there was due to poles, the town crew having removed the trees that were blocking the street. Town crews worked until midnight Tuesday night and until 10 o'clock Wednesday night, and the consensus is that they did an excellent job.

Star Photographer Bernie Marvin, Jr., has a fine display of hurricane pictures at Hevey's Pharmacy. See them! They are good!

For experienced service or repairs on all makes of sewing machines or vacuum cleaners, call E. W. Clark, Winchester 6-3935. my2-tf

TENNIS TEAM DEFEATS MALDEN

Playing Malden on our home courts, the Winchester Junior Tennis Team clinched their seventh win 5-2. It was a bad loss for Malden, for their second place in the Forest Hills League is now a tight race with Arlington.

In this match with Malden the scores were decisive with one exception. Playing number three in the line-up Chris Wadsworth had the close one. After losing a close first set Chris came back to win the next two. Playing number two doubles were Jeff Hills and Bob Gowdy, who, although they lost this one, will be in there pitching for a long time to come. These were the individual scores:

B. Becker (W) defeated J. Ford (M) 6-0, 6-0
D. Moore (W) defeated R. Hardy (M) 6-1, 6-0
C. Wadsworth (W) defeated D. MacKenzie (M) 4-6, 6-4, 6-2
R. Epstein (M) defeated D. Gaffney (W) 6-2, 6-3
B. Johansen (W) defeated R. Griffith (M) 6-2, 6-3
Becker and Moore (W) defeated Ford and Hardy 6-1, 6-2
B. Miller and J. McClay (M) defeated J. Hills and B. Gowdy 6-3, 6-1

The Winchester team now leads their tennis league with a seven-zero record. Tedesco is second, winning five and losing their only match to Winchester. The Winchester boys play teams of other leagues as well, Malden, Weston and Newton, to name a few. The Wimbledon League stands like this at present:

Winchester	7	0
Tedesco	5	1
Cape Ann	1	2
Beverly	1	4
Lexington	2	8
Melrose	0	8

NEW VIOLATION LIST FOR MOTORISTS

Registrar of Motor Vehicles, Rudolph F. King, wishes to inform the public that effective September 1, and in accordance with the provisions of Chapter 90A of the General Laws, the following will be added to the previously announced list of violations for which offending motorists may be assessed points upon their operating records. These latest additions by the Registrar activate the "Full Schedule" as approved initially by the Massachusetts Highway Safety Committee:

Violation	Points
Failure to stop for a blind person	4
Larceny of a motor vehicle	4
Loaning license	4
Using a motor vehicle in the commission of larceny	4
Using motor vehicle without authority	4
Failure to stop for school bus	3
Attempted larceny of motor vehicle	2
Failure to heed stop sign	2
Failure to signal change of movement	2
Failure to slow down for pedestrian	2
Failure to stop after knowingly causing property damage	2
Failure to stop for red light	2
Improper passing	2
Uttering false statement on application or to an officer	2
Violating law of the road or established rules and regulations	2
All other violations, except parking violations	1

"GOOD OLD SUMMERTIME" IS SAD FOR MINK AND MUSKRAT

Summer's hot, humid days used to be happy, carefree times for mink and muskrat. But not any more.

The dog days of July and August have become a favorite season for mink and muskrat. The mink and muskrat are particularly popular in the summer months, when they are used for new fur coats and stoles.

This summer is particularly ominous for fur-bearing animals—the federal excise tax on furs has been cut from 20 to 10 per cent.

Mink Leads in Popularity

With mink fur leading in popularity, imports of mink skins have more than doubled in the past seven years. Domestic production also has doubled. Two and a half million mink pelts were marketed from 5,000 mink ranches last year, compared to 1,200,000 in 1946. An additional million skins were sold by American trappers in 1953, the National Geographic Society says.

Mink raising requires skill and patience. The high-strung little animals, cousins of the weasel, must be handled with extreme care.

Litters average three to five tiny kits and are so delicate they are left strictly alone for the first days following birth. Ranchers wait one or two weeks before even counting the offspring, lest handling harm the fragile creatures. A new-born kit weighs less than half an ounce.

Fur processors prefer domestic mink to imported, although the smaller, thick-furred Labrador mink are usually of fine quality.

American mink ranchers improve their product through scientific feeding and care. Cross-breeding produces strange color mutations. Pure white and "pastels" are now favored over the still-popular silver-blue.

Muskrat fur wears well and can be made to resemble closely mink and Hudson seal. A let-out "mink"-dyed muskrat coat, carefully tailored, sells for approximately a sixth the cost of a full-length mink coat.

Sealskin has long been a popular item in coats, capes and trimmings. Alaskan seal, almost wiped out a few years ago by indiscriminate slaughter, are now rigidly controlled by Government. Only 3 year old "bachelor" males are pelted leaving the breeding stock to reproduce.

build the supply.

Other sealskins are imported, chiefly from Norway.

"Long-Hairs" Coming Back

The demand for silver fox fur has diminished, although "long-hair" furs, are gradually coming back. Surprisingly, the raccoon coat is enjoying a revival, but with one important change—it has lost its long-hair character through shearing.

Chinchilla breeding has grown throughout the United States. More than 12,000 chinchilla "farms," some breeding one or two pairs, some hundreds of animals, have sprung up in the last few years.

The first big public auction of chinchilla pelts is being held in New York City early this summer. The few chinchilla pelts on the market so far sold for about \$40 a skin. With 125 pelts required for a coat, chinchilla has been confined largely to trimming on other furs and to small accessories.

The lowly rabbit has practically disappeared from the fashion scene. Fur dealers blame the federal fur labeling act passed by Congress sometime ago. It prohibits the disguising of fur products under any other name.

"Neither dealers nor customers like to call a rabbit a rabbit," one furrier said. "So rabbit has passed out of the picture except as material for men's hats, and an occasional strip used as trim on cloth coats."

JOSLIN NAMED

James M. Joslin of 2 Wildwood terrace, Winchester, has been named chairman of the Winchester Republican Finance Committee. He is also District Chairman of the 6th Middlesex District.

Wyoming leads all coal producing states in mechanized coal mining procedures, with more than 99% of its output being cut and loaded by machine.

MR. AND MRS. JOHN W. McCABE

McCABE — DERRO

St. Mary's Church was decorated with white carnations and roses for the marriage of Miss Marguerite E. Derro, daughter of Mr. and Mrs. Anthony Derro of 431 Washington street, to Mr. John William McCabe of 68 Pine Ridge, Arlington, on Saturday, September 4. The Reverend John M. Manion officiated at the 10 o'clock marriage ceremony.

Miss Derro, who was given in marriage by her father, wore a pure white silk dress with chapel train and bouffant skirt and yoke of embroidered Alencon lace. Her fingertip illusion veil had a crown of tiny pearls and rhinestones and she carried a prayer book with a cascade of white orchids and stephanotis.

A cousin of the bride, Miss Madeline Derro of Winchester, was maid of honor, wearing a gown of sky-blue silk crystallette with matching crown of pearls and rhinestones, and carrying red roses. Mrs. Thomas F. Derro of Winchester, sister-in-law of the bride, was matron of honor. She wore a gown of shirring silk crystallette with matching crown of pearls and rhinestones and she also carried red roses.

Mr. Gary Nelson of Woburn was best man. The ushers were Mr. Gerard McCabe of Arlington, brother of the groom; Mr. Donald Estey of Arlington; and Mr. Charles Onthank of Arlington.

A reception was held after the marriage at the Hotel Beaconsfield, Brookline, with the parents of the bride and groom assisting in receiving. Mrs. Derro, mother of the bride, was groomed in champagne taffeta and pink velvet, trimmed with monk-colored sequins. She wore a matching velvet hat and shoes and a corsage of orchids. The groom's mother, Mrs. McCabe, wore a gown of orchid pink lace over a taffeta skirt and a corsage of pink roses.

The bride graduated from Winchester High School and is employed at the Winchester National Bank. Mr. McCabe is a graduate of Arlington High School and went to North Western University.

After a motor trip to Niagara Falls and the Pocono Mountains in Pennsylvania, Mr. and Mrs. McCabe will reside at 898 Main street. Mr. McCabe is employed by the Calidney Electronics Company.

MRS. MABEL L. SMITH

Mrs. Mabel L. Smith, widow of Charles Frederick Smith, formerly of 9 Hillside avenue, died on Tuesday, September 7, in Melrose. Mrs. Smith was the daughter of George Henry and Ellen Morse Ackhurst, and was born on November 22, 1870, in Halifax, Nova Scotia.

Mrs. Smith was an active member of the Fortnightly Club and of the Church of the Epiphany. She is survived by two sons, Dr. Charles V. L. Smith of London, England, and George H. L. Smith of East Cleveland, Ohio; a grand-daughter, Miss Candida L. Smith of East Cleveland; two brothers, Hardy W. Ackhurst of Boston (formerly of Winchester) and Ernest Ackhurst of Vancouver, B. C.; and two sisters, Mrs. Gladys Starns of Liverpool, Nova Scotia, and Miss Violet Ackhurst of Montclair, New Jersey.

Services will be held tomorrow, September 11, at 2 p. m. in the Church of the Epiphany with Rev. John Ellison officiating. Interment will be in the family lot in Wildwood Cemetery.

HIGH INSURANCE HONOR
TO GUSTIN

Ralph L. Gustin, Jr., 113 Church street recently took top honors in the completion of a course offered by the Life Office Management Association in the principles of life insurance.

Mr. Gustin, who received his certificate magna cum laude, won the highest grades in the United States and Canada in two examinations included in the course. He is a member of the Law Department of the John Hancock Mutual Life Insurance Company.

RED FEATHER CAMPAIGN

The Red Feather Campaign chairman of 48 Metropolitan Boston Communities, including Winchester, will join in a series of volunteer enrollment report meetings beginning this month. At these meetings they will report on the progress in recruitment of associate chairmen, division leaders, and solicitors for the 1955 Red Feather Campaign, opening October 24.

CLANCY — BROGNA

White and blue gladiolas decorated St. Mary's Church on September 6 for the marriage of Miss Josephine Barbara Brogna, daughter of Mr. and Mrs. Charles D. Brogna of 9 South Gateway, to Mr. Alfred Francis Clancy, Jr., son of Mr. and Mrs. Alfred F. Clancy of Woburn. Father James J. Shaughnessy officiated at the 10 o'clock ceremony and Dorothy Hickey was soloist.

Given in marriage by her father, Miss Brogna wore a gown with lace bodice and scoop neckline, embroidered with sequins and pearls, and lace inserts on tulle skirt with chapel length train. The bride wore a crown with sequins and pearls and carried a cascade of stephanotis.

Miss Gloria Sproviero of Woburn was maid of honor, wearing a burgundy crystallette dress of ballerina length with headpiece of matching velvet leaves, and carrying a cascade of yellow roses. Bridesmaids were Miss Eleanor Clancy and Miss Jean Clancy, of Woburn, sisters of the groom; Miss Joanne Consolo of East Boston, cousin of the bride; and Miss Edna Malone of Woburn. The bridesmaids wore turquoise crystallette dresses of ballerina length with headpieces of matching velvet leaves and carried cascades of burgundy roses.

The groom's brother, Mr. John H. Clancy of Woburn, was best man. Ushers included the bride's uncle, Mr. Richard Brogna of Winchester; Mr. Richard Neil, cousin of the groom, of Lawrence; Mr. Alexander MacLachlan of Hingham; and Mr. Walter Tedesco of Woburn.

A reception was held after the marriage at the Music Hall, with parents of the bride and groom assisting in receiving. Mrs. Brogna, mother of the bride, wore a nylon tulle over a taffeta-ballerina length dress with province blue accessories. The groom's mother, Mrs. Clancy, wore a rose beige lace ballerina length dress with brown hat and accessories.

The bride and groom both graduated from Woburn High School in 1950. Mr. Clancy received a B. S. in Chemistry from Tufts College in 1954.

After a wedding trip to New York City, Mr. and Mrs. Clancy will reside at 70 Oxford street in Rochester, New York, where Mr. Clancy is a chemist with Eastman Kodak Company.

AMBROSE NEW PRINCIPAL

Ralph Ambrose, widely known Winchester boy and son of the late Mr. and Mrs. M. C. Ambrose, formerly of Vine street, has been named principal of the new 14 room Wildwood School in Wilmington.

Mr. Ambrose has been teaching in Wilmington since his separation from the service after World War II, during which he served in the European Theatre with the famous Americal Division. He received a leave of absence from his teaching to serve in Korea, but returned to Wilmington after his tour of duty there.

A graduate of Winchester High School, Ralph played football, baseball and hockey while an undergraduate here. He is also a graduate of Boston College.

TO TEACH IN CALIFORNIA

Marilyn Chase, daughter of Mr. and Mrs. F. G. Chase of 54 Salisbury street, flew to California on September 2, to take up teaching duties at the Bishop's School in LaJolla. Miss Chase graduated from Colby Junior College in 1952 and further prepared for teaching at the University of New Hampshire, receiving her degree in June. Miss Chase will teach physical education at the independent girls' school.

HODOSKE — LoRUSSO

Miss Phyllis Marilyn LoRusso, daughter of Mr. and Mrs. Angelo A. LoRusso of 503 Washington street, was married to Michael Peter Hodoske, Jr., son of Mr. and Mrs. Michael P. Hodoske of Jersey City, N. J., on August 21 in St. Mary's church. Father Robert Supply of St. John's Church in North Chelmsford, a friend of the bride, performed the 10 o'clock mass. The church was decorated with white gladiolas and pompons, and Sal Merino of Somerville sang.

Miss LoRusso wore a lace top dress with panel lace front, nylon tulle bodice, and long scalloped train with trimmings of sequins and pearls. The bride's fingertip veil of nylon tulle was trimmed with sequins and pearls to match her gown and she carried a prayer book and white orchid with stephanotis.

Mr. LoRusso gave his daughter in marriage, and Miss Margaret T. Meaney of Malden was the maid of honor. Miss Meaney wore a mint green gown of nylon tulle bodice, and long scalloped train with trimmings of sequins and pearls. The bride's fingertip veil of nylon tulle was trimmed with sequins and pearls to match her gown and she carried a prayer book and white orchid with stephanotis.

Mr. John Hodoske of Jersey City, brother of the groom, was the best man. The six ushers included Mr. Francis D. J. LoRusso of Winchester, brother of the bride; Mr. Anthony Vacca of Medford, brother-in-law of the bride; Mr. Richard Washak of Somerville; Mr. Robert Agrippino of Boston, uncle of the bride; Mr. Peter Ricupero of Malden; and Mr. Jackie Maffei of Boston.

The reception was held at Cabot Farms, 880 Broadway in Somerville, with parents of the bride and groom assisting in receiving. Mrs. Hodoske, mother of the bride, wore a dress of grey lace over pink with navy blue accessories, and an orchid corsage. Mrs. Hodoske, mother of the groom, wore a dress of light blue lace with navy blue accessories and an orchid corsage.

Miss LoRusso is a graduate of St. Mary's Grammar School in Winchester and St. Charles High School in Woburn, and is employed by the Winchester Telephone and Telegraph Company. Mr. Hodoske attended New Jersey schools and is now serving in the U. S. Navy.

Mr. and Mrs. Hodoske motored to Culver's Lodge, New Jersey, for their wedding trip, and hope to make their future home in New Jersey where the groom will be a landscaper and machinist.

ROBERT F. WALSH

Robert F. Walsh, a resident of Winchester, died at his home, 56 Holland street, last Saturday, September 4, after an illness of some duration. Mr. Walsh, husband of the late Sarah (Dalton) Walsh, was born in County Cork, Ireland, 74 years ago, and had worked for the town highway department until his retirement 15 years ago due to illness.

Mr. Walsh is survived by two daughters, Miss Catherine C. Walsh and Miss Elizabeth S. Walsh, both of Winchester; three sons, Thomas J. Maurice J. The Robert F. Walsh family of Winchester; six grandchildren; and three sisters and one brother, all living in Ireland.

The funeral was held last Tuesday morning from the Lane Funeral Home with solemn high mass of requiem at St. Mary's Church at 9 o'clock. Interment was at Calvary Cemetery, with committal prayers by the Rev. Martin Dolfin.

ENGAGEMENT ANNOUNCED

Mrs. Robert Andrews Groat announces engagement of Miss Lola Gallup Fortmiller, daughter of the late Mr. and Mrs. Paul V. Fortmiller of Syracuse and Newark, New York to Charles Edward Baldwin III, son of Mr. and Mrs. Charles Edwin Baldwin, Jr., of Darien, Conn., and Boothbay Harbor, Maine.

Miss Fortmiller was graduated from Walnut Hill School, Natick, Mass. and is a senior at Smith College.

Mr. Baldwin was graduated from Harvard in 1954 where he was a member of Hasty Pudding, Institute of 1970, Pi Epsilon and Owl Club. His maternal grandparents are Mr. and Mrs. John Arthur Maddocks of Norwalk, Conn. and Boothbay Harbor, Maine, formerly of Winchester.

Photo by Fabian Bachrach

LYNDON B. BURNHAM

FORMING OWN COMPANY

Lyndon B. Burnham of 64 Westland avenue, formerly of Arlington street, has recently announced to the metal-working industry with which he has been associated for several years, his resignation as director and general sales manager of the Worcester Pressed Steel Company of Worcester.

Mr. Burnham, in conjunction with Mr. William F. Fienemann of Northboro, formerly product development manager and assistant sales manager of Worcester Pressed Steel, is forming his own company, to be known as the Burnham-Fienemann Company.

This concern will be a manufacturer's agency and will handle the northeastern sales of the Larson Tool and Stamping Company of Attleboro and the Roland Teiner Company of Everett, of which firm Mr. Burnham was formerly vice-president in charge of sales.

SULLIVAN — FEE

In our Lady of the Isle Church on Nantucket Island, at nine o'clock Saturday morning, August 21, Miss Marie C. Fee, daughter of Mr. and Mrs. Albert Fee of Nantucket, became the bride of Mr. John A. Sullivan, son of Dr. and Mrs. John W. Sullivan of Tuckahoe, N. Y. Rev. Edward F. Dowling officiated at the single ring ceremony following which a reception was held at the Madeline Admiralty Clubhouse.

The bride, who was given in marriage by her father, wore a floor length gown of white Chantilly lace with a fingertip illusion veil. She carried a white prayer book with a white orchid and stephanotis.

Miss Margaret Fee was maid of honor for her sister and bridesmaids were Miss Eleanor McNeil, cousin of the bride, and Miss Mary E. Buckley of Elmhurst, L. I., New York. All three attendants wore dresses of light blue net over taffeta with white velvet hats and carried cascade bouquets of pink carnations.

Dr. Sullivan was best man for his son and the ushers were Mr. Raymond Van Hest of Mt. Vernon, N. Y., Mr. Charles A. Wilkinson of Sayvittown, Pa., and Mr. Stephen F. Buckley, Jr., of Elmhurst, L. I., New York.

The bride's mother wore a light green lace gown with white accessories and a white orchid corsage. Mrs. Sullivan, mother of the groom, wore a seafoam crystalline gown with navy accessories and a corsage of white and green orchids. The bride is a graduate of Sacred Heart Academy, Fall River, and attended Boston College School of Nursing. Mr. Sullivan is a graduate of St. Thomas Military Academy, St. Paul, Minnesota and is a senior at Massachusetts Institute of Technology. He served three years with the U. S. Army.

Among the invited guests were Miss Helen J. MacDonald of 968 Main street, Winchester and her brother, John; also Mrs. Stephen Buckley, sister of Miss MacDonald. The young couple left by plane to New York and Canada.

AMERICAN LEGION
INSTALLATION

Alexander W. MacKenzie will be installed as Commander of the Winchester Post No. 97, American Legion, and Grace Froberg as President of Auxiliary Unit No. 97 on Saturday, September 18. The ceremonies, which will be held at 8:00 p. m. in the Post Headquarters at 34 Vine street, will be presided over by Commander Joseph T. McKee of the Legion and President Lola Peterson of the Auxiliary.

de RIVERA — RIGDON

Miss Margaret Rigdon, daughter of Colonel and Mrs. Jonathan Rigdon, (Medical Corps) U. S. A., of Richland, Washington, became the bride of Ensign Joseph Hosmer de Rivera, (Medical Service Corps) U. S. N., son of Commander and Mrs. H. Leland de Rivera of 417 Main street and Owl's Head, Maine, in a 5 o'clock service at the Church of the Epiphany on Tuesday, September 7.

Reverend John W. Ellison performed the ceremony as Comdr. de Rivera gave the bride in marriage. Mr. Enos Held was the organist.

Miss Rigdon wore a white velvet pique gown of waltz length, off shoulder with puff sleeves, and a Juliette cap with short veil. She carried a colonial bouquet of white mums and gypsophila. The groom's sister, Miss Catherine de Rivera, was maid of honor, and wore a pale pink, waltz length dress with a pink ribbon circlet headpiece with short veil. She carried a colonial bouquet of pink carnations with gypsophila.

A Yale classmate of the groom, Mr. David Greer of Gloucester, was best man. The ushers were Mr. Edward L. Pritchard of Hartford, Conn. and Mr. Robert T. Pritchard of Winchester.

The reception was held at the groom's home in Winchester with the bride's aunt, Mrs. Edith G. Colin of New York, assisting with the parents of the groom in receiving. Mrs. Colin wore a green tulle dress with a black hat and a corsage of Rubrum lilies. Mrs. de Rivera wore a blue-grey faille suit with pink hat and accessories and a corsage of Rubrum lilies.

Miss Rigdon graduated from Stanford University in 1954, a member of Phi Beta Kappa. Ensign de Rivera graduated from Winchester High in 1949 and Yale University in 1953, and attended Stanford to do graduate research study in psychology. He is a member of the Kappa Sigma and Sigma Chi fraternities.

After a wedding trip to Maine, the de Riveras will make their home at Warrington, Florida, where the groom will be on duty at the School of Aviation Medicine, Naval Air Station, Pensacola.

NOWAK — McMAHON

Miss Mary Rita McMahon of 141 Washington street, daughter of Mr. and Mrs. John H. McMahon of Lowell, became the bride of Theodore Nowak, son of Professor and Mrs. Frank Thaddeus Nowak of Belmont. The ceremony, which was performed by the Rev. Martin Dolfin at St. Mary's Church, in a setting of orange gladiolas, took place at 2 p. m. on August 22, and was followed by a reception at the bride's home.

Miss McMahon wore a white lace Anne Fogarty original gown and Queen Victoria crown with a French veil sprinkled with seed pearls. She carried an old fashioned white bouquet with purple orchids.

Miss Helen Martha Nowak was maid of honor, wearing a pale blue faille dress with black velvet trimming and pink rose crown. Miss Nowak carried an old fashioned red and white bouquet with rainbow colored ribbons.

Mr. Michael Patrick Querio was best man.

Mr. and Mrs. Nowak's wedding trip took them to Niagara Falls, Lake Michigan, Washington, D. C., through the midwest, Philadelphia, New York, and Baltimore. The couple will make their home at 141 Washington street.

Miss McMahon graduated from Boston University in 1953 and received an M. A. degree from B. U. in 1954. She is a member of Theta Phi Alpha Sorority and Phi Alpha Theta honorary history fraternity and taught in the Draught Junior High School.

The groom is also a graduate of Boston University where his father is Professor of History. Mr. Nowak received his A. B. degree in 1948, A. M. in 1949, and M. S. in 1952, all from Boston University, where he was a member of Alpha Epsilon Rho, national honorary radio and television fraternity. Mr. Nowak is now the Audio-Visual Director in the Natick School system.

142 NEW VOTERS REGISTER

Between July 2 and August 31, 142 new voters registered in the Town of Winchester, at the Town Clerk's office. This addition brings the total voting public to 9242.

By precincts, the following number of new voters registered: Precinct 1, 22; Precinct 2, 13; Precinct 3, 33; Precinct 4, 39; Precinct 5, 30; Precinct 6, 5.

HURRICANE COST TO TOWN
ESTIMATED AT \$30-50,000FIRST CLEARING WILL BE COMPLETED IN TWO WEEKS;
8% OF TREES DOWN

With Hurricane Carol a thing of the past by some ten days, better than fifty per cent of the streets of Winchester have been cleared of storm debris by the combined crews of the town departments. After one week of extensive work the cost to the town of Carol's visit had mounted to \$14,500, with estimates of total public damage ranging from \$30,000 to \$50,000.

CLEARING LARGE TREE ACROSS WASHINGTON STREET
BY ST. MARY'S SCHOOL

All town employees of the Park, Highway and Water Departments joined forces and with the aid of fifty high school and college boys have spent full time on the cleanup project every day since the hurricane. The crews worked until midnight on the night of the storm, Tuesday, August 31, until 10 p. m. on Wednesday and Thursday, and from 7 a. m. to 5 p. m. from then on, including the entire Labor Day week end.

PASTOR FROM BASEL,
SWITZERLAND TO SPEAK

The Rev. Dr. Alphons Koechlin will be the guest preacher at the Second Congregational Church. He will give the message at the first regular service of the church on September 12 at 11:00 a. m.

Dr. Koechlin has come to this country as a delegate to the World Council of Churches. For the past six years he has served as a member of the Executive Committee of the Council, retiring from this position this year. He is still officiating as Chairman of the Council's Division for Interchurch Aid and Service to Refugees.

For many years he has been a pastor of Reformed churches in Switzerland and during the past thirteen years he has served as the President of the Swiss Federation of Reformed Churches. Last June he resigned from this office.

At present, he and his wife are spending a week with their son, Bernard, who is a resident of Winchester.

All members and friends are urged to attend this service in order to hear Dr. Koechlin preach on the subject: "Christ, the Hope of the World" which is the theme of the World Council of Churches.

COMING EVENTS

ALAN ADAMS, MIDDLESEX COUNTY GOP CANDIDATE, URGES CARE IN VOTING

Alan G. Adams of Lexington, Republican candidate for the nomination as Middlesex County Commissioner, in a recent speech stressed the importance of all voters taking care to mark their ballots thoroughly and intelligently on Primary Day, September 14.

Speaking from his long experience as a newspaper editor and publisher and from first-hand observations in visits to all Middlesex cities and towns during his campaigning, Mr. Adams warned that "many voters tend to be less careful selecting candidates as they read down the ballot, thus of-

ten failing to give a vote to the important local offices which are so near to the people, and which perform so many important functions."

"These less publicized offices not so well known to many voters are most important, being as they are 'grass roots' positions and foundations upon which set the entire structures of the municipal, county, state and federal organizations," Mr. Adams said.

"Know all your candidates and the offices they seek, and you will be able to cast an intelligent vote for all elected officials," Mr. Adams advised.

In addition to his newspaper activities Mr. Adams has participated for many years in various phases of local government. He is present chairman of the Lexington Planning Board, on which he has served seven years, was formerly a member of the Board of Fire Engineers, and was former chairman of the Lexington Capital Expenditures Committee, which started the five-year advanced planning schedule now successfully in operation.

STATE ARCHIVES DAMAGED

Last week's hurricane inflicted additional damage to the Massachusetts Archives, Secretary of State Edward J. Cronin revealed following an inspection of the State House facilities.

Heavy rains flooded into the fourth floor area where priceless historic documents are housed and falling plaster narrowly missed patrons seated in the room examining valuable records.

Mr. Cronin has been endeavoring for five years to have the legislature provide funds to remedy what has been described as the "deplorable condition" presently existing. Although various plans have been approved, nothing has been done despite strong support for Cronin's plea from thousands of citizens, organizations and historical societies.

Mr. Cronin said he hoped that some effort would be made to repair the roof and ceiling before the situation becomes even worse.

"A LOOK DOWN THE TRACKS"

The importance of railroads in the nation's economy will be discussed in "A Look Down the Tracks" by Charles P. O'Rourke of the Freight Traffic Department, Boston and Maine Railroad, before the Lexington Rotary Club Monday noon, September 13, at the Old Belfry Club.

Mr. O'Rourke of Symmes road, will speak under the sponsorship of the Railroad Community Committee of Greater Boston, an arm of the Eastern Railroad Presidents Conference representing the 37 eastern railroads.

The committee's aim is to stimulate in railroad people a more active interest in the affairs of their community and, in turn, increase the interest of the community in the railroads.

SHOES FOUND IN PARKING LOT

A pair of new brown loafers was found in the parking lot opposite the police station on Wednesday, September 1. The shoes were purchased at McLaughlin's shoe store on Thompson street by a woman and her son, but haven't been claimed at the police station.

CONTAGIOUS DISEASES

1 Case measles was reported to the Board of Health for week ending Thursday, September 2.

HOMECOMING SUNDAY AT FIRST BAPTIST CHURCH

Refreshed and inspired for another year of fellowship and service together, First Baptist Church looks with enthusiasm and determination to the year ahead. Saturday, September 11, and Sunday, September 12, will find many of the laymen of our church attending the annual Laymen's Fall Retreat at Andover—Newton Theological School.

All activities of our church and congregation and services of worship begin next Sunday, September 12, Homecoming Sunday. At nine-thirty o'clock the following classes will convene in their respective classrooms: church school, Junior Philathea class and Junior Brotherhood class.

At ten forty-five o'clock nursery and kindergarten-age children will be cared for while their parents attend church service. "God's Call and Our Answer" is the title of the sermon which Rev. Walter Lee Bailey will bring to the congregation. Special music will be furnished by Marilyn Howard, soloist.

In the evening the Junior High Fellowship will meet at five o'clock and the Senior High Fellowship will get together at seven-fifteen o'clock, both groups under the direction of Miss Edith Smith, director of Christian Education.

Opportunities for service are many in church work. If you are a newcomer to Winchester and have no church home, First Baptist Church extends a warm welcome. There is no stopping the impact of the Christian Church on the life of our community and of the world if we believe and work.

ACADEMY COLLECTION
TO AID PARENTSThe Arlington Academy of Music
is gradually building up a col-
lection of articles for parent reading
to aid Junior in his music lessons.From a recent test taken by over
two hundred students, many im-
portant reasons were given as to
why they didn't want to take
music lessons.Quotes Dean Frank E. Ward,
"We have observed from these
tests that not one of the students
questioned said that he did not
like music. Almost every child
would like to play but the boogey
man is practicing. Fortunately
most every one of the objections to
practice is easily overcome by an
ambitious parent. The solution
will make the study of music a joy
for any child and in later life he
will thank you for your wisdom in
handling his problem and giving
him the pleasure that self made
music can bring."It is to help solve these everyday
problems that the collection re-
ferred to previously will be placed
in the Academy Library and made
available to everyone.SCHOOL OF DANCING

BOAT CLUB NEWS

Labor Day was indeed an excit-
ing day over at the Boat Club.
Every minute was filled with bus-
tling activity. Festivities started off
in the afternoon with the swim-
ming races. These boys and girls
demonstrated excellent swimming,
which is the reward for Bill Bird,
water safety instructor.The results of these competitions
in the proper order are as follows:Boys' 25-yard freestyle (8 years
and under)—Bill Sullivan, 20.8s,
Jackie Burrows, Dusty SackettGirls' 25-yard freestyle (8 and
under)—Pat Overacker, 19.6s,
Donna RawsonBoys' 25-yard freestyle (10 and
under)—Ambrose Devaney, 18.2s,
Bobbie Hanley, Mike StoutGirls' 25-yard freestyle (10 and
under)—Bonnie Low, 16.8s, Michele
Hamel, Janet CussenBoys' 50-yard freestyle (13 and
under)—Peter Lindvall, 31.0s,
Jay Powers, Hugh PhillipsGirls' 50-yard freestyle (13 and
under)—Ann Legere, 32.5s, Jane
Overacker, Zita RawsonBoys' 50-yard freestyle (16 and
under)—Peter Freyer, 29.8s, Roger
Sweeney, John MontminyMen's 100-yard open freestyle—

Mrs. James T. Snow for their work
on make-up.Snipe Notes
Carl Freyer was victor in the
race Saturday. He was followed by
Tom Legere and Herb Alderson in
second and third places, respec-
tively. Roger Swanson made a come-
back Sunday when he finished first.
Carl Freyer was in second and Tom
Legere in third place. Winchester
won the second interclub race of
the summer against Medford Sun-
day. This gives Winchester the cup
for the fifth year running.

TOWN TENNIS TOURNAMENTS

Town Championship Tennis Tour-
naments to be held at the Palmer
Street Courts this week-end, Sep-
tember 11, 12, will be:Men's Singles, Sat., 9:30 a. m.
Women's Singles, Sat., 2:00 p. m.
Mixed Doubles, Sat., 4:00 p. m.
Men's Doubles, Sun., 9:30 a. m.
Women's Doubles, Sun., 2:00 p. m.All Winchester residents who are
more than 10 years old are eligible.
The entry fee is 25 cents per person
per event. Each tournament will
be started promptly and all con-
testants will be expected to arrive
at the courts on time.Entries may be made by pho-
ning any of the following, before
8:00 p. m. on Friday:
Bob Kittredge, Winchester 6-4236
George Stothoff, Winchester 6-
2872-M

Bob Mulford, Winchester 6-1287-R

FRANCIS J. "JOE" HART, JR.

Commander, Middlesex County
Council, The American Legion, and
member of the Department Execu-
tive Committee.LIEUTENANT DERBY
ASSIGNED TO FORT DIXFirst Lieutenant William S. Der-
by, son of Mr. Henry S. Derby of
68 Vine street, returned recently
from the Far East Command and
has been assigned to Fort Dix,
New Jersey, for duty with the 69th
Infantry Division.Lieutenant Derby, who served
with the Air Force during World
War II, returned to active duty in
January 1951. In May 1951, after
serving with the 47th Infantry
Regiment at Fort Dix, he was
ordered to the Far East Command,
where he served with the 40th
Division in Korea. Among his
awards are the Combat Infantry-
man Badge, Parachutist Badge,
Army Commendation Ribbon and
several campaign and service
medals.A graduate of Medford High
School, the Lieutenant earned his
degree at the University of Maine
in Orono and was employed as As-
sistant Engineer by Stone & Web-
ster of Boston, Massachusetts.GOOD SHOWING IN
TENNIS MATCHES BY BECKERRobert Becker, 16, of Winchester
was a member of the 1954 Eastern
New England all-star junior tennis
team which captured the Wright
Cup at the Wright Cup intersec-
tional team matches held at Dart-
mouth College August 28 - 29.
Playing doubles with Denny
Briggs of Hingham, Bobby won
two matches against southern and
western teams.By winning the trophy, the east-
ern team jumped from last place
a year ago and showed the benefits
of a year's competitive experience
gained through New England Jun-
ior Tennis League matches.
Bobby is the captain of the Win-
chester team and deserves good
publicity for his fine efforts and
showing.RESIDENTS TAKE
BASIC TRAINING AT FORT DIXThree Winchester residents have
been assigned to Fort Dix in New
Jersey for eight weeks of basic
training. Starting their terms in
the service with Co. L, 271st Re-
giment of the 69th Infantry Division
are Richard C. Beck, son of Dr. and
Mrs. Joseph H. Beck of 4A Win-
chester terrace, Walter P. Keyes,
son of Mrs. Elizabeth S. Keyes of
7 Sanborn street; and Alan L.
Thomas, son of Mr. and Mrs. Carl
E. Thomas of 15 Oxford street.Private Beck graduated in June
from Brewster Academy. Private
Keyes, a member of the Class of
1952 at Winchester High, has at-
tended M. I. T. for a year and a
half. A graduate of Paul Smith
College, Private Thomas also gradu-
ated from Winchester High in
1952.To make every

Winchester was the scene of a
mass cooperative effort by all
citizens on that fateful day of
August 31 when the hurricane
Carol paid her visit. From the aux-
iliary police directing and diverting
traffic to the homesowner trying to
clear his property during and after
the storm, everyone was reacting
to the spirit of the emergency. As
the crisis subsided, however, and
things returned more to normal,
many residents forgot that the
Town had an herculean cleanup
job ahead. The Highway Depart-
ment reports that soon after they
go through on their first cleanup
many people fill the streets again
with debris from their property.
The Selectmen have made a ruling
that the Town will clean up the
broken branches, etc., from public
trees, but that private damage is
a private matter. It is time for all
thinking residents to cooperate with
the Town in its efforts to restore
natural conditions in Winchester.

APPRECIATION

Editor of the Star:
On behalf of the families who
live near the intersection of Wedge-
mere avenue and Calumet road, I
wish to thank the town for the con-
tinuous efforts of the crew of work-
men who cleared our property after
the hurricane. These men worked
all day long, beginning on the
day of the hurricane, for four con-
secutive days and some nights. It
would be impossible to improve
upon such service.

Sincerely,
W. L. Wilcox
29 Calumet road

EDUCATION AND ATHLETICS

Editor of the Star:
Just how important are athletics
to our children, and our adults?
Some people seem to place too little
emphasis on sports.
From my own experience I be-
lieve sports are very vital to our
educational system which would
not function as effectively without
a sports program. Baseball, foot-
ball, basketball, field hockey, ten-
nis, track, etc., are all physical
outlets for our students, to express
their abilities in a different man-
ner. Our children learn through
sports something not provided in
the classrooms. I myself provided
and learned much from sports that
I could not learn in any classroom.
Learning to win, and to lose,
which we need, for we encounter
these crises all our days. Also
fair play, courage, stamina, ability
to get along and cooperate with
our fellow man, all these and more
character building qualities are
essential to our youth today.
With teenagers on the rampage,
as they are today, some solution
has to be found, and recognized,
and put into routine operation. I
venture to say that any child who
has diligently participated in
sports, and with even a fair family
background, will go off the road but
very little.
As for adults, we know and re-
cognize that sports, hobbies, or
whatever the outlets may be called,
fill a very important part of our
lives. How many times have you
had a tremendous lift from the
doldrums of life by participation
and competition in sports of some
kind.
Take a town such as ours, or any
other fine community that pro-
gresses steadily. Look at the ath-
letic records. They are the best,

and we adults help make them so
by our loyal support and interest.
I am more sports minded than
most people for some of my best
gains in life I attribute to the basic
principles of living I learned par-
ticipating in sports.
As for our educational system, I
believe we have made great pro-
gress and are gradually recogniz-
ing the need for better and more
thorough academic teaching, and
we are getting it. But we should
realize that self-respect and great-
er recognition of their efforts go
hand in hand with improved teach-
ing. What helps create this self-
respect is pride in one's work and
a fair and just remuneration for
same.

Remember, where we fail at
home, our educational system often
can, and often does take up the
slack. High school as it is today
needs some adjustment, for many
subjects are taught that have lit-
tle value in later life. I would like
to see these subjects added to our
high school curriculum. Courses
in Human Relations, Philosophy,
and Psychology. These I believe
would help more to solve the teen-
ager's problems of today and pro-
duce better citizens for our coun-
try. To close, I quote an old say-
ing, "Think and thank."

RED CROSS HURRICANE DISASTER APEAL

When her name was Carol, she
had an air of mystery and romance
about her. But now she has an
official Red Cross title "New Eng-
land Hurricane 1954" and there is
no mystery about smashed boats,
leveled homes and people killed
and hurt.

Translated into cold hard statis-
tics compiled by Red Cross work-
ers who surveyed the entire dis-
aster scene, the following conser-
vative estimates are given for New
England: 10,500 families directly
affected, 1,500 homes almost de-
stroyed, major damage to 1,500
homes and minor damage to more
than 6,700. There are literally
thousands of homes with superfi-
cial damage not reflected in these
figures. Hurricane destroyed
650 other buildings, including farm
buildings and damaged 1,900 more.

There are 66 trained Red Cross
specialists in the hurricane-affected
areas assisting more than 20
local chapters in furnishing aid to
the victims. Shelter and feed-
ing operations will continue while
necessary. Red Cross workers
calculate that almost 2,000 families
will apply for aid in getting back
to normal life. This again is a
conservative estimate.

This aid will include repair and
restoration of homes and house-
hold furnishings, filling clothing
needs, medical and nursing care,
and helping re-establish small
family businesses.
From the above figures it can be
seen that extensive damage was
done. Red Cross again is on the
job helping people in distress,
working side-by-side with other
agencies. There is the need for
additional hurricane funds and the
Winchester Red Cross is making
an appeal to the people. Contribu-
tions may be left at the Winches-
ter Trust Company or at the Red
Cross office in the Town Hall.

SCHOOL TRAFFIC CONTROL

Local school and police officials
are conducting a vigorous cam-
paign to train school children to
observe maximum traffic safety
precautions. In this effort parents
are urged to cooperate by sending
their youngsters to school by the
safest possible routes.

Listed below are school traffic
control assignments established by
the Police Department. Special
school traffic control officers and
regular police officers are being
employed to cover the assignments.
Lincoln School at Washington
Street

8 to 8:45 a. m.; 11:40 to 12 noon
12:30 to 1 p. m.; 2:45 to 3:15 p. m.

prio, 48 Woodlawn avenue, Everett.

IMMACULATE CONCEPTION HOLY NAME SUNDAY POSTPONED

The regular Monthly Commu-
nion Sunday of the Immaculate
Conception Holy Name Society has
been put back one week from Sun-
day, September 12th to the follow-
ing Sunday September 19th, to
allow the men who wish to take in
the Winchester Council Knights of
Columbus annual outing at Hamil-
ton, to do so.

A Father and Son Communion
Breakfast at the Winchester Town
Hall will constitute this month's
meeting. All the men of the
parish have been invited to re-
ceive Communion in a body with
the Holy Name Society at a Special
Mass to be said at 7:45 a. m. The
Spiritual highlight of the morning
will be the mass dedication of all
the fathers and sons present to the
Blessed Mother on this the one
hundredth anniversary of the
declaration of the Dogma of the
Immaculate Conception known as
the Marian Year.

This will be the official opening
of the Immaculate Conception Holy
Name Society's 1954-1955 pro-
gram and Rev. Father Mark J.
Coakley, newly appointed Spiritual
Director of the Society, has voiced
his desire to see standing room
only both at Mass and at the
breakfast at the Town Hall.

The committee has been very
fortunate in securing, for the guest
speaker, a noted Educator and
after dinner speaker in the person
of Mr. Edward J. McCahill. Mr.
McCahill has chosen as his subject
"The Christophers" and he will en-
large upon the splendid work of the
founder of this program the Radio
and Television priest Father Keller.

The committee for the F. S. B. and
Son Breakfast is headed by
co-chairmen, Jack Barry and Jerry
McCarron, with a ticket committee
of Dennis Maher, Robert Burns,
John Cassidy, Frank Mooney, John
Kinton, Charles Valcour, Joseph
Feel, Dan O'Donnell, Charles Don-
aghey, Sr., John Powers, William
Gibbons, James Finnerty, Pat
O'Malley, Bart Conlon, Sam Kin-
ton, John Meehan, Coley Foley,
William Regan, Joe Sullivan,
Dinny and Joe Melaragni, Joe
Costello, Jimmy and Joe Donaghey,
Jim McGonagle, Pat Colella,
William Dailey, Robert Swynner,
and Frank Flahive.

FIRST CONGREGATIONAL CHURCH

This week has seen a grand rush
at the First Congregational Church
to get everything in readiness for
opening on Sunday morning at
10:45 o'clock. The new pews have
been installed, while the electricians
were working overhead putting the
final touches on the new chandel-
ier and improved grouting through
the ceiling. The dossal curtain
behind the altar will be installed
within a few weeks and a few
other changes are to be made
before the project is completely
finished. Beautiful new red car-
peting is in place across the front
and back of the sanctuary, down the
aisles and up to the altar. The
changes have completely trans-
formed the interior and have added
much to the beauty of the sanc-
tuary as well as to give it new
harmony and unity.

Work on the kitchen is proceed-
ing and is expected to be done
within two weeks. Installation has
also started on a new automatic
stove in place of the furnace. Im-
provements have been made such
as re-painting Ripley Chapel, chang-
ing the Choir Room, improving
facilities for the Church School and
of course re-painting the out-
side of the church even to the
friendly "Red" doors.

The Prudential Committee of the
Church in charge of these 100th
Anniversary improvements is com-
posed of the following members:
Mr. A. Benjamin Gowing, Chair-
man, Mr. James N. Jones, Mr. Robert
D. Lowry.

The One Hundredth Anniversary
of the Sanctuary Building will be
celebrated on October 24th.

CHILDREN'S OWN SCHOOL

On Monday, September 27, the
Children's Own School at 86 Main
street will reopen for its twelfth
year. Painting parties of parents
and committee members are at
work redecorating the first-floor
schoolrooms. Most of the plans will
have been completed by the open-
ing date, despite the hurricane with
resultant "lights out" for so many
days.

The director of the school, Miss
Dorothy Gove, announces that two
new members have joined the
teaching staff; Martha C. Johnson
(Mrs. Robert E.) and Athena G.
Lydotes (Mrs. George A.). Mrs.
Johnson, a graduate of Wheelock
College, with several years of
teaching experience, will be in
charge of the Four Year Group.

Mrs. Lydotes is to have music with
all the groups, since she will be in
charge of singing, rhythms and
rhythm band, as well as doing an
adaptation of Balroze Eurhyth-
mics with the most advanced
children. Mrs. Lydotes attended the
Chicago Musical College, where
she specialized in the piano, study-
ing with Rudolph Ganz while tak-
ing the teacher-training course for
piano.

Building permits issued for week
ending Thursday, September 2:
Build garage under house at 14
Stevens street

Re-shingle 5 Agawam road
New Dwelling and garage at 2
Dana avenue

SUPT. GILSON ADDRESSED GENERAL STAFF MEETING

Superintendent Harry V. Gilson
welcomed the staff members of the
Winchester School Department to
the challenges and responsibilities
of a new school year at a general
staff meeting held in the Wyman
School auditorium on Tuesday
afternoon.

In his comments to the staff,
Superintendent Gilson stated that
it was a basic responsibility of the
Winchester school system to pro-
vide every child with the best edu-
cational service possible, suited to
each pupil's abilities, interests, and
needs. He emphasized the neces-
sity of knowing each child as an
individual and of adapting the pro-
gram, in every way possible, to
meet his individual needs.

In achieving this goal Dr. Gilson
stated that the testing program now
being conducted in the local schools
should be of great assistance to
teachers. As another means of
strengthening our schools, he
stated that he office would wel-
come constructive suggestions
from the staff at any time.

The assembly was called to order
by Mrs. Helena Hatchell, Winches-
ter Teachers' Club president. After
her words of greeting, Mrs.
Hatchell led the group in the
Pledge of Allegiance and the Star
Spangled Banner.

For the musical portion of the
program, Nerissa Purington, first
grade teacher at the Parkhurst
School, delighted her audience with
her singing of three Negro spirit-
uals, "Didn't It Rain," "Nobody
Knows the Trouble I've Seen," and
"I Stood on the River of Jordan."

Accompanying her at the piano
was Assistant Supervisor of Music
Miss Eleanor Anfantis.
As the next item of business,
Mrs. Hatchell called upon Dr. Gil-
son to assume the pleasant duty of
introducing the new staff members
to their fellow teachers. More
than one veteran teacher remarked
that his freshman colleagues rated
high on a score of appearance and
alertness.

The 19 new teachers represent a
broad cross section of training and
experience. Colleges at which they
studied include Harvard, Wheaton,
Radcliffe, Boston University, Uni-
versity of New Hampshire, Colum-
bia, Simmons College, University of
Maine, University of Illinois,
Springfield, and Vassar. Melrose,
Reading, Wellesley, Natick, and
Somerville are some of the Mass-
achusetts school systems from
which the teachers have been
drawn. Others come from Wil-
mington, Delaware; Minneapolis,
Minnesota; Dayton, Ohio; and New
York City.

At the conclusion of the formal
part of the meeting, the entire
group adjourned to the kinder-
garten room to enjoy the delicious
refreshments prepared by the Cen-
tral Mothers' Association.

WOMEN'S REPUBLICAN CLUB

There's no closed season on
politicals! With the primaries only
a jump away on September 14th,
the fall campaign is just around the
corner, members of the Women's
Republican Club have been devot-
ing some of these last vacation
days to making plans to do their
bit toward winning the election.
A particularly pleasant fund-raising
event is scheduled for Wednes-
day, September 22nd at the Winches-
ter Country Club. Dessert,
delicious home-made ones, and
coffee is to be served at 1:30, followed
by Bridge or Cards. There will
be an attractive favor for the win-
ner at each table and several un-
usual door prizes.

Because the capacity of the
Country Club is limited, those
wishing to attend are urged to get
their reservations in early, before
the deadline on September 18th.
Also a certain number of tables for
individual ticket holders, who are
coming without partners, will be
arranged. Such reservations should
be made well in advance.

Meeting with the president, Mrs.
Wilbert Underwood, last week was
a large and enthusiastic group
working for the affair. Mrs. Bar-
bara Clark and Mrs. Rowland Pat-
rick were the winners of Ways and
Means head the committee which
includes Mrs. Horace Ford, Mrs.
William Goodhue, Mrs. Don Greer,
Mrs. Henry Marcionette, Mrs.
James Masterton, Mrs. Maxwell
McCreary, Mrs. Robert Reynolds,
Mrs. Raymond Termon, Mrs.
Everett Tisdale, Mrs. Harold
Twombly, and Mrs. Morris Whorf.

For tickets at \$1.50 each, call
Mrs. Barbara Clark, Winchester
6-0989.

START BOSTON USAR SCHOOL ARMY RESERVISTS

Three Winchester residents, ac-
tive in Army Reserve affairs, start
their new year in the Boston USAR
School on September 24. Lt. Col.
James E. Stewart, Jr., of 7 W
slow road has been designated an
instructor for the Division section
of the Command and General Staff
Course.

Col. Victor S. Phaneuf of 31
Ovid road and Major Sidney L.
Crook of 8 York road will attend
classes in the same course. In-
struction is held twice monthly at
the 1030th ARASU at the Boston
Army Base.

POST-HURRICANE

(Continued from Page 1)

The most difficult streets to clear
were Everett avenue, near Com-
missioner of Public Works Volpe's
house and the intersection of Wash-
ington and Nelson streets, both of
which took several hours to clear
for traffic. The greatest mess to
clear after traffic was opened up
was the corner of Calumet road
and Wedgemere avenue, which
resembled a jungle for many days.

Probably the most serious dam-
age to a private dwelling occurred
at 5 Chesterford road to the home
of Lewis B. Snow. The house was
twisted by a falling tree so that
the ceilings and walls are cracked
in every room but the kitchen and
bathroom, necessitating replastering
and papering. Mr. Snow's
house will need a new roof and
new dormers, which runs his es-
timated repairs to \$5,000 to \$7,000.
Mr. Wakefield said he was "ap-
preciative of the cooperation of
residents and other town depart-
ments and personnel during the
early days of the emergency." It
is reported now, however, that
many residents are taking advan-
tage of the situation and have been
dumping debris from their lawns
into the streets after the town
crews have been through.

After the first clearing is com-
pleted, the Highway Department
must take out the tree stumps, fill
the holes, and repair the damaged
sidewalks. Then the trees which
did not fall but were injured must
be repaired. A conservative guess
is that the Highway Department
will be cleaning up after Carol
well into the year 1955.

COACH KNOWLTON PLEADED WITH MALDEN SCRIMMAGE

"The team looked better than
last year at this time," said Coach
Henry Knowlton after Wednes-
day's home scrimmage with Malden
Catholic, "especially in the back-
field, where we have much more
experience." The Coach was very
pleased with this first of four pre-
season workouts before the High
School grid season opens with Con-
cord here on Saturday, September
25.

Starting lineup for the Malden
Catholic scrimmage included the
following: ends, Frank Dattilo and
Niles Nelson; tackles, Bill Coleman
and Bob Amundsen; guards, Tim
Hennessey and Tony Mucera; cen-
ter, Dana Sawyer; quarterback, Bill
Ross; halfbacks, Bob Hagerty and
Joe Bellino; and fullback, Captain
Mike Murphy.

As most scrimmages do, the
workout with Malden Catholic
pointed out some weaknesses in the
team, and Coach Knowlton feels
that the tackles and backers need
the most work. With three more
scrimmages coming up, (tomorrow
morning with Saugus, September
15 with Medford, and September
18 with Lexington, all on Man-
chester Field), the boys should be
ready to avenge last year's lone
defeat, 13-0, by Concord.

On Monday, the freshman foot-
ball squad will report to Coach Ed
Burns, who expects about forty
candidates.

FIRST CHURCH OF CHRIST SCIENTIST, WINCHESTER
Sunday Service at 11:00 a. m.
Sunday School is held at the same hour as the Church service.
Wednesday testimonial meeting at 8:00 p. m.
Reading Room, 5 Winchester Terrace (off Thompson street). Open daily except Sundays and holidays from 11:00 a. m. to 1:00 p. m.

The practical value of understanding God as the source of all true substance will be stressed at Christian Science services Sunday in the Lesson-Sermon entitled "Substance".
Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (301:17-20): "As God is substance and man is the divine likeness, man should wish for, and in reality has, only the substance of good, the substance of Spirit, not matter."
From the Bible will be read the following passages from Psalms (97:3-5): "True is the Lord, and God good; so shall thou dwell in the land, and verily thou shalt be fed. Delight thyself also in the Lord: and he shall give thee the desires of thine heart. Commit thy way unto the Lord: trust also in him; and he shall bring it to pass."

CHURCH OF THE EPIPHANY
Rev. John W. Ellison, Rector.
Rev. Charles E. Batten, Director of Christian Education.
Sunday, September 12, 8:00 a. m. Holy Communion.

SERVICE AT METHODIST CHURCH

The regular worship service will be held at the Crawford Memorial Methodist Church this coming Sunday morning at 10:45 a. m. The pastor, Rev. John Snook, Jr., will bring the message.

There will be a nursery for little children during the regular church hour.

Sunday School officially opens September 26th with the following schedule.

Junior Intermediate and Senior Departments at 9:30 a. m. (4th Grade through High School).

Nursery, Beginners and Primary Departments at 10:45 a. m. (Three years of age through the 3rd Grade).

There will be a nursery for children under three years of age for parents who desire to attend morning worship at 10:45 a. m. The Methodist Youth Fellowship which meets Sunday evenings, will have its first official meeting Sunday evening, September 26th at 8:30.

The church opens its doors to all the people of the community who have no other ties and who desire to join in our fellowship. It has set a definite goal as a challenge to its people as

The church of the warm heart
The church of the open door
The church of the adventurous spirit,
Of a man's dreams;
The church that cares,
That heals hurt lives,
That comforts older people;
That challenges youth;
That knows no division of color or class,
No frontiers, geographical or social;
The church that inquires as well as answers,
That looks forward as well as backward,
The church of the Master.

THE SENIOR FORUM

Although the Senior Forum of the First Congregational Church will not officially start until the opening supper on September 26, a great deal of activity is already in progress among its members.

The first of the class picnics will be the Sophomore Cook-out at the home of the Sophomore Class Advisers, Mr. and Mrs. William B. Schmink, 221 Mystic Valley Parkway, on Sunday night, from five to seven o'clock. This gives all a chance to meet the new officers and adult advisers, make some plans for the year, and have fun.

The Forum Officers for the year are: President, Niles Nelson; Vice President, Dorothy Pratt; Recording Secretary, Sue Clark; Corresponding Secretary, Mickie Coon; Treasurer, Bill Ross; Assistant Treasurer, Bob Becker. Class representatives on the Student Council are: Juniors, Betty Rowling; Seniors, Betty Rowling; Sophomores, Cathy Tonan and Bill Mason; Freshmen, Sally Kimball and Peter Gowing.

WINCHESTER BOYS ATTEND CAMP WAKUTA

Winchester boys attending sessions at Camp Wakuta in Freedom, New Hampshire this past summer, included Phil Dunn, David Eaton, David Purrington, Dennis Baker, and Bryan Abbott. Camp Wakuta is owned and operated by George T. Davidson, former Winchester resident, and son of the late George T. Davidson, who for many years served the town as Selectman and Park Commissioner.

The Fire Department received notice on Tuesday morning of burning wires detected at the residence of Sanford F. Petta, 27 Myopia road. The department worked for 45 minutes to extinguish the burning sheathing studs, wires, and fuse box.

EX-LITTLE LEAGUERS

By closing the season at Melrose on August 27th by beating the Melrose Pony Team 8-5 our Winchester ex-Little Leaguers, after a late start, were able to play 16 games, winning 11, losing 4 with 1 tie score. The interest of the boys has been at a high level and with only seventeen on the squad it was a surprise to see that nearly every boy reported for each game and many are now looking forward to next year, hoping that Winchester might have additional teen age teams and forming maybe a Pony League of the 13-14 age or a Babe Ruth League for boys 15-16 years old.

With the tremendous success of Little League for boys up to 12 years, the teen age boys in their most important years are left out of the picture until they become eligible for competition in the Junior Legion program or Scholastic Baseball. The P-O-N-Y League which derives its name from the first letters of its slogan "Protect Our Nation's Youth" or the Babe Ruth League would bring together these teen age boys with the primary intention of providing them with wholesome recreation under proper leadership and close supervision during the vacation months and definitely should be a worthwhile activity for our children to consider during the coming months.

Many thanks should be given the Park Department, Henry Knowlton, Ted Bartlett, Charlie Koch, Gordon Peckham and many others for helping Ted Freeman and Carl Morton give these ex-Little Leaguers a chance to "belong" and have a place to meet for mutual pleasure.

SPONSOR

Many a newcomer to Winchester has had her approach to a knowledge of the town smoothed appreciably by the Welcome Wagon representative.

She it is who calls on newly arrived housewives, answers their questions about churches, schools, where to get what, and most important from our angle, gives them a complimentary copy of the Winchester Star.

You will be helping her and your new neighbors if you do!

STAR ADS BRING RESULTS

UNITARIAN NEWS

Regular services will be resumed at the Unitarian Church this coming Sunday, September 12th, at 11:00 a. m. Reverend Robert A. Storer will preach on the topic: "The Deep Things". There will be an accommodation class for small children while parents attend church. All regular classes in the Church School will be resumed on October 3rd.

Mrs. Ralph Lasselle, Director of Religious Education, will be in the Church Office Monday and Wednesday afternoons from 1-4 to confer with parents concerning any phase of the Religious Education Program.

LIGHTNING FELS TREE

A tree near the new home of Eugene Rotondi on Churchill road was struck by lightning during the brief thunder storm last Tuesday noon. Parts of the tree were scattered around to a distance of almost thirty feet. Albert Joseph Rotondi, who was standing near the tree, was shaken up when the lightning struck.

"we can't possibly afford it"

NONSENSE!

Now you can prove to yourself that Gas heat costs less than you think—on this satisfaction-guaranteed offer backed by your Gas Company!

Everybody knows it's the cleanest furnace fuel there is. They know it's quiet. They know it's reliable, dependable and fast.

Let us prove that you can afford it — and guarantee that you will be completely satisfied. Here's how this proof works:

- Gas engineers come to your house . . . make a free survey . . . tell you how much it will cost you to heat with Gas. So you know from the start that Gas will fit your budget.
- You install a Gas burner in your furnace (see special offer at right).
- If, at any time within the following 12 months, you are not satisfied with Gas heat for any reason whatsoever — just ask us to remove your Gas burner. We will refund every cent you've paid for your equipment, no questions asked.

Don't wait a day longer to enjoy the comfort, convenience, and cleanliness of Gas heat. Call us now for your free survey. No obligation, of course.

Extra! Save 10% on a new Gas hot water heater!

If you install a fast, clean Gas water heater at the same time as your Gas conversion burner, we will allow you an additional 10% on your old tank.

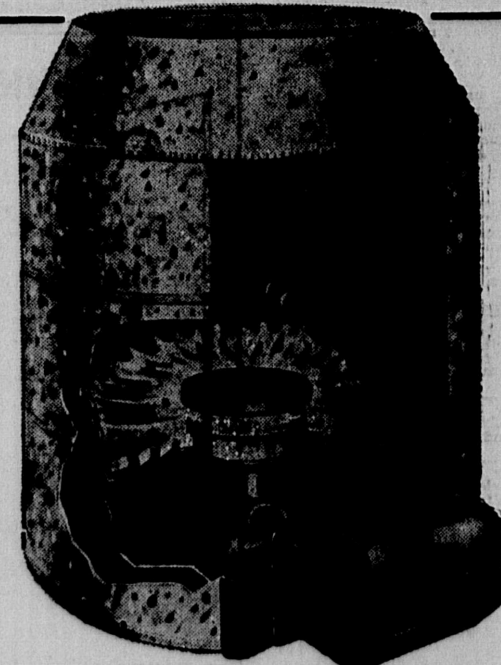

\$50⁰⁰ OFF!
\$279⁵⁰ GAS CONVERSION BURNER

now only

\$229⁵⁰

no down payment

We expect tremendous demand for Gas heating equipment with our new satisfaction-guaranteed offer. So we're reducing the price of this Gas burner by \$50 for a limited time only to encourage you to get your burner installed before our busiest season.

Mystic Valley Gas Co.

CASE NO. 34992 REG. PROBATE COURT, MIDDLESEX COUNTY.

THE COMMONWEALTH OF MASSACHUSETTS.

To the TOWN OF WINCHESTER, a municipal corporation, located in the County of Middlesex and said Commonwealth, CLIFFORD S. SUNDBERG, DOROTHY W. SUNDBERG, OTTO E. SCHAEFER, JR., CHARLOTTE E. SCHAEFER, all of said Winchester; and to all whom it may concern:

Whereas, a petition has been presented to said Court by RICHARD L. EMERSON, of said Winchester, to register and confirm his title in the following described land:

A certain parcel of land with the buildings thereon, situate in said Winchester, bounded and described as follows:

Northwesterly by Pond Street 114.60 feet; Northeastly by land now or formerly of OTTO E. SCHAEFER, JR., et al about 239.29 feet; Southeastly by Winter Pond; Southwesterly by land now or formerly of CLIFFORD S. SUNDBERG et al about 193.00 feet.

The petitioner claims an appurtenant to the above-described land the right to use said Winter Pond in common with others entitled thereto.

The above-described land is shown on a plan filed in said Court, and all boundary lines are claimed to be located on the ground as shown on said plan.

If you desire to make any objection or defense to said petition you or your attorney must file a written appearance in said Court at Cambridge before ten o'clock in the forenoon on the sixteenth day of September 1954, the return day of this citation.

Witness, John C. Leggat, Esquire, First Judge of said Court, this third day of September in the year one thousand nine hundred and fifty-four.

JACKETS PRESENTED TO JUNIOR LEGION CHAMPS

On Tuesday evening the Winchester Legion, Post No. 97, invited the members of the Junior Legion baseball team to the Post home for a little affair to winning the Zone 5 of the Middlesex County Junior Legion baseball championship. At this affair jackets were presented to the members of the team and refreshments were served. Dads of the boys were present and a good time was had by all.

Junior Vice Commander Herbert Froberg acted as M. C. and congratulated the boys for the fine job done this past season and mentioned that the Winchester Post is highly proud of them.

Froberg then introduced Chairman of Activities of the Post, Henry O'Neill who expressed his thanks for the credit the boys brought to themselves and to the Post.

O'Neill then introduced to the dads and Legion members, Manager Frank Provinzano. Frank first mentioned a few of the statistics of the boys' performances for the past season and gave a brief resume of the results of the games and the record for the season which is a good record and one that we can be mighty proud of.

The Winchester unit won the championship of Zone 5 of the Middlesex County with a record of 8 wins and 1 loss and just missed the Middlesex County championship to Watertown. Watertown had 11 wins and 2 losses and the local aggregation had the fine record of 10 wins and 3 losses. Both teams entered the state playoffs and Watertown was eliminated in the first round losing to Brockton. Winchester went ahead to eliminate Stoughton and East Bridgewater but was then set back by Brockton to end further play for Winchester. Brockton was then crowned State champions and lost to Baltimore in the Regional playoffs so losing to Brockton should not shame our team. It took a good team to eliminate a good team. Manager Provinzano then thanked the boys and their parents for the fine cooperation and spirit shown throughout the season. He also thanked Mr. Ralph Bonnell for sponsoring uniforms, the Winchester Star for providing space each week to relay the results of the contest to the readers, he thanked those that attended the games to encourage the boys and finally thanked the Winchester Post for fielding the team. Pro-

YOUR STATE SENATOR

REPUBLICAN CANDIDATE FOR RE-ELECTION

KEEP A CONSCIENTIOUS SERVANT IN OFFICE

VOTE ON TUESDAY, SEPTEMBER 14

William J. Speers, Jr., 2 Fernway, Winchester

CIVIL DEFENSE

Winchester Civil Defense units rolled into action immediately after Hurricane Carol arrived Tuesday, August 31, and remained on duty throughout the emergency period.

winzano also stressed that because of the fine conduct of the boys on and off the field, much credit goes to the boys, to their parents, to the Winchester Post and to the whole town of Winchester.

Before the jackets were presented to the boys Manager Provinzano expressed his thanks and appreciation for having the assistance of Albie MacDonnell as coach. Albie was well liked by the boys and he was a great asset to the team. Albie then expressed his appreciation and thanks to the boys and mentioned that he had a wonderful time with the boys and expressed that the boys were a wonderful group.

Senior Vice Commander Sandy MacKenzie, then thanked the boys for all that they have done and expressed his appreciation and congratulations to the members of the team.

Sandy MacKenzie, Henry O'Neill and Herbert Froberg then presented the jackets to the boys as Manager Provinzano called out the names. Those that were present with their dads to receive jackets were: Joe Bellino, Bob Haggerty, Paul MacDonald, Bert Kneeland, John Chapin, Mike Callahan, Charlie Allen, Quentin Roberts, Ronald Roberts, Frank Dattilo, Jack Herzog, Terry Stowe, and Arthur Sullivan.

Manager Provinzano then regretfully announced that Henry Quill and Lou Farrell with their dads were not present. Henry is a patient at the Winchester Hospital and Provinzano visited Henry before going to the Legion Home to make the presentation of the jacket to Henry. This made a big hit with Henry.

Provinzano was also notified that the Farrells could not be present because Lou was confined to his bed and was awaiting removal to the Winchester Hospital. Upon hearing this Manager Provinzano presented Lou with his jacket and as sick as Lou was his eyes lighted up and he flashed a big smile and held the jacket close to him. So here's hoping that there is nothing serious and a quick recovery for both boys.

To conclude the program Vice Commander Sandy MacKenzie then presented jackets to Manager Provinzano and Coach MacDonnell and extended his appreciation for the fine job done. Sandy then invited all present to the refreshments.

RAINBOW NEWS

The Winchester-Woburn Rainbow Girls were very privileged in that their Mother Advisor, Mrs. Ethel Troupe of Winchester, attended the Supreme Assembly meeting that was held in Atlantic City this past July.

The Rainbow Girls are planning an exciting Fall, full of fun, including an auction and a penny sale, and they would like to share their activities with everyone.

CIVIL DEFENSE

Winchester Civil Defense units rolled into action immediately after Hurricane Carol arrived Tuesday, August 31, and remained on duty throughout the emergency period.

The following Auxiliary Firemen were on duty Tuesday: Harold McKinley (Main and Parkway), Joseph Callahan (Parkway and Main), Fred Mitchell (Mt. Vernon and Washington), Richard McIntyre and George Neville (Church and Main), William Twombly, Frank Edwards (Church and Cambridge), Herbert Wadsworth (Church and Bacon), George Hendricks (Washington and Forest), Harry Goodwin (Main and Swanton), Fred Wier (Symmes corner), Pasquale Bruno (Cambridge and Everett), Thornton Harvey and Joe Moffett (Washington and Nelson), and Frank Stechi (Dunster lane and High).

A report of wire trouble in a home on Washington street was answered by the fire department on Tuesday, and the source of the difficulty was found to be a short circuit in the refrigerator starter.

TELEPHONE SERVICE NOW RESTORED IN MASSACHUSETTS

Last week 150,000 telephones in over 250 telephone exchanges located in Massachusetts were put out of service by the hurricane.

This was 8 per cent of the telephones normally served in this state.

Normal service has now been restored.

The work that was done over the long week end permitted us to finish the restoration job that was started even before the storm was over.

If by any chance your service has not been restored, or is not working satisfactorily, please notify Repair Service, so that we may get at it immediately.

Those customers whose service was interrupted by this storm will receive an adjustment for the "out-of-service" period as a credit on an early bill.

Now that the restoration job has been completed, may we again thank our customers for their patience and understanding; all public officials for their prompt assistance; other utility companies for their cooperation and all telephone employees for their outstanding performance during this emergency.

H. W. Macdonald General Manager - Massachusetts

SERVICE RESTORATION REPORT TO OUR CUSTOMERS

On Tuesday, exactly a week after Hurricane Carol had struck, more than 98 per cent of Boston Edison Company's 450,000 customers had their electric service. Since that time our working forces have not slackened their efforts in bringing this important task to completion.

We again thank our customers for their patience and understanding, particularly those in the numerous residential areas where tree damage was extreme and restoration work most difficult.

SECOND HURRICANE CAUSES SERIOUS WATER DAMAGE

EDITORIAL

Once again Winchester citizens and police and fire officials responded nobly to the crisis presented by the raging winds and rains of a hurricane. The police and firefighters were on duty full force, including several who were on vacation, and auxiliary workers put in many hours adding their departments in the emergency of the storm. Despite the inconvenience we all felt from lack of electricity and in some cases phone service, we must extend our appreciation to the valiant employees of Boston Edison and the New England Telephone and Telegraph companies. Many of these people have been working sixteen-hour days since August 31, with many more ahead. Our foremost hope now is that the glittering rainbow which spanned Winchester shortly after Edna left is a good omen and that we have seen the last of these fantastic storms for a long time.

JOHN G. STEVENS

John G. Stevens, 51, of 226 Mystic Valley Parkway, died suddenly at his home while talking to his wife in Maine on the telephone on September 10. Mr. Stevens had been a resident of Winchester for fifteen years. He was born in Boston, the son of John M. Stevens and Agnes Arsenault Stevens.

Mr. Stevens is survived by his wife, Alice M. Stevens; a son, John A. Stevens, of Winchester; and a brother, Homer Stevens, of Boston. Employed as a technical supervisor of the Western Electric Company in Watertown for 30 years, Mr. Stevens was a member of the Winchester Council, Knights of Columbus No. 210 and St. Mary's Holy Name Society.

The funeral was held from the Lane Funeral Home on Tuesday at 9 o'clock with a solemn high mass of requiem at St. Mary's Church at 9 o'clock. Reverend Charles E. Anadore was celebrant with Rev. Martin J. Dolphin as deacon and Rev. John M. Manion as subdeacon. Seated in the sanctuary were Rev. George McCabe and Rev. John Kinnier of Weston. Communion was administered by Rev. John Kinnier. Interment was in Calvary Cemetery in Woburn.

NOTICE OF

ANNUAL NOMINATION MEETING

The shareholders of the Winchester Cooperative Bank will hold the annual meeting for the nomination of directors and a clerk at the banking rooms, 19 Church street, Winchester, on Monday, October 4, 1954, at 2 p.m.

MISS THOMS FEATURED IN PARADE MAGAZINE

Miss Betsy Thoms, daughter of Mr. and Mrs. David B. Thoms, 20 Maxwell road, will be pictured in a description of a new crib-bed which her father is merchandising in the Parade Magazine of the Boston Post on Sunday, September 19.

MRS. ASELTINE RETURNS FROM TRIP TO ALASKA

Mrs. Frederick W. Aseltine of 7 Cabot street recently returned from a six-weeks trip to Alaska. She traveled by train to Montreal and across Canada, stopping for a few weeks at Lake Louise and Banff. She then went on to Vancouver, and to Alaska by ship.

CIVIL DEFENSE

Just in case of Hurricane Gladys, or Helen, or any other civil emergency, Winchester Civil Defense announces a new signal for summoning CD workers to their posts. Three rounds of six-stroke signals on the town fire alarm will be the summons. Currently, the single six-stroke call is the signal for auxiliary firefighters to report for duty. Repeated three times, it will now be the call for all Winchester Civil Defense workers.

SCHOOL OF RELIGION UNITARIAN CHURCH

Main Street and Mystic Valley Parkway

Reverend Robert A. Storer, Minister
Mr. Ralph Lescelle, Director of Religious Education
Mr. Herbert Black, Leader of High School Group
Mr. Gardner Handy, Leader of Junior High Group
PURPOSE: To give the child a religious experience that will provide a foundation for living.
LOWER SCHOOL: Nursery through Third Grade—Meets at 10:45 A.M.
To give the child his first experience in group worship, to introduce him to religious art and literature, and to help him feel at home in church.
UPPER SCHOOL: Fourth Grade through High School—Meets at 9:30
Minister's High School Bible Class at 10 A.M.
The courses are planned to teach young people the history and meaning of liberal Christianity, to promote tolerance through the study of other religions, to foster a sense of churchmanship and to cultivate a personal faith. Courses by the Minister on the festivals, symbols, sacraments and structure of the Unitarian church.
ACTIVITIES: Junior Choir, Motion Choir, Pagantry, Junior and Senior High Fellowships.
REGISTRATION: Church office every morning.
New Students Monday and Wednesday afternoons from 1-4.
OPENING DAY—SUNDAY—OCTOBER 3rd AT 10:00 A.M.
September church services are being held at 11 A.M. Small children will be cared for during the service.

WILDE — GRIFFITHS

Miss Nancy Ann Griffiths, daughter of Mr. and Mrs. Leonard Victor Griffiths of 4 Meadowcroft road, became the bride of Mr. William Allan Wilde, Jr., son of Mr. and Mrs. W. Allan Wilde of 9 Edgemoor road, in a 4 o'clock service at the Crawford Memorial Methodist Church on September 11. Rev. John Snook, Jr., performed the ceremony, while Mrs. Mary Ranton Witham played the bridal music in a setting of gladioli and chrysanthemums.

Miss Griffiths was given in marriage by her father. She wore a gown of Chantilly lace over white satin with a headpiece of embroidered lace and a fingertip-length veil of illusion. Her bouquet was of stephanotis and white orchids.

Mrs. John Adams Marshall was matron of honor, groomed in a waltz length dress of penecok green silk with matching headpiece and mitts. She carried a bouquet of rubrum lilies and ivy. The bridesmaids, with dresses matching that of the matron of honor, were Miss Martina Murphy of Concord and Miss Jeanne Wilde, sister of the groom.

Mr. Wilde's best man was Mr. Lawrence T. Smith. The ushers were Mr. Leonard Victor Griffiths, brother of the bride, C. Philip O'Rourke, James E. Kimball, 2nd, and Eben Caldwell.

Following the wedding there was a reception at the church. Mrs. Griffiths, mother of the bride, wore a waltz length gown of dusty rose silk tulle with matching hat. The groom's mother, Mrs. Wilde, wore a waltz length dress of copper colored cristalette with mink cloche hat and berries to match.

The bride is a graduate of Winchester High School and Vermont Junior College. Mr. Wilde graduated from Winchester High School and Boston University and is a member of Sigma Alpha Epsilon fraternity.

After a wedding trip to the Pocono Mountains in Pennsylvania, Mr. and Mrs. Wilde will reside at 22 Oneida road. Mr. Wilde is in partnership with his father in the W. Allan Wilde & Son Insurance Agency in Winchester.

MRS. WILHELMINA H. CHASE

Mrs. Wilhelmina (Herderhurst) Chase, wife of Ernest Dudley Chase, aged 71, passed away September 10, after a long illness at her late home, 3 Lakeview terrace, Winchester, where she and Mr. Chase had resided since coming to Winchester from Boston in 1916.

Although not a member of the First Congregational Church, she formerly was very active in various branches of the church work and was also prominent in the old Calumet Club until it closed. Mrs. Chase was a member of the Winchester Fortnightly and the Florence Crittenton League for many years.

She leaves beside her husband, a nephew Philip Herderhurst of Arlington, and a step-daughter, Mrs. Marjorie Chase Lane, who has been at Lakeview terrace for several months.

A private Memorial Service was held at the residence Monday afternoon, September 13, at 2 o'clock. Rev. Dr. Howard J. Chidley officiating. Interment followed at the Lowell Cemetery.

CORRECTION

The Star regrets the omission of the name of Thomas F. Derro from the wedding party of his sister, Marguerite Derro McCabe. Mr. Derro served as an usher.

REV. CHARLES E. BATTEN

NEW EDUCATION DIRECTOR AT EPIPHANY

The Rev. Charles E. Batten, new director of Christian Education at the Parish of the Epiphany, will officially inaugurate the new program of Christian Education next week with the opening of the church school on September 26th. The new plans have been developed by Mr. Batten and the Board of Christian Endeavor after a study, discussion and a poll of the members of the parish. In the coming months Mr. Batten will reorganize and administer the total educational program of the entire parish from the cradle roll material through adult education, which will give opportunities for study and growth to all ages.

No one could be better qualified to carry out an outstanding program of Christian education than Mr. Batten. He has just resigned as dean of Crozer Theological Seminary and professor of Christian Education to come to Winchester and will be ordained an Episcopal clergyman next year. Mr. Batten did his undergraduate work at Temple University, graduated from Crozer Theological Seminary in 1938, and became registrar, librarian, acting president, and then dean and professor of Christian Education.

He has also always been very active in community affairs, having been on the board of directors of a hospital and library, vice-chairman of his district on the Boy Scouts of America, a member of the county committee on mental hygiene, on the health and welfare council, a president of the Rotary Club, and the director for a number of years of a camp for young people. Mr. Batten has done a great deal of writing and speaking at colleges and universities and is vitally interested in work with youth.

Mr. and Mrs. Batten arrived in Winchester in July and were officially welcomed to the parish by the vestry and the board of directors. The members of the board of Christian Education at a dinner at the rectory given by the Rector and his wife, the Rev. and Mrs. John W. Ellison. Since then many members of the parish have had the opportunity to meet Mr. and Mrs. Batten and their two boys, Linton, who is eleven, and Roland, who is seven, who both attend the Lincoln School. Mr. and Mrs. Batten live at 18 Hancock street. Mrs. Batten also studied at Crozer Seminary and did work in Christian education in various parishes and also taught school.

The Parish of the Epiphany is indeed fortunate to have Mr. and Mrs. Batten here and its members look forward to the expanded educational program of the future with great anticipation.

RED CROSS AND THE SECOND HURRICANE

The Winchester Red Cross reports that again the town was covered by the Canton during the second hurricane.

On Saturday from late afternoon until two o'clock on Sunday morning, the Red Cross station was driven up and down the streets serving hot coffee and sandwiches to the highway men, the firefighters and police. These men, many of them working through long, weary hours to clear the streets, were most appreciative of this service by Red Cross.

That this assistance in a time of need was the result of mutual help is shown by the fact that a grocer was willing to keep his store open as long as Red Cross needed supplies, by the several women who were on call to make the sandwiches and by the others, both men and women, who staffed the car and served the food. This is only one instance of the splendid cooperation which exists between the Chapter and volunteers during a disaster.

MISS LINCOLN ENGAGED

Mrs. Marietta V. Lincoln of 2 Palmer street announces the engagement of her daughter, Cynthia Vennard Lincoln to Robert E. McElhiney, son of Mr. and Mrs. Edward McElhiney of Salem street, Winchester.

Miss Lincoln is a graduate of Lasell Junior College. Mr. McElhiney attended Tufts College School of Engineering and is now serving in the Army. He will leave for Austria this week.

No date has been set for the wedding.

CHADWICK AND ANDREWS NOMINATED BY REPUBLICANS IN LIGHT VOTE

Harrison Chadwick of 24 Everett avenue and Sumner R. Andrews of 47 Wildwood street were nominated by Winchester Republicans for Representative in General Court, and Register of Probate and Insolvency, respectively, in Tuesday's primary vote. A total of 993 Republicans and 361 Democrats cast their votes, comprising 14 2/3 percent of the registered voters of Winchester.

Richard W. Sheehy, Jr., a sticker candidate, won the Democratic nomination for Representative in General Court of the 29th District (including Winchester and Ward of Woburn), and will face Chadwick at the election on November 9.

Alan G. Adams of Lexington was victorious in the only other contested post and became Winchester's Republican nominee for County Commissioner.

(Continued on Page 4)

MRS. SUSAN E. SPRINGER PENDLETON

Mrs. Susan E. Springer Pendleton died at her home 109 Cambridge street on Sunday morning, September 12, after a long illness. She was the widow of Joseph Brooks Pendleton, football enthusiast, who was a pioneer in the game and its rules.

Mrs. Pendleton was born in Exeter, N. H., the daughter of David Springer and Olive Young, on January 28, 1867.

She had made her home in Winchester for over forty-two years, being a member of the Fortnightly and the Church of the Epiphany.

She was a great home person extending much hospitality to friends of all ages. In her later years she took up painting. She was much beloved by many people and during her long illness, her cheer, sense of humor and courage and interest in world affairs inspired many friends. She was a great lover of flowers and plants and friends were so considerate of this great love of hers that they kept her generously supplied with flowers during her long illness.

She is survived by two daughters, Dorothy Springer Pendleton of this town and Mrs. Olive Robertson of Lowell.

Funeral services were held on Tuesday afternoon, September 14, with Dr. Dwight L. Cart of the First Congregational Church officiating. Interment was in Milton Cemetery.

WALCOTT A WINNER

Ted Walcott of Allen road, owner of Walcott Sales & Service Inc., in Somerville was the only Winchester representative who won the General Electric "Triangle Run Trip" to Louisville and Chicago held September 9th to 12th inclusive.

The winners in the midsummer sales contest together with G. E. executives comprised the party. This was an all-expense paid trip by Eastern Airlines to Louisville, including a tour of the new G. E. Appliance Park there, thence by plane to Chicago where the group stayed at the exclusive Drake Hotel.

After two days of sightseeing and recreation the party returned to Logan Airport at 10:30 Sunday night.

COMMUNION BREAKFAST

Immaculate Conception Holy Name Society expects a capacity crowd at the Father and Son Communion Breakfast at the Town Hall on Sunday morning, September 19th.

The breakfast will be catered by the 1790 House Management. Mr. Edward J. McCabe, noted educator of Salem will be the main speaker. He has chosen as his topic the "Christophers." The breakfast will emphasize the importance of the individual in improving the present condition of our society.

A special mass at 7:45 a. m. in the Immaculate Conception Church will precede the breakfast.

GRADUATES! DO YOU WANT THE RED AND BLACK?

The staff of the "Red and Black" will be happy to send copies of the paper to any graduate, or people who may be interested.

The price for a year's subscription is 75c to cover the cost of printing and mailing.

Anyone who desires this service should get in touch with either John Robert, Winchester 6-2095, or Seth Weston, Winchester 6-1829.

SCHOOL DEPARTMENT REGISTERS SUBSTITUTE TEACHERS

The Winchester School Department is compiling its list of substitute teachers for the school year, 1954-55. Any qualified person desiring to be placed on the list of substitute teachers should contact the Superintendent's office at 84 Washington street, Winchester 6-1780.

GUSTAVE O. HAKANSON

Gustave O. Hakanson of 44 Lincoln street, well known painting contractor in Winchester for over 30 years, died suddenly in Boston on Monday, September 13. Mr. Hakanson had been hospitalized for five weeks at Christmas time but had been operating his business since that time.

Mr. Hakanson was born in Helsingborg, Sweden, on April 4, 1890, the son of the late Nils and Katarina (Den) Hakanson. He came to America in 1905 and lived in Roxbury, later moving to Winchester from Medford in 1918.

A former amateur wrestler, Mr. Hakanson won the New England amateur lightweight championship in 1910 and held it for several years. He was a member of the Fosse and member of the Boston, with which he went to the Olympic Games in Stockholm, Sweden in 1912.

On December 5, 1914, Mr. Hakanson was married to Anna Dorsey Anderson of Winchester, who survives him with two sons, G. Warren Hakanson of Kingsport, Tenn., and Richard A. Hakanson of 321 Highland avenue; two sisters, Mrs. Hilda J. Hultgren of Mill Valley, California, and Betty Rosengren of Helsingborg, Sweden; three brothers, C. Alfred Hakanson of Woburn, S. Rudolph Hakanson of Winchester, and Axel J. Hakanson of Roslindale; and five grandchildren.

Mr. Hakanson was a member of Vasa of America, North Star Lodge No. 49, and Scandia No. 80 S. F. of A., both of Woburn. He was also a member of the William Parkman Lodge A.F. and A.M., and a former member and past Noble Grand of I. O. O. F. of Winchester. Mr. Hakanson served Winchester as a Town Meeting member from 1949 to 1954 and member of the Finance Committee from 1944 to 1948.

Private services were held this week, with interment in Wildwood Cemetery.

RED CROSS BLOOD BANK SEPTEMBER 27th

Winchester's opportunity to help fill the depleted Red Cross Blood Bank will come on Monday, September 27, according to an announcement today by Mrs. Henry E. Moffett, chairman of the Winchester Red Cross Blood Donor Program. She said the Mobile Unit will be at the Congregational Church, thanks to the generosity and fine public spirit of that parish, from 1 p. m. to 7 p. m. on that day.

Mrs. Moffett emphasized that blood is something that must be given ahead of time so that it will always be on hand when disaster, diseases and destruction hit unexpectedly, as they all too often do. Blood is no less a vital aid to the doctors of our community than the wonder drugs that have done so much to save so many lives. But unless these wonder drugs, blood cannot be manufactured. Nor can it be mined. It can come—and come only—from the veins of healthy men and women, who by giving a pint of blood on September 27, can have the everlasting satisfaction of knowing that their priceless, painless gift has helped someone to live.

GRAY — GRAVES

Captain and Mrs. Garrett Van Antwerp Graves of Winchester announce the marriage at 4 o'clock on Saturday, September 11, of their daughter, Susan Vance, to Peter Bradley Gray, son of Mr. and Mrs. Joseph Clifton Gray, also of Winchester.

The ceremony in the Lady Chapel at Westbury, Grand Isle, Vermont, was performed by the bridegroom's grandfather, Dr. Joseph M. M. Gray. Miss Graves was attended by her sister Miss Janet Graves and by Miss Louise Gray, the bride's cousin.

The best man was the father of the bridegroom while Peter Baldwin of Andover, Mass., performed the duties of the only usher. Mr. Gray was graduated from the Belmont Hill School and studied at Middlebury College. Miss Graves was graduated from Winchester High School in 1950.

After a short stay in New England the couple will live in Augusta, Georgia where Mr. Gray is stationed at Camp Gordon.

WARREN H. TAPLIN

Word was received in Winchester recently of the death in California of Warren H. Taplin, formerly of Winchester. The son of Mahlon and Josephine Taplin, Mr. Taplin was born in Winchester and graduated from the High School in 1910.

In 1920, Mr. Taplin went to California where he was engaged in building small houses until his health failed. He died on July 4. Mr. Taplin is survived by his wife, a son and a daughter, and four grandchildren in Los Angeles; and a sister, Mrs. John Little of Auburn, California.

RALPH W. HATCH APPOINTED CEMETERY COMMISSIONER

On September 7 at a joint meeting of the Cemetery Commissioners and the Board of Selectmen, Ralph W. Hatch was appointed a cemetery commissioner.

Mr. Hatch fills the vacancy caused by the death of T. Price Wilson.

SELECTMEN'S REPORT

Now that the winds and rain of Hurricanes Carol and Edna have subsided and calm has once more settled over the town, the Board of Selectmen feels that it should make a preliminary report of the stupendous task that the various departments of the town were called upon to perform and to compliment the men and the department heads on their ability to meet such a crisis. Winchester, with its many very old and beautiful trees, felt the fierce onslaught of Hurricane Carol and we were faced with the terrible problem of clearing the streets of fallen trees, stumps, and debris. For this reason the park department, and water and sewer department turned over all equipment and personnel to the highway department and worked under the supervision of Mr. James A. Wakefield, superintendent of streets. We wish to compliment our town departments and their men for this evidence of cooperation in a grave emergency.

In order to facilitate the work, the board of health ordered that the disposal area be kept open and the men were working at stretches of sixteen and eighteen hours. The fire department was alerted at all times to see that this burning was kept under control.

For eleven days through Friday, September 10, these departments worked tirelessly to remove the damage of Hurricane Carol, when on September 11, we like the rest of New England, again suffered great damage from the torrential rains and winds of Hurricane Edna. Calls for help swamped the fire department switchboard and the members spent many a weary hour rendering assistance to those who needed cellars pumped out.

The members of the police department were mobilized to guard the business districts damaged by the high winds and all men were on duty at all times patrolling darkened areas and streets where fallen trees and wires were a menace to safety.

The efficiency of our civil defense organization was also proved during this emergency. Over a ton of dry ice was procured, cut, and distributed to those who appeared at the fire station. Auxiliary policemen and firefighters were on duty to take the place of those regulars who, because of the emergency, were unable to cover posts of duty. The control center auxiliary lines of communication were kept open and those who manned this station spent long hours at this vital post.

The Red Cross mobile unit toured the town during both storms ready to evacuate any distressed family and prepared to serve hot coffee and sandwiches to workers. So much of this voluntary work is taken for granted that we wish to incorporate in this report our appreciation of the help that these organizations rendered to the town.

We the selectmen, and you, the townspeople, should be grateful for the efficient and loyal workers in our town departments who have worked long hours tirelessly to bring back normalcy to the Town of Winchester. And since all of our town departments have given so willingly of their time in your behalf, we as Selectmen, wish to ask that you, too, now cooperate with us and the members of our town departments to aid in this final task of clearing. The cost to the town for this work so far is estimated to be in the vicinity of \$50,000.00. We, therefore, feel that it is not too much to expect you to help us now by clearing to the best of your ability your own property, and to dispose of as much of the debris as possible yourself. The men in our town departments have found that often after a street has been cleared of all branches, etc., they go back to find it filled again. So, let us all do our part. Help out town departments. Do your share so that the load may be divided equitably.

J. Joseph Tansey
Chairman
Board of Selectmen

HATCH — HAWKINS

In a recent afternoon service at the Crawford Memorial Methodist Church, Mrs. Olive Dexter Hawkins of Belmont was married to Mr. Ralph William Hatch of 2 Meadowcroft road. Reverend John Snook, Jr., performed the ceremony.

The bride is connected with the Massachusetts General Hospital School of Nursing, of which she is a graduate. Mr. Hatch is assistant treasurer of the Winchester Savings Bank.

MARRIAGE INTENTIONS

Salvatore Anthony DeTeso, 11 Olive street, and Mary Anne Doherty, 1032 Dorchester avenue, Dorchester.

COMING EVENTS

Oct. 1, Friday, 10:00 a. m. College Club Art Study Group in the Library.

5.86 INCHES FELL IN WINCHESTER; ELECTRICITY OFF SEVERAL DAYS, PHONE SERVICE HAMPERED

Close to six inches of rain fell on the Town of Winchester during the worst rain storm in recent history as Hurricane Edna followed her sister Carol through town on Saturday, September 11. Although Winchester and this general area missed the brunt of Edna's wrath, damage caused by the heavy rainfall made the storm as seriously felt in many quarters as was the more obvious turmoil left by Carol.

CAR ON CHURCH STREET CORNER WILDWOOD STREET

The most costly damage to Winchester homeowners came from the excessive rains, which fell from early morning through late afternoon with little or no letup. According to Water Superintendent James D. Halvart, a total of 5.86 inches of water fell on Saturday. The fire department received nearly 100 calls on Saturday and Sunday from residents whose cellars had flooded. Wherever possible the department came to the rescue but Monday Morning found the pumps still hard at work in many sections of town.

Boston Edison shut off the current in Winchester shortly after 5 p. m., after keeping pace with the live breaks until 4:30, in order to eliminate danger from fallen live wires. Electricity was returned to the hospital and fortunate homes on the hospital line at 8:20 p. m., the rest of the town without power for longer periods, until complete service was restored sometime Tuesday.

HURRICANE FANS TO DETER OUTING!

Blessed by bright, cool and sunny weather as promised weeks ago by ace forecaster General Chairman Jim Wharf, the Winchester Knights of Columbus enjoyed their annual Outing at the Carmelite Seminary grounds in Hamilton on the North Shore, Sunday, September 12th after hurricane "Edna" had gone. It was an all day affair with members and their friends arriving in the morning and getting into one of the games of sport, then more sports, a wienie roast, tour of the 119 acres and buildings, etc.

Softball got off to a good start both morning and afternoon and

while it is impossible to chronicle all who took part at some time of the day, we can report that the following will be very tired people all this week: Bill Dailey, Bob Fiore, "Lefty" Joe Nowell, Jim Cullen, Paul Stevens, Henry Murphy, Jr., Anthony Juliano, Tim Carroll, Larry Erhard, Tim Sullivan, Larry Bairstow, Dave Flaherty, Neil Wharf, Packy O'Melia, Leo Garvey, Jr., and many many others. Some of the above are sons of members and possible future members of the council.

In the afternoon Bill McCormack, Dave DeCoursey, Larry Bairstow, Joe Nowell, Neil Wharf, Tim Sullivan, Dave Flaherty and others gave the basketball court a workout.

Golfers Dr. Dick McDonough, Fred McCormack and Harry Brown (others possibly) adjourned to the nearby course in Hamilton and returned with whetted appetites for the catered Roast Turkey dinner with all the trimmings. Meanwhile the "Horseshoe" enthusiasts were at it supervised by the watchful eyes of Frank Rogers, Luke Glendon, Arthur King, Dick Nihan, Bill Dineen (no cheating with these experts on the job): one saw Walter Prue, Bill Richardson, John Donlon, and Dinny Collins pitching them fancy and true and one report we heard was that Prue and Richardson were the champs. Phil Savage was victor over Vin Erhard and all during the day there were champs and losers. Jim Coughlin, Phil Savage, Ed Dalton, Tony Keane, Johnny Erhard were in charge of refreshments and credit is due them for giving up their share of the sports fun to assist Chairman Wharf. Brother Joe Lynch, still convalescing from a serious illness, came as he always does and thus showed fine spirit. Joe likes to mingle with his buddies in the council and was all smiles. Honorary members on hand were Frank Rogers and Arthur King.

Chaplain Father Stephen Burke following the fine dinner in the building allotted to the Council, expressed his pleasure at being present with the men and their friends, and in his remarks, urged the same fine attendance present on this day at the forthcoming annual Knights of Columbus retreat to be held on October 15, 16, 17th at Campion Hall in North Andover. He asked for an outpouring of men for the Memorial Mass to be held on November 11th for deceased members of the Council. Father Burke's remarks are always welcome and most interesting to the Council.

Others who spoke briefly after being introduced by Deputy Grand Knight Vin Erhard due to Grand

ing committee; Past Grand Knight Henry Murray who urged support for the Officers this coming season. D. G. K. Erhard praised the fine attendance of the men in view of the terrible storm the day before and pointed out that it exemplified the type of spirit necessary for the rest of the season. He said that a large organizational meeting is scheduled for the coming week with the officers and trustees going over the plans for the year which can't help but make for a successful year.

The General Committee follows: Honorary Chairman, James F. Mawn; General Chairman, James H. Wharf, Joseph J. Noonan, Alfred W. Barnard, Edward Donato, William E. Dailey, Richard Fiore, Edward Dalton, John Erhard, James Coughlin, John Mulvaney, Harry A. Smith, Bert Conlon, Stergio Vangel, William J. O'Leary, Neil Kerrigan, Vincent F. Erhard, Anthony Keane, John F. Nowell, Charles T. Doucette, Jr., Ray Gagan, Anthony DiTese, Henry Murray, Philip Savage and Bert Stevens.

Past Grand Knights met and reviewed old times. The quick conversation over the dining table was continued on strolls throughout the property or when watching the contest which isn't possible at the meetings during the year or at evening banquets or breakfasts of the council. Thus the outing gives the brothers a chance to meet their fellow knights on a friendly informal plane with what should prove resulting solidarity. The Council is indebted to Chairman Jim Wharf for a job well done and to Brothers Johnny Erhard and Bill Dailey for arriving early and setting up the tables, a huge task.

AAA Safety Tip: School's Open! Drive carefully through school zones; let's try to set a new record for safety: not one child killed or injured on the way to school.

FIRST BAPTIST CHURCH CONFERENCE SUNDAY

The First Baptist Church will observe Conference Sunday, September 19. The young people taking part in the morning service have received scholarships from the church to attend camp or conference. Miss Edith M. Smith, director of Christian Education, will introduce the young people who will share their experiences with the congregation. The following young people received scholarships: Mass. Baptist Junior Camp, Plymouth, Mass. — Irene Mullen, Frances Bosselman, Alice Dunn, Richard McLatchy, Allan McLatchy, Sylvia Gustafson, Barbara McLatchy. Camp Ataulo, Ocean Park, Maine — Sylvia Gustafson, Barbara McLatchy. Mass. Baptist Junior High Camp, Plymouth, Mass. — Irene Mullen, Frances Bosselman, Alice Dunn, Richard McLatchy, Allan McLatchy. Northfield Youth Conference, Northfield, Mass. — Arlys Harrington, Walter Bosselman.

The youth program of the church is already underway. The Junior High Fellowship will meet at their regular hour, 6:00 p.m., with the installation of their officers, which were elected last Sunday:

President—Janet Donovan
Vice President—Jean Dawson
Secretary—Sylvia Gustafson
Treasurer—Shirley Bingham
Social Chairman—Judy Donovan
The Senior High Fellowship will hold their first meeting of the year at 7:15. The officers will present the plans of the fellowship for the coming year. The following are the officers of the Baptist Youth Fellowship:

START YOUR CHRISTMAS LAY-AWAY ORDER NOW

GIRL SCOUT NEWS

Greetings to one and all of our
Girl Scouts, the newest and young-
est, right on up through all of our
Intermediate and Senior Scouts,
and all adult Scouts! We hope
you've all had a grand summer,
and now we are back in business
once more for another successful
season!Our own New England Confer-
ence will be held on October 4, 5, 6,
at the New Ocean House, Swamp-
scott, Mass. Many interesting and
inspirational sessions have been
planned. Any adult registered
with the Winchester Girl Scouts is
cordially invited and urged to at-
tend.Of special interest to Leaders,
Assistant Leaders, and Troop Com-
mittee people will be the session on
Monday afternoon, October 4th,
when Mrs. Gerald Westfield of our
National Program Department will
be the featured speaker, and the
Activity Night, Tuesday, October
5th, at 8:30 p. m. when square
dancing will be led by Mr. Law-
rence V. Loy of the University of
Massachusetts. Craft demon-
strations, films and Visual Aid demon-
strations will also be featured.Of particular interest to our
Executive Board and Board Com-
mittees will be a Session on
Tuesday afternoon, October 5th,
when Program, Staff and Office,
Finance and Camping Committees
will have group meetings. Regis-
tration for all or part of the Con-
ference will be made from the Win-
chester Girl Scout Office on Sep-
tember 22nd, so kindly notify us
if you are planning to attend.As usual, at this time of year, we
are looking for New Leaders, and
hoping to interest all mothers of
new Brownie Scouts in working
with us. All leaders who have
been in our organization know the
great amount of satisfaction and
fun which can be derived from be-
ing with the girls. Scouting has a
spirit of friendship and co-opera-
tion which is peculiarly just its
own. Once you've caught this feel-
ing, you will fully enjoy all the
new horizons and fields of fun,
learning, and achievement which
Scouting offers. Just try it and
see!We welcome home our European
Travelers, Troop 4, and their
leaders, Mrs. Vivian White, Mrs.
Betty Darou, and Miss Joy Web-
ber. We hear they had a most
satisfactory, though terribly busy
trip, and that they have many very
beautiful colored slides which we
hope many of us will be privileged
to see and enjoy with them in the
not too distant future.

AQUACADE PARTICIPANTS
WINCHESTER BOAT CLUBA most excellent picture of some
of the youngsters who were in the
Labor Day swimming carnival ap-
pears above. Maybe your youngster
is one of the group.The life guard, Bill Bird, has
completed a most successful sea-
son. The high water at the Club, due
to the hurricane, was three feet
above normal. It has now gone
down to about 12 inches above its
usual level. No damage to any of
the boats was reported.The roofers engaged in repairing
a section of the clubhouse roof,
damaged in the blow, are making
good progress.The ladies' bridge this past Wed-
nesday was headed by Mrs. John
Day and a most efficient committee.
It proved very successful, with fif-
teen tables.There were no junior snipe races
this past week. Saturday's point
score race was cancelled and Sun-
day morning the last P. S. race
of the season was won by Roger
Swanson in his new boat, the "Wild
Hare." The winning margin was
five minutes; second, Peter Mont-
miny; third, Cliff Austin.The next three week ends, start-
ing the 18th, will provide six races
for the Alden Sherman Handicap
series. This series will wind up the
racing activities of the snipe fleet
for the season.STUDENTS PERMITTED
TO RIDE ON STREAMLINERSStudents will be permitted to
ride on the Boston and Maine's
streamlined Budd cars during the
coming school year when using
pupils' tickets, R. F. Cowan the
railroad's passenger traffic man-
ager, announced today.Until now, Cowan explained, the
railroad has restricted the use of
pupils' tickets on Budd cars be-
cause of the experimental nature
of Budd car operations in off-peak
hour schedules, with their limited
seating capacity. Now it is felt
that the use of the air conditioned
streamliners can be opened to
pupils and veteran students.The new ruling permits all stu-
dents using pupils' tickets to ride
the Highliners between any two
points.ENROLL NOW

WINCHESTER PREPARES
FOR CONCORDThose Winchester fans who fol-
lowed their team to Concord last
fall, only to see a smoothly op-
erating, experienced Concord team
outplay and outscore a potentially
powerful but unready local outfit,
can rest assured of one thing next
Saturday when the two teams re-
new their rivalry on the gridiron
at Manchester Field at 1:30 p. m.
That is, that Winchester will be
ready.Make no mistake about it! From
Captain Mike Murphy right down
to the last scrub on the big squad,
everyone has one thought in the
back of his head and that is to give
the boys from Concord a lesson in
football that they won't soon for-
get. There is a spirit about this
squad which anyone watching the
daily practice sessions cannot fail
to mark, a spirit of eagerness and
of determination, of willingness to
work on fundamentals of blocking
and tackling and play-perfection
that marks a winner.Concord will field a smart team.
Coach Bernie Meggin's boys play
smart football, but Winchester
can't forget that the only defeat
they suffered last season was at
the hands of Concord. This year's
backfield will be bigger and more
experienced than last year's. Bill
Ross has stepped into Dave Pratt's
shoes at quarterback as if he be-
longed there. Murphy, Bellino, and
Haggerty have played together
enough so that they work as a well-
oiled unit. We can't see Concord
stopping this trio from scoring
often.Nobody knows better than Coach
Knowlton that it's the line which
faces the baptism of fire next Sat-
urday when they dig in against
Concord. With the graduation of
Captain John Riordan, Jim Cusack,
Jim Cullen, Babe Mantini, and Paul
O'Brien from last year's varsity
line, a new forward wall will have
to be built around Tim Hennessey
and Frank Dattilo, veterans of last
year's great line. But the replace-
ments look good already. They are
big and willing to learn and they
are working as if they meant busi-
ness under the eagle eye of Henry
Knowlton. Day after day they are
drilling on line blocking and
assignments, down field blocking and
mouse-trap plays with a spirit that
promises a bad afternoon for the
boys from Concord.Right now no one on the whole
squad is thinking about Water-
town, or Melrose or Wakefield or
even Woburn. It's Concord they
want to beat and it's Concord they
will beat, unless another hurricane
comes along to wash the game out.So if you want to see some real
football played, better be on hand
at Manchester Field at 1:30 p. m.
on Saturday afternoon, September
25th. Just a few things to watch
the field from completing the line
and the way they charge, Mike Mur-
phy's sweeping end runs and bull-
like plunges through center as well
as his long passes, Joe Bellino's
elusive sprints through the whole
Concord team, and Bobby Haggerty's
smiling jaunts for yardage on
cross-bucks. You will see smooth
deception in this backfield, as well
as speed and power. And you will
see a line that finds itself in its
very first test. Don't miss it!

ATTRACTIVE HOME SCHEDULE

Although the Thanksgiving Day
football game will be played at
Woburn this year, the home-gam-
e schedule promises to provide some
real thrillers with Concord opening
the season on Saturday, September
25th; North Quincy, replacing
Winthrop, on Saturday, October
9th; Stoneham, often a surprise
package, on Saturday, October
16th; Melrose, an increasingly rug-
ged opponent, on Saturday, Oc-
tober 23rd; and Wakefield, a power-
house last year, on Saturday, No-
vember 13th.All home games will start at
1:30 p. m. First game on Sat-
urday, September 25, Concord at
Winchester.Mr. and Mrs. Walter Knight

Fifth Net: A tie, Mr. and Mrs. Lawrence Fessenden; Mr. William Selberg and Mrs. C. W. Stelle.

FOOTBALL TICKET PRICES

Because of steadily increasing
costs of athletic equipment, and in
view of the fact that the High
School Athletic Association reduced
its requests for appropriations from
the town for athletics from four
thousand to three thousand dollars
this year, it seems advisable to
increase the adult admission price
to home football from sixty cents
to seventy-five cents per game.
This action is in line with steps
taken by other schools with whom
we play, some few of which have
raised their admission fee to
eighty cents and one dollar.The seventy-five cent ticket will
insure the purchaser of a seat in
the adult reserve section.

LITTLE LEAGUE ELECTS

Wednesday evening at the home of Mr. and Mrs. Clifton W. McNeill of Lawrence street, the officers and directors of the Winchester Little League held a special meeting to elect officers to fill the vacancies caused by the resignations of Mr. Edward A. Bartlett, president, who has left town to take up his new position as principal of a large junior high school in Bethesda, Md., and Mr. Lewis J. Wasky, vice president, who resigned.

New officers elected to fill the vacancies for the remainder of the year as follows:
President, Kenneth S. Hall
Vice President, Clifton W. McNeill
Replacing Kenneth Hall as Players Agent, who was elected President is Carl E. Morse.

Little League Banquet
Plans are nearly completed for the annual banquet of the Winchester Little League, which will be held at the Town Hall on Saturday evening, September 25th at 6:30 p. m. Members and friends of Little League in Winchester are cordially invited to attend. Tickets may be obtained from members of the Women's Auxiliary of the Little League.

Present plans call for the showing of World Series movies and other entertainment. Trophies will be awarded and jackets presented to those members who are leaving the Little League program.

ENTERING DARTMOUTH

One of the largest freshman classes in the history of Dartmouth College arrived here on Wednesday, September 15, for a week-long registration period prior to the formal opening of the college September 22.

Among those entering in the class of 1958 are the following:
Robert G. Abbott, Jr., son of Mr. Robert Abbott of 75 Arlington street. He is a graduate of Governor Dummer Academy.

Stephen W. Dunn, son of Mr. Paul C. Dunn of Grove street. He is a graduate of Winchester High School.

David D. Pratt, son of Mr. Arthur Pratt of 1 Salisbury street. He is a graduate of Winchester High School.

Eric A. Terzaghi, son of Mr. Karl Terzaghi of 3 Robinson Park. He is a graduate of The Cambridge School, Weston.

James R. Willing, son of Mr. James B. Willing of 23 Leslie road. He is a graduate of Winchester High School.

EAST MEDICAL SOCIETY AUXILIARY

The first meeting of the Women's Auxiliary to the Middlesex East Medical Society will be held at 2:30 on Thursday, September 23, at the Bear Hill Golf Club, with Mrs. Sanford H. Moses of Winchester presiding.

The speaker will be Mrs. Frank Mansfield Taylor, who returns for her third engagement with this group. Having just come back from an extensive trip through the Far East, Mrs. Taylor will have a new fund of information for her discussion of world affairs.

The program will also include a short business meeting and a reception for new members. Tea will be served at the close of the program. Since Mrs. Taylor is an outstanding speaker and so much in demand, members are urged to bring guests.

CIVIL DEFENSE

Already conditioned by Hurricane Carol to a new civil defense role, Winchester's Civil Defense forces were ready and waiting for "Edna" by 8:30 a. m. last Saturday morning.

Activities during the actual course of the storm included essential work in policing and fire protection, as well as maintenance of communications. The CD control center kept a close check on the electric power situation at Winchester Hospital and other priority areas.

The following members reported at Fire Headquarters early Saturday morning last and were on duty (except for brief eating periods) until 1 o'clock Sunday morning: Chief T. Parker Clarke; Deputy Chiefs Henry E. Simonds and Theodore E. Chilcott; Captains William T. Connell, Edward J. McDevitt, Jr., and Elmer D. Ripley; Auxiliary Firefighters C. Stewart Cole, Richard A. Harlow, Mark E. Strawbridge, John A. Tarbell and Eastman A. Weaver. The Sunday crew on cellular-pumping detail with Engine 6 were: Deputy T. E. Chilcott, Captains W. T. Connell and E. J. McDevitt and Auxiliary R. A. Harlow.

Auxiliary policemen were on duty at 10:15 a. m. until 10 p. m. Saturday and remained at work throughout the emergency as different "danger spots" in the town. Many of these men were on duty Sunday as well.

Chief Johnston and Wadsworth, Randlett, Moffet, Callahan, Hendricks, Goodwin, Hart, Harvey, McTigue, Wier, Mitchell, Barbo, Binswanger, Connelly, McIntyre, McKinley, Oliver, Parsons, Richardson, Twombly, Winn, Tiliak, Heitz, Haggerty, Goodhue, Edwards, Horn and Wright. A supply of metal helmets from World War II were issued to Auxiliary Policemen as protection from the heavy rain and flying debris.

When the power situation became acute on Sunday, Chairman of the Board of Selectmen Joseph J. Tansey called Civil Defense workers for assistance in emergency distribution of dry ice. A supply of 50 lb. blocks was divided into 5 lb. pieces, thanks to Mr. Nick Andon of Converse Market, who lent his meat-cutting saw and also provided insulated bags for the ice. Auxiliary Police Chief Johnston and Privates Hendricks and McIntyre established a dry ice center at the rear of the Fire Department building, where the emergency supply was sold at cost until depleted Sunday evening. Civil Defense Director Booker and Liaison Officer Sherman Russell also served as distributors. Mr. Russell remained on duty all day Monday when an additional half-ton of ice was made available.

Civil Defense officers wish to pay tribute to volunteer Michael Grimes, 12, of 129 Washington street, who worked steadily at the distribution center, placing blocks of dry ice in insulated bags and generally making himself useful.

Red Cross, entirely independent of Civil Defense, was ready before "Edna" arrived and as soon as work parties of both town and utilities were out the coffee and sandwich truck was busy as usual.

THREE BROTHERS IN THE SERVICE

Ensign Richard V. Murphy, USNR, son of Mr. and Mrs. Francis R. Murphy of 67 Church street, left this week for active duty with the Pacific Fleet. After preliminary training at San Francisco in battle damage control, Ensign Murphy will be an engineer officer of the USS Seminole.

His brother, Lt. (j. g.) Robert G. Murphy, USNR, is engineering officer of the USS LST 1161 with the Atlantic Amphibious Fleet. Another brother, Pfc. Francis X. Murphy, USA, is serving with the Third Division on the truce line in Korea.

The three young servicemen are grandsons of Mrs. M. P. Murphy of 57 Clark street, and nephews of Robert P. (Sam) Murphy, State Vice Commander of the American Legion and a Past Commander of Winchester Post 97, American Legion.

ALL-CHURCH PLANNING CONFERENCE

A new method of correlating the Church program will be tried this Fall at the First Baptist Church. On Wednesday, September 22, promptly at six-thirty o'clock, all members and friends will enjoy a fellowship Covered Dish Supper in the Social Hall.

The entire Church family will then form into groups, representing the various Organizations, Committees, etc., of the Church. These groups will busy themselves setting up the program for their respective organizations, for the entire Church year. The President or Chairman of each Organization or Committee will then report to the general conference their plans and goals for the coming year.

It is hoped that this method of correlating the Church program will result in acquainting everyone with all important dates coming up, as well as promoting a finer spirit in working together for the same interest—Believe and Work.

HOW'S YOUR I. O.!

Can hot-dogs and pop-corn "grease the wheels" for an outstanding Winchester High School Band? Yes, they can if you come down and lend a hand at the concession booth at 1 p. m. Saturday afternoon, September 25, the date of our first football game this fall at Manchester Field. You will be surprised how much fun you will have being a part of an active part of the football crowd again. Be a friend to the W. H. S. Band! For further information, call Concession Chairmen, Mr. and Mrs. Stanley H. Mullen, Winchester 6-1550-J. Better yet just report at 1 p. m. at the Concession Booth!

Y. P. F.

The Young People's Fellowship of the Church of the Epiphany will hold its opening meeting on Sunday, September 26, at 7:30 p. m. in the church. Everyone is welcome, bring your friends.

The officers of the Y. P. F., as elected in the spring, are as follows: President, Don Folker; Vice President, Bob Page; Corresponding Secretaries, Sara Jane Woodward and Cathy de Rivera; Recording Secretary, Libby Brown; Treasurer, Harlow Russell, III; Organist, John Everett; Interdenominational Representative, Doll Mitchell; Alternate, Sara Jane Woodward. The Committee Chairmen are as follows: Clean-up, Andrew Herli; Membership, Harlow Russell, III; Publicity, John Chaplin; Recreation, Dann Lewis; Refreshments, Christina Page; Study, Anne Marks; Worship, Don Folker.

JUNIOR MRS. GUILD

The Junior Mrs. Guild of the First Congregational Church will hold its first meeting of the season on Tuesday evening, September 21, at 6:45 in Chidley Hall. This will be a supper meeting planned by Mrs. Ernest Ulm and her committee: Mrs. Charles Crede, Mrs. Richard Halverson, and Mrs. Windsor Carpenter.

Following the supper an interesting program "Floral Artistry" will be presented by Miss Myrtle L. Hoag and Mr. R. Eric Erickson of the Park Florists. Their talk will describe the making of floral arrangements. These floral arrangements will be given away as door prizes at the end of the evening.

A cordial invitation is extended to all the younger married women of the church to attend this delightful meeting. For reservations, please call Mrs. Ernest Ulm, Winchester 6-1821-M.

LOCAL ACCOUNTANTS TO HEAR PATRICK B. MCGINNIS

Patrick B. McGinnis, President of the New York, New Haven and Hartford Railroad Company will address the members of Boston Chapter, National Association of Cost Accountants at their monthly meeting on September 22, 1954, at the Hotel Bradford in Boston. Mr. McGinnis' subject will be "New Thinking in Railroad Management."

Local members of N. A. C. A. expected to attend the meeting are: Clinton W. Bennett, 10 Everett road; Norman E. Duhring, 81 Bacon street; Dennis L. Heindel, 18 Seneca road.

GENIEVE CROVO TO PLAY IN WORCESTER

For the benefit of her friends who may wish to attend the performance to see her in the leading role as "Laurie," the Rodgers and Hammerstein, "Oklahoma," will be playing in Worcester at the Poli Elm St. Theatre, September 27th through 29th, with a matinee Wednesday.

The opening night will be in Bridgeport, Connecticut, at the Klein Auditorium this week Friday and Saturday.

EASY AUTO SCHOOL COMES TO WINCHESTER

The Easy Auto School whose main office is located in Somerville, is happy to announce that in answer to the many requests from Winchester residents for driving instruction, we can now offer Free Pick-Up Service on standard and automatic shifts. For day or evening appointment call SOMerset 6-6715.

MEETING OF EPIPHANY YOUNG ADULT GROUP

There will be an informal meeting of The Young Adult Group at the Parish House of the Church of the Epiphany, on Tuesday evening, September 21, 1954. Refreshments will be served after the meeting. All members are requested to be present.

WINCHESTER SCHOOLS ENROLL 3299 INCREASE OF 265

Enrollment figures for the Winchester Public Schools, which were released this week by Superintendent of Schools Harry V. Gilson, showed that 3,299 pupils had registered as of September 10. This represented an increase of 265 over the figure for September 14, 1953, when 3,034 children were enrolled. The steady growth of Winchester's school population during recent years is further emphasized by comparison with 1950, when 2,647 pupils were registered.

The results of the redistricting policy were apparent in several of the elementary schools. Noonan School's enrollment was 313, up 32 from last year. B.S., M.E., plus graduate work. Presently successful in supervisory position with large New York engineering and construction company, Boston office being closed. Desires position with responsibility and opportunity for advancement in any challenging field where training and experience will be of use. Call Winchester 6-2219-J. se1-4*

Lincoln School's registration on September 10 was 277, an increase of 36 from last year's 241. At the same time, Mystic School, which enrolled 427 a year ago, registered 408. If the 55 pupils transferred to Lincoln had remained at Mystic, the enrollment there would have soared to 463.

Other schools reporting an increased enrollment were Parkhurst School, with 261 pupils, an increase of 46, and the Washington School, with 355, an increase of 57. Registration at the Junior High School stood at 482, 65 over that for 1953. Enrollment at the High School was 832, compared with 789 a year ago.

That the School Department has been successful in establishing reasonable class sizes despite the pressure of increasing numbers is shown by the following pupil-teacher ratios for the elementary schools: Lincoln, 26 pupils per teacher; Mystic, 29; Noonan, 25; Parkhurst, 27; Washington, 27; Wyman, 27.

The following table shows the September enrollment figures by grades for the past five years.

Kindergarten 1950 1951 1952 1953 1954
229 274 298 279 327
Grade I 231 246 274 299 302
Grade II 241 236 245 278 302

GIACALONE — BORZI

The Reverend Gasparo performed the 3 o'clock service at the Holy Rosary Church in Lawrence as Miss Pauline Ann Borzi, daughter of Mr. and Mrs. Borzi of Lawrence, was married to Mr. Joseph John Giacalone, son of Mr. and Mrs. Frank Giacalone of 51 Oak street, on September 12. The church was decorated with white and red roses at the altar.

The bride was given in marriage by her father and wore a dress of white nylon net with Valencia lace panels and very fitted bodice with off-shoulder neckline and lace panels forming into full court train. The front of the gown was tiered in pleated nylon net. The bride carried a prayer book and white orchids.

Miss Lucille Borzi of Lawrence was her sister's maid of honor, and was gowned in coral net with all ruffled skirt, very fitted bodice with adjustable stole, and tiana of net in the same color. She carried white pompons.

Nieces of the groom, the Misses Catherine and Virginia Ferrina of Winchester, were the bridesmaids, wearing blue turquoise dance length gowns in allison lace and net ruffled skirts with slung jackets and jeweled headresses of the same color. The girls carried white pompons.

Mr. Dominic Giacalone was best man and Mr. Frank Scaturro and Mr. Thomas Morris, both of Winchester, were the ushers.

Miss Borzi graduated from Lawrence High School and Burdett College in Boston. Mr. Giacalone attended Winchester Schools and is a recent graduate of Boston University.

Following their reception at the Crystal Ballroom in Andover, Mr. and Mrs. Giacalone took a wedding trip to the Pocono Mountains in Pennsylvania. They will make their home at 52 Buswell street, Boston.

M. S. P. C. A.

Dr. Eric H. Hansen, President of the Massachusetts Society for the Prevention of Cruelty to Animals, 180 Longwood avenue, Boston, yesterday issued a warning to all animal-owning parents, urging them not to allow the family pet to follow their children to school.

"I realize only too well," stated the Society head, "how attached these animals are to their little masters and mistresses, and it is natural for a dog, and in some cases a cat, to trot after them wherever they go. However, due to the increased number of automobiles on our highways today, the lives of these much-loved pets are in constant jeopardy, and for that reason our keen interest in the welfare of all animals compels us to appeal to their owners to do everything possible to prevent serious and sometimes fatal injuries to these creatures."

"Therefore," concluded Dr. Hansen, "we feel that if the parents cooperate with us in this matter, the animals will not only be protected from grave danger, but the children themselves will be spared many a heartache, in the event of their pets' being struck or run over by an automobile."

ATTENDING CENTER FOR ADULT EDUCATION

Four Winchester residents have registered at the Cambridge Center for Adult Education, 42 Brattle street, Cambridge for the fall term, which begins September 30. They are: Miss Consuelo Dary, 23 Everett avenue; Mrs. Sylvia Hersey, 41 Wedgemere avenue; Mrs. James McGovern, 48 Everett avenue; and Mrs. Robert Nyere, 4 Squanto road. Last year, 121 Winchester residents were enrolled in courses at the Cambridge Center. This fall the Center is offering 70 courses in music, art, literature, handicrafts, and current affairs.

CARD OF THANKS

The family of the late Robert Walsh wishes to thank their friends and relatives for the kindness shown them during their recent bereavement. They especially wish to thank J. H. Winn, Inc., and the Winchester Park Department.

SAUNDERS — WRIGHT

The marriage of Miss Muriel Alice Wright, daughter of Mr. and Mrs. Melvin Wright of Malden, to Mr. Albert Murray Saunders, son of Mr. and Mrs. Frank G. Saunders of 29 Kenwin road, took place in the Centre Methodist Church in Malden on September 11. Dr. Harry Belmont performed the 7:30 p. m. ceremony in a candle light setting with white gladioli bouquets as Mr. Robert Love played the bridal music and Mr. Ellsworth Moody was soloist.

Miss Wright, who was given in marriage by her father, wore a gown of nylon lace and tulle over satin, with round neck with seed pearls. She wore a seed pearl crown, waist length veil and cathedral train of nylon lace and carried a bouquet of white carnations and a white orchid.

Mrs. Virginia Roberts of Melrose, sister-in-law of the bride, was maid of honor. She wore a shrimp antique satin dress with picture hat and carried a bouquet of pink roses. The bridesmaids were Miss Joan Reed of Washington, D. C., and Mrs. Nancy Sanderson, Mrs. Mary Javart, and Miss Claire Stevenson, all of Melrose. Two bridesmaids wore mauve antique satin gowns and two wore teal blue antique satin gowns, each with picture hat and old fashioned bouquets.

A cousin of the bride, Philip Chisholm of Wakefield, was the ring bearer.

Charles Saunders of Woburn, the groom's brother, was best man. The ushers were Mr. Russell Williamson of Lexington, Mr. Charles Prescott of Arlington, and two brothers of the bride, Mr. Alan W. Wright of Melrose, and Mr. Donald J. Wright of Malden.

A reception was held after the wedding at Oak Manor in Melrose. The bride's mother, Mrs. Wright, wore a wine velvet dress and an orchid hat of velvet in blending shades and an orchid corsage. Mrs. Saunders, the groom's mother, wore a blue antique satin gown with white feather hat and a waist corsage of roses.

The bride is a graduate of Malden High School and the Malden Business School. Mr. Saunders graduated from Arlington High School and the Franklin Institute of Technology.

After a wedding trip to Canada and Niagara Falls, Mr. and Mrs. Saunders will reside in Melrose, where Mr. Saunders is an electrician.

DONAGHY — HALLORAN

A reception at her home followed the marriage of Miss Susan Faith Halloran, daughter of Rear Admiral and Mrs. Thomas F. Halloran of Edgemoor road to Mr. Arthur Reginald Donaghy, Jr., son of Mr. and Mrs. Arthur R. Donaghy of West Medford on September 11. The Reverend Martin J. Dolphin performed the service at 4 o'clock in St. Mary's Church, which was decorated with white chrysanthemums, gladioli and carnations.

Given in marriage by her father, the bride wore a dress of white embroidered nylon tulle over taffeta with chapel train, and carried a cascade of phalaenopsis orchids with stephanotis. Miss Martha Halloran of Winchester, the maid of honor, wore a halter-length bouffant dress of ivy green taffeta and carried ruffled lilies and yellow roses. Dressed similarly were the bridesmaids, Miss Martha Bailey of Winchester, Miss Joan Donaghy of West Medford, and Miss Joanne Colt of Pittsfield.

Mr. James Loftus of Winchester was the groom's best man, while Mr. Donald Miller of Philadelphia, Mr. Thomas Halloran, Jr., of Winchester, and Mr. Conroy Taylor of Montreal were the ushers.

The Halloran home was decorated with white chrysanthemums, gladioli, roses, and ferns for the reception as the mothers of the bride and groom assisted in receiving. The bride wore a Dior blue dress, and Mrs. Donaghy, mother of the groom, was gowned in aqua blue.

Both Mr. and Mrs. Donaghy graduated from Winchester High School. The bride also attended the Garland School, and the groom, Paul Smith College.

The couple will reside at 80 Mount Vernon street, Boston, after a wedding trip to Lake Placid, New York. Mr. Donaghy is employed by the National Research Company.

By 1965, coal will be required as almost the sole fuel for generation of electric power, and expert fuel economist has predicted.

LANE — FRIEND

In a candle light setting at the Grace Episcopal Church in Newton, Miss Susan Cabot Friend, daughter of Mr. and Mrs. F. Stuart Friend of Newton, was married to Mr. Franklin Johnson Lane, Jr., son of Mr. and Mrs. F. J. Lane of 4 Drexel avenue on September 11. Reverend Robert W. Woodroffe performed the 4 o'clock service, and Mr. John Wicks played the bridal music.

Given in marriage by her father, Miss Lane was gowned in white organdy over satin with portrait neckline and short sleeves piped in satin. Her tiered skirt was trimmed with French folds in satin ending in a short train and had two bows of satin applique centered with lilies of the valley. She wore a veil of illusion caught at the sides with lily of the valley and carried a cascade of white carnations and lily of the valley centered with garnet roses and ivy.

The bride's twin sister, Miss Gretchen A. Friend, was the maid of honor. She wore a waist length white organdy dress with sweetheart neckline and figured with pink rosebuds. Miss Friend carried a colonial bouquet of pink carnations, sweetheart roses and baby's breath.

Wearing similar gowns, colored in yellow and blue, were the three bridesmaids; Mrs. Edward M. McCloud of the bride, sister of the groom; Miss Nancy Middle of Cambridge; and Miss E. Benson Woodroffe of Newton.

Mr. James B. L. Lane of Winchester was best man, and the ushers included Mr. Massimo F. Le Royer of Winchester; Mr. Alan Cuthbertson of Melrose; and Mr. William S. Friend of Newton, brother of the bride.

A reception was held after the wedding at the Newton home of the bride. The mother of the bride, Mrs. Friend, wore a beige organdy dress with brown velvet hat and cymbidium orchids. Mrs. Lane, the groom's mother, wore a blue and gray print gown with blue hat and variegated pink carnations.

The bride graduated from Centenary Junior College, New Jersey, in 1951 and was in the Class of 1952 at Winchester. Mr. Lane graduated from Tufts College in 1950 and is a member of Zeta Psi fraternity.

After a wedding trip to Bermuda, Mr. and Mrs. Lane will settle in Brookline. Mr. Lane is a salesman in the New England area.

McCLOUD — MARINELLI

A marriage of Winchester interest took place in the West Medford Congregational Church on September 12, when Miss Benedette Janice Marinelli, daughter of Mr. and Mrs. Frank H. Marinelli of 37 Sunset road was married to Mr. Alexander McCloud, son of Mr. George A. McCloud and the late Janet Alexander McCloud of Medford. The Reverend Gordon Washburn officiated at the 3 o'clock ceremony, the church being decorated with ivory chrysanthemums and ferns. Mrs. Robert Scobie of Lawrence played the bridal music and Mr. Scobie sang.

Miss Marinelli was given in marriage by her father, and had for her honor attendant Miss Iona Cranwell of Malden. The bride wore a traditional candle-light satin dress with trimmed bodice of antique lace and cathedral train. She also wore a jeweled crown with finger-tip veil and carried a bouquet of ivory fuji-chrysanthemums with gilded leaves. Miss Cranwell wore lavender tulle over taffeta with matching picture hat, and carried bronze fuji-chrysanthemums with gilded leaves.

Mr. Robert Howland of Medford was best man for his brother-in-law. Ushers were Mr. Joseph Bonafine of Medford, uncle of the bride, and Mr. Joseph Pasquale of Medford.

After the reception at the Sheraton Plaza in Boston, Mr. and Mrs. McCloud started on a month's wedding trip to Florida. They will make their home at 15 Woodside road, Medford.

In the past 5 years, 91 new underground U. S. coal mines with a daily capacity of 500 tons or more have been placed in operation.

CARRIER — McDERMOTT

Miss Patricia McDermott, daughter of Mr. and Mrs. Franklin McDermott of Darien, Conn., formerly of Winchester, was married on September 11, in the Norton Presbyterian Church to Ensign Willis Haviland Carrier, II, United States Navy. Ensign Carrier is the son of Mr. and Mrs. Earl Gardner Carrier, of Wynnewood, Pennsylvania, and formerly of Winchester. The four o'clock ceremony was performed by the Rev. Lawrence MacColl Horton. A reception was held at the home of the bride's parents.

The bride was given in marriage by her father. She wore a gown of white satin with fitted bodice and long pointed sleeves. The neckline and sleeves were trimmed with a design of seed pearls and crystal sequins. The full skirt of unpressed pleats terminated in a long train. The headpiece was of matching satin and beading, with fingertip-length veil of French silk illusion. She carried a cascade bouquet of Phalaenopsis orchids and stephanotis.

Miss Marianne Steele, of Windor, Virginia, was maid of honor, and the bridesmaids were Miss Elizabeth Forgy of Manhattan, New York; Miss Edna Lucille Long of Uniontown, Alabama; Miss Marcia Stewart Kraft of West Hartford, Conn.; and Miss Marion Devereaux Wiseley of Cambridge. The attendants wore ballerina-length dresses in DuBarry rose taffeta. The dresses had off the shoulder necklines, tucked bodices, and full skirts. Their headpieces were of matching velvet and veiling. They carried white shasta chrysanthemums and pink carnations.

Mr. Earl Gardner Carrier, Jr., was best man for his brother. The ushers were Mr. Vern W. Carrier, brother of the groom; Mr. Robert M. McDermott, brother of the bride; Mr. Stephen Parkhurst, of Winchester; and Mr. Robert E. E. Weber, of Bronxville, New York.

Mrs. Carrier is a graduate of Winchester High School, and Randolph-Macon Woman's College, class of 1954. She is a member of Kappa Alpha Theta. Ensign Carrier graduated from Phillips Academy, Andover, Mass., attended Cornell University, and graduated from the University of Virginia, class of 1953. He is a member of Delta Kappa Epsilon and Trigon Engineering fraternity.

WOMEN'S REPUBLICAN CLUB

Reservations for the dessert and bridge-cannasta party at the Winchester Country Club on September 22nd, given by the Women's Republican Club, are rapidly coming in. Among those who have taken tables for the party are:

Mrs. James Beale
Mrs. James Blackham, Jr.
Mrs. Vincent Clarke
Mrs. Guild Copeland
Miss Dorothy Drake
Mrs. Russell Joy
Mrs. Harvard Mann
Mrs. Hiram Moody
Mrs. K. V. Hiscoc
Mrs. Forrest Pitman
Mrs. Philip Wadsworth
Mrs. Charles Weimer

A group of expert flower arrangers are making corsages for each table which the winner will probably wear home. Mrs. William Goodhue has many original and charming ideas and as chairman is working with a committee which includes Mrs. Theodore Atkinson, Mrs. Theodore Elliott, Mrs. Richard Frazier, Mrs. Willard Hudson, Mrs. James Masterton, Mrs. W. Campbell Ross, and Mrs. John Willis.

Guests will find Mrs. Lawrence Dullin and Miss Helen Neidringhaus at the door to check reservations and to give each person a ticket which may win her a door prize. There will be several prizes, what they are is a secret, and one lucky winner will be chosen in a novel way.

Helping Mrs. Terhune and Mrs. Twombly with the serving of desserts will be the following committee members:

Mrs. William Apsey
Mrs. R. H. Cornwall
Mrs. Robert Johnson
Mrs. Everett Kidder
Mrs. Reuben Kimball
Mrs. Roderick Thomson
Mrs. John Volpe

For transportation call Mrs. Evander French, Winchester 6-1161; for tickets, Mrs. Barbara Clark, Winchester 6-0989.

R. L. EMERSON HONORED BY INSURANCE COMPANY

Richard L. Emerson of 75 Pond street was the guest of honor at a luncheon given by his company, the Phoenix Mutual Life, and his associates September 9th at the Bellevue Hotel. The occasion was his 20th anniversary with the Company.

Mr. Emerson, a native of Manchester, N. H., graduated from Dartmouth in 1934 and in September of that year joined the Phoenix Mutual. He served in the Navy during World War II as a line officer with the rank of Lieutenant. He is a Chartered Life Underwriter, an eight-year member of the National Million Dollar Round Table, and consistently winner of the National Quality Award for outstanding service to his insurance clients.

Mr. and Mrs. Emerson, the former Mary Albrecht of Buffalo, have five sons and are long residents of Winchester.

Open evenings until 9 p. m.

Within a 12-day period, no utility system in the country ever before faced the problems of service restoration left in the wake of hurricanes Carol and Edna. Edison field forces were reinforced by hundreds of out-of-state line crews from as far west as Detroit, Akron and Cincinnati. Weary after the recovery battle following Carol, the destruction wrought by Edna was largely cleared late Monday night.

Here is one among countless damage-restoration work settings locally and throughout the service area of 40 cities and towns supplied by Boston Edison Company.

THANKS PISTOL PATRONS

President William T. Sullivan, Branch 34, National Association of Letter Carriers, last night paid great tribute to the Postmen whose appeal message to all Postal Patrons in the Boston District added \$45,000.00 to the 1954 United Cerebral Palsy Fund. Of this amount \$440.93 was collected in the Winchester Postal District.

All postmen responded to the call to volunteer a helping hand to the army of palsied children destined to a lifetime of wheel chairs, braces, and beds. These contributions Sullivan said, "will be used for maintenance and the creation of new clinics for services to bring new hope—so these palsied children may have normal useful lives."

President Sullivan speaking for all postmen extends their appreciation and thanks to all patrons in the Winchester District for their generous contributions to this 1954 charity fund.

LIONS CLUB STARTS ANNUAL LIGHT BULB DRIVE

Cooperating with Lions Clubs from 40 other states, the Winchester Lions Club launched its annual Light Bulb Drive on Wednesday. Profit from sales of light bulbs will be used exclusively for eye conservation in Winchester.

Packages of bulbs, which will be distributed door to door at dates to be announced, will contain the following bulbs for \$2.00: two 40-watt, four 60-watt, four 100-watt, and one 150-watt. Also given free with each purchase will be one 150-watt bulb.

Buy your next supply of light bulbs from the Lions. Help the Lions help others.

ELECTED ASSOCIATE DIRECTOR

Rae D. Anderson of 4 Ox Pasture, was elected Associated Director of Boston Chapter, National Association of Cost Accountants at the annual meeting held recently at the Hotel Bradford in Boston. Mr. Anderson is Vice President and Dean of Faculty of the Bentley School of Accounting and Finance in Boston. He is a member of the American Institute of Accountants and Massachusetts Society of Certified Public Accountants. Mr. Anderson holds a Bachelor of Science Degree and is a Certified Public Accountant. He has been active in the affairs of Boston Chapter for several years.

CALLAHAN RECEIVES JERE A. DOWNS SCHOLARSHIP

At its meeting this week, the Winchester School Committee awarded a scholarship from the Jere A. Downs Fund to Joseph T. Callahan, Jr., of 5 Russell road. A senior in the engineering course at Tufts College, Mr. Callahan is a graduate of the Winchester High School, Class of 1951.

LOCAL GIRLS ENTER RANDOLPH MACON

Two Winchester girls left this week for Virginia to attend Randolph Macon College.

Miss Florence Newton of 26 Wedgemere avenue, who graduated from Winchester High in June will enter the freshman class.

Miss Marilyn Chick of 24 Yale street, who graduated from Pine Manor Junior College in June will enter the Junior class.

Cadillac

A Ride Is an Education!

There has never before been a time—since the beginning of the automotive industry—when you could learn as much about motor car performance in a single hour as you can today!

All you need do is slide behind the wheel of a new 1954 Cadillac—and head for the open highway.

That great Cadillac engine—the most amazing storehouse of energy and eagerness ever put beneath the hood of an automobile—introduces you to a new measure of power and performance. It takes even the

most challenging hills in easy stride—and sweeps you out of a difficult traffic situation with only the slightest pressure of your foot on the accelerator.

Cadillac's Hydra-Matic Drive is unbelievably silken and smooth—and takes you from a standing start to your desired speed in one continuous flow of power.

You guide the car with only a feather-light touch on the wheel. It seems almost to follow the weight of your hand around the corners—and it takes you over the winding highway as if it were reading your mind.

Vision is so wide and clear that a single, sweeping glance acquaints you with traffic on every hand. Braking is unbelievably sure and easy. And you ride in such comfort and quiet that you seem to be resting in your favorite easy chair.

Yes, it's an education to take the wheel of a 1954 Cadillac—an education in all the good and wonderful things of motordom.

Stop in and see us at any time—slip into the driver's seat—and head for your favorite stretch of highway. You're in for the most pleasant surprise of your motoring life!

Case No. 4492 Reg. THE COMMONWEALTH OF MASSACHUSETTS
To the TOWN OF WINCHESTER, a municipal corporation, located in the County of Middlesex, and said County, with: **CLIFFORD S. SUNDBERG, DONOTHY W. JENNINGS, ROBERT E. SCHAFER, JR., CHARLOTTE E. SCHAFER, JR., all of said Winchester, and to all whom it may concern.**
Whereas, a petition has been presented to said Court by **RICHARD L. EMBERTON**, of said Winchester, to register and confirm his title in the following described land:
A certain parcel of land with the buildings thereon, situate in said Winchester, bounded and described as follows:
Northwesterly by Pond Street 114.60 feet; Northeasterly by land now or formerly of **OTTO E. SCHAFER, JR.**, et al about 238.20 feet; Southeasterly by Winter Pond; Southwesterly by land now or formerly of **CLIFFORD S. SUNDBERG**, et al about 108.00 feet.
The petitioner claims an appurtenant to the above-described land the right to use said Winter Pond in common with others entitled thereto.
The above-described land is shown on a plan filed with said petition and all boundary lines are claimed to be located on the ground as shown on said plan.
If you desire to object to the petition or defense to said petition you or your attorney should file a written appearance in the office of the Recorder of said Court in Boston (at the Court House), or by decree entered thereon.
Witness, John C. Leggat, Esquire, Judge of said Court, this first day of September in the year nineteen hundred and fifty-four.
Attest with Seal of said Court.

FIRST CONGREGATIONAL CHURCH SCHOOL

This Sunday, September 19, will be the opening day for all classes in the First Congregational Church School, with the exception of the Forum which will officially open with a supper on September 26.
Meeting at 9:30 a. m. will be the Junior Department (Grades 5 and 6) and Junior High (Grades 7 and 8). At 10:45 a. m. while parents may attend church, sessions are held for Nursery (ages 1, 2 and 3), Kindergarten (ages 4 and 5), Primary (Grades 1 and 2) and Lower Junior (Grades 3 and 4). A complete Church School program has been sent to all members of the Church Parish which states the meeting place of each department.
Any parents who are in doubt as to the proper location for their children may inquire at the Church School Office where Mrs. Richard Ashenden will be located at the 9:30 hour, and Mrs. Thomas Corkey at the 10:45 hour.
The Church School Staff for 1954-55 is made up of the following members:
General Superintendent, Dr. Albert G. H. Dietz; Assistant Superintendent, Mrs. Charles R. Gredle; Cradle Roll Department, Mrs. William D. Barone, Superintendent. Nursery 1 (1 year old): Mrs. Walter B. Stockwood, Superintendent. Mrs. Robert S. Dole, Mrs. Arthur Anderson, Mrs. Robert D. Swisher.
Nursery 2 (2 year olds): Mrs. Francis Wiener and Mrs. Roland H. Moody, Superintendents; Mrs. Robert Allen, Mrs. Dean Carleton, Miss Constance Gowdy.
Nursery 3 (3 year olds): Mrs. Robert G. Millican and Mrs. Frederick A. Cardin, Superintendents; Mrs. Albert H. Dunn, 3rd, Mrs. Warren D. Wells, Mrs. M. K. Petersen, Miss Sally Kimball, and Mrs. Aram T. Mouradian, Pianist.
Kindergarten 4 (4 year olds): Mrs. Robert F. Williams, Superintendent. Mrs. Ernest D. Sackett, Mrs. David Choate, Jr., and Miss Sylvia Smith, Pianist.
Kindergarten 5 (5 year olds): Mrs. Edgar D. Hinton, Superintendent. Mrs. Byron Graves, Mrs. Richard Cunningham, and Miss Barbara Browne, Pianist.
Primary Department: Mrs. Charles E. Crede, Superintendent. Mrs. Philip S. Campbell, Mrs. William Hodge, Mrs. Ernest Ulm, Miss Jacqueline Sturtevant, Mrs. Lawrence Beckley, Mrs. A. William Doane, Mrs. Daniel S. Howard, Miss Johnette Johnson, Mrs. Otto Schaefer, Miss Natalie Bellows, and Mrs. T. Parker Clarke, Pianist.
Lower Junior Department: Mrs. Thomas Walsh, Superintendent. Mrs. Ray Brown, Mrs. Harry P. Hood, Jr., Mrs. Floyd Lever, Mrs. Edward H. Stone, 2nd, Mrs. D. Reid Weedon, Mr. Carleton Bolivar, Mrs. Richard Davenport, Mr. Byron Jackson, Mr. George Rutherford, Mrs. Ann Withrow, and Miss Barbara Eaton, Pianist.
Junior Department: Mrs. Clarence Wickerson, Superintendent. Mrs. Alfred Nelson, Mr. Richard Woodward, Mr. Daniel Blanchard, Mrs. Clarence Gay, Mr. Charles A. Buchanan, Mrs. Rolf Eliassen, Mrs.

WINCHESTER COLLEGE CLUB

"Art in the Home" is the subject of the College Club Art Study Group for the season 1954-1955. An interesting program is offered. The general plan of the course will include Friday morning meetings in the Library, alternating with visits to various museums and galleries. The program with specific dates follows:
October 1, Library: What Makes a Good Picture? Demonstration. This first meeting will be led by Mrs. John L. Lobinger and her committee.
October 15: Visit to the Addison Gallery, Andover. Mr. Bartlett Hayes, the curator, will give a gallery talk on "Good Pictures."
November 6, Library: The Story of Christmas. This meeting will be led by Mrs. John L. Lobinger and her committee.
November 19: Visit to the Boston Museum of Fine Arts, where there will be a gallery talk on the special China Exhibition.
December 3: Visit to the Institute of Contemporary Art in Boston to see their famous Christmas Exhibition of home furnishings. The Library meeting will be omitted this month.
January 7, Library: Color in the Home. This meeting will be led by Mrs. Charles A. Underwood and her committee, with demonstrations.
January 21: Visit to the headquarters of Design Research in Cambridge for a gallery talk and examination of examples of modern design and color in relation to the home.
February 4, Library: The Story of Textiles. This study group will be led by Mrs. Murray S. Moore and her committee, in preparation for the following museum trip.
February 18: Visit to the Boston Museum of Fine Arts for a gallery talk on Textiles by Miss Eleanor Randall.
March 4: Visit to various picture-framing galleries in Boston and Cambridge. The members will be divided into several small groups, each of which will visit one of two galleries where there will be demonstrations of framing and renovating pictures.
March 18, Library: How to Frame and Renovate Pictures. At this study group meeting the various groups will report and discuss their findings from the March 4 gallery visits. Examples of good framing will be shown.
April 1: Visit to the de Cordova Museum in Lincoln, where Mr. Frederick P. Walker, curator of the Museum, will sum up the year's program with a talk and discussion on "Why Should We Have Art in the Home?"
This Study Group is open to anyone who wishes to join, whether a College Club member or not. Please note that the first meeting will be held at the Library on Friday morning, October 1, at 10 o'clock. If you want to be a member of this group, and have not yet enrolled, call one of the committee: Mrs. Murray S. Moore, Winchester 6-1466; Mrs. Kenneth Hall, Winchester 6-3370; Mrs. Richard W. Wyman, Winchester 6-1209-M; Mrs. Frederick Abbott, Winchester 6-4078; Mrs. Charles E. Brush, Winchester 6-1772-J; Mrs. James B. Willing, Winchester 6-4006; Mrs. John L. Lobinger, Chairman, Winchester 6-1407-W.

METHODIST ACTIVITIES BEGIN

The pastor of the Crawford Memorial Methodist Church, Rev. John Snook, Jr., announces a schedule of activities beginning the fall work of the church.
First, concerning the pastor's trip to the Holy Land, Rev. Snook is planning to set two Sunday evenings aside in October (the 10th and 17th) to show some two hundred and fifty color slides taken during the trip. The pictures will begin with his leaving New York by plane and include stop-offs at Rome, Cairo, Beirut, the Holy Land, Athens, Paris and London. In the course of three weeks, some twelve thousand miles were covered by air, about fifteen hundred by train, bus and private automobiles. The hour will be 7:45 p. m. The public is most cordially welcome.
Following is a list of activities for members of the church and those who desire to worship through the church program:
Church services are held at 10:45 a. m. This coming Sunday the pastor will preach on the subject, "Licensure to Live."
Sunday School will assume its activities this coming Sunday, September 19th. The classes are as follows:
9:30—Junior, Intermediate and Senior Departments (the fourth grade through high school).
10:45—Nursery, Beginners and Primary Departments (includes a nursery for little tots up to three years of age and organized classes from three to six).
Rally Day will be observed a week from this Sunday (September 26).
November 19: Visit to the Boston Museum of Fine Arts, where there will be a gallery talk on the special China Exhibition.
December 3: Visit to the Institute of Contemporary Art in Boston to see their famous Christmas Exhibition of home furnishings. The Library meeting will be omitted this month.
January 7, Library: Color in the Home. This meeting will be led by Mrs. Charles A. Underwood and her committee, with demonstrations.
January 21: Visit to the headquarters of Design Research in Cambridge for a gallery talk and examination of examples of modern design and color in relation to the home.
February 4, Library: The Story of Textiles. This study group will be led by Mrs. Murray S. Moore and her committee, in preparation for the following museum trip.
February 18: Visit to the Boston Museum of Fine Arts for a gallery talk on Textiles by Miss Eleanor Randall.
March 4: Visit to various picture-framing galleries in Boston and Cambridge. The members will be divided into several small groups, each of which will visit one of two galleries where there will be demonstrations of framing and renovating pictures.
March 18, Library: How to Frame and Renovate Pictures. At this study group meeting the various groups will report and discuss their findings from the March 4 gallery visits. Examples of good framing

For experienced service or repairs on all makes of sewing machines or vacuum cleaners, call E. W. Clark, Winchester 6-3935.

The USS Sturtevant returned to Newport, R. I., September 1st, from refresher training operations at Guantanamo Bay, Cuba, wearing the Battle Efficiency "E" on the side of her bridge structure. Serving aboard the escort vessel is John W. O'Brien, Jr., interior communications electrician second class, USN, son of Mr. and Mrs. John W. O'Brien of 34 Clark street, Winchester.

NEWSY PARAGRAPHS

Miss Blanche Medeiros, of 219 Washington street, and Mrs. James A. Newman of 22 Glen road, members of the Board of Directors of the Agnes Carr Writers' Club of Boston, announce the 1954-55 course in "Writing for Women" by Agnes Carr. The first class will open Tuesday, October 19, at 2 p. m., Teachers' College, Huntington avenue, Boston. Eight lectures will cover discussions on short stories, feature articles, publicity, children's stories, greeting card verse, and poetry.

MRS. DELLA F. SKILLINGS

Mrs. Della F. Skillings, widow of Lewis W. Skillings and mother of Mrs. Herbert P. Preble of 11 Edgehill road, passed on at her daughter's home on Friday, September 17.

Born in Boston, Mrs. Skillings lived as a young woman in Newton Center where she was known as a skilled horsewoman and the owner of prize-winning horses. Later she and her husband, for many years operated "Oak Cottage" on Peaks Island in Casco Bay, Me., as a resort for summer vacationists prior to Mrs. Skillings' death in 1942.

For ten years thereafter Mrs. Skillings was associated with William Filene & Sons in Boston, making her home with her daughter in Winchester.

She leaves, besides her daughter, a sister, Mrs. Margaret Foster of Reading; three grandchildren, Herbert Preble of Medford, P. O. Ronald Preble, USA, stationed at Fort Dix, N. J., and Harry Lewis Preble of Winchester, also a great-granddaughter, Elaine Susan Preble.

Memorial services were conducted Sunday afternoon at the Kimball Chapel by Mr. Chester Sanger, reader of First Chapter of Christ Scientist in Winchester. Burial was at Peaks Island, Maine.

GOWDY
HEADS WILLIAM PARKMAN

George H. Gowdy was installed as master of William Parkman Masonic Lodge Tuesday evening, September 14, at the annual installation in Masonic Apartments. Wor. W. Allan Wilde was installing master, with Wor. Clarence W. Russell, installing marshal. Following are the officers installed: Master, George H. Gowdy; Senior Warden, Austin E. Nanny; Junior Warden, Perry E. Fisher; Treasurer, Roland R. Carter; Secretary, Ernest R. Eustis; Chaplain, Rev. Walter Lee Bailey; Asso. Chaplain, Dr. Dwight L. Cart; Marshal, Wor. Herbert T. Wadsworth; Senior Deacon, Robert E. Gardner; Junior Deacon, Joseph C. Gray; Senior Steward, Theodore Hultgren; Junior Steward, Charles R. Fish; Inside Sentinel, Milton H. Anderson; Organist, Frederick B. Parks; Tyler, Henry E. Brown; Lecturer, Dean W. Carleton.

MARRIAGE INTENTIONS

Robert Allen Scheitzer of Niles Mich., and Alice Ann Baumgardner of 81 Cambridge street, Wyman Beach, Boston, are to be married at the home of the bride's parents, Mr. and Mrs. George H. Gowdy, 161 Hancock street, Cambridge, on Saturday, September 25, at 10 o'clock.

Joseph Ivan Nash of 50 Nelson street, and Helen Louise Perry of 727 Washington street.

80th BIRTHDAY

Mrs. Elizabeth Simonds of Eaton street, a long time resident of Winchester, celebrated her 80th birthday last Monday, at the home of her daughter and son-in-law, Mr. and Mrs. Charles N. Bacon of Grove street.

A large family gathering was present to greet Mrs. Simonds, including three great grandchildren, and she received many lovely gifts. A buffet supper was served.

CIVIL DEFENSE

Just in case of Hurricane Gladys, or Helen, or any ensuing civil emergency, Winchester Civil Defense announces a new signal for summoning CD workers to their posts. Three rounds of six-stroke signals on the town fire alarm will be the summons. Currently, the single six stroke call is the signal for auxiliary firefighters to report for duty. Repeated three times, it will now be the call for all Winchester Civil Defense workers.

25th WEDDING ANNIVERSARY

Mr. and Mrs. Herbert J. Cleary of 196 Washington street, Winchester, were tendered a Silver Wedding Anniversary party on Friday evening, September 17, at Masonic Hall. Well over fifty relatives, friends, neighbors, and fellow Officers and Committee men of St. Mary's Holy Name Society, of which Mr. Cleary is president, attended. Rev. Martin J. Dolphin, Holy Name Society Director was present to extend his personal congratulations.

Host and Hostess for the occasion were Mr. and Mrs. Ralph W. Scott, Jr., of 25 Nelson street, long time friends of the Clearys who did their utmost in seeing that everyone had a good time.

Unable to be present were the Clearys' two sons, Herbert, who is serving in the U. S. Navy, and Richard, who is studying for the Priesthood in the Jesuit Order. Herbert's gift to his parents was a beautiful case of silver, while Richard's remembrance was a spiritual nature, a most gratifying. There were many fine gifts of silver from the anniversary guests, and Mr. and Mrs. Cleary were visibly moved and highly gratified at the many good wishes bestowed upon them.

Following the dancing with music provided by a three piece orchestra, a catered buffet style lunch was enjoyed. A beautiful gaily decorated anniversary cake highlighted the party with Mr. and Mrs. Cleary ultimately cutting it for all to enjoy, just as they did a similar cake at their wedding party twenty-five years before.

The silver anniversary toast, proposed by Mr. Vincent F. Erhard, member of the Holy Name Society District Executive Board, follows: "We are gathered here this evening to honor a very fine couple, Herb and Theresa Cleary, on their 25th Wedding Anniversary. We all cannot help but feel inspired by their shining example of a perfect home life. From their home two sons have gone forth, one, Herbert, to service in the U. S. Navy; and the other, Richard, to service in the Jesuit Order. The phrase, 'For God and Country' is certainly exemplified here. So to a very fine couple we offer this toast—to Herb and Theresa Cleary, our best wishes for a continued wholesome and happy life together."

BLOOD DONOR DAY

"But I thought the war was over" is the surprised comment of many people who asked if they were going to give blood to the Red Cross Blood Bank, so said Oscar E. Morrow, co-chairman of the Winchester Red Cross Blood Bank today.

Many people associate the need for blood only with war and wounds and it is quite understandable that they do so, considering the great emphasis on this kind of blood need in the past.

That the needs of the civilian population are constantly great, and outstandingly so in time of sudden sickness, of accidents, of tornadoes, of hurricanes, great fires, was stressed by Mr. Morrow, who said that Massachusetts alone this year will need over 140,000 pints of blood in its hospitals. He said that more than half of this blood supply will come from the Red Cross Blood Bank, and that the only way to get blood in this vital reserve is from the veins of healthy, public-spirited men and women.

"Winchester's quota on September 27, the next Blood Donor Day here," he said, "will be 150 pints." He also emphasized that this amount will be forthcoming only if each person in town who is able to make a priceless, painless gift of his or her blood comes forward and volunteers to do so. The Mobile Blood Unit will be at the Congregational Church on that day from 1 p. m. to 7 p. m.

PROMOTED IN GERMANY

A. William MacDonald, Jr., son of Mr. and Mrs. Augustine MacDonald of 22 Hemingway street, Winchester, has recently been promoted to the rank of Corporal in the Army. He entered the service in June 1953 and arrived in Germany in November 1953 where he is serving as an M. P. with the 175th Battalion.

Prior to entering the Army, Cpl. MacDonald was associated with the First National Stores in Winchester.

ALICE ANN BAUMGARDNER

MISS BAUMGARDNER ENGAGED

Mr. and Mrs. John Thomas Baumgardner of 81 Cambridge street, announce the engagement of their daughter, Alice Ann, to Robert Allen Scheitzer, USN, son of Mrs. George Loveland of Niles, Michigan.

Miss Baumgardner is a graduate of Winchester High School and attended Mount St. Mary College in Hocksett, N. H. She has chosen Sunday, October 3, as the date for the marriage which will take place at 2 o'clock in the afternoon at St. Mary's Church. A reception will follow at the home of Miss Baumgardner's parents.

ABSENT VOTER BALLOT

Voters who, because of absence from town or illness, will be unable to go to the polls on November 2, may obtain an application from the Town Clerk for an Absent Voter Ballot. The application must be filled out with the voter's name and address as they appear on the voting list, and also with the address to which the ballot is to be mailed. Inasmuch as the ballot must be marked in the presence of a Notary and stamped by him and mailed to the Town Clerk so that she will receive it before the polls close on Election Day, it is essential that applications be made promptly.

In the case of people who are to be in town but are incapacitated, anyone may obtain an application for them. It must be signed not only by the voter but also by either an attending physician, a registered nurse, a hospital superintendent, or a Christian Science Practitioner. The ballot must be marked in the presence of and stamped by a Notary and mailed to and received by the Town Clerk before the polls are closed.

The members of the Absent Voter Ballot Committee or the Republican Town Committee will gladly assist anyone to obtain the application and will furnish a notary for the marking of the ballot.

The following members will receive calls:

Mrs. Ruth H. Enstrom, Winchester 6-0303-M.
Mrs. Don S. Greer, Winchester 6-2012
Mrs. Kenneth B. Hiscoe, Winchester 6-1430
Mrs. Warren C. Whitman, Chairman, Winchester 6-1928.

QUEENSMEN TO COMPETE

The Immaculate Conception Queensmen will represent Winchester in the Fourth Annual Eastern Massachusetts Junior Drum and Bugle Corps Association championship finals to be held Saturday evening, under the lights, at the Manning Bowl in Lynn.

The Queensmen unit is a highly-rated corps under the supervision of Rev. Horace K. A. Driscoll, pastor of the Immaculate Conception Parish, and has compiled a season's string of impressive showings in previous competitions.

It will be shooting for one of the top positions in the Class A-B-C divisions, having prepared new marching maneuvers and musical compositions in an effort to convince the staff of All-American judges and to entertain an anticipated overflow of spectators.

The finals, staged annually in the fall, culminates year-long competitions in which member corps of the Association have sponsored their own caucuses of music, gaining necessary recognition and points to qualify for the Lynn spectacle.

A score of drum and bugle corps and drill teams are entered in this championship competition which will be highlighted by the appearance of one of Massachusetts' famed senior drum and bugle corps, a national champion itself.

Trophies and cash awards will be given corps crowned at the Lynn Bowl. Numerous local county and state dignitaries on hand to witness the proceedings.

PRIMARY VOTE CORRECTION

An error occurred last week in the Star's reporting of the totals polled by Richard W. Sheehy, Jr., of Winchester in the contests for Congressman in the Fifth District, and Representative in the General Court for the 29th Middlesex District, both on the Democratic side of the ballot.

In the contest for congressman Mr. Sheehy polled 1 vote, and in that for representative he polled 51 votes, winning the party nomination for that office. The Star had the figures reversed, crediting Mr. Sheehy with the larger vote in the contest for congressman instead of for representative.

O'ROURKE — LAIRD

At a nuptial mass in St. Mary's Church on Saturday morning, September 18, Miss Anne Marie Laird, daughter of Mr. and Mrs. William Guy Laird of 16 Symmes road, became the bride of Edward Francis O'Rourke, son of Mr. C. Philip O'Rourke of 26 Symmes road, and the late Mrs. Eloise Burke O'Rourke. The Rev. Richard O. Borer of St. John the Evangelist Church, Manchester, N. H., cousin of the bridegroom, officiated at the marriage ceremony and also at the nuptial mass which followed.

Given in marriage by her father, Miss Laird had her sister, Miss Barbara J. Laird of Winchester as maid of honor. Another sister, Miss Mary F. Laird, was also in the bridal party, serving as bridesmaid, with Miss Nancy O'Rourke of Winchester, sister of the bride, and Miss Jean L. MacDonald of Quincy and Mrs. William T. Shoemaker, III, of Lexington.

The bride wore a gown of ivory tulle with a bouffant skirt extending in a cathedral train. The bodice, neckline and hip line of the gown were trimmed with crystal beading, and the fingertip-length veil of silk illusion was caught to a sequin trim at the crown of the head. The bride carried a white prayer book with a cascade of white roses and stephanotis.

All the bridal attendants wore peacock green tulle dresses fashioned with fitted, tucked bodices, portrait necklines and short capped sleeves. Their ballet-length bouffant skirts were finished with large bows in the back and all carried cascade bouquets of gold and rust roses.

The Gold predominated in the bouquet of the honor maid, matching her head-band of gold velvet leaves. The bridesmaids wore headbands of rust and yellow velvet leaves and rust, the predominating shade in their bouquets.

C. Philip O'Rourke, Jr., of Winchester was best man for his brother and ushering were John J. Hickey, Jr., of Belmont, Walter J. Demsey, of Wollaston, Leon E. Granahan of Brighton, Dermott F. O'Connell of New York City, Jerome O'Rourke of South Orange, New Jersey, and James M. Oliver of Boston, formerly of Winchester.

A reception was held after the ceremony at the Music Hall on Bacon street, the parents of the bride assisting in receiving with the father and aunt of the bridegroom, Mrs. Thomas H. Mulhern of Peabody.

Mrs. Laird wore a street length dress of rust satin trimmed with tulle and gunmetal rhinestones. Her hat and accessories were mauve and she wore a lime green orchid.

Mrs. Mulhern wore a gold and fuchsia orchid with her midnight blue silk tulle dress and fuchsia hat and accessories.

After a wedding journey to Lake Champlain and Vergennes, Vt., Mr. and Mrs. O'Rourke will make their home at 62 Bacon street.

Both the bride and bridegroom are graduates of Winchester High School and attended the O'Rourke also graduated from Westbrook Junior College. Mr. O'Rourke, who is a graduate of Holy Cross College, is associated with the Woburn Dressing Company.

MORRILL — CARROLL

At Moffett Field Chapel in Palo Alto, Calif., on Sunday afternoon, September 12, Miss Margaret Fitzgerald Carroll, of Redwood City, Calif., daughter of Mr. and Mrs. William Russell Carroll of Lincoln street, was married to Lt. Irving Edwin Morrill, USNR, of Washington, D. C., son of Mr. and Mrs. Robert Morrill of Boston.

The Rev. E. L. Krumpal, minister of Maryknoll Seminary, Mountain View, Calif., read the 2 o'clock service.

Miss Carroll was attended by her sister, Mrs. Enstrom Joy Pratt of Cohasset. The bride wore a ballerina length gown of white velvet and pleated ivory tulle. Her elbow-length veil of ivory nylon was caught to a princess crown of lace and pearls, and she carried a white prayer book topped with a white orchid and white roses and a cluster of shamrocks sent to the wedding by her cousin in Roscommon, Ireland.

Mrs. Pratt, the former Helen Carroll, wore a turquoise tulle ballerina-length dress with matching velvet Juliet cap and carried an old fashioned bouquet of yellow marguerites and ivy.

Thomas P. Dowling of Brooklyn, N. Y., and El Segunda, Calif., was Mr. Morrill's best man, and ushering was William J. Croughwell, Jr., of Mountain View, Calif., formerly of Winchester and now manager of the American Airlines Office in San Francisco.

A reception was held after the marriage at Ricker's Studio Inn in Palo Alto, Calif., the famed owner being present at both the reception and marriage as a long time friend of the bridegroom.

For their wedding journey Lt. Morrill and his bride motored across country through Yellowstone National Park, Minnesota, Canada before returning to Washington, D. C., where they will make their home.

The bride is a graduate of Winchester High School, and attended Boston University College of Liberal Arts and the Katherine Gibbs Secretarial School. She was separated from the Navy last January as a lieutenant in the WAVES on duty at the Pentagon.

Lt. Morrill attended the University of Minnesota and is stationed at the Pentagon in Washington as a Naval aviator on the staff of the Chief of Naval Operations.

CONCORD HERE TOMORROW

HENNESSEY, VETERAN
GUARD NOT TO FACE
PATRIOTS

Local fans will get their first official peek at Winchester High School's 1954 football team tomorrow afternoon when the Indians trek down from their tepee above the turgid Aberjona to open their season against the Concord Patriots on Manchester Field with the kickoff at 1:30.

Concord, undefeated last year and champion of Class C, is no soft touch, especially in view of the long winning streak the Patriots have amassed under the coaching of Bernie Megin, former Concord and Notre Dame backfield player.

A year ago Concord handed Winchester its only defeat of the season in the opening game for the two school at Concord, beating a big but particularly inept local team, by taking advantage of two breaks that led to Concord touchdowns. The Indians were very green against Concord last fall, and rely but themselves in the heat of Emerson Field. Whether the Patriots could have beaten Winchester on any subsequent Saturday a year ago is something to argue.

Winchester will be much more ready for Concord this year. The Indians have looked very good in scrimmage against Malden Catholic and Medford, and, especially behind the line, are way ahead of their 1953 form.

Led by big, bruising, 203-pound Captain Mike Murphy at fullback, Winchester has a backfield that ought to hold its own with any in the schoolboy ranks. In Joe Beland, the son of Joseph Henry Hart and Eunice Tuttle Abbott Hart, after graduating from the Lynn Classical High School, he entered the employ of the Second National Bank of Boston where he remained for about fifteen years. In 1912, he became Treasurer and one of the principal stockholders of Mullens, Townbridge & Co. Inc., leather importers, manufacturers and dealers, with offices in Boston. He continued actively in business until his death. He was a member and has served on the vestry of the Church of the Epiphany in Winchester. He was a 32nd Degree Mason and a member of the Alpheo Temple Shrine of Boston.

Mr. Hart is survived by his wife, Emma Wilkins Hart; a son, Charles Abbott Hart of Winchester; a daughter, Mrs. S. Collyer Hoagland of South Hills, New Jersey; a brother, Henry J. Hart of Clearwater, Florida; and four grandsons, Charles Abbott Hart, Jr., (a senior at Middlebury College), Samuel Collyer Hoagland, III, (a sophomore at Colgate University), Waldo Lovejoy Hart, II, (a senior at Vermont Academy), and Richard Wilkins Hoagland (a junior at The Peddie School).

Word has been received in Winchester of the recent death in South Royalton, Vt., of Bertram A. Albro, former head of the Latin Department at Winchester High School.

Born in 1877 in Portsmouth, R. I., Mr. Albro was graduated from Holy High School in 1896, and from Boston University, with the degree of Bachelor of Arts, in 1900. He first taught at the Gallego School in Philadelphia and later at the Country Day School in Kansas City, Mo.

In 1923-24 he headed the Latin Department at Wellesley High School, following this post with a year of teaching and tutoring at the Fessenden School in Newton. Mr. Albro came to Winchester in 1926 and taught here until his retirement in June of 1947, at which time he headed the high school's Latin Department. He made his home at 11 Francis circuit and was a member of the First Congregational Church.

He leaves his wife, Mrs. Sfa W. Albro; a daughter, Mrs. Arthur Cutler of Rochester, N. H.; and a son, Dr. Ward Albro of Hanover, New Hampshire.

PRE-NUP TIAL PARTIES

A buffet supper was held by Mr. and Mrs. William Allan Wilde at their 9 Edgell road home for the wedding party of the former Nancy Griffiths and Bill Wilde on Friday evening, September 10, after the wedding rehearsal. Miss Griffiths and Mr. Wilde were married September 11 at the Crawford Memorial Church.

The groom-to-be was honored with a bachelors' party at the home of Larry Smith, 10A Winthrop street, on Friday evening, September 3. In attendance were Phil O'Rourke, Victor Griffiths, Bill McGrail, Larry Norton, Bill Reagan, Fred Hickey, Bill Carey, Bill Cole, John Horie, Steve Moray, and Ted O'Rourke.

Mr. Marsh, who is the son of Mrs. C. Rodney Stewart of Wilsonburg, West Virginia, and the late Mr. Creed Marsh, is a graduate of the University of West Virginia and has done graduate work at Florida State University. He served in the Navy during World War II, and is employed with the Department of Justice, serving in New York City at the present time.

Mr. and Mrs. Marsh will be at home after October 1st at 3725 81st street, Jackson Heights, N. Y.

RALLY DAY

Mr. Richard Brownell, superintendent of the Department of Church School of the Second Congregational Church. The program will begin at 9:45 a. m. with a Rally Day service. There will be words of introduction by Mr. Brownell followed by a worship program. Mr. Skeirk, pastor, will then speak to the members of the Church School. Parents are urged to bring their children and share in this Rally Day Service.

Church School will continue throughout the year each Sunday at 9:30 a. m.

TAG DAY

WINCHESTER
HOMEFRONTERS

Tomorrow, Saturday, September 25, is Tag Day for the Winchester Homefronters. G. I. C. girls from Winchester High School will collect at the football game. The business center will be covered by volunteer taggers. Look for them with their red arm bands. Collection boxes have been placed in all the stores in town. This is the only drive the Homefronters conduct to obtain funds which are used to purchase and mail Christmas packages to our boys and girls in service. Last year 350 boxes were sent to service people all over the world. Birthday cards are also sent throughout the year. All packages must be in the mail by November 1.

Contributions are being received by the Treasurer, Ralph Hatch at the Winchester Savings Bank. Mail that check today!

Mrs. Frank Carroll, chairman for Tag Day reports a meeting was held at the home of Mrs. George Johnson on Monday evening, September 13. Enthusiastic committee members made all final arrangements and are hoping for the full support of the Winchester people for this cause.

Let's make this a huge success so that every Winchester boy and girl in the service will receive a Christmas box this year!

Anyone wishing to volunteer as a collector, please report at the police station any time between 9 a. m. and 5 p. m.

WALDO LOVEJOY HART

Waldo Lovejoy Hart died suddenly at his home, 6 Drexel avenue, Winchester, early in the morning on September 18th. He had suffered no previous illness and had appeared to be in excellent health.

Mr. Hart was born in Lawrence, Massachusetts, on September 21, 1878, the son of Joseph Henry Hart and Eunice Tuttle Abbott Hart. After graduating from the Lynn Classical High School, he entered the employ of the Second National Bank of Boston where he remained for about fifteen years. In 1912, he became Treasurer and one of the principal stockholders of Mullens, Townbridge & Co. Inc., leather importers, manufacturers and dealers, with offices in Boston. He continued actively in business until his death. He was a member and has served on the vestry of the Church of the Epiphany in Winchester. He was a 32nd Degree Mason and a member of the Alpheo Temple Shrine of Boston.

Mr. Hart is survived by his wife, Emma Wilkins Hart; a son, Charles Abbott Hart of Winchester; a daughter, Mrs. S. Collyer Hoagland of South Hills, New Jersey; a brother, Henry J. Hart of Clearwater, Florida; and four grandsons, Charles Abbott Hart, Jr., (a senior at Middlebury College), Samuel Collyer Hoagland, III, (a sophomore at Colgate University), Waldo Lovejoy Hart, II, (a senior at Vermont Academy), and Richard Wilkins Hoagland (a junior at The Peddie School).

BERTRAM A. ALBRO

Word has been received in Winchester of the recent death in South Royalton, Vt., of Bertram A. Albro, former head of the Latin Department at Winchester High School.

Born in 1877 in Portsmouth, R. I., Mr. Albro was graduated from Holy High School in 1896, and from Boston University, with the degree of Bachelor of Arts, in 1900. He first taught at the Gallego School in Philadelphia and later at the Country Day School in Kansas City, Mo.

In 1923-24 he headed the Latin Department at Wellesley High School, following this post with a year of teaching and tutoring at the Fessenden School in Newton. Mr. Albro came to Winchester in 1926 and taught here until his retirement in June of 1947, at which time he headed the high school's Latin Department. He made his home at 11 Francis circuit and was a member of the First Congregational Church.

He leaves his wife, Mrs. Sfa W. Albro; a daughter, Mrs. Arthur Cutler of Rochester, N. H.; and a son, Dr. Ward Albro of Hanover, New Hampshire.

ENGAGEMENT ANNOUNCED

At a buffet dinner at their home on Saturday, September 18, Mr. and Mrs. Ellis W. Harlow of Fairmount street, announced the engagement of Mrs. Harlow's daughter, Joanne Carol Johnson, to Lt. (j. g.) William J. D. Miller, USNR, son of Mr. and Mrs. Clifford V. Miller of West Newton.

Miss Johnson graduated from Boston University in 1951 and is on the staff of U. S. Senator Leverett Saltonstall. She returned to the Boston office from Washington this spring.

Lt. (j. g.) Miller attended Tilton School, Tilton, New Hampshire, and Colby College in Maine where he was a member of Delta Upsilon. He is presently attached to Fighter Squadron 72 at Quonset Point, R. I.

Plans are being made for a December wedding.

MISS FLAHERTY ENGAGED

Mr. and Mrs. John J. Flaherty of 348 Washington street announce the engagement of their daughter, Eugenia Ann to Mr. Charles A. DeFilippo, son of Mr. and Mrs. Alfonso DeFilippo of 10 Water street.

Both Miss Flaherty and Mr. DeFilippo are graduates of Winchester High School class of 1953. No immediate plans have been made for the wedding.

RED FEATHER DIRECTORS
PLAN 1955 CAMPAIGN IN WINCHESTER

Left to right, seated: Robert D. Lowry, Winchester's campaign chairman; and Robert Walker, chairman of the North Metropolitan area. Standing: Seymour Bingham, chairman of Workers' Information; Richard H. Frazier, president of the Winchester Community Chest; and Arthur W. Pratt, advisor to Advanced Gifts chairman in the North Metropolitan area.

JACOBY — OWEN

Miss Katherine Elizabeth Owen, daughter of Mr. and Mrs. Earle Dana Owen of 34 Salisbury street, and Casper John Jacoby, III, of Pine Orchard, Conn., son of Mr. and Mrs. Casper John Jacoby of Alton, Ill., were married at Christ Church in Cambridge on Saturday afternoon, September 18. The Rev. Philip Krug read the five o'clock service in a setting of white flowers and candles.

Miss Owen, who was given in marriage by her father, had her twin sister, Miss Margaret Owen as her honor attendant. Another sister, Miss Jane Owen, was one of the two bridesmaids, the other being Miss Louise Brown of Boston.

The bride wore a gown of white silk shantung, fashioned with a fitted bodice, having cap sleeves trimmed with Alencon lace, and a bouffant skirt extending to form a full train. Her fingertip veil was caught to a cap of Alencon lace and pearls, and her bouquet was of tuberoses, begonias and stephanotis, all covered with an orchid.

All the bridal attendants wore aqua dresses of silk shantung, the fitted bodices having scoop necklines and three-quarter length sleeves, and the bouffant skirts being caught to a length. They wore matching slippers and headpieces of bronze and gold chrysanthemums and carried bouquets of the same flowers.

Dean Jacoby of Alton, Ill., was best man for his brother, and the usher corps comprised Mark Baxter of Chicago, Ill., Gerald Finch of Toronto, Canada, John Kern of Athens, Ohio, and Donald Jeffries of Cambridge.

A reception was held after the marriage at the Music Hall on Bacon street with the mothers of the bride and bridegroom, assisting in receiving with the members of the bridal party.

Mrs. Owen, mother of the bride, wore a waltz length gown of rose beige lace over tulle with matching hat and shoes and a deep wine colored orchid. The bridegroom's mother, Mrs. Jacoby, also wore orchids with her gown of beige lace over nylon and her brown hat and shoes.

After a wedding journey to Virginia Mr. and Mrs. Jacoby will be at their home in Pine Orchard, Conn.

The bride is a graduate of Winchester High School and of Colby Junior College and Syracuse University. She is a member of Kappa Delta Sorority. Mr. Jacoby is a graduate of Massachusetts Institute of Technology and Harvard Graduate School of Business Administration. He is a member of Sigma Chi fraternity and is associated with Olin Mathison Industries in New Haven, Connecticut.

ENGAGEMENT ANNOUNCED

At a buffet dinner at their home on Saturday, September 18, Mr. and Mrs. Ellis W. Harlow of Fairmount street, announced the engagement of Mrs. Harlow's daughter, Joanne Carol Johnson, to Lt. (j. g.) William J. D. Miller, USNR, son of Mr. and Mrs. Clifford V. Miller of West Newton.

Miss Johnson graduated from Boston University in 1951 and is on the staff of U. S. Senator Leverett Saltonstall. She returned to the Boston office from Washington this spring.

Lt. (j. g.) Miller attended Tilton School, Tilton, New Hampshire, and Colby College in Maine where he was a member of Delta Upsilon. He is presently attached to Fighter Squadron 72 at Quonset Point, R. I.

RED FEATHER PLANS ANNOUNCED

Robert D. Lowry, 1955 chairman of the Winchester Red Feather Campaign, announces that the plans for this fall's drive are completed. Dates have been set; Winchester's quota has been determined; and scores of Winchester residents have been enlisted to help see that Winchester goes over the top.

A quota of \$55,000 has been established for Winchester. The amount raised last year was \$56,383. The directors of this year's campaign feel that Winchester will rise to the occasion and be listed in the 100% column.

The large corps of workers who have volunteered to assist are making their plans to carry out a town wide canvass on the day which has been designated as Red Feather Sunday, October 24. The names of these volunteers will be released at a later date.

CHAFFE — DONAGHEY

Of Winchester interest was the marriage which took place at St. Patrick's Church in Stoneham on Saturday, September 11, when Miss Marion Louise Donaghey, daughter of Mr. and Mrs. Thomas William Donaghey of 12 Keene street, Stoneham, became the bride of James Elliott Chaffe of 88A Everett street.

The Rev. David M. Burke officiated at the ceremony which took place at high noon and was followed by a reception in Winchester at the home of the bridegroom. Edson Kimball of Woburn played the bride music.

Miss Donaghey was given in marriage by her father, and attended by her sister, Mrs. Anne E. Darcy of Reading.

The bride wore a gown of white nylon tulle over satin, fashioned with a train and a bodice of Chantilly lace. Her veil of illusion was caught to a crown of rhinestones and seed pearls, and she carried a cascade bouquet of white gladioli, carnations and stephanotis.

The matron of honor wore a ballerina dress of shrimp colored nylon tulle over tissue tulle with a crown of baby orchids matching the orchids in her cascade bouquet.

Mr. Carl LoCascio of Arlington was best man for Mr. Chaffe, and ushering were John Keane of Andover and Thomas L. Morison of Winchester.

After a wedding journey to Bermuda by plane Mr. and Mrs. Chaffe will make their home at 88A Everett avenue.

REGISTER NOW
FOR AMERICANIZATION CLASS

The Winchester School Department announces that a class in Americanization is being held at the Lincoln School. The class is meeting on Tuesday and Thursday evenings from 7:30 to 9:30 p. m. and it will run for 56 sessions. Mrs. M. Lorraine Forte is the teacher.

EPIPHANY CHURCH SCHOOL

This coming Sunday, September 26th, the Church School of the Epiphany will open under the new schedule devised by the Board of Christian Education and the new Director, Rev. Charles E. Batten. This new plan goes into effect after much discussion, study, and a poll of the parents of Church School children.

There will now be two identical church services—one at 9:45 and one at 11 a. m. Children above the Fourth Grade may choose which service they wish to attend, going out to their classes before the sermon. It is hoped that parents will come to the same service as their children, so that they may worship as a family group.

Kimball FUNERAL SERVICE

A. Allen Kimball
39 Church Street
Winchester
Winchester 6-0200

Children in the Kindergarten and Primary Departments, (Nursery through Third Grade) will all meet at one session in the parish house at 9:45 while their parents are in church. Tiny children under three will be cared for during the 11 a. m. service, as usual.

This new plan for the Church School has many advantages. It will allow families with children above the Third Grade to worship together in the church, it will strengthen the feeling of the children that this is their church too, it will allow many teachers who have been teaching at 11 to come to the identical 9:45 service, and it will increase the efficient use of our too-few class rooms, as each room will now be used at least three times each Sunday. On October 11, two Seminars, one for the 9th grade, and one of the 10th grade and above will start.

The Girls' Choir and a Quartet will lead the music at the 9:45 service, and the Boys' and Adult Choir at the 11 a. m. service. The same sermon will be preached at both services.

The members of the Board of Christian Education who have planned this new program are Rev. John W. Ellison, Rector, Rev. Charles Batten, Director, Mr. Allan Adams, President, Mr. Royce Randall, Mr. Ralph Jope, Mr. William Hopkins, Mr. Edward Little, Mrs. Theodore Hultgren, Mrs. Neil Borden, Mrs. Percy Gleason, and Mrs. Harlow Russell.

ART CLASSES FOR ADULTS AND CHILDREN

For the third year, the Winter Art Association is sponsoring Art Classes for the children and adults of Winchester. The cost will be moderate, just enough to cover the expenses of running the classes. Date of weekly lessons each Thursday.

First term: October 7th through December 16th (week of Thanksgiving omitted).

Place of meeting: Art Gallery at the Winchester Public Library.

Time Schedules: Morning class for Adults, 9:30 to 12 noon; afternoon classes for Children, 3:30 to 4:30 p. m.; evening class for Adults, 7 to 9 p. m.

Staff: Mr. King Coffin, for the adults; Mrs. S. Kennedy Tully and Mrs. Richard D. Kirkpatrick, for the children; Miss Harriette Smith, Director.

Instruction in the children's class will be given in pencil drawing, water color, pastel drawing, crayon, live models to work from, field trips and Crafts.

Adult classes will start the term with major emphasis on landscape work (weather permitting). This will be followed by class work in oil painting, water color, drawing pastel, chalk and charcoal.

The beginners will concentrate on the fundamentals of drawing and painting, working with simple forms, and on problems of color and technique. The advanced students will work from live models, still life and problems in composition, texture and value.

Miss Harriette Smith of 3 Wyman court is the Director.

NIXON TO ADDRESS ITALIAN VOTERS

VOLPE TOASTMASTER AT DINNER

Vice President Richard Nixon will be principal speaker at a dinner-reception to be held on Tuesday evening, September 28, in 1st corps Cadet Armory, Arlington street, Boston, by the Massachusetts Italo-American Voters League.

The speech will be televised on Station WNAC-TV, Channel 7, 10-10:30 p. m.

Public Works Commissioner John A. Volpe of Everett avenue, president of the Massachusetts Italo-American Voters League, will be toastmaster.

Guests will include UN Ambassador Henry Cabot Lodge, Secretary of Commerce Sinclair Weeks, Republican State Committee Chairman Elmer Nelson and all statewide G. O. P. candidates.

YOUTH CONFERENCE REPORTS

Four young people will speak briefly at the morning service of the First Congregational Church this Sunday, regarding their experiences at the summer conferences they attended this summer. They will be representing the 12 junior high and 19 Forum young people whose participation in 22 different conferences the church helped to make possible. Sally Kimball will represent the junior high conferences; Catharine Ayer the high school conferences; Dorothy Pratt the officers' conference at Deering; and Lane Emerson the National Pilgrim Fellowship Conference at New Haven.

All of these young people had an outstanding record at the particular conference he or she attended, and the church can take great pride and satisfaction in the high caliber of its young representatives.

KIWANIS DINED DODGERS

Winchester Kiwanis held a dinner Wednesday evening in Mass. Apartments for their Little League baseball team, the Dodgers, winners of the Winchester Little League championship. Team members and their dads were guests of the club.

President John Mercurio presided at the after-dinner ceremonies which saw the presentation of suitably engraved trophies to each of the Dodger players. Jack Chitel, first vice president of the Kiwanis Club, made the presentation.

MYSTIC SCHOOL NEWS

The Mystic School Chapter of the Winchester Mothers' Association held its first meeting of the year Thursday, September 23rd, in the Mystic School auditorium at 2:30 p. m.

It was an informal reception for the mothers to meet Superintendent of Schools, Dr. Harry Gilson, and Mrs. Gilson, the Chairman of the School Committee, Mr. Earle Littleton, and Mrs. Littleton, the Principal of Mystic School, Mr. Joseph C. Forte, and Mrs. Forte, the teachers, and room mothers of the Mystic School.

Mrs. Lynwood Bryant, the President of the Chapter, opened the meeting. One of the most important matters presented was the explanation of the Armchair benefit. This new plan was suggested by Mrs. Robert M. Smith, the Chairman of the Ways and Means Committee. It is hoped that under the Armchair Benefit, a small donation from each member, in addition to the regular dues, will permit the Chapter to operate throughout the year without the usual money-raising project, and to give more emphasis to the educational activities planned by the Executive Board.

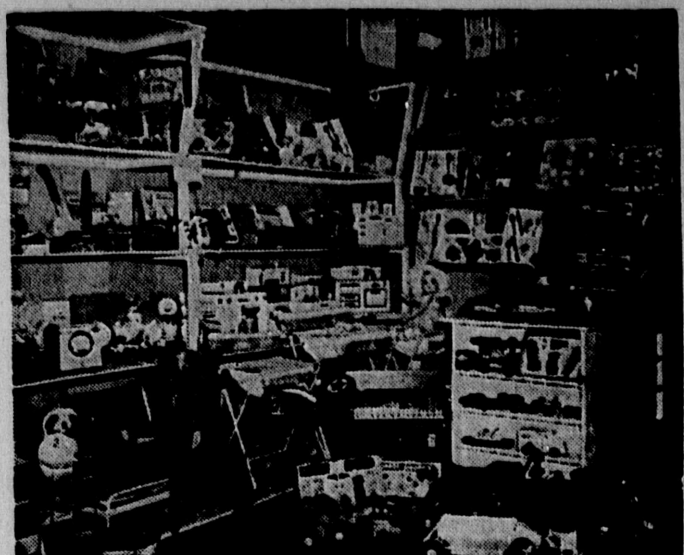

Following Mrs. Bryant's introduction of the guests, Mr. Alfred Meurling, the Physical Education Supervisor, led a group of sixth grade children in square dancing. A refreshment period followed, presided over by Mrs. Norman Stafford and her tea committee, and mothers had the opportunity to become acquainted with the teachers.

LT. COL. DURANT RETIRES

On September 30, Lieutenant Colonel Edward J. Durant, currently a resident of Laurel, Maryland, will retire after more than 30 years service with the United States Army.

A native of Winchester, Colonel Durant has been the Inspector General at Fort Meade since March 1, 1954. Prior to the receipt of his commission as a first lieutenant in

1943, he served as an enlisted man and warrant officer.

His overseas assignments included more than 32 months in Europe during World War II, and a period of 12 months in the Far East before and during the Korean campaign.

Col. Durant has earned the following decorations: American Defense Service Medal, European-African-Middle East Campaign Medal, American Campaign Medal,

World War II Victory Medal, Army Commendation Ribbon, Korean Service Medal, Republic of Korea Presidential Unit Citation, United Nations Medal, and National Defense Service Medal.

DON'T FORGET!

That first meeting of the Young People's Fellowship of Epiphany Church is coming up this Sunday, September 26. The meeting will start at 7:00 p. m. with a worship service of Evening Prayer, followed by a short business meeting in the Parish House, recreation and refreshments.

The well-planned evening will end at approximately 9:00 p. m. Anyone of high school age is welcome. We'll see you all there.

LINCOLN SCHOOL DADS' CLUB

There will be a general meeting of the Lincoln School Dads' Club in the Lincoln School Auditorium on Monday, September 27th, at 6:30 p. m. Dinner will be served at that hour and plans for the coming year will follow.

New officers will be elected. Since there are two hundred and sixty-eight Dads at the Lincoln School this year, we look forward to a record breaking enrollment! A cheerful evening is promised. In fact there is a lot of fun in store for all those interested in making life pleasant for our children. So, come on Dads, let's get together in this important common cause.

Dr. Harry Gilson, Superintendent of Schools will give a short talk.

WINCHESTER FOOTBALLERS AT BRIDGETON

Winchester football fans will watch the fortunes of the Bridgeton Academy football team with real interest this fall because of the fact that three former high school gridiron warriors will be playing for the Maine prep school. "Jockey" Serieka, great left half back on the Red and Black teams of 1951 and 1952, considered by many as the greatest outside runner in the school's history, will be playing in the Bridgeton backfield this fall after a year at Mississippi State. On the forward wall will be big John Riordan, last year's football captain at the high school, who ranks with the greatest centers developed here; also Dan Mantini, regular tackle for the Indians last fall and a player who developed rapidly toward the end of the season.

Serieka wasn't happy at Mississippi State last fall and also felt the need of a better scholastic background for college work. Riordan spent a short time at Florida this fall, but after suffering a stroke, decided the South was not for him. Mantini had decided on Bridgeton after finishing high school.

These three boys should help Bridgeton plenty this fall as all are big, strong and know plenty of football. Riordan is, especially, a terrific center on defense, while Serieka can run with the best in school or college.

Bridgeton plays Waltham this Saturday at Waltham and local fans will be watching for the result of the game. Coach Zeno, who has moved over to Waltham from Watertown, will doubtless catch his breath when he sees Serieka, Riordan and Mantini trot on the field, for of course he saw them all in the Winchester-Watertown games. Incidentally, Coach Zeno has never seen Serieka at his best, for in his final year against the Scarlet "Jockey" had a bad day, as did the entire Indian team, which suffered a crushing defeat at the hands of Watertown at Watertown. If Serieka is right tomorrow, the former Watertown mentor will get a look at quite a ball carrier. They rated his potential very high at "Ole Miss."

DISTINGUISHED GUEST

Mr. and Mrs. Lewis G. Curtis of 158 Highland avenue, were pleasantly surprised a few days ago by a visit from Mr. Curtis' cousin, The Honorable L. R. Curtis, Q. C., Attorney General of Newfoundland. Mr. Curtis and the Prime Minister who were at Boston on official business were accompanied by four other Government officials from Newfoundland.

BOAT CLUB NEWS

Snipe Notes

Peter Montminy captured first place in the junior snipe series when he was victor in the last race on Friday. He totaled 1689 points during the entire season. Herb Aderson claimed runner-up position with 1669 points. Peter Freyer with 1585 points placed third, and Don Coakley's 1427 points gave him fourth position.

Jim Newman is snipe champion in the senior category. He and "Si-bad" have done some mighty smooth sailing this summer. To Legere, a consistently good sail tailed the next greatest amount points, and Bart Sullivan, another veteran at the helm, is in third position. Snipe series A was won by Jim Newman; series B by Tom I-gere; and series C by Carl Frey in his new Danish snipe.

The Alden Sherman series began last week end. The point-score series winners are sufficiently handicapped so they cannot win. Joe Day placed first, followed by Rodney Long and Carl Freyer in third order.

Chowder Party and Annual Dinner
Reserve the 15th of October for the annual meeting and chowder party. Every Boat Club member should be on deck.

Swimming Awards
The following certificates were presented to the boys and girls who passed all the requirements maintained by the Red Cross. All the children were instructed by Bird, water safety instructor. Beginners — Susan Schwarz, Wayne Schwamb, Virginia Stearns, Michele Hamel, Lorraine McElroy, Bobby Peterson, Diane Schmacher, Donna Rawson, Helen I-ward, Dusty Sackett, Peter He-ler, Ken Stone, Eddie Masi, T-Agnew, Jackie Burrows, and Jol-ny Lind.

Intermediates — Michael Sto-bobby D'Errico, Gail Lever, Kenney, Bill Kenney, Hammy A-new, Bobby Stout, John Verman-g, Dennis Golden, and Zita Rawson.

Senior Life Savers — Judy C-sen, Shaun Scanlon, and Br-Golden. Senior Life Savers — Darla H-ll, David McLean, Bill Sipp, Barba-Lambert, and Dick Ivers.

Advanced Swimming — D-ke Kenney.

Get Well Soon!

Our best wishes are extended to George Field and Pete Reddi who have been laid up lately. hope you'll be back at the C-son!

TENNIS TEAM CAPTURES FIRST PLACE IN LEAGUE

The Winchester Junior Tennis Club has now officially captured first place in their Wimble League. Percentage-wise the team holds the best record of all the Greater Boston teams with an record. The 1954 squad was as follows:

- No. 1 Captain Bob Becker
- No. 2 Dave Moore
- No. 3 Robby McNitt
- No. 4 Jim Dwinell
- No. 5 Chris Wadsworth
- No. 6 Eric Doten
- No. 7 Dick Gaffney
- No. 8 Bill Johansen

Also filling in were Jeff H-lls, who played in 3 matches, and Gowdy who played in 1. Be-ang the winning team in their league, all the boys who have played in least four matches merit a championship insignia to sew upon the New England Junior Tennis League emblem.

The team looks forward to a 1955 season, despite the loss of Bob Becker, due to the 16 and under age limit. Next year's captain will be Dave Moore, No. 2 this year. Dave is backed by strong squad of players, and looking forward to a league win next year.

MOUNT HOLYOKE CLUB PLANS

FALL MEETING OF BAND AND ORCHESTRA FRIENDS

The Winchester Mount Holyoke Club met Monday night at the home of Mrs. Joseph Dolben, President, to plan its 1954 Tour of Winchester Homes and to discuss the 1954-55 scholarship for which the open house will be held.

Co-chairmen for the Tour are Mrs. Walden B. Hersey and Mrs. Richard A. Sawyer with Mrs. Charles E. Greene as adviser. Mrs. Joseph Dolben, Tel. WInchester 6-0698 is in charge of the \$1.00 tickets. Other committee members are: Mrs. Sears Walker, Mrs. Hazen H. Ayer, Mrs. J. H. Clarke, Mrs. Frederick S. Hatch, Mrs. William C. Ross, Mrs. William A. Kugler, Mrs. Gerald R. Barrett, and Mrs. Richard L. Emerson.

Mrs. Emmons S. Ellis, chairman of the Scholarship Committee announced that plans are underway for a day on campus for high school undergraduates, and that the local 1954-55 scholarship will be not less than \$500.

Miss Joan Harrold of 75 Brookside avenue, who was graduated from the Winchester High School in 1953, has completed her studies at the Katharine Gibbs School in Boston and has accepted a position with the leather firm of Beggs & Cobb.

On the evening of September 16th, the Board of the Winchester Band and Orchestra met at the home of its president, Mr. Herbert T. Wadsworth. The new Director of Music in the Winchester Schools, Mr. Wendell Withington, was introduced. He announced that this year the All State Band and Orchestra Concert will be given in Boston Symphony Hall on February 25th.

Reports were then given by the following: President, Mr. Herbert T. Wadsworth; Secretary, Mrs. Paul Lev-erette; Treasurer, Mr. Oleott Hooper; Concessions, Mr. and Mrs. H. Stanley Mullen; Uniforms, Mrs. Edward R. Simpson; Concert, Mrs. Harlow Russell; Banquet, Mrs. Daniel F. Barnard; Advisors, Mr. and Mrs. Albert Swazey; Orchestra, Mrs. Roger Burton; Publicity, Mrs. James B. Willing.

To draw up the slate of new officers to be elected at the December 13th annual meeting the following committee was appointed: Chairman, Mrs. Herbert T. Wadsworth, Mr. H. Stanley Mullen, and Mrs. Harlow Russell.

After a delicious refreshment was served the meeting was adjourned.

APPRECIATES MERCHANT'S COOPERATION

Editor of the Star:

In the two recent hurricanes
many cases of unprincipled inflation
of prices were prevalent. May I
report an incident which I feel
should have space in your Star, and
be appreciated by all who read it.
On Friday evening, when the
danger of failure of current was
imminent, due to predictions con-
cerning "Edna"—my daughter pur-
chased candles in a store in the
center of the town on Main street.
Upon payment she was told by the
proprietor, that due to the fact that
people needed candles so desper-
ately the prices would be cut in
half.

In the long run it seems certain
that although this firm may have
made little, if no profit, by their
very decent act, they will have
gained the respect and appreciation
of the townspeople of Winchester.

Very truly yours,
Marguerite L. Loftus
September 14, 1954

THANKS

Editor of the Star:

The Friends of the Winchester
Hospital wish to express their
thanks for your cooperation in pub-
lishing their releases during this
past year. Since our existence de-
pends on enlightened public in-
terest, and our service to the com-
munity on increasing numbers of
volunteers, your help in bringing
our activities before the public is
of inestimable value.

I'm sure all of our many mem-
bers follow with interest the news
about our organization.
Again, thank you for your as-
sistance and cooperation.

Sincerely,
Bettina H. Harrison
(Mrs. John W. Harrison)

CONCERNING TREES

Editor of the Star:

After lives and houses, our
worst loss from hurricanes is trees.
This seems a fitting time to give
them due consideration, for trees,
more than any other one factor,
make Winchester the beauty spot
that it is. The hurricane of 1938
took many of our splendid speci-
mens, the Manchester Field Devel-
opment, many more, and now two
more hurricanes have made fearful
inroads in the ranks of those re-
maining.

I am frequently appalled by the
amount of damage that can be
wrought in so short a space of time,
and the long, arduous, pain-
staking efforts necessary for re-
construction. Reconstruction, how-
ever, must be made, and with it—
I hope—replacement of trees that
are gone, and rehabilitation of those
that are left. Fortunately, in
case of trees, replacement is
neither too expensive nor too ar-
duous a task. It merely requires
a little thoughtful effort. There
should, I think, be a law—written
or unwritten—to the effect that for
every tree destroyed a new one
must be planted.

Too many people have it in for
trees, and will chop them down on
the slightest pretext. In the old
days, a certain sentiment hovered
about them—"Woodman, spare that
tree!" Now, destruction of trees
is too routine an affair to bring
even a comment, much less a poem.
(I passed a place today where six
splendid trees had been leveled in
anticipation of the hurricane!) To
some of us, however, trees remain
old and dear friends, and their loss
is, in a real sense, tragic. We
cannot forget that it takes the best
part of a lifetime to grow a tree.
Nor can we forget what our town
would be like without them.

I remember in the far distant
past we had as Tree Warden an
elderly gentleman, Mr. Samuel
Symmes, who loved trees, and was
most zealous in looking after their
health and well-being. Outside of
necessary cutting up and removal
of fallen trees, I hear little about
present-day activities in that field,
but do hope the present Tree War-
den will rise to his very great
responsibility in the current crisis,
not only in the way of rehabilita-
tion, but in the generous planting
of young trees to insure the beauty
of Winchester for future genera-
tions. Individuals, too, should see
to it that immediate replacements
are made for trees lost on their
estates.

At a reader's request, the Boston
Globe recently reprinted an editor-
ial, written after the 1938 hurri-
cane, from which I would like to
quote, for the benefit of any who
missed it:

"A creature that has estab-
lished and maintained itself
on a spot of land from ten to
a hundred years is a citizen.
What is more, any orchardist
or forester will tell you that
tree for man, a tree manages its
affairs far more sensibly
than do most people; it does
less harm to its neighbors and
gets into fewer scrapes of its
own.

Trees of which we do not
think much, perhaps old and
scruffy in their death now
remind us that we did depend
on them for a good deal of
unconscious pleasure. Glori-
ous in Autumn color, majestic
in their Winter sleep, glad in
their Spring green, maternally
in their Summer abundance,
there they always were—some
for a century and a half—and
the assumption was that there
they would always be. Then,
in two hours, thousands of
them are laid low. Mourning
will not bring back the dead.
But sorrow for our old friends,
the slain trees, can be turned
into decent treatment and good
care of those that are left, and
into prompt planting of young
ones which, let us hope, will
one day be as notable speci-
mens as their fallen prede-
cessors.

Trees do more for us than
we can ever do for them."

To parody, apologetically, a
famous poem:
Trees are cut down by fools like me,
But only God can make a tree.

Rupert F. Jones

LT. COL. THOMAS B.
SPILLER, JR.
HEADS LOCAL RECRUITING

Editor of the Star:

The Military Manpower takes
great pleasure in introducing to
the citizens of this area, Lieutenant
Colonel Thomas B. Spiller, Jr.,
USA, Commanding Officer of the
U. S. Army Recruiting Station
with headquarters at the Boston
Army Base.

Colonel Spiller was born in Bal-
timore, Md., and now resides with
his wife and daughter in Natick,
Mass. The Colonel took part in
the initial landing at Leyte, served
with Filipino guerrilla forces as
U. S. Army liaison officer, serving
forty-two months overseas. In
1953, after attending the Army
General School at Fort Riley, Kan-
sas, he returned to the Far East
as Asst. Corps Operations Officer
of the Tenth U. S. Corps in Korea.
The above thumbnail sketch
shows he is well suited for his
present duties. The writer will not
embarrass him by listing his de-
corations but will simply say we
are delighted to have him here. The
above photo is slightly misleading
as the Colonel has a great sense of
humor, methinks he must have been
thinking of Korea when this was
taken.

Although the Army and Air
Force Recruiting Services are now
separate entities, the Medford Sta-
tion at 49 High street still houses
M/Sgt. Bradford Knox and SIC
William Bonnell of the Army plus
T/Sgt. Wesley Moore of the Air
Force as before. At the present
time the office is open every eve-
ning until 8 p. m., as well as Sat-
urdays and Sundays. It would be
well to call and make an evening
appointment. As for the writer?
Back from New Hampshire and
ready to serve the young men and
parents of this or any other com-
munity.

Cordially yours,
G. Tove, Chairman
Military Manpower Committee

JUNIOR TENNIS HAD GREAT YEAR

Editor of the Star:

At the recent Wright Cup All-
Star matches in Hanover, the East-
ern squad steamrollered all oppo-
sition with victories over West 8-1,
North 8-1, and South 7-2. This
performance by Greater Boston
players was a most impressive
tribute to the success of our local
NEJTL. Individual all-star tro-
phies have been engraved, and
team members may pick them up
at my home in Winchester.

Totals are not yet in for all of
New England, but the NEJTL in
Massachusetts this season was
comprised of 45 teams. Over 150
regular team matches have been
played, and squad rosters include
an amazing total of 748 players.
Champions have been crowned in
eight Leagues, as follows:

League	Record
Longwood	Newton 11-2
Forest Hills	Belmont 8-0
Wimbleton	Winchester 10-1
Newport	Quincy 12-0
Melbourne	Westley 12-0
	*Weston 13-7
Cape Cod	Winnon 4-0
Merrimack Valley	Lawrence 6-0
Worcester	Worcester T. C. 7-1

*Co-Champions
I expect to be out of the Country
from September 22nd to November
25th, during which period NEJTL
matters may be referred to Arthur
Hills (Winchester 1547-M). We
plan to have a mid-winter meeting
to iron out problems and discuss
suggestions for improving the
league structure and its adminis-
tration. Supervisors will receive
notice of the meeting.

Our program this year expanded
to approximately eight times the
size of the 1953 NEJTL (its first
year of operation), and we are
looking forward to an even broader
coverage of New England in 1955.
This trend places an obvious strain
on the resources of the New Eng-
land Tennis Patrons, which has fin-
anced this program and made our
work possible. Major expenses this
year included 1,350 emblems and
502 passes to the National Doubles
Championships, — awarded free of
charge to the boys and girls in our
program. It is imperative that the
Patrons receive sufficient donations
each year to finance the expanding
services provided by our group and
by the Junior Davis Cup, Junior
Girls Development, and Clinic
Committees.

I am sure that many of the
parents of players will be willing
to help support this work if given
the opportunity. To you, the
supervisors who have already served
so long and so well, may I make
this one final request for 1954?
Personally contact the parents of
your squad members and explain
this situation to them. All contri-
butions are tax deductible.
Checks should be made payable to
The New England Tennis Patrons
and be forwarded to me at 25
Ledgebrook road, Winchester, Mass.
Ten dollars provides regular
"membership" in the Patrons, but
any contributions made in accord-
ance with one's means will be most
gratefully received. We hope that
those who benefit most from the
NEJTL will be willing to share the
responsibility for making its con-
tinuance possible.

On the basis of donations reach-
ing me by December 1st, the super-

visor of whichever team sends in
the largest total contribution will
receive two complimentary tickets
to be our guest at the December
dinner and annual meeting of the
New England Lawn Tennis Associa-
tion.

In closing this Bulletin and the
1954 season, I should like to ex-
press a very simple but sincere
"thank you" to all those persons
whose initiative, resourcefulness
and spirit of friendly cooperation
have helped make the NEJTL a
thrilling experience for me per-
sonally and a source of so many
intangible benefits for the young
tennis players of New England.

Blair Hawley
NEJTL Chairman
25 Ledgebrook road

LIKES STAR SPORTS REPORTING

Editor of the Star:

Recently, I have been spending
considerable time looking through
old issues of the Star. Ordinarily
I am not much of a sports fan, but
interest in the town news of 1952
and 1953. However, I would like
to tell you that I started reading
about the high school basketball
games and couldn't stop until I had
finished each season's reports.
Although I knew none of the boys
involved (I have been away from
the town since spring of 1951), the
articles were written in an exciting
and accurate fashion that kept my
interest. I think you should be
congratulated for bringing the
high school athletic program to
life on the printed page. The same
remarks would hold for the football
games, too.

It was interesting, of course, to
read about the other matters of
importance in the town in recent
years. I found myself agreeing
with the editorial position of the
Star far more often than not. Per-
haps further comments on the
grade crossing, etc., would be of
little use at this late date.

Again, thanks for the good sports
coverage.

Sincerely,
Blinchard Lyon
W. B. Lyon
Lt. MSC USNR
Clinical Psychologist
Ed. Note: Lt. Lyon's Winchester
home is at 6 Everett road.

WORKERS FOR S. A. APPEAL WANTED

Mrs. Lilla M. Abbott of 27 Law-
son road, resident chairman for the
Salvation Army's Friendly Appeal
urges that like-minded ladies join
their friends who have already
agreed to help conduct the ap-
proaching residential "good neigh-
bor" canvass of every home.

"We are aiming to have as com-
plete coverage of homes in Win-
chester as possible," says Mrs. Ab-
bott, "for only in this way can the
town be assured of going 'over the
top' for the friendly appeal—the
appeal which asks you to give what
you feel you can afford. "The
more you give, the more Winches-
ter benefits!"

Mrs. Abbott asks the women of
Winchester to prove that they can
do one of the noblest jobs of the
community. If you would like to
enlist in this cause of helping those
in need of every age and race, color
and creed, and your services have
not already been requested, please
phone her at Winchester 6-6722.

EPIPHANY WOMEN'S MEETING

All women of the Church of the
Epiphany are urged to be present
at an important meeting to be held
next Thursday, September 30th, at
7:30 p. m. in the Parish Hall.
Dessert and coffee will be served.
The meeting will be presided over
by the new President, Mrs.
Milton Brown, and the first order
of business will be a vote on the
new By-Laws. If these are passed,
a whole new plan of women's work
in the parish will come into being.
This new plan will divide the wo-
men into Circles, each Circle to
meet in a home once a month for
work and study, with all the women
coming together also once a month
at a large meeting in the parish
house for a program and tea.

If the new by-laws are passed
next Thursday night, the officers
then plan to have each woman
present that evening draw lots to
see which Circle she will belong
to, with those not able to be pres-
ent added to the Circles later. So be
sure to be there yourself to see
which Circle you will be in, to elect
a secretary for your Circle, and to
get started on the year's new pro-
gram.

UNITED WORLD FEDERALISTS

The Winchester Chapter of
U. W. F. met on September 23rd
for a delightful Pot-Luck Supper
at the home of Mrs. Henry E. Wor-
cester.

Dr. Edward S. Rendall, newly
elected Chairman of the Chapter
led a business meeting introducing
reports by Mr. Robert E. Lowry,
Mr. Robert S. Williams, Mrs. Wal-
lis Moulding, Dr. John L. Lister,
Mr. Ganson P. Taggart and Dr.
Rendall.

Activity on Chapter and Na-
tional levels was related and plans
for the future discussed.
Out of town guests were Mr.
George Holt, Director of the N. E.
Council of U. W. F. and Mrs. Holt
and Mr. Raphael Zariska, Eastern
N. E. Field Director.

SELECTMEN'S NOTES

Although the town street lights
may be on for the most part when
you are reading this the Selectmen
feel it desirable to give the reason
why there has been such a delay
in restoring this service.

Restoring street lighting was not
a simple task, due to the battering
the light fixtures took, both from
Hurricane Carol and Hurricane
Edna. All these fixtures had to be
examined and many repaired or
replaced before it was safe to send
currents through them again. This
has taken time, and to add to the
difficulty several major lighting cir-
cuits were damaged underground,
and repairing them has been a slow
process. Also slowing up the work
has been the Edison Company's
decision to replace the lamp in each
fixture about town while the re-
pair work is being done.

The Edison Company expects
that when the repaired circuits are
thrown on some of the lights won't
function and asks the public's in-
dulgence until the cause of these
defections are discovered and the
necessary repairs made.

Repairs have been slower of late
due to the fact that out-of-state
circuit breakers for the most part re-
turned home, and the work is being
done exclusively by Edison men,
all of whom are in a state of ex-
haustion from the long hours they
have been putting in since the first
hurricane.

The Selectmen are asking for
further patience on the part of
residents concerned about the lack
of street lights and urging all
householders to keep their porch
lights lighted as a partial compensa-
tion.

The Edison Company, faced with
the question of restoring street
lights or house and store power,
chose to get current to the house-
holder and merchant first. We
think virtually all residents will
concur with this decision.

Winchester's recent primary
election was an expensive privilege,
the cost to the town for the 1954
ballots cast being \$735.60. This
breaks down to a cost of 54.3c a
vote.

Town Counsel Vincent P. Clarke
is completing an exhaustive sur-
vey covering the town's liability
for injury or death sustained in the
line of duty by Auxiliary Police
and Firemen, and all other Civil
Defense personnel, called out in an
emergency to protect or assist the
public.

WOMEN'S REPUBLICAN CLUB

A beautiful sunny day greeted
the members of the Women's Re-
publican Club of Winchester and
their guests as they gathered at
the Country Club on Wednesday
for a dessert-bridge party.

The delightful affair was ar-
ranged by the ways and means co-
chairmen, Mrs. Barbara Clark and
Mrs. Rowland Patrick.
Mrs. Marionette's floor commit-
tee consisting of Mesdames Fer-
nandez, Richmond, Beale, Pitman,
Weimer, Neidringhaus, French,
Wilcox, Easton, Macaulay, and
Wright achieved a perfect setting
for the party in the main lounge of
the Country Club. The bridge prizes
at each table were beautiful cor-
sages made by Mrs. Goodhue and
her committee.

The attractive waitresses, all
high school girls, under the direc-
tion of Mrs. Robert Reynolds were:
Mary Ellen, Margie Reynolds,
Ellen Moncy, Lindy Branneman,
Dorothy Smith, Mary Alice Codrington,
Carol Sweet, Ann Moriarty,
Shirley, Sara Jane Woodward

Beautiful door prizes and chance
prizes were donated by members.
The lucky winners of the door prizes
were Mrs. Roderick Thomson and
Mrs. Bradford Darling. Mrs.
Nicholas Grant, whose birthday
was the following day, won the
birthday cake decorated by Mrs.
Percy Bugbee. The other lucky
winners were:

Mrs. W. E. Priest, Mrs. Andrew Cornwall,
Mrs. John V. M. Herbert, Mrs. B. B. B. B.
Mrs. Harry Easton, Mrs. David Choate, Jr.,
Mrs. Harold Jones, Mrs. Evander French,
Mrs. Samuel Cole, Mrs. J. Kenneth Hlaque,
Mrs. Shepard Pond, Mrs. Alice Nottage,
Mrs. John Coulton, Mrs. G. G. G. G.,
Mrs. Henry Marionette

LEAGUE OF WOMEN VOTERS

Mrs. Rodney W. Long, Finance
Chairman of the League of Women
Voters of Massachusetts, will con-
duct one of the group conferences
at the afternoon session of the
League's Fall Conference being
held at the Weston Town Hall on
Thursday, September 30.

Representatives from the sixty-
six Leagues in the State will attend
the conference. Mrs. Orville Fore-
man, a National Board member
from Illinois will discuss "The
Relationship Between Individual
Liberty and the Public Interest,"
at the morning session. Mrs. Fore-
man is a member of the Freedom
Agenda Committee of the Carrie
Chapman Catt Memorial Fund. Her
talk will launch the Freedom
Agenda projects which will be un-
dertaken by various civic organiza-
tions throughout the country to
promote broad popular education in
the fundamental principles of
American liberty.

RECENT BIRTHS

Lt. (jg) and Mrs. Charles G.
Phippen (Cynthia Morse) are the
parents of a daughter, Cathryn
May, born September 17, at the
Chelsea Naval Hospital. Grand-
parents are Mr. and Mrs. Carl E.
Morse of Lloyd street and Mr. and
Mrs. William S. Phippen of Han-
over, formerly of Winchester.
Great-grandparents are Mrs.
Rachel Morse and Mr. Joshua
Phippen, both of this town.

Mr. and Mrs. Francis P. Tran-
chita of 63 Harvard street, are the
parents of their second child, a
son, Francis Paul, Jr., born at the
Winchester Hospital on September
8. Grandparents are Mr. and Mrs.
Gaspard Tranchita of Winchester
and Mr. and Mrs. Frank Pizzella
of Medford.

Mr. and Mrs. Donald S. Nichols
of 43 Pleasant street, Stoneham,
formerly of 189 Highland avenue,
Winchester, wish to announce the
birth of a son, John, at the Win-
chester Hospital on September
15th. The grandparents are Mr.
and Mrs. Irving Nichols of Arling-
ton and Mr. and Mrs. John J.
Walsh of Winchester.

Mr. and Mrs. Philip L. Ewell of
Somerville, formerly of Winches-
ter, announce the birth of their
third child, a son, William Fred-
erick Ewell, born August 31, at the
Lawrence Memorial Hospital,
Medford. Grandparents are Mrs.
William Crozier and Mr. and Mrs.
Frederick A. Ewell of Winchester.

Second Lieutenant and Mrs. Wil-
liam P. Lynch (Betty Moynihan)
announce the birth of a daughter,
Kathleen Marie, on September 7 at
the U. S. Army Hospital, Sandia
Base, Albuquerque, N. M. Grand-
parents are Mr. and Mrs. John C.
Moynihan of Winchester and Mr.
and Mrs. P. T. Lynch of Lowell.

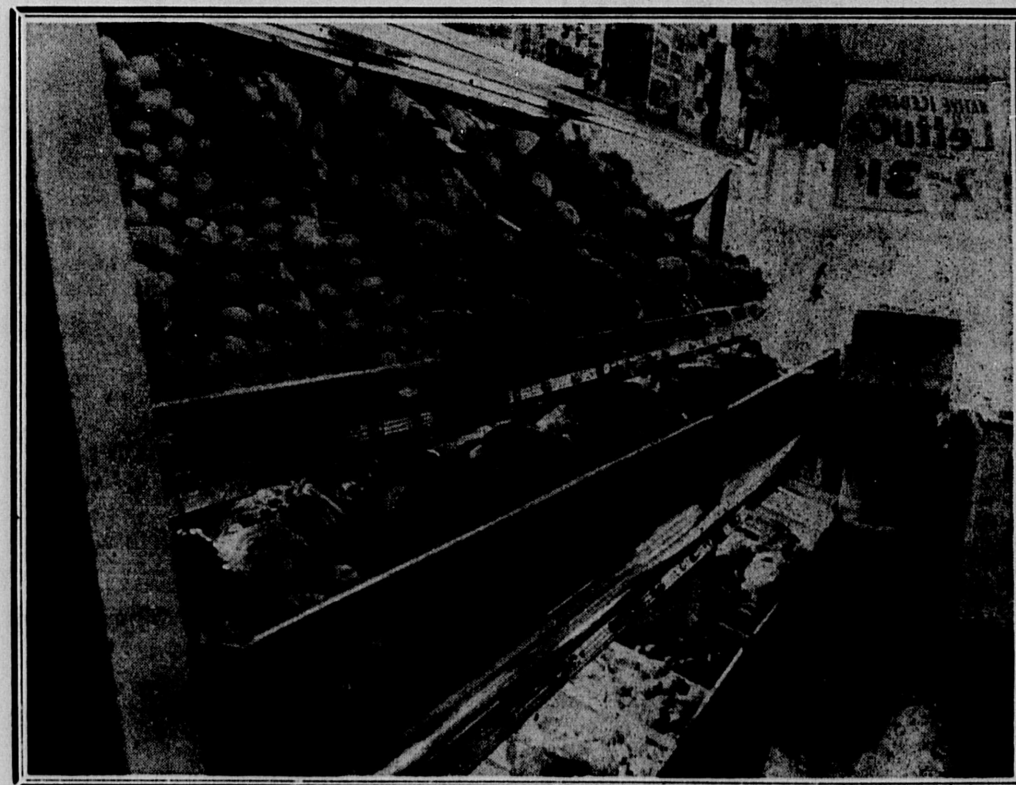

Mr. and Mrs. Donald L. Birchall
of Birch lane are the parents of a
second son, Charles David, born
September 22nd at the Winchester
Hospital. Grandparents are Mr.
and Mrs. Francis L. Mahoney of
Boston and Hingham, and Mr. and
Mrs. Thomas E. Birchall of Nas-
hua, N. H.

Mr. and Mrs. Richard F. King
(Mary-Jean Browning) of Cham-
paign, Illinois, are the parents of

FASHION SHOW

An informal Fashion Show will be held on Thursday, September 30, at the House of Fashion, 38 Church street, commencing at 7:45 p. m. The show will benefit the Emergency March of Dimes fund campaign so a collection will be taken up.

The evening showing was selected to give the business girl a chance to attend a fashion show. Fashions for on-the-job and after

five will be modelled by business girls, including Debby Symmes, Sally Sherburne, Virginia Farnsworth, Gerry Waite, Nancy O'Rourke and Mrs. Thomas Lynch of Winchester, Miss Florencourt of Arlington and Miss Doherty of Woburn.

June Erickson of Beauty Counselor Products will assist the girls with their makeup.

There are still a few vacancies, and if any business girl would like to attend the show please call Winchester 6-1687.

ANNE FOGARTY
ANNE FOGARTY TO MAKE
THIRD EXCLUSIVE VISIT
TO GROVER CRONIN

Top notch American designer Anne Fogarty will make her third exclusive visit to the Grover Cronin Store in Waltham on Saturday, September 25th. She will personally present a showing of her new fall and winter fashions from the Grover Cronin Studio at 3:30 p. m.

Grover Cronin introduced the famous young designer to New England in October, 1953, and she quickly captivated the audiences with her personal charm and the striking originality of her designs.

Pennsylvania-born Anne Fogarty studied drama and modelled before becoming a star designer for Margot Dreeses. Her fashions, although strikingly simple in design, are noted for the theatrical effect created by dramatic use of color and detail.

Anne Fogarty dresses and coats will be shown with Capezios and the unique accessories which have been exclusively designed for her.

Grover Cronin has cordially invited the public to see Anne Fogarty introduce her fall and winter designs from the street floor Studio at 3:30 p. m. on Saturday, September 25th.

VICE PRESIDENT NIXON IN MEDFORD

Winchester residents are invited to hear Vice President Richard M. Nixon when he speaks Tuesday afternoon, September 28, at 2 o'clock in the Chevalier Auditorium at Medford High School. Other distinguished speakers will be on the program and there will be a reception for them and for the Vice President.

There is no admission charge, and seats are being reserved for members of the Winchester Women's Republican Club, who are planning to attend.

MISS MILNE TO ATTEND DREW UNIVERSITY

Miss Patricia A. Milne, daughter of Mr. and Mrs. P. Keith Milne of 23 Henry street, is a member of the freshman class in the College of Liberal Arts at Drew University.

A graduate of Cambridge (Massachusetts) Academy in 1954, she is among 100 first-year students who are beginning fall semester classes in the College today. Preparatory to the opening of classes she participated in a six-day orientation program which included two days at Camp Wawayanda near Andover, New Jersey.

STONEHAM EVENING HIGH SCHOOL

On Monday evening, October 4, 1954, registration will be held in the Stoneham High School, Room 4, between 7:30 and 8:30 for courses in shorthand, typewriting, and English.

Registration for the sewing class will be held in the sewing room. The sewing class is limited to eighty students.

A registration deposit of one dollar is required from all residents. This money will be refunded on the last evening, provided the student has been in attendance 90% of the time and has returned all property loaned him.

Students taking courses requiring the use of textbooks may borrow the necessary books by paying a deposit of \$2.00 for each book borrowed. This amount will also be refunded when books have been returned.

Non-residents may enroll in the business division upon payment of an annual ten-dollar fee, five dollars to be paid at the beginning of each semester. No part of this tuition is returnable.

Because the sewing class is limited to eighty pupils, non-residents cannot be admitted to this class.

Coal's share of the electric energy generated in the U. S. by fuels amounts to 65%.

MYSTIC SCHOOL COFFEE

A morning coffee for mothers new to the Mystic School was given by the Executive Board of the Mystic School Mothers' Association on Thursday, September 16th, at Mrs. Rolf Eliassen's home on Hillside avenue. It was well attended and much enjoyed.

Surface mining methods last year accounted for the production of more than 8½ million tons of bituminous coal by 166 companies in West Virginia.

TOASTMISTRESS CLUB

The Winchester Toastmistress Club met Tuesday night, September 14, at the home of Mrs. Ann Pyne, at 5 Blaisdell road, Medford.

This was the first meeting of the Winchester Toastmistress Club since last summer.

The featured speakers of the evening were: Eileen Gallo of Winchester and Beulah Thompson of Medford.

The Toastmistress was Virginia Miller of Medford. The Evaluator was Orrie Grant of Winchester and the Timer was Eve Harrigan of Winchester.

The next meeting will be held at the home of Jessie Hansen of Medford on Tuesday, September 21.

WINCHESTER GIRLS AT GARLAND JR. COLLEGE

When Garland Junior College opens next week for its 82nd year, two local young women will register.

Miss Ann Joan McCauley, daughter of Mr. and Mrs. Joseph McCauley of 19 Lakeview road, returns to the college as a senior. She will major in Child Study.

Miss Marcella Kirwan, daughter of Mr. and Mrs. Thomas A. Kirwan, 30 Glen road, will enroll in the freshman class and will take the Home Economics program.

Miss McCauley is a graduate of Country Day School of the Sacred Heart while Miss Kirwan graduated from Winchester High School.

William Knights of 45 Calumet road and Rhoda Sabbow of 2 South Gateway are included in the list of Boston University students at the College of Liberal Arts whose high academic record earned them a Dean's List during the past spring semester.

START BASIC TRAINING

Starting their basic training at Fort Dix last week were four Winchester residents, including Richard M. Giacalone, son of Mr. and Mrs. Frank Giacalone of 51 Oak street; Charles R. Johnson, son of Mrs. Ellis W. Harlow of 19 Fairmount street; Robert J. Maletta, son of Dr. and Mrs. A. L. Maletta of 408 Main street; and Richard E. Riley, son of Mr. and Mrs. James B. Riley of 10 Lockeland road. All boys were assigned to the 346th Infantry Reg. for 8 weeks of training.

Private Giacalone graduated from Winchester High School in June, 1953 and studied for a year at the Arlington Academy of Music. A graduate of Stoneham High School, Private Johnson also attended Springfield College. Private Maletta graduated from Boston College High in 1950 and has attended Holy Cross College. In 1952 Private Riley graduated from Pembroke, Mass., High School and has been studying at the Massachusetts School of Art.

SALVATION ARMY APPEAL

With a volunteer organization of prominent local civic leaders, the Salvation Army is getting ready to launch its Friendly Annual Appeal in Winchester under the leadership of Lester C. Gustin, Jr., 10 Hillcrest Parkway, who is serving as General Chairman. The goal for Winchester is \$7,550. Charles W. Butler, Assistant Treasurer of the Winchester Trust Co., will be Campaign Treasurer for the third year in succession.

The all-important task of organizing the corps of volunteer workers who will conduct the friendly "good neighbor" canvass of every home is being carried out by Mrs. Lilla M. Abbott, 27 Lawson road, the residential chairman.

The campaign slogan, according to General Chairman Gustin will be "the more you give the more Winchester benefits."

The goal of \$555,000 is an absolute must if The Salvation Army is to be able to maintain its 30 institutions, corps neighborhood centers and departments at the same high level the general public has learned to expect of the organization according to campaign officials. For this reason The Salvation Army is hoping people, whenever they feel they can, will "give more in 1954."

NAMED DEPUTY DIRECTOR OF FOA'S NEAR EAST PROGRAM

FOA Director Harold E. Stassen recently announced the appointment of Cedric H. Seager, formerly of this town, as deputy regional director of the Near East, South Asia and Africa, a region of 700 million people where FOA has programs in 16 countries.

Seager, who has been connected with foreign operations programs since 1947, will serve as deputy to Norman S. Paul and assist in administering economic development and technical cooperation programs in the 5 million square mile area which has enormous crude oil reserves, and valuable mineral deposits of manganese, uranium, chrome and cobalt.

FOA operations in this area involve programs of military assistance, defense support, development assistance and technical cooperation.

Seager has had wide experience in the Near East as a government official, army officer, businessman and writer. He served for fifteen years, from 1920 to 1935, as director and board chairman of the Walter Seager and Co., Ltd., an export-import firm operating in Greece and Turkey. From 1935 to 1942, he was a freelance writer and lecturer on Middle East affairs.

During the Seager years, Seager was a U. S. Military Attaché in Istanbul, Turkey, and was awarded the rank of Lt. Colonel for his supervision of the evacuation of Allied POW's from Bulgaria and relief for U. S. prisoners of war repatriated through Russia.

An assistant director for the Trans World Airlines in the Middle East for two years following the war, Seager joined the American Mission for Aid to Greece in 1947, and subsequently held posts with the Economic Cooperation Administration and the Technical Cooperation Administration involving U. S. programs in the Near East.

PROMINENT FIGURES IN
COMBINED JEWISH APPEAL METROPOLITAN DIVISION

Seated, left to right, are Jack Chitel, Medford Combined Jewish Appeal chairman; Dr. Maurice O. Belson of Newton, past Winthrop chairman; and Morris L. Snyder, veteran chairman of Winchester and Woburn. Standing, left to right, are Waltham's Bernard S. Resh and Harry T. Epstein of Wellesley.

RECEIVED PATENT

Philip Boone of Winchester, Mass., was the recipient on August 31, 1954 of U. S. patent No. 2,687,673, entitled "Textile Material Having Oriented Fibers."

This invention pertains to textile filaments and fabrics of such optical properties that they have a broad range of unusual and attractive color and other effects. They are adapted for use in the manufacture of draperies, curtains, lamp shades, screens, wall panels, theatrical costumes and the like; and, as additional advantageous features, they may be produced at a reasonable cost and they have a wide esthetic and utilitarian appeal.

Although the details of Mr. Boone's invention may best be understood by those skilled in the sciences of optics and physics, basically, it may be said that he has devised a novel method of manufacturing filaments or yarns from vegetable, animal, mineral and synthetic fibers. Among the vegetable fibers that may be employed, are cotton, flax and sisal; the animal fibers may include various hairs, furs, wool and silk; asbestos may be utilized as a mineral fiber; and the synthetic fibers may be of rayon or nylon. To obtain the desired results, these materials are subjected to stretching, dyeing, coating, acid, heat or other treatments; and the produced filaments may be woven or otherwise processed, either alone or in conjunction with other yarns, to form the desired fabrics.

According to Mr. Boone, his process permits the production of filaments and fabrics with color, pattern, luster and other effects which have heretofore been unknown. The products may be pressed or calendared; they may be treated to render them fire resistant; and their cost should not exceed that of known quality textile materials.

In other words, it is claimed that the practice of this invention presents a vast new fund of resources for use in the textile industry.

The application for this patent, which consists of five claims of originality, was filed on April 4, 1949.

RECALLING CAROL AND EDNA

Lest the inhabitants of Fair Winchester forget too easily the recent visits of Hurricanes Carol and Edna, the Star is reproducing herewith cuts made of damage by wind and water to trees and property in the town during the recent big blows.

As our readers look at these scenes and recall the general destruction of which they are typical we are sure they will join the Star in the fervent hope that Edna and her predecessor, Carol, are to be followed by no other such unladylike gals, by whatever names they may be called!

TO ATTEND ALBION COLLEGE

Miss Charlotte Greer, Jr., daughter of Mr. and Mrs. Don S. Greer, left last week for Michigan, where she will be a music major at Albion College. Miss Greer graduated last June from Dana Hall School in Wellesley, which she attended for three years.

Albion College is known as the "Honor College" of Michigan because of its high standing among the smaller colleges in the Midwest.

Junie has attended the National Music Camp at Interlaken, Michigan, for the past four summers. Her interest in music has led her to choose Albion because of its excellent music department.

LINCOLN SCHOOL
MOTHERS' ASSOCIATION

The Lincoln School Mothers' Association will hold its first meeting on Wednesday afternoon, September 29, at 3:15 p. m. in the school auditorium. A large attendance is expected as this will be an opportunity for new members to get acquainted not only with the group but also with the school teaching staff.

Children of pre-school age and through Grade 2 will be cared for in the Kindergarten.

IMPORTANT
SELECTIVE SERVICE NOTICE

Local Selective Service Board No. 108 wishes to remind all male residents approaching their eighteenth birthday that they are required to register under Selective Service within five days after their eighteenth birthday. Winchester residents may register at the Winchester Town Hall or at the office of the local board, Towanda Club, Woburn. Residents of Winchester who are working or attending school out of this area may go to any Selective Service Board and register. At that time they must list their permanent address in Winchester and the registration will be forwarded to this local board.

We would also like to remind registrants to keep their local board advised of any changes in mailing address and of any changes which might affect their classification.

ANNUAL MEETING
WASHINGTON SCHOOL
DADS' CLUB

On Monday, September 27th, the Annual Meeting and election of officers is to be held in the school auditorium. Dessert and coffee will be served at 8:00 p. m. with a general "get acquainted period" before the business meeting.

CHANGES IN YOUR
SOCIAL SECURITY

By E. Francis O'Day
(District Manager of the
Cambridge Social Security Office)

The person who said, "Tomorrow never comes," has been proved wrong by the social security program. For today there are about six and a half million men, women, and children who are living in the "tomorrow" which either they or their retired or deceased breadwinner helped to earn. They are the people over 65 and their dependents and the dependents or survivors of deceased workers who have become entitled to social security benefits.

The credits which these people or their loved ones earned in work under social security have entitled them to the right of receiving their retirement or survivors benefit check each month. I mentioned these beneficiaries in a recent article when I said that the new law would enable them to receive increased old-age and survivors insurance payments.

As I explained this increase has been written into this amended Social Security Act to help bring benefits in line with current earning levels and living costs. All of the people who are going to receive higher benefits will want to know right away how the increase comes and how much it will be.

The first thing which should be pointed out is that this increase is automatic for persons already

receiving checks. Beneficiaries don't have to write any letters, forms, or applications for the increase. If you are expecting a September social security check, it will be in the early October mail as usual. And the amount on that check will be higher than your last check.

How much will the increase be? The answer to this question will not be the same for everyone. In the case of a retired worker, the increase will be at least five dollars. And there will be proportionate increases for the dependents or survivors who are receiving their monthly social security payments now.

The minimum monthly benefit amount will be increased from \$25 under the old law to \$30 for the retired worker and the maximum benefit will be increased from \$85 to \$98.50. The maximum family benefit which was \$168.75 will be \$200. No minimum benefit amount will be less than \$30 for a retired worker or an only survivor.

The social security law says that the total family benefits cannot exceed 80 percent of the insured worker's average monthly wage. But under the 1954 amendments this provision cannot reduce the family benefits below \$50 or one and a half times the worker's primary insurance amount, whichever amount is larger.

Here is a table for insured workers who are receiving retirement benefits. If the column of figures on the left is the present amount of your benefit, the column on the right will be the new amount on the September check, which will reach you early in October.

Old Amount	Increased Amount
\$25.00	\$30.00
30.00	35.00
40.00	45.00
50.00	55.00
60.00	65.10
70.00	78.50
80.10	91.90
85.00	98.50

There are other provisions in the new law which may increase your benefit amount if you are receiving old-age and survivors pay-

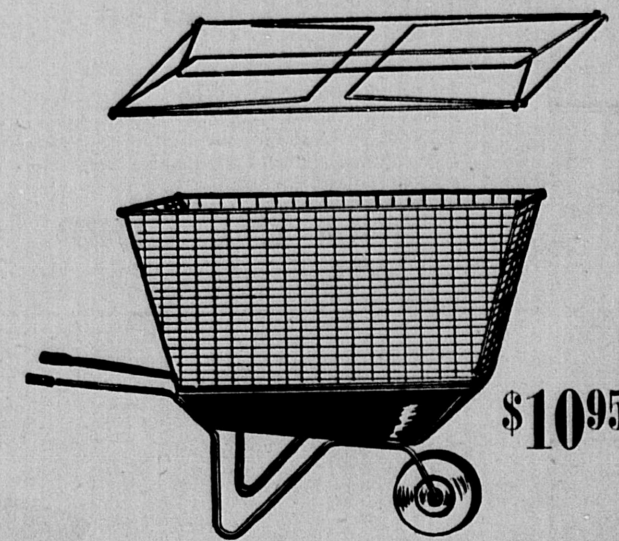

ments. Space does not permit me to go into detail about any of them. But if you are a retired worker, you will want to follow my later articles. You may learn about some other ways in which the new law will be advantageous to you.

Fourteen of the nation's largest railroads each burned a half a million or more tons of coal last year, with the Union Pacific consuming nearly 3 million tons.

GAS HEAT COSTS LESS

NEW satisfaction-guaranteed
offer proves it.

Gas heat really isn't expensive.
Specially when you consider that it's the cleanest, quietest, most modern furnace fuel there is!

The new Satisfaction-Guaranteed offer lets you prove to yourself that Gas is superior in every way — and costs far less than you think.

● Gas experts inspect your house . . . tell you what it will cost to heat it with Gas. There's no charge, no obligation, for this service.

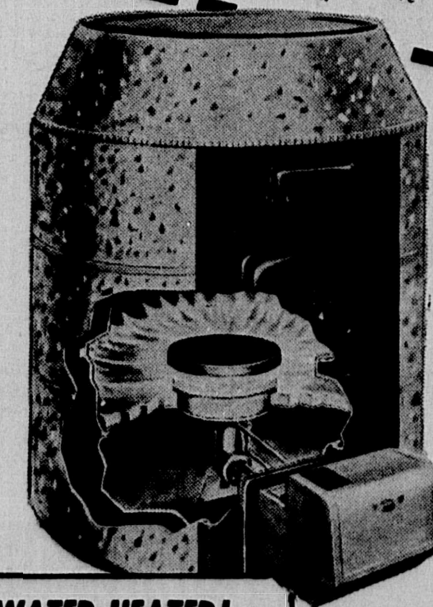

● You have us install a Gas burner in your present furnace (see special offer at right).

● If, any time within the following 12 months, you aren't satisfied for any reason at all, we'll remove your new burner at your request and refund every cent you've paid for it. No questions asked.

THAN YOU THINK!

SPECIAL OFFER
YOU SAVE \$50.00!
Gas Conversion Burner . . . now
only \$229.50 completely installed!

★ No down payment ★ Satisfaction Guaranteed
We expect tremendous demand for Gas heating equipment with our new Satisfaction-Guaranteed offer. So we're reducing the price of this Gas furnace burner by \$50 for a limited time only to encourage you to have your burner installed before our busiest season.

EXTRA!

SAVE 10% ON A NEW GAS HOT WATER HEATER!

If you install a fast, clean Gas water heater at the same time as your Gas conversion burner, we will allow you an additional 10% on your old tank.

K of C NEWS

BLOOD DONORS WANTED

Chairman of the Knights of Columbus Bloodbank Vin Erhard, D. G. K., requests all members who can possibly give to report in Winchester Square at the Congregational Church on next Monday, September 27th, from 1:00 p. m. until 7:00 p. m. to donate blood. The Red Cross Bloodmobile will be on hand and members are requested to sign the blank provided at this time signifying that each one is donating his blood with credit to be assigned to the Knights of Columbus. We cannot draw blood from the blood bank forever without donating replacements and the K. of C. has had occasion to solicit blood on several occasions last year. Members are requested to notify Vin Erhard of their intention to donate so our records can be complete. It is planned to have the Officers of the Council contact various members during the week and if you aren't contacted, Chairman Erhard asks that you contact any of the Officers to signify your intention of donating. It will be impossible to get in touch with all members at this time.

The Council is saddened by the recent death of member John J. Stevens who passed away suddenly last week. Members who are on the sick list are Brothers John O'Donnell, Jim Mullen, Christian Thompson, Jim Nowell and Bart Conlon. The Council wishes these Brothers a speedy recovery.

P. G. K. Chet Thibault reports a 4th Degree scheduled for November. Any Brothers interested should contact either him or President of the 4th Degree Assembly Sam Vangel.

Grand Knight Jim Mawn has appointed P. G. K. Charles Craven, P. G. K. Chet Thibault, and Sam Vangel to a committee to arrange for the Council Pilgrimage to the Carmelite Shrine in Ipswich, Massachusetts, on the last day of the 4th Degree Assembly.

Grand Knight Mawn has appointed D. G. K. Vin Erhard to head a committee of Officers to make plans for the Annual Installation of Officers Banquet and Ceremony. At the next meeting of the Council it is hoped that definite plans will be arranged.

General Chairman Jim Wharf who ably handled the recent Outing was highly commended by the Grand Knights for his superb managing of the Annual Outing. Complete report planned for the next meeting. John Mulrennan has been appointed by Grand Knight Mawn to head an inter-council tournament with the Elks, the Legion and the Knights of Columbus and possibly another Fraternal group. Details, next meeting. Sam Vangel is Chairman of the Columbus Day Ball Winchester Council Division and reports a great time in the Outing. The affair is to be held in Boston with the "Mariners" from Arthur Godfrey's Show and various Night Club Acts scheduled to provide entertainment. See Chairman Vangel.

JUNIOR CIRCLE TEA

A delightful tea was held at the home of Mrs. David Walton, president of the Winchester Junior Circle of the Florence Crittenton League on Tuesday, September 21, to introduce the new members. These included Mrs. Sumner R. Andrews, Mrs. Donald L. Birchall, Mrs. W. Raymond Chase, Mrs. Percy H. Hill, Mrs. James B. L. Lane, Mrs. Jeremiah Laurenti, Mrs. Warren L. Price and Mrs. Courtney Crandall.

WANTED: A Subscription To The Grapevine

Or perhaps it's just that we haven't hit on the right way to locate the Winchester house we want. Despite evidence to the contrary, we continue to believe that there must be a modest house at a modest price on one of these lovely streets. Perhaps the owner has been understandably reluctant to start the ball rolling. Could be a Cape or a Colonial with a yard for two children, a garage for the car, and a quiet street for mother's peace of mind. If you have, or know of, something good, won't you drop a line to

STAR OFFICE BOX, NUMBER L-21.

Thanks.
